the ticket in the July primary is on file with the County Democratic Chairman. He has no opponent, but, as in previous years, he is placing his announcement in the newspapers of the District in order to let the people know of his candidacy and as a means of requesting their vote and continued support.

"I want to announce for re-election, and at the same time thank the people for their generous support and good will through the years. I will be grateful for your support in the July primary," the Representative said. "I am always mindful of the fact that public office is a gift of the people and should never be taken for granted."

Mahon is one of the senior members of Congress from the standpoint of years of service in Washington. His record in behalf of the

## BROWNFIELD MASONIC LODGE PROSPERS IN SPITE OF EARLY FIRE

By TOM MAY  
(Mr. May passed away here the 9th day of January, 1949, and Jim Miller finishes the lodge history, beginning in December, 1937.)

The Brownfield Lodge AF&AM 903 Charter was issued for Brownfield Lodge, Dec. 8, 1904, and the following officers were installed as the first leaders of the lodge: G. N. Foreman, worshipful master; Lee Perry, senior warden; and Eastern Wolforth, junior warden. The lodge prospered and grew steadily from that date until the present.

However, the hall burned in April 1913, destroying all records. From the present records will give below the names of some of the charter members of the lodge. M. V., A. R. and A. M. Brownfield; Geo. E. Tiernan, G. E. Lockhart, M. S. Dumas, S. L. Hunter, W. J. A. Parker, W. R. Spencer, R. H. Banowsky, H. H. Longbrake, J. J. Adams, W. M. Adams, J. F. Winston, E. T. Powell, Robert Holgate, H. F. Adams, E. L. Duke, M. E. Ware, Ben Broughton, and others who because of the burning of the lodge hall, it is impossible to name.

The lodge had a membership when chartered of 14 members; it now has some 135 active members. The lodge home is on the second story of the Powell building as it has been for some 25 years. The top story was built by the lodge, and is owned by the lodge today. However, the lodge owns a lot in the center of the block directly east of the court house square which was donated by the late M. V. Brownfield. One of the lodge's deceased members, Jno. W. Gordon, also left the lodge \$500 at his death.

The lodge has had many ups and downs, because of financial reverses. But all in all, it has made steady growth since its organization.

Some four years after the Blue Lodge Charter was issued, the members saw the need of higher degrees for its members who wished to gain more light in Masonry so November 30, 1908, the Royal Arch Chapter No. 309 charter was issued to the Brownfield Lodge, with the following officers presiding over this body: W. R. Spencer, high priest; L. W. McPhaul, king; and Ben Broughton, scribe. Some 12 charter members were taken into this lodge at the time of organization. At this time there are some 56 active members. These records were also burned in 1913; therefore, these names are unavailable.

Dec. 2, 1908, there was organized a still higher lodge, known as the Council of Royal and Select Masters. This body had as its first officers W. R. Spencer, first thrice illustrious master; L. W. McPhaul, first thrice illustrious deputy master; and Ben Broughton, first illustrious principal conductor of the council of Royal Select Masters. This body operates under Charter No. 245. Its charter members numbered some 14. Now there are about 55 members. The Grand Council of Royal Select Masters is the highest masonic degree any one can receive in Brownfield at this time.

By 1925 the sisters, wives and daughters of the members of the local Masonic Lodge expressed their desire to organize a chapter of the Order of the Eastern Star. A charter was issued to the Brownfield chapter of the Eastern Star, October 29, 1925; and the following officers were named at this time: Mrs. Seleta Jane Brownfield, worthy matron; Mr. A. R. Brownfield, worthy patron; Mrs. Jane Lee Copeland, associate matron.

The following charter members were enrolled: Miss Nora Black, Mrs. Allie Brownfield, Mrs. Seleta Brownfield, Mrs. Jane Lee Copeland, M. L. Copeland, Miss Elizabeth Dumas, Mrs. Caroline Ellington, F. M. Ellington, Chester Gore, Mrs. Ona Gore, Mrs. Emma Harris,

Glenn Harris, Mrs. Jewel Harris, B. W. Hurst, Mrs. Vada Hurst, Mrs. Lissie Jones, A. M. McBurnett, Mrs. Elizabeth McBurnett, Mrs. Cornelia Moore, C. D. Moore, Mrs. Sallie Tiernan, Mrs. Lois Wingerd, Mrs. Eldora White and J. C. White. The Eastern Star at this time has some 35 members and is active.

