The Gay Philosopher

By J. W. S.

COMPLIMENTS ARE still being paid to Cisco merchants for the big parade last Monday night's hunt. Heard from Mr. Sandler this morning who had a letter he received from the winner of an electric iron store gave. The letter expressed appreciation.

ALSO HEARD about a fellow who started to cross the highway at 9:00 p.m. Monday night. A car door was shut on and told him there was a bigger crowd in the east.

MR. A. R. WESTFALL has a little finger. A car door was shut on the effect that the fellow was talking to Mr. Westfall. Mr. Westfall until the time he shut the door on the fellow. Mr. Westfall until the time he shut the door on the fellow. Mr. Westfall until the time he shut the door on the fellow.

WERE TRYING to help Weldon find the money. He started from McReynolds's Clover Farm Store to Reynolds building to pay a bill and when he arrived he had the five spot. If you know how much \$5 is to a 15-year-old boy, maybe you'll also try and help Weldon find the money.

JUST FINISHED reading a book named "Main Street Merchant." It's the story of the J. C. Penney Company. It begins with Mr. Penney's boyhood in Missouri and goes through his expansion to over 1,600 stores. He died in 1939 when he started and no one only knows what he's worth now.

The book is very interesting. The first Penney store was at Cheyenne, Wyoming, and it still is operating there. The company celebrated its 46th anniversary a few months ago. Mr. Penney indicated a partnership plan with store managers that eventually gave him the slogan, "The man with a thousand partners."

SEVERAL COPIES of the book are distributed here by Mr. Austin Flint, manager of the local Penney store.

Engagement Announced

The engagement of Helen Klueber, only child of Mr. and Mrs. Robert Justus Klueber, Jr., of Kings Ranch fame in Texas, has been announced in New York City. She will marry Dr. J. D. Alexander, who is on the staff of Bellevue Hospital in New York. (NEA Telephoto).

KEEPS CHILDREN FROM PUBLIC SCHOOL

Mrs. Lincoln Levisen teaches her children, Carolyn, left, 7, and Linda, 4, at home because no religious courses are taught in the public schools at Greenfield, Illinois. At present the children's parents are being held on bond because of their refusal to let Carolyn attend classes. — (NEA Telephoto).

Prospects Bright For Lobo Quintet As New Season Opens; Beat Albany

BY JIM EWELL, JR.
It can be left to Coach V. C. Overall, former all-conference cager himself at the University of Texas, rates the 1949 quintet as the best balanced, most elusive basketball team since his coming to Cisco High School some four years ago to assume mentor's chores.

Overall contends, relying on the impressive sparkle of the 1948 record, that the Lobo cagers will give the five other district rivals fully as interesting time of it as last year's team succeeded in doing. The 1948 team placed third in district, racking up 18 games out of 24 with Stan Williams spearheading the campaign.

George Watts, rapidly recovering from football injuries that have hovered about him for the entire season, will be a reserve squadman. Overall will be giving the green light signal, and Robert Rendall, just as outstanding on the courts as he is on the gridirons, will fill in as replacement.

As far as scoring is concerned, little Donald Kent, coming in from the rear ranks, and Durwood Smith will enlighten Overall's forecasts in that end of the department.

Core Drill Operator Needed by Civil Service Commission

The Civil Service Commission announces examinations for the positions of Core Drill Operator, at \$15 per day, and Helper, Core Drill Operator at \$9.20 per day. Employment will be with the International Boundary and Water Commission establishments at Falcon Dam Site (74 miles southeast of Laredo, Texas) and other dam sites along the Rio Grande from the Gulf of Mexico to El Paso, Texas.

Application Forms may be obtained from the Post Office; from the Executive Secretary, Board of U. S. Civil Service Examiners, International Boundary and Water Commission, United States and Mexico, 620 Magnolia Avenue, P. O. Box 1859, El Paso, Texas; or from the Regional Director, Fourteenth U. S. Civil Service Region, 210 South Harwood Street, Dallas 1, Texas.

Rev. Oran Stephens Attends Meeting In Pennsylvania

BUCK HILL, Penna. — The Rev. Dr. Oran Stephens, Cisco, Texas superintendent of The Methodist Church, by appointment of Bishop W. C. Martin represented the Dallas area here in meetings held in the Inn this past week in connection with the Advance for Christ and His Church, the denomination's 1948-52 movement to fulfill its part in meeting world needs.

