CISCO, TEXAS, FRIDAY, OCT. 1, 1948

NUMBER 232

The Gay Philosopher

(Copyright New York Graphic Society) By J. W. S.

YOU HAD BETTER be sure and read the picture show ads, for Wally Smith, the boss man, tells us that starting any day now he's going to start calling up three telephone numbers each day to ask, "Whats' showing at the Palace?" And if you answer right back, you and your family get a free pass. So read the ads.

REGARDING OUR comment on a movement to bring about a price adjustment for bald-headed men's hair cuts, we've had a good suggestion. A fellow suggests that barbers charge by the hour. That should take care of the thin-topped gents.

LOOKING OVER our calendar, we see that October 7 is going to be a big day in Cisco. Firemen of this region will start the day's activities off with a convention, which will meet all day and into the night. Then in the afternoon, Clyde Beatty's circus will open up for an afternoon and night performance. And that night, the Cisco Junior College Wranglers meet up with Ranger Junior College at the local stadium.

TO ADVERTISE the Firemen's Convention, local department members this week sent out invitations to firemen throughout the district. One piece of literature called attention to some of Cisco's features in a "brief and impartial way." We quote from the letter as follows: "Cisco is the heart of the finest fishing and health resort country in the great state... is the original home of the Cisco Kid... Business opportunities abound. In Cisco you can drive your car ten years and then sell it for \$500 more than it cost you originally."

THE LETTER discusses the fish in Lake Cisco as follows: "During the hot summer months it is sometimes necessary to restrict fishing to a certain extent because, due to the size of the fish, the removal of more than three large bass a day will lower the water in the lake five and a half inches." This is one convention we're planning to attend.

Soil Scientist Exam. Announced By Civil Service

The Civil Service Commission announces examinations for the position of Soil Scientist (Land Classification and Survey) with the Bureau of Reclamation at the entrance salary of \$3,727.00 to \$6,235.00 a year in the state of Oregon, Washington, California, Arizona, Nevada, Idaho, Montana, Wyoming, Colorado, New Mexico, Utah, North Dakota, South Dakota, Nebraska, Kansas, Oklahoma and Texas.

Application forms and additional information may be obtained from the post office; the Executive Secretary, Central Board of U. S. Civil Service Examiners, Bureau of Reclamation, Denver Federal Center, Denver, Colorado; or from the Regional Director, 14th U. S. Civil Service Region, 210 South Harwood St., Dallas 1, Texas.

Cisco To Entertain Mid-West Texas Firemen At Convention October 7th

The Cisco Fire Department will play hosts to the Mid-West Texas Firemen's Association when that body holds its convention here on October 7.

Several hundred firemen and their wives have been invited to attend the meeting and to participate in a full day of fun and business. The committee has planned games for those attending. There will be races and contests among the different fire fighting units. Beginning at 6:30 p.m. the visitors and local citizens will be given a big barbecue on the shores of Lake Cisco.

Following the barbecue will be a dance at the Lake Cisco pavilion and all local and visiting firemen and invited guests were welcomed.

The registration of visiting firemen will begin at 10 a.m. at the fire station and will continue until 1 p.m. The business meeting of the Mid-West Association will follow the registration and last until 3:30 p.m. From 4 to 6 p.m. the various teams will compete in races and contests. After the sports and games the group will gather at the lake for the barbecue and following that, will attend the dance. Many prominent out-of-town guests are expected. Among the group are: Frank Williams, Austin; Hon. Pat Bullock, Colorado City; D. C. Musick, Abilene; Olin Cuthbertson, Austin; Garfield Kiel, Seguin; Col. R. H. Brayton, College Station; Adolph Solmky, Seguin; John Dean, Plano; John Balley, Childress; J. C. Swadley,

Grand Prairie; Hugh Nations Crosbyton; T. E. Lewis, Electra; A. C. Fogay, Sweetwater; H. V. Crocker, Big Spring; and D. C. Foscy, Ballinger.

Rev. Naumann To Begin Bible Hour Sunday Evening

Beginning Sunday night, Rev. G. T. Naumann, pastor of Grace Lutheran church will conduct a Bible Hour at the church on Avenue D. In these meetings he will discuss the main teachings of Scriptures in an informal manner. After each lecture, the audience will be given an opportunity to discuss the matter presented and to ask questions.

