WE'VE BEEN reading a lot lately about the sinking water-table in West Texas. Driving through the far west part of the state recently, we were quite interested in looking over the situation. Every field has from one to three water wells for irrigation.

THE WELLS are equipped to pour out huge quantities of water. A farmer told us he didn't think they were hurting the underground water situation much, since they only used the wells at intervals during the growing season. Nevertheless, they told us the water level has sunk some 15 feet in that part of the country.

IRRIGATION is the key to the farming problem there, fields with no irrigation were parched, while others were green with maturing crops. The towns out that way have irrigation supply stores like oil towns have oil supply stores.

DURING OUR TRIP, we visited several newspaper plants and looked over a good many towns—just kind of comparing things with what's at home. It does a fellow good. You can pick up ideas.

THE PRESS FUND to help the college boys who lost \$130 in a robbery the other night is coming along pretty good. It contains \$2,000. Anyone interested in helping out the boys can do so by sending a contribution to the Press office.

ONE FELLOW HAS taken us to task for predicting anybody out S.M.U. to win the southwest conference. He wanted to know how we could make such a prediction in the face of the national picture. On paper, S.M.U. is rated the No. 1 team in the country.

IT WASN'T MANY years ago that the University of Texas had a great team with the highest rating in the country. And, if you remember, everything we n't wrong. Just about ever underdog on the circuit beat the Steers. It's tough being rated the No. 1 team, everybody's pointing at you. The lowest rated club will place it's best game against you.

Firms Donate New Speaker System

Football fans who attend the games at Chesley Field this season will be indebted to four Cisco business firms who are responsible for the new speaker system that was installed this week. The new system is four times larger than the one used previously and is of sufficient size to take care of any stadium in the southwest. It has three speakers at can direct the announcements and play by play reports any direction. The new amplifier and speakers are installed by an electrical engineer who was sent to Cisco by the firm from which it was purchased. The system was purchased and installed by the Cisco Lumber and Supply Co., the Cisco Nut Co., A.G. Motor Co., and J. W. Jewell Co.

McBeth Reunion Draws Big Crowd

Seventy-five members of the McBeth family and a number of their friends gathered at Lake Cisco Park on September 6 for a reunion of the pioneer Eastland county family.

Members of the family brought baskets filled with food, and a picnic lunch was spread for those attending. R. W. (Bob) Mancil of Cisco is a friend of the family, and in making a report on the meeting said, "They brought everything you could think of that was good to eat. They had a hard time packing what was left in the baskets that they brought full."

"You talk about the loaves of bread and the little fishes, I never saw so much fried chicken in all my life. If any one missed any fryers, I have an idea where they went."

At the close of the reunion it was voted unanimously to make it an annual affair and to meet at the same place on July 18, 1949.

Those attending were: Mr. and Mrs. Geo. M. Stephenson, Ft. Worth; Miss Vera McBeth, Rising Star; Mr. and Mrs. Joe T. McBeth, Poly McBeth, Eva Richardson, Mrs. Bob Jackson, Mrs. Doris Stewart and two daughters of Rising Star; Mr. and Mrs. Geo. T. McBeth, Mr. and Mrs. A. A. McBeth, Rotan; Mr. and Mrs. F. M. McBeth and daughter, Chula Vista, Calif.; Mr. Emery McBeth, Mrs. Bell McBeth, Miss Sue McBeth, Mount Pleasant; W. T. White, Mable White, La Verne White, Clyde Wayne White, of Lawn; Chester McBeth, Wilma McBeth, Sybil McBeth, Lyndon McBeth, Winters; Mr. and Mrs. Lesley McBeth, and three children of Sweetwater; Mr. and Mrs. Cecil McBeth and four children, Meridian; Mrs. Delmar McBeth, Santa Fe, New Mexico; Sexton McBeth, William Lee McBeth, Bobby McBeth, David McBeth, of O'Brien; Jack and Alice McBeth, Mr. and Mrs. H. M. McBeth, of Abilene; Mr. and Mrs. Ezra McBeth, Weimer; Lloyd T. McBeth, Mrs. Lloyd McBeth, Teddy McBeth, Tommy McBeth, of Sweetwater; Mr. and Mrs. W. E. McBeth, San Angelo; Mr. and Mrs. J. P. McBeth, Laura Fay McBeth, Francis McBeth, Harold McBeth, of Dallas; Mr. and Mrs. Guss Harri and two daughters, Mr. and Mrs. Claude McBeth, Jerry, Brenda and Neil, Mr. and Mrs. A. N. McBeth, Mr. and Mrs. R. W. Mancil, from Cisco; Mr. and Mrs. Ed Townsend, Mr. Clitus Munn, of Nimrod.

