### Shackelford County Well Controlled After Running Wild For Two Days

The big sensation in Cisco today seems to be the news of the big gusher oil well brought in a few miles east of Albany over the weekend, and which proved a difficult problem to guide its flow in the proper channels.

A correspondent gives us this story regarding the well.

ALBANY, June 8. — They brought the roaring M. J. Mitchell No. 1 Pittman and Reynolds oil well under control Sunday night, after the golden oil-spraying extension to the Sanders Field three and a half miles east of here had run wild since it was drilled in Saturday noon.

A 1,500-foot southwest extension try to the Fox & Fox No. 2 Griffin, the well is located 330 feet from the north and east lines of section 5, block 1 T&P survey.

The well — reported to be the best one in the Sanders Field area — was drilled after a crew pumped it full of mud. But it hadn't been that way before.

Drilling Superintendent C. W. Gore said Monday the well will make 25 barrels an hour, but the

### Car-Truck Wreck Near Dothan Puts Two in Hospital

Two automobile wreck victims were treated at Graham Sanitarium this morning at about 7:30, brought to the hospital by Thomas Funeral Home, as a result of a car running into a parked truck on the side of the road just east of Dothan on Highway 80.

Victims of the wreck were Kenneth Stephens, 13, of Weatherford, who was with his father, J. L. Stephens, were sitting in a truck parked on the side of the road, having run out of gas. The boy has a back injury, but the father was not seriously hurt.

J. C. Beal of Dallas, driver of the car, who was said to have fallen asleep at the wheel, hit about the forehead and nose of Mr. Allen, who was with him was not seriously injured.

### Noted Radio Star Says Send Rice to Europe; Kiss Bride

HOLLYWOOD, Calif., June 8. — "If all the rice thrown at June bridal couples were laid end to end it would reach the hungry people of Europe."

That's Eddie Cantor's idea in his nation-wide appeal urging Americans to contribute packages of rice for shipment aboard by CARE, non-profit, government - approved service for overseas aid.

"Love is in bloom all over the country, and I'm certainly all in favor of it," Eddie said today in announcing the campaign. "But in times like these, with millions in Europe facing hunger, every grain of sense tells us it's dead wrong to let any grain of rice end up on the sidewalk, or in the bridegroom's ear."

### Street Markers To Be Set On West Eighth

Delay of the arrival of iron for the posts, is given as the reason why street markers are not being set on Cisco street corners.

The markers for a number of streets in West Cisco have been ready for some time but delay in arrival of iron has held up erection of the markers.

However, it was announced this morning that a small shipment of iron had arrived and this will be set into posts and markers will be set on West Eighth street so that people can see how they look.

### Eastland Citizen Committed Suicide In Home Today

Eastland citizens were shocked today shortly afternoon when news came that Lee Alfred Boyette, 43, had shot himself with a .22 rifle at his home just across the railroad tracks on the Breckenridge road.

He was at home with his two small boys, but these boys had gone to stake a cow. When they returned he was found on the floor with the rifle by his side.

It is presumed he was seated on the bed and when he shot himself, he rolled off on the floor.

The bullet entered his head at the right temple and came out at the back of his head.

He had been in bad health for three years or more.

He is survived by his wife and the two small boys.

### County Dairies To Sponsor Trips; To Eat Barbecue

Two tours over Eastland county are being planned for June 11 and 18 according to A. Z. Myrick, Cisco, president of the recently organized Eastland County Dairy Assn. A total of 23 dairies will be visited on those two days. The object of the tour is to survey what type of dairying is being done in the county as well as to see some of the best dairy cows in the county.

The first dairy tour will include dairies in the north and northeast part of the county and will include 15 dairies. The group will assemble at 9 a. m., on June 11 on the north side of the city hall in Eastland and expect to complete the tour on that date by 5 p. m. Places to be visited include Jess Richardson, Hubert Kendrick, L. O. Swindle, A. W. Harris, Mac Clavett, A. F. Beck, D. F. Williamson, Floyd Smith, Bill Davis, Dale Cunningham, Ira Clemmer, Buran Clemmer, Ira Williamson and Clyde Benham. The group expect to eat lunch at Ranger.

