## Boyd - Stamford Game Highlights ASA Tourney Play

Top-seeded Royce L. Boyd of Cisco will match up with the Stamford All-Stars Thursday in the third round of the play-offs of the district 10 American Softball Association now in session at Stamford. The game is slated for eight o'clock.

Boyd hurler, Vernon Parks was credited with 15 strike outs and limited the Barq's Bottlers of Abilene to two outfield hits in Tuesday night's initial game. Boyd pulled the first big upset in the tourney by jolting the bottlers, 3-2.

In Wednesday's frays, Mackey Sporting Goods team of Abilene won over Coltex of Colorado City, 13-1 and Horace Holly, another Abilene entry, eliminated Bryant Link of Stamford from the contests by a 9-0 margin.

Manager White, it was learned Thursday, will use ace fireballer Parks as starting moundman in the crucial game. The team is leaving Cisco at 5 p.m. Thursday afternoon.

## Funeral Services For Moran Flier To Be Held Sunday

The remains of 2nd Lt. Wm. S. L. Pennington will arrive in Cisco on the Sunshine Special, Friday, July 30. W. O. Wylie, funeral director of Moran will bring the remains to the home of Mr. and Mrs. J. G. Terry. Funeral services will be held at the Baptist church Sunday, August 1st, at 3 p. m.

Lt. Pennington was born Oct. 4, 1920 in Moran, and died Oct. 11, 1942 in England. Lt. Pennington was killed in action, as a fighter pilot in England. Survivors are his father W. F. Pennington of Abilene, and one brother, Thomas B. Pennington a student of S. M. U. in Dallas.

Burial will be in the Moran cemetery. Military service will be conducted at the grave. Pallbearers are Rufus Grisham, Wallace Wright, Sam Waldrop, Hart Shoemaker, R. C. Fry, and Dub Davis.

## Reserve Has 372 Engineer Units

AUSTIN, July 29. — Engineer units sponsored under the Army's Organized Reserve Affiliation Program have reached a total of 372, it was announced by the Department of the Army today.

Of this total, 88 units are being sponsored by the Associated General Contractors of America, which has undertaken to sponsor 100 units through its local chapters and branch. Also cooperating with the Organized Reserves in the program is the Associated Equipment Distributors, with 21 units sponsored to date.

Labor unions have signed agreements for 25 units, and municipal and state governmental bodies are sponsoring 102 units. The remaining 136 units are being sponsored by private companies and groups.

In Texas, 49 of these units have been allocated with 19 of the 49 already activated and the units in the process of training and recruiting.

## Dance Planned For Junior Members of Country Club

Junior members of the Cisco Country Club will have their monthly Country Club dance Thursday night at 8 p.m. Mrs. E. E. Lennon announced.

Members may invite guests. Mrs. Lennon said, but a cover charge of 50c is required upon entrance.

## ELECTRIC POWER CONSUMPTION.

AUSTIN, July 29. — Electric power consumption rose 2 per cent in June, the University of Texas Bureau of Business Research reported.

Compared to June 1947, electric power consumption, which is used as a measure of industrial activity, rose 17 per cent.

## The Gay Philosopher

Copyright New York Graphic Society By J. W. S.

CISCO is the name of a new bulletin just published by the Chamber of Commerce. It is a large folder and one side is a map of the city. This is very handy to the newcomer for it has a key that will show you anything you want to know about our good town.

THE OTHER SIDE has pictures about town — a street scene, shots of churches, schools the swimming pool, and factories and the like. The Chamber of Commerce published the folder with the idea of having some very good literature to send persons interested in our town. And it's a very good job.

A LITTLE GIRL (5 years old) we know thinks Mr. Wallace Smith must certainly like to go to the picture show. "Every time I go to the show" she told us, "I see Mr. Smith there" Trying to enlighten her, we suggested that maybe he goes so much because he's the boss-man there.

THE T. & P. Railroad is installing a bunch of new cross ties along their tracks hereabouts. . . . We're informed that the telephone company's pretty building has a foundation that would accommodate a 10-story building. . . . Hear that another house building project is expected to begin here shortly. Will try to get the dope.

COMES A POSTCARD from Roy Westfall who says the Lions International convention in New York City is going strong and that he and the other Cisco delegates will be home next week. They're enjoying themselves.

WE HAD A note the other day about little Miss Shirley Kay Willis, who entered the farm picture puzzle contest. And we may have left the impression that she is still in bed with rheumatic fever. Such is not the case. She still has to rest a bit during the day, but she's getting along fine and is enjoying staying with her grandmother, Mrs. J. A. Garrett here.

A FELLOW WAS telling us today that for many years he yearned to own a business so he could take a nap after lunch each day. And now, he reports, his business won't let him get home to lunch until 12:30 or 1 p. m. And as soon as he gets home the telephone starts ringing.

