CISCO, TEXAS, THURSDAY, JUNE 17, 1948

NUMBER 156

PEOPLE and THINGS

By J. W. S.

THEY'RE ALL SET to take the wraps off the 1949 Ford early tomorrow over at Nance Motor Co. The showroom is spic and span with a new coat of paint. Two new model cars will be on display. And two other cars will come in Friday night for a change of scenery Saturday.

MR. S. H. NANCE tells us they are all set for a big show. We asked him if he anticipated any difficulty in selling the new models. And they're not anticipating any difficulty.

THERE ARE USUALLY two or maybe three schools of thought on just about every subject. Take, for example, the subject of keeping cool in the summer time. Mr. B. A. Butler, C. of C. manager, advises that you had oughta drink hot coffee to feel refreshed. And we feel that a good cold drink gets more results. How do you vote.

THERE WAS A piece in the paper recently about a case of typhoid fever in these parts and the story went on to say that it didn't result from Cisco water. We ran into Dr. W. P. Lee, the city health officer, and he advised us that the last case of typhoid here was in 1920. And the man who had it still lives here and is healthy. That case came from a nearby county — the man caught it there while on vacation.

A HEALTHY CITY we have, huh? An article in the current Readers Digest impressed us. It pointed out that an entire city of 15,000 dusted itself with DDT and they didn't have a fly all summer. And it cost the people around 30 cents each. Something, huh?

DUE TO FAILURE of the picture to arrive, we didn't get to change the name of our column today. We're still a little insulted about the fellow saying the picture "even looks like you." The picture will be available, we are sure, in time for Friday or Sunday's paper.

BY ALL RIGHTS it should be raining tomorrow. Certainly, no later than Saturday. They tell us that it always rains during Cisco's annual golf tournament.

Use Caution in Backing Up Car

AUSTIN, June 17. — During the summer months of June, July and August, between 10 and 15 children will be crushed to death beneath the wheels of family cars as parents and neighbors back out of or enter their driveways. That was the forecast of the Texas Department of Public Safety today. Director Homer Garrison, Jr., stated that children will spend a lot of time playing out of doors during these months and it is difficult for the driver to see them while looking through the rear glass of an automobile. Vision also will be somewhat obscured from the front of the vehicle as the motorist enters the usual driveway. By using extra caution upon entering or backing out of driveways, the lives of 45 children can be saved during this period.

Halley's Comet came uncomfortably close to the earth in 1910.

SUMMER IS HERE, SO WATCH YOUR SALT, ADVISES STATE OFFICER

AUSTIN, June 17. — There is little doubt that summer is here. If you don't think so, take a quick look at your thermometer or feel your shirt or blouse — chances are that it will be wet and salty with sweat. Excessive sweating means the loss of body salt, and Dr. George W. Cox, State Health Officer, advises the use of salt in drinking water as a means of avoiding heat cramps. "Salt is a prominent constituent of sweat," says Dr. Cox. "On days when the thermometer goes to 90 degrees or above, as it has recently, the body may lose as much as fifty grams of salt. Laborers, farmers, and even white-collar

Softball Games Will Be Played At ABC Field

In tonight's first play, starting at 7:30 o'clock, ardent softball fans of both teams will witness an "up and at 'em" First Christian nine engage the organized and "never say die" First Baptist club, the church league title holders, in a battle royal for the win. In last Tuesday's church game, the Baptist over-powered a Methodist nine, 13 to 2.

The Christians will be at a disadvantage at the beginning, as the club will miss the swift and accurate performances of one of their star players and "fence buckling" hitters, Bob Travis. Until his resignation from the Christian club to join forces with the "Outlaws," he has been alternating from pitcher to short stop, turning in a favorable hitting average.

Nevertheless, the Christians won't give up the fight until the fifth inning, and too, they are counting on the law of averages catching up with the Baptist nine. At any rate, it should prove an exciting game to see.

In the second game of the twin series, a determined and stubborn Eoyu nine, still not satisfied with their second place tie with the Independents, are hoping to rampage their opponents, the Cisco Co Vets as another step toward their "set" desires. Both games will be played under the lights at ABC field.

Bell Telephone Progress Shown In Rotarian Talk

George Hudson, a member of the technical division of the Southwestern Bell Telephone Co., gave members of the Rotary Club an interesting and informative talk on the scientific developments of the telephone industry at their weekly luncheon meeting Thursday.

