The Gay Philosopher

Copyright New York Graphic Society By J. W. S.

THE NATIONAL Cotton Council is getting ready to stage their annual contest to select the 1949 Maid of Cotton—a girl who will travel extensively, showing off a very large wardrobe of cotton clothing. It occurs to us that maybe some Cisco girl would like to enter the big event.

ALL CANDIDATES must be unmarried, between 19 and 25 years old, a native of a cotton growing state, be photogenic, at least five feet and 3 inches tall, in good health, have a good personality, be willing to make a six months tour and a few other minor things.

THE MAID OF COTTON usually gets a movie offer. All candidates have to pay their own expenses to Memphis, Tenn., to the final contest. We have one entry blank if any of you girls want to look it over.

THE PEANUT BUSINESS is beginning to begin, Mr. Sam Burroughs, boss man at Cisco Peanut Co., tells us that he has already bought some 150 tons of this year's crop. His firm has a roasting machine and they plan to be in the peanut rolling business when the roasting peanuts start coming in. They have another machine that will package some 60 sacks of roasted peanuts per minute.

SAW A BRAND new bicycle out back of the newspaper office Friday. It belonged to Johnny McCannies, one of the Press paper boys. He'd just bought it from his earnings as a carrier boy. Another carrier who has purchased himself a bicycle is Blair Paul. There's a young man who went off to college this year with enough money saved as a Press carrier to pay for a whole year's education.

IT SOUNDED like wistful thinking, but last we saw of George Fee Saturday was when he started off, saying: "I've gotta go see how many cows I have stuck in the mud."

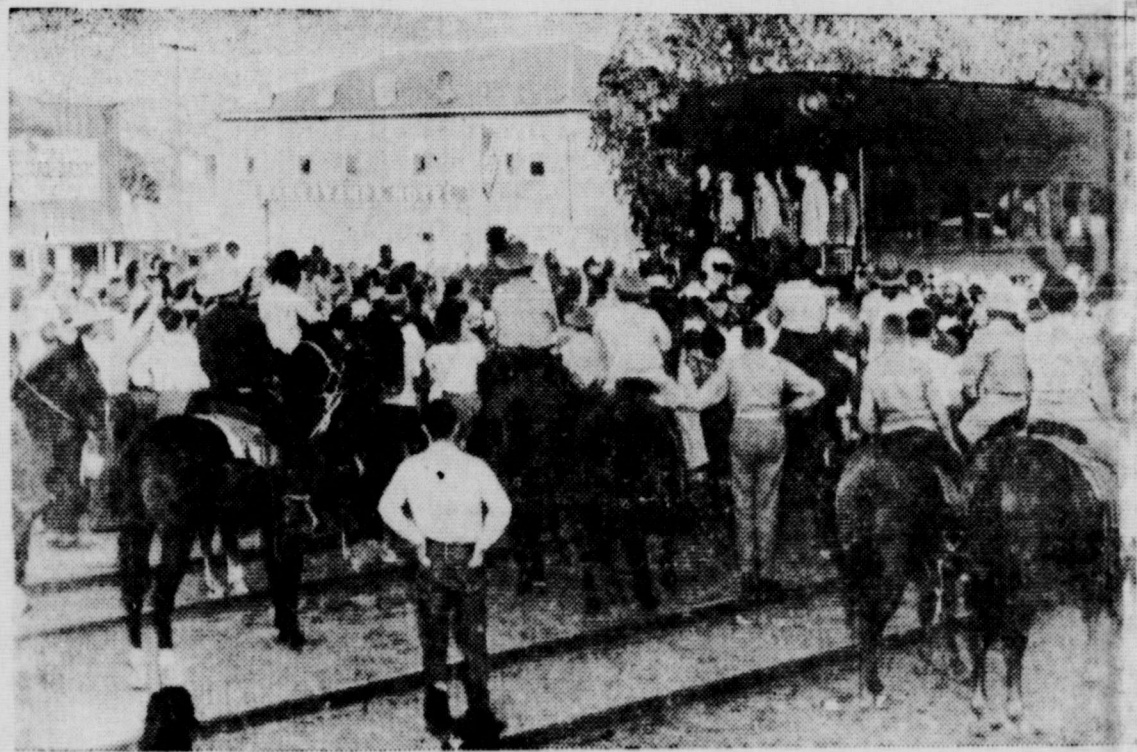

SPENDING A few days in Cisco is Mr. J. W. (Skipper) Thomas, superintendent of the West Texas Division of Humble Pipe Line Co. He lives at Midland and used to be superintendent of the division office here.

