ARMORED UNITS BEGIN TRAINING

The nation's first combined training of Army regulars and reservists and National Guardsmen is being currently directed at Camp Hood, Texas, by the above officers. From left to right: Col. James T. Roberts, Beverly Hills, Calif., commander of Southern California's 13th Armored Division; Major General James G. Christensen of regular 2nd Armored, and Major General Albert S. Johnson of Dallas, Tex., commanding general of Texas' 49th Armored Division. (U. S. Army Photo via NEA Telephoto).

National Guard Drills at Armory Wednesday Night

Twenty-three officers and men of Battery A, 961st Field Artillery, Cisco National Guard unit, met Wednesday night at the Junior College armory headquarters with Lieutenant Robert H. Donovan in command in the absence of the unit's regular commander, Captain O. Odum. Captain Odum was appointed to the Military Intelligence Staff at Camp Hood, Texas, training center for the state's National Guard units, and is now in two weeks training there. Lieutenant Donovan, with the rank of first sergeant, instructed the command in close order drills and marching pivots, as the Cisco Guard unit officially launches its peacetime training program. Stressing the importance of Military Courtesy, Lt. Donovan spoke briefly on a soldier's respect to his commanding officers. The Articles of War and the proper saluting procedure were also brought out before the unit was dismissed. The Cisco unit expects uniforms, equipment and vehicles to arrive in short time. Lt. Donovan stated the unit is to be assigned to 155mm howitzers with cars and command cars.

Few More 18 Year Old Boys Allowed To Enlist in Army

The U. S. Army and U. S. Air Force Recruiting Main Station in Abilene reported today that only a few vacancies exist in this area for the month of August for enlistments of 18 year olds under the current one-year program. Under this plan, qualified enlistees may now enlist for a period of one-year in the AUS and AFUS in lieu of the regular three year enlistment plan. The applicant must satisfactorily pass a mental and physical examination and be 18 years of age, but not have attained his 19th birthday at the time of enlistment to be eligible for this program. Anyone having had more than 12 months active service will not be qualified. Anyone desiring further information regarding this program is requested to contact his local US Army and US Air Force Recruiting Station. In Eastland the Recruiting Service is located at 311 West Main street.

Sheep And Goat Show Will Open In Ranger Friday

Judging in the fifth annual West Cross Timbers Sheep and Goat Association sale and show will get under way Friday at 9 a. m. in Ranger. The show and sale will end with a sale of the animals exhibited. The auction begins at 1 p. m. Saturday. The election of officers will be held at the business meeting to be held in the Arcadia Theater at 10 a. m. Friday. A shearing film will be shown after the business session. At 8 p. m. Friday the association has planned a Border Collie sheep dog demonstration with a well known breeder in charge. After the exhibition visitors will be treated to a goat roping contest.

Burleson Delivers Principal Address To Virginia Vets

Congressman Omar Burleson delivered the principal address at the dedication of the new American Legion hall and the observance of the Page County Veterans Homecoming Day at Luray, Virginia, August 12th, at the invitation of the Luray American Legion Post. A crowd estimated at between eight and nine thousand persons attended the ceremonies, which included a parade of the veteran units from Page and adjoining counties and units of the armed services, while units of the Air Force, including the latest Jet fighters, performed overhead. With Congressman Burleson on the speaker's platform was Scott W. Donaldson, Special Assistant to the Secretary of Air, Admiral Morton C. Muma, head of submarine activities in the Pacific in World War II, and Congressman Burr P. Harrison of Virginia. In his dedicatory address Congressman Burleson declared the United States must make its position clear as regards Russia. He stated in part, "We must let the Russians know what our policy and course will be and not retreat from our stand. We do not want war, but we will invite it if we fail to remain strong or show hesitancy in our dealings with those who would be our enemies."

Writers to Hold Meeting Sept. 3

O. C. Stine, assistant chief, Bureau of Agricultural Economics, United States Department of Agriculture, will attend the Writers' Conference to be held at Texas A. M. College, September 3-4. Mr. Stine is an outstanding authority in his field. Dr. R. D. B. director, Texas Agricultural Experiment Station, A&M says, "Stine will deliver an address. Agricultural writers from every newspaper and magazine in Texas and writers in general, have been invited to attend the conference. Conferences will be held with various department heads of the university. A dinner, griddiron-style will be given to the visiting newspapermen and writers. More than a hundred are expected to attend."

