EVERY YEAR about this time the people who run the Dallas Fair send all of us country editors a sheet of paper. It admits us free at the front gate, gets us a free luncheon at noon, provides gratis tickets to the big football game (Texas - Oklahoma, this time), and gets you into the big musical show (Jimmy Durante and Harry James).

AND WE JUST can't turn down a proposition like this. So we'll be out-of-town Saturday. We're taking a notebook to bring home all the dope on the State Fair of Texas, 1948.

EVERY TIME WE go to Dallas or Fort Worth, we always say "never again" because of the very heavy traffic. If anything, it will be worse this year. You'll spend about two hours at least sitting out your car waiting for the guys to think what another ten minutes to move along. It worries us to think what another ten years of building cars like mad will do to the traffic situation.

WE WERE CHECKING with the record book the other day and so far this year Mother Nature owes Cisco 14.5 inches of rain that we didn't get. September is supposed to yield at least five inches. All we got was a trace. The dust is getting so bad that it's awfully hard on football games and circuses.

SPEAKING OF circuses, we met Mr. Clyde Beatty here yesterday. The circus left here for Sweetwater for a one day stand. They're en route to the west coast to spend the winter. Beatty will make several motion pictures during the winter. He's a nice-looking fellow.

WE'LL REPORT next Tuesday on the Dallas Fair.

### Cisco representatives attend U. S. Highway Meeting in Eastland

Representatives from the Cisco, Eastland and Ranger Chambers of Commerce met early this week at the Eastland Chamber of Commerce, it was reported today, and discussed advertising plans for the United States Highway 80. The erection of a large illuminated sign located somewhere along the route between Weatherford and Fort Worth, was considered. The purpose of the sign would be to sell tourists on the advantages of driving Highway 80 from Fort Worth to El Paso.

### County wide Beer election Assured as County Clerk Completes Check

Eastland County Clerk, W. V. Love, whose duty it is to check the names appearing on a petition recently filed calling for a beer election in Eastland County, states that his investigation would be completed Friday, but that he has progressed far enough with his checking to determine that the names of the required number of legally qualified voters appear on the petition.

### Anniversary to be observed by Nazarene Churches

On October 10 the Church of the Nazarene located at 210 W. 7th. will join in a churchwide celebration of the Fortieth Anniversary of the organization of the Church of the Nazarene as a protestant denomination.

The union of separate groups from the West, the East and the South took place at Pilot Point, Texas in 1908 under the leadership of Dr. P. F. Bresee of Los Angeles. Rev. Howard Hoopole of New York City and Rev. C. B. Jernigan of Texas.

At the time of the organization in 1908 there were 10,000 members scattered widely in 128 churches with a few missionaries in a half dozen foreign areas. At that time the Sunday School Department had an enrollment slightly in excess of 6,000 and the total giving of the church was \$140,000. Forty years later (1948) the Church of the Nazarene had grown until its membership has reached 210,000 representing 3,350 churches in the United States, Canada and the British Isles with nearly 200 missionaries in twenty-eight foreign areas. The Sunday School enrollment has advanced to 400,000 and the total giving for all purposes during 1947 was more than \$44,000,000, making the per capita for the year \$90.28.

The Church of the Nazarene, which maintains its International Headquarters in Kansas City, Missouri, supports six major colleges in the United States, one in Canada and one in the British Isles and the Nazarene Theological Seminary, graduate school for ministers and missionaries. In addition "Showers of Blessing" radio voice for the Church of the Nazarene, is heard over 150 radio stations and by short wave around the world.

### Agriculturist Needed by Civil Service

The Civil Service Commission announces examinations for the position of Agriculturist with the Bureau of Reclamation at the entrance salary of \$3727.20 to \$7452.20 a year in the states of Oregon, Washington, California, Arizona, Nevada, Idaho, Montana, Wyoming, Colorado, New Mexico, Utah, North Dakota, South Dakota, Nebraska, Kansas, Oklahoma and

Applications and additional information may be obtained from the post office; the Executive Secretary, Central Board of U. S. Civil Service Examiners, Bureau of Reclamation, Denver Federal Center, Denver, Colorado; or from the Regional Director, 14th U. S. Civil Service Region, 210 South Harwood Street, Dallas 1, Texas.

### Deputy U. S. Marshall examinations Stated by Civil Service

The Civil Service Commission announces examinations for filling vacancies in the position of Deputy U. S. Marshal at the entrance salary of \$2974.80 per annum. Employment will be with various offices of U. S. Marshals, Department of Justice, in the state of Texas.

checking of the names appearing on the petition, it will be turned over to the Eastland County Commissioners' Court whose duty it will be to, within certain time limits prescribed by law, call the election. Love stated that in all probability he would turn the petition over to the Commissioners' Court Friday for their consideration at their meeting next Monday.

