DIXIECRATS CONFER IN HOUSTON

Governor J. Strom Thurmond of South Carolina, left, Dixiecrat nominee for the Presidency, discusses the details of the convention being held in Houston, Texas, with W. H. Talbot, center, National Committeeman from Louisiana, and Leander Perez, well-known Louisiana politician. (NEA Telephoto).

Crop Harvesting Aided by Weather

Additional rain in northern Plains counties further increased moisture reserves in this favored area. Good yields from spring-planted crops are now practically assured and moisture was generally sufficient to germinate volunteer wheat in ample time for preparation of fall seedbeds.

Cotton harvest was being rushed with favorable weather in all matured areas. Harvest was well past the peak in the Coastal Bend and was nearing completion in the Lower Valley.

Eastland to Tilt Bats With Dublin Sunday

O. H. Dick of the Eastland Sports Desk announced Thursday that the Eastland baseball club would challenge the Dublin team in a double-header, to be played at Eastland at 2 o'clock Sunday afternoon.

WHAT'S DOING

American Legion will have regular bi-monthly meeting Thursday at 7:30 p. m. in the new Legion hall.

Try Feeding Them Ice Cream Big One Got Away From Local Angler; Signs Are Wrong, Fish Not Hungry

By ELSWORTH MAXER

The best local fishing story of the week comes from our good friend Austin Flint who is fully convinced that the big ones actually do get away — and he has witnesses to prove it. The other day he took his wife's father out to Lake Bernie and left him to fish for awhile.

Mr. E. G. Dameron suffered a painful injury at Lake Cisco Wednesday when a catfish ran a fin through one of her fingers. She caught a nice string.

Uncle Joe Hawkins of Dallas is still at the lake, and is having some luck. J. E. Smith, who is staying at the lake while working on the Fee well, finally got the bug, and has been catching a few nice ones.

Mr. and Mrs. Frank Cufver and son, Frank Jr., and daughter, Joe Evelyn, who once lived in Cisco, but now call Houston home, are spending a few days at the lake. Frank and Frank, Jr. have caught a few, and are still trying.

Mrs. Thornton and Dana were out a time or two this week, and took home a few for "Punk" to clean.

Mrs. Ralph Glenn and Mrs. Gentry Ellison didn't have much luck on a trip out to the lake this week. If Madrine isn't any better at fishing than Ralph is at golf she's wasting her time.

Mr. and Mrs. Judson Perce have reserved a cabin for the first few days of next week. Mr. Prince, former minister of the First Baptist Church in Cisco, is going to try his luck at snagging the big ones.

Mr. and Mrs. McCauley of Lubbock called for week end reservations at the lake camp. They are due in Saturday.

Mr. and Mrs. O. M. Phillips and family of Dallas are vacationing at the lake, and are not complaining about the heat — they're accustomed to it.

The Gaston family of Rule and Abilene have rented cabins for a family reunion this week end. Three sisters and one brother of the family have been here all this week. This is an annual affair.

Ask L. A. Hooker and his

The Gay Philosopher

Copyright New York Graphic Society By J. W. S.

IT WAS REFRESHING to receive a letter today from Mr. Charles J. Kleiner, who is vacationing with his family at Idaho Springs, Colorado. His account of the cool weather was especially appreciated in view of our heat wave that has sent the thermometer over 100 degrees for the past few days.

"JUST A FEW lines to thank you for the Cisco paper," Mr. Kleiner writes. "We enjoy the paper since we're away from home and even read the ads. We are in a very interesting part of Colorado — 30 or 40 minutes from many places of national interest.

"We live at a lodge 8,000 feet high. Twenty miles away is a world famous ski area an 8-months season. Ten miles away is Echo Lake, 10,600 feet high. South of us is an early-day mining country of much interest. It is said that the mining town paved their streets with silver in preparation for a president's visit.

"The days and nights are cool and you sleep under two or more blankets. Wish we could move a few miles of these mountains and atmosphere to Cisco for the summer months."

CISCO HAS BEEN hotter the past three or four days than at any time this summer. The nights have been pretty comfortable all summer. A good rain would fix us for the balance of the summer. And, according to the law of averages, were supposed to get 2.45 inches this month.

A FELLOW WAS telling us this morning about how good you can feel if you do something good each day. We asked him what he meant by doing something good. "You be the judge," he said. "Just try to do one good deed daily and you'll come to feel that you amount to something." It would be a good world if everybody made it a point to do one good deed each day, huh?

JUST RAN ACROSS a fellow who is taking a nine dollar "tobacco cure." Whenever the urge to smoke comes, he takes some powdered material, which is supposed to make tobacco taste bitter. He reports success. He is also losing his taste for coffee, which he really likes. A slight stomach disorder developed, but he didn't know whether it resulted from the anti-tobacco powder.

A FRIEND OF ours quit smoking. Three months later he had gained so much weight that he couldn't wear any of his clothes. He started smoking again in the face of his growth.

Plans Completed For Ranger Goat Roping Contest

Plans are being completed for the jackpot goat roping contest which will be staged in Ranger the first night of the West Cross Timbers Sheep and Goat Raisers Association's show and sale on August 20-21.

Entry fees will be \$5.00 and the association will add \$50 to the entry fees. The money will be split 40, 30, 20 and 10 per cent, among the winners.

Those who wish to enter the goat roping contest are asked to register at the C. P. Cloud wool and mohair storage house in Ranger.

Inflation Causes Great Increase in State Prosperity

Geo. H. Sheppard says an analysis of the revenue figures just released in his monthly report reveals the major influences in the States increase in revenue to have been inflation, increased volume and tax rate changes.