Anyone interested in learning about the Lutheran Church and its stand with regards to the Bible was invited to attend. Sunday night Mr. Naumann will answer the question: "Can we prove that there is a God?" These services will last from 7:30 to 8:30. A hearty welcome awaits those who will attend.

J. F. Boling of El Paso visited here over the weekend with his brother-in-law and wife, M. and Mrs. Harry Donica.

Democrats For Warren

When Governor and Mrs. Warren arrived in New York City, they found many signs in the crowd which attested to the fact that many Democrats will vote for Dewey and Warren in November. (NEA Telephoto)

Excitement In Cisco At High Pitch, College Boys Find "Dead Negro"

A highly inebriated colored man caused a flurry of excitement in Cisco Thursday afternoon when a report came into the police department that a negro man was found dead on the road leading to the college.

The report was called in by a group of college students who happened on the prone figure while going from town to the school. He was lying on a road leading into the highway and from all appearances as dead as the proverbial door knob.

An ambulance was called and the man was taken to a local hospital where he was found to be suffering from nothing that a little sleep wouldn't cure.

The college students, when interviewed, said that he would have fooled the buzzards.

Librarians Will Hear From Editor At Abilene Meet

ABILENE, Oct. 1.—West Texas School, city, and county librarians, school officials and other citizens interested in bettering their local library will hear the head of a large library school and the women's page editor of one of the largest farm magazines in the South, and a well-known West Texas speaker at the third annual McMurry College library clinic, which will be held in Abilene, October 15-16. General chairman is Mrs. Rosita Hollar, McMurry librarian.

Mrs. Florinell F. Morton, director of the library school of Louisiana State University; and Miss Sallie Hill, women's page editor of the Progressive Farmer, will be featured on the two-day session, but more than 25 West Texas teachers, librarians and school officials will have places on the program.

Opening the session, at the Wooten Hotel Friday night will be an address by Mrs. Morton on "Trends of the Library World." She will speak Saturday on "Being a School Librarian," and on "The Public and the Librarian." Miss Hill spoke at the luncheon Saturday on "Youth, Reading and One World."

Delbert Downing, manager of the Midland Chamber of Commerce, and much in demand as a dinner speaker, will talk on "Be a Friend to Your Library," at the joint clinic-West Texas County Librarians dinner Saturday evening.

Panel discussion on library, school and related subjects are included in the two-day program. Need of youthful readers in science, books for the very young reader, and the librarian's position in aiding young borrowers are topics that will be discussed by the group.

Mrs. J. A. Fussell returned to her home at Ozona today after visiting the past week with her aunt, Mrs. Connie Davis. Dr. Fussell who accompanied her to Cisco last week returned to Ozona a few days ago.

Peanut Harvest In Full Swing, Yield Below Par

The harvesting of the 1948 peanut crop in the Cisco area is estimated to be 50 percent complete, according to reports from local buyers. Two weeks of fair weather should wind up the harvest, it was said.

In the southern part of the county farmers are just beginning their digging and the harvest will be in full swing by the first of next week.

The total acreage planted to peanuts in Eastland county is 54,000 acres according to conservative estimates. The yield was cut due to the lack of moisture at the right time. Early crops are yielding an average of 18 to 25 bushels per acre while the late crop is less.

The number of acres planted this year was smaller than last year because many farmers planted rye and vetch, planning to break the ground and plant peanuts later. Lack of rain prevented this.

Buyers are paying an average of \$3.15 per bushel for the 1948 crop, which is a little below the top grade. Hay is bringing from 60 cents to \$1.00 per bale.

Samuel Greer, who owns a farm in the peanut belt, reported that his farm paid approximately \$45 per acre after all expenses was paid.

Women Bowlers Began League Play Wednesday

The pins were really flying on the first night of the women's new handicap bowling league on Wednesday night, showing there is to be keen competition between the teams in the future.

As there are a few bowlers still needed, anyone interested please contact Mrs. White at the local lanes before next Wednesday evening.

Vogue Cleaners took two games from the Premier Oil girls, while White's Bowling Lane's team won two from Dick Bearman's. High individual honors went to Ike Fonville with a 168 game and 431 series, without handicap, while high team game and series with handicap went to Vogue Cleaners with a 944 and Premier Oil with a 2717 respectively.

