NUMBER 146

PEOPLE and THINGS

By J. W. S.

ONE OF THE very prettiest songs we know is Joyce Kilmer's "Trees." And Miss Rena Belle Bible, local student, did a very swell job of singing it at the Lions Club yesterday. She was accompanied in the piano by Miss Lovell Paul.

EVERY TIME we hear "Trees," we're reminded of the writer's returns from it. We've read that this lovely song netted him less than \$20. The song now is a favorite everywhere it is sung. And it seems a shame that the writer of such beautiful music and words never realized the returns comparable to the work.

"HOME ON THE RANGE" is another favorite tune. The story we heard regarding it is interesting. The song was first introduced in New York at a theater. The audience virtually held its breath until the singer finished. Then the applause lasted for a full five minutes. The song was repeated twice before the theater could go on with the program.

IT WAS SUPPOSED to have been the late President Roosevelt's favorite song. This may have been press agency. In any event, it's a fine tune. Speaking of the late president, have you ever heard a radio speaker who could approach him in eloquence? We've heard it said that "when FDR speaks, even the static subsides."

REV. DICK CREWS, pastor of the First Baptist Church, says that he will not be too surprised if members of his softball team toss things at our windows. Yesterday's league standing report in the Press didn't do them justice. They've played four games, won three and lost one. What is more, they're tied with games of the First Baptist crew.

MRS. A. G. ARNOLD, Sr., of 200 East 23rd St. is having the Daily Press sent to her sons, Wayne and A. G. Jr., at Pecos. Both sons are employed by the railway express there. Mrs. Arnold says she can think of a better gift to send them, since both boys were raised here and delivered the Press for several years.

THEY'RE POURING tea down at the A&P Grocery these days. In fact, they've been pouring it constantly since last Friday. A new display they have installed features a tea pot pouring tea into a glass. And the glass never seems to get full.

THE MERCHANTS Credit Association, which was scheduled to meet tonight, has been postponed for one week. The postponement was decided upon after it conflicted with a picnic of the Gallagher Clay Products Co., in which several merchants are stockholders.

COLORADO'S MOUNTAINS BEGIN YIELDING PEAT

DELTA, COLO. (UP)—A new industry is rising from the spongy high-altitude meadows in Colorado's mountains. It is the harvesting and processing of peat moss, used to hold moisture for dry-land farming and landscape gardening. From a 65-acre bog two miles above sea level on Grand Mesa in western Colorado the newly-formed American Peat Corp. is scraping the mulch.

WHAT'S DOING

- Thursday. Rotarians Luncheon at College Cafeteria.
- Thursday night Methodists vs. East Baptists and West Texas Utilities vs. Junior College.
- Gallagher Clay Products picnic.
- Friday. Christians vs. Methodists, and Scranton vs. Boyd's.
- Baptist picnic at Lake Cisco, 6:45.

Cisco Youth Graduates in U. S. Naval Training Center

The Navy Department has recently notified Mr. and Mrs. M. M. Farmer of Cisco, in a naval communication, that their son, Will Frank Farmer, was graduated upon completion of his training in Electronics Technician (Pre-Commissioning) at the U. S. Naval Training Center, located at Great Lakes, Illinois. The communication stated further that Seaman Farmer was one of the ten highest honor students, being eighth of one hundred-one, and was commissioned to the rank of Third Class Petty Officer, in a graduating ceremony held in the auditorium of the base, May 14. His parents have received the certificate from the navy department formally announcing his commissioning.

WILL FRANK FARMER.

Farnsworth, Greenhaw To Enter Ft. Worth Telephone School

Jim Farnsworth, son of Mr. and Mrs. M. P. Farnsworth, and Bill Greenhaw, son of Mr. and Mrs. Hugh Greenhaw, have just returned from Ft. Worth, where it is said, they have both passed the Bell Telephone Company's physical and mental exams for entrance into the company's electricians school. Farnsworth and Greenhaw are both graduates from Cisco high school and up to graduation, have been attending Cisco Junior College.

They are to report for duty and study June 7, where they will go through an intensive course in the school's electricians field. Upon completion of their two weeks course, they will then be given field positions by that company.

Grain Harvest Gets Underway in Taylor County

ABILENE, June 3. — Combines started humming yesterday as the harvest was resumed after being halted by showers the past week. And it's a pretty tune the combines are beating out for farmers in that wheat yields are much better than expected.

Early cuttings in some of the better wheat would indicate yields up to 20 bushels per acre, which far exceeds the fondest expectations in Taylor county. The yield is going to be about double that expected.

Row crop farming also is being resumed and in most vicinities there is ample moisture for planting. Where crops were already up to a stand, they are showing to a good advantage — especially feed. There is very little early cotton. The rains have improved the de-

LEAGUE RULES FOR SOFT-BALL UMPIRES

In view of recent protests the ABC softball commissioners have authorized the Daily Press to publish the following league rules and by-laws pertaining to the duties and authority of the umpires. The rules have been considered carefully, and it is known that the success and outcome of the ABC athletic organization of Cisco depends somewhat on their observance.

