THE ELK HUNTERS are home from a very enjoyable trip to Colorado. The party included A. D. Anderson, Jack Anderson, Willard White, Zan Burroughs, and Jack Midkiff of Moran. They got all the Elk that the law would allow. They hunted bear also, but without success. That's the way we'd want it if we went bear hunting.

MR. A. D. Anderson, by the way, has just completed a project that has done a lot to improve the appearance of the Breckenridge highway railroad crossing. His new truck servicing building is a handsome addition to the neighborhood.

MET UP WITH Mrs. M. D. Heist the other day. She and Mr. Heist live on a ranch 25 miles northwest of Cisco in Callahan County. They have the kind of ranch we'd like to have—they grow oil wells. Some 25 years ago, they drilled in an oil well at 410 feet. They kept drilling until they had 20 wells. And they're still producing.

MORE ON THE Price Oil Company ad that attracted so much attention: We're told that the company has been contacted and denies knowledge of the ad. All we know is that a letter came ordering the ad and the money was with it. And it all seemed okay to us.

Many Additional Officers Needed By Armed Forces

To provide the necessary officer personnel to accomplish the mission of the Army under the current expansion program, the department of the Army will offer commissions, as Reserve Second lieutenants for active duty, to young male citizens who have served with the armed forces and have completed 2 or more years of college.

Applicants must be between the ages of 19-31 and meet the mental, physical and moral requirements necessary for commissioning.

If accepted for appointment the applicant must agree to serve on active duty for a period of at least 2 years and he may sign for a three-year tour.

This program is in addition to the Officer Program through attendance at Officer Candidate Schools, which is open to high school graduates 19-28 years of age, and was instituted to guarantee a steady flow of junior grade officers into the Army.

Full information and application blanks may be had by calling at the Army and Air Force Recruiting Station, located at 311 West Main Street in Eastland.

TO FORM VOLLEY BALL LEAGUE

According to an announcement by Charles Burke, president, the ABC Club will formulate plans for the organizing of an All-City Volley Ball League in a meeting tonight in the high school gymnasium at 7:30 o'clock. All persons interested in participating in a fall and winter sports program, such as the volley ball league, were urged to attend.

NOBODY MET HIM

Dejected Bohman Nelson, 8, sent by his mom to see Daddy in New York City, makes his pups and kitten comfortable in Grand Central Station. With his pets, 40 comic books and a nicker, he arrived from South Norwalk, Conn. Nobody was at the station to meet the lad. He said his mom sent him to visit with his father for a month, but his father, separated from his wife, said he didn't "want to get involved." So the Children's Aid Society has the lad and the SPCA has his pets. —(NEA Telephoto).

Undeclared Midget Eleven to Tackle Strong Ranger Junior Team Tonight

Coach Pop Garrett's mighty Midgets from Grammar School will pit their record of two wins against no defeats in two games played so far this season, against a strong Ranger Junior High team tonight at Chesley Field. The activities are slated to get under way promptly at 7:30.

The Midgets have played DeLeon and Clyde Grammar School teams so far this year and have won both contests, the first by a score of 7-0 and the second by 14-0. The games were highlighted by the broken field running of elusive Bob Black and the power pushes of Jones and Cowan. Another strong factor in the two wins was the fast charging and stinging tackles of the Midget line, along with the downfield blocking by the entire team.

The strong Ranger Bullpups recently handed the Eastland Junior High School Dogies their first defeat in two years, when a big boy named Meroney in the Ranger backfield gave the Eastland boys fits all evening on tricky double reverses and power runs.

Coach Garrett announced that the starting lineup would be the same as last week with Brunkenhofer and Reynolds at ends; Stone and Culpepper at tackles; Seabourne and Notgrass at guards and Mosley at center.

Tickets For Game With Brownwood On Sale Tuesday

Black, Cowan, Jones and Walker will start in the backfield positions.

Tickets For Game With Brownwood On Sale Tuesday

Tickets for the Cisco High School Lobos-Brownwood Lions football game scheduled for Friday night at Chesley Field went on sale at all drug stores today. It was announced by school board officials. The tickets will remain at the stores until Friday noon.

The Lobos will be in fair condition for the game, according to the coaches. They came out of the Weatherford game with several bruises and sprains but most of the injured will see action. Most seriously injured were Durwood Smith who received a kidney injury, and George Watts who sustained a sprain. Harwell received a knee injury but will see lots of action.

The boys are working hard this week to work out a defense for the Rampaging Lions, and are working on new plays to throw at the visitors.

High school students will have a week of pep rallies and by game time Friday night the old football spirit will be at a high pitch. A city-wide rally before the game is being planned and announcements will be made later as to time and place.

Pep Squad Leader To Sponsor Benefit Box Supper Tonite

A benefit box supper is being sponsored by the pep squad leaders of Cisco High School and will be held tonight at the Cisco Junior College "Corral" at 7 o'clock, according to an announcement.

