## YOUTH CONFESSES AX SLAYING

Frederick S. Pike, left, in handcuffs, shows police where he fired a wild shot at Bishop Raymond A. Heron of the Episcopal Diocese of Mass., after he had killed the Bishop's seventeen year old chorboy, Pike shot Paul Zayka twice and then hit him with an ax, Bolton, Mass., police captured Pike after a wild auto chase. (NEA Telephoto).

## Kleiner Field Is Expected to Get Three Producers

The coming week is expected to be highlighted by the completion of at least three more oil wells in the Cisco area, according to information Saturday.

In the new Kleiner pool, Lone Star Producing Company were expected to cement pipe in their No. A-2 C. J. Kleiner. The firm topped the Mississippi lime pay section at 3,661 feet and the hole was bottomed in the top of the Ellenberger at 3,965 feet.

Some 100 feet of the Mississippi was cored. It was not known at noon Saturday whether a drill stem test would be run before pipe is cemented.

Hickok Oil Company was erecting tank and separator near their No. 3 Kleiner, an offset location. Oil spray came out with heavy gas after acidizing Friday afternoon.

The H. W. Skelly No. 1 Thomas, bottomed and cemented at about 4,000 feet, is expected to be completed during the coming week. Core tests showed heavy saturation in the Mississippi in their Kleiner pool well.

Glover Producing Co., No. 1 Kurklin, test four miles southeast of Cisco, was reported to be seeking production in the Marble Falls section. Operators reported a "good show" in the Lake at 3279 feet where a 16-foot section was cored. They topped the Marble Falls at 3290 and were testing.

Glover, with a 600-acre lease in area, planned to carry it to the Mississippi if completion in the Marble Falls appears uncertain.

## Local National Guard Unit Given Final Inspection for Federal C. K.

Twenty-five men and two officers of Battery A, 961st Field Artillery, local National Guard unit, were present last Wednesday night for the final inspection of the unit by representatives of the Inspector General's office.

Captain Standish from the Inspector's office for the Fourth Army area at Fort San Antonio, and Col. Green, senior instructor for reserve and guard units in this area flew to Cisco in a plane belonging to the Texas National Guard. The plane was piloted by Major Booth.

After a quick motor trip over the town the men went to the permanent armory, in the shop building at Cisco Junior College, where they inspected the armory facilities and battery papers.

At 7 p. m. Capt. Standish met with the guard personnel and inspected the men and personnel papers. Captain Standish was high in his praise for the manner in which the work had progressed and said that the Cisco unit was the best he had seen in 52 inspections for federal recognition.

Colonel Green also praised the local battery on the start that had been made.

Sgt. Marcell who is sergeant instructor for this area joined the inspectors in Cisco. He was high in his praise for the manner in which the town was cooperating with guard officers and said that the spirit shown locally was far above that shown in 18 towns he had visited.

Capt. O. O. Odom, local guard commander, expressed his thanks to the people of Cisco for the splendid manner in which they had worked with him in the forming of the company. He said that the unit would need more help from Ciscoans in furnishing the armory. The government furnishes all equipment except office furniture and some recreation facilities.

## Kinard Family In Reunion at Cisco

A reunion of the Kinard Family of one of the pioneer Eastland County families, got under way at the Presbyterian encampment near Lake Cisco Saturday and will continue through Sunday.

Approximately 100 members of the family from over Texas and Louisiana are expected to attend the meeting.

Old friends were invited to visit them during the reunion.

## Oil Production Report Issued By Petroleum Body

The American Petroleum Institute estimates that the daily average gross crude oil production for the week ended July 31, 1948 was 5,455,450 barrels. Daily production for the four weeks ended July 31, 1948 was 5,457,950 barrels.

Reports received from refining companies indicate that the industry as a whole ran to stills on a Bureau of Mines basis approximately 5,718,000 barrels of crude oil daily and produced 17,646,000 barrels of gasoline; 2,213,000 barrels of kerosene; 6,823,000 barrels of distillate fuel and 9,080,000 barrels of residual fuel oil during the week; and had in storage at the end of the week: 99,115,000 barrels of finished and unfinished gasoline; 21,051,000 barrels of kerosene; 56,661,000 barrels of distillate fuel and 65,713,000 barrels of residual fuel oil.

## Texan Appointed As Advisor to Paralysis Board

NEW YORK, Aug. 7. — Mrs. Rex Payne of Center has been appointed Southeast Texas Advisor on Women's Activities of the National Foundation for Infantile Paralysis. It was announced today by Basil O'Connor, National Foundation president.

Assuming full responsibility for this section of the state which is now experiencing one of its severest polio outbreaks, Mrs. Payne will help extend educational information about Chapter services to polio patients and their families. She will also work on the immediate development of a program of women's activities in Chapters throughout this area.

Mrs. Payne is Secretary of the Shelby County Polio Committee. She is past president of the Music Study Club; Chairman of the Welfare Committee of Rotary Annals and Treasurer of the Business and Professional Women's Club. A charter member of the Shelby County Town Hall Association, Mrs. Payne is co-partner of Payne and Payne, home of "Hardware 'n' Suchlike."

## Commissions Are Open in Army

AUSTIN, Aug. 7. — Direct commissions in the Officer's Reserve Corps for persons possessing either professional or technical qualifications critically essential and adaptable to the needs of the Army have now been authorized, Colonel Oscar B. Abbott, Senior Instructor for the Organized Reserves, announced here today. Appointments will be given in grades from Second Lieutenant through Colonel.

The purpose of the new regulations is to provide a source of officers possessing specialties in which it is not feasible or economical for the Army to train. Individuals with and without prior service can be appointed, although those without prior service will be required to meet, within a reasonable length of time, minimum military training requirements.

To be eligible for an initial appointment an applicant must be at least 21 years of age, a citizen of the United States, have appropriate professional or technical educational requirements, and be physically qualified. Various ages indicate the grade in which the applicant will be placed. A Second Lieutenant commission will be given to those between 21 through 30 years of age, a 1st Lieutenant from 30 to 33 years of age, a captain from 33 to 37, and so on through to a Colonel who can be 55 years of age.

Also deciding the grade in which the applicant will be placed is the qualifying college education or experience level. For instance, a 1st Lieutenant must have had 7 years of education and/or experience in his specialty. A Major will be required to have 16 years and a Colonel 26 years of education and/or experience.

The educational level required for each type of service varies according to the service applied for.

## RESUMES TECH POST

LUBBOCK, August 7. — Miss Edna Nawanna Houghtin, assistant professor in architecture, resumed classes this semester at Texas Tech College in the architectural department.

Miss Houghtin has been on leave of absence for graduate work at the University of Southern California, Los Angeles, Calif.

