TURN-ABOUT

Feeling quite safe in her New York City apartment, with barricaded door, guarded by two armed men, Mrs. Edith Maria Reuss Lord arranges flowers in her living room. Mrs. Lord, once Philadelphia socialite, said it was a case of turn-about against her husband, Robert P. Lord, attorney and millionaire manufacturing tycoon. Mrs. Lord's separation suit, filed in supreme court on February 3, said her husband had locked her

January Storms Cause \$7,500,000 Damage To Bell Telephone System

Damage totaling more than \$7,500,000 was suffered by Southwestern Bell Telephone Company in recurring ice and sleet storms which struck parts of Kansas, Missouri, Arkansas, Oklahoma, and Texas in January, the company reported. The first major storm occurred during the week of January 10, in a region extending from near El Paso northward across Texas and Oklahoma into southern Kansas and across Missouri from Joplin to Hannibal. The second severe blow hit the week of January 24 and embraced an area from south of Dallas and Fort Worth into Oklahoma, northwest Arkansas, and southwest Missouri.

Ice was the major cause of the damage. Rain and sleet froze telephone poles and lines until sheer weight of ice caused wires to snap and poles to topple. Wind also caused heavy damage to ice-laden poles and wires. The first storm disaster isolated 180 communities from long distance telephone service by knocking out 2,600 long distance circuits. In addition, at one time about 20,000 telephones were out of service. Nearly 10,000 telephone poles and 16,000 cross-arms on long distance lines were broken or toppled by the storm.

Most service had been restored when the second blow struck two weeks later. All but 200 long distance circuits had been restored to service, for example, and most of the 10,000 poles replaced. Texas and Oklahoma suffered most heavily in the second storm disaster. There were 2,200 long distance circuits and 33,000 telephones out of service at one time during the several days of intense damage. About 13,000 poles and 17,000 cross-arms on long distance lines were broken or down at the storm's peak and some 170 towns were cut off from long distance service. Southwestern Bell rushed repair crews into the storm areas while sleet and freezing rain were still falling, shifting all that could be spared from regular work in areas not affected. In addition, crews were sent to help in emergency repairs by the Mountain States Telephone and Telegraph Company, Illinois Bell Telephone Company, and the Southern Bell Telephone and Telegraph Company, each, like Southwestern Bell, a member of the Bell Telephone System.

At the height of the storm period more than 4,000 men were working to restore service as quickly as possible to isolated communities. Conditions were trying—there was bitter cold, snow, rain, or sleet during much of the month. Some sections of pole line had to be repaired several times as new ice formed and undid the work of emergency repairs. While most service put out by the last storm has since been restored, some repairs to telephone plant have been temporary and company officials said telephone crews would be working for many months to replace storm-damaged plant.

MARCH OF DIMES

Joe Collins, County Chairman, of the March of Dimes campaign announced that the quota for Eastland County had been set at \$5,500.00, with Cisco, Ranger and Eastland each asked to raise \$1,500.00. Due to the late start, Cisco has contributed less than \$300.00 and those wishing to contribute were asked to drop their part in the cans placed in stores or to leave it at the Chamber of Commerce.

Methodist Men's Brotherhood Meeting Set For Wednesday

The regular monthly Brotherhood meeting of the men of the First Methodist Church will be held Wednesday night in the basement of the church building it was announced by Dr. Claude P. Jones, minister.

The meeting will get underway with a dinner which will be served at 7:30 p. m. by the women of the church.

Following the dinner, Rev. Dr. Travis of Hardin - Simmons University, Abilene, will address the group. Dr. Jones joined officers of the brotherhood in urging all men of the church to attend the meeting.

Troop Prepares To Observe "Boy Scout Week" Here

In observance of Boy Scout Week, February 6-12, some 20 scouts or more will embrace the nation-wide program in Cisco next week from Troop 101, according to Charles Graham, Scoutmaster.

Nick Miller, local clothier here, has consented for the erection of a scout display in the show window of the Man's Store. The display will carry the theme "Adventure—That's Scouting" consisting of handicraft work, training and citizenship honors accomplished by the local movement. Camp scenes and photos will be included in the scenery. A special Court of Honor will call the attention of scouts and scout promoters in the city at the First Presbyterian Church Tuesday night. At that time, members of the local troop who have passed requirements towards higher degrees in Scouting will receive awards.

At the conclusion of Scout Week in Cisco, a sermon, honoring boys, promoters and parents of scouts, will be held in the chapel of the First Presbyterian Church with Rev. Stuart McRobre officiating.

A short film showing activities at this council's encampment, Camp Billy Gibbons, will be shown, it was stated.