The group of 35 district superintendents, one coming from each of the denomination's 35 episcopal areas, makes a cross-section of the country. They have been sitting in consultation with the executives of the benevolent, missionary and educational agencies of the church, giving consideration to methods of increasing "world service" contributions by 33 per cent to compensate for increased costs of operation at home and abroad complicated by inflation in many countries where mission work is being done. This increase will not permit any new work, officials said, but simply maintain the past quadrennium's standard.

Servi-Cycle Agent Appointed Here

Announcement was made Wednesday of the appointment of White's Auto Store as dealer for Simplex Manufacturing corporation, manufacturers and distributors of the Servi-cycle, for Cisco, Eastland and Ranger.

John Webb, owner-manager of the local store, said he expected his first shipment of the machines late this week. He has set up a complete sales and service department for the motorcycle and will have them on display soon.

N. L. Van Note, district manager for the New Orleans firm said that Mr. Webb was selected to represent the company in Eastland County because it was thought that he would be better equipped to handle the business properly. The local firm is planning an enlargement program for the near future.

DRAMATIC RETURN

Rep. Richard M. Nixon, right, R., Calif., member of the House Un-American Activities Committee who dramatically rushed back to Washington from a Panama bound ship when the story of the uncovered microfilm was broken, looks over the film with Robert Stripling, chief investigator for the committee. The film, containing what is described as sensational and conclusive proof of Communist spying in the Government, was discovered in a pumpkin on the Maryland farm of Wittaker Chambers. — (NEA Telephoto).

Chamber of Commerce Directors Hear Committee Reports

Directors of the Cisco Chamber of Commerce heard and approved regular committee reports at their regular semi-monthly meeting Tuesday night. Committees reporting included those on Christmas lights and activities and the gymnasium-auditorium.

Following the meeting, a number of the directors went to the new gym building for an inspection. Vice-President O. L. Stamey presided in the absence of President W. P. Guinn.

Banquet at Weatherford to Launch Membership Drive For U. S. 80 Assn.

WEATHERFORD. — This bustling little city, smack-dab in the middle of farming and dairying Parker County, will launch the drive for members in the National U. S. Highway 80 Association organized to promote more travel on Highway 80, America's southernmost trans-continental trafficway, Savannah to San Diego.

On Tuesday night the leading townspeople — farmers, lawyers, bankers, ranchers and merchants will sit down at the banquet table in the Methodist church. After a home style dinner served by the ladies auxiliary, the highway boosters will lean back in their chairs to hear an address by Col. Ike Ashburn, executive director of the Texas Goodroads Association.

It will be a big occasion for Weatherford since this typical Texas community has been selected by the Highway 80 Association as the starting point for the coast to coast membership campaign to recruit subscribers to the theory that highway traffic means much to the business interests of any community. Officers of the "80" organization hope to obtain enough members on the 2,500 highway to finance a nation-wide educational "Travel '80" program.

Chamber of Commerce President Fred Measures has called on 200 business leaders to fill the church dining room. Confidently they believe the highway group will not find Weatherford's membership drive lacking. This county seat of 8,000, known to many as actress Mary Martin's home town, marks the approximate mid-point on the Atlantic to Pacific highway.

Contractor Moves In to Drill On Old City Airport

A new oil test of considerable importance and interest in the Cisco area was announced today as the Joe Huntley et al No. 1 N. D. Gallagher, which will be drilled in the immediate future one-half mile east of the Cisco city limits near Highway 80.

The Huntley company, a Dallas concern, announced location as 1320 feet from the East line, 350 feet from the south line of the southwest quarter of section 11, Block 4, H&TC survey.

The well will test the Ellenburger lime and operators said they hope to find production in the Mississippi formation. The location is one and one-half miles south of the Kleiner pool.

The location was being cleared and a slush pit was being dug today. Drilling equipment will be moved in within the next ten days, it was understood.

While oil men expressed doubt that the well would link with the Kleiner pool, they showed considerable interest in it. It was understood that a test several years ago in the neighborhood recorded good shows in the Mississippi depth, but it never was completed.

In the Kleiner pool, Lone Star Producing Company hoped today to add another producer to their list of successful operations. Their No. 1 C. H. Fee was to begin tests after being cemented to a total depth of 4,065 feet. Bottom of the hole was in the Ellenburger at 4,100 feet. The Mississippi lime was topped at 3,948 feet and bottomed 200 feet lower.

Cores from the hole reportedly were not too impressive, but an electric log indicated that commercial production was highly probable. Today's program called for perforating the casing and acidizing. Results were expected to be known in the next 24 hours.

