TEMPELHOF AIRDOME GETS REPAIRS

German workers put fill and tar on a temporary airstrip at the Tempelhof airdome to repair damages caused by the great increase in traffic.

TELEPHONE RATE ORDINANCE PASSES INITIAL READING

Softball League Resumes Play As CJC Trips WTU

Resuming the City's Commercial League play, the Cisco Junior College Wranglers splurged in a two inning drive to rap the West Texas Kilowatts, 10-to-1, here Tuesday night at ABC softball diamond.

The Gay Philosopher

MAKING A SPEECH is something that not everybody can do very well. It is an art of one kind or another. By that we mean there are several types of speakers.

Table with columns: CJC, West Texas, Sledge, Sublett, Brown, Phippen, Burrows, Bico, Deuschle, Anderson, Ellison, Morris. Rows: Garner, Tompkins, Moore, Leverage, Mosley, Smith, Callarman, Kelly, Morris.

THE OTHER NIGHT we had the radio going and an old friend came on to tell the story of the Dixiecrats. He was Joe Hill of Henderson, former state senator.

HE WAS IN the state senate in the days when W. Lee O'Daniel was governor. And we've never heard any speaker anywhere any time do so thorough a job of dressing down somebody as Joe Hill used to do for O'Daniel.

WE ASKED A top-notch speaker once for the secret of his success. He told us: 1. Tell the people what they want to hear. 2. Give them enough funny stuff to make them listen. 3. Don't speak all night; quit when the people want you to.

Local Child Is Responding to Polio Treatment

Beatrice Amezcua, Cisco's first polio victim, is responding to treatment in the Tarrant County Polio Center it was reported Wednesday.

Final Vote Set For Next Meeting

Copyright New York Graphic Society. By J. W. S.

The proposed ordinance for the increase in telephone rates for Cisco was the main topic discussed at the regular bi-monthly city commissioners meeting Tuesday.

The proposal was presented at the last meeting by representatives of the Southwestern Bell Telephone Company, and officials passed it until Tuesday's meeting in order to study the provisions.

The proposal was passed at Tuesday's meeting on the first reading; but according to the laws governing such ordinances, it must be brought up at two consecutive meetings, and final vote will be withheld until the next regular session.

Telephone officials in presenting the proposed change, pointed out that the company had been operating at a loss in Cisco for several months, and that good service cannot be maintained when rates are insufficient to pay operating costs.

They also said that there had been no change in rates since 1920 and that they could not continue paying postwar prices for wages, equipment and supplies with rates that were established in 1920.

The proposed rate will add 25c a month to bills of patrons on party lines, and 50c per month for private-line residence service. The proposal also recommends a change in business and rural rates.

In presenting the ordinance change, Telephone Company officials pointed out that they were contemplating several improvements in the local system that could not be made under the present rate. These changes will be made, if the rate is changed, as soon as new equipment is available.

Commissioner Brown stated at the meeting that health department employees had completed the spraying job started last week and would cover the town again as it is needed. Over 1,200 gallons of spray material was used in the operation, which covered the entire city. A 10 percent solution of DDT and Pyrethrum were used in doing the job.

Mrs. White to Return Home Wednesday

Mrs. L. A. White was to be returned to her home in Cisco today from Fort Worth where she has been a patient in Harris Memorial Hospital. The Thomas ambulance was sent to Fort Worth early Wednesday for her.

Mrs. White suffered a broken arm in a fall while working in a local furniture store and was taken to Fort Worth for treatment.

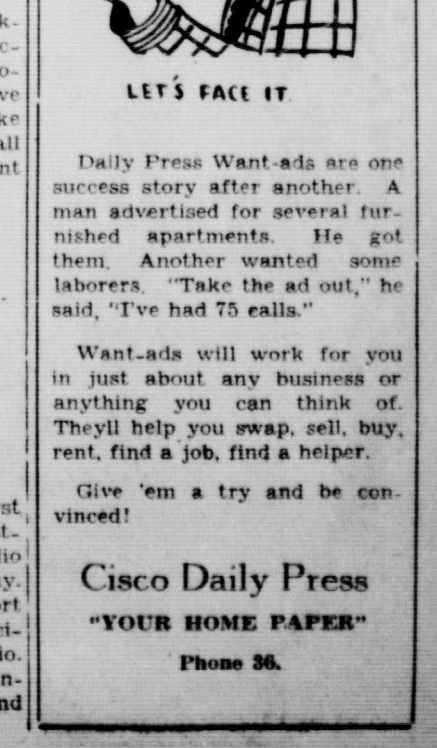

THE BEST ALL-around speaker we ever heard was a fellow from a little town in Kansas. Forget his name, but he's superintendent of schools up there and spends most of his time in the country somewhere making a speech. He demands and gets \$200 and expenses. And he makes about 200 speeches a year. He has an assistant to run his office at home.

