NUMBER 125

PEOPLE and THINGS

By J. W. S.

RAN INTO AN interesting fellow the other day. He worries professionally, so to speak. If it's not raining, he worries because it isn't. If rain drops are falling, he worries because it's raining. When we saw him, he was worrying. And we asked what he was worrying about. "I'm worrying because I've forgotten what I was worrying about," was his answer.

WE WERE DOING a bit of worrying about juvenile delinquency. And, while it's a big problem and always has been, there are a lot of answers. For example, we were reading in a national magazine devoted to people who shoot rifles and guns.

AND THERE WAS a full page written by the Police Chief of Hudson, Ohio. It told of a problem there and how he went about solving it. He'd picked up a couple of 14-year-old boys for petty theft. He didn't like the idea of sending up the young bucks.

SO HE STARTED talking about pistols. Pulled out his gun and let them see it. Told them he was planning a pistol club for boys, but nobody would be admitted without a good clean record. And the only way to get a good clean record was to tell the truth about what had happened and to see that it didn't happen again.

AND THE GOOD policeman was surprised when the two youths confessed. And when others came in voluntarily to confess other minor crimes. His pistol club has a large group of boys enrolled and they're going strong. Petty crimes don't bother the people there any more.

YOU CAN READ a lot of other stories like this. And they always make you feel good and quit worrying.

WE GOT A questionnaire in the mail the other day from a journalism school. They stated three situations and asked if we would have printed the story. And why, regardless of our answer. We'll reprint the three situations and let you decide what you would have done. Here they are:

Situation One — A 15-year-old boy, son of a widow, broke a store window and stole some clothing. He was caught. It was an out-and-out criminal case. Would you print the story?

Situation Two — A prominent citizen of your town was divorced. The trial was rather involved. Would you print the story?

Situation Three — A prominent man had had a few drinks and, driving home, wrecked the family car. His driver's license was suspended and he was fined \$100. Would you print the story?

WE'LL GIVE YOU our answer to the questionnaire tomorrow.

In telling the time of day, the initials p. m. mean post meridian.

Washington, D. C. is often called The City of Magnificent Distances.

Sailors of China have used the marines' compass for over 3,000 years.

WHAT'S DOING

THURSDAY, MAY 6.
Merchants Credit Association meets at 7:30 p. m. at the Chamber of Commerce office.
Rotary Club Luncheon, College Cafeteria, noon.
The Alpha Square Dance Club will meet at 8 p. m. Thursday at the college auditorium.

FRIDAY, MAY 7.
Veterans of Foreign Wars meet at 8 p. m. at the Laguna Hotel to install new officers.

SUNDAY, MAY 9.
Band Parents Association meets at 7:30 p. m. Monday at the high school in band hall for an important meeting. All members are urged to attend.

WORKER BURIED ALIVE

Emergency crews work in a desperate effort to extricate the body of Angelo Corsino, Chelsea, Mass., worker, that was buried by a cave-in. Spectators watch as a power shovel proved futile when sides of the 30 foot-square hole kept caving in and filling the excavation. (NEA Telephoto).

College Chorus Fails to Meet Lions

Lions were disappointed today when the Cisco Junior college chorus failed to get back from their trips to Putnam and Scranton in time to fill their scheduled appearance on the program at the luncheon.

Reports on the convention were

Junior High Grads To Have Program Thursday, May 27

The Grammar school — junior high school — graduation will be held at the high school auditorium Thursday afternoon, May 27 at 3 p. m. principal E. L. Kent announced today.

There will be no out-of-town speaker for the occasion but the program will be student-participation event, and honor graduates will be emphasized in the features of the occasion.

The time was set for the afternoon, rather than at night, as has been the custom, since the school calendar is so full at this time that a spot could not be very well arranged for an evening program, Mr. Kent said.

The class is a little smaller than usual, consisting of about 65 graduates, but the quality of work has been very satisfactory, the principal explained.

An all-day picnic has been scheduled for Wednesday, May 26, probably held at Lake Cisco, and mothers are to prepare the eats and of course will be invited. A

made by A. R. Westfall and C. E. Paul.

President Ralph Glenn announced that Austin Flint had been transferred from the Midland club where he had been a member of the club since going there from Cisco.

Charles Sandler, chairman of the Mother's Day letter committee, read a sample letter that is being addressed to mothers of Lion members.

President Glenn announced that the college chorus would have a new date with the club's program.

Hickok Officials In Cisco Today

Walter G. Kirkbridge and Clarence H. Hickok of Toledo, Ohio, president and vice-president, respectively, of the Hickok Oil Corporation were inspecting properties in Cisco and this Central Texas region today.