### CJC, Independents Also Baptists In Play Tonight

Beginning promptly at 7:30 tonight, the first game of the double-header will begin with the league title holders, First Baptist, defending their title against the East Baptists.

At 8:45, the Cisco Independents, returning for another engagement after their defeat by Boyd last week, will clash with what's to be a fast-hitting, slug-fighting Cisco Junior College nine, at the local softball field.

### Ranger Funeral Home Owner Is Buried Today

B. T. Thomas of Thomas Funeral Home, Cisco, is assisting today at the funeral of James P. Morris, Ranger Funeral Home owner, who is to be buried today at 3 o'clock, with ceremonies held at the First Baptist church in that city.

The deceased was born in Eastland on February 25, 1913 and came to Ranger in 1936. On August 1, 1941, he was married to Alla Ray Kuykendall. Shortly before their marriage he had established the Morris Funeral Home and in the past few years had been in the real estate business. He was a member of the Baptist church and had been active in Sunday school work at the First Baptist church.

### Cecil C. Collings Seeks Court of Civil Appeals

Seeking advancement from a district court bench he has occupied for ten years, Cecil C. Collings has announced his candidacy for associate justice of the Court of Civil Appeals, 11th judicial district, (Eastland).

Collings already has started a

CECIL C. COLLINGS.

tour of the 23-county district, and said he plans to visit all points in behalf of his candidacy before the July Democratic primary.

The Big Spring judge is presenting a record of public service that dates back 20 years. He has been a resident of Big Spring since March, 1928. In 1934 he was elected district attorney of the 70th judicial district, and then was elevated to the district bench in 1938. He was reelected in 1942 and in 1946.

Born at Chalk Mountain, Erath county (the thus is a native of the appellate district), September 28, 1899, Collings attended public school at Glen Rose and was graduated from high school there. He attended Meridian Junior College and then the University of Texas, interrupting his education at the latter school to serve a term as county judge of Somervell county. He then returned to the University, from which he obtained his law degree in 1927.

He went to Abilene, where he formed a partnership with Charles Coombes and practiced law for a brief period before moving to Big Spring.

Judge Collings has been an active participant in religious and civic affairs during his residence in Big Spring. He is a member of the First Baptist church, and recently assumed the presidency of the local YMCA. A member of the Big Spring Lions club, he was that organization's first president.

Friends throughout the 11th district who solicited Judge Collings to announce present him as a sincere, conscientious and hard-working jurist, whose training, background and record as a trial judge entitle him to advancement to the appellate court on a merit basis.

### Volley Ballers Play; Bank, Lions Game Postponed

Soft ball games, music pupils recitals and other meetings played havoc with players' attendance at the regular ABC weekly volley ball session at the high school gym last night, when it was expected a series of games would be played between the First National Bank and the Lions' Club.

With key men missing from both sides it was impossible to open this series which was postponed to next Monday at 7:30 p. m. Two newcomers joined the players and gave a good account of themselves. They were City Commissioner Odum and Junior-College athlete Bob Hill.

### Cisco Citizens Optimistic Regarding Oil Play in Surrounding Territory

Optimism seems to be mounting in this section with Cisco as a center of activities today with news of the big, roaring Mitchell No. 1 oil well just brought in and its gushing curbed by Pittman and Reynolds, after it had sprayed storage pit and surrounding country with the liquid gold that has made this section of Texas famous for the past quarter of a century.

The well is located about three and one-half miles east of Albany and is the northwestern edge of activities in this sector.

This big gusher coming on the heels of the Bransford No. 1 about seven or eight miles southeast of Cisco, bringing in a new field for that area, and the deepening of the Kleiner well just northeast of the city limits, which is said to be testing not only the Mississippi line but other pays including the Ellenburger, has made those who are watching oil play here closely very optimistic about Cisco's future oil status.

The Kleiner well was said to be one of the best wells ever brought in for this area.

