The Gay Philosopher

Copyright New York Graphic Society by J. W. O.

THE PRESS OFFICE window has a display after being for some weeks. The display features copies of original documents now being shown to the country on the treasure department's freedom train. The copies include Jefferson's draft of the Declaration of Independence, the Bill of Rights, Lincoln's hand-scrawled Gettysburg Address, extracts of letters written by George Washington and other material.

THEME OF THE display is everybody's job. One of the display pieces is entitled "The Freedom Pledge" and another is "What to do about it." You might be interested in looking at the layout. Drop by the any time.

WAS READING AN encyclopedia the other night and ran across an article on the Gettysburg battle. November 19 is the anniversary of the Lincoln address, and thinking you'll find it interesting, we'll quote part of it as follows:
For three frightful days, 161,000 men struggled in climatic heat. The soft spring grass lay matted and reddened on those Pennsylvania hills. By the morning of July 4, 1863, the mills were still. A fresh morning breeze dispersed the acrid camp smoke and the fields lay wet with their 5,664 dead. Long lines of trains plodded north and south, bearing their wracked and wounded—27,602 in all. The Battle of Gettysburg was on.

Then six months later, Gettysburg suddenly became much more than the site of an important battle. It became a pledge for all time to the fighting men of our nation.
In the purest literature and in perfect English ever spoken, Abe Lincoln dedicated our country to the completion of the unfinished work of America's fighting men. He voiced for all ages, our debt to the Americans of Concord, New Orleans, Vicksburg, San Juan Hill, the Argentine, Coral Seas, Corregidor, Iwojima, Anzio and Normandy." The address is worth reading.

Firm Plans Second Well on Adjoining H. A. Bible Tract

The Del-Lake Oil Company of Delavan, Wisconsin, this week was completing its A. W. Wright No. 1 in section 36, Lavaca County school lands, 14 miles south of Cisco, for flowing Marble Falls production, and preparing to drill the second well of a ten-well program on a 1200-acre farm out from J. T. and Robert S. Anderson of Cisco. The second well, now rigging, will be drilled on the H. A. Bible tract, one and a quarter miles south by west of the Wright.

The Wright topped Marble Falls at 3,000 feet, drilled to a total depth of 3057 and shot the stratum with 170 quarts of nitro between 3017 and 3050 feet. The well responded with heads, flowing through shot bridging which is being cleaned out now. Tanks will be set this week and potential run as soon as swabbing and cleaning are complete. Completion is being done with spudger after rotary drilling to the pay.
Contractor is Virgil Taylor of Gainesville. Frank A. Proctor Jr., recently of Gainesville and now of Cisco is drilling superintendent of Del-Lake. Officials of the company, Fritz Johannes, vice-president, and Jay Reeder, secretary-treasurer, all of Delavan, Wis., were here when the well was shot.

The tract is in semi-proven Marble Falls territory where several wells have been producing from this stratum for 12 to 22 years. There is also some shallow production in the area.
The Del-Lake, a corporation only recently formed by Wisconsin business men, obtained its first production in the Olney area.

Fire Damages Duplex; Two Men Are Arrested For Running Over Hose

A fire that virtually destroyed a duplex at 511 West 5th Street in Cisco at 1:45 p. m. Thursday brought from firemen and city police today a solemn warning that city ordinances governing pedestrians at fires will be fully enforced in the future.
Fire Chief H. O. (Andy) Anderson estimated that the property, owned and occupied by Mrs. C. E. Allen, was a 75 per cent loss. He attributed a large part of the loss to persons who violated ordinances by running over fire hose, attempting to help firemen and "trespassing generally."
Police arrested two men—an Abilene man and a Breckenridge man — and they paid fines for running over fire hose. Chief Anderson said that trespassers, and onlookers "were guilty of taking fire hose away from firemen and knocking out window glasses, breaking a nozzle off one hose, and blocking all entrances with their cars."
The blaze was believed to have started from defective electric wiring.
Officials indicated that other arrests might be made in the investigation that is being conducted of the blaze. They quoted from article 78 of the city's fire ordinance that provides penalty for persons "passing within lines established by firemen when fighting a fire." It also is a violation of ordinances to run over a hose.
It was estimated that damages would exceed \$3,000 to the home. Firemen described the blaze as the worst since January.

Wranglers Whip TMC, Loboes Lose

Collegians Stage Power Display To Take 28-13 Game

Cisco Junior College's Wranglers unleashed a tidal wave of power here Wednesday night to conclude their 1948 football season with an impressive 28-13 triumph over Texas Military College of Terrell. Some 1,600 fans turned out for the game that opened the holiday weekend program.
The win notched Coach Jack Everett's eleven into third place title standing—one shy of last year's record—with five victories and five setbacks.
Wednesday's encounter wound up grid careers for some 10 seniors at the College Hill Campus. Senior returnees included Leverage, Garner, Mcquire, Nobles, Renn, Moore, Kutherford, Lee and others.