Purpose of their visit was for conferences relative to the coming year's development program, Mr. Kirkbridge said. They planned to fly back to Toledo this week.

The two men are officials of Hickok Oil Corporation and Hickok-Reynolds Oil Company.

few other special guests will be invited.

This, of course, is to include only the eighth grade or graduated class.

Mrs. R. W. McCauley and Mrs. Truly Carter, sponsors of the class will be chaperones of the group and will help direct the day's program.

62 Years Between Oldest - Youngest ABC Club Members

That most Ciscoans are neither too young or too old to join the ABC Club was disclosed in a recent search through the club membership files. The oldest member is 76, while the youngest happens to be a feminine member who does not hesitate to reveal her age. She is a 14-year-old high-school girl, very eager to do her bit for the club that she felt would build a Better Cisco, through a planned athletic program.

When this lass asked permission to pay 25 cents a week instead of the customary dollar a month dues, this special arrangement was gladly given this girl who was so imbued with the plans of the ABC Club that she wanted to help the club financially, even when it meant foregoing candy, soft drinks, etc. The club secretary, Troy B. Powell asked that the girl's name not be published.

However, he gladly furnished the name of the 76-year old member who is none other than W. H. Coldwell, truly a fine example of clean living, with deep religious convictions. By keeping physically fit, the years have but lightly touched him. Most of his exercise now comes from walking from his home to the City Hall and back, a mile each way, and walking all over town in his capacity of City of Cisco sanitary inspector.

When persons with such wide variance in age see fit to join the ABC certainly many others should consider it a privilege to even be asked to join. Surely, 76-year-old young Mr. Coldwell does not expect to participate in any ABC sports. His chief benefit will be the joy of giving, so others, younger than himself, can have the opportunity to participate in the fine athletic program that is planned for the city. While chief interest now centers around soft-ball and volleyball, extensive plans for other sports have been made, and will be announced once the two above sports really get under way.

On Tuesday Garner tied for first in the high jump making a five feet, ten inches leap which was three inches higher than his head. He was also in a three-way tie for second place in pole vaulting, making 11 feet; fourth in 220-yard low hurdles and in 120 in high hurdles. He made a total of 8 3-4 points in the meet.

Tune, Lieutenant, and W. S. Kendall, Secretary-Treasurer.

During the meeting plans were discussed for the forthcoming annual Firemen's Ball which will be held at Lake Cisco sometime in the middle of June. A splendid variety band has been contacted and is scheduled to play for the dance at that time. Date of the dance will be announced soon.

Townsend Heads Volunteer Firemen For Next Year

The Cisco Volunteer Fire Department held their regular election of officers Tuesday night at the Fireman's Hall and the following officers were elected; E. S. Townsend, captain; Clarence

Dr. James Junior College Speaker

Dr. E. S. James, Vernon Baptist pastor, and former pastor of the Cisco First Baptist church, will be the speaker at the Cisco Junior college graduation ceremonies on May 27.

C of C Directors Discuss Agriculture, Dairying; to Increase Lake's Capacity

Aged Woman Is Grateful For Favors, Friends

Mrs. Sam Hull, knocking at the door of a century of living, writes to tell her many friends about herself and to give some praises to Graham Sanitarium where she was confined and treated after breaking her hip this winter.

Let her express herself in her own words: "I have been confined to my bed 36 days since I fell and broke my hip. I stayed in Graham Sanitarium 6 days—a pleasant place to stay when one needs the best of attention. I am now in bed at home gaining strength. I feel like rising up and shouting praises to this sanitarium and to all my friends who have been so nice to me.

My neighbors and friends for hundreds of miles—from far away California to the line of East Texas—have showered me with letters and good wishes and pleasant visits—and the friendly handshake that mean so much to anyone.

Really people should be so happy with this world so full of good people.

I do not forget the good Father—the supreme being that watches over us.

The ladies have presented me with the most beautiful flowers and plants growing in pots, blooming and shedding their sweet perfume in my room for when I am lonely. I am reminded of the saying "Flowers for the living and good words for the departed."

And she signs herself Mrs. Sam Hull, route 4, Cisco.

JR. College Boys Do Well in Relays At A&M College

Coach Jack Everett of the Cisco Junior College track team which competed in the Junior college events held at A&M college Monday and Tuesday reports a very pleasing event and stated that his boys did very well in their competition.

Doug Garner competed in the 120-yard high hurdles and in the 220-yard low hurdles. He also ran a leg in the qualifying sprint in the relay.

Jack Leveridge competed in the 220-yard dash and ran a leg in the sprint.