MET UP WITH a fellow named Flint from Clifton, Texas, here Saturday. He was asking for directions to the Austin Flint home. Said he was Austin's brother and he certainly did dread going out to the house. Why, we wanted to know. "It's like this," he said. "Cisco Junior College beat Clifton the other night, and I'm not going to hear the last of it for a long time."

Extension Class To Be Organized At Tuesday Meet

County School Superintendent Carl Elliott announced Friday that the Hardin-Simmons University Extension Department had called a meeting of all teachers of Eastland county at the Eastland High School building at 7:30 p.m. Tuesday, September 28 for the purpose of organizing extension classes. Mr. Elliott extended a special invitation to all teachers to attend the meeting.

Commands Greet Dewey

Presidential Candidate Thomas E. Dewey, hand raised, addresses a crowd at Wickenburg, Arizona, from the platform of his campaign train. Many of the ranch folks who rode in on horseback to see Dewey, crowd their mounts in close to the platform. (NEA Telephoto)

Loboes Come From Behind To Tie Big Grand Prairie Eleven in 4th Quarter

By JIM EWELL, Jr. With the time clock rapidly ticking away precious seconds, a grid-wisened, rejuvenated Cisco Lobo eleven sparked a twin touchdown rally in the final phases of the fourth period here Friday night at Chesley Field before an estimated 1500 whooping fans to snap a 12-point lead retained throughout the first three quarters by the Grand Prairie Gophers and to knot the game, 12-12. It was the first home game of the season for the Loboes.

Combining swift all-handling and beautiful down-field blocking, Coach Tom Pruitt's Gophers proved too much for the Loboes in the first half, whipping down the latter's field with drives which netted them six first downs and 62 yards gained rushing. The Loboes, with only slight flurries, were able only to scrape up two first downs, nine yards passing and 32 yards gained on the ground.

The local eleven seriously threatened the Gopher's goal only once during the first half when Russell Johnson tossed a pass to the visitor's 16 yard marker late in the first quarter. The attack, however bogged down and the Gophers took over, neatly booting out of the hole.

Three plays deep in the second quarter, Grand Prairie's Bobby Campbell set the touchdown pace, ripping the Loboes forward wall with short, stinging scampers. On a double reverse, Roy Smith broke loose over tackle and inched the ball to the Loboes' one yard line.

The following play, Campbell snorted around end to tally the invaders' initial touchdown. A piece kick for extra point was nullified when left half Roger Calhoun muffed the center's snuff.

After receiving the kickoff, the Loboes ground attack failed and they resorted to passing. Jim Cummings, subbing for aerial master Johnson, raced to right end only to be hemmed in before he could cross the scrimmage line. Fearing a set back, he tossed wildly, intended for a sweeping end, Campbell intercepted and sped 41 yards, being hauled down on the Loboes' own seven yard line. Campbell again inched over the double strips on the next snap-back to increase the Gophers lead to 12 points.

In the second half the Gophers launched a well-planned ground march when Campbell sprinted around left end for 24 yards, only to fumble on the Lobo 23 yard line. Johnson recovered for the Loboes.

The Loboes, after chinking up their third first-down were forced to punt.

Smith, Grand Prairie back, returned the ball to his own 23 marker being knocked out of bounds by Rylee, Kendall and Watts. A fatigued Gopher eleven tried to pass on fourth play, on which the ball was batted down incomplete. Cisco took over at this part of the game and reversed the scoring spree.

Unleashing an aerial attack, Johnson and Watts doing the tossing, Cisco camped the ball on the invader's one yard line. On the third down, Rendall, whose performances thrilled local fans constantly, leaped over the Gopher charges and fell over the goal line

to record the Loboes' first hard fought pay-off. A placement for extra point barely missed splitting the uprights.

Off to an offensive push after receiving the kickoff, the Gophers were assessed a 15 yard penalty for clipping. Unable to break through for a needed first down, Grand Prairie faked a punt and threw an angling pass to the right flats intended to end John Higdon who flipped the ball on the 19 yard line.

A roaring Cisco crowd saw the Loboes back track the field and plunge on to the goal line within one minute of the end. A series of passes and ground rippers pushed the invaders back to their own three yard line. Bob Rendall crashed center for the 6 points. A running attempt for extra point fell inches short of the goal.