- (1) Umpires at the ABC softball games have full and complete authority on all decisions affecting game play.
- (2) The umpires are responsible, at all times, for the conduct of the game; in seeing that the game is started on schedule, with no unnecessary delays allowed; and that the game is played in a sportsmanlike manner.
- (3) All field decisions made by the base umpires are final, as

mand for livestock, especially on the stock farms where there is going to be grazing as soon as the harvest is over. Some sudan grass already is making grazing in many areas and with fat cattle high, stock farmers are going to stock with more livestock.

Sheep shearing is interfering with J. D. McGaha's plans to attend the Spur Cowboy Jubilee rodeo which opens today. A native of the Spur sector, J. D. had planned to attend the rodeo there, but showers delayed sheep shearing to the extent that he is going to be busy around the ranch. He is associated with his father-in-law, Sam Cox, of Abilene, in ranching southwest of town.

Farmer Found Dead Near Rising Star

HAMLIN, June 3. — C. F. Dickson, brother of Mrs. S. C. Ferguson, of Hamlin, was found dead on his farm near Rising Star Tuesday afternoon.

Funeral was held at Barrow Funeral Home with Dr. Will C. House, pastor of the First Methodist church, officiating.

Mr. Dickson lived alone on his farm. Survivors include two sisters, Mrs. Jack G. Smith of Colorado City and Mrs. Earl Powell of Fort Sumner, N. M.; and a brother, Edgar W. Bounds, Seguin.

Civil Service Exams For Patrol Inspector

Applications for the position of Patrol Inspector (Trainee), paying \$3,021 a year, are being accepted by the Executive Secretary, Board of U. S. Civil Service Examiners, Immigration and Naturalization Service, Temporary Building "X", 19th and East Capitol Street, Washington 25, D. C.

Patrol Inspector (Trainee) positions are located in various cities and towns in the vicinity of land of the United States. To qualify for these positions, applicants must pass a written test and may be required to appear for an oral interview relative to their personal qualifications for the job. Superior physical qualifications are required since the work of the Immigration Border Patrol is performed under rigorous and unusual environmental conditions. Eligibles selected for appointment will be given an intensive training course lasting from 1 to 3 months. At the end of one year of satisfactory service they will be promoted to the position of Patrol Inspector, paying \$3,397 a year. Age limits are from 21 to 35 years (21 to 45 years for persons entitled to veteran preference).

Interested persons may secure information and application forms from the Commission's Local Secretary, Sam E. King located at Cisco P. O., from Civil Service regional offices from the U. S. Civil Service Commission, Washington 25, D. C., or from the Executive Secretary of the Board of Civil Service Examiners at the above address. Applications must be received by the Executive Secretary not later than June 22, 1948.

League Rules for Soft-Ball Umpires

made by him at the time the play occurred.

- (4) Protests or appeals on a decision should be handled only by the team manager or team captain.
- (5) In the event of unsportsmanlike conduct by a player or manager upon the field of play, he is subject to ejection from the field by the umpires, if in his judgment such actions are necessary.
- (6) All protests as to the eligibility of players should be directed to the softball commissioners and not to the umpires as they are responsible for calling the game only.
- (7) All eligibility protests should be handed to the ABC president, Charlie Burke, who will in turn submit the protests to the softball commissioners for action or reply.

NOTE: All umpires are on a voluntary basis.

DIVERS CLEAR UNDERWATER HAZARDS

A civilian diver, arrow, starts the treacherous descent into the roadway at Vanport, Oregon, to clear autos and debris from the path of rescue and salvage boats. At this point the raging flood waters cut through the highway and flooded thousands of homes. (NEA Telephoto).

SHERIFF'S DEPARTMENT NOT ACTING AS CONSTABLE.

Pentacostal Church Begins Revival June 8

A revival will begin at the Pentacostal church, 400 west 17th street, Tuesday night, June 8, under the supervision of the local pastors, Mr. and Mrs. J. E. Blackwell.

During the first three nights, Rev. Eugene Garrett, noted evangelist of Houston, will pray for the sick and afflicted, these nights being given exclusively to the ministry to the sick. The public is cordially invited to attend these services, it was stated. Rev. Mr. Garrett will only be in Cisco the three days, going on to Amarillo.

Rev. Frank Strubbing of San Antonio will do the preaching. He is pastor of the Kirk Place church in that city.

The pastors, Mr. and Mrs. J. E. Blackwell issue a hearty invitation to all attend this meeting.

Airport To Be Disposed of At Victoria, Texas

Opportunity for government agencies and subdivisions to acquire a multi-million dollar airport was provided today in a War Asset Administration announcement that the Aloe Army Air Field near Victoria is up for disposal.

Applications for the federal government's airport property on the field will be considered by WAA's regional office until June 15. Under provision of public law 289 states, political subdivisions and municipalities have priority rights to take title to the field without reimbursement by contracting to maintain it as a public airport.

The WAA's Grand Prairie office of real property disposal has indicated that Victoria County is interested, and is expected to take steps to assume operations of the surplus field. The Aloe field is regarded as one of the major airport properties still in WAA inventory.