Box scores show the following results including handicap: VOGUE CLEANERS: Jean Cherry... 176 194 194-564 B. Whitehead... 188 188 187-563 V. Vick... 173 168 191-532 E. Brooks... 184 163 179-526 E. Hart... 149 176 193-518

PREMIER OIL: Ike Fonville... 154 199 213-566 Winnie Greer... 182 176 193-551 A. McGowen... 192 175 161-528 M. Boatman... 188 187 179-554 Sub. score... 149 176 193-518

WHITE'S BOWLING LANES: M. Anderson... 168 176 210-554 B. Oldfield... 138 183 202-523 M. George... 160 192 195-547 L. Mendenhall... 153 196 171-520 Sub. score... 149 176 193-518

DICK BEARMAN: Jerry Locke... 179 187 198-564 K. Jenkins... 180 188 175-543 V. Hart... 168 178 167-513 Lucille Jones... 177 183 200-560 Sub. score... 149 176 193-518

Wrong Rally

LOBOES TO MEET STEPHENVILLE IN FIRST DISTRICT GAME HERE TONIGHT

Formula Given For Picking SW Conference Winner

Austin, Oct. 1—How to pick a winner in Southwest Conference football:

"Team A won the title last year, and champions don't repeat, so the logical favorites are Teams B and C, which means that the actual champion will be Team D, Team E, Team F, or in some extreme cases, Team X."

That formula is given by Weldon Hart, veteran Austin sports writer, in an article in the October issue of the magazine Texas Parade.

Having figured out his logical means of selecting this year's football champion, Hart then makes his own reasoning to say: "The team to beat is defending champion Southern Methodist, coached by Madison Bell and led by the shrewd and slippery All-American Doak Walker."

"The team most likely to beat S.M.U. is Texas, coached by Blair Cherry, who will try to get along without passer Bobby Layne. It is a depressing thought for Longhorn partisans, but Cherry was bearing up with suspicious cheerfulness when last encountered.

"The team that would like most to beat both SMU and Texas—and just might be the team to do it—is Rice, coached by Jess Neely. Professor Neely's lads were kicked around by the Mustangs and Longhorns last year while they were still immersed in their 1946 clippings.

By ELSWORTH MAYERS

The Cisco High School Lobos-Stephenville Yellow Jacket tilt being staged at Chesley Field tonight is slated by sports writers to be the district's headline attraction for the week. The Stephenville boys bring with them an impressive record and the home team will go into the game picked to lose by two to three touchdowns.

The Jackets, with a backfield averaging 175 pounds, spearheaded by Ray Graves, 160 pound quarterback, is eyeing the district crown and is picked by many of the states scribes to win the pennant. Graves is one of the leading backs in the school boy league. He has been instrumental in scoring all of his teams 14 touchdowns this year. He is a triple threat man and is being boomed for all-state honors.

They have beaten Ballinger, strong class A team, by a score of 34-6 and took Cleburne to a 27-0 cleaning. Cisco lost to the Johnson County team 13-12. Last week the Jackets won over a strong Waxahachie team 33-12. The Lobos, meanwhile, dropped their first two games to Cleburne and Big Spring and tied Grand Prairie in the third.

Lobo coaches have been working hard this week to eliminate weakness in the team and are hopeful of ending a long losing streak. The Lobos have proven their ability to come back after spotting the opposing eleven two touchdowns, and are ready for the game tonight. Hansard and Overall spent most of the week working on a defense against the strong passing attack of the Yellow Jackets.

Probable starters for the home team are: Smith and Rylee at ends; Wood and Boggs at tackles;

Nobles and McMurray at guards and Rex Farley at center. The backfield will be composed of Ren. dall at full, Milner and Watts at the wing back post and Johnson at the tail back slot.

Roy Trapp, 155 pound back who showed up well in previous games, will not see action in tonight's game because of eligibility rules.

The Jackets will probably start Pilgrim and Walker at the end positions; Lackey and Spell at tackles; Collins and Robertson at guards and Newman at center. Graves will start at the quarter back slot and Schroyer and Ross will be at the halfback posts. Scott will handle the line plunging assignment at full.

Coach Murphy will send his boys into the game with a weight advantage of 13 pounds per man in the line and 20 pounds per player in the backfield.

The game is scheduled for 8 p. m., at Chesley field.

Grass Fires Cause Three Runs By Fire Department

Fire Chief Anderson today warned local citizens to exert more care in burning trash. The warning came after the department answered three calls to extinguish grass fires which apparently resulted from careless burning of trash.