Series of Project Clinics Planned In Fight for West Texas Water

A fight for West Texas water rights will be carried directly into all of the 132 counties of the West Texas Chamber of Commerce territory in a series of project clinics authorized this week by members of the executive committee.

At the same time the committee set the date for the 31st annual West Texas Chamber of Commerce convention to be held in Abilene, Monday, November 8.

Project clinics have been set for the following towns: Tahoka, Tuesday, Sept. 28; Panhandle, Wednesday, Sept. 29; Quanah, Thursday, Sept. 30 and Decatur, Friday, Oct. 1.

Monahans, Tuesday, Oct. 5; Del Rio, Wednesday, Oct. 6; Stephenville, Thursday, Oct. 7 and Breckenridge, Friday, Oct. 8.

These project clinics will replace the regular annual referendum meetings, which have been held in the past and will be in the towns selected by directors at last year's meeting.

"Due to the long range character of the work program adopted at last year's referendum and to the necessity of acting upon committee reports in pursuance of that program, your Executive Board believes that in this year's annual proceedings the energies of the organization should be devoted to acting on committee reports and to carrying out objectives already adopted by previous referendums and annual conventions," the executive board, which was presided over by President C. P. Dodson, announced.

CANDY PANT BURNS AFTER EXPLOSION

Firemen were still searching the wreckage of the Brach Candy Co. plant in Chicago for possible victims of a blast and fire which took four lives and injured at least eleven. The 90 minute blaze was caused by the explosion of a starch machine. (NEA Telephoto).

BIG ONE SOLD FOR SCRAP

Cooler Weather Cools Off The Fish

Rainfall Measures 30 of an Inch Up To Noon Thursday

The weather man finally smiled on Cisco and the surrounding territory Wednesday and Thursday morning, and allowed it to rain for the first time since July 30. Up to noon Thursday the precipitation measured .30 of an inch.

Although it came too late to benefit crops except for late peanuts, it was a boon to parched lawns and shrubs and will assure good fall gardens.

The rain was heavier to the south and west with some sections reporting nice falls. The rain bearing clouds blew in ahead of a mass of cool air which dropped the temperature to 62 degrees early Thursday.

The predictions for Friday call for partly cloudy with possible showers for the Ft. Worth-Abilene area, and weather forecasters hope that it will be a real break in the heat which has held much last two months.

The best fishing story of the week comes from Ray Judia, general lake custodian, who is fortunate enough to be able to spend most of his time on the cool water of the of fishin' hole.

He tells that Mrs. J. L. (Punk) Thornton pulled a catfish in the other day that had been snagged so many times that it was completely full of old hooks. It had so much metal in it that she had to sell it to Chas. Sandler for scrap.

The cool snap today came so unexpectedly to the fish that they are taking the day off to get their bearings. The boathouse crew was out early thinking maybe the cooler weather would lend encouragement to the finny tribe, but most of them returned home with empty stringers.

Mr. and Mrs. Roy Knepper and family of Fort Worth couldn't catch fish in any of the many lakes around the cow capitol so they spent a few days out at Lake Cisco and were so pleased that they have reserved cabins for next year. They caught enough to have a big fish fry for several grown people and their children. H. T. Dean and family of Ft. Worth were in the party.

Mr. and Mrs. Frank Peckham and son, Walter, of Huntsville reserved a cabin at the lake and spent a few days fishing. They caught several good ones. The boathouse crew awarded the week's prize to Mrs. E. G. Dameron for landing the biggest and the most fish. She was closely followed by Mrs. Thornton who snagged some nice cat. Others of the regular "sitters" who reported catches were Mrs. Townsley, Mrs. Kay and Mrs. Berry.