Of the increase of 125 million to date this year, 25 million is in Federal Grants and 100 million in State revenue. Of the 100 million 58% is due to inflation of prices on Crude Oil and other products taxed on value, 29% is due to a greater number of units sold, used or produced, such as Motor Fuel, Cigarettes and other products, 12% is due to a tax rate change in Ad Valorem.

To illustrate the method used in this analysis: Crude Oil barrels produced has increased only 6% and yet the income from Crude Oil Tax has risen 55%. The inflation of price caused a 40% rise. By comparison, Motor Fuel use Intra-state has expanded only 10% and the tax on Motor Fuel has increased the same percentage. If value had been a factor in the Motor Fuel Tax the increase from that source would be much greater.

C. Warren Among Texas University Graduates

Lewis Coy Warren, son of Mr. and Mrs. L. A. Warren, who resides at 700 West 10th, is among the 345 seniors of Texas University who have applied for bachelors degrees at the annual Commencement Exercises August 29.

Warren has completed employment with the Standard Oil and Gas Co. in Midland. Mrs. Warren and Connie are in Cisco with her mother, Mrs. Homer Slicker, until their home in Midland is ready for occupancy.

Here's Luck!

MOST CISCOANS REGARD FRIDAY 13 "JUST AS ANOTHER DAY"

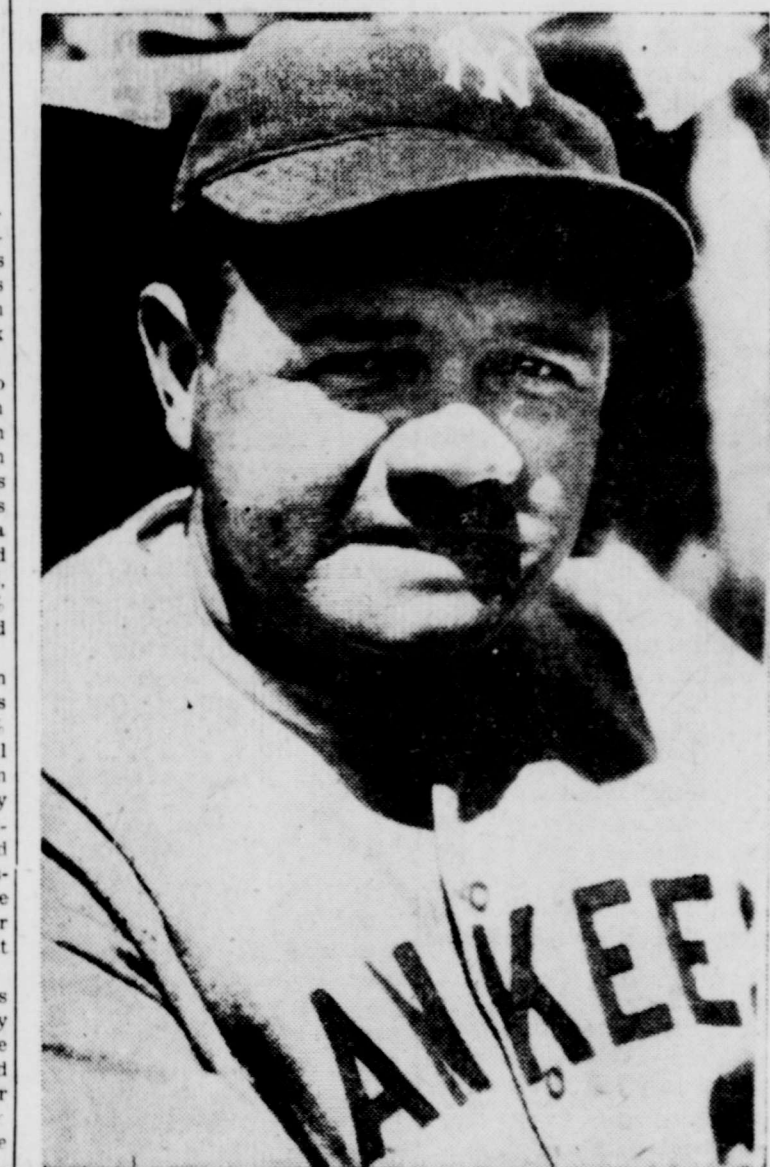

Don't look now, but here's that day again. Tomorrow is Friday the 13th.

With the turning of the calendar's leaf, a goodly number of "quiet serious" Americans will quietly retire to bed and remain there until the passing of the 13th. Why? They're just not taking any chances on the 13th. "High Jinx" powers getting them into any trouble or bad luck.

"I'm just going to bed Thursday night," explained John McHenry, local Negro lawn caretaker, "and stay there until Saturday morning. I've had so many ill-fated Friday the 13ths that it's the only solution for the problem."

"As far as I can remember," he said, "anything that's ever seriously happened to me — it's been on the 13th."

BABE RUTH NEAR DEATH

Babe Ruth, baseball's greatest of greats, is near death in a New York hospital. This character study was made when he was still with the Yankees in 1930. (NEA Telephoto).

Social Security Act 13 Years Old

Thirteen is indeed a lucky number for over six million Americans who are receiving cash payments under the several provisions of the Social Security Act. For it was just 13 years ago, on August 10, 1935, that the Social Security Act became law.

This law, which was designed to provide a measure of financial security to the people of the nation, was considered by President Roosevelt as one of the outstanding achievements of his administration. Improvements and extensions were made by amendments in 1939 and again in 1946. Further improvements have been considered by each succeeding session of congress.