The girls—Nancy Cross, Scrippy Cluck, Mary Butler, Montie Lisenbee, Joan Ewell and Martha Smallwood — are staging the benefit program in order to defray personal traveling expenses and other minor expenditures that have steadily increased since the current football season was launched. The boxes, strikingly adorned with various colors of crepe paper, will be auctioned off to the individual buyers. The boxes will be sold to the highest bidder, the girls said.

A dance in the student "Corral" will follow immediately after the Box Supper auctioning is scheduled. No admission is being charged.

Mrs. Huffmyer Returns From Two Day Credit School

Mrs. Lucille Huffmyer, secretary manager of the Merchants Credit Association, returned Sunday from Austin where she had attended a two day school for credit reporting agencies. She was accompanied on the trip by Mrs. Rea Wilson, secretary of the Retail Merchants Association of Breckenridge, who also attended the school.

Mrs. Huffmyer gave an informal talk before the body, using as her subject, "Publicity and News Releases." She also discussed the printing and distribution of weekly bulletins for the members of local Associations.

During the two days of the meeting there were 12 hours spent in credit school work. The members attended two luncheons and heard lectures by leading credit men of the state.

On Friday evening the visitors were entertained with a dinner party which was the only entertainment of the meeting. Mrs. Huffmyer was agreeably surprised when she found that Melvin Sandler had a big part in entertaining the party. Melvin played several piano solos and played the accompaniment for some of the other entertainers.

Eastland County Dairy Met Monday Night to Discuss

The Eastland County Dairy Association held its regular monthly meeting Monday night at the Cisco Junior College Cafeteria with A. Z. Myrick, president in charge.

The principal business of the meeting was a general discussion of the association's artificial insemination program. The benefits of the program to the small dairy farmer and to the entire dairy industry was brought out in the discussion. It was pointed out that by the artificial breeding, dairymen could build their herds from the leading bulls of the nation without the cost of buying to maintain breeding animals, thereby eliminate feeding expense and other cost items necessary to maintaining breeding animals.

The success in the program in other areas was explained, and the value of the dairy industry to the farmer and the community was brought out.

Means of securing the minimum number of cows for the project was discussed, and the idea of working with agriculture classes was tentatively accepted. The idea of the plan was said to be for the classes to work with the farmer in signing up cows for the project, with the class signing the largest number winning first prize of \$75.00. The plan calls for a campaign to work with the chambers of commerce of the communities of the county to furnish prize money. There will be 15 prizes ranging from \$5.00 to \$75.00.

The Gorman Chamber of Commerce was said to be in favor of the plan and pledged \$100.00 toward the work.

President Myrick outlined other projects planned, and pointed out that plans were being worked on to start a foundation where registered heifers would be placed in the hands of worthy FFA or 4-H club members, in an attempt to assist them in beginning a good herd. The plan is similar to the Sears Foundation which places pigs in the hands of club boys and girls.

LETTERS

Dear Editor: In-as-much as the election for the purpose of legalizing the sale of beer in Eastland County is drawing near, I thought the readers might be interested in some interesting facts taken from Sam Morris' paper "The Voice of Temperance."

In his article "The Failure of Repeal" he wrote: "Under the repeal act many of the states have found that the legalizing of liquor sales have multiplied crime problems many fold. Many of the states are now voting out beer and other alcoholic beverages by local option, because the repeal act has failed. Texas now has 139 dry counties and a recent newspaper survey revealed that 53 per cent of people 21 years old or above would vote for a statewide repeal if afforded the opportunity.

"Since the repeal law went into effect there has been a steady increase in the consumption of liquor. In 1934 the average gallon consumption of alcohol was 10 and in 1945 it had increased to 20.

"No wonder our court documents are crowded and our penal institutions are packed and jammed with cases involving liquor.

"No wonder 17 year old boys lead our 16 billion dollar-a-year crime parade.

"No wonder divorces and wrecked homes have multiplied and grown every year since the repeal.

"No wonder city jails are full of drunks, drunken women stagger our streets, and drunken drivers race our highways, turning them into bloody slaughter lanes.

"Advocates of the repeal will tell you that legalizing the sale of alcoholic beverages will outlaw the bootlegger and drive him out of business. Last year with 400,000 legal outlets for the sale of liquor, federal agents confiscated 8,000 moonshine stills and caught over 11,000 bootleggers." Think when you go to vote.

Respectfully,
J. R. De ARMAND,
700 Avenue G.

TO THE VOTERS OF EASTLAND COUNTY

We, the undersigned qualified voters of Eastland County, solicit your support in our effort to legalize the sale of beer in those precincts of the County which permitted it's sale prior to October, 1939, when Eastland County last voted dry.

Since beer was voted out of Eastland County, the State of Texas has passed a new Liquor Control Act. It is much stricter in it's provisions regarding who may secure a license to sell beer, hours of sale are governed by law, and in general many more restrictions are placed around the sale of beer.

We feel that the time has come to outlaw the bootlegger in Eastland County and restore the sale of beer by tax-paying, law abiding citizens of the county. We know that business is being lost to our County because legal beer is obtainable in nearby towns.