## LATE HISTORY OF MASONIC LODGE

By JIM MILLER

The Masonic Bodies in Brownfield have continued to grow since the above was written by Brother Tom May 33rd degree, in December of 1937. Brownfield Lodge No. 903 AF&AM, now has a membership of approximately 425 members; the Brownfield Chapter No. 309 Royal Arch Masons, 185 members; and Brownfield Council No. 245 Royal and Select Masters, 180 members.

The various bodies have continued to meet in the hall described by Brother May, until June 1954, holding their last meeting there May 26, then moving to the new Temple, and holding their first stated meeting June 14, 1954.

A building program initiated by Brother J. M. Teague, Jr., worshipful master in 1943, has been zealously followed by each succeeding worshipful master. In 1953 the lodge purchased the old Methodist Church building, and on April 1st of this year, when this congregation moved to their new church, we obtained possession of the building and immediately started alterations to convert it to our requirements. As soon as it is completed we will have one of the most beautiful Temples in West Texas.

Our first stated meeting held in the new Temple was attended by 99 members and 15 visiting Masons. At this meeting, officers were elected for the ensuing Masonic year as follows:

Harry Goble, worshipful master; Vernon Townes, senior warden; Sawyer A. Graham, junior warden; L. G. Smith, re-elected treasurer; J. D. Miller, re-elected secretary; J. O. Burnett, Jr., tiler. Appointive officers are: Paul C. Campbell, senior deacon; Leonard Ellington, junior deacon; Othel Reeves, senior steward; Grady Elder, junior steward; Brothers D. M. Cowgill, J. F. Billings, and Earl Jones were appointed assistant stewards.

Our formal opening was held June 24, 1954. Open house was held from 3:00 to 6:00 p.m., and after a banquet at 6:00, a dedicatory meeting was held. Brother Burton C. Hackney, our present worshipful master, opened a Master Mason's lodge at 8:00 p.m., and the dedicatory address was given by Brother John Lee Smith. Our new officers will be installed Monday, June 28.

## CITY WILL PICK UP ALL LOOSE DOGS

A city ordinance states that all dogs must be vaccinated against rabies and registered during July 1 through 15th. Dog owners are asked to keep dogs penned or tied during that period because all dogs running loose will be picked up whether tagged or not, by the police department. All dogs not wearing a tag will be destroyed; and those picked up that are wearing tags will be put in the dog pound.

Anyone missing a dog during this period should get in touch with the police department, as the animal will probably be in the pound.

Dogs may be registered at the city hall upon presentation of a certificate of vaccination.

## Mexican Nationals Arrive This Week For Hoeing Season

Eighty-six Mexican National workers arrived Tuesday night at the Jaycee Barns to be picked up by local farmers. Alton Loe, secretary, and Val Garner, director, obtained the workers at the El Paso Bracero Center through the Terry County Farm Association, bringing the total to 182 workers. Rufus Franks was the truck driver.

Forty-four Nationals were brought here June 15 by Kelton Miller, manager of the TCFA, and V. G. Simmons, and another load of undetermined number, is scheduled to arrive tonight (Friday). Prevailing wage of 50c per hour

for hoeing or general farm work, and \$1.55 a hundred for cotton pulling, is paid the workers as per contract.

## ESE WINS CLEAN-UP CAMPAIGN IN CITY

The local Epsilon Sigma Alpha Sorority was named winner Thursday of the City Clean-up, Fix-up, Paint-up campaign. The group will be presented a trophy by the city for their efforts in cleaning up the area assigned to them which included from the Tahoka Road south to Cardwell Street, and from "C" Street east to the city limits.

A farm labor bulletin, sent out by Texas Employment commission at Amarillo, shows that Terry County had 3,500 acres in wheat, 2,000 acres in barley, and 2,000 acres in rye.

## SUPPLY LOCAL HOE HANDS INADEQUATE, SAYS AUBRY JONES

The supply of local hoe hands and those from other places are not sufficient to meet the heavy demand at this time, according to Aubry T. Jones, manager of the local Texas Employment Agency.

New groups from other areas of the state are coming in every day and are usually contacting the Texas Employment Commission office. Any farmers that need hands and have not let their needs be known, should do so to enable the crews to obtain work in the shortest length of time.

Any available groups of workers that do not have jobs and want to do hoeing of cotton, should contact the local Texas Employment Office for referral to the farmers needing hands.