Mr. Hudson stated that the Southwestern Bell system has 6,000 scientists and technicians working in their laboratories and that 90 per cent are engaged in work that is classified as top secret. The speaker pointed out the many developments that had been brought about since Alexander Graham Bell first sent a voice over the wires by way of sound waves. In the comparatively short time that the telephone has been in use it has been improved to a point that many conversations can be carried on over a pair of wires at one time.

Mr. Hudson said that radar was fast being developed for commercial use with the field of navigation being the chief user. The telephone companies are also preparing for the advent of nationwide television and cables have been laid whereby television waves may be channeled to all parts of the country. The Southwestern Bell Telephone Co. now has in operation 23 transmitters and 75 receiving towers in Texas for the handling of radio phones. Texas users will soon be able to lift a receiver in their automobiles and talk with people all over the world.

Visitors were Mrs. C. A. Deuschle, Cisco; Clude Jones, new minister of the First Methodist Church; Charles Spears, Cisco; Warren Waters, Cisco; Leo Mears, Cisco; Sam Baugh, Cisco; Rotarian Ken Pope of Los Angeles, California; Ed Pashion, Mineral Wells and George Brown of Dallas.

DISTAFF SIDE OF ARMED FORCES

The four chiefs of the Women's Armed Services met over a global map in Washington to discuss their new status following the recent signing of a bill by President Truman, making the Women's Services part of the regular forces of the U. S. From left to right are: Capt. Joy Bright Hancock, director of Women's Reserve, U. S. Navy; Col. Mary A. Hallaren, Director of Women's Army Corps; Col. Geraldine P. May, director of Women in the Air Force; and Major Julia E. Hamblet, director of Marine Corps Women's Reserve. (NEA Telephoto).

Harley Sadler Candidate For State Senator

Harley Sadler of Sweetwater, who recently announced that he is a candidate for State Senator of the 24th Senatorial District, today issued a statement in connection with his candidacy.

His statement follows: "I am taking this opportunity of making known my candidacy for the Texas Senate from the 24th Senatorial District, which comprises the following counties: Scurry, Mitchell, Fisher, Nolan, Haskell, Jones, Taylor, Throckmorton, Shackelford, Callahan, Stephens and Eastland.

"I feel that my friends and the voters know that I fully realize the importance and grave responsibilities of this office. I have served in the House of Representatives from the 117th District for the past six years. I believe that the record will show that I have always been on the job, serving on important committees and working not only in the interest of the district that I represented, but for the general welfare of our State.

"If my friends and the voters feel

HARLEY SADLER.

that I am the one that can best serve the interests of the people from this Senatorial District I will greatly appreciate their vote and influence. If elected I will be grateful for this support and in return will endeavor to serve all of the people to the best of my ability.

"I will appreciate hearing from friends from over the District. Please drop me a line to Box 846, Sweetwater, Texas."

Methodist Plan Bible School

The First Methodist church has invited all children between the ages of 4 and 14, who are interested in attending Vacation Bible School, to meet at the church building Friday at 9:30 a. m., to be in the parade which will originate there.

The school will not open until Monday, June 21, but all children who are interested were asked to assist in the parade. The directors were striving to make this the biggest and best school ever held.

Texas Commissioner of Agriculture Indicted

Two State Commissioners of Agriculture, Tom Linder, left, of Georgia, and J. E. McDonald, right, of Texas, and two others have been indicted in Washington, D. C., by a Federal Grand Jury on a charge of failing to register as lobbyists as the Lobby Law requires. (NEA Photo).

Counterfeit \$5 Bills Reported Showing Up in State; None Here

Counterfeit \$5 bills reported to be showing up in Dallas and other places in Texas, have not been reported in Cisco, but local bankers and merchants were warned today to be on the lookout for them.

"You are warned to be on lookout for counterfeit \$5 Federal Reserve Notes on the Federal Reserve Bank of Chicago," read a warning note sent out from Dallas. "The bills are of the 1934C series, serial number G23905691B.

The bill has a portrait of President Lincoln and bears the signatures of W. A. Julian, treasurer of the United States and John W. Snyder, secretary of the treasury. The bill has several defects as compared with the genuine bill, but most of the counterfeit bills have a wrinkled appearance as though the paper had been wet and the paper is not as white as the genuine bills.