## Nimrod Baptist To Begin Revival

The Baptist Church of Nimrod will begin a revival meeting Friday, July 30, with Floyd Yates of Oklahoma in charge of the services. The revival will last for a week, and will feature nightly preaching and singing. Services will begin at 7:30 o'clock every night. Rev. J. W. Pardon, pastor of the church, will lead the singing.

## CORPORATION CHARTERS.

AUSTIN, July 29. — Charters were issued to 288 Texas businesses in June with the capitalization of \$9,128,000, the University of Texas Bureau of Business Research reported.

In the first half of 1948, 2,188 corporations have been formed, compared with 1,150 formed in the same period of 1947.

## Lobo Band Plays In Ranger Parade

The Cisco Lobo Band returned to Cisco Wednesday night after attending the Ranger Jaycee's 3rd annual World Championship Rodeo, now in progress. The band was one of five invited to attend the rodeo by the Ranger Organization.

More than forty-five Lobo musicians, along with bands from Eastland, Breckenridge, Ranger and Brownwood, paraded in downtown Ranger and played at the rodeo's opening performance.

Band master Fred Baumgardner, Mrs. J. R. Dean and Mr. I. D. Reynolds accompanied the band.

## Large Texas Area Needing Moisture

Most of Texas is needing moisture to aid ranges and growing crops, according to a report released by the U. S. Department of Agriculture, for the week ending July 26.

The plains country received beneficial rains during the period covered by the report, and cotton and feed crops are developing rapidly. Eastern, Central and Southern Texas are becoming dry, and crops are retarded.

Most grain has been harvested and the cotton crops in the valley, and southern areas are being gathered.

Potatoes on the plains yielded a bumper crop, and cantaloupes and watermelons are being marketed all over the state.

Field work in the fall garden area is going forward at a rapid rate. Eggplant, peppers and tomatoes are being planted, and other commercial vegetable crops are being cultivated.

## Physical Exam Urged For Young

AUSTIN, Texas, July 29.—With the report of 77 new cases of chicken pox, 11 cases of diphtheria, 320 cases of measles, 75 cases of polio, and 199 cases of whooping cough occurring in the state in the week between July 10 - 17, Dr. George W. Cox, State Health Officer, has made an appeal to all parents to have their children undergo a thorough physical examination before entering school next month.

The appeal was made to coincide with the announcements of the various opening dates of schools throughout the state.

"It is a medically established fact that a child's health has a direct bearing on his progress in school," the health officer said. "It is no longer sufficient to provide the child with books and new fall clothing. Today we realize the health factor must be considered if the child is to reach his optimum level."

## Women Pickets Give Police Bad Time

Women pickets at the Univis Lens plant in Dayton, Ohio, have been giving the police a bad time lately. Here, Marylan Hasselbeck struggles with police as they forcibly remove her from the picket lines. She is being held on suspicion. (NEA Telephoto).

## CONGRESS OPENS SESSION

A general view as the House of Representatives convened in special session showed only about 200 members present. The session, called by President Truman, lasted about two hours in its first day. On the speakers stand is Speaker Joseph Martin. (NEA Telephoto).

## Rotary Club Views Ranch Day Film

Rotarians and guests view films presented by R. F. Webb and the Cisco Junior College Camera Club, at the regular noon luncheon at the college cafeteria Thursday.

The first film was shown through the courtesy of M. Boyce of Austin, who is working with the college in setting up a visual training unit. The film showed various breeds of dog used in the sporting field.

The second film was one taken during ranch day at the college during the last school term. It was in color, and showed much of the activity on college hill. The film is used in the public relations department of the school, in advertising the college.

Mr. Webb said that the camera department of the school was instrumental in bringing in several students from out of town. The organization plans to film all college football games, for the use of the coaches in their training program.

The college has purchased a new movie camera, and a new sound projector for use in its work.

Visitors at today's meeting were Rotarians R. J. Flecker of Mineral Wells, and Dr. Loeb of Sweetwater; R. N. Cluck of Cisco, Billie-Mac Jobe of Putnam, Mr. Boyce of Austin and Jack Jones, who is relieving W. P. Guinn while he is on vacation.

## SPEAKS ON PHARMACY.

AUSTIN, July 29. — Miss Esther Jane Wood, University of Texas pharmacy instructor, spoke at the recent Del Rio meeting of the Southwest Pharmaceutical Association on "Commercial Aspects of Pharmacy."

## REVENGE BELIEVED MOTIVE

Revenge by former prisoners at the Ohio State Reformatory at Mansfield, is believed the motive behind the triple slaying of Mr. and Mrs. John Niebel and their daughter, Phyllis, 21. Mr. Niebel was superintendent of the prison farm. Here, one of the bodies is placed in an ambulance. (NEA Telephoto).