## Proclamation!

I, C. C. Primm, Mayor of Brownfield, proclaim June 28 through July 7 as Western Week in this City and all citizens are urged to dress western style in conjunction with the Jaycee sponsored Rodeo, slated here July 7 through 10th.

Work is still in progress at the Brownfield Cemetery, and every-body who can contribute a tractor, labor, or just supervisory services is urged to be out there as early as possible next Monday morning to help replant Bermuda grass in seeds at the north end, and level off the south end of the cemetery. Mary Ballard stated that plan is to work all day and finish setting out grass.

Many improvements have been made by the Cemetery Association to beautify the lots. Weeds have been cut, grass has been set out and a sprinkler system has been installed. The Association has been working since last year to improve the cemetery.

Much has been said of late about the historical facts in connection with the 14th and 15th amendments to the Constitution of the United States. And if it were left up to the writer, much of it would be pure guess work. Even taking the 5th amendment, the one so many of the Commies dodge behind; it has been much in discussion here of late. Frankly, we'll have to admit that some of the latest are hard for us to keep track of, even down to the Volstead amendment, or the dry act of the late 'teens. And those of 50 or 60 years ago, or more, like the 14th and 15th, are out of this world so far as we can remember of having read. For instance, to hear many people as well as writers of this day talk, one would think that along with his advocacy of repeal of human slavery, Abraham Lincoln stood for and advocated social equality of the races. And thinking back to what the

two amendments means, we might at this late day gather that conclusion. But taking Lincoln's own words, we now know that there was no such thing in his mind as social equality, or the intermingling and inter-marriage of the races. Those who have been close students of Lincoln's life and history, give us the following extract from a speech by Lincoln, made October 16, 1859, less than two years before the outbreak of the Civil War, at Columbus, Ohio: "I will say, then, that I am not and never have been in favor of bringing about in any way the social and political equality of the white and black races; that I am not and never have been in favor of making voters of Negroes, nor of qualifying them to hold public office, nor to intermarry with the white people. I will say that, in addition to this, there is a physical difference between the white and black races which will forever forbid the two races living together on terms of social and political equality, and, inasmuch as they can not so live while they do remain together, there must be a position of superior and inferior, and as much as any other man I am in favor of having the superior position assigned to the white man." Of course, as most of us know, the Fourteenth and Fifteenth Amendments to the Constitution were adopted during the reconstruction days, when the South had no voice in the adoption of these amendments. But reading the above brief statement, we know that Abraham Lincoln had no idea of free mingling or anti-segregation of the races.

We don't know why exactly, but Lieutenant Governor Ben Ramsey is our sort of man. When he hits a town, or when interviewed, no one would think a steam shovel had hit the town, or that everyone else who is running for the same office is a freak or fool. To illustrate our point, recently when a friend introduced him, the speaker stated: "Ben has been more places and seen by fewer people than any other man in Texas public life." Indeed we got sorter fed up on loud noises and hints at crookedness of the opposition, way back when we were getting two Ferguson's for the price of one, as governors of Texas. Then on an even more noisy basis, a decade later we had the advent of Pappy Biscuit O'Daniel, with all his fiddles and banjoes to tell all and sundry that all against him were headed straight for hell, and didn't have sense enough to come in out of the rain. And when a straight forward question was asked of him, how he stood on this or that, he would have Jimbo, or whatever his name was, to strike up a hillbilly tune, and would disregard the question. But Texas had to send him to Washington to really find out just what there was to Pappy. When he got up there among the real stalwarts that know their business and what it is all about, Pappy had to simmer down, and in fact was absolutely ignored. Many people outside of Texas finally decided that the only US Senator that Texas had was Tom Connally. And that was nearly true. O'Daniel was a good salesman, and that was about all. When it came to voting on measures, he just didn't know his okra, and he was never consulted by the administration for that reason. Most every one recognizes the fact that Ramsey is not only a brilliant lawyer, but has spent several terms in the legislature of Texas as a representative or senator, and he knows his way about and what it is all about in the halls of the capitol. But he does not go about anything braying like a lost jackass. Ramsey is willing for the citizenship of Texas to judge his qualifications for office. He recently stated that "a man or woman doesn't buy a suit or dress without feeling of the cloth, and I don't think the people of Texas select

their officials without checking their record." And he concluded, "that is all I ask." Not only has he served Texas well as a legislator and senator, but as Secretary of State under the late Gov. Beuford Jester, which he also held under Governor Shivers until he resigned to run for Lieutenant Governor. He gets along with others.