This law consists of four main parts:

- 1. A Federal system of retirement and survivors insurance for workers and their families — based on employer-employee contributions.
2. A Federal-State plan for payments to the needy aged, needy blind, and dependent children.
3. A Federal-State plan providing for the payment of unemployment benefits to unemployed workers who lose their jobs through no fault of their own.
4. Federal aid to the States for maternal and child health, public health, and vocational rehabilitation.

Utility Equipment At Camp Bowie to Be Sold August 16

Enough utility facilities to serve a small community with water, gas, electrical and telephone connections will be put on sale beginning Aug. 16 at Camp Bowie, Brownwood, according to announcement by the War Assets Administration today.

Materials to be removed from the camp grounds will include a water system complete with pipe, hydrants, a 2 million gallon storage tank, a smaller water tank and tower and a pumping station. The telephone system consists of wire, poles, cross arms, insulators and brackets. A gas system to be offered will include underground pipe and regulators, and the electrical system contains transformers, poles, ground rods, light protectors and related accessories as well as more than a million feet of copper and steel wire.

The facilities will be available for inspection by federal agencies, state and local governments, and non-profit institutions between 8:30 a.m. and 4 p.m. August 27, deadline for acceptance of priority applications.

Materials unclaimed by the priority applicants will be marketed on a non-priority, sealed bid basis to the general public. However, bid forms for non-priority purchasers will not be available to the general public until September 14.

Lone Star Ready To Finish Well In Kleiner Pool

Lone Star Producing Company's No. A-2 C. J. Kleiner was undergoing completion work in Cisco's new oil field today. The pipe was to have been perforated about noon, after which the first test was planned.

Two other wells were in the completion stages. H. W. Skelly's No. 1 Thomas was reported to be showing oil swabbing operations after being perforated and acidized in the bottom of the Mississippi formation. Hickok Oil Co.'s No. 3 Kleiner, making considerable gas with oil spray, was undergoing further work.

Hickok No. 4 Kleiner, a nearby well, was drilling below 2,700 feet. Drilling had begun today on a new northern outpost in the field — the Alsbrook and Kemp No. 1 L. W. McCrea et al. Surface pipe was set this week and the well was drilling ahead. It is on an 8.6 acre lease.

Lone Star was preparing to move derrick to begin work on their No. 1 Daniels, for which a location has been cleared, pits dug, and roads made ready.

The Killingsworth No. 1 George P. Fee, eastern outpost, was acidized and operators were studying reports. They were confident that a good well would result.

Cooper Announces Tour by 4-H Club

A tour to see the registered Duroc Jersey pigs given to nine Eastland County 4-H Club boys by the Sears Foundation last spring is planned for Friday, Aug. 13, according to J. M. Cooper, County Agricultural Agent.

The group, consisting of the boys, their fathers and brothers, will assemble at the "Pumpkin Center" filling station Friday morning at 9 o'clock to start the all day trip, which will take them over much of the county.

The boys will enter their pigs in the district pig show to be held in connection with the West Texas Fair at Abilene on Oct. 2. The prizes will be in the form of material to further their pig project.

Materials secured in the past have for the most part been wire, posts, cement, staples and lumber.

The group will take a picnic lunch and eat somewhere along the route. Each boy visited will tell what he is feeding and how he is managing his pig. The gilts will be bred in November and the boys will give one gilt pig out of the first litter next spring back to the County Agent to perpetuate the project. The stock of Duroc Jerseys were purchased from club boys in Stephens County last May.

Boys with pigs to be visited include: Gerald Williamson, Marvin Valley; Fred Rogers, Alameda; Joe Ed Reynolds, Carbon; Denny Donaldson, Kokomo; Clyde Douglas Harting, Flatwoods; James Butler, Gorman; Lobby Freeman, Plover; James Riggs, Pasadena; and Donald Lee Joiner of Gorman.

The world is in trying times and most people these days don't have time to think about hoaxes or superstitions.

A West Texas Utilities linesman, Charlie Huntington, believes the 13th is no jinx, as so many people believe. "There is only one superstition that I regard, and that's a black cat. They're a typical example of what bad luck looks like."

Bill Crane, Negro elevator operator and shoe fitter, has carried a rabbit's foot for the past seven years and admits "it doesn't do any good." Bill doesn't hide his belief that Friday the 13th has its voodoo spells and takes added caution as he goes about his work on that day. "I can remember the days I've had a car wreck on every Friday the 13th without fail. I guess I'd still be having them, if I hadn't started walking to work."

Mrs. Howard Turner, office secretary, had the best conception of what she thought of the 13th.

"The only time I think about Friday the 13th," she grinned, "is the time I enter it on the books. There's nothing to it."

Jewel Poe, grocerman, believes bad luck happens to the person who thinks about what's going to happen to him. "If I had any reason to believe in superstitions, I wouldn't think of it as Friday the 13th, but as Friday the 26th. That was the day the Santa Clause Bank Robbers held up the bar. It's just some businessman's idea of making money by selling tickets for good luck."

Mrs. Jesse Johnson, saleswoman, thinks Friday the 13th is another average work day. "If they'd make it a National holiday, like the 4th of July, then I'd believe there might be something to it. Even then, I'd doubt it."

Dr. R. L. Clinkscales, optometrist, wonders why it couldn't be a good luck day if it is supposed to be a day of bad luck? "The writer plans a quiet Friday. See you Saturday."

Lower Mortality Rate.

An all-time low mortality rate is in prospect for the United States in 1948, according to statisticians of an insurance company. The prediction is based upon data for the company's industrial policyholders and for the general population of the country.

"Barring untoward developments, it now appears that the death rate in 1948 will be as low as, or lower than the rate in 1947, which established an all-time low record," the statisticians report.

