YOUR HOME PAPER

TRADE AT HOME

If you spend a dollar at home you have some hope of getting it back; if you don't you just spend a dollar!

VOLUME XXVIII

CISCO, TEXAS, TUESDAY, OCTOBER 19, 1948

NUMBER 24

The Gay Philosopher

Copyright New York Graphic Society By J. W. S.

WE HAVE LEARNED for a fact that a good many people are readers of your home paper. A recital of our experience of the past few days is very convincing.

A DAY LATE last week The Press printed an ad that came in the mail. It stated that carpenters and workers were wanted by the Price Oil Company at Gorman to build 35 houses and offered attractive wages. The ad did not give any details except to say for people to report at Gorman.

NEXT WE KNEW about the deal was the following day as people started telephoning for more information. They had been to Gorman and couldn't find a Price Oil Co. The people even called from Gorman. A goodly number came to see us in person but we couldn't answer the questions. The Gorman editor also is seeking information.

RUMORS REPORT that the Price company in a big firm from Fort Worth and that they plan to build a refinery at Gorman where they have a new and large oil field. We have not been able to confirm these reports. If anyone has any hope on this deal we will be glad to have it so we can pass it on.

WAS OUT AT Mr. and Mrs. T. Thomas' new country home the other afternoon for an inspection. They've recently moved out on a 160-acre ranch some four miles southwest. The house has been rebuilt and is very attractive indeed. T. has acquired some 25 assorted cows is now has every right to wear boots. It must be a real satisfaction to have a fine layout like they have.

Mrs. Sutton Crofts and children, Dot and Dash, went to Dallas Saturday and visited the State Fair.

Mr. and Mrs. O. A. Bruton, Jr., returned Thursday night from Brownfield where they had been called by the illness on Mrs. Bruton's father, G. G. Gorce.

An Olympic marathon race is 26 miles and 385 yards.

Cisco High School Band Invited To Special Clinic

The Cisco High School Band, directed by Fred Baumgardner, is one of sixty bands invited to a clinic to be held at Howard Payne College in Brownwood on October 21 in connection with the appearance of the United States Navy Band there.

Directed by Lt-Comdr. Charles Brendler, the Navy Band will play two concerts in Memorial Hall, one at 3:45 p. m. and another at 8 p. m. These concerts are being sponsored by Howard Payne and the American Legion.

The program for the clinic at Howard Payne will include a morning session from 9 a. m. to 12 noon and a parade by participating bands in the early afternoon.

Leading the clinic will be Dr. Russell Wiley, conductor of the university bands at the University of Kansas. He will play, interpret, and give special instructions for band performances of seven numbers prescribed for the competition festivals of the interscholastic league in the spring.

Assistance Checks To Be Increased Remainder of Year

Payments to those who are dependent upon Old Age Assistance Aid to the Needy Blind, and Aid to Dependent Children were increased on average of about \$2.00 on October 1, 1948, as a result of recent changes in the Federal Security Act, according to Dee Burleson, local field worker for the State Department of Public Welfare. In the dying days of the regular session of the 80th Congress, the matching formula by which federal money is allocated to the states was changed. The new federal formula provides about 64 per cent federal to 36 per cent state. There is, of course, no federal money allocated any state except on this matching basis.

Had not additional federal money been made available, it would have been necessary to reduce each old age assistance check between \$2. and \$3. during each month of the present fiscal year. It is now possible to avoid this cut and instead raise checks \$2. and to adopt a maximum payment of \$50. in the old aged and blind programs; and \$27. for the first child in a family and \$18. for each additional child in the aid to dependent children program. All adjustments have already been made, and it has not been necessary for those receiving aid to visit the welfare office to secure such raises as are possible.

Pirates of the 17th century were called buccaniers.

A soporific is a medicine inducing sleep.

Japanese Suicide PT Boat Will Be Exhibited In Cisco Saturday

One of Japan's suicide PT boats will be exhibited in Cisco next Sat. Oct. 23rd.

This fantastic weapon was known in Japan as the "Shinyotie" which translated means, earth rocking ocean boat. It was developed by the Japanese as part of the fanatical plans made for the defense of their home islands and it was used with devastating effect on American ships at Okinawa.

This suicide boat is 18 feet long and is powered by a Japanese built copy of an American 5 cylinder valve-in-head engine. It was capable of speeds up to 50 MPH.