Federal, state and local government agencies in addition to the schools and other non-profit institutions are invited to submit applications for several airport buildings of the Galveston, Texas, Army Air Field, according to announcement by the regional War Assets Administration office.

The priority claimants will have until June 7 to acquire the buildings for use in place under terms and conditions of congressional law 289. Proposals should be directed to the Grand Prairie office of real property disposal, box 6030, Dallas.

In 1894, Boston became the first city to establish a regular system of medical inspection of school children.

First Baptist Church to Have Picnic Friday

Tomorrow evening at 6:45 members of the First Baptist church will gather by families and have a picnic at the lake park. Each family is to bring basket lunch.

Those who do not have a way to the park will come by the church and there will be cars to take them. Those who have room in their cars, will go by the church and carry some of those who do not have a way.

This is to be a time of fellowship and fun among families and friends. Each and every member of the First Baptist church is invited to be present on this occasion.

Eastland County Red Cross Chapter To Elect Officers

The annual meeting of the Eastland County Chapter, American Red Cross, will be held at 10:30 a.m., Thursday, June 10th, in the Red Cross office on the first floor of the Sinclair-Prairie Building. This meeting is being called for the election of officers and the discussion of any other business which may come before the chapter.

All chairmen and committee members are urged to attend this meeting, according to the announcement of Mrs. Wynelle Durden, office secretary.

HAS PROUD VOTING RECORD GLOVERSVILLE, N. Y. (UP)

Adelmar Pooler, 97, hopes to keep up his voting record this fall. Pooler, an enrolled Republican, says he has voted in every election since casting his first ballot at the age of 21.

Registration in high schools and colleges in the United States more than doubled between 1898 and 1914.

First Baptist Church Goes Over Top

At the First Baptist church Sunday when a voluntary contribution was sought to the amount of \$1,000 to finish payment of \$8,500 for the property purchased adjacent to the church building on the west,

Blowing in of Bransford Well in Cisco - Eastland Area Promises Big Development in That New Oilfield

Considerable excitement was occasioned in Cisco as well as Eastland yesterday when news came of the blowing in of the Bransford No. 1 well about seven or eight miles southeast of Cisco and five miles southwest of Eastland. The unexpected flow of this well which is said to have sprayed oil over the derrick and covered grass for 75 feet in every direction, gives promise of a deep oil field in that section, according to A. C. Jones who owns land about one mile south.

Flowing through a five and three-eighth inch casing from what is believed to be the Caddo, the A. L. Andree et al. No. 1, J. H. Bransford, approximately five and one-half miles southwest of Eastland in the Mangum community, yesterday promised new activity for this area.

The No. 1 Bransford was completed about 30 days ago and bridged over after being given a shot. When driller R. J. Reynolds removed a steel plug Tuesday morning about 11:45 to check on fluid in the hole, the well blew in and started making heads through open casing.

The well continued to flow in semi-heads until in the afternoon when a control head was put in to control the flow until storage could be placed on the site.

The No. 1 Bransford is located in the northeast quarter of section 7, block 3, H&T Co., and the total depth is 3,305 feet. The pay is believed to be at 3,020 to 3,080. There is old shallow production some two and one-half to three miles east in what is known as Pumpkin Center community.

Stassen Choice of Texas Town For Next President

NEW YORK, N. Y., June 3. — Harold E. Stassen is the choice of students at North Texas State College, Denton, Texas, for the presidency of the United States in next November's elections. North Texas State was one of the first schools to vote in the nationwide presidential poll being conducted by Varsity magazine among college men and women. The Republican party was named as the winning party in the coming elections.

Of the 289 votes cast by the students, Mr. Stassen received 131; President Truman, 87; Dwight D. Eisenhower, 48; Thomas E. Dewey, 12; Henry A. Wallace, 5; Robert A. Taft, 9.

Party preferences according to the presidential poll were as follows at North Texas State: Republicans, 129; Democrats, 126; Third Party, 15.

Final results of the poll, taken in more than 350 colleges and universities will be announced shortly before party conventions in June.

Pioneer Air Lines Given Aviation 1947 Safety Award

The National Safety Council today awarded Pioneer Air Lines which pass through Cisco the council's 1947 aviation safety award for the third consecutive year.

Ned H. Dearborn, council president, notified Pioneer president Robert J. Smith, that the award had been made on the basis of completion of the entire year's operations without an accident.

Pioneer, which started service on August 1, 1945 has never had a passenger fatality and more than 35,000,000 passenger miles recently was completed by the company.

Plans are being made to have Mr. Dearborn or some other official of the council to present the award to Pioneer in a ceremony at the Houston offices of the company.

"We are justifiably proud to receive the National Safety Council award for 1947 and it will be our goal to earn this award every year," Mr. Smith said.

Pioneer was the nation's first community airline and is now the largest with routes covering 2,200 miles to 24 cities in Texas and New Mexico.

The airline is now flying more than 2,000,000 passenger miles per month. More than 115,000 passengers have been carried by Pioneer, Mr. Smith added.