## TEST WELL PLANNED

Skelly Oil Co. was reported Saturday to be planning a Mississippi Lime test on their 480-acre lease northeast of Hittson Ranch production some six miles northeast of Cisco, according to information here. It was understood the well would be drilled within 90 days.

## TWELVE YEAR OLD HERO

Efton Bradley of Houston, Texas, center, a 12-year-old youth, who twice in two hours became a hero. At 1:30 p. m. he pulled little Darrell Pena, 4, left, out of a seven foot deep hole and at 3:00 p. m. on the same day, duplicated the feat with Gertrude Twardowski, 10-years-old. (NEA Telephoto).

## RESIDENTIAL BUILDING ON INCREASE AS MANY SEEK HOMES, RENTAL UNIT SHORTAGE ACUTE

Residential building in Cisco continues to go forward through the summer months as citizens are making every effort to combat the housing shortage, caused by the steady growth of the town, and given an added boost by the oil play near here.

The building of new homes by local citizens and the building of houses for sale by developers will help to relieve the housing shortage it was pointed out by one real estate official. As a new home is completed or a house sold it releases a rental unit for a new citizen.

The Oakhurst Developing Co. is rapidly completing houses in Oakhurst addition. They have completed seven residences and have five under construction. These houses are four and one-half and five rooms, and are of

frame construction. Some of the houses are sided with asbestos siding to add variety to the addition.

J. H. Laton Construction Co. is building two Spanish type stucco homes for sale on Liggett Ave., in the Mancill Addition. These houses are two bed room places, and front to the south.

Mr. and Mrs. W. F. Brown have begun work on their new home, located at the corner of West 7th and Ave. I. The house is to be of frame construction and will contain five large rooms. Their new home will face to north.

Mr. and Mrs. W. E. Dean moved an old house to their lot in the 500 block of Ninth Street and are completely remodeling it for their future home. It will be a two bed room house with a large combina-

tion living and dining room. The house is to be finished with asbestos siding and will have a composition roof. The garage will be attached to the house and will include a large storage room.

Sterling and Betty Fee Drumwright have staked off their new home on Park Drive. The house is to be of brick construction and is situated on a large wooded tract just west of Park Circle.

The Austin Flints have purchased two lots on Park Drive and plan to start building soon.

There are many more houses being built or planned for the future. These added to the 120 built in the 12 months period, prior to May 1, should help in finding homes for the many people wanting to make Cisco their home, it was pointed out.

## Gorman and King Tractor Go Into Tourney Finals in Extra Long Games

Gorman and King Tractor Co. of Eastland moved into the finals of the ABC Softball Tournament Friday night with victories over their opponents in two extra-inning games. Gorman triumphed over Daniel Baker College of Brownwood by a 2 to 1 score in 9 innings, and King trimmed Royce L. Boyd's heretofore invincible nine 8 to 4 in a 13-inning game.

The two teams were to meet Saturday night in the tournament finals.

Approximate 850 fans jammed the park Friday night to literally get their money's worth. In the first game, it was a pitcher's duel in every sense of the word. Norman Parks of the Gorman team put on probably the best pitching performance of the tourney by striking out 22 men and allowing only three hits as his team moved into the finals.

Playing the first game, Gorman took the lead in the third when Parks scored. He singled and took second on D. Parks bunt. A wild pitch advanced him to third and he scored on an infield play.

Daniel Baker tied the count in the 5th when Rettrass scored as the Brownwood boys bunched all of their three hits in one frame. The payoff came in the ninth when hits by Heathington and Grimm came together, the former scoring.

Weisman, Daniel Baker hurler, didn't do such a bad job himself. He was credited with 12 strikeouts and allowed only three hits.

The second game was described by many as "the" game of the season. The Boyd team, losing a top-notch player during the week, battled with their best to keep the win in Cisco, but their best wasn't good enough.

A pitcher's battle between Boyd's Cleo Heathington and King Tractor's Lockhart was broken up in the 13th inning when Heathington's strong right arm gave out and King bunched their fire-power to produce five runs. A Boyd threat in the 13th netted only one run and the ball game was over. Tournament officials were high-

ly pleased with attendance and were about ready to announce definitely that there would be another one next year.

## Over Billion In Property Sold

War surplus property which originally cost the government \$1,342,510, 043.19 has been disposed of in the five-state Southwestern region, since the liquidation program began in June 1943. Col. Karl E. Wallace, Grand Prairie Regional Director of the War Assets Administration announced.

The disposal program has returned to the government approximately \$351,222,483.93, figures given out by Col. Wallace showed, and includes the sale of war plants, buildings, utilities, real estate and merchandise. Real property has returned \$151, 222, 483.93 and general products around \$200,000,000.

In addition leases and rentals from property originally costing \$97,496,589.44 have swelled the cash balance.

At the beginning of the disposal program there was \$665, 268,711.20 in real property and \$677,241,331.99 in personal property turned over to the disposal agency in the five states, which include Mississippi, Louisiana, Arkansas, Oklahoma and Texas.

These figures do not include disposal of surplus government aircraft or aircraft parts nor does it include the transactions of the Little and Big Inch Pipeline which were sold for \$143,127,000 cash, but which lie only partially within the region.

By states Texas disposals totals \$752,045,549.73; Oklahoma \$209, 509,491.22; Louisiana \$194,381, 350.61; Arkansas \$135,196,972.89; Mississippi \$51,376,678.74.

## Church of Christ Minister Resigns

Leon Savage, minister of the Church of Christ, announced Saturday that he had accepted work in Lubbock, and had resigned from his work here.

He will preach his last sermon for the Cisco congregation Sunday. Mr. and Mrs. Savage will leave Monday for their home in Lubbock and he will begin his duties at that place upon arrival.

## Cotton Harvest Begins in Valley

Most of the cotton in the southern half of the state is mature and is no longer attractive to insects. Harvesting is in full swing in the Lower Valley, the Coastal Bend, and in some South-Central and Upper Coastal Counties.

Although the bollworm is still the most important pest in some cotton fields, this insect is decreasing in Central Texas, and damage is much lighter now than it was a week ago. Apparently, the first generation of the bollworm on cotton is about mature in most fields, especially in fields of early-planted cotton.

Late-fruiting or rank-growing, succulent cotton is most attractive to bollworm moths. Therefore, it is extremely important that such cotton be watched closely for a new crop of eggs and small worms, and control measures should be used immediately if needed. Bollworm eggs are usually laid singly on top of the new leaves, although they may be found occasionally on squares and other portions of the plant.

The boll weevil has increased rapidly in many North-Central and in some Central Texas Counties. Control measures are urgently needed in many fields. The weevil infestation in 668 fields in 35 counties averaged 21 per cent this week as compared to 20 per cent last week. The fleahopper infestation in 639 fields in 36 counties averaged 7 this week as compared to 8 last week.