He set out the following safety rules: Never burn trash when the wind is high. Never leave trash fires unattended. Keep a water hose handy when burning grass or trash. Never burn trash in the open, always have some type of container for that purpose. Always call the fire department if the fire gets out of hand.

He pointed out that extra precaution should be taken at this time due to the dry weather and urged all citizens to stand by until all danger of the fire spreading has passed. He also warned against the following of fire fighting equipment by thrill seekers. He again reminded people that a fine can be assessed against those found guilty.

BETHEL NEWS

Clara Fay McElreath of Austin, daughter of Mr. and Mrs. Bert McElreath of Bethel, writes that the fall semester at Texas University started off with a bang and that she had pledged the Alpha Chi Omega sorority.

Mr. and Mrs. T. T. Horn visited in the Lester Horn home in Colorado City last week.

Mrs. James Callerman and Mrs. Vernie Allen of Nimrod made a business trip to Go-man Saturday.

Mr. and Mrs. J. W. Alvey of Lubbock visited in the home of John Alvey in Cisco last week.

The Fifth Horseman

The official poster for this year's Fire Prevention Week, which will run from October 29—November 4, in the next ground, the Fire Horsemen of the Apocalypse—war, famine, pestilence, and death. In the foreground, carrying a flaming brand is the fifth horseman—fire.

That makes a dramatic and thought-provoking picture. Fire is one of the most constant evils. It causes a especially great among small children, and on top of that, it disfigures and cripples thousands of people each year. Then, the good measure, its victims will over \$2,000,000 worth of property every month.

Can fire be prevented? The experts say that 80 per cent of all fires, great and small are unnecessary. Of all fires, about 70 per cent are preventable. The most effective fire prevention measure is to follow the instructions of fire safety in the basic reason why fire starts continues to grow. When fire is thought intensively it always loses. As a recent example, the Mayor's Bureau of Fire and Police has been carrying on a major fire prevention campaign. In the first quarter of this year alone fire damage to its installations were out by nearly \$1,000,000.

When you see the Fire Prevention Week poster, study it closely. Keep it in your mind. Learn the simple rules of fire safety and follow them. Then, and only then, the fifth horseman can be put to flight.

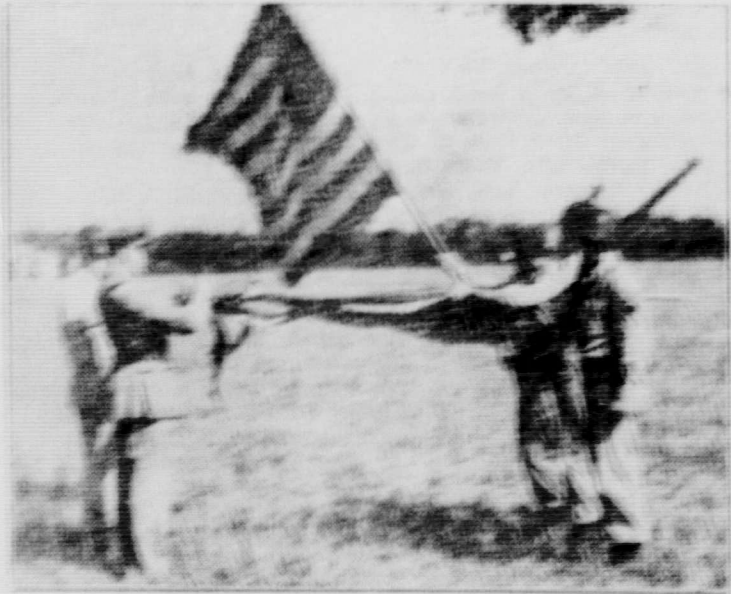

Influence For Progress

Some of the best things, however, are quiet and so slowly that they attract little notice. A good example of that is found in social mechanization.

If we could step back the clock and directly compare the typical store of twenty or thirty years ago with the typical store of the present, we'd be amazed by the difference. All manner of desirable service have come in being. Stores are the larger and more varied. Store arrangements are infinitely more convenient for the shopper. Standards of display and sanitation have been raised. All in all, shopping has been made far easier and more pleasant.