One fellow was heard to remark that Punk Thornton sold more grain to feed the fish at Lake Cisco than he did to cattle-men. Another one said that he ate some fish that came from the lake and he thought he was eating corn fed beef.

"Red" Weathers, who lives in one of the cabins, went out for a while early in the week and came in with three nice bass. The smallest weighed one pound and the largest one was just under three and one-half pounds.

Mr. and Mrs. Smitters from Odessa called Wednesday from Fort Worth and reserved a cabin for a few days. Mrs. Smitters is recovering from major surgery which she underwent in a Fort Worth hospital. They have visited at the lake several times, and decided she could recuperate here while Mr. Smitters fished a little.

Mr. Bell and Mr. Hunt from Dallas spent the Labor Day week end at the lake and spent the time dove hunting. They have reserved a cabin for the same time next year.

All the cabins at the Lake Cisco Tourist Lodge have been reserved for the Labor Day holidays next year and many have been turned down. Reservations have been made for much of next summer and the managers reported that many were turned down during the three months period just past. It begins to look like our lake is becoming a well-known resort, and the need for new cabins is increasing. Even during the winter there is seldom a time the cabins are empty.

Drouth Continues To Re'ard Late Crops in Texas

Open weather during the week was favorable for harvesting operations, but other field operations were making fery slow progress. Soil moisture remained fair in northern Panhandle counties and in some central, southern and coastal counties but effects of recent showers in these areas have largely worn off, and rains are generally needed over the state. Some wheat was seeded during the week in the Panhandle but in remaining areas there was virtually no small grains seeded and preparation of seed beds was mostly awaiting rainfall.

Cotton harvest, which was well underway, was favored by dry weather in northcentral Texas but late cotton needed rain. Picking was in full swing in northeast counties. Late cotton was still fruiting along the Red River but some increase in insects was noted following scattered showers of the past two weeks. Further drought damage was suffered in southern High Plains counties as fields matured rapidly. Dry weather caused premature opening in northern Low Rolling Plains counties. Harvest was just beginning in this area but was active in the southern Low Rolling Plains counties. Late cotton in these areas needed rain to halt excessive shedding.

Grain sorghums continued to make good growth in the northern Panhandle area and a few local areas in north Texas where moisture conditions have been generally favorable. In most other west and westcentral areas, late plantings were suffering badly from lack of moisture and some immature grain sorghum was being salvaged for bundle feed. Harvesting of grain sorghum was nearing completion and corn harvest was progressing rapidly in northcentral Texas where yields were generally above average. Most late plantings of feed crops in the eastern counties have been badly hurt by the drought. Peanut harvest was active in all areas with yields mostly below average. Late peanuts in South Texas were needing rain. Limited harvest of sweet potatoes was underway in East Texas.

Range and pasture feed was greening in local areas along the coast, a few central counties and some extreme northeastern counties along the Red River where rains fell a week ago. Range feed continued good in northern Panhandle counties where August rains fell. In other areas of the State range feed was dry and generally short. Supplemental feeding was increasing on many farms and ranches in an attempt to minimize shrinkage, marketing of stock was about the usual volume for this season of the year.

ROTC Graduates To Be Called For Active Service

Officials at Fourth Army Headquarters stated today that "very few" recent Reserve Officer Training Corps graduates in the Fourth Army Area would be affected by the provision of the Selective Service Act of 1948 that authorizes such graduates who hold reserve commissions to be called to active duty for periods up to 21 months.

Although the Department of the Army has directed that approximately 700 graduates in this category will be called to active duty on or about October 15, a check of records available in the Adjutant General section at the Fourth Army revealed that most of the 672 ROTC graduates of schools of the Fourth Army area who were commissioned as second lieutenants this year are exempt because of prior military service.

The Selective Service Act authorizes the President to call to active duty those graduates who have not had at least 90 days active duty, not including active duty training periods. However, most of the ROTC graduates commissioned this year in this Army Area were veterans of World War II, thus excluding them from this provision.

Fourth Army pointed out that any junior Reserve Officer subject to service under this directive may volunteer for active duty without waiting for the October 15 date, if he so desires.

Collins Hardware, A-G Motors Win In Bowling League

The first games of a 35 week bowling schedule were opened at the local bowling lanes Tuesday night when Collins Hardware team took the long count of three points to one over the Cisco Gas keglars. Also by the same margin A. G. Motors was victorious over Vogue Cleaners.