With this heartening news comes the rumor, said to be founded on good authority, that a big concern is now seeking proper location here for a headquarters for this part of the state, including Wichita Falls and vicinity. Only a very small tract — about three acres — is said to be needed for this oilfield

### Every ABC Member's Cooperation Needed At Soft-Ball Games

First to arrive and last to leave, ABC Club secretary-treasurer Troy B. Powell is a familiar figure at every ABC soft ball game. Besides personally handling the club's correspondence, dues, invoicing, banking, keeping the books and carrying out other tasks incidental in running a club of 283 members, Troy has assumed very responsible duties at ABC field," aid a club member today.

"These duties include having the field ready for play each evening; seeing that two men are at the gate at 7 o'clock and two at the 'coke' stand with all three supplied with the necessary 'change'; seeing that the 'cokes' are at the field, and properly iced. This is all Troy has to do at the field except to make certain that the lighting and loud-speaker systems are in working order and that an announcer, official score-keeper and umpires are on the job at games' time."

### County Seat Visitor

On paper, the job of supplying each night's three men looks easy, especially with a list of 280 members, supposedly just waiting to be called to go to work. This supposition is quickly ruled out, once the phone calling gets under way. A 'hot' list of members, eager to go to bat for their ABC Club suddenly becomes cooled off by cold affront to requests that the members work at the gate that night or man the soft-drink pavilion.

"With some lines 'busy' and others not answering, 50 calls are often made before the necessary four men are procured. Usually, calls have to be made to those few members who never let Troy and the club down, and consequently are carrying the bulk of the load."

### BURNED VICTIMS DOING NICELY

Through misinformation the Cisco Daily Press stated Sunday several men were burned in an accident at the Lone Star Pueblo plant Saturday. The accident was at Fred M. Manning plant east of Moran, and the Graham Sanitarium, where they were treated, stated this morning that all were doing very well.

## Medical Officer, Patent Examiner Exams Ready

The U. S. Civil Service Commission today announced examinations for filling Medical Officer (Rotating Intern and Psychiatric Resident) positions in St. Elizabeth's Hospital, Washington, D. C., and Patent Examiner positions in the U. S. Patent Office and other Federal Agencies, in Washington, D. C., and vicinity.

Medical Officers (Rotating Intern) are paid \$2,200 for the first year and \$2,400 for the second year. Medical Officers (Psychiatric Resident) are paid from \$2,400 to \$4,100 a year, depending upon the amount of approved post graduate training the applicant has completed. Appointments are open for July 1, 1949. Internships consist of two years of rotating service, and Psychiatric Residencies consist of one to three years in psychiatry. To qualify for Internships applicants must be third or fourth year students in an approved Medical School; however, they may not enter on duty until they have successfully completed the full course of study. Applicants for Psychiatric Residencies must be graduates of an approved medical school, with the degree of doctor of medicine, and, in addition, they must have completed an approved internship or must now be serving such an internship. No written test is required for the Medical Officer positions. Details about the requirements are given in the examination announcement.

The entrance salary for Patent Examiners is \$2,644 a year. To qualify for these positions, applicants must pass a written test of general abilities. In addition, they must (a) have completed a college course leading to a bachelor's degree in engineering or technology, or leading to a bachelor's degree with 30 semester hours in chemistry or 24 semester hours in physics; or (b) have had 4 years of successful and progressive experience in engineering, technology, chemistry or physics; or (c) have had any time-equivalent combination of (a) and (b). The age limits for this position, which are waived for persons entitled to veteran preference, are 18 to 35 years.

Interested persons may secure information and application forms from the Commission's Local Secretary, Sam B. King, located at Cisco, Texas, P. O. 1, from Civil Service regional offices, and from the U. S. Civil Service Commission, Washington 25, D. C. Applications for both examinations will be accepted in the Commission's Washington office until further notice; however, persons who wish to be considered for Patent Examiner positions to be filled immediately should have their applications on file not later than July 6, 1948.

### A "PEACE PLATE" FOR TODAY

Save Wheat! Save Meat! Save the Peace!