LET'S FACE IT. Daily Press Want-ads are one success story after another. A man advertised for several furnished apartments. He got them. Another wanted some laborers. "Take the ad out," he said, "I've had 75 calls."

Want-ads will work for you in just about any business or anything you can think of. They'll help you swap, sell, buy, rent, find a job, find a helper.

Give 'em a try and be convinced!

Per year in advance (Cisco, by mail) \$5.50
Per week (by carrier) 15c
No discount on carrier-delivered yearly subscriptions when paid in advance.

Now Smile!

"Here's Junior just before he sat on a hornet at the lake last summer." All next winter, America's number one mania will be finding expression in happy statements like that. No nation on earth is quite so snapshot happy as ours. As is always the case, somebody is responsible for this form of vacation madness. Whether villain or hero, several people seem to have the finger pointing at them.

Actually, Louis Jacques Mande Daguerre really invented the first successful photographic process, in 1839. But a lot of others both before and after did mental gyrations to give us our present day "look-at-the-sun-and-smile" point of development.

For example, the principle of the camera was understood by Aristotle, 2298 years ago. The equally remarkable Leonardo da Vinci, who understood practically everything, wrote a piece about how a camera would work. Those early day lads lacked just one small item for making snapshots a national pastime — that was film!

Enter here Daguerre with his daguerrotype camera, followed by the tintype and a lot of uncomfortable grandparents. At that point the candid camera enthusiast came equipped with a wheel barrow to carry his stuff. That brings us to a man named George Eastman, who really gave the world the snapshot fiend, in 1888. He invented a paper-backed, roll film and a small, simple and inexpensive camera. That was the beginning of the end!

Mr. Eastman's snowball was rolling! Today, a film shortage would

be somewhat of a national catastrophe, although there is no substantiation of the rumor that the Yellowstone Park bears are to be equipped with cameras in an eye-for-an-eye move against vacationers.

All of this is just a little more evidence that our country is a good place in which to live. This is America.

The United States Weather Bureau once made a survey to determine the damage done by lightning. It arrived at the fact that, in one year over four thousand head of livestock were killed by lightning. Oddly enough, most of that number were killed when the cattle ran into barbed wire fences during thunder storms.

In the forests of this country, the United States Forest Service has found 226 species of forest trees, 238 varieties and 87 hybrids. This totals 1,177 different forms of trees.

Of the commercially productive forest lands, which total nearly five hundred million acres, almost a quarter is owned by the Federal Government. The Pacific coast region of the country contains more than 60 percent of the total saw-timber of the nation.

In the deep waters of the oceans many strange phenomena occur. For instance, waters on the bottom of the Arctic Ocean remain fluid and move toward the equator although they have temperatures below 30 degrees Fahrenheit. Most of the ocean bottom is covered with ooze. In some places this ooze measures as much as 7,000 feet deep.

Two "Wildcats" Introduce Rich, Oil-Gas Field

A wildcat well, the Charles J. Kleiner A-1 which was completed two miles north of Cisco June 24 by the Lone Star Producing Company, has confirmed earlier reports of a rich new field in this area. The new field was discovered with completion by the company of the J. E. Knealide A-3 wildcat last December.

In addition to these wells the company plans to drill several more in the field and has requested from

the Railroad Commission designation of the new area as Kleiner field. It also made a request for discovery rights amounting to 100 barrels per day allowable per well. The latter request was granted by the Commission on June 9.

The discovery well, the Knealide A-3, was completed and tested 680 barrels a day through a 28/64th inch choke at a depth of 4,024 feet. It is producing from the Mississippi limestone.

The Kleiner, spudded on May 23, tested 204 barrels a day on a 20/64th-inch choke at 4,014 feet which is also in Mississippi limestone showing an oil and gas pay around 300 feet.