Rolling Breezes Given Credit for Mosquito Invasion

The health department is again busy spraying alleys and vacant lots in an attempt to eradicate them. They plan to follow the same pattern they set in the last campaign. They asked persons who wish to have their homes and shrubs sprayed to contact them. A charge of \$1.50 will be made for the service. The \$1.50 will pay for the material used in the operation. One spray job should last for several weeks, it was pointed out. Officials urged citizens to cooperate in their fight to rid the community of all types of insect pests. This can be done by watching for cans and other containers that might contain water, by disposing of old worn out tires and by careful drainage of air conditioning. A spokesman for the department said that old tires were natural mosquito incubators. Citizens may also help in the war on pests by spraying hedges and shrubs with a good DDT spray. These plants are a natural harbor for the insects, he pointed out.

Early Bird Loses the Worm; Fish Beat the Heat, Biting Early

The Gay Philosopher

(Copyright New York Graphic Society) By J. W. S.

THE SWIMMING pool is doing a booming business these days. We've been told that nowhere has there ever been a case of polio that resulted from somebody going swimming.

WE LIKE A story we heard the other day about George Bernard Shaw, the author. He was browsing around in a second hand bookstore and came upon a much marked-down volume of his plays. Inside he found his autograph addressed to a friend with these words, "With the compliments of George Bernard Shaw."

With a sly smile, Shaw purchased the volume and wrote under his dedication: "With the renewed compliments of G. B. S." and dispatched it back to the original recipient.

WERE THE SORT of fellow who can imagine himself being bitten in ten different places when we're talking about mosquitoes. Talk about any disease, and we start checking to see if we have any of the symptoms. And, after reading about it, we're now worried about BARGITIS.

BARGITIS IS ONE of the world's worst nervous diseases, we're told. Its symptoms are readily identified. They include an intense urge to hurry and an equally strong desire to be first. You see bargitis victims attempting to beat the train to the crossing. They elbow their way down the aisles of buses, charging to the front of all sorts of public gatherings.

WHAT DOES BEING first get them? A temporary feeling of triumph is their sole and meaningless reward — won at the cost of bruised ribs and trampled feet for all who dare cross their path. There's only one cure. Make sure you're not the first. Say to yourself: "I'm going to let somebody get ahead of me — I'm going to be content being second in line."

RUMORS CONTINUE to crop up that polio is taking Cisco by storm — that the swimming pool has closed and so forth. These rumors have been definitely traced to out-of-town polio insurance salesmen. The two cases of polio reported here can't really be charged to Cisco. One was a child that had just come to town. And the other was a child who lived some 14 miles from town. We're glad that both children are reported to be getting along as well as could be expected.

"You have to get up pretty early these days to beat the fish," is the report we received from the ole fishin' hole. It seems they stay up all night, and are just getting in about the time the milk man comes around. At any rate they are biting early in the morning, and late in the evening for a while.

Mrs. Ethel Berry was declared champion for the week among the boathouse crew, for landing the biggest catfish around those parts. She snagged two of them that weighed around 3 pounds each with her casting rod. She was so excited that Mrs. Townsley had to help her get them off the hook.

The most lifelike gadget we've seen in a long time, for the purpose of enticing the big ones, is now on sale on all local sporting goods counters. It is a lure that looks, and makes like a frog. When it is pulled through the water the legs work like a frog's when it's going places.

Mr. and Mrs. Ernest Scott of Dallas are spending a few days at the lake, and are catching a few nice ones. Ernest came in Wednesday with a three pound black bass. They have caught a few sand bass and crappie.

Mr. and Mrs. Judson Prince are at the lake for a few days where Mr. Prince is trying his luck. So far he hasn't had much luck. The reason is probably because his hours, and the hours of the fish do not coincide.

Mrs. Paul Poe's sister and brother-in-law, Mr. and Mrs. ... from Munday, Texas are spending a few days here fishing and visiting. So far they have had more luck with their visiting.

Mr. and Mrs. E. R. Dameron and Mrs. Dameron's sisters who are visiting with them, were out early in the morning with Stormy and Mrs. Davis. They went out before 5 a. m. and caught a nice string.

Mrs. Frank Peckham and son, Walter, from Houston, and Mr. and Mrs. Hugh Huckabee from Ft. Worth have rented a cabin at the lake, and are fishing some. They have pulled in several nice strings of crappie and bass.