The same scoring system which was used last year is being employed this season whereby each of the three games count a point with an additional point for high total pins.

The Cisco Lumber & Supply team will meet Hassen Dry Goods as West Texas Utilities matches spares and strikes with Gardenhire Petroleum tonight at 7:30 p.m.

The box score of last night's games follows:

Table with 3 columns: Team Name, Score 1, Score 2, Score 3. Includes teams like E. Reeves, B. Anderson, C. Collins, O. W. Culwell, Cisco Gas Corp., F. Essl, L. Mendenhall, R. L. Ponsler, R. Fonville Jr.

Table with 3 columns: Team Name, Score 1, Score 2, Score 3. Includes teams like A. G. Motor Co., Dick Bearman, R. Oldfield, Guy Morris, G. Kinard, J. Farleigh.

Table with 3 columns: Team Name, Score 1, Score 2, Score 3. Includes teams like Vogue Cleaners, W. B. Jones, K. N. Greer, Bill Cherry, Pete Rumley, H. Langford.

Musical Program Given At Lions Club Luncheon

Director Fred Bumgardner of the Cisco High School band presented three of his students—Misses Bobby Jean Deen, Elov Moad and JoAnn Scott—in a musical program at the week-long luncheon meeting of the Cisco Lion Club at noon Wednesday. Miss Lovell Paul was introduced as the club's sweetheart. President George Odom of the Brownwood club was a guest and invited Cisco Lions to exchange programs with his organization.

Loboes Primed For Season's Opener With Cleburne Yellow Jackets Friday

Deadline Extended Reserve Officers Enlistments

In an effort to build up the Reserve Units, the Army has extended indefinitely the deadline for war-time officers to join the Organized Reserve Corps and maintain their commissioned status. This action modified a directive last spring whereby commissions of World War II officers who failed to join Organized Reserve Corps components by June 30th would expire automatically Aug. 31st.

For those World War II officers desirous in taking advantage of the new directive Capt. Jackson at 201 Federal Bldg., Waco, Texas, will answer any pertinent questions and furnish the necessary application blanks.

It was also announced by the Army that those Reservists presently on extended active duty with the Army can be temporarily promoted. This is the first promotion program for those officers, other than the Regular Army, that has been issued since immediately after the last war. According to the present estimates, there are sufficient colonels and lieutenant colonels on duty and there will be no temporary promotions to those grades. Promotion to Major is also doubtful at this time. The one group who will benefit are the First Lieut. who have been barred from further advancement for some time. Temporary promotions to Captain probably will be resumed in the near future.

With the addition of some 20 new players to the squad there was a lot of hustle and fire. Overcast skies relieved the Lobo from the sun-pelting rays which plagued them for the past three weeks and boosted the pep and morale considerably, and all were willing to pat the weatherman on the back for such an extended favor.

Ship To Be Named For Texas Hero

FORT SAM HOUSTON, Texas.—A Texas Infantryman who won the nation's highest award for heroic action that cost his own life will have a ship named for him when the Transportation Corps cargo vessel Acorn Knot steams into its home port at San Francisco and is redesignated the USAT Sergeant George D. Keathley.

A native of Olne, Texas, Sgt. Keathley was posthumously awarded the Congressional Medal of Honor for his exploits as a member of the 85th Infantry Division on the Italian front.

He was killed on Mount Altuzza on September 14, 1944, after forcing back three enemy counterattacks in which all commissioned and non-commissioned officers of the second and third platoons of his company had become casualties.

Sgt. Keathley is survived by his widow, Mrs. Geneva Keathley, 502 Miller St., Lamesa, Texas.

As the temperature took a plunge, spirits at the Lobo camp zoomed higher today as Coach John Hansard pushed his charges through their last scrimmage session prior to the slated "one sided" battle with the Cleburne Jackets Friday night.

For the third consecutive day the Loboes ran through their final drills and the Lobo mentors benched not a first string player or potential because of injuries. The casualty list includes nothing more serious than a few sprains and bruises.

Clarence Noble, starting tackle suffering from a sprained ankle received in scrimmage Saturday. Managers of the team termed the injury as minor and said he would be on the 40 yard line at the referee's whistle. Robert McMurray, another first string player, also is bothered with a bruised leg and turned ankle. He'll be at the starting line, however.

