IT HAS COME to our attention that The Press mildly hurt the feelings of some six or eight young fellows out at the high school. A recent article about the home economics foods class indicated that the class is made up entirely of girls.

Such is not the case. Six or eight boys are enrolled in Mrs. Grace Bradshaw's class. And our informant says they're doing a splendid job. Cooking is pretty much of an art and not very men ever master it completely.

MRS. JOHNE Belle West, 811 West 11th St., reports that her son, PFC Arthur West, U. S. Marine Corps, San Diego, has just returned to the West Coast after a week's visit with home folks. And he paid the Press a compliment for its efforts to keep one and all informed on the news at home.

THE YOUNG MARINE said he enjoyed Jim Ewell's sports reports. Jim, by the way, is predicting a Lobo victory over Brownwood when the two teams tangle here Friday night.

THERE MUST be some people in town who are interested in Saturday's Texas-SMU game. A fellow telephoned this morning and wanted to talk with a sports authority. Nobody else was around, so we asked what he wanted.

"Tell me," he said, "is Doak Walker a mudder?" Questioning him further, we found the man worried about Walker's ability in the mud. We told him that we didn't think the mud would effect his playing any more than any other players.

Cisco FFA Boys To Attend District, National Meetings The Cisco Chapter of Future Farmers of America, in a special meeting Tuesday, named delegates to the district meeting in Breckenridge to be held on November 2; and to the Kansas City convention to be held on November 16.

Elected to attend the Breckenridge meeting were Winford Carrey, Gordon Dunaway, Niel Maples, Johnny Joiner and Hughes McCrerey.

Willie Joe Holland and Hughes McCrerey were named to represent the Cisco chapter at the meeting in Kansas City.

West Bros. To Drill Shallow Well Near Putnam West Bros. and Associate announced Thursday that they were rigging up preparatory to beginning drilling operations on their No. 1 Fred Heysler. The well is to be located 150 feet from the west line and 800 feet south of the north line of the lease which is in quarter section 118 B.O.A. survey.

The well is to be a 600 foot test located in Callahan County some five miles south of Putnam.

Joan Lisenbee is ill of flu in the home of her parents, Mr. and Mrs. T. E. Lisenbee at 805 west seventh street.

The telephone number of the society editor of Cisco Daily Press had been changed from 77 to number 37.

Lobos, Hampered by Injuries, To Face Strong Brownwood Team Friday

Coaches Hansard and Overall of the Cisco Lobos were far from optimistic today over the chances of piloting their team to a win over the Brownwood Lions at Chesley Field Friday night. The team, still hampered with injuries, will face one of the fastest teams in the district and will spot the visitors some 15 pounds per man in the weight department.

The coaches were undecided as to the starting line-up, particularly in the backfield positions. With Milner, Watts, Smith, Harwell and Johnson nursing leg injuries they will have to fall back on thin reserve strength for most of the game. Possible starters will be Callerman at quarter, Cummins at wingback, Rendall at full and Johnson or Sharp at tailback.

In the line McGowan will probably start at left end in the place of Durwood Smith who suffered a back injury in the game with Weatherford. Medical authorities reported that Smith suffered a dislocated vertebrae and a sprained hip. Smith, who has been alternating at end and back, is the principal ground gainer for the home team.

Coach Hansard said that the Lions were a big, fast team that went for long gains. They are expert ball handlers and masters at double and triple reverses. The coaches stated that they were depending on the fine Lobo forward wall to make up for the injured backfield. Bacon was the only lineman with the exception of Smith who suffered injuries in the Weatherford game, serious enough to keep him on the sidelines.

The game is scheduled to begin at 8 p. m., and tickets were placed on sale at all drug stores Tuesday.

Rains Aid Range Conditions; Frost Damage Light

General rains over south Texas and Plateau counties have improved prospects for winter range and pasture grasses. Continued development of all commercial vegetable in south Texas was also favored by the generous moisture supply. Widely scattered showers in northern and western areas were beneficial, but more rain was needed to insure continued growth of winter grains; to bring dry seeded acreages to a stand; and to permit completion of seeding operations. For the most part, damage from the frost a week earlier was not excessive.

Pecan harvest was beginning in northcentral and northeast Texas and was well along in southern areas. Good yields were reported for most areas. Peanut harvest continued in full swing in the northern peanut area. With most crops mature, frost damage during the week resulted only in lowering the quality of the hay.

Winter range and pasture feed prospects were further improved by rains in southern and Edwards Plateau areas and by more widely scattered showers in the Trans-Pecos and northern areas. Upper coastal and most southeastern counties continued dry with range feed short. Stock in that area continued to show some shrinkage in spite of supplemental feeding. Killing frosts stopped growth of summer grass in the Plains area.

Callahan County Pioneer Dies At Home in Putnam

Funeral services will be held at the Baptist Church in Putnam at 2 p. m. Friday for J. B. Eubank, 70, retired farmer who had lived in Putnam and Callahan County since his birth. He was the father of Mrs. R. F. Webb of Cisco, and Mrs. Ray Eubank, formerly of Cisco. Mr. Eubank died at his home in Putnam at noon Wednesday after a long illness.