Contributing to the favorable picture among the insured are new low current death rates for eight diseases, namely, whooping cough, diphtheria, influenza, pneumonia, tuberculosis, syphilis, appendicitis, and diseases of the puerperal state. Tuberculosis showed the greatest improvement, the death rate declining from 32.3 per 100,000 in the first half of 1947 to 28.4 per 100,000 in the past six months, a reduction of 12 percent. The death rate from this disease has dropped as much as one fifth in the past two years.

Similarly, the downward trend in the mortality from influenza and pneumonia, which has been in evidence for some time, is continuing. The death rate of 28.7 per 100,000 recorded in the January-June period, represents a reduction of almost eight percent from the rate a year ago, and is less than one half that of a decade ago.

Somewhat higher mortality has been registered by the cardiovascular-renal diseases, cancer, and diabetes. These diseases now account for 73.2 percent of the deaths from disease in the insurance experience as compared with 71.9 percent a year ago.

The accident death rate has fallen by more than five percent from its previous all-time low in the first half of 1947. This reflects lower mortality from occupational and motor vehicle accident. The motor vehicle accident death rate in the January to June period of the current year was lower than the corresponding figure for the years 1942-1945, when wartime restrictions on driving were in effect.

LETTERS

Editor, The Press:
With unending medical research, the cause of polio is unsolved. Now I am not a doctor or a doctor's daughter, but my belief is, if there's "heat" turned on the lowly chicken house and yard the polio virus will likely be found. Especially where chickens are infected with blue bugs and about two-thirds of all chickens are.

very much like polio. Blue bug chickens become droopy, lose weight and finally become totally paralyzed. Flies breeding in such places could be very dangerous. Also breathing the dust from the yards is a health hazard, so I think the city would do well to regulate the raising of chickens in the city limits, as a precaution.

I happen to know that there are far too many chickens in crowded areas, which I am quite sure is a menace to the health of its citizens. Not saying anything about the "yackety yack" noise they keep up

A HAPPY REUNION

Suzanne Marie Homes, 2½-years-old, gives all her attention to an ice cream cone after being reunited with her parents in New Orleans, La. The child was found unharmed in a muddy ditch 80 miles from New Orleans. Mr. and Mrs. Walter C. Holmes, parents of the little girl, believe the child was kidnapped and then abandoned. (NEA Telephoto).

day and night. That is so disturbing to sick and sensitive people.
A TAXPAYER.

Inspection Shows Wage Violations In Texas Industry

DALLAS, Aug. 12 — Approximately 10 percent of the Texas firms, including a number in North Texas, inspected by the Wage and Hour and Public Contracts Divisions, U. S. Department of Labor,

during the fiscal year ending July 1, paid some of their employees less than 40 cents an hour, according to Lawson A. Wood, who represents the Divisions in North Texas.

Violations of one or more provisions of the Fair Labor Standards Act (Federal wage and hour law) or the Walsh-Healey (public contracts) Act, or both, were found in 1168 of 1204 covered plants inspected in this state during the 12 months, and minimum wage viola-

tions were disclosed in 117 of these establishments, Wood said today at his headquarters, 1114 Commerce Street.

"Despite reports of high wages in North Texas, as well as in other parts of the state, some Texas firms were found to be paying employees less than \$16 for a 40-hour week," Wood said. "The Federal wage and hour law sets a minimum of 40 cents an hour for employees engaged in interstate commerce, in

the production of goods for interstate commerce, or performing work necessary for the production of goods that move in interstate commerce.

"The act also requires payment of at least time and a half for all hours worked in excess in any work week. Employers in Texas during the year agreed to pay \$228,288 in back wages to employees for unpaid overtime and minimum wage violations.

"The Walsh-Healey Act, which applies to firms supplying goods or materials to the Government on contracts exceeding \$10,000, also contains minimum wage and overtime sections. Both acts prohibit employment of child labor."

The majority of minimum wage violations in Texas, he said, were found among maintenance and office employees.

Naval Aviation Training Program Opening Slated

The Navy again announces the opening of its Naval Aviation Ca-

det program. Young men between the ages of 18 and 25 with two years of college are invited to get in touch with the Office of Naval Officer Procurement at the Dallas Naval Air Station for further information. Naval Aviation Ca-

dets upon completion of flight training are commissioned Ensigns in the Naval Reserve or Second Lieutenants in the Marine Corps Reserve.

JUDGE CECIL C. COLLINGS

FOR CONSTABLE
R. C. FARMER
S. E. (Bee) CEARLEY

Retail Merchants Association

L. SELF, Sect'y.

A statement no merchant has heard:

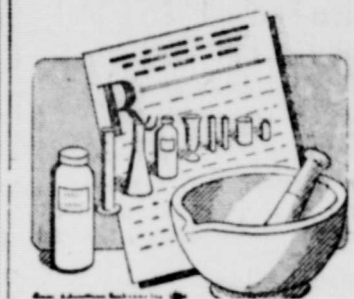

While applications for affiliation with RCB of Texas by the two local Credit Bureaus were pending (one merchant having started a movement for another bureau here), a prominent attorney of Austin, called on Mr. Chas. Lux, Executive Sect'y, and Mr. Horace Barnhart, member of the Board of Directors, also local Sect'y of the Austin bureau, in behalf of L. Self's investment in the original Credit Bureau of Cisco.

The outcome was that the affiliation would be withheld from our competitors over a period of time until the attorney could contact the proponents here, and suggest the purchase of the files and office of L. Self.

The plan was to have L. Self choose five secretaries over the State, out of which the above two men would choose three to appraise her files and office, then the attorney would make the suggestion of a purchase to the new set-up.

