CISCO, TEXAS, SUNDAY, MARCH 13, 1949

NUMBER 83

The Gay Philosopher

Copyright New York Graphic Society
By J. W. S.

CISCO SHOULD be grateful to the Twentieth Century Club, for it was through the efforts of this organization that Albany's famous Fort Griffin Fandangle was presented in part at the City gym Friday night. Although it was a preview of the annual show, it was good. Some 75 persons were in the cast of the local show, but the big performance each year at Albany has about 300 persons in the cast.

The presentation of the show here demonstrated what local people can do if they want to.

Wouldn't it be nice if Cisco had some big annual event to utilize local talent. It is good training for the youngsters. It is splendid diversion for the grownups. It keeps community moral high. Lets all think about it and try to figure out something like this for Cisco.

The gym was packed for the show. Let's all thank the club for bringing it to Cisco.

THE COOKING School went over big, and we're grateful to one and all for helping to make it successful. Especially do we want to say thanks to the instructors — Mrs. Clyde Stephenson and her fine staff and to Charlie Burke of Lone Star Gas Company. Thanks also to Wallace Smith for the use of the building, to Standlee McCracken for the groceries, to Glenn Furniture for the stove, to R. L. McCauley for music, Kilgore's Dairy, B. A. Butler and others who helped in one way or another.

WALKING UP the street the other day, we came upon J. B. Pratt and some of the fellows at the hotel service station digging a hole to repair a storage tank. Everybody who passed asked what they were so obviously doing. They didn't mind, of course, but it was interesting study of human nature. There is nothing like a building project in a busy place to attract spectators. Like the time in Dallas when a contractor on a big building built several hundred seats for the fans. And they were full at all times.

They tell the story about Harry Schaefer painting the clock up at the bank. After being asked scores of times what he was doing, he put up a sign that said "I'm painting the clock."

Bureau Director Reports Buyer's Market Is Back

AUSTIN, March 13 — The long-lost buyer's market is back, says James R. D. Eddy, University of Texas Industrial and Business Training Bureau director.

Management requests for selling courses are increasing daily, he explains. Most requests are for courses in "Selling Today" (for employes); "How to Train Employes," and "How to Supervise" (for management). Eddy says.

Bureau specialists travel over the state conducting special courses for business and industry. Their schedules are now made up three months in advance.

Mrs. J. T. Anderson is home from Alpine where she has been visiting her daughter and husband, Mr. and Mrs. Paul Vogt and their daughters.

National Guard Armory To Be Built Here

Couldn't Fly But Steals Plane

Lennis Paul Walls, 23, looks had never taken off or landed out of his jail cell in Pasadena Texas, after he was charged with felony theft. Walls, who had never taken off or landed a plane before, took one from a nearby airport, cracking up on his third attempt to land.

Grand Jury No-Bills H. O. Green In Fatal Stabbing Of J. G. Sublett

After hearing more than 20 witnesses and considering a report from the Federal Bureau of Investigation, the 91st District Court grand jury no-billed H. O. Green in the fatal stabbing of J. G. (Jiggs) Sublett, Cisco, on the streets of Cisco on March 7, according to District Attorney Everett Grisham.

Green had asked for a bill, and an early trial and remained in the Eastland County jail after declining to make bond in the amount of \$2,500, which was set by Justice of the Peace W. E. Brown. He was released Friday and was understood to be leaving for his home in Illinois.

Witnesses verified Green's story of the killing, according to reports, and the grand jury was of the opinion that the evidence did warrant an indictment. The report from the FBI indicated that Green had never been in trouble, Grisham said.

The grand jury returned 12 indictments: four for burglary and four for theft over \$50 and four for auto theft. A number of cases remained for consideration and it was decided not to hear them until next week.

Action on the Bruce Miller slaying was deferred until a later date when it was learned that Mrs. Miller was still confined to her room in a Dallas hospital. It was reported that her condition was still serious and that she was allowed no visitors.

Court Gives Child To Widow Of Man Killed Monday

The infant son of Mrs. Erlene Sublett, widow of J. G. (Jiggs) Sublett, Cisco house painter who was stabbed to death early Monday on a downtown street, was restored to her by a ruling of George L. Davenport of the 91st District Court Wednesday.