Loaded in the bow was a 675 pound Anti-submarine depth bomb rigged with a contact detonator. The pilot a member of Japan's suicide corp, was expected to join his ancestors in the fulfillment of his mission.

Also on exhibit is a set of the 32 pound shoes that were locked on the suicide pilots feet to insure his willingness to carry out his suicide assignment.

The PT Boat was captured intact at Amami O'Shima in the Ryuku Islands. It was brought to this country by the Navy Department for test and observation. It is now on loan to the Navy Club of U. S. A. and is being toured nationally by them.

This exhibit is open to the public. There is NO ADMISSION charge, however, VOLUNTARY donations are gratefully accepted and funds so raised help the Navy Club continue its welfare and rehabilitation program.

Navy Club of U. S. A. is an accredited non-profit veterans organization. It was incorporated by Act of Congress in 1940, and is dedicated to the welfare and rehabilitation of Naval personnel of all wars.

The PT Boat and many other interesting trophies will be exhibited in a specially built trailer located at Avenue D and 7th from 10:00 a. m. to 9 p. m. one day only.

If you are now or have served in an branch of the Naval Service log be sure to sign the visitors log after viewing the exhibit.

Caracas is the capitol of Venezuela.

Arthur Grist Is Laid To Rest In Oakwood Monday

Funeral services were held at 2 p. m. Monday at the Thomas Funeral Chapel for Arthur Grist, 86, retired hardware merchant and former resident of Cisco, who died at the home of his daughter Mrs. J. F. Airhart, in Raymondville on October 16, 1948.

Mr. Grist, who was born in Straud, England, on August 12, 1862, was one of the pioneer mechanics of Cisco. He established a hardware business here in the early 1900's and operated the business until his retirement a few years ago. He was a member of the First Methodist Church and the Masonic order.

Rev. Otis Strickland, minister of the First Baptist Church, conducted the services at the chapel and at the graveyard in Oakwood. Thomas Funeral Home was in charge of the arrangements.

He is survived by one son, Fred Grist of Cisco; and five daughters, Mrs. P. G. Fisher, Baynard, New Mexico; Mrs. J. F. Airhart, Raymondville; Mrs. Lillie Bryant, Dallas; Mrs. Edgar Airhart, Knott and Mrs. E. V. Ellis of Sweetwater.

Palbearers were W. W. Fewell, Haywood Cabaness, Geo. P. Fee, A. L. Clark, Harry Schaefer and W. Delmer Johnson.

Little Girl Resting After Snake Bite

Maritta Rumley, five-year-old daughter of Mr. and Mrs. Repeat Rumley of Cisco, was recovering from the effects of a snake bite she suffered late last Friday afternoon. She was given treatment at Graham Hospital.

The little girl, her parents said, had been playing on the front porch at home in the east part of town and stepped on a copperhead snake that had apparently crawled from under the house foundation. She was bitten on the left foot.

Prompt treatment at the hospital was credited with saving her life. She was released from the hospital Monday.

University Offers Advanced Course To Butane Dealers

AUSTIN, Oct. 16.—Based on the success of training given throughout the state to butane dealers and other personnel, an advanced course will be offered by the University of Texas on December 1.

The entire state has been covered by the University's Bureau of Industrial and Business Training in the first butane dealer's program to be given.

Service and maintenance personnel, as well as dealers are invited to take part in the courses. Work is offered in cooperation with the Texas Butane Dealers Association.

Well Known Drum And Bugle Corps Will Visit Cisco

The State Championship Drum and Bugle Corps of Moslah Shrine Temple of Fort Worth and officers of the Moslah Shrine led by Potentate H. Ward Collier will pay a good visit to Cisco Wednesday.

The visit is part of a tour of eighteen West Texas towns to be made by the Shrine group, and residents of the towns visited will see in addition to the Drum and Bugle Corps the Bedouins and Directors, two other colorful uniformed units from the Temple.

Members of Moslah Shrine will be visited in each of the towns, and advice will be given prospective novices who plan to be a part of the big fall ceremonial of Moslah Temple to be held in Fort Worth November 16.

Prowlers Give Local Officers A Busy Night

Prowler complaint calls by citizens in two separate sections of the city Monday night were investigated by police, who today sought possible suspects.

Mrs. Jay Garrett, 410 West 7th Street, reported a prowler attempted to enter the back door of her home just after she had locked the door for the night.