Being unable to arrive at a definite fee for the work that might be involved and being in doubt as to a satisfactory appraisal, L. Self chose to rely on the integrity of the Cisco merchants, and the Laws of our Nation.

Mr. and Mrs. Clarence Scott were unfortunate in having their house to burn to the ground.

Plant Physiology Department Begins At Texas A&M

COLLEGE STATION, Aug. 12. — "Wanted: Young Texans to help fight cotton root rot, spinach white rust, southern peanut blight." That's the sign that might well be hung outside the door of the new department of plant physiology and pathology at the Texas A&M College school of agriculture.

"Texas agriculture badly needs more highly-trained plant scientists," according to C. N. Shepardson, dean of the A&M agricultural school. "At present, we can't begin to supply enough such men for Texas agriculture. Nor can we import them from other states, for the rest of the states are just as short of trained men as we are. Agriculture, no less than industry, needs professionally trained scientists," according to Dean Shepardson. "Few fields offer more in the way of a satisfactory career to boys who excel in high school science, botany, chemistry and physics."

To improve its program for the training of such men, the A&M College is establishing a department of plant physiology and pathology in the agriculture school

September 1, with Dr. A. A. Dunlap as head. Previously, instruction in these fields was given in the department of biology. Assisting Dr. Dunlap in giving instruction will be Dr. V. A. Greulich and Dr. E. M. Hildebrand.

Plant pathologists are "doctors of the fields." They deal with diseases of plants, which cause millions of dollars of losses annually to farmers.

Plant physiologists study and seek to improve normal plants, and often work hand-in-hand with geneticists in developing new or harder species.

For a long time employment of agricultural colleges and their auxiliary services. But with farming and food processing becoming big business, such specialists are also in demand by large-scale growers and canners.

So great is the shortage of pathologists and physiologists that the colleges cannot supply enough graduates for their own needs, let alone for commercial operators.

As a general rule, these agricultural specialists take four-year courses leading to bachelor of science degrees; then work part-time as graduate fellows until they receive master's or doctor's degrees. At present the shortage is so great that many jobs normally requiring doctor's degrees are filled by men holding only master's degrees, according to Dr. Dunlap.

Texans are preferred for work in Texas, according to Dr. Dunlap, because it takes several years for specialists from outside the state to learn the special growing conditions of the various parts of Texas.

Sixty Texans Die Of Appendicitis In Five Months

AUSTIN, August 12. — Sixty Texans died as the result of appendicitis during the first five months of 1948, according to figures released by the Texas State Department of Health.

"This figure does not appear large when compared to the deaths from cancer, tuberculosis and heart disease," Dr. Geo. W. Cox, State Health Officer said, "but with the knowledge that these sixty Texans died needlessly, the figure is tragically high." More than anything else, Dr. Cox said he would attribute fatality in appendicitis to the complacent attitude of the people concerning the disease. It is not put in its "proper perspective." Too often, the Health Officer said, people have the vain hope that the prolonged pain in their stomach will "wear off." He cautioned that the stomach ache which lasts more than three or four hours should be considered a serious matter.

Appendicitis killed 60,000 people in the United States and Canada last year, Dr. Cox said. He warned that young adults are especially susceptible to attacks, and that appendicitis is a leading cause of death among children and adolescents.

"Operative techniques have been improved to the extent that an unruptured appendix can be removed with great safety," Dr. Cox said. "It is therefore apparent that the negligence in appendicitis rests with the patient who fails to seek prompt medical attention."

He said it was imperative that the patient lie quiet until the doctor comes as moving about disturbs the inflamed parts. He strongly urged against taking laxatives in cases of suspected appendicitis.

Stamey Asks for Help In Cleaning Lumber For Community Center

Cisco Junior College prexy, O. L. Stamey, issued an appeal Thursday for volunteer workers to assist in cleaning the lumber to be used in the new community center and gym of nails.

Volunteer helpers were asked to meet at the gym's location on West 2nd and 3rd street at six o'clock, equipped with claw hammer or nail bar.

Army Takes Most Of Hand Tools At Camp Bowie Sale

GRAND PRAIRIE, Aug. 12. — Army Ordnance Department will exercise its national defense priority in claiming nearly a million dollars worth of surplus hand tools being readied for public sale at Camp Bowie, Texas, according to information received today by Colonel Karl E. Wallace, War Assets Administration southwest regional director.

The withdrawal, which came as a complete surprise to WAA officials here since the tools had previously been screened by armed forces procurement agents, will cause cancellation of the sale planned for Aug. 20, Col. Wallace said. The tools, largest remaining store still in the nation's surplus inventory, are housed in four warehouses

Parachute Loft At NAS Dallas

Packing parachutes at the Naval Air Station, Dallas, is an ordinary job for these skilled parachute riggers of the Naval Air Reserve who maintain their skill on week-ends in the parachute loft on the station.

Each string and each fold must be correct in order for these chutes to open properly. Therefore these reservists must be good Proficiency in this rate is indeed a necessity.

Men between the ages of 17 and 40 years are invited to visit the station at their convenience.

CHAPLAIN'S BEDSIDE VISIT—The soldier who is ill or is suffering from wounds is soled by the visit from the chaplain who goes wherever the men in the ranks may need his ministrations and counsel.

of the Brownwood, Texas, camp. Telegraphic information from Washington, D. C., stated that two officers were proceeding by plane today to the camp in order to make immediate shipping arrangements for the entire stock, comprising 1,682,248 units.

Experience-Ability

JUDGE
CECIL COLLINGS

Candidate for the Office

Associate Justice of
The Court of Civil
Appeals

At EASTLAND

Judge Collings was born in Erath County, and after finishing his education began the practice of law, during which time he made many close friends. He is capable, honest and diligent. He is young enough, age 48, to do the hard work of this position. He is old enough to be mature and sound in his judgment.