## VA OFFICIALS TO ATTEND CJC EVENT

### The Gay Philosopher

(Copyright New York Graphic Society) By J. W. S.

THERE'S PROBABLY nothing in town that gets as full as an editor's mail box. A fellow was in the office the other day and wanted to know why we didn't keep our desk nice and straight. And we explained that it was next to impossible on account of the mail.

LIKE ALL newspapers, we're on the mailing list of all the government agencies, press agents, public relations men and various sundry companies that would like to grind an axe via free publicity. Our policy is to go through the stuff at least once a week and throw 90 per cent of it in the waste basket after looking at the envelope.

THE OTHER TEN PER CENT we open. Most of this reads to the waste basket. You'd be surprised at some of the stuff people send the editor for publication. By this we mean that genuine advertising copy is sent through ear-marked "release at will," as news stories.

OTHER STUFF IS amusing. For example, came a report from the National Committee of 1: Against Superstition and Fear. The founder of the body was born on June 13, the 13th child in a family of 13, whose name has 13 letters and who first set eyes on the Statue of Liberty on the 13th of the month, 31 years ago.

THE SCIENTIFIC name for fear of 13 is Triskaidekaphobia. You pronounce it. Next Friday is Friday the 13th. We'll see what we can find out about what local people think.

EDITORS ARE always asked to vote on something. For instance, the mail bag the other day yielded a circular from a pop corn company. It contained the pictures of six lovely lassies and a ballot. They asked us to vote on the question: "Which of these girls would you rather eat pop corn with?" And we voted.

SPEAKING OF pop corn, the boys down at Lemore Pharmacy have a new machine. You put in your coin, a gadget pours raw pop corn into a skillet and in one minute you have a sack full of freshly popped corn. What will they come up with next?

## Blue Flames Play Stephenville Here Sunday at 3 P.M.

The Cisco Blue Flames, who have won 4 out of 11 starts, will mix bats with the Stephenville Black-Runners at the local diamond, one mile north of Cisco on the Lake road at 3 o'clock Sunday afternoon. Manager Charles Grady announced Saturday.

## AUXILIARY TO MEET

The Ladies Auxiliary of the Cisco Country Club will have their monthly luncheon at 1 p. m. Wednesday, according to an announcement by Mrs. Charlie Burke. Reservations should be made by noon Tuesday, she said.

College officials issued a special invitation Saturday to all local citizens to be at the college Monday from 7 to 10 p. m. to help welcome high ranking veterans administration officials who will be here to participate in the regular monthly open house of the veteran trainees enrolled in the CJC classes.

E. M. Cain, Vocational Rehabilitation Officer of the Dallas area, will be the principal speaker at the gathering and will be accompanied by Scott B. Harrington, who is manager of the DARO district, and H. B. Diebel, Contact Officer for the region.

Other ranking veterans affairs officials were invited and are expected to attend the meeting. College officials pointed out that the school and Cisco are fortunate in being permitted to entertain these officials from the Dallas area and the New Orleans region.

A musical and vocal program has been arranged for one hour of the meeting and a motion picture will be shown. The college recently purchased a new projector and have organized a camera club among the students. The new club will have charge of this phase of the program.

There will be plenty of refreshments for everyone, officials said, and there will be no charge for any part of the entertainment.

All veteran trainees from the schools in this area were invited to attend the meeting and several of them have written that they will dismiss classes for the night so that the students can attend.

All the shops and laboratories will be open and visitors will be taken through the plant if they desire to go. College students will be stationed throughout the building to assist visitors and to answer all questions.

The meeting will be held in the open for the comfort of the visitors and comfortable seating has been arranged. The buildings and campus were sprayed with DDT so that mosquitoes would not bother those who attend.

Spokesmen for the veterans said that the lights would not be turned off at 10 p. m. but would be left on for those wishing to stay longer. They have arranged entertainment for those wishing to stay after the meeting is over and every one was assured a good time.

The veterans joined with their supervisors in urging as many Cisco citizens and business and civic leaders to attend and show the visiting officials that the town is behind the school 100 per cent.

## Rohre Back In His Pulpit Here

Rev. Stuart McC. Rohre, pastor of the First Presbyterian Church, will be back in his pulpit for the regular services Sunday after a month's vacation during which he was on active duty with the Chaplain's Corps of the U. S. Army. Rev. Rohre is a lieutenant colonel in the army reserve.

Rev. Rohre described his tour with the army as "hard work but very interesting work." His duties included interviewing 18-year-old high school recruits and giving them I. Q. tests. He conducted several services at the post chapel at Camp Hood and spent considerable time visiting the hospital and lecturing to new recruits.

Sunday morning's service will include a representative of the Gideon Camp of Abilene. The 8 p. m. sermon topic will be "The Three Gates."

## Baptist to Begin Revival Meeting

The First Baptist Church of Cisco will begin a revival meeting with the services this Sunday, Rev. Otis Strickland, pastor, announced. The meetings will end on Sunday night, August 22.

Rev. Rufus Strickland of Addison, Texas, evangelist and brother of the local pastor, will deliver the morning sermons each day during the meeting, while the pastor will do the preaching at night services. Truett Black, education director of the Santa Fe, New Mexico, First Baptist Church, will lead the song services.

The public has been extended a cordial invitation to attend the services.

# THE CISCO DAILY PRESS

Consolidated with Cisco Daily News and Cisco American and Round-Up, November, 1937.

Entered as Second Class Matter December 11, 1934, at the post office at Cisco, Texas, under Act of March 8, 1879.

J. W. SUTTON and TED READ ..... Publishers.

Per year in advance (Cisco, by mail) .....\$5.50  
Per week (by carrier) .....15c  
No discount on carrier-delivered yearly subscriptions when paid in advance.

## Praise For The Work Horse.

The results of a nationwide survey of public opinion in respect to the railroads have just been published. And they show that the people, by and large, have a pretty sound idea of the importance of our basic medium of transportation.

Seventy per cent said they considered the rails to be the transportation system most vital to carrying on the business of the country. Of those who knew that railroad freight rates have been increased recently, more than two-thirds felt that the increases were justified. A growing preference for rail travel over other means was also expressed, on the grounds of safety, spaciousness, and freedom of movement.

One of the most interesting opinions produced by the poll dealt with what a fair return on the railroads' investment should be. The answers averaged 9 per cent — which is more than two and one-half times the rate earned in 1947.

