THE RED HEADS are supposed to have an outstanding team and we'll all doubtless see plenty of action at the city gym tonight. They're rated high as a girls' professional basketball team.

LEST THERE BE confusion we'd like to say that the current Boy Scout drive has nothing to do with Girl Scouts. The two organizations are entirely separate.

THE NATIONAL debt is a big item. In fact, it is so big that few people can conceive how much money 253 billion dollars really is.

EVERYBODY appears to be pleased with the way the school board settled the football coaching situation. The board crossed up slightly. We had figured that Stormy Davis was going to the high school.

Local Ex-Students Of Stamford College Asked To Reunion

Abilene, Texas — At least three persons known to be residents of Cisco are ex-students and alumni of Stamford college. They are invited to attend the fifth Stamford college reunion which will be held at McMurry college, here, May 21.

The Cisco ex-students and alumni of Stamford college include: George Boyd, Mrs. Joe Clements, and Fred Heysler.

The first reunion was held in 1937. A group of exes got together and started the ball rolling. They sent out cards and managed to secure a partial list of the other Stamford college exes.

TEEN - AGE DANCE

The young people of Cisco were invited to attend a free dance to be given at the Eastland American Legion hall Saturday night beginning at 8 p. m.

A teen - age square dance team from Comanche, in costume, will attend the dance and give an exhibition of square dancing and will teach the young people some of the rudiments of the popular dance.

MASONS TO MEET

All Masons were urged to attend a special meeting at the Masonic Hall, Monday, at 7:30 p. m. The meeting will be devoted to work in the Master's degree.

Palace To Change Showing Schedule Beginning Sunday

Day showings at the Palace Theater will be changed effective with Sunday's showing of "Strike It Rich." Manager Wallace Smith announced today.

The new showing schedule will be as follows: Changes to include pictures playing on Sunday only, Monday and Tuesday Wednesday only, Thursday and Friday, and Saturday only.

Under the new arrangement Smith pointed out, The Palace will change programs five times a week instead of four as was the old policy.

Sunday's feature, "Strike It Rich," now on premiere over the state, was filmed and produced in Texas. Rod Cameron and Bonita Granville star in the oil story.

Accurate Social Security Number Held Important

Husbands, who give their social security number to the boss, from memory, or who fail to give it at all, are gambling with the future security of their families, it was announced today by Ralph T. Fisher, manager of the Abilene social security office.

Wage credits are posted to the worker's account when the correct name and number are sent in by the employer. Wages reported by name only, or by name and with a wrong number, can be credited only if contact with the employer or employee produces a correct number.

"Since future social security benefits are directly geared to wages posted to the worker's account," Mr. Fisher said, "the worker, in his own interest and in the interest of his family, has a definite reason to see that his employer gets his name and number directly from his social security card."

Mr. Fisher said many wives do not know that social security pays death benefits. He urged all workers to show their cards to their families and tell them to take the card to the social security office in the event of the death of the worker.

One of the star guards of the All-American Red Heads who will play the Cisco Junior Chamber of Commerce tonight at the City Gymnasium tonight at 8 p. m. Miss Arends hails from Kamra, Iowa, and is 5 feet, 10 inches tall.

Miss Strong Arrives From Russia

Miss Anna Louise Strong stands before a battery of microphones after her arrival at La Guardia Field, New York City. The pro-Communist American writer, kicked out of Russia for "espionage" lambasted the 50 reporters and photographers who met her plane, for "mistreating her worse than anyone did in Russia."—ACME

Complete Schedule Of Bus Runs Given

The operators of the Cisco Bus Co. expressed themselves as being well pleased with the manner in which Ciscoans had accepted the service which the company originated here last Monday. They pointed out that there was still some confusion as to the schedule and asked the local Chamber of Commerce to prepare a complete schedule of each run.

The schedule is as follows: The schedule of bus service is so arranged as to cover the entire city in one hour. The starting point is from the First National Bank on the hour—that is at 6 o'clock, 7 o'clock, 8 o'clock, etc.—from 6 a. m. to 11 p. m. on week - days and from 6 a. m. until 2 p. m. on Sundays.

Each hour's run is divided into fifteen minute sections or schedules, each of which is designed to cover a specific part of the city.

1. The Humboldt run—Starting from the First National Bank at the beginning of the hour the bus goes south on D Avenue to 21st Street. It passes 14th Street at two minutes after the hour. (For instance — 2:02, 3:02, 4:02, etc.) and reaches 21st Street at five minutes after the hour. It proceeds on 21st Street to Humboldt where stops are made at the offices of the Humble Pipe Line Company and the Graham Sanitarium at seven minutes past the hour. From Humboldt, the bus retraces its route to the bank, arriving there at 15 minutes after the hour.