He is now a highly successful District Judge, now serving his 3rd term. If elected, he will make a highly satisfactory Appellate Judge. He is a Christian gentleman with a keen sense of justice asking for promotion. He lead the field in the first primary, carried his home town 11 to 1. We urge all of you to vote for Judge Collings in the second primary, Aug. 28. Be sure to vote.

ASK ANYONE WHO KNOWS HIM.

(This ad paid for by Friends of Judge Collings)

West Brothers to Drill Pippin Well

The West Brothers Drilling Co. were running 8-inch pipe to a depth of 428 feet today in their shallow oil drilling work on the Clarence Pippin farm northwest of Cisco. They plan to drill ahead to test shallow formations to 600 feet.

There are numerous shallow producers in the general area.

Convention Report Given At Lions Club Wednesday

Delegates A. R. Westfall, Carlos Turner and O. M. Stamey gave reports on the recent convention of Lions International at the weekly luncheon of the Cisco club at noon Wednesday at the College Cafeteria.

Vernon Turner, new attorney here, was initiated as a new member of the club.

PLEASE,

Will the person who borrowed the heavy plow and chain from the material yard, of the City of Cisco return same at once.

MORAN NEWS

By MRS. C. C. CADY.

Mr. and Mrs. Walter Cutler and daughter, Nadine were in Frankel Friday, and Mrs. Cutler and Nadine remained for an extended visit.

Mr. R. E. Burns of Abilene is visiting Mr. and Mrs. George McCargo this week.

Mr. and Mrs. Hugh W. Smith have returned from a vacation of two weeks. They visited Mr. Smith's brother in Waldo, Arkansas, and his mother in Fayette,

Tennessee, returning home by way of New Orleans and Houston, enjoying the sights of both these cities. They visited Mrs. Smith's sister at Pasadena, Texas, enroute home.

Rev. and Mrs. H. W. Gaston are attending a Methodist Youth Camp at Palodera Canyon this week where Mrs. Gaston is a teacher. They expect to be home for services next Sunday.

The First Christian Church is having preaching by O. C. Harper of Wichita Falls. This is the second Sunday for Rev. Harper. Remember the date, August 15, the public is cordially invited to attend these services.

Mrs. W. F. Martin of Cisco was the over-night guest of her father, Mr. J. C. Brooks and was with him on his birthday Wednesday.

John Wesley Crawford of Clarendon, a nephew of Mrs. Baten, visited relatives in Moran last week.

Mr. and Mrs. J. C. Thames and Mr. and Mrs. R. F. Thames went to Big Spring Sunday for a reunion of Mrs. R. F. Thames' brothers and sisters.

Mr. and Mrs. J. S. Dennis and baby of Colorado City are visiting relatives in Moran this week.

The Women's Council of the First Christian Church will meet Monday, August, 16th for the Mission Study program. A social will follow the business. Every member is urged to be present.

Mr. and Mrs. Don Allen of Abilene were in Moran over the weekend.

Mrs. Leon Andrews went to Dallas Wednesday to visit her sister-in-law, Mrs. Hyman Charninsky and Mr. Charninsky.

Mr. and Mrs. Guy Steen and son, Neat W. of Lubbock, and Mrs. Roy

Governor Wright at Dixiecrat Convention

Governor Fielding Wright, of Mississippi, has cup of coffee upon his arrival in Houston, Texas, for the Dixiecrat convention. Governor Wright is the Dixiecrat Vice-Presidential nominee. (NEA Telephoto).

Steen and daughter, Sandra of her home in Hobbs, New Mexico, Austin were weekend visitors in Saturday and was accompanied by the homes of R. N. Adair and O. her nieces, Sue and Nancy Hamilton.

Mrs. Tommy Holden returned to Mr. and Mrs. Howard Waters of

Crane visited in Moran at the home of Mr. and Mrs. Ben Waters the first of this week. Mr. and Mrs. Ben Waters expect to join them on a vacation trip while they are here.

Miss Anna Bell Waters and Yvonne Waters, both of Cisco spent last Friday in Moran visiting Joan and Mary Jean Scott. They returned on the 4 o'clock train.

Cpl. Richard M. Peterson of Kessler Field, Biloxi, Miss., spent his vacation with his mother and grandmother, Mrs. R. A. Parks, in Moran.

Mr. and Mrs. C. W. McCullin had all their children with them Sunday. Jack Dunn of Lake Jackson came in Friday. Mrs. Dunn and Janet, after a vacation spent here returned home Sunday evening.

Mrs. J. W. Bankston received a call from her son, William Gay of Fort Worth saying his little son Stephen Gay was in a hospital, a suspected polio case. Mrs. Bankston is greatly concerned about her little grandson and her friends hope that the news may be better.

Mr. and Mrs. C. S. Turner of Abilene spent the weekend with Mr. Turner's parents, Mr. and Mrs. A. C. Berg. Mr. and Mrs. John S. Hart of Cisco also visited in the Berg home Monday.

The 103 degree weather is still with us and no rain. Monday and Tuesday registered 108, many reported having the air conditioner

on all night Tuesday night, at 12 p. m. it registered 96 degrees.

The Grand Theater is having good attendance. The favorite show this week was "Dear Ruth," it had many compliments.

The Funeral Home is in its 3rd week of remodeling and a marvelous showing has been made. The show room will be completed by the last of the week painting and cementing is still going on. Mr. Wylie must be congratulated in moving so fast, the finishing touches are the slowest work.

The Moran Luncheon Club has carpenters at work in the Morrison building where they expect to have a permanent home. The Luncheon Club is meeting at the Methodist Church until the new place is finished.