Frank Martin and party from Hamlin spent a few days fishing in the lakes around Cisco. They caught several nice catfish, some weighed over four pounds.

Uncle Joe Hawkins of Dallas, who has been fishing at Lake Cisco for the past two weeks reluctantly folded up his tackle and returned to his home. The folks that hang around the boat house always look forward to his annual visits.

This is the week end that the office girls from the West Texas Utilities Co. in Abilene selected for a return visit to the Lake Cisco cabins. They were here several weeks ago, and liked it so well they decided to come back. They will spend the time swimming and resting.

Clarence Tune brought in a good one a few nights ago. He caught a nice eight pound yellow cat in the north channel of Lake Cisco. He promised a bigger one for next week's issue.

CARD OF THANKS

We wish to take this means to express our thanks for all the kind acts of love and expressions of sympathy during the illness and death of our loved one. We are especially grateful for the many helpful deeds during the time of our need and beautiful floral offerings. May God's richest blessings be upon you. — The family of Mrs. A. G. Pate, 301

Camp Shelby Sale Announced by WAA For August 24-26

Once the nation's second largest military reservation, Camp Shelby, Hattiesburg, Mississippi, will enter a final stage of conservation back of agricultural usage as the result of a public sale of 2,000 surplus buildings August 24, 25 and 26, the War Assets Administration announced today.

The buildings, to be marketed on a high bid, non-priority basis, represent a final roundup of Camp Shelby structures available for off-site use following previous WAA offerings to priority groups and the public. Purchasers will be required to clear the grounds within 60 days from sale date.

Construction of the \$6,000 acre camp was begun well before the outbreak of World War II, which accounts, the WAA said, for high quality of lumber used and the exceptionally good state of preservation of remaining structures. There are very few tar paper or plywood type buildings, virtually all having been constructed with pine siding, sheet insulation and standard flooring.

C. Jack Cowart, regional WAA official who will be in charge of the sale for the Grand Prairie, Texas, office of real property disposal, declared that all individuals, such as veterans needing housing, will have an opportunity to buy single buildings for their own use. Awards will be made rapidly, he said, upon determination of informal bids collected from the assembled purchasers.

Grounds will be open for inspection of the property from 8 a. m. to 4 p. m. daily except Saturday and Sunday from August 17 through August 23. Prospective purchasers are urged to complete inspection before making bids during the three sale days.

Many of the buildings are hospital wards, barracks, clinics and others located in two camp areas. A large number of dayrooms, mess halls, lavatories, shop and warehouse buildings will be offered, along with other standard cantonment types. Several boiler houses and three incinerators, complete with equipment, will also be on the bid block. Catalogs listing items and containing complete "cash and carry" purchase instructions will be available at the camp during the inspection period.

Boyd Team Loses to Gorman in 19 Inning Shutout

The Royce L. Boyd crew of Cisco drove a tight no-run-no-hit game against the Gorman Reds for the first 18 innings in the semi-final frame of the Gorman softball tournament Monday night, only to be rapped by an infield error, 1-0, in the first of the 19th inning.

Norman Parks, who only two weeks prior to Monday's tilt crashed the record for the number of innings played, and the number of strike-outs in a single game, hurled his familiar patter flashers to retire 30 Cisco batters from the box. It was his fourth no hit shutout since the season's beginning.

Cled Heathington at the mound, for Boyd, whiffed 21 batters from the stand, limiting his half to two hits and one run in the 19th frame. Struggling 18 innings at 0-0 stalemate, Yates, Gorman fielder, got aboard by the base on balls trail, took second and third on the second hit off Heathington, and rushed home on a catcher's muff to score the winning run of the nightcap.

Gorman emerged the winners of the tournament over a field of ten entrants.

Timothy P. Ackers Enlists For Duty In U. S. Air Force

Timothy P. Ackers was among the thirteen young men who enlisted in the armed services during the first two weeks of August, according to a report issued by the recruiting station in Eastland. Young Ackers, son of Mr. and Mrs. J. L. Ackers of Rt 2, Cisco, enlisted in the U. S. Air Force. He will be assigned to his primary training quarters as soon as his examinations are complete.

Others from this area who signed for service during the period are:

US Regular Army: Lowell D. Smethers, 18, son of Mr. and Mrs. Dan Bryant of Olden.

Lonnie G. Bryant, 17, son of Mr. and Mrs. Dan Bryant of Olden.