We believe that our State Department is on a surer track in its effort with Turkey, Greece and Yugoslavia than they would be in trying to make friends with many of the countries under the direct domination of the Indians. In fact, we don't think that India really knows which end is up, and they are as liable to turn to Red Russia and Red China as they are the free Western ideas. Right now it appears that Pakistan will be won over to the western ideas of civilization, but that Iran and Iraq seem to be a bit more inclined to hesitate before they make a final move. At one time, especially when Iran was having trouble with England over the oil question, it appeared that country which belongs to the Mohamadan persuasion, was gradually drifting to the Communists. With the promise at least, of making some kind of settlement with Britain, and with the aid the US has given that country and Iraq in the way of bettering their agriculture, and fighting destructive crop insects, both countries seem to be gradually drifting back to a better understanding of democratic countries. All this group of nations of the Near East, sometimes designated as the Arabian group, but of them Turkey seems to be the leading nation among them, and the strongest financially as well as in population. Although Turkey was about as low as any of them at the close of War II, with the aid of the USA in getting their agriculture modernized, that nation has come a long way, and now has a form of government patterned similar to the USA. Many reforms have also taken place in that nation, other than in agriculture, much of it in the lives and social standing of their people. Many years ago, the Americans established a female college that has had a great influence in this reform. We are told that one will see few women or girls on the streets of Turkish cities and towns with their faces blotted out with a veil. In fact, they have, both men and women adopted the western styles of dress, and that more than one wife is prohibited by law. This nation is taking a leading role in getting the Near East lined up with the western world, and their dislike of Comies and their methods is not unlike most of the rest of the nations not behind the Curtain. Turkey not only has a well drilled and large army, but is supplied with an efficient medical corps that looks to the health and well being of the young men in the service. Travel in that land by Americans is unrestricted. They are made to feel welcome.

Over at Geneva, it seems to be a case of Kitty did and Katy didn't. One day the representatives of the western world has their hopes buoyed up, and the next they are in the dumps. To be perfectly frank, we have never thought the conference would do any good. Just a natural born pessimist, we guess. But we have a long sight more confidence in a yellow suck-egg hound dog than we do of those lying birds from Moscow and its hinterlands. They would lie, when the truth would answer a better purpose. In the first place, why have Russia and Red China there in the first place? Isn't Russia a member in good standing of the United Nations? And wasn't the war over in Korea a battle of the UN against aggressors, usually called Communists? Surely Russia as a member of the UN could not countenance an aggressor against any other nation, even though they were Communists? And as for Red China, it does not belong to the UN, yet sent troops into a supposedly friendly neighbor nation to fight against them as well as troops from the UN nations. To say the least, we cannot figure how Russia as a member of the United Nations can sit in as the next best friend of North Korea and Red China, acknowledged aggressors against South Korea. How is it possible for any nation to represent two sides at one and the same time? We would like for some of the big boys doing business at the great plant in New York City explain, how one member can represent two sides of an argument. And, we might add here that we believe that Britain has done the USA a favor by holding off on that aggression on our part in Indochina. Otherwise, we believe that US troops would already be in that jungle land, fighting for what they would know not

## Soil Conservation Here Differs From Central Texas

The Soil Conservation Service here has been sending us some matter printed and perhaps mimeographed at Austin, and sent all over the state for distribution, that no more applies to this section than it does to the Sahara Desert. In fact a lot of it applies only to the Trinity, Brazos and other river water sheds. Direct, we get a wheelbarrow load of this stuff every week, that takes much time to separate the applicable from the other kind.

We don't blame the local boys. They are asked to bring the matter to their local newspaper. But as we have no circulation down in that section to speak of, it is not only a waste of our time and space, but the subscribers here would not read it if printed.

We like to have matter that applies to conservation on the Plains, like the meeting at Amarillo this week. Down there, their headache from soil erosion is mostly washing rains; ours is wind.

Problem in arithmetic: If you hand your wife, grown daughter, or girl friend \$10 for the purchase of a \$7.54 item for herself or you, how much change will you get back? Answer: Not one cent.

What, to save us, we can't see why France is not an aggressor in that ugly land. It is true that the big brass and administration advisors, or some of them, say that Indochina has many vital materials we have to carry on war. In fact, warring and preparations for it seems to be the long suit of many folks. Had it ever occurred to the powers that be at Washington, that possibly we might make arrangements to buy this material from the folks to which it belongs? As for France, they do not even have a government, presently, and with little prospects for one in the immediate future. To our notion, the people who are meeting over at Geneva to try to do business with those outlaws, had as well come home.