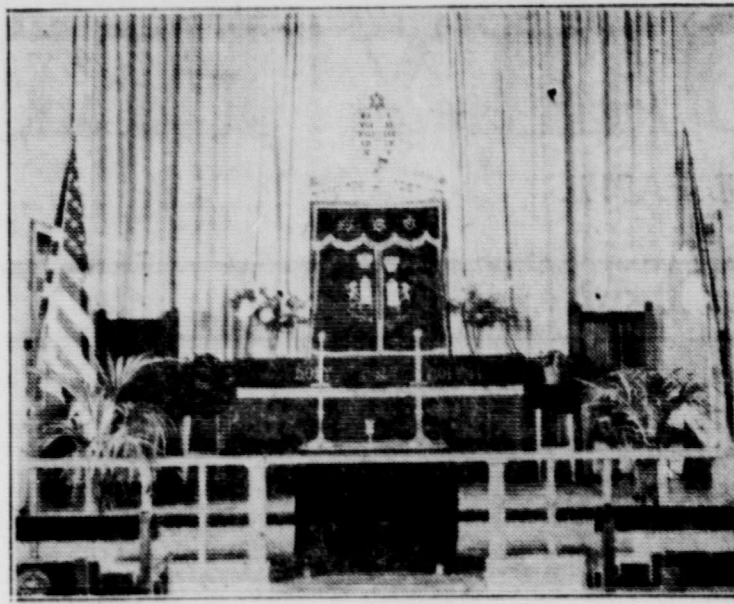

The high regard in which the public holds our railroad system is hardly isn't a result of accident. It is a tribute to magnificent performance by the industry, often under conditions of the greatest difficulty. The lines have made every freight car and every passenger train perform peak service. They are putting new and better equipment into duty as fast as the manufacturers can deliver it. They are the tireless work horse that keeps the American economy going.

## Money Is Not Everything.

Men don't work for money alone and labor difficulties would decrease if labor and management leaders realized that, says a University of Texas visiting professor. V. K. Brown, veteran of 40 years of national work including directorship of the Chicago Park district recreation program, says he isn't theorizing, because he has seen it proved.

He went into an ammonium nitrate plant in Alabama during World War I at government request and saw production greatly speeded through institution of an incentive program designed to make work more interesting and challenging as well as profitable. A man has to have enough money to live, but money alone doesn't satisfy his craving for happiness, his longing to feel that he is achieving a positive goal, says Brown.

He thinks labor and management get along better when both join hands to develop a pride of product and a sense of adventure in its making, to give labor more than a wage, and management more than a profit as incentive. "We lament the loss of the once-dominant 'pride of the craftsman,' but we have done little to replace it," he says.

THE BEMA (ALTAR) OF THE JEWISH FAITH—In the United States Army provision is made for worship by its soldiers of all creeds. Here is the interior of a temple set up at an Army post for those of the ancient Jewish religion where a rabbi conducts the service. Note the symbols of patriotism and faith.

**Not So Very Long Ago ...**  
... most abstracters were wondering where the next order  
would come from. Then came the gradual rise in the price  
of petroleum products, release of more building materials,  
and increased inflation which swelled the price of lands out  
of all reason. These factors and others contributed greatly  
to the demand for title work. But through good times and bad—  
for more than 25 years — we have never thought it wise to  
sacrifice quality for quantity. And that's our business plat-  
form today!

## Retail Merchants Association

### L. SELF, Sect'y.

A statement no merchant has heard:  
While applications for affiliation with RCB of Texas by the two local Credit Bureaus were pending (one merchant having started a movement for another bureau here), a prominent attorney, of Austin, called on Mr. Chas. Lux, Executive Sect'y, and Mr. Horace Barnhart, member of the Board of Directors, also local Sect'y of the Austin bureau, in behalf of L. Self's investment in the original Credit Bureau of Cisco.  
The outcome was that the affiliation would be withheld from our competitors over a period of time until the attorney could contact the proponents here, and suggest the purchase of the files and office of L. Self.  
The plan was to have L. Self choose five secretaries over the State, out of which the above two men would choose three to appraise her files and office, then the attorney would make the suggestion of a purchase to the new set-up.  
Being unable to arrive at a definite fee for the work that might be involved and being in doubt as to a satisfactory appraisal, L. Self chose to rely on the integrity of the Cisco merchants, and the Laws of our Nation.

## Wings Over Cisco

By PAT FEE

Flots landing on the Municipal Airport will appreciate the new job that has been applied to all of the landing markers. Painting is one way to make just about anything look better. If Pressler, airport manager, keeps on making improvements, he has been for the last few

months, people of Cisco will really have something to brag about.

G. E. Chapman and A. L. Peters of Mt. Pleasant, Michigan, flew in for a visit with R. G. Chapman of Cisco. All three are associates of the Chapman Oil Co. The pilot was Lynn Berentz of the Berentz Flying Service of Independence, Kansas.

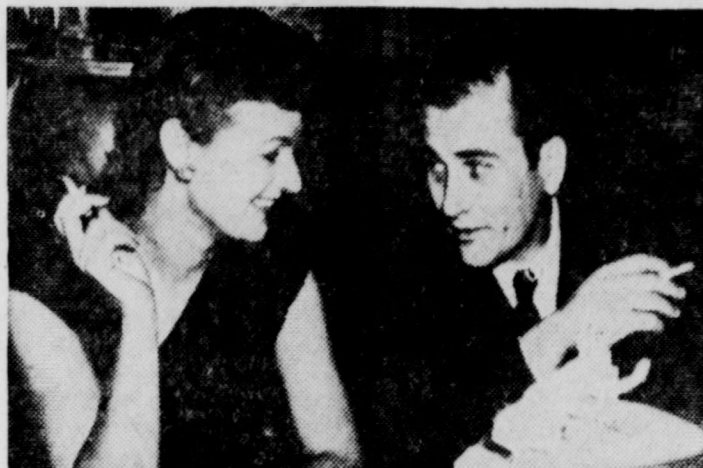

This good weather has started the students on their cross-country trips. On his dual cross-country, V. O. Jacobs went to Fort Worth and Mineral Wells. He

was back home on Tuesday. He will make his solo cross-country to Sherman, Fort Worth and then return. Hope he doesn't get lost in that big part of Texas.

Captain Standish and his inspection staff flew here in a L-1 belonging to the State of Texas Major Booth was the pilot. They were here to inspect the National Guard Unit of Cisco.

Students of many flying schools of central West Texas are picking Cisco as their destination for solo cross-country flights in many cases.

## SUIT AND COUNTERSUIT

In New York, much married Artie Shaw has sued for an annulment of his marriage to Kathleen Winsor, his sixth wife. He charged that the author of "Forever Amber" refused to have children and sought to persuade him to undergo an operation that would leave him forever sterile. Kathleen, in a countersuit, admitted she had read 372 books of history for background for her torrid best-seller, but observed: "Never by any stretch of my own imagination, or by anything I could find by research in any library, could I gain the knowledge brought to me by a brief 18-month experience as the wife of Artie Shaw." (NEA).

A. J. Whitlock did not get lost on his solo cross-country this time.

A representative of the Parker Drilling Co. paid a short visit on Thursday and picked up one passenger. They were in a Lockheed.