On Tuesday Garner tied for first in the high jump making a five feet, ten inches leap which was three inches higher than his head. He was also in a three-way tie for second place in pole vaulting, making 11 feet; fourth in 220-yard low hurdles and in 120 in high hurdles. He made a total of 8 3-4 points in the meet.

Tune, Lieutenant, and W. S. Kendall, Secretary-Treasurer.

During the meeting plans were discussed for the forthcoming annual Firemen's Ball which will be held at Lake Cisco sometime in the middle of June. A splendid variety band has been contacted and is scheduled to play for the dance at that time. Date of the dance will be announced soon.

There will be about 55 in the graduating class, President O. L. Stamey said today, including academic, vocational and terminal.

Dr. James is a speaker of ability and he is much sought after as a speaker for such occasions.

Directors of the Cisco Chamber of Commerce pledged their cooperation in the formation of a region-wide dairy industry at their regular meeting Tuesday night. The agricultural committee, composed of C. W. Henry, A. Z. Myrick and James McCracken, was instructed to work on the project.

O. D. Dillingham of Abilene, owner of the Banner Creamery, was a guest at the meeting and discussed the growing need and potential for increased milk production in this area. He reported that arrangements are being made for a prominent dairy farmer to appear here on June 14, to meet with persons interested in the dairy business.

Secretary B. A. Butler reported to the board that he is preparing a file of information for presentation to the U. S. Engineers Corps, Galveston, regarding federal assistance in enlarging the capacity of Lake Cisco.

Mayor Edward Lee, Water Commissioner S. H. Nance and Butler conferred with Col. B. L. Robinson, district engineer, recently at Coleman concerning help in moving the MKT Railroad track along the northern edge of the local lake. The army engineers, if they participated, would do so in the interest of flood control and water conservation.

The present railroad route reduces the effective capacity of the lake some 50 per cent. The project would cost some \$250,000 it has been estimated.

Chairman Henry and Mr. Myrick of the Agriculture Committee, reported on their recent trip to Fort Worth to attend a soil conservation banquet. Mr. Myrick pointed out that the soil conservation group of which he is a member won a \$200 award, and he asked for advice on how to spend it to further the program. Directors asked the committee to study plans for using the money and to make recommendations.

Chairman E. P. Crawford of the highway committee gave a report on his group's activities.

A celebrated whirlpool in the Arctic Ocean near the western coast of Norway is called the maelstrom.

Cabin Home of Collin McKinney Is Spared By Tornado Winds Monday

McKINNEY, May 7.—The log cabin home in McKinney of Collin McKinney, signer of the Texas Declaration of Independence, was spared by the tornado winds that swirled the southern part of the city where the cabin stands.

A portion of the roof was caved in, but all of the walls remained intact.

Debris from fallen trees and blown down telephone wires littered the neatly kept lawn of Finch Park, where the cabin has stood since 1936, when it was brought to McKinney from Anna.

All around the cabin, houses were badly battered, some nearly demolished.

A passer-by commented, "They sure must've built 'em in those days."

Father-Son Team Keeps Papa Dry

MEMPHIS, Tenn. (U.P.) — Mrs. Henry Buxbaum looked out of the window in the rain and saw a neighbor riding a bicycle. His nine-year-old son was on the handlebars, holding a red parasol over his father.

Curious, she found that father and son had a working arrangement that nets the boy 30 cents weekly.

The father pedals the bike to the bus stop; the boy returns it home.

LUTHERANS TO OBSERVE ASCENSION DAY

Both Lutheran churches of Cisco shall observe the anniversary of Christ's ascension into heaven by special services tomorrow. The festival service will be held at the Christ Lutheran church in the country tomorrow morning at 10 o'clock. The service at Grace Lutheran church, on the corner of 18th and D avenue will be held tomorrow night at 8 o'clock. Rev. G. T. Naumann, who is serving as pastor of both congregations will deliver the festival address on the answer to the question: "Why Did the Savior Ascend with His Hands Extended in Blessing?" The public is cordially invited to attend either of these services.

Location has also been made for a Palo Pinto County Ellenburger test by Star Oil Company on the No. 1 Annie M. Stovall, three miles northwest of Pickwick, 5,170 feet from the west and 4,200 from the south line of John Rohus survey abstract 351. It is on permit for 4,500 feet with rotary.

Stephens county, two miles south of Eolian, has been slated for a new Ellenburger wildcat by Star Oil Company of Dallas on the No. 1 J. A. Caldwell, 660 feet from the north and west lines of section 32 OAL survey. The well is on permit for 4,400 feet with rotary.