We note from the last issue of the State Observer, published down at Austin by Paul B. Holcomb, that he has arrived home from Kansas, his old stomping grounds, where he vacationed and visited. And the news up there was just what he wanted. The people are dissatisfied with the administration of Eisenhower, especially the farmers, he says, and will very likely turn to the New-Queer Deal in the future. In fact, the handouts from the government to the farmers was disappointing. And isn't it possible to rake off a few more sheekles from the old taxpayers? And evidently Paul hasn't gotten the hate for Southerners, Dixiecrats, as he calls them, out of his system. Two of the most lowdown people in the world, according to Paul—not the Apostle—is Dixiecrats and Shiverscrats. They even stink worse to Paul than Republicans. And of course he opened with a full blast at Gov. Shivers for going over to Korea at the behest of Ike. At the same time he glories in the fact that a lot of insurance messes broke about the same time, and Paul wonders if this is not the reason Shivers is, according to a newspaper interview, "running scared." Paul is very juberous that the noise made by the "Shivers machine" may drown out the many messes that the machine has to this day covered up. Yes, Paul is all hot and bothered. Then there is the resounding advice that too many terms gives the Shivers crowd the leeway of building up a machine that could remit the taxes of the rich and pour it one the poor, according to Holcomb. Now we have been reading the State Observer for several years, and we never noticed any place where it was "agin" Franklin D. Roosevelt for his third or even his fourth try for the White House. Just owing to whose ox is gored. Of course we do not take our politics as serious as some people, but we have a sneaking idea that no matter who is elected governor of Texas, Shivers, Scarborough, or that other guy, few of us will know the difference in a year, unless the one of them that happens to be the lucky guy, piles heavier burden of taxes on the average citizen in order to have more and more money to pay out to this, that and the other fellow that quit work when he got out from under dad's thumb, and has never put in another honest day of toil since then. But according to the promises being made presently by some candidates for big handouts for this group and that one, the poor old taxpayers are sure in for a heavy jolt.

The State Extension Service has accepted the Santa Fe Railway System's 1954 offer of awards to 4-H boys and girls in Texas. A total of 70 educational awards are provided for club members in 11 states served by the railway system, and 15 are allotted to Texas. The awards are sufficient to pay all the winners' expenses to the National 4-H Club Congress in Chicago next fall.

In addition, Texas will receive two of the 20 Santa Fe college scholarships of \$250.00 for 4-H members. Other states sharing in the grant of \$15,890 for Santa Fe awards and scholarships are Arizona, California, Colorado, Illinois, Kansas, Missouri, New Mexico and Oklahoma.

Winners for both the Club Congress and scholarships awards will be selected by State 4-H leaders, based on achievement records of the individuals.

While the boys and girls are in Chicago, the railway will be host to a dinner in honor of the 70 winners, at which a number of state and national leaders in the 4-H Club movement will be guests.

Norman Lockett, of Meadow, has been elected treasurer of the Baptist Student Union at Wayland College, Plainview, for the term of 1954-55.

The Herald had a letter of thanks from the Texas Society of Crippled Children, for helping them make the Easter Seal Appeal a success. If the Herald has done any service toward this great work during the last, or any past campaigns, we are glad. This is a worthwhile undertaking.

The Santa Fe railroad has announced that it will continue its support of the 4-H Club work in the states in which its lines run. New Mexico will get three and Texas 15 of these awards.

Experience and enthusiasm are two fine business attributes seldom found in one individual.

**FARMER-BUSINESSMAN DINNER AT UNION IS HELD LAST THURSDAY**

The Farmer-Businessman dinners, sponsored by the Brownfield Chamber of Commerce, had their initial start at 8 p.m., Thursday, at the Union Cafeteria, with James Harley Dallas and Judge Herb Chesshir serving as masters of ceremonies.

Several stunts and contests were staged. The milk-pouring stunt featured two farmers, Frank Sargent and Claud Montgomery, alternating at standing on a table, holding a pitcher of milk. They attempted to pour the milk through a funnel which was attached to copper tubing and extended to the floor, with a crooked turn at the bottom, the milk being aimed at a coke bottle balanced on Vernon Townes' forehead, while he lay flat on the floor. Each farmer had sixty seconds in which to perform the feat and needless to say, Vernon was considerably drenched after the endeavor.