Once the game was underway, one might first have foreseen another dismal ending for the Wranglers, especially so after an array of fast stepping Cadet backs starting moving the ball in large gains. Paced by the tireless James Wallace, the Cadets scampered 62 yards in four plays for the initial score of the game, converting a Wrangler fumble in the down field march. Try for conversion was nullified.

Seconds later, the Wranglers regained their old fumbling habit in the bad spots after return in the Cadets kickoff, losing procession of the ball on their own 36. At this stage of the mounting fury, Glenn Long, Cadet wingback, boomed off-tackle for five yards, Wallace, on a handoff from Bill Darland, circled right end for an extra 6 yards and plays later the Cadets were operating from Cisco's 29 yard line.

Setting the stage for a second thrust at the Ciscoans' goal, Wallace raged to the left side for an intended pass play to Jerry Watson, end, but cautious Jack Leverage slipped in front of the lanky end, retrieved the ball and gained 36 yards along the south sidelines, thus spoiling the spot.
From the 2 yard line, the treat where Leverage was stopped, Garner added to his ball toting fame and crossed over for the score behind a wall of blue jerseys. Little Paul Mosley, who kicked all four conversions, sent the ball winging over the cross bars for the extra point, setting the Wranglers into the headwind.

Wallace plugged his right-tackle for no gain, then hammered at his ends without visible gains and on the remaining down, tackle John Davis shifted into the backfield and attempted a field goal. It was muffed by the plunger and the Wranglers assumed the ball handling on their own 20.

In the third quarter, with four minutes left, Jack Gauntt rused loose from three Cadet tushers and blazed the games longest run, side stepping and then working the midfield for a 65 yard sprint for the Wranglers second try. Mosley converted.

After an exchange of downs as the clock ate up the remaining seconds, a blocked punt set up the Cadet second touchdown when tackle Tom Beal rushed in and somehow managed to knock the ball down on the 4 yard line. Wallace, showing up as a deceptive runner, knifed to the 1 and Davis went over.

A third effort snapped the Cadets' remaining strength when Mcquire, mid-way of the fourth, intercepted a Wallace to Perry lateral on the 34, plowing back to the 15. From here, Mcquire rammed 4 yards off tackle, a quarterback sneak added 10 and Garner went over for the third tally. Mosley again performed as a professional at the place kicking duties, running up the score 21-10.

The final Wrangler score started when Willis Black intercepted an angling pass in the south end and drove to the Cadets' red flags 23 yards away, crossing over untouched. The drive came 2 minutes after the third scoring spree. Mosley converted and that ended the ball game, so far as TMC was concerned.

SHOPPING PROBLEMS HURRY THANKSGIVING

Large Crowd Attends Early Morning Traditional Thanksgiving Service

"It is a good thing to give thanks unto the Lord," was the theme of the Thanksgiving message delivered by Rev. C. S. Moad, minister of the Church of God, before a large crowd gathered at the First Christian Church at 7:30 a. m. on Thursday for the traditional Thanksgiving union services.

Rev. Moad began his talk by giving a short history of the Thanksgiving holiday, then said that though there were thousands of reasons for being thankful, he would give four of the principal reasons:
"First," he said, "we should be thankful because He is our creator." He followed this with a story of the creation. "The second reason why we should be thankful," he said, "is because He is the giver of all blessings, both temporal and spiritual."
"Third, we should be thankful because He sent His Son Jesus Christ to bring, or purchase, our redemption, and fourth, we should give thanks because He sent the Holy Spirit to reprove a world of sin."

Rev. R. W. Crews, minister of the First Christian Church gave the Call to Worship; and Rev. Stuart McC. Rohre of the First Presbyterian Church gave the Thanksgiving proclamation. Rev. Otis Strickland of the First Baptist Church led the Thanksgiving prayer after which Rev. Claud P. Jones of the First Methodist Church gave the scripture reading.
Following Rev. Moad's sermon Mrs. Ross Griffith was presented in a vocal solo. Rev. Paul Stephens gave the benediction that brought to a close an inspiring service.

He was a graduate of John Tarleton Agricultural College and attended Texas A&M. He operated a student co-op store in College Station from 1933 until 1945, when he returned to Eastland County to assume operations of his ranch.
He and his brothers pioneered the growth of hairy vetch as a cover crop in Eastland County and established vetch seed cleaning and separating plants in Rising Star and Brownwood.