Drill stem tests on this newest well started at 3,699-3,376 feet where gas flowed immediately. At 3,790 to 3,816 feet with the test

55,000 WORKERS HIT \$5,626,000 JACKPOT

Jean Turney, Supervisor of Office Payroll and Lynn Bole, Chief Paymaster, examine a few of the 55,000 checks being distributed by The Timken Roller Bearing Company of Canton, O., to present and former employees who were with the Company at some time during the period between Dec. 24, 1943 and June 30, 1948. The checks total \$5,626,000, five million one hundred and twenty-six thousand dollars of which represents inequity wage payments to hourly-rated workers. The remaining five hundred thousand dollars covers bonus payments to 2800 current salaried Timken people in their seven plants.

Largest check went to R. H. Bogue of Canton, O., with a payment of \$402.63. Smallest check is for two cents. It will go to a former employee of the labor department.

tool open eight minutes, the flow of gas exceeded the gage capacity when it exceeded the rate of 10,000,000 cubic feet daily.

Mapped Several Years Ago. The Kleiner field structure was located and mapped by P. G. Russell of the Geological Department, several years ago while he was doing surface geology in the Cisco area. This structure according to F. E. Kendrick, chief geologist, was so mildly reflected in the surface rocks however, that it hardly merited a test without further confirmation.

In the latter part of 1947, it was decided to check this surface structure with a seismograph survey. This survey not only confirmed the surface structure but indicated that at a depth of 3,000 to 4,000 feet structural conditions were highly accentuated over those indicated at the surface. From this information, Mr. Kendrick said, it was concluded that there were possibilities of a Mississippi limestone reef overlying the Ellenburger limestone and plans were soon made to test the structure.

Other Rich Leases. At this time the Knealide A-3 well on the edge of the structure, was about to be deepened from the Lake sand to the Ranger sand, which was producing in an offset well. It was decided to carry this well to the Ellenburger limestone and, in doing so, the presence of the Mississippi limestone reef was established. Subsequent drilling of the Kleiner A-1 definitely proved the existence of an oil and gas field and confirmed the structure.

that was indicated by surface geology done several years ago. Lone Star has also drilled four producers on the A. J. August lease 11 miles northwest of Eastland. The No. 4-B flowed 325 barrels from perforated casing in 24 hours and Nos. 3-A and 2-B are considered equally as good or better. No. 4-B is reported to have around 40 feet of Lake sand while the other two have close to 50 feet. This production is from the Hill Lake pool. The Blue Blaze, Lone Star Gas Co. Magazine.

Retail Merchants Association
L. SELF, Sect'y.

A statement no merchant heard:
While applications for affiliation with RCB of Texas by two local Credit Bureaus were pending (one merchant has started a movement for another bureau here), a prominent attorney of Austin, called on Chas. Lux, Executive Secretary and Mr. Horace Barnhart, member of the Board of Directors also local Sect'y of the Association, in behalf of L. Self, investment in the original Bureau of Cisco.

The outcome was that the affiliation would be withheld from our competitors over a period of time until the attorney contacted the proponents here, suggest the purchase of the office of L. Self.

The plan was to have L. Self choose five secretaries over State, out of which the two men would choose those appraise her files and then the attorney would suggest the suggestion of a purchase the new set-up.

Being unable to arrive a definite fee for the work might be involved and beyond doubt as to a satisfactory praisal, L. Self chose to rely on the integrity of the Cisco merchants, and the Laws of Nation.

What's the world's softest cushion made of?

UNDER DOWN?... hummingbird feathers?... lady, lady you're getting cooler!

The world's softest cushion is a collection of nice crackly paper—the kind of paper U.S. Savings Bonds are made of. They're a fine bundle of security to fall back on, in case of financial troubles.

Two great, automatic plans make the regular purchase of Savings Bonds both sure and convenient.

1. If you work for wages or salary—join

Payroll Savings—the only installment-buying plan.

2. If you're in business, or a profession, or living on an income, and the Payroll Savings Plan is not available to you—sign up at your bank for the Bond-A-Month Plan.

Join the Plan you're eligible for today! And watch your cushion of Savings grow. For remember—100% safe U.S. Savings Bonds pay you back \$4 for every \$3 you put into them, after only ten years!