Mr. Brashear, in his 195 Cessna met his business associates, who flies a twin-engine Beechcraft.

The Cisco airport cordially invites you to come out and see the many new improvements

that have been made and more that will be made.

R. L. Ponsler flew to Ft. Worth and Dallas last Wednesday in his Erco.

## Marble Falls Oil Well is Reported

A new Marble Falls discovery well was in prospect for the area northwest of Gorman and 15 miles southeast of Cisco Saturday with reports that Crawley-

Crawford Oil Co. No. 1 Bessie L. Shaw was headed for completion. The well logged some 114 feet of Marble Falls lime with samples showing oil saturation. It was cemented Thursday and the casing was to have been perforated with 164 shots Saturday afternoon.

The hole was bottomed at 2,996 feet. Location was 330 feet from the northwest corner lines of the Shaw property in the Erath County School Land survey.

## Texas Tech Has Better Library

LUBBOCK, Aug. 7 — A report from the Office of National Security reveals that the past months' concentration on devel-

oping a better library for Texas Technological college are beginning to show.

Factual statistics indicate the rapid growth of the library and the near approach to the average library for colleges of comparable size on a national scale. At the end of the 1947 school

## Banana Cup Cakes

Sliced bananas show off their good looks in these tempting banana cup cakes made with enriched flour for better food value.

Fruit variety is limited at this season so let's find different ways for using the "dependables" on the market. There are more ways than one to eat bananas. For proof, we offer these cup cakes with a real banana flavor, their fluffy frosting decked with two slices of the fruit. The cup cakes are made by the usual cake method, with the flour mixture added to the creamed mixture alternately with mashed bananas and milk. Measure ingredients carefully, sifting flour once before measuring. Preserve the golden yellow of the cut bananas in the topping by dipping them in lemon or other citrus juice.

Besides good eating, the cup cakes boast of good food value supplied by the enriched flour with its protein, iron, and B-vitamins. The recipe makes a sufficient quantity to serve at a casual afternoon tea, or for after-school snack and dinner dessert.

## BANANA CUP CAKES

- |                              |                               |
|------------------------------|-------------------------------|
| 2 cups sifted enriched flour | 1 teaspoon grated orange rind |
| 2 teaspoons baking powder    | 1 teaspoon grated lemon rind  |
| 1/4 teaspoon soda            | 1 teaspoon vanilla extract    |
| 1/2 cup sugar                | 1 cup mashed bananas          |
| 1/2 cup shortening           | 1 cup milk                    |
| 2 eggs, beaten               | 1/2 cup chopped nuts          |

Sift together flour, baking powder, soda and salt. Cream together shortening and sugar until light and fluffy. Add eggs, mixing well. Add orange rind, lemon rind and vanilla extract. Add flour mixture to creamed mixture alternately

with bananas and milk. Fold in nuts. Fill greased three-inch muffin pans two-thirds full. Bake in moderate oven (350 degrees F.) about 25 minutes. Yield: About 14 three-inch cup cakes.

volumes in its library, almost year, Texas Tech had 100,886 volumes in its library, almost double the number 10 years previous of 56,266.

In circulation during the past year were 62,332 volumes for home use, and 41,755 for reserve use. The national average is 75,000 and 60,000 respectively.

Salaries paid during the year at Texas Tech totaled \$39,400 com-

pared to an average of \$57,435. Student salaries totaled \$12,500 compared to \$12,682 average.

The library is one of the newest buildings on the campus, a three-story structure following Spanish Renaissance in architectural design.

## Under Age Minors Employed in Texas Inspection Shows

DALLAS, Aug. 7. — Employment of under age minors, with its attending dangers and perils, is still prevalent in North Texas, ac-

cording to Lawson A. Wood, who represents the Wage and Hour and Public Contracts Divisions, U. S. Department of Labor, in this section of the State.

Wood said the fiscal year report shows violations of the child labor sections of the Fair Labor Standards Act (Federal wage and hour law) and the Walsh-Healey (public contracts) Act were uncovered in more than 4 percent of the plants inspected in this state during the year ending July 1.

"A total of 1204 covered establishments were inspected in all parts of Texas during that period, and child labor violations were found in 51," he said at his headquarters, 1114 Commerce street.

"The wage and hour law prohibits the employment of children under 16 years old in manufacturing or processing occupations, or

in workrooms where manufacturing or processing is being carried on. It also bans employment of children under 18 years old in occupations declared to be dangerous or hazardous. The Walsh-Healey Act, which applies to firms supplying goods or materials to the Government on contracts exceeding \$10,000, prohibits a boy under 16 or a girl under 18 years old from working on such contract goods.

"Department reports show many

children have been injured, permanently crippled or killed working around machinery or in places where machinery is being operated. Among the occupations to be hazardous for children under 18 years old are: Driver or helper on motor vehicles, logging, sawmilling, coal mining, operating power-driven woodworking machinery and operating power-driven hoisting apparatus, including elevators."

## ANNOUNCING

# What Cisco's New Telephone Rates Mean to You

Good telephone service cannot be maintained in the long run when rates are unreasonably low.

During the last six months of 1947, the telephone company operated the Cisco exchange at a loss of \$6,713—more than \$1,100 a month.

## First Increase Since 1920

The present rates for telephone service in Cisco, established in 1920 when Cisco had 753 telephones, have not been adequate for several years in view of Cisco's steady growth, nor are they meeting the rising costs of furnishing service today. We cannot continue to pay postwar prices for wages, poles, buildings, copper, and all other items required to furnish telephone service with what we take in from rates that were established in 1920, when the dollar would buy so much more than it does today.

The telephone company has, therefore, applied to the City Commission for increases in telephone rates here that will put the operation of the local exchange on a reasonable financial basis, and will permit us to expand and improve Cisco's telephone system to keep pace with the city's growth and development.

## Increase Only a Few Cents a Day

The increase in rates for party line telephones will be only 25 cents a month, less than a cent a day more than at present, while private

line residence service will cost 50 cents a month more—less than 2 cents a day.

Rates for flat rate business telephones will be \$1 a month more, about three cents a day. Extension telephones, both business and residence, will be only 25 cents a month more than in the past.

Rural business telephones will cost 75 cents more, 2½ cents a day more than at present, while rural residence instruments will cost 50 cents a month more, less than 2 cents a day. Rural customers residing more than three miles beyond the base rate zone also will pay a mileage charge.

Compared with increases in the prices Cisco residents pay for other things they buy—food, clothing, automobiles, shirts, and almost every other item in the family budget—the increases in telephone rates are moderate.

## With New Rates, Improved Service

The few cents a day more than the average family and business concern here will pay for telephone service will mean the difference between operating the telephone system here at a loss, and being on a reasonable financial basis.