2. The North Cisco and Boss Manufacturing Co. run — This 15-minute run starts from the bank just as soon as the Humboldt run ends. The bus proceeds along D Avenue north to Third Street, reaching that point at 17 minutes after the hour; it goes up Third Street to J Avenue, along J Avenue to Fifth, turns west on Fifth and goes to Front Street, which it reaches about 22 minutes after the hour. From Fifth it turns into Sixth Street and goes east by the High School and Brown Sanitarium on through town and across the MKT lines to A Avenue, turning on A to the Bus terminal on Eighth Street, which it reaches thirty minutes after the hour. During the day four runs are made to the Boss Glove factory during this period — reaching the factory at 7:25 a. m., 11:25 a. m., 12:25 p. m. and 4:25 p. m.

3. Bus Station and South Cisco run — This run starts from

the bus terminal on the half hour, immediately after the end of the North Cisco run. It goes west on Eighth Street to Avenue G, which it reaches at 32 minutes after the hour. Turning south on Avenue G, the bus goes to Twelfth Street, where it turns west and goes to Avenue N, reaching that avenue about three minutes later, or 35 minutes after the hour. It travels along Avenue N to Eighteenth Street, follows Eighteenth Street to D Avenue, which it reaches about 40 minutes after the hour.

Turning North on D Avenue, the bus proceeds to Fourteenth Street, turning east on Fourteenth about 41 minutes after the hour. It travels north on Avenue A to Eighth Street, and the bus terminal, reaching that point at 45 minutes after the hour.

4. Bus, Station to West Cisco and back to bank — From the bus station the bus goes west on Eighth Street to E Avenue, turning north on E to Seventh Street. It reaches Seventh about 48 minutes after the hour. It travels west on Seventh Street by the high school to Front Street which it reaches about 50 minutes after the hour. From Front it jogs into Bliss Avenue, in the Mancill Addition, and goes to Randolph Street, turning and proceeding across Highway 80 to Bullard Avenue, and turning east on Ninth back to E Avenue which it reaches about 55 minutes after the hour. It turns north on E Avenue, travels to Third, turns east on Third to D Avenue and then south on D back to the big clock in front of the bank where the hour is completed and a whole new series of runs to cover the city is started again.

National Guard Enlistments Reach 58 Here

Total enlistments in the 961st Field Artillery here reached a high of 58 active National Guardsmen, not including official headquarters survey revealed here Wednesday.

"This means," said O. O. Odom captain, "that only 35 enlistments to this unit remain before the full quota is completed. And once we reach the quota, the state regulations will not permit this unit to accept any more applications."

State and Federal affiliation calls for 5 officers and 93 National Guardsmen in the Cisco unit.

Captain Odom asked persons wishing to obtain information regarding National Guard enlistment to contact B. A. Butler, Chamber of Commerce secretary.

Re-Burial Services For Ocie E. Brown Set For Sunday

The body of Corporal Ocie E. Brown of the U. S. Coast Artillery who was killed in the Japanese invasion of the Philippine Islands in 1942 will be returned to Cisco for reburial services Sunday afternoon. His body was expected Friday and will be received by Thomas Funeral Home.

Funeral services will be conducted in the chapel of the Wesley Methodist Church Sunday at 2 p. m. with the Rev. C. A. Warden, officiating.

Ocie Brown was born on May 17, 1915 and was reared in and around Reich Community. He attended Seranton high schools and soon after graduating enlisted in the armed services in March, 1941.

The youth's mother, Mrs. Beulah Brown, received the War Department's notification of her son's death one year later.

Col. Brown is survived by his mother, four sisters: Mrs. Willie Gattis of Seranton, Mrs. S. M. Simpson of Abilene, Mrs. Charlie Livingston of Carbon and Mrs. Guy Abbott of Cisco; and four brothers who are O. J. Brown of Cisco, O. F. Brown of Mullins, C. F. Brown of Iraann and Olin Brown of San Marcos.

Burial will be in a Rancier cemetery with the American Legion in charge of arrangements at the grave side.

ABC Directors To Discuss Plans For Summer Athletics

Directors of the ABC Club here will discuss proposals for holding a summer sports program for the young people of Cisco in a meeting to be held next week, President Charlie Burke reported today.

The four directors hope to organize a well-rounded program along the lines of the one last summer, which included a softball league, girls' baseball, volleyball and tennis.

The club is due to elect new officers in the near future.

New Low Cost Housing Project Is In Prospect For Cisco; To Start Soon

The prospects of Cisco, profiting under the new FHA Economy Housing Program were a step nearer today with the announcement that a local contractor had already made application for the first of the economy units in the area.

The program, which was designed to fill a need for housing among the lower salaried group, calls for houses to be built at a cost not exceeding \$5,750. The houses will be built under FHA sponsorship and under FHA specifications.

The foundation and frame work of the houses must meet present specifications but in order to meet the low cost demands, certain requirements that are now in effect will be lowered. Garages will not be a necessity, attic insulation will not be required and floor furnace can be eliminated.

The plan allows the working man to build a home with all the basic requirements and add the refinements at a later date, in the future as to the location.