Gloria Graham in Recital Last Night

DALLAS, May 5. — Gloria Graham, daughter of Dr. and Mrs. E. L. Graham, Cisco, gave a senior recital last night in McFarlin Auditorium at Southern Methodist University.

A violinist, Miss Graham played "Sonata in A Major," by Brahms; "Concerto in D Major," by d'Ambrósio; "Clair de Lune," by Debussy; and other selections.

Formerly a student at the Juillard Graduate School in New York, she is now studying with Philip Williams. She is majoring in music.

Miss Graham was graduated from Cisco High School in 1943.

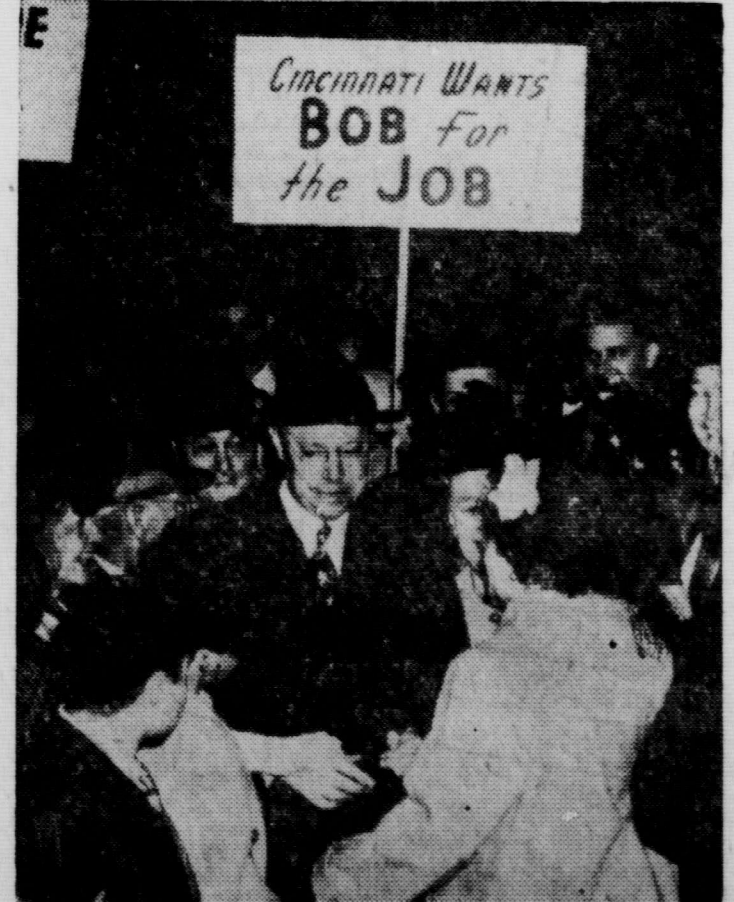

Cisco Student Is Victor in Legion Essay Contest

Carole Phippen, daughter of Mr. and Mrs. Luke Phippen, a junior in Cisco High School has been notified that she is the winner of an American Legion sponsored essay contest in Fort Worth.

Her essay, on "Our Great American Heritage — Liberty," has been sent to Austin for state competition.

Carole is an honor student, head majorette of the Lobo Band, first place state winner, the school's basket ball sweetheart, art co-editor of the high school annual and junior class favorite.

SENATOR TAFT WELCOMED HOME

Senator Robert A. Taft, under "Cincinnati wants Bob for the Job" banner is welcomed home by Cincinnati friends after two-weeks speaking contest with Harold Stassen for Ohio convention delegates. Ohio voters go to the polls May 4, and some experts predict it will be nip and tuck between Senator Taft and Mr. Stassen. (NEA Telephoto).

Per week (by carrier) .15c
No discount on carrier-delivered yearly subscriptions when paid in advance.

Foot Health Week

America's calendar, knee-deep in such fascinating observances as National "Don't-Hit-Your-Mother-in-Law Week," "Pay-Your-Dentist-Week," and "Eat-More-Eggs Week," is now ready to stagger into "Foot Health Week." May 22nd to 29th — an annual tribute to bunions, brogans and boots by everybody with an axe to grind or a corn to cut.

Podiatrists, who specialize in toying with toes, have been holding what is happening for years over and female. With the zeal of ter Kinseys, they have been making surveys, compiling statistics and drawing inferences, all of which have led up to a series of recommendations, which, if followed, will keep your feet happy regardless of position and psyche. Here are their rules:

1. Choose a shoe that really fits your feet. Don't give your toes have 3-4's of an inch of free room in the shoe. Be certain to get a snug heel fit, to prevent turning your shoe into a chafing dish.
2. Specialists stress the need for a leather sole to provide flexibility of allowing your feet to "breathe." Until we are born with feet that don't perspire, say the "pers," should be used to bring in air, to prevent "invisible hot-

foot" and to let staleness and moisture escape.