Anyone offered one of these bills was asked to detain the person attempting to pass it and notify police.

Cisco Youth Vacationing Here After Tour With Oil Company In South American City

Vance R. Bowman, native Cisco, an, has just returned to Cisco after working with the Texas Company in Cucuta, Colombia, the past two years. He is a materials warehouseman with the company.

Vance, a graduate of Cisco High school in 1940, entered the armed services with the infantry, serving with the American Fifth Army in the European Theater of Operations for three years. After his discharge from the service, he went to work with the oil company's division in South America.

Grocerymen Go To Regional Meet

Members and families of the Clover Farm grocery stores organization of Cisco attended a district wide monthly banquet in Eastland Tuesday night.

Approximately ten Clover Farm stores were represented at the meeting and an audience of more than fifty "Clover Farmers" heard C. R. Adams program speaker and company representative from Fort Worth speak on the subject, "Clover Farm Store Operation and Merchandise." About fifteen company representatives were among those attending the banquet.

Those from the Cisco Clover Farm stores attending the gala affair were: Mr. and Mrs. Standlee McCracken, Paul Poe and Neil Moore.

PLANS COMPLETE FOR 13TH CITY GOLF TOURNAMENT

Dairy Tour of Eastland County Set For Friday

Leading dairymen and business men of Eastland county will gather in Cisco at 9:00 a. m. Friday to begin a tour of dairy farms in the south half of the county. All business men and dairymen interested in making this tour, for the purpose of building interest in the dairy industry in Eastland county were invited to meet at the J. E. Spencer fruit stand at Eighth street and Avenue I in time to leave promptly at 9 o'clock.

The month of June has been designated as "dairy month" for the State of Texas and dairymen are spending much of their time in an effort to arouse the interest of all citizens in the development of this industry. In the past few years Texas has risen from thirtieth to seventh place in the production of dairy products. They feel that tours of this nature will tend to raise the standing even higher.

A tour of the north half of the county was made June 11 when 25 interested dairymen and business men visited dairies in that area. They reported much enthusiasm among dairy farmers and plan more tours for the year.

Million Dollar Savings Bond Deal Available

DALLAS, Texas, June 17. — For the first 15 days in July certain types of investors will be permitted to buy a maximum of \$1,000,000 in U. S. Savings Bonds of the "F" and "G" series. Nathan Adams, chairman of the Treasury Department's advisory committee for Texas, announced today. Normally the limit is \$100,000 per year.

Mr. Adams said that he had received notification from Secretary Snyder of the Treasury Department that the following kinds of "institutional" investors would be eligible, providing their purchases are made between July 1 and July 15: Insurance companies, savings banks, co-operative banks, pension and retirement funds, including those of federal, state and local governments; fraternal benefit associations, endowment funds, and credit unions.

"Series F and G savings bonds are especially suitable for investments by institutions," Mr. Adams said, "because they combine maximum safety with a comparatively high yield and are free from market fluctuations.

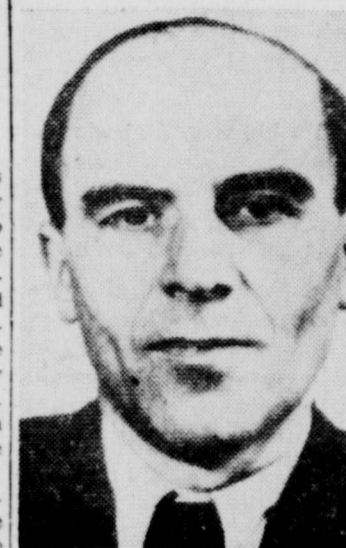

"To pension, retirement and endowment funds whose spendable incomes derive from interest on investments, the Series G bond has always been highly attractive because it draws 2 1/2 per cent interest, payable semi-annually by Treasury check."

Mother Cat Joins Squirrels

HOPEDEALE, Ill. (U.P.) — A mother cat raised her young in a hollow tree trunk 10 feet above the ground. Snoop, the pet cat of Joan Hieser, took her family of four into their tree home three days after they were born. Squirrels put up a chatter but got used to it.

Silver is the best conductor of electricity among the metals.