Jaunty Small Fry

What could be jaunter than this Bambury coat with its double epaulet shoulders, its big buttons of real seal! Perfectly styled for everyday wear, but pretty enough for dress-up occasions. Coat and leggings have Add-A-Year hems to give added season's wear.

Circle One of the First Methodist Women's Society of Christian Service met on the church lawn Tuesday evening for a friendly get-together and picnic. A number of visitors, Mrs. J. M. Williamson of Eden; Mrs. Joe Kilborn and grandchildren, Frani Culver Jr., and sister, Jo Evelyn of Houston; Mrs. C. A. Sh... Mrs. Joe Wilson and Miss Minnie Eppler were welcomed. The picnic supper was then spread on the tables and was heartily enjoyed after invocation was offered by Mrs. Shockey. The menu consisted of seasonal foods with waermelon and ice cream as a climax to the appetizing out door meal. Lemonade was served throughout the evening.

Insurance

Those present included the above mentioned visitors and the following members: Mrs. D. P. King, Mrs. Ed Huestis, Mrs. Cora Plumlee, Mrs. B. E. Morehart, Mrs. J. J. Porter, Mrs. Zed Kilborn, Mrs. A. R. Westfall and Mrs. H. A. McCanlies.

Insurance

Presbyterian Auxiliary had work and program. Presbyterian Auxiliary members met Tuesday afternoon in a work period preceding the regular meeting at 3 o'clock. Making bandages for White Cross work engrossed members during the period.

Insurance

The regular meeting of the Auxiliary was held at the appointed hour and the group was called to order by Miss Willie Word, president, with prayer by Mrs. Rudolph Kamon. A short business session was held and minutes of the previous meeting were read and approved.

Insurance

Routine business was transacted after which the meeting was turned to Mrs. C. R. Baugh, leader of the program on the Christian Home at which the topic "Family Interest in Hobbies" was discussed. Mrs. Baugh was assisted by Mrs. Charles C. Jones in presenting the program. The meeting was adjourned with prayer by Mrs. W. Bogan Dunn.

Insurance

Those present were: Miss Willie Word, Mrs. C. R. Baugh, Miss Betty Baugh, Mrs. G. R. Brogdon, Mrs. F. J. Borman, Mrs. W. Bogan Dunn, Mrs. Charles C. Jones, Mrs. Rudolph Kamon, Mrs. J. G. Rupe, Mrs. Homer Slicker, Mrs. Alex Spenser, Mrs. W. R. Simmons and Mrs. W. W. Wallace.

Insurance

Council Group Two with Miss Bacon. Group Two of Women's Council of the First Christian Church met Tuesday evening in the home of Miss Alice Bacon for regular meeting. The Group was called to order with prayer by Miss Ethel Mae Wilson following which Mrs. J. S. Mobley brought the devotion at which she discussed "The Lord's Supper." The basis used was scripture verses from the ninth chapter of Hebrews.

Insurance

Mrs. W. J. Armstrong, a visitor, was presented in a splendid talk on "Mission Work in Hawaii." A business session was conducted by Miss Bacon and M. C. G. Greenhaw, acting secretary, read the minutes of the last meeting. Routine business affairs were transacted and for closing the session all present joined in repeating the missionary benediction.

Insurance

A social hour followed, during which refreshments were passed to Mrs. W. J. Armstrong, C. C. Greenhaw, Mrs. Ace Lucas, Mrs. J. S. Mobley, Miss Ethel Mae Wilson, Marsha Ann Stevens and the hostess, Miss Alice Bacon.

Insurance

Mrs. A. O. Lenz entertained the Grace Lutheran Ladies Aid Society in the afternoon of August 8th. As the pastor could not be present the chairman, Mrs. G. T. Naumann, led the opening devotion exercises by Scripture reading and prayer. During the business period the delegate to the Lutheran Missionary League convention at Vernon, Texas, presented the essay on "The Christian Woman and Christian Stewardship" as given at the convention by Mrs. Hasemann of Wichita Falls.

Insurance

The usual preliminaries were taken care of, committee reports were given and all old business finished. The secretary, Mrs. Dorothy Prange, read a letter received from the society's orphan in Paris, France.

Insurance

An arrangement committee was appointed for the mission festival which will be held on the first Sunday in September, namely, Mrs. O. J. Weiser, Mrs. Max Witt and Mrs. E. Fricke. Visiting committee, Mrs. Frank Ziehr and Mrs. John Gerhardt. The meeting was closed by repeating Psalm 100 in unison. Seventeen ladies were present.

Insurance

A delicious lunch was served to Mrs. O. J. Weiser, John Gerhardt, E. Fricke, W. J. Prange, Dorothy Prange, Paul Weiser, J. W. Gerhardt, A. O. Lenz, A. Fricke, G. A. Obenhaus, Max Witt, G. T. Naumann, Ed Wende, A. Zander, Fred Stroebel, Alvin Stroebel, and Miss Emma Fricke.

Insurance

Shower in Abilene honored bride-elect. Mrs. Evelyn Phippen was complimented with a lovely shower Tuesday evening in the Abilene home of Mrs. A. H. Jefferies at 1562 Mulberry street. Miss Phippen, daughter of Mr. and Mrs. Roy Phippen, is the bride-elect of Dudley Longacre, son of Mr. and Mrs. B. B. Longacre of Abilene, whose engagement and approaching marriage was recently announced.

Insurance

Guests were met by a receiving line composed of Mrs. Jefferies, Miss Phippen and her mother, Mrs. Roy Phippen and Mrs. Longacre (mother of the groom-to-be). They were next directed to a table where Miss Gwen Glenn presided at the bride's book. Following registration the guests were shown to the dining room for refreshments.