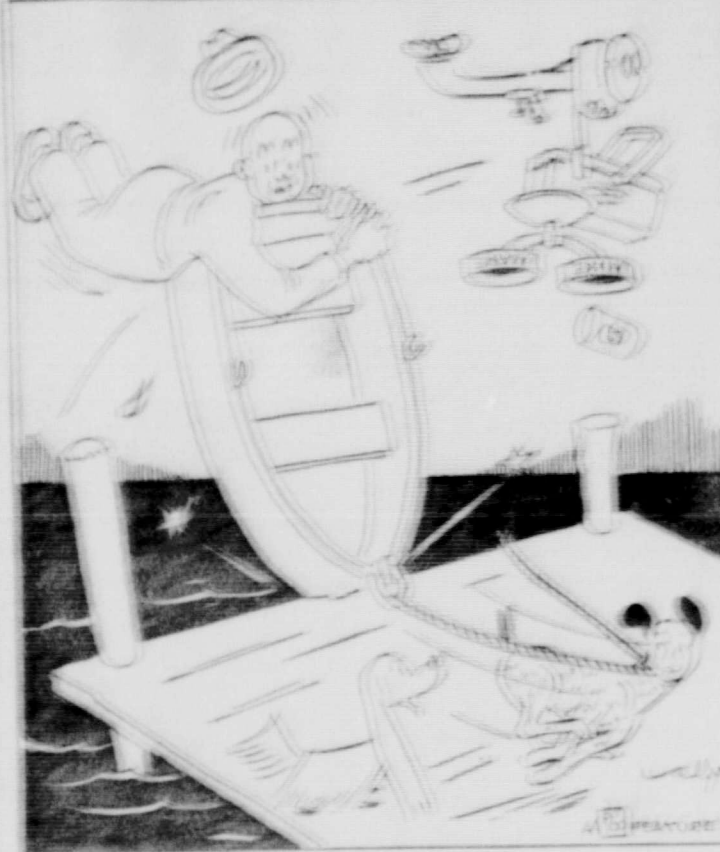

The main cause of this is a simple one, and it can be expressed in a single word: Competition. No store keeper can get by at all and see that further improvement is impossible. Any morning, the competitor down the street may come up with a new and attractive innovation, and all stores must be ready to meet it.

Competition, in which the free enterprise system is based, is the greatest influence for progress that exists.

FAMOUS REGIMENT RECEIVES COUNSELING BY HONORABLE... D. E. PEARLMEYER, British Military Attaché, (left) offers battle dress to the colors of 27th Infantry Central Postal Directory, Virginia National Guard, commemorating the service of the 6th First Virginia Regiment under Col. George Washington in the French and Indian War, 1754-63. The 27th is the historical successor of the First Virginia, organized in 1776. Col. Edwin Fox, commander of the 27th, stands beside Col. Pearlmeyer in the background of the ceremony at Camp Pendleton, Virginia.

"No, no, Mike—he can't make it. FINEST—out with it!"

Traffic Engineers Face New Problem

AUSTIN, Tex., Oct. 11.—A state-wide survey of the Texas road problem was to get started today out of the state.

While a vast farm-to-market road program seeks to remedy that difficult another question now poses itself.

How to get the city dwellers out of their traffic muddle?

The magazine ENGINEER, PUBLISHED, endorses the subject in an article in the October issue and suggests the answer: expressways.

An expressway is defined as a thoroughfare with no traffic lights at intersections at grade.

with opposing traffic streams, separated and with entry and exit limited to a few chosen points where safety can be assured.

Express traffic is carried over or under at intervals at grade separations. Thus continuous movement of traffic is and from the central districts is permitted.

A program of expressway construction has begun in New York, Houston, and San Antonio.

Expansion of the program will be necessary with future concentration of population in urban areas, the important points out.

The expressways will pay for themselves not only in the value of time saved by the Texas public traveling in and through the

city, it is believed, but the actual money saving in vehicle operation will retire the investment within ten to fifteen years.

State and federal governments share equally in the cost of constructing expressways, says the magazine, with the city or county purchasing right-of-way and drainage facilities. The local par-

ties are relieved, but the actual money saving in vehicle operation will retire the investment within ten to fifteen years.

State and federal governments share equally in the cost of constructing expressways, says the magazine, with the city or county purchasing right-of-way and drainage facilities. The local par-

ties are relieved, but the actual money saving in vehicle operation will retire the investment within ten to fifteen years.