In another contest, a toy tractor was placed on the table and the contestant had to stack four cups and saucers in sixty seconds, turning the racing tractor at intervals while stacking the dishes, without the tractor running off the table.

Balloons filled with bubble gum were blown up, burst, the gum chewed, and the first contestant

to blow a bubble, Riley Luker, won a box of bubble gum. Other participants included Sam White, R. N. McClain, David Nicholson, Boyd Howze, and E. V. Riley.

A Cup kicking stunt was won by Rufus Dill and he was presented a coffee pot. He was assisted by Vick Herring. The men had to kick a cup and catch it in a coffee pot while they stood in a box. Others taking part were Roy Puryear and Olan Herring.

Fifty-seven farmers and businessmen were served a chicken dinner, with the businessmen hosts to the farmers.

H. M. Pyeatt, chairman of the agriculture committee of the CoFC was responsible for the businessmen's activity, and M. G. Gary, for the farmers.

Special entertainment was furnished by Roy and Aubrey Puryear with their fiddle and guitar numbers.

Dinners will be held approximately three weeks apart at Meadow, Wellman, Plains, and Ropes, until September 9. The committee responsible for the summer arrangements are Lee Brownfield, Marion Bowers, James Harley Dallas, Judge Chesshir, and Joe Christian.

**FORMER RESIDENT IS WED IN SEMINOLE**

Miss Shirley Chadwick and Joe M. Brown were married June 11, in a double-ring ceremony in the First Christian Church in Seminole. Parents of the couple are Mr. and Mrs. Wayne Chadwick of Seminole, and Mr. and Mrs. Marion E. Brown of Seminole, former resident of Brownfield.

The service was performed by the Rev. Horace Brooks, minister of the First Methodist Church there.

Following a wedding trip to El Paso, the couple have enrolled for summer session at Eastern New Mexico University at Portales.

**AND OUR DAUGHTER REMEMBERED "POP'S DAY" WITH A GIFT**

Among the others that remembered old Pop on Pop's Day, was our daughter, Mrs. Herman Trigg of Snyder. Although at the time she and her little daughter, Sara B., were visiting Herman's mother and family at Brownwood, she sent a card. And in a few days, a package.

The package contained a nice fancy bottle of after-shaving lotion and another of after-shaving powder. Now she doesn't know it, perhaps, but we have not used any powder following a shave in years. Only use we have for powder is to keep down the stink under our arms.

Anyway, the remembrance from the Triggs was very much appreciated.

**A Personal Letter From Geo. Mahon**

Had a nice personal letter from our Congressman, George Mahon, along with his announcement. George Mahon is one of the most likeable guys we ever met. He is agreeable, and like we wrote in an editorial this week, about Lieut.-Gov. Ben Ramsey, George is not all mouth and noise. There has not to our knowledge been any time that George has lost his temper, either at home, on the stump, or in the halls of Congress.

We have often wished that we had the control of our temper as well as he. Indeed, we would like George even if he were a Shivercrat, a Dixiecrat, or even a Jack Stricklin Republican. He is just a man after our own heart, willing at all times to go to some trouble to accommodate his constituency, rich or poor, white or black.

And if any Terryite so belittles our good old country as to black his name, we are going to send them down to Van Zandt County to live if we find out who they are. And they tell us that any visitor in Washington from the old 19th District gets full and appropriate attention, help and advice from George Mahon.

Would that the world had more George Mahons and fewer braying jackasses. In his usual meek way of expressing himself, he stated that it was difficult for a man to write about himself, and gave us the privilege of changing anything he said. No trouble for some to boost themselves, George, but your message suited us to a "T" as is.

**LEVELLAND WINS LIONS TOURNEY HERE SATURDAY**

Levelland won the annual Brownfield Lions Club Invitational softball tournament Saturday night at Lions' Park, with a win over Denver City, 10-2.

In the evening's first game, the DeMolays defeated Amerada Oil, 2-0, while Denver City beat the DeMolays, 3-2.

Denver City fought an uphill battle to get in the finals, but was not match for the Levelland crew. Weldon Haney pitched a one-hitter for the winners, while Willie Holden was hurler for Denver City.

Thursday night of the tournament, National Guard of Brownfield beat Wellman, 13-11, and Amerada Oil trimmed Frank Daniel Electric, 9-2.