Cisco gained 92 yards rushing while the Gophers could manage only 71 and Cisco made 8 first downs to the invaders' six. In the air, Cisco made 33 yards completing 5 of 8 passes attempted while the Gophers took 11 yards from 4 tries. Cisco punted five times for 124 yards while Grand Prairie punted for 85 yards in three boots. Cisco recovered two fumbles to the opponents' none. The Loboes drew two penalties for ten yards, while Grand Prairie was handed 4 for 40.

Wheels Moving On Highway 80

"Wheels are moving on Highway 80," is the way in which Fred Brown, Eastland, Texas, banker and president of National U.S. Highway 80 Association, sums up the activity of the new bustling traffic-way booster organization.

Mr. Brown's latest progress report reveals that the officers and board of directors of the 80 association have delegated the job of planning and preliminary publicity to Ayras Compton Associates, a Dallas public relations firm. The next three months will be devoted to ground work including the accumulation of pertinent data from communities involved and preliminary planning for an educational campaign. In 1914 National U. S. Highway 80 Association expects to finance a full scale public relations program, nation-wide.

With the backing of Chambers of Commerce situated on the vital transcontinental Savannah-to San Diego highway, the 80 Association will devote its efforts to developing tourist travel as well as business traffic over the 2600 miles of all-weather highway. At the same time the Association will work closely with federal, state and local authorities on highway maintenance and beautification.

Highway 80 Association has commissioned its public relations counsel working in conjunction with an advisory committee from the board of directors, to begin immediately the preparation of an elaborately illustrated Highway Guide extolling the historical and scenic attractions on Highway 80.

Choral Club To Be Organized At Meeting Tuesday

A mixed choral club for adults and students alike is being organized in the Cisco High School auditorium Tuesday night at eight o'clock for the purpose of performing at recitals, graduation exercises and ceremonial services, according to an announcement by Fred Bumgardner Saturday.

In addition, a college music appreciation course is in prospect, Mr. Bumgardner added. Upon completion of the course the members will be given a certificate equivalent to three hours of college music study.

Persons interested in forming the mixed choral club or the music appreciation course were urged to attend Tuesday's meeting.

Rev. H. D. Blair of near Cisco missionary of Cisco Baptist association, attended the Workers Conference Thursday at Moran

Mark Bowers, son of Mr. and Mrs. Gid Bowers of 810 West Twelfth street had the misfortune to fall from a tree Friday while playing with friends, causing a comminative break at the wrist. He is reported getting along well, as the broken bones were set immediately.

Swamped

Lillian Setlar, Cicero, Illinois, secretary at the U. S. Consulate, gasps at the thought of answering all the mail Vice Consul J. Preisbeck is piling in front of her. The letters are from thousands of Germans wanting to emigrate to the U. S. The Consulate in Berlin has broadcasted, telling those who were interested to apply to the U. S. Consulate. (NEA Telephoto)

West Texas Fair Opens In Abilene On September 27

Abilene, Sept. 25—The annual West Texas Fair will be officially opened here on Monday, September 27 at 2:00 p.m. with a gala parade of pageantry, cowboys, floats, and school bands from several towns in West Texas. Immediately following the parade, the gates at the Fair Ground, will be thrown open and the 1948 edition of the West Texas Fair will be presented to the public. The Fair is scheduled to run through Saturday, October 2.

A variety of educational and entertainment features is expected to draw a record crowd to this regional show.

Olden Overpowers Green Lobo "Pups"

The Olden Hornets uncorked a running and passing attack at Chesley Field Thursday night to smother a green Lobo "Pup" team by a top-heavy score of 33-0.

The Cisco "B" squad was never able to fathom the Hornet attack which was sparked by the fancy running of Tailback Holt. The Olden flash reeled off yard after yard to pile up an enviable average. His number was evident in every play. Holt has another year with Coach, C. W. Thompson's boys.

Holt as well as Tyrone and Edwards, the other ground gainers for the Hornets were ably assisted by blocking back Franklin who's hard blocks cleared the way for extra yardage on every down. Aided by the Cisco's boy's lack of experience on pass defense the Hornets were able to complete eight out of ten of their tosses for long gains.

The stand-out on defense for the visitors was Nabors who played at center on offense and tackle on defense. The 185 pound senior letterman was in every play. He was closely followed by Langston, Seaborn, Renfro, Adams, Mehaffey and Bob Tyrone.