Rev. H. N. Baldree of Putnam will conduct the services and will be assisted by Rev. Otis Strickland of Cisco. Burial will follow in the Putnam cemetery. Castleberry Funeral Home in Albany will be in charge of arrangements.

Pallbearers will be I. G. Mobley, Loren Everett, Walter Francisco, Fred Heysler, Sam Hedrick, Everett Williams, Frank Cunningham and R. B. Taylor.

Mr. Eubank was the second white child born in Callahan County. Had he lived until Nov. 20, he and his wife, who survives would have celebrated their golden wedding anniversary.

He is survived by his wife of Putnam, and 10 daughters, Mrs. Gene McCart, San Francisco, Calif.; Mrs. Claud Franklin, Hayward, Calif.; Mrs. Sis Westray, Niles, Calif.; Mrs. E. S. Dames, Hayward, Calif.; Mrs. Ray Willbanks, Moran; Mrs. Tom Beard, Canyon; Mrs. Jack Miller, Fort Worth; Mrs. Ralph Miller, Abilene; Mrs. E. G. Low, Albany; Mrs. R. F. Webb, Cisco.

Also surviving are two sisters, Mrs. Herman Houston of San Diego, Calif., and Mrs. W. R. Jackson, Jersey City, N. J.; and two brothers, S. M. Eubank of Putnam and Ed Eubank of Moran. A number of grandchildren survive.

Reburial Services For Putnam Boy Held October 24

Reburial services for Sgt. Roy Lee Jobe, 26, who died at Nagoya, Japan on September 3, 1945, were held at the Methodist Church in Putnam at 3 p. m. Sunday, Oct. 24.

The cremated remains arrived in Putnam by train on October 22, and were received by Wylie Funeral home, who was in charge of the arrangements.

Services were conducted by Boyd Hayes of Abilene and W. A. Strickland of Baird, Church of Christ ministers.

The American Legion was in charge of services at the graveside. Reburial was in the Putnam cemetery.

Vocal music was given by a men's quartet composed of Gilmer Hughes, Hubert Ross, John Towler and W. A. Strickland of Baird.

Pallbearers were Jack Everett, Franklin Shackelford, Joseph Bentley, Buster Roberson, Robert Mason and Curry Liverett.

A native of Putnam, Sgt. Jobe was the son of Mr. and Mrs. Earl Jobe. He received his grade and high school education in the Putnam schools. He enlisted for duty with the Armed Forces on August 23 1938, and was placed with the infantry. He served 15 months, and re-enlisted in ground forces of the Air Corps. He was sent to Nichols Field in the Philippines and later to Clark Field, P. I. With the fall of the Philippines he was taken prisoner and moved to Japan where he died.

Surviving are his parents, Mr. and Mrs. Earl Jobe of Putnam; four brothers, Raymond of Greensburg, Kansas, George P. of Camp Breckenridge, Ky., Billie Mae of Putnam and Foy in the U. S. Army; and one sister, Mrs. Troy Carraway of Fort Worth. Also surviving is the maternal grandmother, Mrs. E. H. McWhorter of Baird.

Month-old Child Undergoes Major Surgery Thursday

Word as received in Cisco today that Howard T. Rogan III, infant son of Mr. and Mrs. Howard T. Rogan, Jr. of College Hill, underwent major surgery in a Fort Worth hospital early this morning to correct an abdominal ailment.

The baby, who is only a month old was taken to the Fort Worth hospital Tuesday upon the advice of a local physician. An examination by a Fort Worth specialist revealed that he was suffering from a closed intestine and the operation was performed to remove the obstruction.

No word was available as to the child's condition after surgery.

Textile Growth For West Texas Seen in Future

ABILENE, Oct. 28.—West Texas is in an especially favorable spot to acquire a large part of the nation's textile growth, according to a cotton textile industry survey for the area, just issued in a bulletin from Texas Technological College. This bulletin was prepared by Mark E. Wood, research associate of the Cotton Research Committee of Texas, for the West Texas Chamber of Commerce-Santa Fe industrial committee.

Wood points to growing western markets as requiring a greater expansion of the textile industry. The area already has five cotton mills within its boundaries and the only textile engineering school west of the Mississippi, where the "know-how" of cotton textile manufacturing is taught.

History of the cotton textile industry in the United States is fully traced in the report, with tables and charts giving comparison of the West Texas area with cotton textile manufacturing centers.

"There is some evidence that Eastern capital already is interested in West Texas as a potential center of cotton textile manufacturing," the report says.

Advantages of location in West Texas are then listed, although the report points to the necessity of ample water for the industry. The West Texas Chamber of Commerce has passed copies of the report on to its local directors and local Chambers of Commerce, urging them to apply it to local conditions.

State Health Service Sponsors Graduate Work

AUSTIN, Oct. 28.—The four-day tumor postgraduate course just concluded in Galveston, sponsored jointly by the State Health Department and the University of Texas Medical School, is an important phase of the work being done by the Cancer Control Division of the State Health Department, according to Dr. Geo. W. Cox, State Health Officer.

