Truman Sees Site of Vanport Flood Tragedy

Open-mouthed with wonder, President Truman sees the remains of the flood-swept city of Vanport Ore., which was wiped out by the savage Columbia River early this month. The swollen river con- uate from the St. Louis police tinues to cause serious damage to the northwest. Against a backdrop of smashed buildings, Gen. Philip Fleming, in white suit, describes the scene to the President, with Secretary of the Interior Julius Krug background, and Col. T. D. Weaver watching.

This is an anagram. The four scrambled words tell a well-known truth these days of scrambled budgets.

You may have to do a little figuring to discover that it says: "ELECTRICITY IS A BAR-GAIN"—but it doesn't take much figuring to realize what a great bargain your electric service really is!

Your pocketbook tells you that living costs have sky-rocketed—that nearly everything costs more nowadays. But not your electric service! The average family served by the West Texas Utilities Company still gets twice as much electric service for its money as it did 20 years ago!

Check your budget and ask yourself what other item does so much to make life easy and comfortable-at such little cost!