Defense against Jerry Sadler's Loboes unbalanced T. called for longer and more stringent drill and occupied much of the time spent in workouts the past three days.

Switches in the Loboes' forward wall were the order of the day when Coach Hansard assumed the duties as head mentor over the high school team, and from the appearance of things, Cisco's starting eleven seems to be set with Ray Rylee and Durwood Smith at ends, Clarence Nobles and Robert McMurray at tackles, Paul Woods and Norman Boggs at guards and Rex Farley at the pivot position. There is still some doubt as to the starting four-some in the war pack's backfield. However, Hansard has given the "go ahead" signal to George Watts, Robert Rendall, Gene Miller and Russell Johnson for kick-off berths.

Robert Rendall, whose change from tackle to fullback caused the local "drug store coaches" to scratch their heads, is almost certain to lead the attack deep into Jacket territory. Jim Cummins will be another lad who will see action at the wing back slot before the evening's hostilities are at an end.

A light workout today will conclude Lobo field preparation for the Cleburne curtain raiser. The traveling squad, made up of 26 gradsters, will leave Cisco for the Johnson County Capitol sometime Friday afternoon, the coach said.

A GOOD INVESTMENT

There is no need for concern about a long term investment upon which the economic future of America depends. America's progress as a nation parallels the prosperity of American industry. From American industry, principally the companies whose securities are listed on the nation's exchanges, comes a very great percentage of the taxes, directly or indirectly, that operate this government and pay its obligations.

If and when the concerns producing the services and products so essential to our standards of living cease to be prosperous, if and when an investment in a cross-section of these industries ceases to be satisfactory over a long term, then you can forget all other ideas and plans men may devise for accumulating future financial security.

If you understand the scientific process of selecting securities from all those available to be placed in a fund and then followed carefully by a good management, it acting upon a flat fee basis after the first load, I am quite sure that you will come to the conclusion that if this is not a fine and sensible investment, there is none.

For every job in America there must be \$7,000 in cash invested by the American public in the securities of American industry.

If the socialistic and communistic thinking of any nation decides to kill the goose that lays the golden eggs — then there will not be any more eggs.

The operation of the United States of America for peace and for preparedness against war, every government commitment and expense, all of its obligations from the Marshall Plan to the payment of the smallest savings bond, depends upon the prosperity of American industry and its ability to keep the government treasury solvent.

Personally, I will make my investment in the foundation of it all — American Industry. — Grady Clark, Investors Syndicate.

Local Business Class Planned For Pre-School Group

School superintendent Bint again called the attention of parents of children who reach their sixth birthday after September 1 and before January 1, 1949, to the preschool class planned for this school year.

The class will begin Monday if there is sufficient interest shown, he stated. It will be under the direction of Mrs. Stanley Webb who has had much experience in this type work. The class will be held in the East Ward school building, and he pointed out that the building was in excellent condition.

The pupils will be given regular first grade work, and will be eligible for the second grade next year if they pass the required work. The children will be regis-

tered for the full school term since it will take that time to complete the prescribed course. The class will begin at 8:45 a.m. and continue until 12:00. Parents will be required to pay

Retail Merchants Association

L. SELF, L. I. B. S. Sec'y

Merchants paying dues to any Credit Bureau, control that bureau; however, to own a Credit Bureau, the merchants would have to own the files, which would enable them to elect a new secretary at the end of one or two year periods.

When the files of a Credit Bureau are individually owned, as we understand they are in two instances in Cisco, the secretary cannot be changed other than by buying them out, or pushing them thru the window. Under such existing setups, it merely becomes a matter of inflating one individual's bank account, and deflating the other.

In having a Board of Directors, there is nothing to direct except something relative to money matters, and in soliciting memberships, it narrows down to the above statement.

A secretary has to spend money on their files whether they have one or ten members — it is expensive to operate an office, and it takes not only money, but loyalty, and co-operation on your part.

We appreciate our members, and we are here to serve you. Call us often.