Special emphasis was placed on neoplasms of the lungs, the thyroid, and the lymphoid system. More than a hundred Texas physicians, both general practitioners and specialists attended the course, and some of the nation's best known cancer authorities participated in the program.

Dr. Arthur Purdy Stout, Professor of Surgery at Columbia University spoke on "Pathology of Tumors of the Thyroid"; Dr. Don C. Weir, Instructor in Radiology, St. Louis University, discussed "The Diagnosis, Treatment and Prognosis (Radiological) of Neoplasms of the Lymphoid System"; and Dr. Shields Warren, Director of the Division of Biology and Medicine, Atomic Energy Commission, spoke on "The Medical Aspects of Atomic Bombings."

Other leading tumor specialists who assisted in the course included Dr. C. A. Stevenson, Chief of Radiology, Scott and White Clinic; Dr. Harry Hauser, Assistant Professor of Radiology, Western Reserve University School of Medicine; Dr. John V. Good, Professor of Surgery, Southwestern Medical School, and Dr. W. E. Adams, Professor of Surgery, University of Chicago School of Medicine.

Dr. Cox said that other similar postgraduate courses will be held from time to time, to stimulate greater interest in and disseminate a wider knowledge of tumors of all types.

Mr. and Mrs. George Preutt and two daughters, Jeanette and Donna, left Thursday for Pampa where they plan to remain for a few weeks.

Benefits of National Prohibition
There was no advertising of alcoholic beverages. No radio announced it. No newspaper extolled alcoholic beverages. No plate glass windows exhibited it. There were no billboards reminding the drinker of his favorite brew. It was branded as an outlaw, banished from our front streets, discredited in the thinking of law abiding citizens, and the open saloon with its stench, moral pollution, and degraded patrons went from among us.

Adoption of the Eighteenth Amendment was followed in America by a marvelous era of prosperity, glowing and unsurpassed. Bank deposits mounted, homes were built, living conditions were raised, education spread, luxury grew, churches sprang up, and the whole nation underwent a transformation, the magnitude of which would fill many volumes to describe in detail.

Some of the benefits that resulted from National Prohibition are enumerated for us in the publication, "Prohibition in the United States," by D. Leigh Colvin, pages 474-481. Arrests for drunkenness decreased sixty-four per cent. According to the United States Census Report, the prison population decreased 21.5 per cent. Decrease in commitments to prison decreased in Indiana fifty-nine per cent; in New York, forty-nine per cent; in Connecticut, sixty-seven per cent; in Washington, D. C. eighty per cent; and in like proportions all over the nation. Crime in general of all descriptions decreased over the country from forty-five to sixty per cent.

Out of about 240 institutions for the care of inebriates, which treated hundreds of thousands of patients, nearly all were closed as a result of National Prohibition. There had been sixty-eight Neal institutions for the treatment of alcoholics and every one of them closed within two years following the adoption of National Prohibition. Likewise there had been fifty Teetley Institutes, some of them very large. Following the adoption of the Eighteenth Amendment they all closed except the mother plant in Dwight, Illinois, and it sold out and moved into small quarters and had less than a dozen patients.

Wives rejoiced over sober husbands. Men spent their money for food and clothing instead of for beer and liquor. The above is proof positive that the victorious pathway for men and nations is to abstain from all beer, wine and strong drink. The Holy Bible declares: "RIGHTEOUSNESS EXALTETH A NATION; BUT SIN IS A REPROACH TO A N Y PEOPLE." (Proverbs 14:34) A. F. ASHENHUST. (Paid Political Adv.)

VOTE FOR RIGHT --- KEEP OUR CITY CLEAN

Here are some questions for every qualified voter of Eastland county to consider, in the coming election, November 2.

1. IS IT RIGHT to build churches to save men's souls and at the same time license shops that destroy men?
2. IS IT RIGHT to license a man to sell that which will make a man drunk and then punish the man for getting drunk?
3. IS IT RIGHT to license a man to make paupers, criminals and insane, and then tax sober people to support these paupers, criminal and insane?
4. IS IT RIGHT to license a saloon to breed vice and tax people for schools to teach virtue?
5. IS IT RIGHT to derive revenue from a traffic which scientists, medical authorities and educators cannot defend?
6. IS IT RIGHT for our Government to abet and support a civil enemy which killed in the two years following Pearl Harbor more Americans than the German and Japanese combined?
7. IS IT RIGHT for the law to punish man for a crime which he commits after buying and drinking the stuff the law-licensed tap room sold him?
8. IS IT RIGHT for any so-called Christian, man or woman, to touch, taste, or handle or harbor in the home a product which, according to J. Edgar Hoover, chief of the F.B.I., is the basic cause of 80 per cent of all crime?
9. IS IT RIGHT for a Christian to serve cocktails, little drinks of poison, that sooner or later call for bigger drinks of poison?
10. IS IT RIGHT for any so-called Christian, man or woman, to touch, taste, or handle or harbor in the home the greatest enemy ever known to home or church?
11. IS IT RIGHT for anybody to go to church on Sunday and pray for God's blessings on the Nation and then go to the polls on election day and vote in favor of the Nation's greatest saboteur?