With the new rates, we look forward to expanding our facilities here and improving telephone service as rapidly as new equipment can be made available, so that everyone in Cisco can have the kind of service he wants when he wants it.

## Was your childhood happy (we bet)?

Most of us remember our childhood years as happy ones—years crammed with fun, and adventure, and discovery.

And best of all, as kids, we were free from responsibility. Somebody else did all the planning for us. We didn't have to give the future a thought!

As adults, we know that this carefree situation is reversed a neat 180 degrees. Now it's our turn to plan the future security of ourselves and our families.

For each and every one of us, this means participation in a regular savings program.

Nobody or nothing can relieve us of this responsibility. But fortunately, Government-backed U. S. Savings Bonds do help us save in the most convenient, trouble-

free way imaginable—through these two wonderful plans:

1. Join the Payroll Savings Plan—the only installment-buying plan—for a sure, all-automatic way to build U.S. Savings Bonds savings.

2. Or if you're not eligible for Payroll Savings, sign up at your bank for the Bond-A-Month Plan.

Join the plan you're eligible for today—and you'll have the satisfaction of providing for your future wisely, and with a minimum of trouble!

Remember, U.S. Savings Bonds pay you back \$400 for every \$300 you put in them, after only ten years. So you make while you save!

Automatic saving is sure saving —

## CAROLE KAYE MAYHEW HONORED ON BIRTHDAY

Mrs. J. E. Mayhew entertained her daughter, Carole Kaye Mayhew, with a lawn party Friday evening, honoring her on her 5th birthday. The lawn was gaily decorated with balloons and streamers of red, green and yellow paper extended from each corner of the lawn meeting in the center, where the honoree was seated in a decorated chair to display her gifts.

Lively games entertained the children for an hour and pictures were made of the group, after which the candles were lighted on the cake and the happy birthday songs were sung.

Refreshments of birthday cake and punch, with favors of suckers and miniature garden tools were passed to Peggy Hailey, Billy Jean Moates, Barbara Gary, Lang Sadberry, Linda Curry, Nedra Gay Burnam, Jan Latson, Judy Kay Slaughter, Verita Butler, Charlyse Dee Holt, Camille Lee Freddy Allen, David Cheves, Ray Swindle, Jolene Burnam, Brenda Mayhew, and the honoree.

Adults present were Mrs. Allen Burnam, Mrs. L. G. Ball, and Mrs. J. E. Mayhew.

Those sending gifts were Linda Elliott, Mattie Balliew, Mrs. Leon McPherson, and Granny Foreman.

## RONNY REED HONORED WITH PICNIC PARTY

Ronny Reed was honored by his mother, Mrs. C. W. Reed on his ninth birthday August 5 with a weiner roast and picnic party in the back yard of the Reed home at cottage 2095, Humble town. The hours were from 4 to 6 o'clock.

Games of base-ball entertained the children for an hour after which the weiners were roasted by the group.

An appetizing picnic lunch was served by the hostess with the weiners; and dessert of birthday cake and ice cold drinks giving

Telephone 87.

a fine climax to the nice out-door affair. The honoree received a nice array of gifts which he proudly displayed.

Those present were Ronny Reed, honoree; Bill Graves, Fort Worth; Jan Johnston, Buzz Henson, Teddy Triplett, Garry Pittman, John and Harold Hammett, Bobby Cluck, Kay Tabor and the hostess, Mrs. Reed.

## PARTY IN KING HOME HONORED MISS MCCOY

Mrs. D. P. King was hostess Thursday afternoon with a party for members of Word Home Demonstration Club honoring the new county Home Demonstrator, Miss Rosie McCoy of Eastland.

Guests were met by Mrs. King, the hostess, Mrs. M. P. Farnsworth, president of the Eastland County Council and Mrs. Ira D. Strawn, president of the Word club who introduced Miss McCoy.

Three visitors, Mrs. B. J. Osborn, Mrs. J. E. Hart and Mrs. M. B. Watts were welcomed. The group was then seated for a program of fun and conversation.

Lovely refreshments with appointments carrying a white, pink and blue color theme were passed by a committee of Mrs. J. D. Hall and Mrs. Roy Fenley.

Those present were: Miss Rosie McCoy of Eastland; Mrs. M. P. Farnsworth, Mrs. Ira D. Strawn, Mrs. B. J. Osborn, Mrs. J. E. Hart, Mrs. M. B. Watts, Miss Alice Bacon, Mrs. Arlin Birt, Mrs. W. C. Clements, Mrs. Roy Fenley, Mrs. D. I. Graves, Mrs. J. D. Hall, Mrs. Cora Plumlee, Mrs. J. E. Shirley, Mrs. Ernest Schaefer, Miss Willie Word and Mrs. King.

## MRS. BARTON PHILPOTT WAS CIRCLE HOSTESS

Business Women's Circle of the First Baptist Women's Missionary Society met Tuesday evening in the home of Mrs. Barton Philpott. Prayer by Miss Doris Joe Pyle opened the meeting following which Mrs. Paul Poe conducted the business session.

Report was made that twelve visits to sick people in the homes and hospital had been made and eleven cards of cheer had been sent by the Circle. Assignment for August is to do something for a needy family. Next meeting will be August 24 in the home of Mrs. Shobal Houston. It was decided that the Christmas and good-will cards be brought to the next meeting to be sent to Argentina. Mrs. Myrtle Anderson made a motion that a pot plant be sent to Miss Cynthia Parks which the Circle voted to do. A get-well card was brought by the chairman for members to sign their names and the card will be sent to a member in a Fort Worth hospital.

## HOMES

Mrs. Doris Clark

pital. An offering of \$1.96 was taken.

Mrs. Philpott then brought the program on South America. Mrs. Myrtle Anderson gave the scripture reading of Acts 4:12 and Hebrews 4:12-16. Mrs. O. O. Love told of the Baptist work in Columbia and Northern Brazil. Mrs. Mack Stephens gave report of the work in Uruguay, Chili and Paraguay. Prayer for missionaries in South America was led by Mrs. Otis Strickland.

Refreshments of delicious punch and cake were served to Mrs. Paul Poe, Mrs. E. L. Pugh, Mrs. Otis Strickland, Mrs. O. O. Love, Mrs. Mack Stephens, Mrs. Myrtle Anderson, Miss Doris Joe Pyle, Mrs. Shobal Houston, Charles and Carlyle Strickland and Mrs. Philpott.

## J.O.Y. CLASS ENJOYED SOCIAL THURSDAY

J.O.Y. class of the First Baptist Sunday School met Thursday evening in the home of Mr. and Mrs. M. P. Farnsworth for business meeting and ice cream supper. Mrs. T. E. Lisenbee, president, was in charge and called the meeting to order for a short business session while husbands of members got acquainted with each other and games were played by the children.