## Draft Boards Named by Gov. Jester; Eastland, Stephens County Joined

Governor Beauford H. Jester announced Wednesday that he had recommended to President Truman the appointment of 526 members to the 136 local draft boards in Texas.

Included in the recommendations were the names of three men for the combined Eastland-Stephens board. The men recommended were: E. M. Howard of Rising Star, Frank Sparks of Eastland and E. J. Norvill of Breckenridge. It was not announced where the board would be located. Eastland and Stephens Counties were merged under the peace time draft set-up, and one board will administer to both counties.

Membership on each of the Texas boards ranges from three to six. Inter-county boards represent from two to five counties. Only eight counties have more than one board. Harris County has eight boards, Dallas six, Bexar five, Tarrant four, Jefferson, El Paso, Nueces and Travis, two each.

Governor Jester also recommended to the President the appointment of five men to the board of appeals for the Texas Selective Service System.

They are Dr. Albert L. Deveny, Horace H. Shelton, T. J. Butler, Dr. D. T. Gilliland, all of Austin, and J. H. Johnson of Del Valle.

Selective Service Director Lewis B. Hershey announced that all regulations regarding the draft would reach the local boards in time to begin registration on August 30. The registration will continue through September 18. Actual beginning date of the draft has not been set, but he stated that it would probably begin the first week in October.

He announced that men from the ages of 25 down to 22 would be drafted first, with only approximately 7,000 of the 25 year age group being called. He also pointed out that deferments in that age range would be liberal.

ABC Club directors will probably act on the notes at their meeting Wednesday it was anticipated.

## WILL ATTEND MEET.

AUSTIN, July 29. — Dr. Norman Hackerman, University of Texas chemistry professor, will attend the Gordon Research Conference at Colby Junior College in New London, New Hampshire, July 26. He is director of the University's Corrosion Research Laboratory, and as such will speak on the passivity of metals and corrosion.

## NEW KLEINER POOL OUTPOST WATCHED

### The Big One Didn't Get Away

By ELSWORTH MAYER.

Fishing has been generally good out Lake Cisco way all this week, and several good strings have been brought in and displayed before us hard working folks that have to take our fishing out in admiring the luck and ability of the other half. Bream, crappie and channel cat have been grabbing most any thing thrown their way and the bait peddlers have been rushed to keep anglers supplied.

The boathouse crew all made nice catches but the biggest fish caught and the biggest fish story told is attributed to Austin Flint. Austin caught a catfish which he estimated to weigh less than 15 pounds but he refused to allow it to be weighed.

Austin is spending his vacation at the lake with his wife. They have as their guests, Mr. and Mrs. Greenwood of Harlingen. Last year Mr. and Mrs. Flint and daughter were living in Midland, and spent their vacation here, so when the time rolled around this summer he decided there was no use changing.

Other vacationers at the lake are Mr. and Mrs. Sam Killingsworth and daughters of Longview. Mr. Killingsworth spends most of his time walking the floor with Geo. Fee while waiting for reports on his No. 1 Fee well.

Mrs. Killingsworth and the girls came to spend four days at the Lake Cisco camp, and take advantage of the swimming facilities. They liked it so well they decided to stay another week.

Mr. and Mrs. Lewis of Baird are spending their two weeks vacation fishing and swimming at our resort. They heard about it from friends who had visited here for a while, and decided there was no use in going hundreds of miles for recreation when it could be found so near their home.

Mrs. E. G. Dameron has returned to her favorite spot at the boat house and has brought along a convert. Her daughter, Mrs. Stormy Davis, has helped her pull 'em in. Mrs. Dameron brought in the prize string for the week.

Mrs. Funk Thornton, who took time out to build a house, has started fishing again. She caught a nice mess of bream and crappie.

Mrs. Ethel Berry was the most persistent angler at the lake this week. She spends all the daylight hours tempting the finny tribe, and has had good luck.

C. M. Townsley must be on the road to recovery from his recent illness. His wife has returned to take her place at the boat house and has caught some nice ones.

Mrs. Ray Judia had a nice letter from the office girls of the West Texas Utilities Co. in Abilene, who spent last week-end at the lake. They liked it so well that all 13 of them want to come back August 21.

There will be two family groups meet at the lake this week-end for family reunions. The Brooks-Pinnell families from Moran, and the Grantham family have reserved cabins for the affairs.

It's being rumored that there'll be a huge fishing rodeo staged at the lake next year. Plans are under way now.

Mrs. Dub Triplett and son Teddy were out this week, and caught some fish. Teddy took the honors with the biggest string.