Has Anti-Soviet Attitude

Soviet authorities have informed the Austrian Government that they plan "to take steps," including possible arrest, against Austrian Power Supply Minister Alfred Migsch, above, because of his anti-Soviet attitude. (NEA Photo)

SERVICES RECOGNIZED.

MANILA (U.P.) — Mr. and Mrs. Ramon Masangkay have been awarded a gold medal for services above and beyond the line of duty. The Masangkays are the parents of 19 children.

LIGHT GIVES LIFE.

PLYMOUTH, Ind. (U.P.) — When a nest of mallard duck eggs was found on his farm, Ivan Reed hatched them with a light bulb.

Life Guard's Job Is More Than Showing Off Pretty Muscles

By JIM EWELL.

Since this is "Learn To Swim Week" in Cisco, and since old man summer is now plaguing Texas with his hot and humid days, more people are patronizing the local swimming pools, such as ours, the ole' swimming hole, and in the ocean along the beaches — seeking a refuge in one way or another from the sun's casting rays.

And as it is, the duty of the patrolling lifeguard becomes more complex as he must maintain more

President Is Homeward Bound

President Harry Truman, in his pajamas and dressing gown, takes time to say "hello" to the people of Barstow, California. One of the crowd on hand to greet the President was Lauretta Sue Comb, 10-months-old. President Truman is enroute to his home in Independence, Missouri (NEA Telephoto).

vigilance. And since many people ignore and don't respect his judgment and authority it even becomes a little monotonous. Lifeguards are frequently berated by the "victims" they rescue. Some victims have actually accused their rescuers of assault. In fact, the lifeguard's job, however, as each year more than 100 lifeguards drown while attempting to save other people. Many are clawed and injured painfully while trying to save a drowning swimmer.

Each year more than 4,000 swimmers drown. Most of them knew "too little" about swimming, or maybe they knew "too much" and just trusted to luck while in the water. Ocean swimmers often overlook the impact of incoming waves, colder temperatures, and unknown undercurrents. Few people realize, too, that they can go as far in the first plunge as they did the previous summer. Like ship's captains, lifeguards are responsible for the people in their pools. They must double as doctors, locker boys, policemen, complaint department and even do baby sitting. Just give them a break and protect your own life while in the water. Use common sense.

Here are some of their rules: (1) Try to learn to swim well. Above all, know your ability as a swimmer. (2) Always swim, when in deep and unknown waters, with a companion or with an accompanying boat. (3) Obey the lifeguard. (4) Watch your children, and lessen the load of the lifeguard. (5) Don't swim while under the effects of alcoholic beverages. (6) Don't indulge in "horse-play" and don't call the lifeguard unless you are in real danger. (7) And there is no better rule than the one about staying out of the water at least an hour after a full meal.

Friday Is Final Day to Qualify; Barbecue Planned

Final arrangements for the 13th annual Cisco Invitation Golf Tournament were being made today as golfers from this region were playing qualifying rounds. Friday will be the final day to post qualifying scores.

As qualifying ends Friday afternoon, the tournament will be opened with a barbecue and Calcutta pool at 8 p.m. Friday. Flights will be arranged and pairings announced after the qualifying ends. Six or seven flights with around 100 players are expected.

Matched play will begin Saturday morning and continue through Sunday. N. C. Huston is tournament director. Cisco County Club course is in excellent condition for the meet, and the greens are considered the best in this section.

Bill McMahan of Longview, defending champion, sent tournament officials word that he expected to be on hand to defend his title. Par for the course is 72.

A large array of prizes has been secured for winners of the various flights. Awards will be in the form of merchandise.

NEW ASSIGNMENT.

HONGKONG (U.P.) — Between 25 and 30 former officers of the British Palestine police will be recruited for Hongkong's police force. The Palestine police was disbanded when the British mandate came to an end.

Per year in advance (Cisco, by mail) \$5.50
Per week (by carrier) 15c
No discount on carrier-delivered yearly subscriptions when paid in advance.

"Backward America" — Bunk.

All the proponents of socialism, communism and the other what-have-you isms argue that their systems offer the "common man" greater security and material benefits. As Al Smith used to say, let's look at the record.

England has gone in for socialism in a big way. And what has happened? Once a great coal exporting nation, she can now hardly produce enough for her own needs. Her electric power industry has gone downhill and rates are higher than under private ownership. Her whole socialized economy is as shaky as a tree in a storm.