AUTOMATIC SAVING IS SURE SAVING— U.S. SAVINGS BONDS

SURPRISE PARTY FOR BOBBYE REYNOLDS.
A surprise party honored Miss Bobbye Reynolds Saturday afternoon when group of friends came to her home at 1411 Bliss to compliment her on her fifteenth birthday, responding to an invitation from the honoree's mother, Mrs. I. D. Reynolds. The hostess was assisted by Misses Dorothy Rippey and Nada Wagley. After the friends were greeted informally, a program of record music was enjoyed mingled with conversation and games. Pictures were next made of the happy young group after which the honoree displayed her nice birthday gifts.
The decorated birthday cake which centered the lace covered dining table was cut by the hostess and was served with ice cream to the following: Misses Bobbye Reynolds, Carole Pippet, Anita Carlin, Martha Whitaker, Mary Philpott, Bette Wilcox, Monterey Lisenbee, Dixie Hansen, Nada Wagley, Barbara Anderson, Dorothy Rippey, Betty Wagley and the hostess, Mrs. Reynolds.

VISITORS HONORED WITH PICNIC SUPPER HELD.

Mr. and Mrs. A. B. Cross were hosts to a few relatives with a basket picnic supper Monday evening at Lake Cisco. The group met in a park near the lake and spread the nice picnic supper on a park table adjacent to the water. Conversation and other features entertained them during the evening.

Those present were: Mrs. Joe Kilborn, Mr. and Mrs. Frank Culver and children, Frank, Jr. and Jo Evelyn of Houston; Mrs. Bessie Pass of Baird; Miss Betty Williams of Big Spring; Miss Minnie Eppler, Miss Betty Gorman, Mr. and Mrs. A. B. Cross, Miss Nancy and Charles Cross of Cisco.

WCS CIRCLE TWO MET WITH MRS. O. C. LOMAX.

Circle Two of First Methodist Women's Society of Christian Service met Tuesday afternoon in the home of Mrs. O. C. Lomax at 1705 E avenue.

Mrs. Crigler Paschall presided and called the group to order with prayer. The meeting was then turned over to Mrs. W. E. Ricks, program chairman, who presented Miss Ura Leverage for the afternoon devotion. Mrs. S. H. Nance discussed "The Atomic Age and Missions;" Mrs. Ricks gave a talk on the "Circuit Riders of Early Texas" and told of their varied and faithful work.

A business session was conducted by Mrs. Paschall and minutes of the last meeting were read by Mrs. Smith Huestis; treasurers report was made by Mrs. T. J. Dean.

A social hour was enjoyed at the close of the meeting and refreshments of devils food cake and delicious punch were passed to Mrs. Crigler Paschall, Mrs. Ted Bacon, Mrs. R. S. Elliott, Miss Ura Leverage, Mrs. W. W. Moore, Mrs. S. H. Nance, Mrs. W. E. Ricks, Mrs. J. T. Fields, Mrs. Smith Huestis and the hostess, Mrs. O. C. Lomax.

KINARD FAMILY HELD ANNUAL REUNION HERE.

The Presbyterian encampment grounds at Lake Cisco is an ideal place for family reunions and church group meetings. A landmark family, the Kinards, gathered here last Saturday for a two-day reunion. The relatives came from points in Texas, Louisiana and Oklahoma to be present at the annual affair. A number of old friends called and renewed their friendship and talked of former times during the two-day get-together.

Those participating were: R. B. Kinard, Mr. and Mrs. Newton Barker, McLean, Texas; M/Sgt. and Mrs. U. G. Kinard and Lela Fay of Fort Sam Houston; Ray G. Kinard, Mr. and Mrs. Troy B. Cannaday and four children, Lubbock; R. L. Stuard, Whitfield, Okla.; Mrs. G. H. Kinard, Mary Annette Kinard, New Orleans, La.; Mr. and Mrs. Tom Rogers, Mr. and Mrs. Willie Rogers, Gracemont, Okla.; Mr. and Mrs. J. A. Kinard, Big Spring, Tex.; Mr. and Mrs. R. E. Butler, Sweetwater, Tex.; Lennie Sneed, Kingsville, Tex.; Mr. and Mrs. Wayman Wilson and three children, Ballinger, Tex.; Mrs. Hester Park, Navarro, Tex.; Glenn Kinard, Lockney, Tex.; Mr. and Mrs. D. J. Kinard, Mr. and Mrs. Henry Davidson, Ikey and Colleen, Mr. and Mrs. Dewey Kinard, Big Spring; Mr. and Mrs. Burney White, Abilene; Mrs. Mattie Wright, Midland, Tex.; Mrs. N. S. Kinard, Mr. and Mrs. C. F. Coats, Mr. and Mrs. Ray S. Kinard and Anna; Mr. and Mrs. Brady Boggs, Gilman Kinard, George Kinard, Mrs. U. G. Kinard, Route 2; Mr. and Mrs. M. C. Ivie, Mrs. Ruby Lassater, Mr. and Mrs. James Ed Gann, all of Cisco.