The Boy Scout Council here has urged the public to attend special events honoring the Boy Scouts of America's 39th year as an organization, one of three recognized by the Congress of the United States.

Holy Communion To Be Observed By First Methodists

Holy Communion will be observed at the First Methodist Church Sunday with Dr. Claude P. Jones, minister, bringing the message of the day. He will use as his sermon topic: "Fragrant Deeds". Special music will be under the direction of Miss Ella Andrus.

The evening service time has been changed to 7:30 p. m. and at that time Dr. Jones will speak on the subject "A Program of Life". There is to be a special young people's meeting at 6:30 p. m.

Dr. Jones announced a regular board meeting of the officers' church for Monday evening and urged all officers to attend.

STILL DANGEROUS

Ciscoans today were warned that broken, dangling tree limbs are still dangerous and were urged to use care when near them.

War Pack Handed 37-27 Defeat By A Consistant Mineral Wells Quintet

The Cisco Lobos failed to taste revenge here Friday night as the thump-thump boys from Mineral Wells overran the war pack, 37-27, at the City gymnasium.

Cozen Buck Overall's B-squad split the series in the twin bill, today putting out as the last man a 20-12 victory. Stan Sharpe and Robert Kendall, secondary reserves, tied for high point honors with eleven apiece. A crowd of more than 150 persons watched the Mountaineers trample the Lobos under-quarter per quarter. Bill Harrell, forward, was the instrumental key in unlocking the Ciscoans air tight defense in the waning minutes of the first quarter.

Snatching the lead early, the Mountaineers' pronged attack deepened as the seconds faded away, and at the end of the first quarter Cisco was forced to ride on the tail end of the score, 10-6. Up to that time, the war pack was slow in bringing forward their biggest guns—Donald Kent and Durward Smith. However, as both teams pulled to a stop for the two-minute breather, the Lobos showed signs of gaining a prolonged fire power.

A total of 22 fouls were called against both teams during the final phases of the first half. Here Harrell squared his sights and with three uncanny crisp shots jolting the basket, the invaders led at the half's end, 12-18. Kent and Ray Rylee drove home the score 14 apiece for the Lobos.

The fact that Rylee, up to the time high scorer for the evening, fouled out, and the Mountaineers handed 8 gifts in a row, might have been the deciding factors in Cisco's defeat.

Smith, the Lobos ace player, was kept idle for the most of the entire game, and turned in a weak record for points. Coach Jake Casey of Mineral Wells employed two men, at times, to guard the district's high point Smith.

Falling back with a 25-18 wound, Overall's quint started getting hot. Kent popped the basket in all styles, and for a few breath-taking seconds, it looked as if the local lads would match the score. However, the human dynamo fouled out, and big Harrell stepped back into the scene for the Mountaineers, shoveling in several good shots.

At the end of the game Harrell paced the evening in high point honors with 12 and Rylee followed with 10.

Cisco missed 10 out of 19 charity shots and Mineral Wells made 13 out of 23.

S. M. Shelton, Former Ciscoan, Dies Friday In Abilene; Funeral Sunday

Cisco relatives were notified late Friday night of the death of S. M. Shelton, 64, prominent citizen of Abilene and president of the Shelton Motor Company, who died earlier at the home of a daughter, Mrs. Gerald W. Herron, also of Abilene, after suffering a heart attack downtown last week.

Funeral services will be conducted at the Laughter - North Funeral Home Chapel at 2 p. m. Sunday. Burial will be in Abilene's Greenwood cemetery.

Mr. Shelton, whose mother, Mrs. Ida Shelton, lives here, moved to Abilene in 1907. Before that time, he was a traveling salesman for a drug company for two years, and then became an employee of the Sherwin - Williams Paint Company for six years before going into the auto business in 1915.

A member of the St. Paul Methodist Church, where he was formerly chairman of the board of stewards, Shelton had been active in many civic programs. He was a member of the Abilene Lions Club, former president of the Chamber of Commerce, and was active in getting West Texas Utilities Co. to establish headquarters in Abilene. Shelton was a dealer in Packard and Crosley cars, an was president of the company. A former trustee of McMurry College, he was chairman of the building committee when the school was founded in the early 1920s.

Mr. and Mrs. Shelton lived at 1724 North 5th Street. They have one daughter, Mrs. Herron. Other survivors include five sisters, Mrs. F. L. Yoder and Mrs. Bess Wilson, San Antonio, Mrs. Harry L. Edwards of Houston, Mrs. E. L. Graham and Mrs. R. W. Mancill of Cisco, five brothers, E. B. Shelton, W. E. Shelton and W. L. Shelton of Fort Worth, C. C. Shelton of San Antonio and Jim M. Shelton of Abilene.