When police were summoned by telephone at about nine o'clock, Mrs. Garrett said the would be intruder fled. Window screens on the north side of the house were taken from their hinges, it was discovered by police. Officers combed the surrounding neighborhood.

Mr. Garrett, a salesman for the West Texas Utilities Company, was away from home at the time of the incident.

Approximately two hours later, Police rushed to the Olin Odom, Jr., residence, now under construction, where officers were told persons were seen attempting to remove plumbing fixtures and lumber stacked in the front yard. No loot, however, was taken.

H. V. Kirby, night watchman, reported Tuesday morning scuffling of prowlers from the new gymnasium's lumber and supply houses. An investigation was made, and nothing as to equipment and lumber were found missing, police said.

HE SAVES SOMETHING

Driven from his home by a fire that destroyed 14 houses in the Coney Island section of Brooklyn, this man carries his portable belongings down an open stairway to safety. Eight persons were injured and 150 driven from their homes.—(NEA Telephoto).

Midgets To Play Team From Clyde Here Tonight

The Cisco Grammar School Midgets, inspired by a 7-0 victory over the DeLeon Grammar School football team at Chesley Field last Thursday night, will be out for their second victory in a row tonight at the local football grounds when they take on a visiting eleven from Clyde. The game is scheduled for 7:30.

Coach Garrett and fans expressed themselves as being well pleased with the showing the Midgets made against a big DeLeon team in their opening game. The game was highlighted by the running of Jones, Cowan and Black and the fine play of the entire forward wall.

The blocking of Walker and the downfield blocking of the line aided runners in piling up extra yardage on many of the plays.

The Midget line was outstanding from end to end. They held the DeLeon team to minus 6 yards for the four quarters while their teammates were amassing 119. They blocked two of the opponents punts and snowed a fighting spirit that is seldom seen in an opening game.

Following the benefit program for the girls who spread willingly Lobo football spirit and school unity, a dance in the Wrangler Corral will be given, Nancy Cross, head pep leader, announced.

The "box supper" will begin promptly at seven o'clock, she stated. No admission will be charged.

Early Frost Hurts Some Fall Gardens

The Cisco area received its first killing frost for the winter Sunday night and Monday morning when the temperature reached a low of 37 degrees. Many fall gardens were severely damaged and some tender flowers were nipped.

The frost was the earliest in many years and caught most people napping. The high for the day was 65. The high so far this month was 90, which was recorded on October 15.

The barometric pressure has ranged from a low of 29.59 on the 6th, to a high of 30.40 on the 17th.

So far this month 1.4 inches of rain have fallen with much of the month being partly cloudy to cloudy.

BOX SUPPER FOR CHEER LEADERS

In order that cheer leaders at Cisco High School might help to defray personal traveling expenses and other minor costs that have steadily increased since the current football season got underway, the six girl pep squad will sponsor a "box supper" on Tuesday night, October 26, at the Junior College cafeteria.

Following the benefit program for the girls who spread willingly Lobo football spirit and school unity, a dance in the Wrangler Corral will be given, Nancy Cross, head pep leader, announced.

The "box supper" will begin promptly at seven o'clock, she stated. No admission will be charged.

COURTHOUSE RECORDS

The following instruments were filed for record in the County Clerk's office last week:

1 1/2 Billion Dollar Road Block!

RAILROADS MUST OPERATE around the clock every day and night of the year.

Although they know this, leaders of 16 railroad unions are demanding a five-day, Monday through Friday, week for one million railroad employees.

They want 48 hours pay for 40 hours work—in itself a 20% wage increase.

They also demand a minimum of 12 hours pay for any work performed on Saturdays, and 16 hours pay for any work performed on Sundays and holidays.

On top of all this they want an additional increase of 25c an hour for every employee!

You'd Pay the Bill!

Summing up these demands, they mean that these union leaders seek to force the railroads to give one million employes an annual raise which would average \$1500 per employe!

The total cost of this would be no less than 1 1/2 billion dollars per year, which is more than twice the expected net income of the railroads this year.

You'd pay the bill, because if these increased costs are forced on the railroads,

they must have still further rate and fare increases.

Demands Unreasonable

These employes have had substantial raises during and since the war. Their average weekly earnings are higher than the average weekly earnings of workers in manufacturing industries. They have more job security than the average worker in American industry. They also enjoy paid vacations, a retirement system and other advantages more generous than the average worker receives.