State and federal governments share equally in the cost of constructing expressways, says the magazine, with the city or county purchasing right-of-way and drainage facilities. The local par-

icipation in the cost of expressway has been about twenty per cent of the total. Says TEXAS PARADE:

Engineers located the expressways primarily where they would best serve the traffic which has been thoroughly studied before a street was driven. At the same time it was possible to locate the bulk of mileage through undeveloped and lighted areas where right-of-way costs were cheap.

In addition to reducing right-of-way costs to local govern-

ments, this plan will enable them to get all their money back and more through increased property values.

Roll Up Your Packing Troubles

A GREAT boon to the travel enthusiast is the space-saving aid now provided by Calanese Jersey, a fabric of acetate rayon, which rolls into a small tube-like form to pack in a shoe or vacant hole in your jam-packed traveling case. Nightgowns and underthings of this fabric come out of their rolled packing, ready to wear, thus saving the cost of pressing. Even your dress made of Calanese Jersey may be unrolled from packing and worn without pressing. All you do is hang it in the bathroom while taking a shower and the slightly steamed atmosphere created will cause the light folds to disappear in a jiffy. The trick is in the characteristic suppleness of the acetate rayon of which the fabric is made, which causes it to spring back into shape. In these photographs, Miss Bonnie Carter, Calanese Jersey model, demonstrates the before and after packing of an attractively styled nightgown of white Calanese Jersey.

Before you say "Yes"

... is a suggestion by the seller or his agent that you buy the place without an abstract better consider the pitfalls you would be in if later the title proved to be faulty and you could neither sell nor borrow money on the investment you had made. Abstracts, if properly prepared, reveal the condition of the title as well as locate the property, and are considered to be indispensable in every real estate transaction by good business men everywhere.

HOMES
We have one of the best Homes that has ever been built in Cisco for a fraction of the cost to build one like it today. 10 rooms with 3 car garage and 1/2 city block. Also additional buildings on the location. Located in the very best part of town. To replace this home and buildings today it would cost \$50,000 and it can be bought for only \$17,500.

5 Room new house well located with FHA loan already established, \$4,600. \$1,600 cash will handle with small payments.

2 Rooms with one lot and furniture. Priced for a fast sale at \$1,400.

6 Rooms and bath with chicken house, near schools. All lumber in this home. \$5,000.

Beautiful 6 Room with Storage buildings. For appointment call 605.

We also have some of the best investment property listed at very reasonable prices.

RANCHES
16 Acres with good 4 Room house and all the additional buildings that one could want, located at the edge of town. This is a GI loan deal and can be transferred.

We have a number of farms and ranches listed out of town so if you are moving and are interested in a farm call **FIELDS BROS., 605.**

226 Acres with good 4 room house, 155 acres in cultivation. Let us build you a new FHA home with a small down payment and 20 yrs. to pay the balance.

METHODIST WSCS HAD BUSY AFTERNOON

Members of First Methodist Women's Society of Christian Service met Tuesday afternoon at the church for regular business meeting. After a short session the group decided to visit the new church members and shut-ins as a worthy task of the afternoon and proceeded at once on the visitation mission.

Among those participating were: Mesdames Carrel Smith, Crigler Paschall, J. T. Fields, John Shertzer, Wm. Joyner, S. H. Nance, J. T. Anderson, J. J. Porter, W. E. Ricks, Claude P. Jones, H. A. McCanlies, R. S. Elliott, T. J. Dean, Philip Pettit, W. W. Moore, Roy L. Williams, D. P. King, M. D. Paschall and Joe Lovelady.

MRS. HARVEY THURMAN HOSTESS TO HD CLUB

Word Home Demonstration club met Thursday afternoon in the home of Mrs. Harvey Thurman for a called session. The group was called to order by Mrs. Ira D. Strawn, president, who then presented Miss Rosie McCoy, Home Demonstrator of Eastland county. Miss McCoy brought an appropriate and practical lesson on "Kitchen Equipment and Utensils" giving many helpful suggestions.

During the recreation period which followed, Mrs. Cora Plumlee directed a number of interesting games.

A nice refreshment plate with drink was passed at the close of the period to a visitor, Mrs. Opal

Farnsworth, Mrs. J. D. Hall, Mrs. W. C. Clements, Mrs. W. J. Kelley, Mrs. J. E. Whisenant and the hostess, Mrs. Thurman.