Russia, of course, has gone whole hog in its version of a "people's government," to own or control all productive activity, and only a miserable minimum of consumer goods is produced. Her retail stores—all of which belong to the state—are stocked with only a few necessities and even these are strictly rationed. Prices, measured by average earning power, are far higher than in this country.

"Backward America," on the other hand, still clings to representative government and a capitalist economy. The "tragic" results of this are seen on every hand—the most efficient industries on earth, the highest standards of living in the world in spite of inflation, more leisure and opportunity for all, retail stores groaning with every kind of commodity, and a competitive system which has to please the people or go out of business—no "take it or leave it" system.

The socialists have a sad story. It just doesn't make sense. And yet they are working here to have government monopolies supplant private enterprise.

Crowded Conditions.

If it is any consolation, Cisco is not the only town that is suffering from inadequate school facilities and over-crowded conditions in classrooms. A recent survey showed that 46.7 per cent of the children are getting inadequate educations due to a shortage of teachers and buildings.

The National Education Association sets thirty pupils as the maximum class for efficient teaching and some of our schools have as high as 65 pupils in one classroom. Some of the larger cities such as Amarillo, Lubbock, Corpus Christi and Galveston are on a half-day schedule.

Elementary schools are more badly in need of additional space than are junior and senior high schools. A total of 58.7 per cent of the grade school pupils included in the survey are included in the survey are in classes of more than thirty pupils. Half of the junior high schools are overcrowded. The senior high schools have 32.9 per cent of their students in over-size classes.

Texas needs 2,500 additional teachers and even with the increase in pay granted teachers by the last legislature, our colleges are not training enough teachers to take care of the usual replacement needs, let alone fill the additional need.

The need for additional space is just as acute and the obstacles as great. Many schools are unable to furnish funds for additional classrooms and many others who have voted bonds are reluctant to build during these times of high costs and material shortages. It is a recognized fact, however, that some correctional measures must be taken.

Noisy Scooterpooper Makes Fish Bite

GREENWOOD, S. C. (UP) — The day may come when a fisherman will remark to his companion, "you'd better change the record, the bass aren't hitting that one."

If it does, the credit would go to Alex Woodie, Greenwood's fishing jeweler, who has developed a noise-making lure that has proved popular with the local fish and fishermen.

Woodie has long worked on the theory that fish were attracted by

certain noises. He made experiments in which he tried to incorporate noise-making qualities into his baits.

One of his first efforts contained

the works of a watch. It caught fish, but it proved too expensive and too disposed to break down.

Now he has devised a hollow metal box that amplifies the

sound of turning propellers on the bait. He calls it the scooterpooper. It makes a distinct whirring sound as it is retrieved, attracting all the bass within hearing distance.

RIVAL GOVERNORS INSPECT NAVY YARDS

Following the Governor's Conference at Newcastle, New Hampshire, Governor Dewey of New York and Governor Warren of California inspect the Portsmouth Navy Yard. From left to right are: Mrs. Warren, Mrs. Dewey, John M. Dewey, Governor Dewey and Governor Warren, as they went aboard the Carrier Saipan. Both governors are in the present GOP presidential nominee race. (NEA Telephoto).

Bowling Lanes to completely smother the Hassen Dry Goods quintet. At the same time Cisco Lumber & Supply team suffered

humiliation for the first time this season by dropping the decision to Vogue Cleaners, 3 points to 1. Van Gardemire sparked the Gray team with a 224 single game as Ted Taber shot 291 for Cisco Lumber. The box scores follow:

MISS WATERS HONORED WITH A COFFEE.
Miss Elizabeth Waters who will be married June 20 to Dale Howard was honored at a coffee and miscellaneous shower Wednesday morning at the home of Mrs. W. J. Armstrong. Other hostesses were Mrs. Willa Mae Carswell, A. E. Jamison, Lew Mendenhall and P. R. Warwick.

In the receiving line were Mrs. Armstrong, Mrs. D. E. Waters, Miss Elizabeth Waters, Mrs. Oscar Howard and Mrs. Lewis Gresham, Jr.