Hugh Dutton, Jr., 18, son of Mr. and Mrs. Hugh Dutton of Olden.

Danny Woods, 17, son of Mr. Porter Woods of Rt. 2, Eastland.

Henry L. Gibbs, 17, son of Mr. and Mrs. H. L. Gibbs, of Eastland.

R. C. Baldersee, 17, son of Mr. and Mrs. Robert Baldersee, Rt. 2, Eastland.

Hulan Hogan, son of Mr. T. E. Hogan of Gorman. Hogan enlisted for duty with the 2nd Armored Division at Camp Hood, Texas.

US Air Force: Aubrey M. Wadley, 19, son of Mr. and Mrs. G. G. Wadley, Eastland.

Donald D. Ingram, 17, son of Mrs. Mary Ingram of Ranger.

Army of the United States: Roscoe S. Thames, 18, son of Mr. and Mrs. Roscoe Thames of Ranger.

Buck D. Harrellson, 18, son of Mr. and Mrs. E. S. Harrellson of Rt. 1, Rising Star.

Raymond K. Gray, 18, son of Mr. and Mrs. Raymond Gray of Rt. 1, Rising Star.

Eastland Counties First Bale Cotton Grown Near Cisco

H. A. Lenz, who lives one mile southeast of Cisco, brought in Eastland counties first bale of cotton for 1948. The bale was picked Wednesday and was ginned by the Putnam gin Thursday.

Mr. Lenz has lived in Eastland county since 1910 and has been farming near Cisco for a number of years.

He has 20 acres planted in cotton this year and despite the dry, hot weather he estimates he will make eight bales. The cotton land was fertilized using 100 pounds No. 412 fertilizer per acre.

In addition to the cotton, he reports that he made a good crop of combine maize and corn. He remarked "Eastland county makes good progress in spite of the weather."

Father of Ciscoan Buried Tuesday At Daffau, Texas

Funeral services for H. F. Hobgood, 93, father of Mrs. Cora Meglasson of Cisco, who died after a critical illness in Abilene, August 15, were conducted Tuesday afternoon in the Daffau Methodist Church, near the deceased's home place. Interment was in the Daffau cemetery.

Mr. Hobgood is survived by eight children, 45 grand children, 60 great grand children and three great, great grand children. Pallbearers were his grandsons: Tom Meglasson, Edd Meglasson, Roscoe Meglasson, George Meglasson, Chesley Meglasson and Benny Bob Hobgood.

Mrs. Thomas Lee and Wilson W. Meglasson of Cisco are grandchildren of the deceased.

August 30 Set as Date For Oldest Group to Register

Registration of draft-age young men of the Cisco area in accordance with provisions of the new Selective Service Act, will take place at the Cisco Chamber of Commerce office beginning Monday, August 30, when the oldest age group will register, it was announced by Frank Sparks, of Eastland, chairman of the Eastland-Stephens Counties Draft Board.

The registration will be in charge of E. A. Butler, secretary of the chamber of commerce, and members of the John William Butts post of the American Legion, of which Ronald Rhodes is commander, have been asked to assist.

Location of a registering place at Cisco was done to accommodate the hundreds of draft-eligible youths in this part of the county who otherwise would have to make trips to Eastland, Mr. Sparks said. The following schedule for registration by age groups has been set up:

Persons born in the year 1922 after August 30, 1922, will register on Monday, August 30, 1948.

Persons born in the year 1923, will register on Tuesday, August 31, or Wednesday, September 1.

Persons born in 1924 will register Thursday, Sept. 2, or Friday, September 3.

Persons born in 1925 will register on Saturday, September 4, or on Tuesday, September 7.

Persons born in 1926 will register on Wednesday, September 8, or Thursday, September 9.

Persons born in 1927 will register on Friday, September 10, or Saturday, September 11.

Persons born in 1928 will register on Monday, September 13, or Tuesday, September 14.

Persons born in 1929 will register on Wednesday, September 15, or on Thursday, September 16.

Persons born in 1930, before September 19, 1930, will register on Friday, September 17, or Saturday, September 18.

Persons born on or after September 19, 1930, will register on the day they become 18 years of age or within five days thereafter.

All male citizens of the United States, between the ages of 18 and 26, inclusive, are required to register under the terms of the New Selective Service Act, except those in active military service, in the diplomatic and consular service, in the public health service, coast guard, in the military and naval and coast guard academies of the United States, members of reserve components of the armed forces, coast guard and public health service while on active duty, and persons in other categories to be specified by President.