Mrs. Laird Locke of Humbletown parked the baby for a while this week, and slipped out to try her luck at the boat house. She was well paid for her efforts.

Alton Underwood and family of Big Spring spent last week at the lake fishing and relaxing. Alton is the brother of Felton Underwood of Cisco. The party snagged enough fish to entertain friends with a big fish fry.

### No. 1 Thomas Tops Mississippi Lime, Cement Fee Well

The H. W. Skelly No. 1 Thomas, western outpost location in the new Kleiner oil pool north of Cisco, held the attention of oil men today as its completion would mean a substantial extension to the field.

According to reports, the Skelly well topped the Mississippi lime at 3,820 feet last night and the bottom of the hole was 3,881 feet early today. A drill stem test was run this morning, and unofficial reports indicated that a slight gas show was noted.

It was understood that drilling would continue. Core tests were run Wednesday after topping the pay horizon, and it was reported that samples had heavy oil saturation.

On the other side of the pool, the Killingsworth No. 1 George F. Fee was shutdown for cementing. It was expected that a completion effort would be made either in the Duffer or the Lake.

Hickok Oil Company's No. 3 C. J. Kleiner has been cemented and is awaiting removal of the derrick to a new location before completion by perforation in the Mississippi.

Lone Star Producing Co. was drilling at 2,755 feet early today in their No. A-2 C. J. Kleiner, off-set to the Hickok No. 3 Kleiner.

Elsewhere in the Cisco area, Lone Star was nearing completion of a new Caddo well some eight miles northeast of town. In their L. S. Calloway No. 7, the Caddo was topped at 3,444 and drilled to 3,465 for a test. Oil flowed in eight minutes after opening.

Southeast of Cisco some four miles, the Glover Producing Co. No. 1 Walter Kurkin was drilling below 3,100 feet late Wednesday. A test had just been run in the Caddo lime where an oil show was reported. The area produced from the Marble Falls in the 1920s.

Prospects for a shallow oil field seven miles northwest of Cisco were reported today in the McClung Oil Co. No. 1 C. C. Phippen. Drilled to 350 feet with cable tools, the well yielded three barrels per day on the pump with no water, it was reported. McClung is said to have a 160-acre tract there, and it was understood that further developments were planned.

## Elimination Of Priorities Seen

Elimination of priorities in sale of war surplus materials in the southwest further personal cuts and long plans for the liquidation of War Assets Administration by February 28, 1949, were outlined at the Grand Prairie office this week following a series of conferences between regional and national executives of the agency.

"This does not mean that War Assets Administration in this region is folding up today or tomorrow," said Colonel Karl E. Wallace, regional director. "It does mean the 80th Congress has ordered that we clean up and clear out within a limited time, which is exactly what we propose to do."

Main points of the disposal plan provide:

1. Doing away with veterans and other existing priority claims in offerings of surplus personal property as of August 31, 1948.
2. Marketing of all remaining surplus personal property within a five-state area of the southwest.
3. Continued reduction of the payroll employes.
4. Disposal of at least half of the region's remaining real property (estimated at approximately \$750,000,000 in original cost).

## Hardball Game At Eastland Sunday

Eastland and Weatherford will meet Sunday in a baseball game scheduled for 3 p. m., at the Eastland diamond, it was announced today.

The Weatherford boys are bringing a fast team, and the game should be a good one, according to the reports. The Eastland team has won many of its games from teams over the state.

## Our Pacific Trust.

Saipan, Truk, Bikini are familiar names, but who has heard of Lib, Ngoli, Kapingamarang? They are all within what is now the Trust Territory of the Pacific Islands. This Trust Territory, comprising the Marshall, Caroline, and Mariana groups of islands, extends about a thousand miles north from the equator and includes a great part of the area from Hawaii to the Philippines — two million square miles of water surrounding a myriad of tiny and larger tropical islands. Only 117 of them are inhabited by a total of 50,000 natives of Polynesian or Micronesian extraction. Formerly under German control, they were mandated to Japan following World War I and are now under our official wing.

Placed under Naval Military government following the conclusion of World War II, a program for bettering conditions was immediately started. Every village, no matter how small, over this vast area, was officially visited and complete data gathered.

It was determined that what was needed was not military domination but friendly aid and cooperation to help these people become self-reliant, establish better health and sanitation, elementary education, safeguard their lands and resources, develop their trade, industry and agriculture, and the physical restoration of war damaged property.

For the past two years, this plan has been materializing under the able guidance of Rear Admiral C. H. Wright. Dubbed as the "Admiral of the Atolls," he is highly regarded by the natives of the whole area.