Jaycees Sponsor Rat Extermination Campaign in City

Another Jaycee sponsored rat extermination campaign will begin Tuesday it was announced today. M. Wilson of the Federal Interior department will conduct the campaign of poisoning these pests.

There have been several campaigns in Cisco recently and merchants generally have supported the campaigns by donating to the cost of same.

It is a campaign that must be more or less community-wide to be effective, since rats will flee to other premises when dead rats begin to appear in a building.

There is no pest in the nation that is more dangerous or destructive since rats carry all kinds of diseases and germs taken from the filth through which they travel, and the damage to grocery and feed stores where they ruin and damage stocks is almost unbelievable, statistics show.

Beloved Man of Eastland County Gone To Reward of Near Century of Living

Judge D. K. Scott, nearly 93 years of age and a citizen of Cisco for 49 years, passed away last night at 11:30 after being in rather feeble health for nearly a year.

Funeral will be held at the First Christian church of which he was a member, at 2 o'clock Friday afternoon with Rev. Richard Crews officiating. Burial will follow in Oakwood cemetery beside his wife whose death occurred last October 1 at the age of 90.

There will be a Masonic ceremony at the graveside with Wm. Reagan in charge of arrangements, Thomas Funeral Home has charge of the body.

Pall bearers will be B. W. Patterson, Earl Conner, Sr., L. B. Wilson, C. S. Karkalits, R. E. Grantham and Frank T. Yarger.

Judge Scott was said to be one man at least in Cisco of whom no one ever spoke evil. He had thousands of friends in this section in which he has lived and practiced law during the past 63 years.

The grand old man had practiced law in Cisco for the past 48 years and was a leading lawyer in Eastland for thirteen years prior to moving here.

Judge Scott was born in Jefferson, Ohio, August 7, 1855, coming to Dallas in 1872. He was in the mercantile business after moving to Eastland, but studied law and was elected county judge in 1888.

Having been a corporation lawyer most of his life he represented the H. & T. C. railroad in the disposal of 350,000 acres of land for them. Being the leading lawyer in a town he would naturally get the biggest criminal cases. Old settlers will remember him as the leading defense lawyer in some noted cases of the state during early days of this part of Texas.

The judge is survived by three daughters. They are Mrs. Sam Baugh, Cisco; Mrs. Sam Hines, Dallas, and Mrs. W. S. Charles, Charlotte, N. C.

He is also survived by eight grandchildren, seven great grandchildren and one great great grandchild.

Robt. J. Poe Graduates At Oklahoma A. & M.

STILLWATER, Okla., June 3. (Special) — Robert J. Poe, a graduate of Cisco high school, was one among 171 students who received diplomas Tuesday, May 25, when the first joint commencement exercises were held for those enrolled in the Oklahoma A. & M. College's two-year specialized training courses.

Special certificates were awarded the young men and women who chose the two-year curriculum as a means of acquiring a thorough specialized training in business or technical field leading to immediate employment.

A. and M.'s School of Intensive Business offers two years of specialized work in either stenography, bookkeeping and machine operation, or in small business operation and management.

Technical training fields open for two-year intensified study include diesel, automotive mechanics, aircraft mechanics, electrical and others.

'Twas VALEVARD NIGHT.

BOSTON (UP) — For Yale night at the Boston Pop concerts it was necessary to arrange some of the college songs for the orchestra. The arrangements were made by a Harvard graduate.

Per year in advance (Cisco, by mail) \$5.50 Per week (by carrier) .15c No discount on carrier-delivered yearly subscriptions when paid in advance.

Forecasting the Price Trend.

Will commodity prices go up? Go down? Stay where they are? Newsweek recently asked 50 leading economists, connected with business, labor, governmental, statistical and educational institutions to forecast the price trend for the balance of the year. Twenty-six thought prices would continue upward; 14 said they will remain about the same, and the remaining ten believe they will be lower by the year's end.

Averaging the answers, the consensus is that prices won't change substantially one way or the other. That may be a disappointment to the consumer, who has watched his dollar shrink like wool in water, but it is completely understandable. Spending—by government business, and the individuals—goes to higher and higher peaks. The vast sums being spent for foreign aid and military purposes will further strain the supply-demand balance. And millions of Americans have a higher standard of living than they ever had before.

So, when you go shopping, don't expect to find a lot of bargains soon. What you will find, however, are merchants who sell you what you want at a far lower profit margin than most people realize. That is true whether you patronize the chains, the independents, the specialty shops, or anything else. The profits per sale are so small, generally speaking, that if they didn't exist at all it would make little difference in your purchasing power. Retail trade, whether we realize it or not, deserves much of the credit for the abundance that exists in this nation.

A Matter for the States.

A spokesman for a retail association, testifying before a Senate committee which has been considering proposed changes in the Federal wage and hour law, made some very sound observations. He pointed out that retailing, whether carried on by large or small stores, is essentially intra-state and local in character and, where circumstances make wage and hour regulation desirable, it should be administered by the states. Going on, he said that retailing must be immediately responsive to the desires of the buying public, and that Congress cannot control the whims and wishes of millions of individual consumers. Those wishes are the reason for the many variations in working hours which stores in different communities must observe.