Persons who are prevented from registering by circumstances beyond their control will be required to register just as soon as possible after the cause for that inability ceases to exist.

Further instructions will be issued from time to time, it was announced, and all persons subject to registration are required under the law to familiarize themselves with the rules and regulations governing registration.

The hours of registration will be from 8 a. m. to 5 p. m.

Local Boy to Get Degree From State Teachers College

William G. Cummins of Cisco is a member of the largest graduating class in the history of East Texas State Teachers College. Dr. James G. Gee, president of East Texas State, will confer degrees upon 520 students Sunday afternoon, August 22 in Ferguson auditorium.

Dr. Gee will also deliver the commencement address. In order that parents and friends will not have to stay overnight in Commerce, both the baccalaureate service and the commencement program will be held the same day. Cummins will receive a bachelor of science degree.

Airborn Yesterday.

Anything that aviation does these days is fast — and big. At the moment, worldwide jitters ride the wings of great bombers and faster-than-sound rocket and jet planes.

How long has man needed to upend himself this time? The answer is 45 years. For it was on a bleak December day in 1903 that Orville and Wilbur, the Wright brothers, first successfully lifted a man-carrying, motor-powered, mechanical bird from the face of old mother earth.

In the years they developed planes, following Kitty Hawk, the Wrights hung up a long distance record of 77.5 miles — non-stop. The giant B-36, shown recently by the Air Forces at the Idlewild Air Show has a range of 10,000 miles, but the Army says it is already outmoded!

Manpower Dividend.

More than 160,000 of the men at 19 to 25 years of age who are eligible for the new draft may be considered a manpower dividend which has accrued from the improvement of health conditions in the United States, according to statisticians.

Another sizable addition to the reservoir of potential draftees consists of men who today are fit for military service because the improvement in health has brought a reduction in the amount of the chronic disease and serious disability among young people.

At the ages included in the peacetime draft, death rates have been radically reduced in the last 25 years. There has been a decline of 58 percent since 1922 in the death rate at ages 20 to 24 among white male persons.

Further progress in the control of disease is expected as a result of the draft itself. The routine use of modern diagnostic methods in the physical examination of draftees undoubtedly will disclose early active tuberculous lesions and other conditions which can be treated and controlled before serious disability develops.

It's a Long, Slow Process . . .

. . . but we are gradually catching up with our work. The oil activity in so far as it relates itself to our business is about over. There has been a sharp decline each month since April which was the peak month on all classes of orders.

Norwood Gusher Was Big Well In Early Field

Probably the largest well drilled during the great Eastland County oil boom of 1918-20 was the Norwood gusher, which produced 14,000 barrels of oil a day with crude bringing \$2.75 a barrel or more.

Oscar Norwood, on whose land the huge well was drilled, has been in Eastland the last few days. His home is now in Tucumcari, N. M. He has ranched for years in New Mexico but recently sold his ranch.

Norwood, only 21 when the gusher was drilled, recalls that his father, who died in 1910, had bought the land about 1907 for \$5 an acre. On the 751-acre tract, 34 wells were drilled, several being rated at 4,000 to 6,000 barrels a day.

The rancher, tall and sinewy, who wears boots and a conservative Western hat, saw the gusher come in. No such flow had been anticipated from the well, five miles northeast of Eastland.

At the ages included in the peacetime draft, death rates have been radically reduced in the last 25 years. There has been a decline of 58 percent since 1922 in the death rate at ages 20 to 24 among white male persons.

Further progress in the control of disease is expected as a result of the draft itself. The routine use of modern diagnostic methods in the physical examination of draftees undoubtedly will disclose early active tuberculous lesions and other conditions which can be treated and controlled before serious disability develops.

There were four brothers and two sisters in the Norwood family and, besides the big tract on which the Norwood gusher was drilled, the family owns mineral interests underlying a 176-acre tract just east of Eastland where the States Oil Corporation has its camp.

Norwood's parents were Mr. and Mrs. George E. Norwood. His mother died in 1919.

His visit, besides affording him an opportunity to see old friends, has as its purpose seeing about the matter of getting more wells drilled on the land. Although 34 producing wells were put down, the drilling was chiefly along the south, west and north lines, with only one well on the east line, Norwood says.