Vaccination and immunization is provided. Yaws is under control and anti-tubercular work is progressing. Native medical and dental practitioners and nurses are being trained. Seven dispensaries of from 25 to 80-bed capacity are located throughout the area. A training program is supplying native teachers for island schools. A trading system provides them with needed goods, while at the same time marketing their produce — principally copra and handicraft. These are just a few of the things accomplished or underway.

A most admirable phase of this whole program is that the natives are not asking for or getting handouts. We are giving them medical assistance and help in instances of calamity, but otherwise they are rapidly getting on their own.

A truly commendable operation, the Navy is carrying it out speedily, efficiently, without fanfare, and withdrawing its official hand as rapidly as circumstances permit.

## Doing The Job.

According to news reports and statements by leading authorities, world production of oil is catching up with demand. From the standpoint of personal comfort and convenience this means more to the citizens of the United States than to those of any country, for the simple reason that oil is almost as much a part of our daily "diet" as is lights and water.

Our country's ability to cope with the petroleum supply, now and in the coming winter, is viewed with cautious but definite optimism today by government official and the industry's spokesmen. There seems to be general belief that the margin between steadily increasing demand and full-scale production is slim, but that the critical petroleum situation appears to be "over the hump" barring unfortunate eventualities.

World supply will keep pace with world demand if several assumptions work out. The most important is that crude oil can be refined and shipped where it is needed. There must be peace in the great producing areas of the world. Enough equipment must be available for drilling and expanding crude production to meet the goals. Refining capacity must be increased, particularly abroad. Tankers must be built; oil pipe lines must be laid.

American oil companies can and will do their part of the job unless they are prevented by conditions entirely beyond their control.

## MORAN NEWS

By MRS. C. C. CADY.

Mr and Mrs. Glen Pool of Las Cruces, New Mexico, visited relatives at Stephenville and Moran for the past two weeks. Glen is in his senior year and will complete his engineering course next May at New Mexico, A&M. Mrs. Pool is secretary to the president of the college there.

Visiting in the home of Mr. and Mrs. W. C. Brooks are Mr. and Mrs. Sidney Brooks of Kermit, Texas; Mr. and Mrs. A. W. Nunn and son, J. P., of Las Cruces, New Mexico; Mr. and Mrs. S. A. Mc-

Intire and two sons of Leuders, Texas.

Relatives of the Enell family are gathering here to attend the Pinell reunion held at Lake Cisco, July 30, 31, August 1. All friends of this family have a cordial invitation to attend.

Mrs. W. P. Grace of Abilene is visiting a few days in Moran this week. The Graves have sold their home in Moran to Mr. and Mrs. W. T. Mitchell of Vernon, who have been transferred to Moran by the Phillips Petroleum Co

Hubert Brooks of Colorado Springs, flew his two passenger plane to Moran last week. He took his mother for a round trip, in his

plane, to Fort Worth and Dallas, for a short visit. Hubert was accompanied to Colorado by his brother Jack Brooks.

Mr. A. J. Locke returned home Sunday from the Gorman Hospital where he was a patient for five days. He is reported to be very much improved.

Mr. and Mrs. W. O. Wylie, Jr., of Baird have purchased the funeral business of A. J. Taylor in Moran. Mr. Wylie has leased the building of Mrs. Wild, two doors west of the bank, and remodeling of the building has begun for a modern funeral home. A J. Taylor will keep his furniture business.

The Moran Luncheon Club met Wednesday, July 28, in the dining room of the Methodist church. The Methodist ladies served a delicious dinner to 40 guests and members.

Visitors from out of town were: Connie Alexander of Albuquerque, New Mexico; Mr. and Mrs. M. H. Parrish, Mr. and Mrs. W. H. Parrish, and Martin Parrish all of Cisco. Mrs. Smith of Texas City, guest of Mrs. F. W. Basham; Mrs. Joe Burton of Texas City, guest of Mr. Leo Weir.

All the visitors made a talk. Connie Alexander is a student at the University of Mexico, studying to be a radio sports announcer. The Club will meet at the Methodist Church until further notice.

On July 18 the Knight family held a one day reunion at Lake Cisco. This is an old tradition set by the older brothers and sisters, being revived by their sons and daughters. This is the first reunion held since 1941. Everyone reported a very enjoyable day, there being some 75 people there.

Those present were: Mrs. W. W. Knight, Moran; Mr. and Mrs. C. E. Knight and sons, San Angelo; Mr. and Mrs. M. P. Knight and daughter, Dallas; Mr. and Mrs. D. E. Knight and family, Cisco; Mr. and Mrs. Newell O'Dell and family, Eula; Mr. and Mrs. Clarence O'Dell and son, Cisco; Mr. and Mrs. C.

**GORMAN NEWS**  
(Special Correspondent)

Dr. T. G. Jackson, well known Eastland County physician, is in a very critical condition at the Blackwell hospital following a heart attack last Saturday morning. He has now developed pneumonia.