News Photos of the Day

HE'LL BE "MAN-UNDER"

Dick Harris, center of the Texas Longhorn team, hands the ball to Paul Campbell who'll replace Bobby Layne in the "man-under" position. Replacing Layne has posed many questions in the conference, but reports are numerous to the effect Campbell will handle the job nicely. (NEA Telephoto).

LONG LIVE THE QUEEN

After abdicating her throne in favor of her daughter, former Queen Wilhelmina leads the cheers from the balcony overlooking jammed Dam Square in Amsterdam. Watching are Juliana and her consort, Prince Bernhard. Wilhelmina told nearly 100,000 subjects, "I am proud to cry with you, 'Long live the queen.'"

THURMOND BIDS FOR TEXAS VOTE

Governor J. Strom Thurmond arrived in Dallas, Texas as his first stop on a four day speaking tour of the state. Here, he gives a short address to the Young States' Rights Democrats, an organization which has just been started in Dallas County. At right is Leonard Kruggs, state chairman of the young organization. (NEA Telephoto).

TRUMAN SPEAKS IN DETROIT

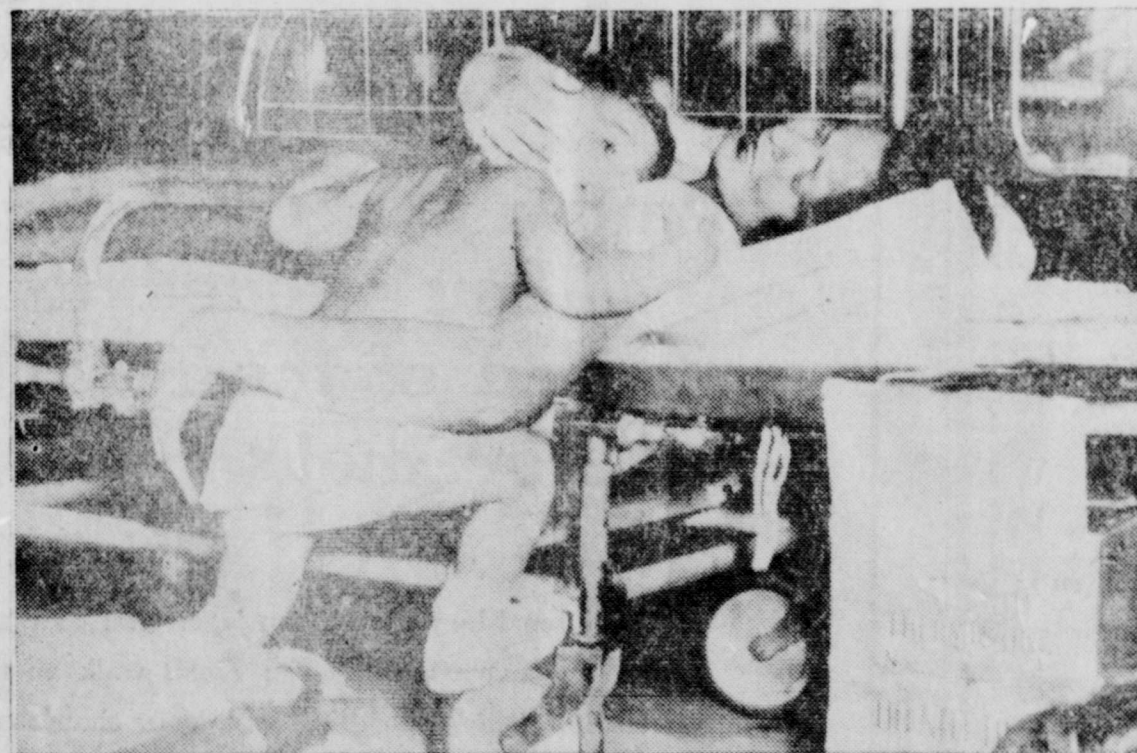

President Harry S. Truman, speaking from a platform in front of Detroit's City Hall, opened his Presidential campaign by addressing an estimated crowd of 125,000. (NEA Telephoto).

TEMPEST IN A RESTAURANT

This lakeside seafood restaurant in New Orleans, La., was completely demolished when the Gulf hurricane ripped through the ancient city and headed for the Mississippi coast. Water and mist, background, from Lake Pontchartrain are blowing over the sea wall.