Designed to withstand seasonal endurance, Mrs. Merkett used many hours in building the sign. The sign will be turned on Saturday night for public view.

Breckenridge Is Winner Over City Eleven, 26 to 0

The Cisco High School Loboes today turned in worn and tattered uniforms, counted battle scars after Thanksgiving Day's defeat by the Breckenridge Buckaroos, 26, and were busy making plans to assure local fans that future seasons would not be as disastrous as the one just closed.
The Buckaroos, already district 7AA Champs, will advance into bi-district play-offs and will engage the Highland Park Scotties of Dallas in a battle next week. Officials of both schools met in Cisco Thursday to map out plans for the coming game.
Thursday's Chesley Field clash fell flat on its face as a wide-open affair, but 7,000 fans left the stadium convinced they had seen one of the cleanest, finest and hardest fought battles in a long time.

The Lobo-Buck meet, spiked with years of corked up rivalry, displayed an old fashioned brand of football—the type that echoes across the field.

Cisco, eyeing a possibility of knocking off the Bucks, fought to the last second, played a wholesome game of football against never ending odds. Never have two rival schoolboy teams seemed to enjoy battering the other down, fighting men for inch as the battle raged into hotter fury and then heaping the other up in sportsman like fashion.

Coach John Hansard saw bountiful fruits borne from his ceaseless blocking and tackling drills as the war pack spurred forth an aggressive, deceptive and effective team, despite injuries and a slim reserve unit.
Twice, on punt returns, the Loboes formed into a moving wall which literally mowed down charging opposition in bowling pin fashion as the black and gold swept down field in desperate thrusts at the Bucks' back bone.
Defensively, the Loboes missed deceptive power of Norman Boggs, as was expected. But reliable Robert Rendall flashed terrific line bucking rips and generated the Loboes down the field in whirlwind fashion for a net sum of 143 yards.

In the first few moments of action Breckenridge surged forward with a 6-point lead when Roy Pitzer broke around the Loboes left flanks and dashed 20 yards to the double stripes, climaxing a 68 yard march in five running plays.
The Bucks proved a well-worked team in keeping the Ciscoans away from their end of the field on several occasions, later managing to do occupational work of their own in three pay dirt plunges at the Loboes' goal.

The final touchdown scoring spree came in the fourth quarter after Bill Roger intercepted a Johnson to Smith pass and returned to the 37. From the 37, Marvin Newberry, bidder for all conference honors, ramrodded the Bucks to the 8. Two plays later Newberry plowed through center and scored in an end-zone pileup.

Individual honors were hard to single out for praise worthy notes. Clarence Nobles, Robert McMurray, Rex Farley, Darwood Smith, Robert Rendall and the entire forward line were impressive in withstanding a very versatile Buck eleven. Russell Johnson at the passing end came into the limelight hitting pass receivers with bulls eye shots for a total of 72 yards.

ONE SURE WAY
... and about the only way, to find out about a land title is to get an abstract. The logical time to get an abstract is before the property is purchased. Most any landowner will gladly furnish an abstract before the sale if he knows his title to be good, but few bother about it after the transaction is closed. If you have bought property without an abstract and still own it, better see us soon.

Church News

The Bible—consistently a best seller—reached new heights in 1947, according to research experts gathering information for the new World Book Encyclopedia.

According to the researchers, Bible sales last year totaled about 30 million, which means that 57 were sold every minute of every hour, night and day.

This remarkable sales total is due, in part, to the fact that the Bible has been translated into many languages and is found in all parts of the world. In all, there are 184 translations of the complete work, and 1,100 translations of various sections of the Bible.

The World Book researchers point out that the Bible is often referred to as "The Book," but it really should be called "The Library," as there are 66 books for Protestants, 73 for Roman Catholics, and 24 for Jews. Even the name "Bible" is plural in its original meaning, as the Greek word "Bible" means "books"—not book.

Just so surely as life begins in the home so does that influence which is to mold character for either good or bad. The juvenile delinquency problem of today would not be so great if the youngsters in the home were given more individual attention from their parents. The sin of omission or neglect has arrested too many "well intended" parents. They try to mean well but forget that those hours of personal attention in the home can never be matched by outside teaching.

Be a pal to that girl or that boy of yours while a pal means so much. The supervised wholesome recreation and individual attention from father and mother will pay great dividends in a law abiding citizenry. It is too late after those most precious days pass and you find you have miserably failed as parents and the strong hand of the law has to be called in to discipline where you failed. Keep them in Sabbath Schools and church.

YOU IN THE CHURCH THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you"—form a combination for good.