The junior Loboe, never able to get going, showed up well despite the lack of experience and Coach Hansard was well pleased with the showing and prospects for next season. The running attack was led by Stanley Sharp and Leo Farmer, Buz Sawyer, wing back, was the defensive start for the Cisco boys, slamming hard tackles into the backs and stopping several runs that were touchdown bound.

Evans at center and Waddell at tackle were the mainstays in the "Pups" forward wall.

Atomic Theft Charged

John Robert Lepman, 26, right, Chicago, has been arrested in Chicago on charges of stealing diagrams and documents from the Los Alamos Atomic Energy project. Lepman said he believed he might go into the radio business and would be able to use the electronic data. There appeared to be no foreign agency involved. Benjamin Goldberg, left, U. S. Deputy Marshal, is escorting Lepman from the Federal Courtroom. (NEA Telephoto)

Beer Election In Eastland County Proposed, Petition Being Studied

County Clerk, W. V. Love was busy Saturday checking the 700 to 800 names on a petition calling for a beer election in County to ascertain if there are sufficient qualified voters signing the petition to send it to the County Commissioners' Court for action. If there are 597 (or 10 per cent of the number who voted in the

last presidential election) qualified names remaining on the list when the check is complete, Love will submit it to the next County Commissioners' Court which convenes on October 11.

The Commissioners' Court must, by law, call an election not sooner than 20 days nor more than 30 days following that date, or in the period between November 1 and November 11.

The petition calls for an election to determine whether four per cent beer shall be sold in Eastland county.

Rev. Naumann To Conclude Sermon Series Sunday

Grace Lutheran Church on Avenue D will conclude his series of sermons on "The Fruits of the Spirit" tonight with a sermon on the subject "Self Control, the Fruit of the Spirit." The service will begin at 8 o'clock. In this morning's sermon pastor Naumann will answer the question, "Why are some better Christians than others?"

Beginning next Sunday night Grace Lutheran Church is offering the people of Cisco a regular Sunday evening Bible Hour. Pastor Naumann will conduct a series of lectures on the main teachings of the Bible. These informal talks will be followed by an open forum, during which every one will be given an opportunity to discuss the subject which has been presented.

Questions from the audience will be considered and discussed. The object of these meetings will be to help people to become wise unto Salvation through faith in Christ Jesus, and to aid them in becoming more fully equipped unto all good work.

Local Bowlers Win From Strong Abilene Team

A strong aggregation of top notch bowlers, representing the Abilene Recreation Club came to Cisco Thursday evening to tangle with local ten-pin artists, and returned home with the short end of the score.

The Cisco boys, playing without the services of some of the leading bowlers, put on enough steam to win by 273 points. The play was fairly even for the first part of the match but the locals took the last game by a wide margin. The final score stood at 2,975 for the visitors and 3,248 for the Cisco boys.

Table with 2 columns: Name and Score. Includes Farleigh, Ponsler, Gardenhire, Vant, White, Kleiber, Tabor, Smith, Collum, Dunn, Newton, Nichols, Best.

Promotion Day At Methodist Church Observed Sunday

Today will be promotion day in the church school at the First Methodist church and all the church school teachers and officers were urged to unite with their classes for the morning worship.

Dr. Claude J. Jones will speak at both morning and evening services. His subject for the morning talk will be "Love That Lives". His subject for the evening sermon will be "The Supreme Test."

The young peoples choir will sing at the evening service beginning at 7:45 p.m.

Rev. Stuart Rohre To Preach Sunday

Rev. Stuart McC Rohre returned Monday night from Palacios where he preached Sunday in view to a call, and will be in his own pulpit today. He reminded members that today is rally day at the Sunday school.

All church members were urged to be present and remain for the morning worship.

Rev. Rohre will speak on the subject: "The Silent Voice" at the morning service, and at the night service has been changed from 8 p.m. to 7:30 p.m.

Members and visitors were reminded that the time of the evening service has been changed from 8 p.m. to 7:30 p.m.

Mr. and Mrs. C. K. Shelton and son, Tommy, of Big Spring, visited their aunts, Mrs. J. I. Taylor and Mrs. Zed Green Wednesday while enroute home from Frost, Texas where they visited Mr. Shelton's parents.

Per week (by carrier) . . . . .15c  
No discount on carrier-delivered yearly subscriptions when paid in advance.

## One Flag In A Troubled World

Even in these days of strife and tumult there flies one flag that is the same the world over. It is a flag of an army militantly fighting for peace in 97 countries.