Announcements will be made of the new housing project and

the final arrangements necessary. The proposed construction is causing much speculation and will be watched closely by those who need such a house. The new government housing program was designed to give more people the opportunity to own homes and to reach individuals that were unable to secure homes under the old regulations.

Men's Volleyball To Get Underway Here Soon

Men's volleyball competition in the city is expected to get underway next week at the Lobo gym according to Charlie Burke, president of the athletic movement which sponsors the events.

Boundary lines for volleyball were being painted on the high school courts this week in preparation for the initial drill, probably Tuesday night. Three men's teams were expected to be formed. Anyone interested in playing was asked to contact Burke.

Frank Broyles, backfield coach at Baylor University, and Bulldog Turner, former Hardin-Simmons center and member of the Chicago Bears professional football team, will be speakers at the annual Lobo - Wrangler banquet sponsored by the Lions and Rotary clubs, it was announced today. The banquet is scheduled to be held Wednesday at 7:30 p. m. at the Country Club.

Broyles, who went to Baylor as first assistant to Coach Bob Woodruff immediately after his graduation from Georgia Tech in 1947, was named to the All-Southeastern team for three years at the quarterback position and received All-American honors in his senior year. He was referred to as the "coach on the field" by Life Magazine during his career with the Ramlin Wrecks. He is finishing his second year at Baylor.

Turner was named to the Little All-American team while playing at Hardin-Simmons. He was drafted to play professional ball with the Bears. For the past three years he has been on the All-American pro team. He is well known in the area and has been in demand as a speaker at football banquets.

E. L. Jackson will act as master of ceremonies, and Ray Judia will furnish the music.

Coach Broyles is to bring a moving picture film of the 1948 Delta Bowl football game and will show it to the banquet. Baylor won over Wake Forest by a score of 20-7 in the New Year's Classic, Southern Methodist University opens its 1949 season against the Wake Forest eleven.

Chas. Burke and Ralph Glenn of the Lions Club and Rotarians Lonnie Shockey and Elsworth Mayer composed the general committee that arranged the details for the annual affair.

Wallace Smith, Jack Lauderdale, Ronald Rhodes, Charles Graham, and Doc Cabaness were appointed to the ticket selling committee; and Zan Burroughs, O. L. Stamey, Carlos Turner, R. F. Webb and Anton Whitte were appointed to the arrangements committee to set up the tables and chairs at the club house.

All Lobos, Wranglers, Coaches and the fathers of the football boys were invited as guests of the two clubs and the committee urged all club members to attend. They were particularly anxious for as many ex team members as possible to be present.

RETAIL SALES DOWN

Greatest gains for 1949 were by family and men's and boys' clothing establishments — 5 per cent. Drug stores, florists and filling stations showed 2-per-cent increases. General merchandise, eating and drinking places maintained nominal increases of less than 1 per cent over January 1948.

What to do if you can't lay your hands on a Shmoo*

*SHMOO—a prolific animal dreamed up by artist Al Capp to provide meat, eggs, milk and suspender buttons for the folks in the famous comic strip, "L'il Abner."

Shmoos are remarkable creatures.

They give milk, lay eggs. Broiled, they taste like steak. Fried, they taste like chicken.

L'il Abner and his Dog Patch friends don't have to worry about the future since cartoonist Capp invented shmoos.

BUT—we happen to know that cartoonist Capp is providing for his own family's future needs another sure way. By buying U.S. Savings Bonds regularly.

And that, without a doubt, is the wisest thing for anyone who doesn't own a shmoo to do!

Saving is every bit as easy as raising shmoos, once you've signed up for the Payroll Savings Plan. Whatever sum you say is saved out of your paycheck automatically every payday before you have a chance to spend it.

Safe and sure—every nickel is guaranteed by Uncle Sam. And that money grows fast. In just ten years, you get back \$4 for every \$3 you invest today.

If your company has a Payroll Savings Plan, enroll today. If not, join the Bond-A-Month Plan through your bank.

TYPICAL of millions of young Americans is this young fisherman . . . healthy, energetic and craving action. Whether in the sandlot bull pen warming up for his chance to hold under control the bats of the opposing team, rounding up the herd on branding day at the ranch, or on the bank of a quiet river anxiously waiting for a "big un" to strike . . . he is young America! The blood in his veins is genuinely red. He welcomes a tattered hat and looks ambitiously for tomorrow to bring his portion of responsibility. His conception of morality is well grounded . . . he claims to be his brothers keeper. He fishes for men and his boyfriends on Sunday and takes to the river for scaley ones on week days.

HE is exactly like millions of other young Americans who had a christian home, parents who cared enough to help in planning his program . . . his life. His parents regularly took him to Sunday school. They NEVER SENT him. Don't neglect your youngster. Accompany him every Lords day to the church of your choice.

YOU IN THE CHURCH THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you"—form a combination for good.

"We've got to get more schools teaching driver training," Miller said. "We've got to work closer with law enforcement to make enforcement more effective. And we've got to work closer with the foremen and supervisors in industry."