3. Pay attention to size of socks and stockings, which should be almost an inch longer than your feet. Short stockings will constrict toes, keep them hotter than need be, prevent a normal walk and make you a very disagreeable person indeed.

4. Walk as though you had a purpose in life — with your heels straight ahead. If like many thousands of people you bear down more heavily on one foot than the other, you upset body balance, distort posture and destroy the benefits of even the best shoes in the world.

5. After you have finished drying your feet, move some furniture up into the attic, done a few otherwise enjoyed a leisurely evening at home, try some simple exercises in each foot which have cut out the nonsense. Here's one, takes in foot-ear selection and bad walking habits: In your bare feet walk with the weight on the outer edges of your feet, arches lifted, steps at first. Then as your feet become accustomed to the exercise add two steps daily until you find it's beginning to interfere with your work. Your stride and your posture will benefit — if you live.

Remember that no matter what you think of your feet, they have an opinion whatsoever of you. So you treated them as just as well if they themselves during Foot Health Week!

Candy Taster Gets Paid for Work And How He Thrives on Eating It!

NEW YORK (UP)—Peter Laureys is one of those happy men whose childhood dreams came true. He gets paid for eating candy.

There are only a handful of jobs like Laureys' in all the United States. He is a candy taster.

Every day he checks in at 10 a.m. ready for another hard day of nibbling chocolates and licking lollipops.

For the benefit of a curious and envious throng, Laureys, a beaming man of 53, donned the white jacket worn by candy tasters and went through his daily routine. From a conveyor belt he plucked a chocolate, bit into it, raised his eyes dreamily and meditated.

His Taste Knows announced. "The fondant (cream base) is a little thick but otherwise all right."

Then he yanked a lollipop from the belt, held it up to the light. He flicked it with the tip of his tongue.

"Umm," he said, "should be as clear as glass and smooth as a

mirror. This is a little clouded." Instructions went down the line of operators of the chocolate and lollipop mixtures.

AT IT FOR 50 YEARS Laureys has been working in candy kitchens since he was 11 and almost five decades of experience have given him the ability to detect any variation in the 11 basic candy formulas.

He can tell the area in which any cocoa bean was harvested (Brazil, Gold Coast or Java) and he is an acknowledged authority on new techniques of candy making.

His spare-time hobby is fooling home and teaching housewives to make jellies, whips ice creams, candies and to bake and roast nuts.

Home Work Pays Off This candy homework paid off well for Laureys a few years ago when he discovered how to make the fondant without heating it first. Until then, the mixture of sugar, corn starch and water had always been heated, adding a time-consuming operation to candy making.

Laureys sold the principle to his employers, Loft's, for a good fortune.

On any given day, he said, he tastes at least 500 chocolates. From the best of the batch he selects one pound and eats all of it down to the last fragment.

"And if I go to the movies at night," he added, "I always take a her of hard candy with me." He claims he is losing weight!

Chickenpox Can Be Serious If Not Confined

AUSTIN, May 4.—With the incidence of chickenpox one hundred per cent higher than records indicate for a seven year median, Dr. Geo. W. Cox, state health officer, issued a statement declaring, "It is a great mistake to treat even light cases of childhood diseases such as chickenpox, measles, mumps, scarlet fever or whooping cough as though they did not amount to much. That sort of treatment makes it possible for these diseases to spread and cause serious outbreaks among children and their resulting impaired resistance makes them easy victims to other forms of infection."

"Some of the most serious outbreaks of chickenpox have been traced to mild cases—that is, cases so light that the doctor was not called."

In some instances the children have continued to go to school and to associate and play with other children. In others, after they have been kept at home for a few days, they have returned to school and have scattered these germs among their schoolmates. Strict isolation of chickenpox patients is the only means by which the spread can be controlled and parents should cooperate fully in isolating a child as long as the doctor thinks it advisable."

The state health officer said that the family doctor is the best

judge of the seriousness of such childhood diseases, and suffering and anxiety will be avoided if the doctor's advice is sought and followed throughout the course of the illness.

"Fresher-Ized" Is Mead Bread New Slogan

Mead's Bakeries, located in Texas, Oklahoma and New Mexico, are launching a six-week campaign today to familiarize the public with a new "FRESHER-IZED" loaf of bread.

The campaign is getting under way simultaneously in the thirteen plants located in the three states. Through the campaign a new slogan, "It's new - it's better - it's fresher-ized," is being introduced.

