The true-to-life story of the American newspaper boy is a story in itself. Time was when the newspaper boy was a kid on the street corner who sold his wares in a squeaky voice and fought off the other toughs who attempted to monopolize his beat. Most likely he was painted by the man on the street in variou mediums of descriptions as dirty-faced kid with ragged patched clothes and a clenched ever-ready pair of fists. Eastland "Dogies" Monday Night

The Mighty Midgets from Cisco Grammar School will travel to Eastland Monday night to attempt to bulldog the Eastland Junior High "Dogies," it was announced by Midget Coach H. R.

(Pop) Garrett. The local grammar school boys have been successful in two out of three starts this season. They defeated a big DeLeon team in their opening game, and on the following week they trampled a ast team from Clyde. The only loss was to a rugged team from Ranger Junior High School who scored a TD in the last quarter to win 12-6.

,The Ranger team, with Meroney doing most of the ball carrying, beat the Eastland squad 19-0 in a previous game.

The Midgets have played a fine brand of football in each of the three starts this season and Coach Hansard is eyeing the boys as future Loboes. Black, who returned a Ranger kick-off 86 yards to score, is the principal ground gainer of the team. Cowan, the heavyweight of the team who starts at full, is good for yardage on every try. Jones is hard to stop and a tower on de fense behind the line. Walker and McCrea alternate at blocking back and can be depended on to dump would be tacklers

The entire line of Brunkenhoefer, Reynolds, Notgrass, Culpepper, Stone, Seabourn and Mosely have been outstanding in previous games. Coach Garrett is cooperating with the high school coaches in their long range-program planned to build a better high school team in the future. He urged the fans of Cisco to go to the games to encourage the boys and to see four full quarters of real football.

VOTE FOR AMENDMENT NO. 8

The State Bar Association's special committee on the judges ement amendment (Ralph Yarborough of Austin, chairman) issued the following statement, which appears to be worthy of consideration of the public

We want to urge every Texas voter to study carefully all the amendments to the constitution being presented on the general election ballot, Nov. 2.

We of the State Bar believe that the last amendment on the list permitting the establishment of the retirement plans for our Mass at 7 a.m. judges, is vital and should be adopted.

There are eight amendments on the ballot, however, and we feel it is extremely important that voters inform themselves about the merits and demerits of each one before voting. The 50-50 system of voting for or against constitutional amendments is a dangerous and unfortunate practice.

Constitutional law is the most important law of the State. It 11:00 a.m. is decided by the people themselves and changes in the constitution should not be made recklessly and by guesswork.

Why I am opposed to the sale of Intoxicating Liquors-

In the forty years I have been in the ministry I have preached many funerals caused directly or indirectly by intoxicating liquers and am therefore opposed to it. Some say the return of beer will bring good business. Yes, it would bring good business for the brewer, the doctor, hospitals, casket makers and undertakers.

We wish to appeal to the sober minded people that think more of civic righteousness and the welfare of our young men and women than they do of filthy lucre to vote and use their influence in the coming election against the return of beer in our county and city.

STOP --- LOOK --- LISTEN VOTERS OF EASTLAND COUNTY

We Go To The Polls November 2 To Vote On A Moral Question: Not A Political Or Financial Question.

REASONS FOR VOTING AGAINST THE LEGAL SALE OF BEER IN EASTLAND COUNTY:

- 1. Because legitimate business would suffer through WASTE of money on Beer.
- 2. Because Beer would impose additional burdens on the tax payers if the county-additional officers would be needed to patrol and enforce regulations.
- 3. Because BEER drinking and BEER selling should not and cannot be raised to a position of respectability.
- 4. Because the government does a thing does not make it right.
- 5. Because BEER is a temptation to our youth. Juvenile delinquency is at a minimum in Eastland County. Beer causes juvenile delinquency.
- 6. There is no legal control law that can protect your child from a drunken driver.
- 7. Because the brewers care nothing for our churches, schools, and homes.
- 8. Because BEER breeds bad company, alcohol and organized vice grow hand in hand.
- 9. Because the Word of God Says "WOE UNTO H I M that Giveth his NEIGHBOR DRINK, that puttest thy bottle to him, and makest him DRUNKEN also . . "Habakuk 2:15

REASONS FOR VOTING FOR THE LEGAL SALE OF BEER IN EASTLAND COUNTY:

- 1. Some people sincerely think legal control is the answer to this problem.
- 2. Because of the desire to sell beer and profit from the sale of beer.
- 3. Because of the desire to d ink beer.