The table was laid with a Chinese flit lace cloth and centered with pink and blue daisies in a crystal bowl; the buffet held a similar arrangement. Other decorations in the living room and throughout the house were bouquets of zinnias in assorted colors. Mrs. Ray G. Miller

presided at the silver coffee service. Assisting in the dining room were Mrs. Ted Waters, Mrs. Royce Waters and Mrs. P. R. Warwick.

After being served the guests were directed by Mrs. Willa Mae Carswell to the room where the many beautiful and useful gifts were on display. Mrs. A. E. Jamison presided in the gift room. Throughout the morning at intervals Mrs. Lew Mendenhall played piano numbers. The bride's book was in charge of Mrs. George Lovett.

Approximately 40 guests registered, many others sent gifts.

Out of town guests included Mrs. Oscar L. Howard of DeLeon; Mrs. Lewis Gresham, Jr., of Glen Rose, mother and sister of the bridegroom-to-be; Mrs. Ray G. Miller of Odessa, Mrs. George Lovett, sister of the bride-elect; Mrs. Royce Waters, sister-in-law of the bride-elect of Mineola; and Mrs. Pat Shannon of Houston.

AUXILIARY CIRCLE AT CHURCH TUESDAY.
Presbyterian Auxiliary Circle Three met Tuesday afternoon in the basement of the church for regular meeting and Bible study. The Circle was called to order by Mrs. A. J. Olson, chairman, with prayer by Miss Willie Word, Auxiliary president.

After a short business session the meeting was turned over to Mrs. A. E. Jamison, Bible teacher, for a lesson from the Book of

Exodus. The meeting closed with sentence prayers offered by members.

Those present were: Mrs. W. W. Wallace, Mrs. J. G. Rupe, Mrs. Frank Bond, Mrs. J. A. Jensen, Mrs. E. P. Crawford, Mrs. A. E. Jamison, Mrs. A. J. Olson, Mrs. Rudolph Kannon, Mr. F. E. Harrell, Mrs. F. J. Borman and Miss Willie Word.

Next meeting of the circle will be held in the home of Mrs. F. J. Borman on the first Tuesday in July.

WESLEYAN GUILD HAD FINE PROGRAM MONDAY
Wesleyan Guild of First Methodist Womens Society of Christian Service met Monday evening at the church for regular meeting with Mrs. Ray G. Chapman presiding. After the meeting was called to order Mrs. Chapman welcomed Mrs. Claud Jones, wife of the new Methodist pastor; and Mrs. Bert Darden, a new member. Minutes of previous meeting were heard and treasurer's report was read by Mrs. R. E. Bradshaw. Mrs. Derward Morris was approved as reporter for the Guild.

Several projects were discussed and the Guild voted to buy a tennis net for the church court. They also decided to have the meetings in the church and have the nursery open so that those having small children may feel free to bring them to the meetings.

The meeting was then turned over to Mrs. Sterling Drumwright

program chairman, for the evening program. Miss Betty Dean Lennon was presented in a French horn solo which was much enjoyed after which the group sang, "Jesus Calls Us." The topic discussed during the enactment of the program was "Alcoholism." A "Strange Alcoholism" was described by Mrs. R. E. Bradshaw; "Why Christians and Concerned" was told in a talk by Mrs. David Gaines; "Statistics on Recent Scientific Findings" were read by Mrs. T. G. Caudle; "The Problem of Public Health" was discussed by Mrs. Derward Morris and closed the program. The meeting was adjourned with prayer by Mrs. Jones after

which the Guild repaired to the basement for refreshments of ice cream and cake.

Those present were Mesdames Sterling Drumwright, Olin Odom, R. E. Bradshaw, T. G. Caudle, A. L. Gleason, A. C. Tipton, Bert Darden, A. B. Byrd, R. L. Clinckscales,

D. B. Gaines; two visitors, Mrs. Harry Terry of Dallas; Mrs. Gerald Merket of Midland and the hostesses, Mrs. Derward Morris and Mrs. Robert Paschal.

Mrs. R. L. Clinckscales and Mrs. Olin Odom will be hostesses for the next meeting of the Guild.

Speaking of Oil Booms — The increased lease activity in Eastland County has been a real break for several types of business. Abstractors as a general rule struggle along for years on bare existence with heavy overhead expense until something on the present order comes along. If it does, then everybody else is busy, too, sufficient help is not available and away goes our reputation for prompt service. So for the time being please file your orders a little ahead of anticipated needs.