The word "FRESHER-IZED" has been adopted by the bakeries to be used extensively in advertising and also on the bread wrappers. It was derived to refer to a new bread-baking process which preserves the fresh quality of bread in the wrapper, E. P. Mead, president of the corporation, said.

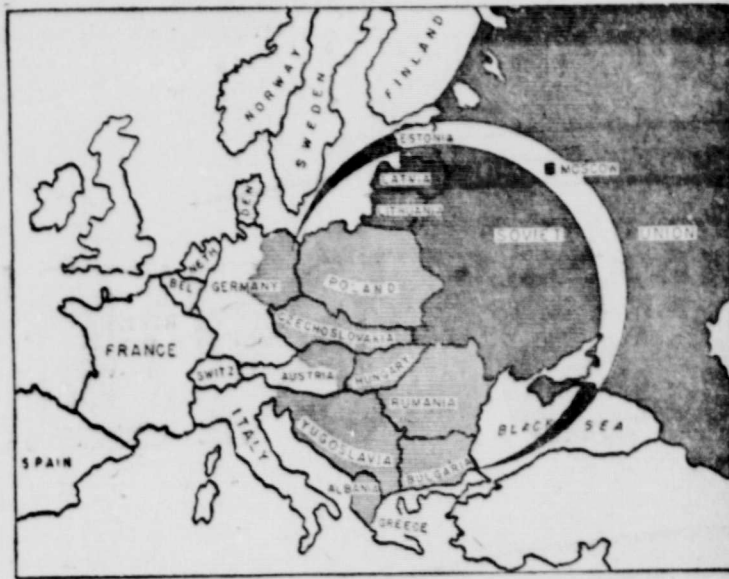

During the campaign, bakery salesmen will receive 50 per cent of the total increase of business. The only change in appearance of the bread wrapper will be the use of a band around the loaf stating it is new and "FRESHER-IZED."

Scranton Scores High In Track At San Angelo

Bill Pope, Scranton coach, brings in live news from his community by saying that the Scranton school girls were able to win 20 points in the Girls Track Meet at San Angelo, with Julia Wheatley winning first in the broad jump, second in the high jump and third in the fifty-yard dash. His school took second place in the 200 yard relay.

Those attending the event were Julia Wheatley, Patty Flemming, Sally Speegle and Doris Ingram. Troop 3 of Scranton is to have its first anniversary and a Mother's Day program this Thursday night. The boys plan along with the program to serve the mothers a steak supper.

CRESCENT CLOSING IN

EXPANSION OF COMMUNISM IN EUROPE—In timetable fashion, Czechoslovakia became the seventh state in eastern Europe to be engulfed by the red tide of Communism. The map shows the progress of encirclement. The schedule so far: March, 1945, Yugoslavia and Rumania; December, 1945; Albania; May, 1947, Hungary; September, 1947, Bulgaria; October, 1947, Poland; February, 1948, Czechoslovakia.

The speed and ease with which the Communists gained control in Prague may encourage them to take similar action elsewhere. Communism, like Fascism or Nazism and the other totalitarian ideas, seems unable to stand still. Where will it strike next?

Attempt to Smuggle Arms to Palestine

Joseph Untermeyer, left, 19, and Isaiah Warsaw, 30, at police headquarters in New York City where they were accused of preparing arms in relief packages being shipped to Palestine. They were arrested after a raid on a New York warehouse had uncovered a cache of weapons. (NEA Telephoto).

Civil Service Exams For Social Workers

Examinations were announced today by the U. S. Civil Service Commission for filling Social Workers and Medical Technical Assistant positions in Washington, D. C., and throughout the United States. The majority of Social Worker positions are in the District of Columbia Government in Washington, D. C.; Medical Technical Assistant jobs are largely in Federal prison hospitals throughout the country.

Salaries for Social Workers range from \$2,644 to \$4,149 a year. Positions of Medical and Psychiatric Social Worker, Child Welfare Worker, Social Worker in Public Assistance and in the Juvenile Court of the District of Columbia, and Parole and Classification Officer are included in the examination. To qualify for these positions, applicants must pass a written test, and, in addition, they must have completed college study in appropriate fields or have had experience in social work, or a combination of such study and experience. The detailed requirements for each position are given in the examination announcement. Applications will be accepted from students who expect to complete their courses by September 3, 1948.

Salaries for Medical Technical Assistants range from \$2,394 to

\$3,021 a year. To qualify, applicants must have had experience as hospital attendants, hospital guard attendant, or medical guard attendant; or as medical technical assistant or medical custodial assistant, in a prison or penal institution. In addition, they must have had training or experience in clinical laboratory technique, X-ray laboratory technique, or pharmacy. Active service in the Medical Department of the Army, Navy, Coast Guard, or Maritime Service, which included or was supplemented by training or experience in clinical

Send POST CARD Today KARO Syrup, Dept. 10D P. O. Box 4564 Plaza Sta., St. Louis 1, Missouri.