Bill Blankenship was the winning pitcher in the opening match, with Dale Andrews taking the loss; R. C. Martin held Frank Daniel in check, while Ray Stockton was the losing pitcher in the second match.

**Levelland Takes Amerada, 4 to 0**

Humble Oil team of Levelland beat Amerada Oil of Brownfield, 4-0, Wednesday night of last week in the second-night of the second annual Lions Club softball tournament, with Weldon Haney pitching a no-hit, no-run, game for the Humble team. R. C. Martin hurled a five-hitter for the losers.

In the opener of the night, the Denver City Jaycees downed the Brownfield National Guard, 7-2; and in the last game, Frank Daniel Electric of Brownfield whipped Stanolind Oil of Brownfield, 8-3.

Haney's game was near perfection, with only two base-runners; walked one and an error allowed another runner.

**Here Comes Another Message From 'Beck'**

Our good friend L. L. Bechtel is keeping us pretty well posted on his trip to Seattle as a delegate to the International Rotary Convention. The latest was under date of June 10, at which time he stated that the convention had been concluded, but made no mention of his side trip to Alaska.

There were some 8,300 Rotarians registered, he wrote, and Seattle left nothing undone to entertain. Among the feats of entertainment, the city had two great West Coast trees brought in from the forest and set out.

Two men held a contest climbing those trees, cutting off the limbs, and finally topping them. Beck said it was not only daring, but thrilling.

First thing you know those West Coast birds will be trying to head Texas on the tall trees as well as trees.

**CUSTOM NOTE:** Twin-Turbine Dynaflo and Safety Power Steering are standard equipment on every Buick ROADMASTER at no extra cost.

**It makes you feel like the man you are**

**Y**ou must know, of course, that a fine car is more than merely a means of fine travel.

It is, as the psychologists tell us, an extension of a man's own personality.

It reflects what you feel, what you like, what you are.

So we ask you to take the wheel of a Buick ROADMASTER like the one shown here—for it is, we have found, the automobile chosen more and more by those who are definitely moving ahead in the world.

You will find it a car that fairly breathes success.

From its size and its breadth and the magnificent modernity of its styling, you know it is a car of custom stature—and so does the watching world.

The wondrous windshield is a pride in itself. You don't just see the view—you command it.

You will find it, too, a car of luxurious obedience.

From the moment you ease your foot down on the pedal, you take immediate mastery of the road and of distance.

And you know it—in the silken whip of Twin-Turbine Dynaflo, the

might of Buick's greatest horsepower, the magic cushioning of coil springs on all four wheels, the exhilarating ease of Buick Safety Power Steering at your hand.

But with all this, you buy with prudence when you buy a ROADMASTER.

For—though it is, and looks, custom production—it sells for the lowest price-per-pound in the fine-car field. And so wise an investment makes you feel even more like the man you are.

Drop in, or phone us this week, and we'll gladly arrange a demonstration.

people is will known to West Texas. "In some undertakings," he said, "I have failed. Other efforts have been successful. I have tried in the past and little matters to do the best possible job in behalf of our Nation and the people of our District."

In his statement Mahon said, "If re-elected, and I use this means to solicit your continued favor. I shall go my whole limit to do a good job. I want to contribute everything within my power to the cause of decency and good government and to the cause of peace and security."

"I am not unaware of the fact that there are scores of important matters in which the people of our District are interested. It is the duty of a Member of Congress when questions arise to do what he can in the public interest. He cannot foresee what the future developments may be."

"Congress is now wrestling with such issues as the new farm program, an effective policy of water

and soil conservation, methods of encouraging economic well being and prosperity, how far to go in military preparedness, how to keep out of another war, and numerous other vital matters.

"Thousands of people write me each year for personal services of one kind or another having to do with the Federal Government. I welcome a continuation of these requests. Most of them are not of a legislative nature, but they are important to the people, and it is my duty and pleasure to perform any service, however small, at any time for the people I have the honor to represent in Congress."

Rev. Hamm said he had regrets in leaving Wellman because of the friends he has made there, and in Brownfield and Seagraves. He stated that Mrs. Hamm would continue keeping books for the J. B. Knight Co. until July 1. Mrs. Hamm taught two six weeks periods in the high school at Wellman and had the sponsorship of the Senior Class, and helped set up the high school annual, which was acclaimed one of the best the school has ever produced. She was also sponsor of the high school pep squad. The Hamm's have three children, Alvin Wesley, 16; David, 11; and Melanie, 10.