A wage and hour law which established too high a minimum of pay, or a too-short work week, or which was arbitrary and inflexible, could be very serious problem to thousands of stores. On top of that, it could hurt the people it is supposed to protect by reducing opportunities for employment, especially among those without skills. And, lastly, it could give price inflation still another boost.

What is true of retailing is true of many other kinds of enterprise to some degree. It is one thing to prevent exploitation of the least experienced and least competent worker. It is a different thing to use the wage and hour law to throw the economy out of balance. And it is certainly true that regulation by the states, in most instances, will provide a far more realistic and workable policy than blanket regulation from Washington.

The Low Down From Hickory Grove.

For today the lecture is on OIL. What do you know about oil, says Henry. For one thing, I says, I know that all you have to do is drive up to the service station, and on the run comes Joe Guzman or Raleigh Cronan—down at a couple of our stations here at Hickory—and you get one gallon or ten gallons and no questions asked—or coupons. And the price is about half what it is in lots of places like Europe, etc., where the government is the Big Cheese in most kinds of business—and that is what I am concerned about—and the reason for this learned essay.

And everybody else should be concerned. There is talk springing up recently like about how maybe the government or the army should step in and clamp controls on oil—and which could land us in the same kind of fix they are in across the pond—where everything is a coupon and a skimpy one at that.

So folks, if you hear talk about Uncle Sambo elbowing himself into your favorite service station, don't let it go in one ear and out the other—dash off a line to your man there in congress. He knows if you are a voter. Don't put it off until manana—and you drive in for your next ten gallons, but get only two gallons.—Yours with the low down, JO SERRA.

Jews, Authors of Progress.

"An independent Jewish state may prove to be one of the most significant social and economic experiments of our age," Edward L. Throm, social science editor of the World Book Encyclopedia, said recently.

Present day Palestine, often called the Holy Land because it is sacred to the three great religions of Judaism, Christianity, and Islam, has been torn between old and new civilizations for the last 30 years. Ancient Arab villages are inconspicuous beside modern Jewish cities. The metropolis of Tel Aviv, founded by the Jews in 1909, is the second largest city in Palestine and the largest self-governing Jewish city in the world.

Throm pointed out that before the arrival of Jewish settlers under the terms of the 1917 Balfour Declaration, Palestine's agriculture and industry was at a minimum. The death rate was alarming, and few educational facilities were available.

Except near the coastal plains and inland valleys, which are much like Southern California, Palestine was a land of sandy wastes. The Jewish settlers bought wasteland from the Arabs and transformed it into rich farmland by the use of irrigation.

In the 1920's there were a few factories and wineries. Today there are thousands of industries which produce soap, chemicals, woodwork, cement, textiles, leather goods, and clothing. Jewish engineers dammed the waters of the Jordan and Yarmouk rivers and gave Palestine its first electric power station, completed in 1932.

The Jews have established bus and truck lines, improved old roads and built new highways. Since 1932 the construction of a merchant fleet has been in progress. Jewish demand and industry has

AMERICAN TROOPS QUIT KOREA

United States troops board a lighter to be transported to the USA transport, General Altercan at Inchon, Korea, destined for San Francisco. This is part of a streamlining of forces in Korea in anticipation of the eventual withdrawal after the establishment of the Korean government, which was elected in the May 10 balloting in Southern Korea. (NEA Telephoto).

resulted in a substantial increase of import-export trade. Chief sources in Palestine are limestone, rock salt, and sulfur. Quantities of natural gas have been found under the coastal plains by geologists, and deposits of potassium, raw wool, almonds and bromine, and phosphates are also available.

Throm believes that the Jews have made great accomplishments in the social and cultural field. Jewish-sponsored health services are available to both Arabs and Jews, and institutions carry on infant welfare work among Arab mothers. As a result, the Arab population has doubled in the last 20 years.

In 1920 there were only 244 schools in Palestine. Today there are some 1,000 schools which include 26 Jewish high schools and seven colleges. Education is compulsory for Jewish children, and almost every Jew can read and write. Only 15% of the Arab population is literate.

The World Book editor added that future Jewish development in Palestine hinges on the outcome of the present conflict. If the Jews are successful in the fight for an independent state, their progressive colonization may serve as a blueprint for planning development of other retarded Middle Eastern countries.

JUST ABSENT MINDED. MILWAUKEE (UP)—Andrew W. Brunhart, attorney, appeared at the police station to report his car had been stolen. The next day he shamefacedly made a retraction. He had forgotten his car was being repaired at garage.

INSULTED. MEMPHIS, Tenn. (UP)—Mrs. Wiley Carey couldn't understand why a man on a park bench was

wearing earmuffs while reading a newspaper on a bright sunny day. That is, until she looked around and saw a mob of school children playing nearby.