LIST COMPLETED The 1948 Poll Tax list for Eastland County has been completed, Assessor - Collector Neil Day reported here Saturday. A total of 4,133 poll taxes were issued to residents of the county. More than 7,000 were issued by Day's office last year.

SUPERVISORS MEETING Between 40 and 50 supervisors of the Cisco District, North Texas Division of Humble Pipe Line Company, held a meeting in Cisco Friday to discuss company problems and plans for the year. Dinner was served at the Victor Hotel dining room after the meeting.

REPAIR ROAD City repair crews Friday completed a re-surfacing project on the Cisco Junior College trail way, ravaged recently by winter ice storms.

Fleming A. Waters has announced the opening of Law Offices in the Crawford Building and with the announcement comes a story of a man coming back to his boyhood home to offer his services to his friends and acquaintances.

He came to Cisco with his parents, Mr. and Mrs. D. E. Waters, in 1915 and is the oldest of 11 children. He graduated from Cisco High School in 1918. While in school he participated in all class activities and was active in the school sports program.

At the completion of his school work here, he attended the University of Palo Alto, California, for his post-graduate work at the University of Texas and Southern Methodist University.

He was admitted to the Bar in 1932 and practiced for a while in Austin. In 1934 he went to Washington, D. C., where he was counsel for the Federal Housing Administration. In 1939 he returned to Texas and opened general law offices in Dallas.

Mrs. Emma Schaefer Cisco lady, was complimented Wednesday with Open House by her son and wife, Mr. and Mrs. Harry P. Schaefer in their home at 401 West Twelfth Street in

honor of her eighty third birthday. Hours of the nice affair were from 2 to 4 p. m.

The house was made gay with cut flowers and potted plants, which were sent and brought as gifts by Mrs. Schaefer's many friends.

The dining room table, covered with a pretty lace cloth, held a centerpiece of pink carnations and candytuft, flanked at the sides by tall white tapers in crystal holders. The beautiful, tiered birthday cake standing at an end of the table was greatly admired.

Guests were received by Mrs. Harry P. Schaefer who directed them to where the honoree was sitting and awaiting their greeting. Mrs. Earnest Schaefer presided at the guest book.

They were next shown the dining room where Mesdames O. H. Dick of Olden; Paul Poe, O. W. Kean, G. T. Naumann, Fred Stroeble and Dorothy Prange took turns in serving delicious birthday cake and punch to the guests.

A program of music was furnished by a Wind Instrument Trio, Betty Dean Lennon, James Moore and Virginia Weiser who played two numbers on their French horns; and piano music was played by Miss Barbara Schaefer, granddaughter of the honoree, who also accompanied Miss Mary Jeanette Poe who gave vocal selections.

Conversation and inspection of the many beautiful birthday gifts entertained the guests during the brief stay after the serving. Seventy-one friends called at the house to greet and felicitate this fine woman and to express good wishes for many more 'Happy Birthdays' for her.

Twenty four gifts were sent by friends who could not be present.

Mrs. Schaefer has lived here many years, coming to Cisco as a young bride. She is a native of Poland and came to America with relatives when quite a young girl. She was united in marriage to Mr. Charles E. Schaefer in Dallas and they came to Cisco soon afterward and have made this city their residence since. Mr. Schaefer died in February 1928. She has two sons, Otto Schaefer of Springfield, Ill., and Harry P. Schaefer of Cisco; two grand daughters and two grandsons of whom she is justly proud.

Mickey Pate Honored With Birthday Party

Little Mickey Pate, grandson of Mr. and Mrs. J. O. Barnhill, was honored by his grandparents with a party on Wednesday, February 2, in celebration of his second birthday.

On arrival the children played indoor games with toys belonging to the honoree and pictures of the group were made by Mrs. Barnhill. The gift packages were next opened and all gathered around to see them.

They encircled the honoree and sang "Happy Birthday," after which the lovely birthday cake, topped with two candles, was cut by the hostess and served with mints, candy and hot chocolate to the group of small

friends. Favors of Valentines were given to each child.

Kenneth Huffman Married In Cisco

Wife In Albuquerque

A formal wedding at Albuquerque, N. M., on Friday evening, January 28 in the auditorium of Fruit Avenue Baptist

church, Miss Donna Lee Dunham became the bride of Kenneth Wayne Huffman. Rev. L. M. Walker, church pastor, performed the double ring ceremony in the presence of a large gathering of relatives and friends.