Funeral services were conducted at the First Methodist Church Sunday afternoon for W. A. Sutton, long time resident of Gorman and who was associated with his brother Ed Sutton in the dry goods business here for many years. Mr. Sutton passed away at his home after a long illness. He is survived by his son, John, one grandson and one brother and one sister, the two latter living in Virginia and who were unable to attend the funeral.

Mrs. G. H. Baird of Oxford, Miss.; Guy Baird, Mrs. T. J. Lindley and daughters of Fort Worth were here Sunday visiting Mrs. Sula Lindley. The two girls, Frances Jo and Mary Nell are spending the week with their grandmother.

Mrs. J. C. Patterson of Albany spent the weekend in the home of Mr. and Mrs. Homer Mason.

Mr. and Mrs. Glen Shoemaker of Columbus, Ohio, announce the birth of a son, Glen C. Shoemaker, Jr., on July 21, 1948. The mother will be remembered as the former Florene Love, daughter of Mrs. R. B. Love of Gorman.

J. W. Brooks of Ithaca visited his daughter, Mrs. Jack Bennett and family on Saturday.

Dr. and Mrs. Almus Blackwell of Stamford visited Dr. and Mrs. George Blackwell Sunday.

Mrs. Bill McCarty and son Roy Allen of Guyman, Oklahoma, are spending this week with her parents, Mr. and Mrs. Roy Choate. Audrey Nell Choate who had been visiting her sister in Guyman returned home with them.

Mrs. J. T. Brightwell had the pleasure of having all of her children at home on last Sunday. Those present were: Mr. and Mrs. J. P. Westmoreland and son of Hamlin; Mr. and Mrs. O. J. Erizzen of Drumwright, Okla.; Mr. and Mrs. Billie Armstrong of Abilene; Mr. and Mrs. Odel Bethany of De Leon; Mr. and Mrs. Roy Choate and Audrey Nell of Gorman; Mr. and Mrs. Bill Simpson and children of Gorman; Mr. and Mrs. Leslie Helms and children of Dublin; Mrs. Bill McCarty and Roy Allen of Guyman, Okla.

Reports from the Ranger General Hospital tell us that Mrs. Mary (D. J.) Jobe is progressing nicely after a major operation.

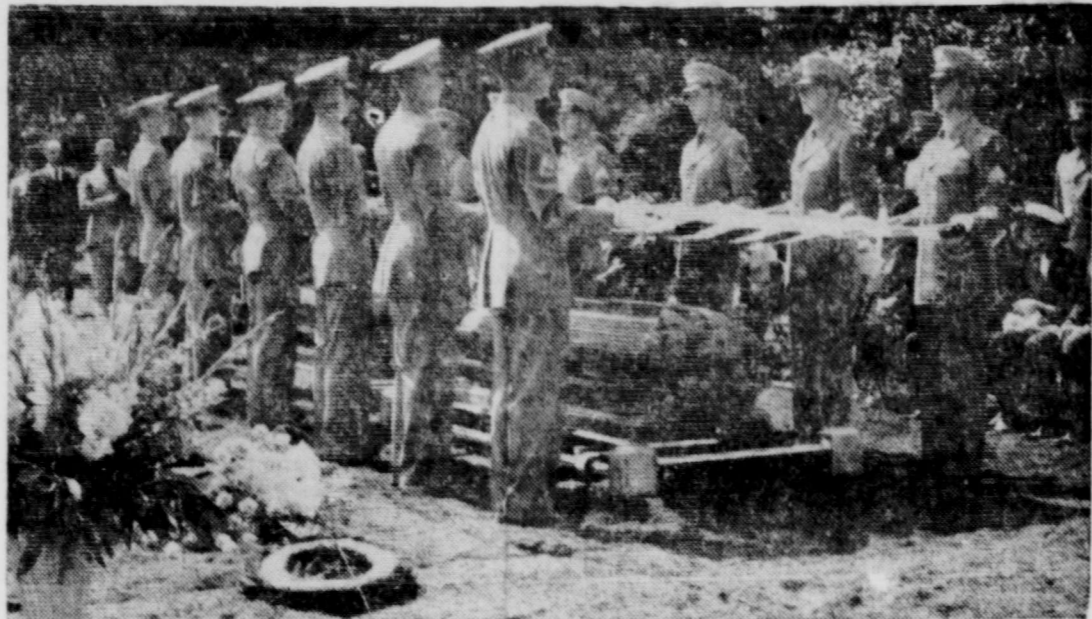

Mr. and Mrs. W. H. Mullings of Eastland were visitors of Mrs. Elsie Gates Sunday. Mr. and Mrs. Henry Capers were also dinner guests of Mrs. Gates.