A Marvelous Gift for the Bride

Club Aluminum
HAMMERCRAFT WATERLESS COOKWARE

CLUB'S 25th ANNIVERSARY SET

6 Pieces **\$18⁸⁸**
REGULARLY \$21.20

COVER FITS BOTH

FULL FLAVOR

Not just ordinary aluminum... not just "waterless" cookware—but that famous, thick-molded CLUB ALUMINUM, with the "jewelry-store" hammered finish, that keeps the Full Flavor in your food (vitamins and minerals, too)... saves time and pot-watching... and cuts fuel costs. If you want an aluminum set that looks like silver, cooks like magic, and lasts a lifetime—here it is. An inspired gift, too.

Merit System Exams in Public Health Open

AUSTIN, Texas, June 3. — Competitive examination for positions in public health engineering with the Texas State Department of Health and affiliated local units has just been announced by the Merit System for the Texas State Department of Health. Examinations for public health engineering positions in the Engineering Division of the State Department of Health and local affiliated units, will consist of an evaluation of engineering experience and an oral examination. Veterans preference will be allowed applicants who have been honorably discharged from the United States armed forces,

and who make a passing score on the examination. Applications will be received continuously until further notice. Positions for which examinations will be conducted are: Junior Sanitary Engineering and Public Health Engineer. Qualifications required include graduation from an accredited school of engineering, professional license in Texas and experience in public health. Preference will be given those candidates who have college training in sanitary engineering and public health engineering experience. Entrance salaries range from \$2,700 to \$4,200 according to classification. Application blanks may be obtained from Russell E. Shrader, Merit System Supervisor, Littlefield Building, Austin, Texas. Seeds of the carob tree of the Mediterranean are supposed to have set the original jeweler's carat weight.

HOMELESS VICTIMS FIND REST

Homeless victims of the flooded city of Vanport, Oregon, spend the night on cots set up in Portland's American Legion Hall. Welfare agencies in the Portland area have found it necessary to make provision for some 30,000 persons who have been made homeless by the rising water of the Pacific northwest. (NEA Telephoto).

MEXICO CITY BUILDS HOTEL DE LUXE

MEXICO CITY, (UP)—One of the largest and most modern hotels in Latin America is scheduled to be opened here June 1.

It is the Hotel de Prado, an 11-story building with 600 rooms and

65 suites. It has enough murals and art work to qualify it as an art gallery and will be a virtual city within a city when completed.

The managing director, Luis Osio, said accommodations will include everything from single rooms to grand suites having 3 bedrooms, three baths, living room, dining room, library and smoking room. Osio claims that no two rooms in the hotel are exactly alike.

The modernistic public rooms have murals by such artists as Diego Rivera; the French artists Marcita Bloch and Pierre Val Parys Bourdelle, and the Mexicans Roberto Montenegro and Miguel Vovarrubias.

An outdoor swimming pool, a spacious roof garden and a street-level arcade including restaurant, coffee shop, soda fountain, gift shops, stores, barber shop, beauty

DENIES SALE OF HORSEMEAT

L. C. Boeker, packing house owner who has a contract to furnish all meat for the Houston, Texas, public schools, points out the city inspection stamp on the side of beef. Boeker denies that horse meat was sold the schools under his contract. (NEA Telephoto).

A PRECARIOUS PERCH

Fourteen stories above a San Francisco street, on a three-foot parapet, winds whip the skirt and hair of Mrs. Wong Loy, 41, who attempted to suicide after an immigration department decision to deport her. In lower half of the picture, police inspector Van P. Denike grasps the hysterical Mrs. Loy, arrow, as she fell full-length along the ledge to which she had been clinging for three and one-quarter hours. Note the firemen's net which would have caught her if she had fallen outward. (NEA Telephoto).

shop, flower shop, etc., also are in the building.

WOMAN U. S. ATTORNEY ADVISES LAW CAREER

LAREDO, (UP)—The only woman assistant U. S. district attorney in Texas likes her work and insists there is a definite place in law for women.

Miss Lou Nora Spiller of the Houston district attorney's office was here for a term of federal court. The attractive, brown-haired attorney said she noted a lack of prejudice from her fellow-workers against a woman holding such a position.

"They treat me like any man. Nor do they give me a lighter load to carry," she said.

SWANK HATS AID VETS.

BOSTON (UP)—Six original model hats by New York designers brought up to \$100 each when auctioned here to provide television equipment for Cushing Veterans Administration Hospital at Framingham. The sale realized \$1,500.

Neither botanists nor physicists can explain satisfactorily the process by which sap rises to the top of trees, reports Don Fowler, researcher of the Davey Tree Expert Co.

SUN PLAYS PRANK. WORCESTER, Mass. (UP)—The sun, shining through a goldfish bowl, set fire to a chair in Earl Lind's home. Two companies of

firemen were needed to quell the blaze. Aristotle's most famous pupils was Alexander The Great.

SABANNO

Everyone is all smiles since the good rains that fell the past few days and crops and gardens are growing nicely.

Mrs. Vance Gibson and children are moving to Big Spring in a few days. Dwane has already gone to his work there, but Mrs. Gibson remained here for a few days longer to take her parents, Mr. and Mrs.