In contrast with the demands of these 16 unions, which add up to the equivalent of 48c an hour, the Conductors and Trainmen recently settled their wage request for an increase of 10c an hour.

Railroads Run for Everybody—Not Employes Alone

The railroad industry must serve not one but many groups—producers, businessmen, shippers, passengers and the general public—night and day, every day of the year. These unions are proceeding in utter disregard of this important difference between railroads and other industries. Industrial plants can be shut down over weekends and holidays, but freight, mail, express and passengers must continue to move. *Everybody who enters railroad employment knows this.*

Strike Threat

On September 18, 1948, the leaders of these 16 unions began taking a strike vote. *But the threat of a strike will not alter the opposition of the railroads to such unreasonable demands!*

MUSIC CLUB COFFEE IN L. SHOCKLEY HOME

Cisco Music Study Club began activities of the club year with a coffee Wednesday morning at 9:30 in the home of Mrs. Lonnie Shoskey. Guests were welcomed by Mrs. Shoskey after which they were shown into the dining room.

The room decorations carried out the club colors of silver and rose. The table laid with beautiful maderia cloth, was centered with a pretty arrangement of rose color carnations flanked at sides by tall burning tapers in silver candle holders.

Mrs. C. E. Paul, club president poured coffee from a silver service at an end of the table and Mrs. James Flournoy served the rolls to the guest. On the plates dainty rose and white mints were placed.

Following coffee the guests were seated in the living room for the program. Decorations of pink and white roses were arranged artistically about the room making a pleasant sitting for the guests. Fred David Shockley, son of the hostess, was

presented in two piano numbers, "Au Matin" by Godard, and the "Doll Dance" by Brown.

Mrs. C. E. Paul, president, gave a prospectus for the coming year's work and announced the sixth district convention of music clubs which convened in Sweetwater Friday, October 15. Several members planned to attend. Mrs. Paul also announced the National Federation Convention which is scheduled to meet in Dallas March 27 to April 3. Year books of the club were distributed

at the close of Mrs. Paul's talk. Those present were: Mrs. J. A. Jensen, Mrs. Ben Krauskopf, Mrs. Randolph Lee Clark, Mrs. C. E. Paul, Mrs. James Flournoy, Mrs. Ada Mobley, Mrs. Dorothy Prange, Mrs. F. E. Shockley and the hostess, Mrs. Lonnie Shoskey.

The needs of West Ward School, club project for the year, were discussed; a report was made of the City Federation meeting and it was announced that Child Study Club will have the program at the November meeting of the federation.

The afternoon program was presented by Mrs. Richard Donovan and the topic discussed was "Polio." Some personal experiences of the speaker gave her a first hand knowledge of the sub-

ject. Mrs. Donovan, nurse, helped with the during the epidemic of the program.

Refreshments were prepared by the hostess, Mrs. Rider. Close of the meeting to follow: Mesdames Gene Charles Burke, Don Choad and Donovan, J. C. Fletcher, Heyser Jr., J. H. Latson Jr., Graves Jr., Bill Huffman, ward Morris, Alton Lomax, ald Rhodes, Ray Kinard, Overall, Don LaCasse, C. Phippen and Victor Lawson.

Captain of Industry

Meet Butch—Pres., Treas., and Field Force of the One Man Odd Jobs Co. Uninc. Take a good look at him—for Butch is America.

Butch wants a bicycle. Lots of lawn and lemonade and baby-sitting lie between Butch and that bike, but we're betting on the boy. He has energy, vision, and our national habit of working hard for what he wants. He's American business—in miniature.

There are many names for Butch's philosophy. You can call it Free Enterprise, Opportunity, Democracy, or Capitalism, if you want.

But, whatever the name, America owes it much. For our most valuable natural resource lies in the ambition and initiative of Americans like Butch.

As great publications have grown from the dreams of young men with old handpresses—and great industries from the products of grubby little cellar workshops—the electric industry had small beginnings, too. Like our own company. A few men with vision strung the first small lines. People with faith risked their savings. Better and better service, at lower and lower cost, created more and more jobs—and carried the benefits of electric living to more and more people.

Free enterprise and hard work will bring Butch and his bike together. They are what built America and the American way of life, which is the highest standard of living in the world. No nation on earth has found a satisfactory substitute for that combination.