FIRST BAPTIST WMS IN GENERAL MEETING.
Members of First Baptist Women's Missionary Society assembled in the down-stairs auditorium of the church Tuesday afternoon after attending the funeral of Mr. A. O. Hurst at 4 p. m.
The meeting was called to order by Mrs. Jimmie Gee with group singing of the hymn, "Call Unto Me" led by Mrs. Ina Pyle Martin with Mrs. W. F. Walker at the piano. The meeting was then turned to Mrs. Cecil Adams who brought the program from Royal Service magazine and gave the preceding devotion. The mission work in Latin America was ably discussed and splendid progress was noted. Prayers were offered by Mrs. Kate Richardson and Mrs. Adams.
Following the program a short business session was conducted and it was decided that each Circle may choose whether or not to hold their regular meeting next week, due to the revival services. Mrs. Roy Morrison, Mrs. E. J. Poe and Mrs. Cecil Adams were chosen by ballot as a nominating committee to name officers of the Society for the coming fiscal year after which the meeting was dismissed with prayer by Mrs. O. L. Mason.
Those present were: Mrs. Jimmie Gee, Mrs. Cecil Adams, Mrs. J. E.

Wall Paper Scenic Brings the Outdoors Indoors

A large-scale scenic wall paper is the best possible means of giving the illusion of space where it does not exist. This panoramic view of the Hudson makes a minute hallway seem spacious and inviting. The dado is wall paper, too.

Burnam, Mrs. A. R. Day, Mrs. G. B. Langston, Mrs. W. H. LaRogue, Mrs. O. L. Mason, Mrs. Ina Pyle Martin, Mrs. E. H. Cheves, Mrs. Roy Morrison, Mrs. Kate Richardson, Mrs. Algie Skiles, Mrs. C. A. Williams and Mrs. W. F. Walker.

Vogue Cleaners Bowling Winners

After fifteen weeks of tough competition the Vogue Cleaner bowlers, captained by Howard Langford, threw their best series of the year at Hassen Dry Goods to barely nose out that good team for the title on the final night.
For the past six weeks the Cisco Lumber & Supply front runners most of the way, have dominated the top spot but fell off the pace

and allowed the other hard hitting teams to battle it out to the wire. A trophy will be awarded to the winning team and is being displayed at the Vogue Cleaning establishment on Seventh street. The 200 or above keggers last night were H. Langford, 236-211, Dick Bearman, 217-206, Dr. C. E. Paul, 212, and Tut Tabor, 209.
The box score of last night's games follow:
Vogue Cleaners—
Dick Bearman...173 217 206—596
H. Langford...163 211 236—610
K. N. Greer...175 167 159—491

CHAPLAINS WHO MADE SUPREME SACRIFICE—In the annals of the United States Army there is no record of greater personal heroism than that of the courage of four young chaplains who gave their lifelines to other men on a sinking troop transport and bravely went down with the ship. It was on February 3, 1943, when the USS Dorchester was torpedoed off the coast of Greenland. They have since been awarded posthumously the Distinguished Service Cross and a memorial postage stamp was issued in their honor. Above, left to right, they are George L. Fox, Methodist; John P. Washington, Roman Catholic; Alexander D. Goode, Jewish, and Clark V. Poling, Reformed Church.

Want to rate?...

For winning performance that rates a prize, wise motorists Oil-Plate with Conoco Nth.
A special added ingredient in Conoco Nth Motor Oil fastens extra lubricants closely to metal that working parts are actually OIL-PLATED. This OIL-PLATING stays up on cylinder walls...

BRIEFLY TOLD

Marrion A. Olson and daughter, Caroline, came in Saturday for a weekend visit in the home of his mother, Mrs. A. J. Olson. They joined their son and brother George Olson, who had spent a few weeks with his grandmother here and with relatives at Wichita Falls. They left Tuesday for their home in San Antonio.