The blue, red and yellow banner of the Salvation Army will be 70 years old September 26, and it is most fitting that we pay tribute to this ensign of an international army whose motto is "Marching forward to a better world with heart to God and hand to man."

This tri-color is the flag of love, hope and mercy for men of all creeds and colors, and during its seventy years it has gained the bloodless victory of truth and mercy—the victory that men and women who believe and who are willing to abandon their own devices for the plan of God can find peace in our world.

In the early days this flag was attacked, inculted and ridiculed, but the more it suffered, the greater became its spiritual strength, until the ridicule turned to respect and the incults became tributes to the devotion and self-sacrifice of the men and women who marched beneath it.

This is the flag that flies over a Displaced Persons camp in Berlin, Germany, where refugees of 42 nations are represented. This is the flag which will fly over the Texas Capitol in Austin, September 26, the day which Governor Beauford H. Jester has designated "Salvation Army Day" in recognition of valiant service in Texas at all times where human need arises.

This is the global flag of hope for peace in a troubled world. We salute this flag—this prophetic guidon of The Salvation Army.

## Helps in Heart Trouble

"No drug will enable you to carry on as you did before," Dr. Charles Miner Cooper, well-known San Francisco physician, wrote to a heart patient some years ago. "But let me outline a regime which will help immensely if, after complete physical, mental and emotional rest, it is followed conscientiously."

Dr. Cooper's letter now considered a West Coast classic, is reprinted in The Reader's Digest for September. Its advice, held to be sound not only for heart patients but for those in good health, they be summarized in six stipulations:

1. Bring your weight down to normal for your height and age and do it slowly, not by reducing drugs but by modifying your diet and by graduated exercises.
2. Cut down extent and speed of physical activities. Don't run for trains or hurry upstairs or try to park a car in a tight place. Also, refrain from physical effort after eating.
3. Do mental tasks only when your mind is fresh. Stop them when mentally fatigued.
4. Curb emotional reactions. Blood pressure can jump 60 points almost instantly after an outburst of anger. If a business problem—or any other—starts to make you mad, let yourself go limp all over.
5. Try to be cheerful under all circumstances. Low moods can often be lifted by concentration on a pleasant thought.
6. If you're a smoker, stop smoking.

### Silver Bricks Put in Sale By WAA

War Assets Administration turns up just about everything in the stocks of war surplus hasn't yet offered its customers any gold bricks, but it has silver bricks for sale in London.

The Grand Prairie regional office announced today that 10 ounces of reclaimed silver will be included in a \$150,000 offering of miscellaneous merchandise and automobiles to be sold at highest bidders on September 28 at 7700 Wallisville Road, Houston. There are 99 silver bricks, all sold in a single lot. The property may be inspected September 28 and 29, with

bidding to start at 9 a.m. September 30.

Like the rest of the goods arranged in about a hundred job lots and containing office machines, furniture, a dishwasher, an oil reclaiming machine, fork lift trucks, three passenger cars and assorted other vehicles and equipment including two railroad gondolas—the silver bullion will be knocked down for the best offer.

with no priority or other legal strings attached.

And, like the rest of the war surplus assortment, the silver which was reclaimed from a Texas City chemical plant, may be resold for a profit, if desired. But War Assets sales officers warned, that in case of the silver, Uncle Sam will levy a tax amounting to 50 per cent of the profit made on the resale by the buyer.

