WE'VE HEARD A lot of comments on the address given last Thursday by Dick West, Mayor of the city and widely known over the state as a radio news analyst and as an editorial writer on the staff of the Dallas News. He is sought frequently as a public speaker, which is a tribute to his ability. All Cisco is proud of his success.

THE DALLAS NEWS, by the way, is considered by most editors as the south's leading newspaper. It is so rated by journalists in schools. The only criticism we have for the News is its comic page. Outside of Lil' Abner and Steve Canyon, the big Dallas newspaper is a failure as far as comics are concerned. The Fort Worth Star-Telegram has, in our opinion, the best line of comics in the south.

WE ONCE HAD a fellow complain that he was going to quit working for us if we didn't stop another employee from whistling while he worked. We told the complaining man that the whistler seemed to be doing a good job and that he'd have to commit some sins a lot worse than being happy enough on the job to whistle and sing before we would complain.

One of the most delightful little tunes we can remember is the one about "Whistle While You Work" that was a part of a Disney cartoon a few years back. We'll take a man who is a whistler anytime.

EVERY FEW DAYS you will see a couple of orange colored iron pole apparatuses on the street back of the Victor Hotel. We learned recently that they belong to the Texas Highway Patrol and are used in their tests for drivers' license. They represent two parked cars and license applicants must park between them as part of their test.

WAS READING AN item in a magazine the other night that struck us as amusing. It said "There is no indigestion worse than that which comes from eating your own words."

Roy Fonville, Jr. Buys Vogue Cleaners

Announcement was made Saturday of the purchase of the Vogue Cleaners by Roy Fonville, Jr. The transaction took place earlier in the week, and Mr. Fonville invited his friends to visit him in his new place of business.

The Vogue Cleaners was established by Pete Rumley, who sold the plant to Fonville. No announcement was made by Rumley regarding his plans.

Mr. Fonville is well known in Cisco, having spent most of his life here. He is the son of Mr. and Mrs. Roy Fonville, Sr., of Humboldt. His plans call for retaining all of the experienced workers and the continuation of the service of the Vogue.

CONDITION IMPROVED  
The condition of W. S. (Bill) Kendall, who was taken to a Ranger hospital last Wednesday was reported improved Saturday.

Announcement was made this week of an extensive radio service by the Churches of Christ in the Cisco-Abilene area over Radio Station KWKC in Abilene. Brooks Terry, minister of the local Church, appeared on the Thursday program and will speak for fifteen minutes on the third Thursday of each month.

The new Abilene Station has a wide coverage and the ministers plan a 15 minute program each day from 3:15 to 3:30 p. m. for an estimated 250,000 possible hearers.

During the first week of each month Don Morris, president of Abilene Christian College; Don Gardner, 12th and Chestnut Street Church in Abilene; Homer Hailey of ACC and Graham Street Church in Abilene; L. Arnold Watson, Northside Church, in Abilene, Glenn Wallace Collee Church in Abilene and A. B. Proctor of the North Park Church will speak on successive days.

E. R. Harper, minister of the Highland Church of Christ in Abilene, will speak each day during the second and fourth weeks of the program and will also speak over station KRBC each Sunday at 8:15 a. m.

L. Haven Miller of the Hope congregation; Owen Aiken of Hawley; Arlan Miller of Leuders; Brooks Terry of Cisco; Elvyn Winters of Abilene, Gene Carroll of Abilene and E. R. Harper will speak on successive days during the third week of each month. Winters and Carroll will alternate on Fridays of that week. The program can be found at 1340 on the dial, it was announced.

GAINS RECOGNITION

An announcement was made this week that the Rising Star Hospital had been admitted to the hospital register of the American Medical Association. The notice came in a letter to the hospital from the associate secretary of the association.

REPORTED IMPROVING

Mrs. D. I. Graves, 501 East 18th Street, was reported much improved Saturday following a major operation Friday afternoon at Graham Hospital.

FROM COAST TO COAST

Principals in the capture of an international jewel thief are turning up from coast to coast. At left is Betty Ritchie, 24, former Toronto, Canada, school-teacher, who broke into tears in Los Angeles when told of the arrest of Gerard Graham Dennis, center. Dennis captured in Cleveland, Ohio, was carrying \$100,000 worth of unset diamonds. Miss Ritchie told detectives she had lived with Dennis as his wife for a year, and had received gifts of jewelry and furs from him. At right is Gloria Horowitz, 20-year-old Philadelphia model, as she appeared in court in New York, during an early investigation into gem thefts, at which time she first implicated Gerard G. Dennis. Miss Horowitz identified the smooth gem thief in 1947, police said, as the man who duped her into attempting to pawn some of the stolen gems.—ACME

High School Athletic Department Awards Jackets To Lettermen Of '49 Football Team

Formal presentation of jacket awards to 26 lettermen of the 1948-49 Cisco High School football team was made here Thursday in an assembly program before 300 students by Coach V. C. (Buck) Overall, acting athletic director.