### Amarillo Entertains Miss Begay

Florence Iva Begay, 17-year-old Navajo Indian from Flagstaff, Arizona, right, is cordially entertained on her visit to Amarillo, Texas. Miss Begay, traveling to New York City to enter college on a scholarship, said she was ordered by two bus passengers to sit in "Jim Crow" section near Amarillo. She returned home discouraged. The Amarillo Globe-News hearing of the incident invited Miss Begay and her father as guests to the Tri-State Fair. From left to right, are: Miss Dorothy Ray Bivens, Tullia, Tex., Queen of the Fair; Miss Lona Wilson, Indian student of Wayland College, Plainview, Tex., and Miss Begay.—(NEA Telephoto).

### Criminal Carelessness Cause Of Most Fires, Olin Culbertson Tells Firemen Convening Here

Carelessness bordering on the criminal side is responsible for a larger per cent of fires in the United States, according to State Railroad Commissioner Olin Culbertson who spoke before the 20th semi-annual meeting of the Midwest Texas Firemen's Association here Thursday.

Of the \$690,000,000 fire losses in the United States this year 90 per cent were preventable, Culbertson declared. "And the tragedy is that largely through carelessness and public indifference, the lives of 2,000 children in this country were sacrificed in a single year. Most of the children who lost their lives were under five," he said.

### Concert Season Tickets Will Be Mailed out Soon

Officials of the Eastland County Community Concert Association announced today that membership cards for the concert season will be mailed out soon and pointed out that memberships are available for newcomers to the county who were not here when the membership drive was staged.

Local Chairmen from whom the memberships may be secured are: for Ranger, Mrs. David D. Pickrell; for Eastland, Mrs. Clyde Garissom and for Cisco, Mrs. E. L. Graham. The membership cards have arrived and will be mailed out well in advance of the first concert which is on December 6. At that time the Bary Ensemble, an all girl organization which will present instrumental music, will be heard.

Three concerts will be given this year. The other two besides the Bary Ensemble are on March 15, the Teitschniks, a duopiano team and on March 28th, John Sebastian, harmonica virtuoso.

All three concerts come to the association with the highest recommendations from the bookers as well as from audiences which have heard them.

Admission to all concerts is by membership card only. No tickets are sold at the door, nor for any single concert in advance.

secretary of the Fire Marsall's and Firemen's Association, said that he didn't think much of Fire Prevention Week because it was too much like the old-time brush arbor revival where even the Chinese cook got "religion" and then went back to his usual ways, and next year got it all over again. He declared that fire prevention should be taught school children every week by a member of the fire department.

Eighteen towns and cities were represented at the meeting which got under way with the registration of visitors at 10 a. m. The meeting was presided over by Hugh Zetzman, Roscoe, first vice-president who was acting in lieu of President J. C. Hall, Jr. Lorraine, who tendered his resignation. Hall's resignation was not accepted and he was retained in office.

The business session was opened with a song led by Leonard Henderson of Colorado. After the invocation by Rev. Stuart McC. Rohre, local Presbyterian minister, Mayor Edward Lee and B. A. Butler welcomed the visitors. N. W. Autrey and Leonard Henderson responded for the firemen.

Secretary Sharpe called the roll and the following towns were represented: Baird, Cross Plains, Merkel, Roscoe, Colorado City, Post, Snyder, Albany, Moran, Breckenridge, Ballinger, Ranger, Throckmorton and Cisco. Speakers were here from Austin, Odessa, Grand Prairie and Electra. Zetzman, who was a delegate to the state convention in San Antonio, gave a report on the meeting, and discussed new ideas gained from the meeting. Other speakers included Cap Horton of Albany; T. E. Lewis, past state president; Chief D. C. Musick of Abilene; N. A. Redwine, formerly of Odessa; N. W. Autrey of Snyder, Hamilton Wright of Abilene, Frank Williams, state fireman's pension commissioner of Austin; John Mansfield, Merkel; Carl Kunkel, Albany; Leonard Henderson, Colorado City and Andy Anderson, Cisco, fire chief.

Breckenridge was awarded the next meeting which is to be held in April, 1949.