## The oil industry is trying to add ...faster than you can subtract

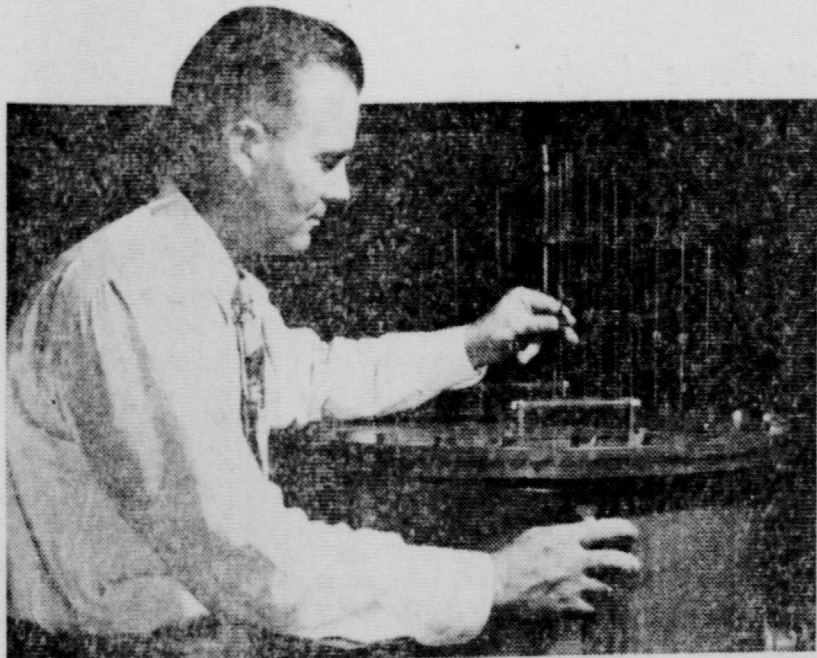

1. Scientists study the tiny shells and other fossils brought up by drillers from the depths of the wells which they are drilling. A close study of these fossils tells them the age of rocks in which the bit is drilling, and enables them to suggest to production men how close they are to possible oil-bearing rocks.

So far we've kept up with you. You're subtracting oil from available supplies at the rate of two billion barrels a year, and the industry is supplying your demand. Never before have you needed as much oil as you're asking for today—for fuel, for industry, for transportation. And never before has the oil industry supplied you with so much oil.

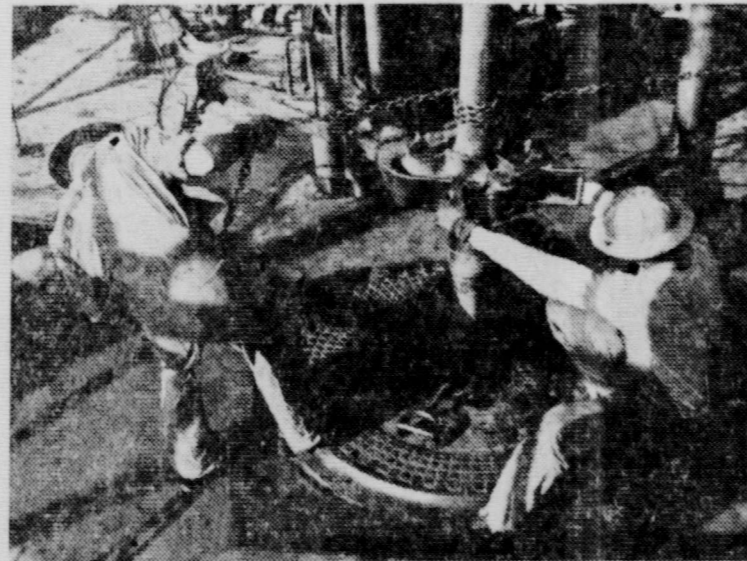

To continue to supply you, the oil industry probably will drill 40,000 wells in 1948. Of this number, about 7,000 will be wildcat wells, drilled in an effort to find more oil for your increasing needs. Of these wildcats, about 85% probably will be dry holes; the others will discover new sources of oil production, will add to the oil you're subtracting in larger quantities every day.

Only an efficient industry, using every possible scientific advantage, could so well meet the challenge of today's record demand for oil. The oil industry is doing everything that possibly can be done to add oil faster than you can subtract it; everything that can be done to find more oil, produce more oil, transport more oil, refine more oil.

You can help this effort by making your personal demands for petroleum products reasonable and by cooperating with programs designed to conserve oil products.

2. Physicists devised this complex apparatus. It duplicates, for scientific purposes, the conditions in the oil-bearing rocks of a developed oil field. From a study of these, the engineers can tell approximately how much oil can be produced, how rapidly it should be produced to secure the maximum amount of oil, even how close the wells should be to each other.

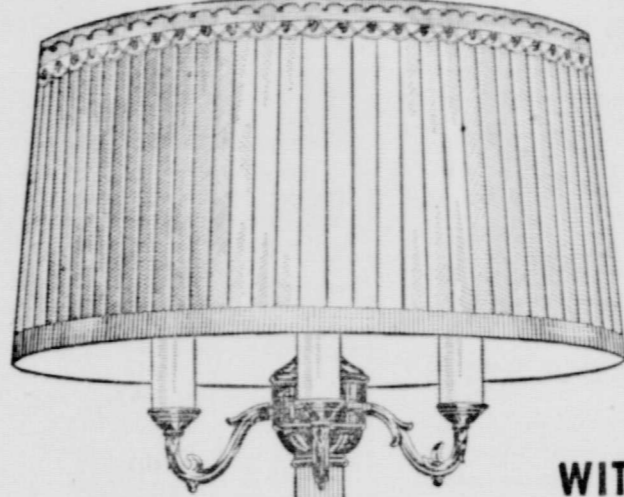

3. To find oil, you have to drill a well. In the first six months of 1948, Humble drilled 59 exploratory wells to discover 17 new producing areas. Even more exploratory wells will be drilled in the last half of this year, including several on submerged lands in the Gulf of Mexico.