Ham 'n' eggs is a typical American dish—and one of our favorites. And today it goes into a pie with cheese biscuit crust to be our Saturday Peace Plate.

It's an economy version using one of the less expensive cuts of smoked ham, not the high-priced center cuts but a slice from a smoked picnic ham or smoked ham hock or shank. Or if you have baked a half ham, our ham and egg pie can use the cooked bits of meat which don't slice well.

**HAM AND EGG PIE**  
1 lb. uncooked smoked ham  
2 tablespoons ham fat or drippings  
3 tablespoons flour  
2 1/2 cups milk  
Salt, pepper, Worcestershire sauce (optional)  
2 eggs, hard-cooked, sliced  
Trim fat from ham. Brown meat and trimmings in frying pan. Remove ham and cut in cubes. Remove cracklings and any drippings in excess of 3 tablespoons and save for seasoning other dishes. Make a sauce by browning flour in the 3 tablespoons of fat, adding milk gradually and stirring until thickened. Season to taste. Arrange ham and eggs in layers in baking dish and cover with the sauce. Bake for about 15 minutes in a moderate oven, (350° F.). Top with cheese biscuit. Serves 4.

**CHEESE BISCUIT CRUST**  
2 cups sifted flour  
3 teaspoons baking powder  
1/2 teaspoon salt  
4 tablespoons cooking fat  
2 1/2 cup shredded cheese  
1/2 to 3/4 cup milk  
Sift dry ingredients. Cut in fat and then cheese; add milk enough to make a soft dough. Roll out, cut in rounds. Bake in a hot oven (450° F) for 15 minutes. This should make 12 to 16 biscuits—some for topping the pie and some to serve piping hot with spicy apple butter—so good with ham dishes. MEAT SUGGESTIONS: Turnip or beet greens and lima beans will be

good vegetables with the pie. A relish plate of crisp carrot strips and radishes gives a touch of spring. And dessert might be a fruit compote—cooked dried apricots and prunes—with gingersnaps or molasses cookies.

**FOOD TIPS:** If you're concerned about high food prices, you may find it economical to buy a half ham. You can serve it baked and sliced hot one meal, cold slices with hot scalloped potatoes for another, and then use the lean trimmings in such dishes as today's ham and egg pie, in omelets, and the like. You will find that the shank half of a ham may cost eight or nine cents a pound less than the butt end. Although it provides fewer large slices it gives the makings of many an extended meat dish. Or you will probably find that a picnic ham—the shoulder or front leg—costs less or about the same per pound as the shank half. A picnic ham will probably weigh from four to six pounds.

A large piece of meat which lasts for several meals is good economy only if you can persuade the family to "hold back," to be content with moderate size servings as they would be if you had bought only a small amount. Neither will it save you money unless you make the best use of any left overs and unless you have a good refrigerator.

Make hot or cold ham go farther by slicing it thin, recommend government home economists. And serve generous portions of vegetables now plentiful in the market. Sweet potatoes, scalloped or baked Irish potatoes, and green or lima beans make good eating with ham.

## Warning to Mothers About Children's Summer Diet

AUSTIN, June 8. — Dr. George W. Cox, State Health Officer, has issued a warning to parents that this is the season for an increase in dysentery, diarrhea and "summer complaint."

"The chief cause of these intestinal diseases are contaminated milk; water or food; allowing the child to get overheated or exhausted; excessive sugar in the babies formula; and improved amount of food," Dr. Cox said. "All foods should be fresh and clean, and leftovers should be properly refrigerated to prevent spoilage."

Dr. Cox urged extreme care in the preparation of a feeding formula for infants. He said it should be prescribed by a physician, and that cleanliness and refrigeration were absolute essentials. Babies should be fed at regular intervals and on a definite schedule, since their stomachs and bowels can be easily upset if fed irregularly or whenever they are fretful or restless.

The State Health Officer declared that dysentery is transmitted by flies and said every home should

be well-screened and free of flies. "If dysentery or diarrhea develops, consult your physician at once," Dr. Cox advised. "This so-called 'summer complaint' can be a very serious menace to your baby's health, if not an actual threat to his life."