Earl Bender & Company
Eastland, (Abstracting since 1923) Texas.

A BEAUTIFUL FIGURE CAN BE YOURS!

Procter & Gamble presents the AMAZING FACTS about a modern washday miracle!

IT'S TIDE

Procter & Gamble's brand-new discovery!

TIDE is the product of revolutionary new knowledge uncovered during wartime research. Tide does what's never been done before—washes clothes cleaner than any soap, yet leaves colors brighter! The minute you see Tide's miracle suds, you'll know it's completely new and different. Those suds look different . . . feel different! And Tide suds just laugh at hard water . . . they billow up thick and fast even in hardest water!

ONLY Tide DOES ALL FOUR!

- 1. Washes clothes cleaner!**
Yes, cleaner than any soap made! And that goes for your heaviest, dirtiest laundry . . . even greasy overalls! Tide not only leaves clothes free from ordinary dirt, but actually removes dingy soap film as well!
- 2. Actually brightens colors!**
Turn to Tide for a brighter, fresher-looking colored wash! Dainty washable colors brighten like magic as Tide removes dulling soap film!
- 3. Never "yellows" white things!**
Tide keeps your precious white things dazzling white, week after week! Tide can't turn them yellow, no matter how often they're washed or how long they're stored!
- 4. Gives more suds— Prove it in your dishpan!**
Kind-to-hands suds! Faster suds! Longer-lasting suds than any soap in hardest water! Tide cuts grease like magic . . . washes dishes cleaner than any soap! No scum in the water! No cloudy film on dishes and glasses! That's why they rinse and dry so sparkling clear—even without wiping!

GUARANTEE
Procter & Gamble guarantees that Tide will do everything claimed for it in this advertisement. If you are not completely satisfied, return the unused portion of your package to your dealer and the purchase price will be refunded.

TIDE'S IN-DIRT'S OUT!

Tide
GETS CLOTHES CLEANER THAN ANY SOAP MADE —yet actually LEAVES COLORS BRIGHTER

BRIEFLY TOLD

Mr. and Mrs. W. P. Guinn have returned from Chilton where they attended the funeral and burial Wednesday morning of their sister-in-law, Mrs. Mayme Thigpen, wife of J. E. Thigpen of El Paso. Death occurred in an El Paso hospital where she had gone for the benefit of the climate and where they had just recently purchased a new home.

Mrs. Dan Hooker and daughter, Ancanetta, of Fort Wayne, Indiana, are visiting here with her sister and husband, Mr. and Mrs. G. C. Rosenthal at their home in Humbletown.

Mr. and Mrs. A. E. Stroebel of Pampa are visiting in Cisco and with her parents, Mr. and Mrs. Charlie Weiser of the Lutheran community while on vacation.

Mr. and Mrs. J. P. McCanlies have returned from Temple where he underwent Clinic examination. The report was an encouraging one, Mrs. McCanlies said.

Mrs. J. W. Bailey, former Cisco resident now living at Kermit, was an overnight guest Monday and Tuesday in the home of Mr. and Mrs. H. J. Woodriddle. Mrs. Bailey was enroute to Dallas for a visit with relatives.

Mrs. George Swinebroad and son, Allen Wood of Lexington, Kentucky, accompanied by her nephew, Richard West of Dallas left for

their respective homes Monday after a few days' pleasant visit here with her parents, Mr. and Mrs. C. R. West.

Mr. and Mrs. Troy Smith of Selmar, Tennessee, left Wednesday for Hot Springs, Ark., following a visit here with her aunt, Mrs. Caldwell.

Mr. and Mrs. Fred Stroebel and children have returned from San Antonio where they were guests of Mrs. Stroebel's brother and wife, Mr. and Mrs. C. F. Gerhardt, several days this week.

Mrs. W. E. McCarroll of San Angelo visited here with her mother, Mrs. E. Ford Wednesday afternoon, having accompanied friends who were visiting at Eastland.

Mr. and Mrs. Earl Smith of near Cisco have returned from a pleasant trip to El Paso where they visited their son and family. While on the trip they made a visit to Carlsbad Cavern.

Mr. and Mrs. Clifford Turknett and family visited over the past weekend with relatives in Cisco.