SHOW WINDOW OF THE SOUTHWEST

EVERYBODY'S GOING

... on the sideline by jim ewell

Pint-sized Glenn Woods, recently dubbed with the nickname

"Useless" by squadmen of the Wrangler football team out at Cisco Junior College, may be just what the doctors ordered to cure the ailments that have continually plagued the coaches, since the season's cap was uncorked recently. Strange as it may seem, Glenn "Useless" Woods, who hails from the Eastland county seat, has kept the robust, muscular grid warriors and coaches, who tower inches above him, constantly holding their sides from laughing at his jocular cracks and harum scarum mannerisms.

Tipping the scales at 145 pounds, Glenn was appointed team manager by coach Jack Everett, who at times wonders if he were in his right mind when he did it. Everett, however, admits he's been lost without the services of Glenn.

And looking after the athletic

Highest CASH PRICES PAID For DEAD OR CRIPPLED STOCK. For immediate service PHONE 785 COLLECT CISCO, TEXAS.

CENTRAL HIDE & RENDER ING CO.

Governor Beauford Jester looks over a copy of the October issue of Holiday, the first of three issues of the magazine to be devoted principally to Texas. Scores of articles and photographs will give Texas the most extensive treatment ever accorded any state by a national magazine.

department's equipment and waiting on a 60-man football squad is no "dollar-a-year" job, Glenn contends. But all-in-all, the stocky built overseer takes his job in a serious attitude—so serious at times that it is amusing to the average by-stander.

Glenn, who is described by friends as being in three places at one time, is the team's ace moral builder once it becomes evident that pap is just what the boys need. And when he senses it, he can cut loose with a barrage of chatter and comical jests that will make even the coaches stop chewing their cigars.

At heart, Glenn is a devoted Wrangler in his ways, even if he doesn't lug the pigskin across for the blue and white. He does, however, hustle the water bottles onto the field with zip once the coaches give him a little boost with the shoe. And to hear of Glenn's past experiences as a waterboy, babysitter and philosopher, you'd think it's take some historian a year to write three volumes on the subject. And at that, it would be no simple task, for that's Glenn Woods.

Coach Everett, who first made Glenn's acquaintance last fall in pre-season training, has often got-

Asks Asylum of U. S.

Lt. General Lzydor Modelski, military attache at the Polish Embassy in Washington, has revealed that he has refused an order by his government to return to Poland, and has asked the U. S. to grant him and his family asylum here. He charged that the Polish government is preparing the entire nation "as an instrument of soviet militarism and imperialism." The Polish Embassy branded Modelski guilty of "military desertion." (NEA Telephoto)

ten off on the rough edge with the "happy-go-free" youth. Such a time he recalled was the Wrangler's journey to Brownwood to scrimmage Hoyard Payne. Minutes after the traveling contingents had climbed from the bus onto the Jacket's field, Coach Everett hollered back (in his usual tone) to Glenn, who was unstacking the equipment, to bring the footballs for practice warm-ups. Glenn, who had only discovered them missing, froze in his tracks and finally managed to stutter back to the hard pressing Wrangler manager that he had forgotten to load the footballs on the bus before leav-

ing. It was the manager, who after a racking over by the coaches, pledged himself never again would he be that thoughtless.

Another instance recalled by Glenn himself, was at the recent CJC Hardin game in which he ran onto the field at a breather to replenish a thirsty Wrangler eleven

with a sip of water. Only did he discover after he had about reached the huddle that the bottles hadn't been refilled since he had

last used them. READ THE CLASSIFIED ADS IN "YOUR HOME PAPER"

Retail Merchants Association

L. SELF, L. L. B. S. Sect'y

Merchants paying dues to any Credit Bureau, control that bureau; however, to own a Credit Bureau, the merchants would have to own the files, which would enable them to elect a new secretary at the end of one or two year periods.

When the files of a Credit Bureau are individually owned, as we understand they are in two instances in Cisco, the secretary cannot be changed other than by buying them out, or pushing them thru the window. Under such existing set-ups, it merely becomes a matter of inflating one individual's bank account, and deflating the other.