Prior to the presentation of the awards, high school Principal Carlos J. Turner addressed the assembly briefly and conveyed sentiments of the student body at large and faculty for the untiring and loyal efforts each of the players rendered in the name of Cisco High.

"Boys," Principal Turner said, "this school is indeed proud of your enviable and clean record as sportsmen. Maybe the score wasn't as we would like to have seen it after each game, but you'll never know how you found your way into the hearts of each local citizen that watched you struggle for this community on the gridiron.

"A clean record, such as yours, is something to be cherished by all," he continued, "Cisco High is proud of you, Loboos," he concluded.

Coach Buck Overall expressed appreciation in the teams' behalf before handing out the jackets.

Of the lot, twelve reversibles were awarded senior lettermen of the departing group. The jackets, a solid black body wool with a gold C, were designed so each can be changed to a solid gold satin body with black sleeves.

Senior lettermen participating in the ceremony were George Watts, back; Rex Farley, center; Robert Rendall, back; Russell Johnson, back; Ray Gene Rylee, alternating back and end; Gene Milner, back; Joe Bacon, tackle; Dean McDaniels, back; Paul Woods, tackle; Clarence Nobles, guard; Jimmy Cummins, back, and Durwood Smith, end and back.

Returning lettermen who received a black satin jacket with a gold panel down the sleeves included Robert McMurray, James Porter, Glenn Yates, Herbert Harwell, Lloyd Savours, Don Mears, Jenny Waddell, Donald Watts, Norman Boggs, Neal Callarman, Roy Trapp, J. C. Suggs and managers Freddie Smith and L. E. Sublett.

The Cisco High Lobos, who placed fifth in district standings, will boast 13 returning lettermen for the 1949-50 interscholastic football year. To date, a candidate to succeed Coach John Howard has not been named by the school board.

Local Boy Scout Fund Drive To Begin With Breakfast Tuesday Morning

A kick-off breakfast in the dining room of the Victor Hotel will officially launch the annual city-wide Boy Scout Campaign of the Comanche Trail Council Tuesday morning at 7 o'clock. Chairman Jack Lauderdale announced Saturday.

Preliminary work on the big finance drive were completed and Lauderdale said that the full force of the drive would be turned on with the early morning breakfast.

Lauderdale, an Eagle Scout himself, has appointed team captains of five groups to help spearhead the campaign. Named team captains were Austin Flint Rev. Stuart McC. Rohre, Rev

C. A. Warden, Rev. R. H. Crews and Charles Spears.

The success of the drive is important to the 85 Scout troops, 71 Cub packs and numerous girl scout troops in an 8-county area, Lauderdale said.

Members of the five teams include the following: Team No. 1 — Austin Flint, Ralph Glenn, Bill Kendall, Wallace Smith, Dr. J. H. Denton, Charlie Burke, Charles Cofer, Troy Powell, A. R. Allen, and E. P. Crawford.

Team No. 2 — Rev. Stuart McC. Rohre, Ernest Hittson, R. O. White, O. O. Odom, Elsworth Mayer, Gene Abbott, Dr. H. C. Brown, Anton White, E. G. Damon, and Bob Elliott.

Team No. 3 — Rev. C. A. Warden, O. L. Leem, Dr. C. E. Paul, J. T. Richardson, John Webb, George Boyd, E. T. Thomas, Ted Waters, Roy Huffmyer, and J. V. Hyser, Jr.

Team No. 4 — Rev. R. H. Crews, Ed Brown, J. T. Fletcher, Bob Ellison, Royce Echols, Gene Shockley, R. W. McCauley, Charles Sandler, Jess Proctor, and Zan Burroughs.

Team No. 5 — Charles Spears, Jack Anderson and Nick Miller.

Cisco Contributes \$1,136 To March Of Dimes Fund

Cisco fell behind in its quota for the March of Dimes campaign but drive leaders were elated that a total of \$1,136 in cash had been turned in to the county chairman at the close of the drive on February 14. They pointed out that the amount contributed was purely on a voluntary basis and that no concentrated drive had been made.

Drive leaders reported that there was some \$40.00 in pledges that was still out and asked that the amount be turned in so that a final count could be made. They were high in their praise for the manner in which the schools had gotten behind the drive. The teachers and students added much to the success of the campaign. They thanked everyone who assisted in the drive and gave special notice to the school girls that took care of the booth in downtown Cisco Saturday, February 12. Despite the rain the girls stayed at their posts and collected nearly \$100 for the fund.