Mrs. R. E. Corder has been taken to Abilene by her sister, who had arrived to be here with her. Mrs. Corder has been very ill for some time and plans to remain in Abilene for a month while receiving special treatment.

Mr. and Mrs. Curtis Cochran of Houston are visiting in the home of her parents, Mr. and Mrs. W. J. Parsons while on vacation.

Mrs. Glen D'Spain of Marshall is a guest here in the home of her parents-in-law, Mr. and Mrs. Howard D'Spain. She was accompanied to Cisco by her son who has now returned to Marshall after a visit with his grand-parents.

Mr. and Mrs. Charles E. Kilborn and small son, Stanley, of Fort Worth visited here with Mr. Kilborn's parents, Mr. and Mrs. Zed Kilborn, over the weekend.

Mr. and Mrs. Max Morris and

son Bobby Don of Brady are spending a vacation in Cisco with her mother and aunt, Mrs. Bessie Pass and Miss Eppier and Mr. Morris' sister and husband, Mr. and Mrs. J. L. Stafford.

Mr. and Mrs. Willard Kilborn and daughter, Mary Sue, of Dallas stopped in Cisco for a weekend visit with his mother Mrs. Joe Kilborn and his sister and brother-in-law Mr. and Mrs. Frank Culver and family of Houston while enroute to California for a three weeks' vacation.

Mrs. Clara Robertson has gone to the home of her son and wife, Mr. and Mrs. Lynn Robertson, in Fort Worth where she plans to spend the remainder of the summer after which she will return to Orange, Tex.

Mrs. Betty Barnhill Pate is reported as seriously ill in the home of her parents, Mr. and Mrs. Oliver Barnhill. Mrs. Pate has been ill for some time here.

Mr. and Mrs. Novel Barnhill and daughters of Fort Worth visited in the home of his parents, Mr. and Mrs. S. O. Barnhill over the past weekend.

Mr. Lee Sage, aged Crockett, who has been very ill, is now a patient in Hendrix Memorial hospital, Abilene. His children are attending there at his bedside.

Miss Betty Williams of Big Spring is a guest here in the home of her uncle and aunt, Mr. and Mrs. A. E. Cross.

Mr. and Mrs. Bob Fie of Colorado City are spending a few days in Cisco with his mother, Mrs. C. H. Fie and other members of the family.

Mr. and Mrs. Bill Fetterly of Corpus Christi visited here over the weekend with Mrs. Fetterly's parents, W. M. Isenhower and family.

Mr. and Mrs. Lloyd Surles accompanied by their daughter and son-in-law, Mr. and Mrs. George

*** Fashions ***

Ideal swim suit which is attractive and yet permits the freest action in the water is shown above as pictured in the June issue of Good Housekeeping magazine. The bright-in-the-sun stripes are starred, and the rope straps are feather-light on the shoulders. Elasticized cotton. Available in red, green, and brown.

Duncan Lee Questioned in Washington

During testimony before the House un-American Activities Committee in Washington, Duncan Lee, seated, inspects a photograph of Jacob Golos which Robert Stripling, Chief Investigator for the Committee, shows him. Miss Elizabeth Bentley has testified she had brought information from spy rings to Golos. Lee denied he had furnished Miss Bentley with confidential information. (NEA Telephoto).

Burnette of Fort Worth spent the weekend in Houston with Mr. and Mrs. Vernon Nelson and Mr. and Mrs. Jack Huffman.

L. E. Reeves who lives in the south part of town at 115 south Blvd. is reported as quite ill. He was visited Tuesday by his son, Homer Reeves of Abilene.

Mr. and Mrs. Edward J. Keough have had as their guests the past ten days, Mrs. Keough's sister and husband, Mr. and Mrs. Dan Williams of Chicago. While here Mrs. Keough and her son, Edward Keough, Jr., and their guests visited at Lake Charles, Louisiana, with her sister and brother-in-law, Mr. and Mrs. Howard Blessing and family. Enroute home they stopped in Dallas for a visit with Misses Mary Frances and Kathleen Keough.

Mr. and Mrs. George Burnette, Jr., of Fort Worth are spending their vacation with relatives in Cisco.

Mr. and Mrs. Sherman Watson and daughter, Jan, returned to Dallas today after a pleasant visit here in the home of his sister and

husband, Mr. and Mrs. Jay Richardson.