Mrs. Sallie Gilbert of Abilene spent the weekend in Gorman with Mrs. Jane Eppler and other friends.

Mrs. John Kimble and John Edward spent Sunday in Comanche.

Mrs. Wilma Lane attended a family reunion in Cisco Sunday.

Other Comanche visitors Sunday were Mr. and Mrs. Weldon Glasgow and children who attended a family reunion. Billie Earl Simpson is spending this week in Abilene with his aunt and uncle.

Mr. and Mrs. Duane Hite of Austin and Mr. and Mrs. Gene Ellison and daughters of San Antonio spent the weekend in the home of their parents Mr. and Mrs. Jimmie Ellison.

Mrs. Reece Allday entertained with a party honoring Mrs. Wilbur Shell on her birthday on Monday evening in the back yard of the Allday home. Those present were: Mr. and Mrs. Chas Underwood, Mrs. Marvin Blair and Annye Kate; Mr. and Mrs. Luther Wright, Mr. and Mrs. Shell and the host and hostess.

Mr. and Mrs. Elmer Todd of Fort Worth visited his parents Mr. and Mrs. Bob Todd over the weekend.

Mr. and Mrs. Check Smith were guests of Mr. and Mrs. Earl Stone, Jr., in Fort Worth Saturday and Sunday.

**Growing Use Of Oil Seen in U. S.**

HOUSTON, July 29. — Americans this year will use almost twice as much oil as the rest of the world combined, Warren L. Baker, editor of World Oil Magazine, stated here today in revealing an oil industry study of current petroleum demand. Baker is Texas state chairman of the industry's information committee.

Consumption in the United States is at an annual average rate of 635 gallons for every man, woman and child compared with a per capita consumption of 464 gallons in 1941, Baker stated. Domestic demand for oil products in 1948, he said, will hit a new peak of approximately 99 billion gallons, equal to more than 245 million gallons each day, and an increase of 44 per cent compared with 1941, the peak prewar year. The rest of the world, he said, will use an estimated 47 billion gallons this year.

Oil supplies available during 1948 are expected to average 253 billion gallons daily, Baker predicted, this record average providing a "cushion" of about 8 million gallons. The overall availability is expected to be adequate to all demands, he added, but because of the small margin of the "cushion," distribution problems may cause temporary spot shortages in some of the non-producing states.

Factors contributing to the skyrocketing demand for oil products, the report said, are rising motor vehicle registrations, a high level of industrial production, sharply increased use of oil on farms, a record number of home burner in-

stallations, increased use of Diesel engines by railroads, high military requirements, and soaring use of "bottled" gas.

The industry's estimate of petroleum products available for domestic use is based on the assumption that it will continue to be free from government interference, and that there will be no unusual supply failures in the flow of materials required for needed expansion, the report continued. Imports were also cited as contributing to the supply balance, the U. S. being this year a net importer of about one and one-half billion gallons.

The report stated that 1948 drilling operations would exceed 1947's previously high record of 33,000 wells drilled in an increased search for new oil sources to meet the demand.

**Palace Offers Popular Movie**

"Gentlemen's Agreement," produced and directed by Darryl F. Zanuck, is playing at the Palace Thursday and Friday, it was announced today by Manager Wallace Smith.

"Gentlemen's Agreement" is an exceptional production which frankly discusses the problem of anti-Semitism in this country. It is handled with distinction, characterizations are impressively sincere

and there are numerous moments of stirring emotion.

The picture has the same powerful dramatic elements which made the book by Laura Z. Hobson the best seller of the year. In addition, it has a name cast headed by Gregory Peck and Dorothy McQuire, with some fine support provided by John Garfield, Celeste Holm, Anne Revere and June Haver.

Movie critics hail "Gentlemen's Agreement" as a strong box office attraction and for its social significance.

**Civil Air Patrol Is Growing Again**

MNNEAPOLIS, July 29. — The Civil Air Patrol, volunteer citizens' organization which fought raiding German subs along our coastline in the dark days of 1942 with bombs and depth charges slung underneath tiny single-engine "flivver" planes, directed rescuers to submarine victims, and trained tens of thousand of cadet members who later served in the armed forces, is zooming out of its post-war slump. Its present membership of over 160,000 seniors and cadets already exceeds its peak wartime enrollment of 132,175, and the increase is continuing. The C. A. P. cadet program warrants careful study as probably the nation's fastest-growing youth activity, according to a report by the family economics bureau of Northwestern

## MISCELLANEOUS GIFT SHOWER FOR MISS HALL

Miss Doris Lee Hall, bride elect of Larkin Akers, was honored for a miscellaneous shower given Tuesday evening in the Educational building of East Cisco Baptist Church.