OTHER REASONS NONE

The Eastland County Drys were organized by a gathering of about 600, including people from all parts of the county, professional men, business men, farmers, ministers, housewives, and other classes. Officers were daily elected.

"I'll see you in warmer regions first," threatened the cow baron, "farther than a wedge would fall in twenty years."

Nor, continues Land Commis sioner Giles, does the School Land Board expect payment as it was eventually offered by the embittered Goodnight. The cattleman made one last effort to stampede the board into accept ing a lease renewal at 4 cents per acre. With Buck Walton and W. B. Munson, other cow barons, Goodnight secured \$100,000 in ash from an Austin bank, loaded it in a wheelbarrow and hired a dusky negro porter to wheel the ortune up Congress Avenue to the capitol.

Regarding the present increasn rentals, Giles has this reques appreciation of the Goodnight spirit, which the Land Commis sioner has personified at times in his demands that the Federal Government recognize Texas claim to the tideland domains

"We hoped any protests are couched in more diplomatic language and that payments are tendered by cashier check, no greenbacks heaped in wheelbarrow and delivered to m by a negro porter."

ELECTRONIC EYES FOR THE BLIND

Backing the movement to employ handicapped workers is only one phase of the program carried out by The Timken Roller Bearing Company. Donation of an electronic gaging machine to the Ohic Institute for the Blind is the latest step by the company that employs fifty partially or totally blind persons in six Ohio plants.

Designed originally to give employment to blind civilians and to aid in the re-employment of Timken veterans, the device, by means of sound in place of the normal reading dial, enables the blind operator to make a final inspection on precision bearing parts at a speed and degree of accuracy comparable to that of sighted persons.

TO THE VOTERS OF EASTLAND COUNTY:

On Tuesday, Nov. 2, our county will decide whether or not we will permit the legal sale of 4 per cent beer in those precincts where it was formerly permitted.

In 1943, the Texas Legislature rewrote the Texas Liquor Control Law, and placed severe restrictions around the sale of beer in counties where legal control is in effect. It placed almost unlimited discretion in the hands of the County Judge as to who would be granted a beer license, of any such license. as well as the location It placed added restrictions and penalties as to hours of sale and to whom sales could be made. For instance, sales to minors result in severe suspensions or cutright cancellation of the license by the Liquor Control Board. Sales must stop at midnight on week days and cannot be made before 1.00 P. M. on Sundays.

The Legislature gave the cities the right to further regulate hours of sale, but not to extend them beyond the hours given above. Incorporated cities have the power to zone the sale of beer in any manner they see fit, and to confine its sale to strictly business districts in during populariser 1948, the ram of \$2,378,35405.

evenues from the sale of legal alcoholic beyer uges sold in The sale of legal beer brings license fees to the Federal County, City and State governments. Legal beer pays millions of dollars annually to the State and Federal governments. For example, the October report of the Liquor Control Board shows that the State alone collected in revenues from the sale of legal alcoholic beverages sold in Texas during September 1948, the sum of \$2,378,354.05.

State law provides that three-fourths of these State revenues be paid into the Clearance Fund (from which Old Age Pensions are paid,) and one-fourth to the State Available School Fund.

Remember, the bootlegger pays no taxes or license fee and tells his products to anyone who has the money, no matter what his age or condition. He has no license to protect.

Nearby wet counties are attracting business which rightfully belongs to Eastland County mercants and farmers. Our citizens go there, buy beer and many other things in these towns.

We sincerely believe that we should vote for legal beer and that conditions would be much improved under our present strict State Laws. We have formed ourselves into a Legal Control Committee, not only for the purpose of sceking to legalize the sale of beer, but to offer our help to our officers and the community in seeing that its sale is kept under wholesome conditions.

We hope you will join us by voting for legal sales next Tuesday by scratching the bottom lines on your ballot.

Sincerely yours,

EASTLAND