The county as a whole went over the top in the drive and County Chairman Joe Collins expressed his thank for the manner in which the drive was handled. After receiving the total of \$1,136 which was honored last year from the National Foundation for the Cerebral Palsy, the County Organization retained \$2,000 for combating the malady during 1949.

County Medical Association Asks Support Of Minimum Standards Bill

"A campaign to discredit Texas doctors is designed to block passage of legislation vitally important to the health of the public," the Eastland-Callahan Counties Medical Society charged here Saturday.

The society referred to the Minimum Standards Bill, now pending in the public health committee of the Texas Legislature. They said that doctors of Texas were being attacked in statewide advertisements to divert attention from the real purpose of the bill.

"This law serves no one but the public. It will help abolish ignorance from the sick room, protect patients and save lives," society members stated. "It establishes minimum educational requirements for all future practitioners in any branch of the healing arts, and it asks that Texans' health be guaranteed by requiring each future applicant to undergo an ominently fair examination."

They cited recent advertisements which charged that the bill represented a plan to step up medical fees by reducing number of practitioners in the State. "That's not only untrue, it's ridiculous," they declared. "No group is trying harder to increase medical facilities than the State Medical Association. The Association already has called on the legislature this session to aid in plans to expand facilities to provide more doctors."

The Medical Society stated it would be hard to write fairer legislation than the Minimum Standards Bill.

"It affects no one now practicing a healing art. It guards the future. It removes all partisanship from the examination board by allowing no one connected with a healing art to give the examinations."

"Instead, science teachers—the men who teach the subjects in our colleges and universities—give the exams."

"The science involved are those which all branches of the healing art teach. These are explained in the bill. Therefore the examination covers only the professional and basic sciences."

"And it is impossible to tell what degree is being studied," the spokesman added. "Examination would be given by number and not by name."

Robert Rendall and Jo Ann Scott were crowned King and Queen Lobo XVII before a capacity audience of more than 1,000 persons Friday night in the Cisco High School auditorium.

Principal Carlos J. Turner, who served as prime minister of the Royal Court, placed the crown on the school's 17th king in an inspiring ritual. The king wore the conventional purple satin robe trimmed with ermine.

King Robert, in turn, crowned Princess Jo Ann as his Queen to reign with him over the realm of the school for one year.

The Queen, daughter of Mr. and Mrs. Fred Scott, was attired in an attractive white satin evening dress. She carried a bouquet of red roses.

The identity of King and Queen Lobo was kept a secret until the closing moments of the Royal Court. Five Senior boys had been nominated for the honor.

Robert Rendall is the son of Mr. and Mrs. R. V. Rendall. Ladies, countesses and duchesses were dressed in elaborate colored evening dresses, and each wore a corsage. Princesses wore white evening dresses and corsages of red roses.

A well selected program included songs by Betty Wilcox, violin numbers by Mona Lee Cluck, cornet solo by Charlie Laminack, twirling routines by Carole Phippen, and a trio musical selection by Bernice Ann McCrea, Jeanette Poe and Lovell Paul.

Dr. Cox Sounds Warning On Fever

AUSTIN, FEB. 19 — As a grind, given in the subjects everyone takes, and graded by number instead of name. What could be fairer?"

"But as we call for more and more men to treat the sick, we have to be just as sure that every man is competent. That's why minimum standards, become more and more important."

Eighteen other states have taken this step, it was pointed out. "It's time that we in Texas kept pace," a spokesman added.

acquired by human beings as a and disabling disease known as undulant fever or Malta Fever, Dr. Geo. W. Cox, State Health Officer, advises Texans to drink milk only from approved sources. Undulant fever is usually acquired by human beings as a result of consuming raw milk or raw milk products from cows infected with Bang's disease.

Raw milk or milk products can be consumed with safety only when they are known to be produced by cow-tested and found to be free of Bang's disease. Pasteurization, of course, will kill the germ if present.

To assist in lowering the incidence of undulant fever all dairymen should remove cattle infected with Bang's disease from their herds as soon as the disease is discovered. Even if the milk is made safe for human consumption, by pasteurization, infected cows are still a menace to health since they can transmit the disease to healthy animals and to their owner and other persons who handle them.

Common with the experiences of our contemporaries we have witnessed good years mingled with the bad. Some booms and more busts. And always the inevitable failures and consolidations. But we are still here with a fully equipped abstract plant of state-wide reputation, a force of trained employees, and a long record of successful operation in this county.