Look who gets squeezed!

Union leaders representing less than one-tenth of railroad employees reject recommendations of President's Emergency board—refuse to negotiate except on their own terms—threaten to paralyze nation by strike!

THE LEADERS of three railroad unions, representing less than one-tenth of all railroad employees, have called a railroad strike that would paralyze the nation.

These leaders refuse to accept a 15 1/2 cents an hour wage increase retroactive to November 1, 1947. This increase was recommended by an impartial Emergency Board appointed by President Truman.

This increase of 15 1/2 cents already has been accepted by the 19 other railroad unions. But the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen and Engineers, and the Switchmen's Union of North America won't accept what more than 90% of all railroad employees have accepted. They have called a strike to get more!

Unions refuse rules discussion Certain rules change demanded by these union leaders—which would increase wages still further—were recommended by the Board. But the union leaders want more—they demand that the railroads put into effect ALL the changes they asked for, including those the Board felt should be denied. On top of this, they insist that certain rules changes proposed by the railroads be withdrawn—in spite of the fact that the Board recommended them! These union leaders have refused to negotiate except upon these arbitrary terms.

Greater wage increase not justified Engineers and firemen are among the highest paid of all employees in America, as figures in the box show. This strike threat doesn't justify giving a greater increase than other railroad workers received. Emergency Boards are a means provided by the Railway Labor Act in the public interest to avoid strikes. The President's Board, after hearing evidence for 33 days, made recommendations based on all the facts in

They have dictated a paralyzing railroad strike.

You will be the victim! How long will the American public stand for the undemocratic, arbitrary, and abusive use of the right to strike and the disregard of the obligation to provide transportation? How long can the American people permit a few dictatorial union leaders to defy the processes provided for peaceful settlement of disputes?

Force seldom produces settlements that are either fair or lasting. Moreover, a point is often reached when personal interests must be held subordinate to the greater public welfare. That is why the railroads have accepted the Emergency Board recommendations. That is also why the leaders of these three unions should reconsider their decision to call a paralyzing strike.

Compare these wages with what you make!

SOCIAL and CLUBS PHONE 77

BUSINESS WOMEN MET AT CHURCH TUESDAY.

Mrs. Algie Skiles was hostess Tuesday evening when Business Womens Circle of First Baptist Womens Missionary Society met at the church for regular meeting. Mrs. Paul Poe, chairman, presided and opened the meeting with prayer by Miss Mayme Estes.

Minutes of previous meeting were read and approved. Treasurer's report was made and monthly assignment - to visit new residents and sick people - was announced. Correspondence and a card of thanks was read by Mrs. H. N. Lyle, secretary. It was voted to subscribe for the Royal Service magazine and have copies sent to Mrs. Barton Philpott, missions chairman.

The program was then presented as follows: Song, "Onward Christian Soldiers" by the group; devotional, Mrs. Barton Philpott; lesson presented by Mrs. Paul Poe. The program closed by all joining in singing "Blest Be the Tie That Binds," led by Mrs. Truly Carter.

During the social hour following refreshments were passed to Mrs. W. D. Brecheen, Mrs. Truly Carter, Miss Letha Estes, Miss Mayme Estes, Mrs. H. N. Lyle, Mrs. Paul Poe, Mrs. Barton Philpott, Mrs. Gorum Pollard, Mrs. E. L. Pugh, Mrs. Mack Stephens and the hostess, Mrs. Skiles.

SURPRISE BIRTHDAY DINNER IN LENZ HOME.

Henry A. Lenz of 1605 Fir street and his nephew, Alfred Lenz of Romney, were honored Sunday in the home of the former with a surprise birthday dinner. Covered dishes of food were brought by relatives participating and the affair was indeed a surprise to the honorees. Conversation was enjoyed by the group during the afternoon.

Those present were: Mr. and Mrs. Gus Lenz, parents and grandparents of the two honorees; Mr. and Mrs. Mike Berger, Shirley Berger, Mr. and Mrs. A. O. Lenz, Alfred, Richard and Patsy Lenz, August Lenz, Mr. and Mrs. J. E. Johnson, Donald, Anita and Jerold Johnson, Mr. and Mrs. Drayton Lenz and Kenneth; Mr. and Mrs. Stewart Slaton, Jerry and Larry all of Cisco and vicinity; Mr. and Mrs. Dolphard Wilson and sons, Ray and Wilbur of Inadale; and Mr. and Mrs. Henry A. Lenz, Joy and Mona Lenz.