MASQUERADE PARTY HONORED JUNIOR GROUP

A Farewell masquerade party honoring the older group of First Junior Training Union of First Baptist church was held Saturday evening in the church parlor.

The older group is to observe promotion day and will be members of the Intermediate Union after October 1.

Mrs. Wesley Smith, director of the Union with Mr. and Mrs. J. E. Mayhew as sponsors and J. B. Mopole, leader, were all present. Much fun was caused by the masked costumes of the children and interesting games were directed by the adults.

At the close of the evening fun refreshments of ice cream was served to approximately 25 older Juniors participating.

GROUP MET AT CHURCH THURSDAY MORNING

"The Visitor's Group" of First Baptist church met at the church Thursday morning at 9:30 where a Devotion by Mrs. Roy Morrison and prayer following preceded the morning visitation.

They then left the church for visitation in the homes of new members, sick people and shut-ins, whose names had been given them. They returned to the church at 11:30 and participated in a nice luncheon together. Reports were made of the activities of the morning after which they were adjourned with prayer.

Those taking part in the visitation were: Rev. and Mrs. Otis Strickland, Mrs. W. P. Guinn, Mrs. E. L. Jackson, Mrs. C. A. Williams, Mrs. Leo Keelan, Mrs. R. D. Guthrie, Mrs. Roy Morrison, Mrs. Austin Flint, Mrs. Cecil Adams and Mrs. W. F. Walker.

Best Tressed

Movie stars following the predictions of M. Louis, hair fashion forecaster for the American Hairdresser, illustrate hair trends for the next six months. Left is Lina Romay, currently appearing in "Joe Palooka—The Big Fight" a Monogram film, with her hair done by Lela Chambers, studio hair dresser. Right, with another style variation, is Binnie Barnes, star of Mutual's radio show "Leave It To The Girls", who has just left for England to do a picture.

Short Hair with Emphasis on Feminine Allure Forecast for Next Six Months

Hollywood stars are six months ahead of the times in grooming their hair.

And this means that the women of the nation will not be far behind when it comes to following the stars. The short hair trend with emphasis on soft feminine alluring lines is due to continue into 1949, according to the hair the American Hairdresser, leading publication of the beauty industry. Such stars as Irene Dunne, Loretta Young, Lina Romay, Ida Lupino, Binnie Barnes and Claudette Colbert set the pace in the movie capital.

In the fall styles the hair is combed out freely in the back, giving a pleasingly full effect without disturbing the basic cap contour line. Interest is added by a slight upward movement of the wave, clearly defined on the side in contrast to the present horizontal forward movement of the wave. These newer lines can be varied, modified or exaggerated to flatter each individual wearer.

Next year the lines of the hair will swing toward a new line in which the top will be flat, spreading into fullness above the temples. This movement is also predicted in the American Hairdresser.

In making these styles available to thousands of beauty salons throughout the country for the benefit of style-conscious American women, Hazel L. Kozlay, editor-in-chief of the publication points out:

"Within the current trend, styles will remain short, sleek and feminine. But they will continue away from the stereotyped severity of the cap coils which are far from flattering to many types of faces. Thus, even with the shortness, smart styling will make the hair appear more abundant without sacrificing the freedom and comfort of shorter hair. Hairdressers will adapt these general lines to each individual so they will be most becoming and flattering."

WOMEN'S COUNCIL MET AT CHURCH TUESDAY

Women's Council of First Baptist church met Tuesday, September 28, at the church at 3 p. m., in regular session. While the group assembled the pianist played softly two hymns. Mrs. Edward Lee, president, called the Council to order and read the Call to Worship.

She then presented members of Group Three who gave the following program: Song "God Will Take Care of You"; Prayer by Mrs. J. E. Elkins; Devotional "The Lord is My Strength"; Mrs. J. F. Benedict; "Some Things of Interest in Alaska"; Mrs. James Flournoy; "Puerto Rica Looks Up"; Mrs. Rex Moore.

A brief business meeting fol-

lowed. Roll call of groups and minutes of last meeting were read and approved. The chairman called for special committee reports and Miss Alice Bacon, World Call chairman announced that subscriptions, both new and renewal, would be accepted.

Plans were made for a basket dinner to be held in the church dining room on October 3 when James R. Wright, Jr. will preach in the absence of Rev. R. W. Crews.