J. W. Green to Oklahoma for a visit with Mrs. Green's relatives.

Sunday visitors in the W. E. Lusk home were Mr. and Mrs. Burrell Lusk and children who are moving to Cross Plains. Mr. and Mrs. Carter and his mother of Cottonwood.

Mrs. J. L. King returned Sunday from Dallas and Grand Prairie where she spent a few days visiting with her daughter and family. While there she attended, com-

mencement exercises where her grandson Wayne Webb was among the number graduating. Her grand daughter, Avanel Webb returned home with her to spend a few days. Another grand daughter, Marita Jane Webb of Cisco is also visiting her grand-parents and her cousin.

Misses Josie and Alma Morris attended the Fifth Sunday singing at Cisco Sunday afternoon.

The Home Demonstration club met Tuesday, May 25, with Mrs.

Edwin Erwin as hostess. Ten members were present and two visitors, Mrs. Sam Edwin and Miss Eula Lusk. We are always glad to have visitors. Mrs. Gage and Mrs. Oma Faye Thate demonstrated how to lay your pattern on material for cutting out a dress and several interesting things about sewing. They were the two delegates from the club to the clothing school taught by our home demonstration agent, Mrs. Helen Marquardt, a few days ago. Mrs. Edwin Erwin also demonstrated bed-

making and the club presented Mrs. Sam Erwin with a "Sunshine" shower. Next meeting will be in the home of Mrs. Aaron Gage on Tuesday, June 8 at 3 p. m.

DIES ON HONEYMOON.

SPRINGFIELD, Mass. (UP)—Thirteen days after he had married Norman Frey and Miss Eva Smalley, the Rev. Ralph Crandall officiated at Frey's funeral. The bridegroom died of pneumonia during his honeymoon.

PORTLAND FAMILIES EVACUATED

Portland, Oregon, Police Jack Fraser, right, and George Marshall, left, order an unidentified family to evacuate their Elrod Road home in North East Portland. More of this area is expected to be flooded in the next day or so. (NEA Telephoto).

METHODIST WSCS MET IN GENERAL MEETING

Methodist Women's Society of Christian Service met Tuesday afternoon at the church for regular business meeting and study following. The meeting was opened with group singing of "Tis So Sweet to Trust in Jesus," followed with prayer by Mrs. Phillip Pettit. Mrs. Carrel Smith, Society president, conducted the business session where reports of the secretary and treasurer were heard and routine affairs were transacted.

This meeting was then turned to Mrs. Paul Woods for the final chapter of "We, the People." A brief review was given by Mrs. Woods and a round table discussion was held after which the meeting closed by all members joining in the "Lord's Prayer."

At the close of the meeting a social hour was enjoyed and refreshments of cookies and punch were served to Mrs. Phillip Pettit, Mrs. Carrel Smith, Mrs. Joe Lovelady, Mrs. Paul Woods, Mrs. T. J. Dean, Mrs. D. P. King, Mrs. J. T. Anderson, Mrs. Wm. Joyner, Mrs. Sam King, Mrs. B. Z. Morehart, Mrs. G. P. Rainbolt, Mrs. Hiram McCanlies, Mrs. Ed Aycock, and Mrs. A. B. O'Flaherty.

At the close of the games refreshments of pie and coffee were served to approximately 40 people.

MRS. R. D. GUTHRIE HOSTESS TO CIRCLE Mrs. R. D. Guthrie was hostess when Circle One of First Baptist Women's Missionary Society met in her home Tuesday afternoon for regular meeting. A short business session was held and minutes of previous meeting were read by Mrs. G. B. Langston. The lesson on "Prayer" was then aptly presented by Mrs. Cecil Adams.

A social hour was held at the close of the lesson and a nice refreshment plate with drink was passed to Mrs. Roy Morrison, Mrs. G. B. Langston, Mrs. Cecil Adams and Mrs. Guthrie.

ANNOUNCEMENT MADE OF APRIL WEDDING In a quiet wedding held Thursday morning, April 29, at the home of the pastor of the First Christian church of Albany, Miss Nila Dean Goodloe, daughter of Mr. and Mrs. J. P. Goodloe of Richland Springs, Texas, became the bride of J. Q. Arnold Jr., son of Mr. and Mrs. J. Q. Arnold of Cisco. Rev. Aden officiated at the double ring ceremony which

was presided over by Rev. Aden. Thirty people were present at the luncheon.

DAUGHTER OF CISCO RECEIVED HONORS A Cisco reared young woman, Miss Floss Cogburn, daughter of Mrs. Annie L. Cogburn of Cisco, had the recent honor of being requested to address the graduates at the Academy of Arts in Memphis, Tennessee.

Miss Cogburn is president of the Memphis branch of "National League of Pen Women of America" and a luncheon honoring her was held recently at the Peabody hotel. She was presented a gold Insignia of the League and two dozen beautiful gladioli by members of the Memphis branch. Thirty people were present at the luncheon.