In the races and contests that followed the business session, won the six-man pumper contest in 35 seconds flat. Albany was second with 36 1-5 seconds. Colorado City won the hose contest in 19 9-10 seconds. Snyder was second with 22 seconds. Judges were J. J. Mansfield, Merkel; Floyd Hamilton, Cisco and Railroad Commissioner Culbertson. Timekeepers were D. C. Musick of Abilene and C. E. Settle of Cisco.

### Crippled Lobos Expect Tough Game With Ranger Bulldogs Tonight At 8

With one starting back definitely out of action and one starting lineman on the bench for most of the game, the Cisco High School Lobos are in for a tough game with the Bulldogs from Ranger High School tonight at the Ranger Stadium, according to Coaches Hansard and Overll.

George Watts, who was injured in the game with Stephenville will not suit out for the next two or three weeks, the coaches said. Watts received a broken blood vessel in the game with the Yellow Jackets, and has been on crutches since that time. Clarence Noble, mainstay in the Lobo forward wall will be on the sidelines at the opening kickoff, and likely will not see much action during the game. He received a head injury in last week's contest.

Hub Harwell and Jim Cummins will alternate at the wing back position, while Bacon will probably start at Noble's guard position.

The coaches are taking the entire squad to Ranger for the game tonight. Coach John Hansard said that the game would be similar to the one played last week, but that the Lobos were in a little better condition this week. He expects a tough night for the hometowners but is optimistic as to the chances for a win.

The team will leave for Ranger at 5 p. m. and will be given plenty of rest before kick-off time.

Probable starters for the Lobos will be Smit hand Rylee at ends; Woods and Boggs at tackles; McFarley at the center post. In the Murry and Bacon at guards and backfield Rendall will start at full; Milner will fill the blocking back assignments; Cummins and Harwell will alternate at the wing position and Johnson will be in the tailback slot.

### Baptist Radio hour features Noted Speaker

ATLANTA, October 8.—"With Christ in Business" will be the subject of "The Baptist Hour" for October 10, with W. Maxey Jarman of Nashville, Tennessee as speaker, it was announced today by the Radio Commission of the Southern Baptist Convention. Atlanta, S. F. Lowe, Director.

Heard over station WFAA at Dallas (7:30 A. M. CST), The Baptist Hour series, "Christ is Lord" observes Layman's Day, in cooperation with the Baptist Brotherhood of the South; and a million men and boys are expected to be in the listening audience preceding their attendance in Bible school and church services.

Mr. Jarman, one of the South's outstanding laymen, is Chairman of the deacons of the First Baptist Church, Nashville, a Vice President of the Southern Baptist Convention, and Chairman of the General Shoe Corporation.

### Segregation Discourages School Girl

Iva Begay, seventeen-year-old Navajo Indian school girl returned to her father in Flagstaff, Arizona after she was ordered into the "Jim Crow" section of a criss country bus in Amarillo, Texas. She continued on to Oklahoma City but on arrival there became discouraged and returned home. Iva was enroute to Sarah Lawrence College in New York to accept a scholarship. She said she may decide to return to New York later but will steer clear of Texas or any part of the "Jim Crow" belt.—(NEA Telephoto)

### Rangers subdue Cisco Junior College, 20-6, with blistering aerial attack

Ranger Junior College's hard-charging football team out-fought the Wranglers of Cisco Junior College, crippled by injuries and illness, here Thursday night to score a 20-to-6 victory in conference play. Some 2,500 fans turned out for the game.

With Coach Jack Everett and a half-dozen of his star performers laid up with injuries, colds and influenza, the Wranglers didn't have the power and drive needed to cope with the visitors. The Ranger team clicked with near-perfection in virtually every department.

Ranger's Quarterback Arterburn, both on the offense and defense, was the sparkplug of his defense. He was a consistent ground-gainer and chunked passes with considerable accuracy.

The first quarter was fairly even with no scores. The Wranglers had a threat when they took over on their 29 yard line after a punt exchange. Leveridge circled end for 11 yards. Tompkins hit center for six and a penalty netted a first down in midfield. Gann skirted end for 13

yards and the drive ended, Moseley punting out. A few moments later, Tompkins hit Leveridge with a long pass that was ruled incomplete.

Ranger's first touchdown came early in the second quarter. A sustained drive began on their own 20. Arterburn ripped off 21 yards and three passes and a couple of line bucks put the ball on Cisco's 5. Arterburn fumbled and McClelland fell on the ball for a touchdown. The extra point was good.

A few minutes later, the Rangers took over in midfield. A pass took them to Cisco's 13 and four plays put them on the 1 with a first down. Arterburn scored and converted.