Miss Dunham wore a traditional gown of white satin and lace, with full length veil, and carried a bouquet of pink roses surrounding gardenias. Her ensemble included as "Good luck"

touches a pink silk handkerchief from France which belonged to her grandmother; and old cameo, borrowed from a friend; and a pair of blue lace garters.

She was given in marriage by her father and was attended by Miss Betty Jean Charles as maid of honor and Misses Charlotte Bowra, Frances Robertson of Topeka, and Genevieve Orlebeke of Albuquerque as bridesmaids.

They wore quaintly styled organdie gowns of pastel shades in pink, green and blue and carried colonial nosegays of pink and white carnations. Their head dress was wisps of veiling pendant from large organdie bows. Preceding the ceremony Misses Barbara Rynerson and Jean Orlebeke entered and lighted the candles which banked the altar.

Mrs. George McIlhenny played the traditional organ music and accompanied Miss Evans for the vocal selections.

Mr. Huffman, son of Mr. and Mrs. H. T. Huffman of Cisco, had Bob Bradshaw as his best man; and the groomsmen were Bob Wiley, Don Drennon, Bob Sperry, and Victor Devers.

Mr. and Mrs. Joseph A. Durham, parents of the bride, were hosts for the reception in the church parlor immediately following the ceremony. Friends assisting were Meses. Ruth Dever, Naomi Brubaker, Marian Orlebeke and Christine Bowra.

The couple enjoyed a short wedding trip and are now at home in Albuquerque. The bride will complete her senior year of high school where she is active in the music department; and the groom will complete his mechanical engineering studies at the University of New Mexico. He expects to receive his degree in June.

Officers Elected

By Delphian Club

The Delphian Study Club met Wednesday at 3 p. m. in the Federation house with Mrs. W. D. Hazel presiding. Mrs. Eugene Lankford read minutes of the last meeting and the membership roll.

Uncle Sam Says

BUY U. S. SAVINGS BONDS REGULARLY
SECURITY PUTS A SMILE ON THE FACE OF ALL AMERICANS

Buying U. S. Savings Bonds is the way I know to stop worrying about money. And if you persist in trying, after starting to pile up money the sure, automatic way, the worry you'll have is how best to spend it when you start cashing in ten years. At that time you receive an extra crisp ten dollar for every thirty dollars you invest today. Now is your great opportunity.
Our government offers two great plans, both of them automatic and profitable. They are the Pay-Savings Plan where you work, if self-employed, the Bond-Savings Plan at your bank. If you sign up for a \$37.50 bond each month they'll grow to \$4,998 in 10 years.

POWER PLANT

that uses its Head!

THIS is the husky thrill-producer you find filling the bonnet of any 1949 Buick.

Look it over and you'll observe, among other things, that it is a *valve-in-head* straight-eight.

In simple language, this means that years ago Buick engineers lifted the valves from the side of the cylinder and put them on top—with some immediate advantages.

Such an engine "breathes" better. Gets a full, even charge on every intake—exhausts spent gases more easily—enjoys extra power, life and ginger.

And in such engines, compression ratios are relatively easy to establish. To step them up, the head is merely brought closer to the piston—no extra problems are presented getting fuel in and exhaust out.

Thus Buick power can—and has—kept pace with progress in fuels. Compression ratios suit gasolines actually available—and there's no waiting for tomorrow's gasolines to get full performance.

There are other things to notice about this engine.

It's a Fireball power plant—uses a special and exclusive type of piston that gets more good out of each fuel charge.

And it speaks with soft, new quiet. Self-setting valve lifters automatically keep valves properly seated, ending tappet noises for good.

With gasolines getting better, the swing to valve-in-head design will undoubtedly grow stronger. But that is what Buick has had all along—a power plant that uses its head to give extra lift and thrill.

That's enough reason to see your Buick dealer now, with or without a car to trade, to get your order in.

BUICK alone has all these features
Silk-smooth **DYNAFLOW DRIVE** • **FULL-VIEW VISION** from enlarged glass area **SWING-EASY DOORS** and easy access **"LIVING SPACE" INTERIORS** with Deep-Cradle cushions • Buoyant-riding **QUADRIFLEX COIL SPRINGING** • Lively **FIREBALL STRAIGHT-EIGHT POWER** with **SELF-SETTING VALVE LIFTERS** plus **HIP-POISED ENGINE MOUNTINGS** • Cruiser-Line **VENTIPORTS** • Low-pressure tires on **SAFETY-RIDE RIMS** • **DUREX BEARINGS**, main and connecting rods **BODY BY FISHER**