In having a Board of Directors, there is nothing to direct except something relative to money matters, and in soliciting memberships, it narrows down to the above statement.

A secretary has to spend money on their files whether they have one or ten members—it is expensive to operate an office, and it takes not only money, but loyalty, and cooperation on your part.

We appreciate our members, and we are here to serve you. Call us often.

## LUNCHEON AT COUNTRY CLUB HELD BY GROUP

XXth Century club met Friday at the Cisco County Club for luncheon, beginning their activities for the new club year. Flowers of Yellow and White, Club colors, decorated the rooms and the tables where guests and members were seated at luncheon. Mrs. F. E. Harrell, president, was in charge and the invocation was offered by Mrs. Philip Pettit. Each member was privileged to bring a guest.

Mrs. Harrell presented Mrs. J. Perry of Sweetwater, State speaker. Mrs. Perry gave a most practical discussion of the study and work for the coming year, saying that Women's Clubs are a means of adult education.

During her talk she discussed meeting which she was privileged to attend and said while there she realized she was a World citizen, whether she liked it or not. What is done in the other parts of the world affects all of us in various ways. Her talk was timely and was well received.

Members and guests present were: Mesdames J. J. Perry of Sweetwater; Virgil Spabury, Eastland; H. A. Bible, Yancey; McCrea, S. N. Nance, F. J. Borman, Eugene Lankford, Sutton

Crofts, Claude P. Jones, Bob Anderson, Bill Mitcham, Oscar Cliett, Frank Bond, F. E. Harrell, J. E. Spenser, E. McCracken, J. P. McCracken, Homer Slicker, Philip Pettit, T. J. Dean, J. T. Anderson, Oran Stephens, C. R. Baugh, Charles C. Jones, Alex Spears, Celia McCrea, F. D. Wright, John Shertzer, Edward Lee, S. E. Hittson, H. N. Lyle and Miss Marie Winston.

MUSIC PUPILS ENJOYED FEATURE AT BROADWAY: Mrs. Randolph Lee Clark was hostess to her music pupils Thursday evening taking them to the Broadway theatre to see the Technicolor feature. After seeing the show the group was taken to the drug store where they were served with cream cones. Mrs. Clark was assisted in looking after the children by Mrs. Ellsworth Mayer, Mrs. W. D. Johnson and Mrs. Earl Walker.

Members of her class enjoying the evening were: Franklin Myrick, Fred David Shockley, Lonnie Jean Shockley, Robert Fletcher, Billy Kendall, Anita Davies, Patricia Mayer, Georgia Anna Walker, Linda Cheves, Flora Jean Fletcher and Gaitha Thompson. Neighbor music students present were: Patty Nell Haynie, pupil of Mrs. B. A. Butler; Sue Harselton, pupil of Mrs. Ben Krauskopf; Gwendolyn George, pupil of Miss Ora How-

ADULT UNION GROUP IN W. L. LEWIS HOME: The Adult Training Union of East Cisco Baptist church met Tuesday evening in the home of Mr. and Mrs. W. L. Lewis for the regular social and business meeting. The meeting was in charge of the host in absence of J. E. Whisenant, president, beginning with a prayer by J. D. Hall. The hostess then brought a splendid devotion based on the fourteenth chapter of the Book of John.

During the business session, new officers were elected as follows: President, J. E. Whisenant; vice president, W. L. Lewis; Bible Quiz leader, J. D. Hall; Recording secretary, Mrs. H. H. Harrelson; Class secretary, Mrs. J. E. Whisenant; Group Captains were named as follows: Group One, Mrs. J. O. Warren; Group Two, Mrs. J. E. Shirley. Routine business was transacted after which a social hour was enjoyed.

Games, directed by Mrs. J. E. Whisenant were played and at the close the hostess was assisted by her daughters, Miss Bobbie Lewis and Mrs. Lois Lester in passing refreshments to Mr. and Mrs. R. L. Campbell, Rev. and Mrs. Paul Stephens, Mr. and Mrs. J. D. Hall, Mr. and Mrs. J. O. Warren, Mr. and Mrs. H. H. Harrelson, and Mesdames R. E. McCord, J. E. Shirley, J. J. Livingston, V. H. Bosworth, J. E. Whisenant, Bob McCrary, a visitor, Mrs. Campbell, guest of Mrs. McCord, W. T. Lewis and Mr. and Mrs. Lewis.