**MRS. J. E. SHIRLEY WAS CLUB HOSTESS**

MRS. J. E. Shirley was hostess when Word Home Demonstration Club met in her home last Thursday for regular meeting. Mrs. I. D. Strawn was in charge and called the group to order by requesting all present to join in repeating the club prayer.

Mrs. Helen Marquardt, County Home Demonstrator, was present and announced that the meeting was her final one to attend as she is resigning from her work. Her announcement was received with regret. Minutes of the last meeting were read by Miss Willie Word and routine business matters were looked after.

A fine lesson on "Convenient Kitchens" was presented by Mrs. Marquardt, emphasizing arrangement. Mrs. J. E. Whisenant directed the recreational period in which all members took part.

At the close of the meeting refreshments were passed to three visitors, Mrs. Helen Marquardt, Mrs. Carl Graves and Mrs. Robert Fowler; and the following members, Mrs. M. P. Farnsworth, Mrs. W. C. Clements, Mrs. D. I. Graves, Mrs. J. D. Hall, Mrs. Roy Fenley, Mrs. Cora Plumlee, Mrs. I. D. Strawn, Mrs. Ernest Schaefer, Mrs. J. E. Whisenant, Miss Willie Word, Mrs. Jesse Youngblood and Mrs. Shirley.

**DISTINGUISHED GUEST ATTENDEE MEETING**

Mrs. Dick Bollinger presided in the absence of Mrs. J. P. McCannell who had sickness in her home when Woodman Circle met Friday afternoon at the WOW hall for business meeting.

Minutes of previous meeting were read by Mrs. L. B. Mayhew and routine business was transacted. A distinguished visitor, Mrs. Lena Alexander Shugart, state manager of Supreme Forest Woodmen Circle was welcomed and was presented by Mrs. Bollinger. Mrs. Shugart gave an appropriate talk on the work of the Circle which was appreciated by all present. She plans to visit Cisco Grove Number 356 again soon.

OOOOF!

"Can't tell the players without a Congressional Directory," was the cry as the annual Democrat-Republican representatives baseball game was waged in Washington. Rep. James P. Scoblick (R., P.)—all 295 pounds of him—demonstrates the Congressional method of effecting a putout, by sitting on 145-pound Rep. Thomas Abernathy (D. Miss.). The score? The Democrats won, by either 23 or 24 to 14. The score-keeper wasn't sure.

wash clothes cleaner...  
rinse them more thoroughly  
spin them nearly dry!

© REDDY KILOWATT  
Your Electric Servant

New design refinements have resulted in more effective "Tumble-Action." That means clothes are brighter and whiter than ever. Faster spinning removes more water. That makes clothes lighter and easier to handle—and materially reduces drying time. Reddy Kilowatt invites you to come in today—see these three new BENDIX washers; choose the model which best fits your requirements and immediately enjoy BENDIX workless washdays and Bendix savings.

### NEW! THE GYROMATIC

It doesn't have to be fastened down! It is specially balanced so it needn't be fastened down, and its smooth, counter-high top adds welcome working surface. (Available with automatic soap injector.)

### NEW! THE DELUXE MODEL

Better "Tumble-Action" with increased speed for damp-drying. Table-top height. Ideal for kitchen installations where continuous working surface is desired. (Available with automatic soap injector.)

### NEW! THE STANDARD MODEL

For the budget minded home...new streamlined cabinet. Best yet washing and drying results. A modern, work free laundry at a minimum cost.

### Amazing automatic soap injector!

Accurately, automatically, it measures out the exact amount of soap, detergent, or water softener you need. Just load the automatic soap injector once—and it will accurately measure out soap for washing after washing. With just one touch of the magic dial, your BENDIX gives you automatic washing.

**The Washers that Save and Save and SAVE . . .**

Your savings start with the first tubful of clothes you wash in your BENDIX. Your soap supply lasts longer, your hot water goes farther and your clothes retain their fresh, crisp appearance longer. You'll soon agree that your BENDIX automatic Washer is the thriftiest member of your household!