DON'T CRY MOMMY

Little Allen Harris clutches his injured mother in a New York ambulance after she suffered a concussion in an auto crash. Two other persons were injured in the two car crash. (NEA Telephoto).

FANCY DIVE

Jockey J. Schweizer jack-knives into the air as he is spilled by his mount, Farsight, on second jump of the "Bushwick" \$10,000 added two-mile hurdle race at Aqueduct. The horse was the longest price in the race, going off at \$104.55 to \$1.00. (NEA Telephoto).

NATIONAL AMATEUR FINALISTS

Willie Turnesa, left, 34, of Elmsford, N. Y., and Ray Billows, 34, of Poughkeepsie, N. Y., take time out from their chores at the National Amateur Golf Tournament in Memphis, Tenn., to congratulate each other on making the finals.

GOVERNOR JESTER FINDS MISSING BROTHER

Governor Beauford H. Jester of Texas, is reunited with his 75-year-old half-brother, Claude, left, in New York. Claude, missing four weeks after he had been locked out of his room for non-payment of rent, was located by police. (NEA Telephoto).

BATTLE OF THE PLACARDS

This was the scene in a Boston street outside the Cadet Army when anti-draft pickets and veterans fought each other in an attempt to destroy rival placards. (NEA Telephoto).

MORAN NEWS

By Mrs. C. C. Cady
Mr. and Mrs. Jack Taylor had the pleasure of having all their children home over the Labor Day holiday, except A. J. and wife of San Angelo. Those enjoying the home-coming were Mr. and Mrs. G. H. Barker of McAllister, Oklahoma; Larry of Dallas, Bob and wife and little daughter, Stephanie, of Corpus Christi.
Mr. and Mrs. Ben Foster and girls from Stinnett visited Mrs. Lacy Robinson last week, also Mr. and Mrs. Bob Brooks of

Breckenridge visited friends and relatives in Moran the past week. Mr. and Mrs. Joe Moore and daughter, Mary Nell spent two weeks vacation in El Paso and Old Mexico before returning home by Oklahoma where they visited relatives. Their son, Bobby from Duncan returned home with them to enter Cisco Junior College. Another student Melvin Noble of Moran will attend Cisco College with Bobby.
Mrs. R. A. Park will leave shortly for Le Leon to stay with her sister while she is taking treatments from her physician there.

Guests in the Ed Chism home over the week end were Mr. and Mrs. A. B. Steene, Fort Worth and Mr. and Mrs. John Hamilton and children from Stanton.
Mrs. A. J. Jackson returned Sunday evening from two weeks' visit with her daughter, Mary Ann Parker in Odessa. While there she visited old friends in Andrews.
Robert Y. Black Jr visited his sister and family, Mrs. Emory Morris on Tuesday. He is visiting his parents in Albany this week enroute to Cheyenne, Wyoming.
Mr. and Mrs. Bill Robbins were in Dallas on a business trip last Friday.
Mrs. Ed Griffin, after spending a week with her mother, Mrs. Parks left for her home in Lubbock Tuesday.
Mr. and Mrs. Lawrence Martin spent Monday shopping in Fort Worth and Dallas for Christmas merchandise. They attended the wholesaler's gift show.
Bartee-Moore Wedding
The Baptist Church Parsonage was the place for the marriage Saturday, September 4, at 2:30 o'clock of Christine Bartee and W. L. Moore. Rev. Joe Allen read the single ring ceremony.
The bride is the daughter of Mr. and Mrs. B. E. Bartee. The bride groom is a son of Mr. and Mrs. W. W. Moore. Christine and W. L. are 1948 graduates of Moran High school.
The bride wore a tailored pink gaberdine dress.
The couple left Moran that afternoon for a short trip to Abilene. They plan to live in Moran.
Mrs. M. J. Snyder was hostess for her birthday dinner last Saturday, September 4, he was in