COUNCIL GROUP ONE WITH MRS. HAYNIE Group One of Womens Council of First Christian church met Tuesday afternoon for regular meeting in the home of Mrs. James Haynie. Mrs. J. F. Benedict presided and opened the meeting with prayer by the hostess.

Mrs. F. E. Shockley brought an interesting devotion from verse 1 of Psalm 122, discussing the topic, "The Church in the Christian's Life." Mrs. Benedict gave the missionary lesson from the book "World Evangelism." A short business session was held where routine business was looked after

and minutes of previous meeting were read by Mrs. Haynie.

At the close of the meeting, a social hour was held during which refreshments of ice cream and cake were passed to four guests, Rev. and Mrs. Richard W. Crews and children, Barbara and Ricky; and members, Mrs. J. F. Benedict, Mrs. F. E. Shockley, Mrs. J. D. Lauderdale, Mrs. Edward Brown, Mrs. A. L. Clark and Mrs. Haynie.

JOINT MEETING HELD LAST THURSDAY NIGHT A joint social meeting was held Thursday, May 27 at Laguna hotel, by the American Legion and Auxiliary. Report on the progress of the new Legion home in Cisco was made by H. A. Bible and Leon McPherson. Games of Forty-two furnished entertainment during the social hour which followed.

At the close of the games refreshments of pie and coffee were served to approximately 40 people.

MRS. C. S. SURLS WAS HOSTESS TO CIRCLE Circle Two of First Baptist Women's Missionary Society met Tuesday afternoon in the home of Mrs. C. S. Surles for regular meeting. Mrs. Jimmie Gee presided and opened the meeting with prayer by Mrs. Surles after which Mrs. Roy Pippen brought a splendid devotion.

The minutes of the past meeting were read by Mrs. G. M. Beene, secretary. A new member, Mrs. Frank Smith was welcomed. The assignment for the month, to visit new church members, was stressed by the chairman, who

then turned the meeting to the hostess for an interesting lesson from the book "Stewardship in the Life of Women." The meeting was closed with prayer by Mrs. Gee.

A social hour was enjoyed and refreshments of frosted punch and cookies were passed to Mrs. Roy Pippen, Mrs. Jimmie Gee, Mrs. Frank Smith, Mrs. R. H. Williams, Mrs. G. M. Beene and Mrs. Surles.

MISS FORD HOSTESS TO COUNCIL GROUP Miss Olga Fay Ford was hostess when Group Two of Women's Council of First Christian church met Tuesday evening in her home with Miss Alice Bacon presiding. Prayer by Mrs. Randolph Lee Clark opened the meeting and the devotion was brought by Mrs. J. S. Mobley from the second chapter of the book of Acts. Miss Marie Winston gave an article from World Call magazine entitled "Crusading in Town and Country." Miss Bacon then conducted the business session where routine business matters were looked after and minutes of previous meeting were read by Mrs. C. C. Greenhaw. The meeting was

closed by all joining in repeating the missionary benediction.

A social hour was held and refreshments passed to Mrs. E. Ford, Mrs. Randolph Lee Clark, Miss Marie Winston, Mrs. C. C. Greenhaw, Mrs. J. S. Mobley, Miss Alice Bacon, Mrs. C. W. McAfee and Miss Ford.

Ferguson's

During wartime research Procter & Gamble FOUND a sensational new washday miracle!

IT'S TIDE

You've never used anything like it!

Out of the vast new knowledge gained in wartime research comes Tide—an amazing discovery that brings you a wonderful new kind of washday. Tide does what's never been done before—washes clothes cleaner than any soap, yet leaves colors brighter! Tide is completely NEW and different . . . as you'll see for yourself the first time you try it. Tide's wonder suds billow up instantly even in hardest water . . . they look different . . . feel different from any soap you've ever used!

ONLY Tide DOES ALL FOUR!

1. Washes clothes cleaner!

Yes, cleaner than any soap made! No matter what soap you may be using now, Tide gets your whole family wash cleaner—even greasy overalls! Tide not only leaves clothes free from ordinary dirt, but actually removes dingy soap film as well!

2. Actually brightens colors!

Tide leaves no film to dull dainty washable colors. What's more, Tide removes film left by former soap washings—that's why color brightness perks up like magic after a Tide wash!

3. Never "yellows" white clothes!

Tide keeps shirts, sheets, pillowcases gleaming white, week after week. Never turns them yellow, no matter how often they're washed or how long they're stored!

4. Gives more suds — Prove it in your dishpan!

Kind-to-hands suds! Faster suds! Longer-lasting suds than any soap in hardest water! Tide cuts grease like magic . . . washes dishes cleaner than any soap! No scum in the water! No cloudy film on dishes and glasses! That's why they rinse and dry so sparkling clear—even without wiping!

GUARANTEE

Procter & Gamble guarantees that Tide will do everything claimed for it in this advertisement. If you are not completely satisfied, return the unused portion of your package to dealer, and the purchase price will be refunded.

TIDE'S IN—DIRT'S OUT!

TIDE WORKS EXTRA MIRACLES IN HARD WATER! OCEANS OF SUDS! NO WATER SOFTENERS NEEDED!