Potter and Alsbrook No. 2 Kleiner, drilling elsewhere in the Kleiner pool, were below 3,400 feet and expecting to top the pay zone before the week's end.

Drilling on the City of Cisco's old airport tract was scheduled to begin this week as the Ewing and Knight Drilling Co. was rigging up to sink the David B. Trammell and James McCurdy No. 1 City of Cisco as an Ellenburger test.

Machinery began moving Saturday and rigging work began Monday. Drilling was expected to begin not later than Friday. The test is southwest of production from the Mississippi lime in the Kleiner pool. The hole will go to at least 4,000 feet.

The same company has a lease on the 90-acre Cisco Junior College campus.

WORD CLUB GUESTS OF LAKE CISCO CLUB AT CHRISTMAS PARTY

Lake Cisco Home Demonstration club was hostess Monday afternoon to members of Word Club at Christmas party in the hospitable home of Mrs. A. A. Hansen. The house was made gay with decorations carrying a Christmas motif. A gaily lighted Christmas tree stood in view of all present and the dining table was centered with a lovely arrangement of silver foilage and red berries.

Guests were welcomed by Mrs. Hansen and were seated for the program. Group singing of two Christmas songs, "Silent Night" and "It Came Upon a Midnight Clear" opened the program followed by the Lord's prayer voiced in unison. Mrs. D. Ball was next presented in a Christmas story "Twas the Night Before Christmas" which was much enjoyed.

Mrs. Ernest Reich, guest speaker, was then introduced who gave a splendid review of the book "Peace of Mind" by Dr. Bearman. The exchange of Christmas gifts from the tree was held after which guests and members were invited into the dining room for refreshments.

Mrs. I. D. Strawn of the Word Club presided at the silver coffee service and refreshment table carrying a Christmas motif with sandwiches, cookies, salted nuts and mints were served to Mrs. Ernest Reich, special guest. ARRANGEMENT CONTEST AT CISCO GARDEN CLUB

Cisco Garden club met Monday afternoon at the Women's club house with Mrs. Eugene Lankford and Mrs. S. H. McCannies joint hostesses and Mrs. J. P. McCannies presiding. Minutes of the last meeting were read by Mrs. J. V. Heyser, acting secretary. A new member, Mrs. Rex Carrothers, was welcomed.

Mrs. Shy Osborn was appointed as program leader when the club will present the program at Cisco high school on March 16. A nominating committee was appointed to name new officers for the coming year as follows: Mrs. Shy Osborn, Mrs. Edward Kough and Mrs. Eugene Lankford.

The meeting was then turned to Mrs. W. C. Hogue, program leader, who gave a nice talk on

"Arrangement of Christmas Decorations," discussing arrangement on doors, windows, mantel and dining table. She called attention to the nice display of decorations which had been arranged on card tables by members and of which Mrs. Alex Spears and Mrs. Rex Carrothers had been requested to act as judges. Mrs. J. V. Heyser's table was awarded the blue ribbon for best arrangement; and Mrs. W. C. Hogue's table was judged as second best. The tables arranged by Mrs. Bob Winston, Mrs. Eugene Lankford and Mrs. Rudolph Kamm received honorable mention.

At the close of the meeting members were invited to the

President McKinley Once Said—

... "I do not prize the word CHEAP. It is not a word of hope, of cheer, nor of inspiration, but the badge of poverty, the signal of distress." And the ex-president was right. Beware of any article or service whose sole claim to favor is CHEAPNESS. With 26 years of public service behind us we have never tried to make a cheap abstract. With us (1) the product must be good and (2) worth every dollar it costs.

YOU BAKE IT WITH GAS

In towns all over America Christmas fruit cake in 19 out of 20 homes will be baked with gas. And for owners of new automatic gas ranges, the range will do all the lighting, timing and watching.
New automatic gas range takes work out of baking by lighting itself. It automatically maintains exact temperature given in your recipe. Constantly circulated, evenly distributed heat bakes the nut, fruit, and spice filled batter into a delicacy that's out of this world.
Best of all, no stooping or peeking. Automatic temperature and clock controls let you cook without watching.
No wonder it's 19 to 1!

FOR MEN ONLY: "CP" model automatic gas ranges have everything women want in a cooking appliance according to facts obtained in hundreds of interviews. Tell her you love her this Christmas with a faster, finer, fully automatic gas range built to "CP" standards. See "CP" model gas ranges at dealers everywhere today.