Mrs. F. P. Shackelford, Jr. and baby who have been in Graham hospital the past week were taken to their home in Putnam early today. They are reported doing nicely.

Mrs. J. S. Mobley is spending a few days this week in Dallas with her daughter Miss Marcia Mobley.

Cisco Daily Press is in receipt of word that Eugene Watson who was accompanied to Marlin by Mrs. Watson last week, is reported as slowly improving. Mr. and Mrs. Watson are located at McArthur Courts 208 Perry St.

Carmen Blount, seven year old daughter of Mrs. W. Blount was accompanied to Dallas Saturday where she left by plane for Washington, D. C. She will visit with her grandparents, Mr. and Mrs. Charlie Hawkins, there and will accompany them on a visit to Indianapolis, Indiana. She expects to visit with her grandparents for about six weeks.

Mrs. J. D. Yowell and children, Jimmy and Jerry, are visiting with her parents at Trenton, Texas.

Mr. and Mrs. Leon Savage returned home from Lubbock, after visiting relatives; and Mr. Savage performed the marriage of Mrs. Savage's brother Mr. John W. Lee, Jr., and Miss Mary Katherine Lindsay. The wedding was Saturday evening at 8 o'clock.

Mrs. Callie Beal of 704 avenue I is spending a few days in Dallas while on vacation.

Mr. and Mrs. Richard Turknett and daughter Sandra visited with relatives at San Saba last weekend.

Joyce Fay Bisbee of Ballinger is visiting in the home of her uncle and aunt Mr. and Mrs. Virgil Wagley this week.

Miss Anita Mullino of Rochester is visiting in Cisco in the home of her aunt and uncle, Mr. and Mrs. R. N. Cluck.

Mr. and Mrs. Paul Cozby of De Leon visited here over the weekend with her parents, Mr. and Mrs. D. R. Harper.

Mrs. O. P. Wheeler is enjoying visits of her grand children, Dale and Sandra Wheeler of Midland. They are children of Mr. and Mrs. Auda Wheeler, former Ciscoans.

Mrs. A. B. Cooper has returned from Abilene where she has been visiting relatives. She was accompanied home by her daughter, Mrs. Eddie Duhammel and babies.

Miss Mona Lee Cluck was expected to return today from Baton Rouge, Louisiana, where she has been visiting with her uncle, Mullino and family.

MEMPHIS, (Tenn. AP) — W. Smith got a promise from builder for faster action on new home when his wife gave birth to triplets. Smith, a tire assembly worker, had been here with his wife and two-year-old in one room.

ELECT

James P. Hart

of Travis County

Associate Justice Supreme Court of Texas

Judge Hart was appointed to the Court Oct. 1, 1947... is now seeking his first elective term.

It's the '49 FORD

It's The Car of the Year!

Here tomorrow at your Ford Dealers!

■ Tomorrow's the day! Yes, it's the day the '49 Ford, "the car of the year," goes on display at Ford Dealer showrooms coast to coast!

There never was an automobile like this before. It's a complete break with the past. It was designed by you... because you told Ford in letters, surveys and personal interviews just what you wanted. And tomorrow, it's here. It looks like a luxury car, but it sells in the low-price bracket.

Just for the thrill of it, look at the list of new features. And for an even bigger thrill—your biggest thrill of the year—see the '49 Ford, "the car of the year," at Ford Dealer showrooms tomorrow.

- NEW** You wanted ROOM. So Ford gives you sofa-wide seats, with lots of hip and shoulder room... and 57% more luggage space, too.
- NEW** You wanted SAFETY. So Ford gives you a 59% more rigid "Lifeguard" body and frame structure, 35% easier "Magic Action" King-Size Brakes, and new "Picture Window" Visibility all around.
- NEW** You wanted COMFORT. You get COMFORT... in a new "Mid-Ship" Ride... new "Hydra-Coil" Front Springs with shock absorbers built in, new "Para-Flex" Rear Springs, which need no lubrication.
- NEW** You wanted ECONOMY. New V-8 and SIX engines have new lubrication system, new "Equa-Fla" Cooling and "Deep Breath" Manifolding. Savings up to 10% on gas. (Even greater savings with new Overdrive, optional at extra cost.)
- NEW** You wanted BEAUTY. Well, see for yourself. You, too, will call Ford "the car of the year!"