Miss Hall, daughter of Mr. and Mrs. J. D. Hall, will become the bride of Larkin Akers, son of Mr. and Mrs. J. L. Akers of Cisco in a ceremony at 8 o'clock Wednesday evening, August 4, in East Cisco Baptist church.

Guests were registered by Miss Dolores Kilgore who presided at the table which held the lovely bride's book. Mrs. Herman Barron and Mrs. Don Rupe received the guests and presented them to the honoree and her mother and Mrs. Akers, mother of the groom to be. Others assisting with the guests were Mrs. H. H. Harrelson, Mrs.

## NEW FRENCH CABINET

Miss Wanda Hitchcock and Miss Jean Harrelson presided at the punch bowl in the dining-room. The table was laid with lace cloth over pink satin and was centered with an arrangement of pink lilies flanked on either side with blue and white lighted tapers. Assisting in the dining room were Mrs. E. E. Green and Mrs. J. E. Whisenant.

Music for the evening included vocal numbers by LoAnna Holder and Beth Andrews, interspersed with accordion selections by Carleen Holder.

After the guests had been served the honoree was seated at the gift table where she, assisted by her mother, unwrapped the beautiful array of gifts and passed them to the guests for their inspection.

Names registered in the bride's book were: Miss Doris Hall, Mrs. J. D. Hall, Mrs. J. L. Akers, Mrs. Herman Barron, Mrs. C. R. Hightower, Mrs. W. L. Lewis, Mrs. Don Rupe, Mrs. M. Slaughter, Mrs. H. H. ### Girls Clothing Program Renewed

Rural girls in Texas between 14 and 1 again have the opportunity to take part in a special 4-H "wear-care" clothing demonstrations awards program, which is being renewed this year.

The demonstrations may apply to what the participants have learned regarding good methods of selecting, wearing and caring for a clothing wardrobe. The care may include washing, drying, ironing, removal of spots or stains, and handling of garments when not in use.

State champions — either two individual demonstrators or two members of a demonstration team

— named by the state club office will each receive a \$25.00 cash award provided by American Viscose Corp. The winners must have completed at least three years of 4-H Club work, including the current year.

County extension agents will furnish complete information regarding the demonstrations.

Not So Very Long Ago ---

... most abstracters were wondering where the next order would come from. Then came the gradual rise in the price of petroleum products, release of more building materials, and increased inflation which swelled the price of lands out of all reason. These factors and others contributed greatly to the demand for title work. But thru good times and bad—for more than 25 years — we have never thought it wise to sacrifice quality for quantity. And that's our business plan today!

**Procter & Gamble's Amazing New DISCOVERY**

means a new kind of washday!

**IT'S TIDE**

... you've never used anything like it!

**TIDE** is the kind of miracle that could happen only in this age of science. Made especially to do your whole family wash, Tide gets clothes cleaner than any soap made! But that's only part of the miracle... Tide also leaves colors brighter than any soap made! And as for your white things—no soap in the world will get them whiter than Tide. You'll be amazed! And wait till you see Tide's wonder suds! They look different, feel different... and they billow up like magic even in hardest water!

**NO SOAP WILL GIVE YOU ALL THIS:**

The **CLEANEST, BRIGHTEST, WHITEST** wash you ever hung on the line!

**CLEANER than any soap!** Yes, Tide gets your whole family wash cleaner—even the greasiest overalls! Tide not only leaves clothes free from ordinary dirt, but actually removes dingy soap film as well. That's why a Tide wash is a cleaner wash!

**BRIGHTER than any soap!** Tide actually brightens the colors that soap washings have dulled! Does it safely, too. With all its cleaning power for heavy work clothes, Tide is truly safe for all your washable colors. Try it—see for yourself!

**The world's WHITEST wash!** Just wait till you see your first Tide wash! No soap ever got your shirts, sheets, towels, more dazzling white! And Tide keeps them dazzling white, week after week!

**GIVES MORE SUDS—** prove it in your dishpan! Kind-to-hands suds! Longer-lasting suds than any soap in hardest water. Tide cuts grease like magic... washes dishes cleaner than any soap! No scum in the water! No cloudy film! Dishes and glassware rinse and dry sparkling clear—even without wiping!

**GUARANTEE** Procter & Gamble guarantees that Tide will do everything claimed for it in this advertisement. If you are not completely satisfied, return the unused portion of your package to dealer, and the purchase price will be refunded.

**TIDE GETS CLOTHES CLEANER THAN ANY SOAP MADE** —yet actually LEAVES COLORS BRIGHTER

**TIDE'S IN—DIRT'S OUT!**

**TIDE WORKS EXTRA MIRACLES IN HARD WATER! OCEANS OF SUDS! NO WATER SOFTENERS NEEDED!**