Mr. and Mrs. Britt Pippen and small daughter, Fatti, of Moran, visited here Monday evening in the home of his sister and husband, Mr. and Mrs. Weldon Usery.

Miss Mary Jo Isenhower is spending the week in Corpus Christi where she is visiting in the home of her sister and brother-in-law, Mr. and Mrs. Bill Fetterly.

Mr. and Mrs. Dan Jarrett and children of Breckenridge visited here Sunday in the home of her sister and brother-in-law, Mr. and Mrs. J. H. Hyatt.

Mrs. Gloria Richardson and son, Mike accompanied by Miss Joyce Dunn of Amarillo, left Tuesday for home after a pleasant visit here with Mrs. Richardson's aunt and uncle, Mr. and Mrs. C. B. Powell.

Examinations Set By Civil Service

Announcement of two examinations for filling Agricultural Research Scientist and Cotton Technologist positions, was made today by the U. S. Civil Service Commission.

Agricultural Research Scientist positions cover the following optional fields: Agronomy, Bacteriology, Botany (Wildlife), Botany, Cereal Technology, Dairy Husbandry, Dairy Manufacturing Technology, Entomology, Fisheries Research, Biology, Genetics, Horticulture, Meat Technology, Microanalysis, Mycology, Parasitology, Plant Pathology, Plant Physiology, Poultry Husbandry (Nutrition), Poultry Physiology and Soil Science. The majority of the positions are in the Department of Agriculture, Department of the Interior, and the Smithsonian Institution. Most of the vacancies are in Washington, D. C., and Beltsville, Maryland, but positions throughout the U. S. will also be filled. Salaries range from \$3,727 to \$8,599 a year.

To qualify applicants must have completed 4 years of appropriate college study and must have had research experience in the appropriate agricultural field. Graduate study may be substituted for part of the experience required. For some of the positions, a professional and scientific research program is required. No written test will be given. Details about these positions are given in examination announcement No. 109.

The Cotton Technologist positions to be filled are in the branches of Cottonseed, Fiber, Ginning, and Textile Technology and are located in the Department of Agriculture, principally in Washington, D. C., South Carolina, Mississippi, and Texas. Salaries range from \$3,727 to \$6,235 a year.

To qualify, applicants must (a) have completed a four-year college course leading to a bachelor's degree in cotton technology, or (b) have had four years of technical experience in cotton technology, or (c) have had a combination of such education and experience. In addition, they must have had professional experience in one of the branches of cotton technology. Graduate study may be substituted for part of this experience. No written test is required. Announcement No. 4-69-2 (48) contains completed information about the Cotton Technologist positions.

Applications will be accepted until further notice for the Agricultural Research Scientist positions. Applications should be sent to the U. S. Civil Service Commission, Washington 25, D. C. Applications for Cotton Technologist

ist should be filed not later than September 9, 1948, with the Executive Secretary, Board of U. S. Civil Service Examiners for the Department of Agriculture, Research Center, Beltsville, Maryland.

Yessir, That's The New Magic Word They Use When They Call for Phillips 66 Premium Motor Oil!

"LUBRI-TECTION"! It's a word worth remembering. Why? Because it means lubrication plus protection for your car's engine.

You get the fine lubricating qualities of excellent base stocks, expertly refined. You get inhibiting additives which help cut down varnish, reduce sludge formations, guard against ring sticking and minimize engine deposits in your motor.

So remember "Lubri-tection"—benefit from it by using the great new Phillips 66 Premium Motor Oil. Why not switch today?

PHILLIPS 66 PREMIUM MOTOR OIL

* "Lubri-tection"—the protection rendered by an oil of fine base stock containing special detergent and oxidation inhibiting ingredients.

It's a Long, Slow Process...

...but we are gradually catching up with our work. The oil activity in so far as it relates itself to our business about over. There has been a sharp decline each month since April which was the peak month on all classes of orders. Our men estimate that 80% of the county is now leased. If you are one of the 20% who may need to use your abstract please file your order now.

DAMAGED FARBER BUILDINGS WRECKED

A building of the I. G. Farben plant in Ludwigshafen, Germany, damaged in the terrific blast two weeks ago, suffers further destruction — this time at the hands of the U. S. Army Engineers. Buildings which were dangerously near collapse were torn down to prevent additional casualties. (U. S. Signal Corp Photo from NEA Telephoto).