Insurance

Punch was ladeled by Mrs. R. Morris, sister of the honorarium room assistants were Miss Wanda Jefferies and Miss Mary Frances Martin. The table, covered with lace cloth, held as centerpiece a cupid, armed with bow and arrow, surrounded with fern, plate favors were small cupid. Floral decorations were red roses attractively placed in the living room and other rooms used for the party.

Insurance

The group was then seated for a period of conversation when little Eddie Young, two year old nephew of the hostess entertained dressed as a cupid with wings attached, pulling a wagon, decorated in white, filled with pretty gift packages. He stopped in front of the honoree who was assisted by her mother and Mrs. Longacre in opening the packages and passing the gifts for all to see.

Insurance

Those present were: Miss Evelyn Phippen, Mrs. W. L. Phippen, Mrs. B. B. Longacre, Mrs. Bea Baggett, Mrs. Tom Morris, Mrs. A. H. Gatlin and Ruby Jane, Mrs. Hugh Jones, Bettz Jones

Photo Classics

Voted the outstanding news picture of the year, this Speed Graphic shot by Frank Cushing won the 1948 Pulitzer Prize. It shows a boy gunman holding a revolver against another boy and daring the police to come and get him—which they did. Cushing made the shot from the second floor of a near-by house, by crawling out on the roof of an ell.

ferm; plate favors were small cupid. Floral decorations were red roses attractively placed in the living room and other rooms used for the party. The group was then seated for a period of conversation when little Eddie Young, two year old nephew of the hostess entertained dressed as a cupid with wings attached, pulling a wagon, decorated in white, filled with pretty gift packages. He stopped in front of the honoree who was assisted by her mother and Mrs. Longacre in opening the packages and passing the gifts for all to see. Those present were: Miss Evelyn Phippen, Mrs. W. L. Phippen, Mrs. B. B. Longacre, Mrs. Bea Baggett, Mrs. Tom Morris, Mrs. A. H. Gatlin and Ruby Jane, Mrs. Hugh Jones, Bettz Jones

What's the world's softest cushion made of?

EIDER DOWN?... hummingbird feathers?... lady, lady you're getting cooler! The world's softest cushion is a collection of nice crackly paper—the kind of paper U.S. Savings Bonds are made of. They're a fine bundle of security to fall back on, in case of financial troubles. Two great, automatic plans make the regular purchase of Savings Bonds both sure and convenient. 1. If you work for wages or salary—join Payroll Savings—the only installment-buying plan. 2. If you're in business, or a profession, or living on an income, and the Payroll Savings Plan is not available to you—sign up at your bank for the Bond-A-Month Plan. Join the Plan you're eligible for today! And watch your cushion of Savings grow. For remember—100% safe U.S. Savings Bonds pay you back \$4 for every \$3 you put into them, after only ten years!

AUTOMATIC SAVING IS SURE SAVING—U.S. SAVINGS BONDS

Sweet Corn!

Lend an ear to pretty Marcia Brunk, of Chicago, while she tells you about the joys of the sweet corn season! Marcia says a corn boil is more fun than a picnic—and if you're ambitious you can combine the two and add some fried chicken for good measure. Sharp, slurp!—and don't forget to take along plenty of paper napkins! With Marcia on hand to demonstrate the proper method, eating sweet corn is ornamental as well as lots of fun!

to Cisco and are located at 702 west Fifth street.

Mr. and Mrs. E. D. Newman are

new citizens of Cisco and are wanting to get located in a furnished apartment. Mr. Newman is superintendent of the Fish Engineering Corporation which is laying pipeline and building a refinery in the Moran oil field district.

It's Procter & Gamble's postwar WASHDAY WONDER

IT'S TIDE
... you've never used anything like it!

TIDE is a true washday miracle, made possible through wartime research. Tide's here to do your whole family wash! And listen, lady—Tide gets clothes **cleaner** than any soap in the world! Tide also leaves colors **brighter** than any soap. And as for your **white** things—no soap in the world will get them **whiter** than Tide! You'll know you're using a completely **NEW** product the minute you see amazing Tide's suds. They **look different, feel different**... and they billow up thick and fast even in **hardest** water.

NO SOAP WILL GIVE YOU ALL THIS:
The CLEANEST, BRIGHTEST, WHITEST wash you ever hung on the line!

CLEANER than any soap!
Yes, with Tide the whole family wash comes cleaner—even children's grimy play clothes and men's heavily soiled work clothes. That's because Tide not only leaves clothes free from ordinary dirt, but actually removes dingy soap film as well!

BRIGHTER than any soap!
Of course Tide gets your gay colored things brighter! Tide washes away the very soap film that may have dulled them... lets the true color shine clean and bright! Does it **safely**, too! Tide is **safe** for all your washable colors.

The world's WHITEST wash!
You'll know a miracle's working for you... when you see your first Tide-washed sheets and pillowcases! No soap made will get them more gleaming white! And Tide **keeps** them that way, week after week... **never** turns them yellow.

GIVES MORE SUDS—
prove it in your dishpan!

Kind-to-hands suds! Faster suds! Longer-lasting suds than any soap in hardest water. Tide cuts grease like magic... washes dishes cleaner than any soap! No scum in the water! No greasy ring round the pan! No cloudy film! Dishes and glassware rinse and dry **sparkling clear**—even without wiping!

TIDE'S IN - DIRT'S OUT!
TIDE WORKS EXTRA MIRACLES IN HARD WATER! OCEANS OF SUDS! NO WATER-SOFTENERS NEEDED!