GARDEN CLUB'S FINAL MEETING OF YEAR

Cisco Garden club held the final meeting of the club year Monday afternoon at the Women's club house. Mrs. J. P. McCantles was in charge and Miss Alice Bacon was afternoon hostess. The room was attractive with a beautiful flower arrangement of roses, peonies and iris.

The meeting was called to order by the president for the business session. Minutes and membership roll were read by Mrs. D. E. Waters and Mrs. J. W. (Bill) Fields was welcomed as a new member. It was mentioned that all who were not present who would like to have their names in the year book, can con-

tact Miss Alice Bacon at 904 W. Seventh street.

The meal was then served buffet style with guests seated at the dining table and a folding table while eating. Invocation was offered by Mrs. O. L. Mason.

Following luncheon, while the guests were seated at the table, a business session was held. Preceding the session Mrs. C. S. Surles brought a splendid devotion from the Book of Luke, chapter 24, closing her remarks with a prayer. At the close of the business session, birthday gifts were brought in and presented to Mrs. O. L. Mason and Mrs. Cecil Halbert, the two honorees of the occasion. After a period of conversation the meeting was adjourned with prayer by Mrs. Mason.

Those present were: Mrs. O. L. Mason, Mrs. J. P. McCantles, Mrs. W. D. Scarlett, Mrs. W. R. Winston, Mrs. W. W. Moore, Mrs. Joe Wilson, Mrs. James Flournoy, Mrs. L. E. Griffin, Mrs. C. A. Dueschle, Mrs. D. E. Waters, Mrs. J. P. McCantles, Mrs. Charles Speers, Mrs. Edward Keough, Mrs. A. J. Olson, Mrs. Zed Kilborn, Mrs. R. W. Daniel, Mrs. J. W. Fields, Mrs. Eugene Lankford.

TWO WERE HONORED AT LUNCHEON MONDAY

Celebrating the birthdays of Mrs. O. L. Mason, teacher of Lydia Sunday school class of the First Baptist church and a class member, Mrs. Cecil Halbert, the class met for a covered dish luncheon Monday in the home of Mrs. J. V. Heyser Sr.

Decorations, carrying a May-day motif were emphasized in the dining room where the table centerpiece was a ladies spring hat placed up-side down and filled with lovely pink roses. Plate favors of mints were made in the shape of hats. Beautiful bouquets of roses, iris and pansies were placed artistically about the living room and other rooms of the attractive house.

A nice tray of food was sent to a class member, Mrs. W. H. Hall, who had the misfortune to

IF YOU'RE BUILDING A NEW HOME

MORE and hotter water will keep the wheels of housework turning easily and quickly.

Automatic home laundry machines require 20 to 30 gallons hot water for 30 minutes' to one hour's operation—compared to 12 gallons required in usual washing machine.

Automatic dishwashers use 10 gallons hot water per load—compared to three gallons used in the average sink.

Housekeeping in modern homes calls for twice as much hot water.

As a service to home builders, a committee of leading home economists prepared the new Sizing Chart for Automatic Gas Water Heaters.

Select Automatic Gas Water Heater By the SIZING CHART

SIZING CHART for automatic storage gas water heaters		
Number Bathrooms	Number Bedrooms	Storage Capacity Gallons
1		
1	1 or 2	30
2	3 or 4	40
2	2 or 3	40
3	4 or 5	50
3 or 4	3	50
	4 or 5	75

THE CHART is based on the size of your new home rather than on the number in your family. The size water heater recommended for your new home assures hot water for guests and emergencies. It also permits simultaneous use of the majority of hot water appliances and fixtures you install... or plan to install later.

An automatic gas water heater in the size recommended for your new home is available with a rust-proof tank. With Lone Star Natural Gas Service, it will make the wheels of housework turn easily and quickly—for the lowest possible cost.

See the new automatic gas water heaters now on display.

A "star" in any car!

If you're "shooting" for smoother engine performance... for less added oil between drains... make a date, today, to OIL-PLATE... with Conoco Nth Motor Oil!

You see, Conoco Nth (Patented) contains a special, added ingredient that fastens extra lubricant so closely to metal that working parts are OIL-PLATED.

This extra OIL-PLATING stays up on cylinder walls, won't all drain down, even overnight! That means your engine is extra-safe from harmful combustion acids... extra-safe from "dry-friction" starts... extra-safe, too, from sludge and carbon caused by wear.

For "star" performance... extra protection, more miles per quart...

Make a date to OIL-PLATE!