Minutes of the last meeting were omitted due to absence of the secretary, Mrs. E. H. Cheves. A nominating committee was appointed as follows: Mrs. M. P. Farnsworth, Mrs. Richard Turkinett and Mrs. Lee. Report was made of sick members to whom the class will send cards of cheer.

The social hour followed during which ice cream and cake was served to Mr. and Mrs. Bill Hussey and son, Pat; Mr. and Mrs. L. G. Ball, Mrs. T. E. Lisenbee and Joan; Mrs. C. W. Reed and son, Ronny; Mr. and Mrs. Lee and children, Camille and Bill; Mrs. M. P. Farnsworth and sons, Frank and Don. The group was dismissed with prayer for the coming revival meeting and benediction by L. G. Ball.

## MRS. MELVIN STOKES WAS COMPLEMENTED

Mrs. Martin Weiser and Miss Emma Lee Weiser were hostesses Tuesday evening with a gift shower honoring a visitor, Mrs. Melvin Stokes of Dallas, who was a guest of her parents, Mr. and Mrs. Max Witt.

Guests were welcomed informally by the hostesses and were seated for a period of conversation and games.

Refreshments of cookies, jello with whipped cream and iced

## MRS. J. W. BRANDON HOSTESS TO GROUP

Group Four of Women's Council of the First Christian Church met Tuesday afternoon with Mrs. J. W. Brandon as hostess. The meeting was called to order by Mrs. Jack Lauderdale acting chairman with prayer by Mrs. Bill Dill.

Minutes of previous meeting were read and approved and treasurer's report was made by Mrs. James Denton.

Other routine affairs were transacted after which Mrs. V. C. Overall brought a splendid devotion, discussing the topic, "If You are Not Deaf, Speak Up." Mrs. Gene Shockley gave an interesting outline of the study course "On Our Own Doorstep," which will be used this quarter.

The meeting was adjourned by all repeating the missionary benediction. Delicious refreshments were served by the hostess to 2 members and three visitors.

Next meeting will be held in the home of Mrs. James Denton.

## LADIES' CLASS HAD MEETING FRIDAY

Lydia class of First Baptist Sunday school was entertained for the business meeting and social in the home of Mrs. C. S. Surles Thursday afternoon. Mrs. Fred Grist was co-hostess of the nice affair.

After members and guests were seated the meeting was called to order with prayer by Mrs. Ina Pyle Martin. A visitor, Mrs. Roscoe Surles of Dallas, was welcomed.

Plans were made to buy clothes for a girl missionary student in Southwestern Seminary. A motto,

"Laborers Together with God" and a song "Let Others See Jesus in You;" the class flower, roses of all hues; class colors, purple and white were decided upon by the group; Mrs. J. V. Heyser is historian of the class.

The class presents a gift at the regular social to the member whose birthday falls during the month, so the gift was presented to Mrs. O. J. Russell at this meeting. Prayer by the class teacher, Mrs. O. L. Mason, closed the business session.

A social hour followed and refreshments of punch and homemade cake were passed to the visitor, Mrs. Roscoe Surles, Mrs. O. L. Mason and the following members: Mrs. A. Birt, Mrs. D. R. Harper, Mrs. J. V. Heyser, Mrs. O. G. Lawson, Mrs. L. B. Mayhew, Mrs. Ina Pyle Martin, Mrs. Redderick, Mrs. O. J. Russell and the hostesses, Mrs. Fred Grist and Mrs. C. S. Surles.

## TERRY - ERVIN WEDDING HELD IN EASTLAND

In a candle-light wedding held Friday evening, August 6, in the home of the bride's sister and brother-in-law, Mr. and Mrs. G. A. Fox of Eastland, Miss Wanda Terry, daughter of Mr. and Mrs. T. M. Terry of Cisco became the bride of Sherman Ervin, son of Mr. and Mrs. W. H. Ervin of Cisco. The double-ring ceremony was performed by Rev. C. A. Warden as the couple stood before the fire-place, decorated with white gladioli, greenery and candles, as an improvised altar. The bride for a pastel blue street length crepe dress with corsage of white carnations and white accessories. For "something old" she carried a white handkerchief which had belonged to her grandmother; "something borrowed" was her mother's earrings; and she wore a penny in her shoe.

A reception immediately followed the wedding. The two bride's cake, decorated with pink roses and green leaves, topped by a miniature bride and groom, was cut by the bridal couple as pictures were made of them and also of the friends attending.

tending. The cake was then served by Mrs. Jack Coleman and Mrs. T. M. Terry; Mrs. G. A. Fox poured punch assisted by Mrs. A. W. Dawson.

Mrs. Ervin was graduated from Cisco High School in 1945; attended Cisco Junior College and has been employed by Southwestern Bell Telephone Company of Cisco.

Mr. Ervin graduated from Scranton High School with the 1943 class following which he served 26 months in the Central Pacific with the U. S. Marine Corps, and is now attending Cisco Junior College.

Those present were: Mr. and Mrs. T. M. Terry and son, Tommy Terry; Mr. and Mrs. W. H. Ervin, Cisco, Mr. and Mrs. Marvin Johnson of Hawley and their grandchildren, Beverly and Dahlia Gilbert of Breckenridge; Mr. and Mrs. Bill Terry, Byrds; Mr. and Mrs. Jack Coleman, Mr. and Mrs. Marshall Ervin, Mr. and Mrs. M. Y. Ervin, Cisco; Mrs. C. M. Jessup and son, Wade, Abilene; Geo. Fox Sr., Dallas; Miss Margaret Dawson, Mrs. B. G. Campbell, Mrs. F. L. Campbell; Mrs. A. W. Dawson, Mrs. Marvin Norris and Rev. C. A. Warden, all of Cisco.

After a wedding trip the young couple will make their home in Cisco.

BRIEFLY TOLD

Cisco Chapter number 461 Order of Eastern Star will have the regular stated meeting Tuesday evening, August 10 at 8 o'clock in the Masonic hall. The initiation service has been postponed.

Mrs. J. H. Hyatt returned Friday from Colorado City where she was called by the illness of her daughter, Mrs. Norma Bailey, who was suffering from Ptomaine poisoning. Mrs. Hyatt called Saturday and was told that her daughter seems to be improving.

Mr. and Mrs. David Reed and daughters, Barbara and Betty of Tulsa, Okla., visited the past week in the home of Mr. and Mrs. Rudolph Kannon. The Kannon and their guests were neighbors 20 years ago while living in Tacoma, Washington.

Mrs. D. M. Carr and children, Glen and Frances Carr of 200 west Fourteenth went to Los Angeles, Calif., by plane the first of the week. They will visit relatives there and are now guests in the home of her brother, H. L. Cooper.