Near the end of the third quarter, Ranger started again from midfield. Three passes later, they were on Cisco's 2. Boyd hit center for a touchdown. The kicker missed the uprights.

Don Johnson, substitute quarterback, sparked the drive that netted Cisco's lone tally. Beginning from their own 28, the Wranglers marched and passed to a touchdown. Gauntt made 7 yards. Johnson passed to Owens for a first down on the 45. Ranger's 39. Another first down Johnson ripped off 16 yards to and Johnson hit the line for 8 resulted from pass interference, yards. On an old Statue of Liberty play, Johnson handed the chased out on Ranger's 1-yard ball to Tompkins, who was line after a 24-yard jaunt. Johnson then hit Leveridge for a touchdown. Moseley missed the uprights.

The Wrangler line had several stars, including Raymond Penn, Don Price, Wesley Rutherford and others.

#### MEND THAT ROOF!

There is an ancient joke about the man who didn't mend his leaking roof when it was raining, because it was too wet to work inside, and didn't mend it when the sun was shining, because then there was no necessity for making the repair.

Millions of people seem to follow the same idiotic plan when it comes to fire prevention. For one empty reason or another, they keep putting the job off—and it never gets done.

As an example, this is the proper season of the year for getting ready for winter. A large percentage of all fires result from heavy loads on heating and lighting equipment which has developed defects. Here is where an ounce of prevention is worth a pound of cure—and the time to have an expert mechanic check over your equipment and put it in safe, efficient shape is now, before the cold, dark days set in.

It is an axiom that a clean, orderly home is a safer home. Closets, basements and attics full of old clothes, magazines, furniture and other junk are a constant attraction to fire. Give your discards away to some charitable organization which can make good use of them—and eliminate another major fire hazard at the same time.

In a phrase—prevent tomorrow's fire today.

#### THE RAILROAD CASE

The Dallas Morning News recently ran an editorial on the government's suit against the railroads for allegedly overcharging the government \$2,000,000,000 on freight moved during the war. In it it made this all-important point: "This is not a series of claims made against an operation which could not have occurred at all without the official sanction of the administration."

The railroads did not quote the government rates on a take-it-or-leave-it basis. Instead—at the government's request—they set up a committee of experts to arrange the charges. This committee was given the formal approval of the then assistant attorney general who had charge of anti-trust proceedings. Every rate arrangement made had to be approved by the responsible government official concerned before it became operative. In not a single instance was the government charged a rate higher than that quoted to commercial shippers. In most instances the rate was less, and often by a very large margin.

As for profit, the government paid the railroads \$5,606,000,000 in freight charges during 1942-43, inclusive. In those same years the railroads paid back \$3,668,000,000 in taxes. Thus, if the government were now to win its case for \$2,000,000,000, the railroads would have paid out \$62,900,000 more than they received for the magnificent job they did in moving war freight!

These are facts of record. During the war, when speed was all-important, the railroads followed a system of rate making which was both suggested and approved by the government. What more could they have done.

The man who is waiting for something to turn up might do well to start with his shirt sleeves.

### BRIEFLY TOLD

Mr. and Mrs. H. C. Nix have returned to Cisco after an extended trip which took them into 23 states, the District of Columbia and Canada. They report seeing some very interesting cities and places, reaching from the most southerly point of the states, Key West, Florida to Toronto, Canada; and from the eastern point at Roanoke Island to Yellowstone National park. The trip was made with a house trailer, which is a fine way to see and tour the country. The bumper crop throughout the northern corn belt was wonderful to see; and good condition and prosperity seemed to prevail on practically the entire route. Texas is suffering from dry weather more than

any other state. They saw many trailers on the highways and in Florida. During the winter season one can find Trailer Parks of over 1000 trailers. Mrs. John Stansell, daughter of Mr. and Mrs. Nix, and her son Johnnie, accompanied them on most of their trip. Their son-in-law, John Stansell joined them at Yellowstone National park for part of his vacation. After going to Salt Lake City they returned home coming by Cisco where they visited Mrs. Stansell's uncle and aunt, Norman and Miss Jo Gray.

Mrs. Austin Flint was devotional leader when the Thursday morning visitors met at First Baptist Church to take part in the weekly visitation. Those participating were Mesdames L. G. Ball, Austin Flint, W. P. Guinn, E. L. Jackson, Cecil Adams, Leon McPherson, D. A. Morgan, W. F. Walker, Roy Pippen, C. A. Williams, Ada Wheeler, Roy Morrison, Rev. and Mrs. Otis Strickland.