ASSOCIATE JUSTICE ELEVENTH COURT OF CIVIL APPEALS ALLEN D. DABNEY. JUDGE CECIL C. COLLINGS.

FOR CONSTABLE. R. C. FARMER. S. E. (Bee) CEARLEY.

Retail Merchants Association L. SELF, Sect'y.

A statement by merchant has heard: While applications for affiliation with RCB of Texas by the two local Credit Bureaus were pending (one merchant having started a movement for another bureau here), a prominent attorney of Austin, called on Mr. Chas. Lux, Executive Sect'y and Mr. Horace Barnhart, member of the Board of Directors also local Sect'y of the Austin bureau, in behalf of L. Self's investment in the original Credit Bureau of Cisco.

The outcome was that the affiliation would be withheld from our competitors over a period of time until the attorney contacted the proponents here and suggest the purchase of the office of L. Self.

The plan was to have L. Self choose five secretaries over the State, out of which the above two men would choose three to appraise her files and offer then the attorney would make the suggestion of a purchase of the new set-up.

Being unable to arrive at definite fee for the work might be involved and being doubt as to a satisfactory appraisal, L. Self chose to rely on the integrity of the Cisco merchants, and the Laws of the Nation.

Peach-upside-down cake is a perennial family favorite but it reaches new heights of flavor and popularity when fresh peaches form the golden fruit topping. So for a perfect summer treat let's serve fresh peach shortcake with a snowy crown of fluffy whipped cream.

The basis for the upside-down cake must equal the perfection of the sun-ripened peaches, so select the cake ingredients with care. A good tested recipe, the finest of ingredients and following instructions exactly will give you the velvety-textured cake you desire and your friends envy.

**PEACH UPSIDE-DOWN-CAKE**  
Yield: 6 to 8 servings

1/2 cup Swift's margarine  
1/2 cup sifted flour  
1/2 teaspoon double acting baking powder  
1/2 teaspoon salt  
2 tablespoons sugar  
1 egg

1/2 cup milk (about)  
1/2 cup butter  
1/2 cup brown sugar  
1/2 teaspoon almond extract  
2 to 3 cups sliced peaches  
Whipped cream

Cut Swift's margarine into flour which has been sifted with baking powder, salt and sugar, until the mixture is the consistency of cornmeal. Make a well in mixture. Put egg into measuring cup. Add enough milk to measure three-fourths cup. Stir together. Add to flour mixture to form a soft dough. Turn onto lightly floured board. Knead six times. Roll out to form an 8-inch square. Cut

In a heavy skillet, combine butter, sugar, and almond flavoring. Cook until sugar is melted, stirring constantly. Pour into 8-inch square baking pan. Lay peach slices over sirup in pan. Top with biscuit layer. Bake in a hot oven (450° F.) 25 minutes or until biscuit topping is well baked. Turn upside-down out of pan onto serving platter. Serve warm or cold with whipped cream.

Joan Gayle Moore who have been visiting here, went to Dallas today to be present tonight at the reunion of Mrs. Moore's family which will be held there.

Jay Warren, Jr., was a business visitor in Fort Worth today.

Mr. and Mrs. O. J. Tillinghast and Mr. and Mrs. L. J. Leech and son, Jackie Leech plan to attend the wedding of their niece and cousin, Miss Ruth Todd, daughter of Dr. and Mrs. W. A. Todd of Brownwood to Mr. Henry Dardarick of Washington, D. C., in the First Baptist church of Brownwood this evening.

Roy Morrison and son, Bill Morrison, returned to Iran today after spending several days with Mrs. Morrison at their home in Cisco.

Mrs. J. R. Burnam of Lubbock spent the weekend in Cisco with her brother, Claude Spoon and family.

Chief Petty Officer Wayne Barnhill accompanied by Mrs. Barnhill and their two sons, Kenny and Denny, left Saturday night for Corpus Christi where he has been transferred for duty for the next

two years. Mr. Barnhill has just finished his 40 days leave, visiting here with his parents and other relatives and in Fort Worth, Tex., and the state of Minnesota with relatives. He completed a trip around the world in June on the big ship "Valley Forge."

Mrs. T. T. Rains and sons, Randolph and Walter Earl and Mrs. W. L. Johnston and small daughters, Tana and Vickie of Odessa spent the weekend here with their

parents, Mr. and Mrs. W. C. Spoon.