Mr. and Mrs. C. W. Reed have

COMING

Green Grass of Wyoming

as a weekend guest in their home Mr. Reed's uncle, Hollis Prevett of Long Beach, California.

Mr. and Mrs. L. S. Jenkins left Saturday on a month's vacation trip to points in Colorado and New Mexico.

Mrs. Frank Bond and Mrs. J. J. Tablaman spent Friday afternoon at Eastland in the home of Mrs. George Cross where they met a former friend, Mrs. C. W. Hardin of Billings, Montana.

Mr. and Mrs. B. R. Rodgers and children, Jimmy and Joyce of Yantis, Texas, came in Friday for visits with her sisters, Mrs. C. E. Hailey and Mrs. M. Slaughter and their families and her brother, J. E. Whisenant and family.

Dr. and Mrs. G. M. Stephenson left Saturday on a trip to the Davis mountains where they plan to remain for the week.

Kay Hailey was reported resting fairly well Saturday after having undergone tonsillectomy in a Gorman hospital Thursday. She was brought to Cisco Friday by her parents, Mr. and Mrs. C. E. Hailey.

Relatives here for the funeral and burial of baby Gary Ray Kinard on July 28 included Mrs. Reginald Jones, Sacramento, Calif., maternal grandmother; Mr. and Mrs. J. W. Colvin and son Jimmy of Orange, Tex.; Mrs. Benny Kinard

and daughter, Karron, Sugarland, Texas; Arthur Kinard, Woodbury, Texas; Mrs. J. H. LaCroix, Bay City, Texas, and a friend, Mrs. Gerry Prather of Fort Worth.

Miss Ulla Davenport left Friday for her home in Sapulpa, Okla., after an extended visit in Cisco in the home of Dr. and Mrs. N. A. Brown.

Mr. and Mrs. Frank Culver and children, Frank, Jr., and Jo Evelyn of Houston arrived Saturday to spend their vacation at Lake Cisco where they will occupy a cottage.

Guy Baldwin, former Ciscoan, now living at Greenville was an overnight guest Thursday in the home of Dr. and Mrs. G. M. Stephenson.

L. B. Denning accompanied his friend, Col. Stovall of Dallas visited the past week here in the home of Dr. and Mrs. G. M. Stephenson.

Mr. and Mrs. Charles Wood spent Tuesday in Fort Worth where he had a clinic check-up. They visited with Mr. and Mrs. Grady Wood while there, returning to Cisco Wednesday.

Mrs. H. N. Baldersee who has been a patient in Graham sanitarium the past week, plans to be taken to her home today.

Mrs. R. L. Hill of Moran has returned to the home after having been a patient in Graham sanitarium here for several days.

R. J. Fleming of Albany is a patient in Graham sanitarium.

Miss Remona Hook of Lorraine is visiting here with her aunt, Miss Fannie Stevens and her sister, Mrs. Bryant.

Mr. and Mrs. Frank Morehart have a guests in their home Mrs. Morehart's father, Frank Pugh of Wichita Falls; and her two sisters, Mrs. C. W. Terry and son Pough.

Fun In Big D

Gloria Weston, Dallas, joins her townspeople in inviting fellow Texans to come to Big D for weekend vacations this summer. A civic committee, called "Dallas Invites You" and headed by Mayor Jimmie Temple as honorary chairman, has set up headquarters in the Chamber of Commerce building to help out-of-town visitors obtain hotel reservations and plan their itinerary of sight-seeing, theatres, sports, night clubs and other recreation. The committee's service even extends to finding a baby sitter to stay with the children of couples wanting to step out on the town at night.

Miss Remona Hook of Lorraine is visiting here with her aunt, Miss Fannie Stevens and her sister, Mrs. Bryant.

Olin Pierce and son, Brandon Pierce of Odessa spent several days in Cisco the past week returning home Thursday. Mr. Pierce was transacting business and while here visited in the home of his parents, Mr. and Mrs. F. D. Pierce.

HAVE YOU PAID YOUR CURRENT BILLS?

Tuesday is The 10th

The 10th of the month is the Merchants' and Professional men's PAY DAY. Are you granted the privilege of credit by members of the Merchants Credit Association? Do you have that distinction of being able to buy where you wish, and upon delivery to you of the purchase, merely ask that it "be charged to your account."

Credit is something you can't buy. It has to be merited—earned. Your promise to pay, and doing it promptly, establishes your standing among Cisco merchants. A good credit rating is more valuable than money and should be guarded zealously.

Compare the Values!... Compare the Prices!... —see why

MORE PEOPLE BUY CHEVROLET THAN ANY OTHER CAR

COMPARE the values; compare the prices!... Do this and you'll know that more than ever before CHEVROLET AND ONLY CHEVROLET IS FIRST in Big-Car quality at lowest prices, just as it is first in nationwide demand for the total 17-year period, 1931 to date! To compare the values is to know that only Chevrolet brings you the Big-Car riding-smoothness of the original and outstanding Unitized Knee-Action Ride... the Big-Car performance and dependability of a world's champion Valve-in-Head engine... the Big-Car beauty and luxury of the enviable Body by Fisher... the Big-Car safety of Fisher Unitized Body-Construction and Positive-Action Hydraulic Brakes... plus many another major

quality advantage still not available in any other motor car in its field. And to compare the prices is to know that Chevrolet prices are the lowest in the field... and that Chevrolet value continues to be the highest in its field! That is why more and more people in all parts of the country are deciding, more and more enthusiastically, that only one is Number One, only Chevrolet is first. That is why we believe you, too, will make this same decision when you compare the values and compare the prices... for you win in every way with Chevrolet!

FIRST in Riding-Smoothness! You just can't beat the genuine Unitized Knee-Action Gliding Ride for real riding-smoothness—real travel—over any and all kinds of roads, from boulevard to byway; and, remember, this famous "Knee-Action" ride is exclusive to Chevrolet and more expensive cars.

FIRST in Thrills with Thrills! There's nothing like Chevrolet's world's champion Valve-in-Head engine for thrills and thrift. It holds all records for miles served, owners satisfied, and years tested and proved. It embodies that extra-sound, extra-dependable Valve-in-Head design, found elsewhere only in costlier cars.

FIRST in Tasteful Beauty! You will be perfectly sure of your car's beauty-leadership when you own a car with the world-famous Body by Fisher; and this most desired and desirable of all car bodies—supremely beautiful from every angle, inside and out—is available only on Chevrolet and higher-priced cars.

FIRST in All-Round Safety! You and your family will enjoy every too, the triple safety protection of Unitized Body-Construction, the Knee-Action Gliding Ride and the Positive-Action Hydraulic Brakes—combination of features found only in Chevrolet and higher-priced cars.

CHEVROLET — and Only CHEVROLET — IS FIRST