her 88th ear. Her two sons, W. F. Hudman of Lubbock, E. E. Hudman of Moran were her guests. On Sunday, her daughter, Mrs. M. E. Gurny and Fern of Cisco were visitors with Mrs. Snyder.
Mr. and Mrs. R. L. Mashburn, Sr. and Bobby and wife and baby, all of Cisco were pleasant visitors in Moran Tuesday.
My Column
Labor Day was a complete close-up for Moran. All the retail stores remained closed for the holiday taking Sunday and Monday.
The opening of school on Monday brought many cars to town. The auditorium was filled with parents and children, many new faces were seen as teachers. Their names will be given as soon as the faculty is complete.
Miss Delores Henry at the piano played the processional and recessional march. Rev. Joe Allen gave the address to the children. All teachers were introduced. Hugh W. Smith displayed the new text books and gave his usual remarks on the state of the school. The lunch room meals remain at 20 cents, no raise in price.
The Model Plane Contest held Sunday at the Bulldog Stadium was a grand success; fully a thousand fans saw the Midgets perform, the crowd came and lingered from 1 p.m. to 6 p.m. Director of the Moran Contest was Reagan Roberts who brought the Abilene Club to Moran. Purpose of the meet was to arouse interest in the Moran area for a similar group. Reagan flew his Midget plane in the City park two years ago.
The First Christian Church has received word that Mrs. Schurman cannot attend the one week meeting with her husband, as the posters in the windows has announced.
Smith-Huskey
Margaret Smith of Fort Worth and Luther Huskey of Moran were married Saturday, September 4, at 3:00 p.m., at the Methodist parsonage.
Rev. H. W. Gaston, pastor of the Methodist church officiated with the single ring ceremony. Only the immediate members of the family were present: The bride's sister and brother, Mrs.

W. F. Dunaway of Fort Worth, Mr. and Mrs. Edd Smith of Moran mother and nephew of the bridegroom, Mrs. Bell Huskey and Alvin Huskey of Moran.
After a few days spent in Mineral Wells the couple will live in Moran where the groom is employed at the Lone Star Gas Co. plant.
Robespierre, French Revolution leader who had himself guillotined, finally was executed.
Assassination of the "Great Scholastic" occurred in 1947 when two Popes were elected rival factions.

Mary had a little Lamb,
And as they went to school;
They walked to the **LEFT**—
Instead of the right,
For that's the **SAFETY** RULE.

Even Mary's lamb can learn that easy safety rule! Best rule of all—for school children and everyone else—is: *Don't* walk on the highway. But if you must, then walk to the left, facing oncoming cars. Your chances of avoiding accident are three times better when you observe this rule.

Use special care at night and when roads are slippery. Even at moderate driving speeds, motorists often can't see pedestrians in time to stop. At 40 miles an hour, a safe stopping distance may be as much as 164 feet—much more at higher speeds.

When you walk on the highway, your life is your lookout. So—look out!

FOUND a sensational new washday miracle!

IT'S TIDE... Procter & Gamble's amazing discovery!

Out of the vast new knowledge gained in wartime research has come Tide—a truly revolutionary discovery for your whole family wash! Just imagine! Tide gets clothes CLEANER than any soap made! But that's only part of the miracle... Tide also BRIGHTENS soap-dulled colors! As for your white things—no soap in the world will get them whiter than Tide. Yes, Tide's completely different... even the suds look different, feel different!

ONLY TIDE WILL GIVE YOU ALL THIS: The CLEANEST, BRIGHTEST, WHITEST wash you ever hung on the line!

CLEANER than any soap! No matter what soap you may be using now, Tide gets your whole family wash cleaner—even greasy overalls. You see, Tide not only leaves clothes free from ordinary dirt, but actually removes dingy soap film as well!

Actually BRIGHTENS colors! As Tide makes dulling soap film disappear, color brightens perks up like magic! Soap-dulled colors come so much brighter you can see the difference. And Tide does it safely, too. Tide is truly safe for all your bright washable colors!

The world's WHITEST wash! Put on dark glasses when you hang up a Tide-white wash! No soap ever got your white things more gleaming white. And Tide keeps them gleaming white, week after week!

GIVES MORE SUDS—prove it in your dishpan! Kind-to-hands suds! Longer-lasting suds than any soap in hardest water! Tide cuts grease like magic... washes dishes cleaner than any soap! No scum! No cloudy film! Dishes and glassware rinse and dry sparkling clear—even without wiping!

TIDE'S IN-DIRTS OUT!

TIDE WORKS EXTRA MIRACLES IN HARD WATER! OCEANS OF SUDS! NO WATER SOFTENERS NEEDED!