Mrs. Sublett testified in a hearing before Judge Davenport that her four months old son Michael, had been taken from her by her late husband and turned over to Mr. Sublett's parents, Mr. and Mrs. G. A. Sublett of Cisco, for keeping.

Proposed Highway Would Give Cisco Direct Route To East Texas

Large Crowd Sees Preview Of Fort Griffin Fandangle

Approximately 1,000 Ciscoans crowded into the auditorium of the City gymnasium Friday a 8 p. m. for a glimpse of the new 1949 Fort Griffin Fandangle in miniature.

The 40-minute show, made up of songs and dances, which will be used in next summer's program, was sponsored by the Twentieth Century Club of this city.

A company of 75 Albany people, under the direction of Robert Nail made, the trip for the Cisco preview. The Fandangle organ, with Mrs. A. V. Jones as accompanist, was brought here to furnish the music; and special lighting and sound was set up to give the show the usual Fandangle technical finish.

The chorus of singers was composed of Mrs. Frank Booker, Mrs. Lolo Burleson, Mrs. G. P. Crutchfield, Mrs. J. L. Douglas, Hallie Easter, Mrs. S. E. Groover, Mrs. Gene Pichard, Mrs. Joe Overton, Mrs. J. B. Matthews, Mrs. W. B. Matthews, Mrs. H. R. Stancy, Mrs. W. K. Wood and Mrs. Ray Wylie.

Special songs were sung by James Ball; a quartet composed of Don Tabb, Jimmy Coker, A. V. Jones and Davis McGaughey; Barbara Reames, A. V. Jones, Miss Easter, John Ed Bacon and Billie Jean Hanks.

Special dances were performed by Frank Tucker and Francis Noble; A. V. Jones, Pat Lidia, Jim Coker, Peggy Sazama Noble; A. V. Jones Jr., Don Tabb, Jeaney Spencer, David McGaughey and Ann Matthews.

Square dances were performed by Ron Miller, Bettye Baker, Pat Moberly, Jean Jones, Margie Rogers, Charles Fade, Bobby Lovelace, Bill Latimer, June Latimer, James Carmon, Bill Wobb, Ernest Fincher, Charles McAfee, Barbara Daniel, Gene Coker and others.

Vaughn Moore, Jr., and Thomas Wylie served as technicians for the production.

Immediately following the Cisco presentation, members of the company were guests of the 20th Century Club at dinner and a party.

Light Girl Scout Workers Receive Certificates

Eight local Girl Scout workers received certificates for group leadership in the local organization at the completion of a two day school for the purpose of training leaders for the work here. The school was held at the First Methodist Church on Thursday and Friday and was well attended.

Girl Scout group leaders are required to have at least eight hours of instruction before they receive certificates qualifying them for leadership.

Direct Connection In Athens Is Suggested

Cisco and West Texas citizens will have a direct route to East Texas if the proposed new highway between Athens and Eastland is approved according to a report being prepared for construction by the State Highway Department.

The proposed highway would connect the oil fields of East and West Texas, and eliminate the necessity of the slow trip through Fort Worth and Dallas and addition would put the fast growing areas of Texas closer together.

A glance of the maps of Texas would show the advantage of the proposed highway. Officials said as it would give Ciscoans a direct route to Cleburne, Waxahachie and Ennis. The proposal grew out of a trip taken by a Fort Worth civic club to Athens. It is understood that Fort Worth is backing the proposal and that Dallas is expected to fight it.

Commenting on adverse publicity in a Dallas newspaper about the Athens-Fort Worth road, Charles C. Coates, ten of the Fort Worth.

A Fort Worth paper, in an editorial Thursday came out for a Fort Worth-Athens highway or a more direct route that missed Fort Worth.

Eastland County citizens were in contact with Fort Worth and Athens officials and were working out details for a campaign to secure support for the road from towns along the route. They feel that it is a need that has long been overlooked, it was reported.

Ranger Educator Talks At Rotary Meeting Thursday

Dr. G. C. Boswell, prominent Ranger and West Texas educator, told Rotarians Thursday at their meeting in the Victor Hotel dining room that the Constitution was made by Americans for a free people, and urged everyone to become more familiar with its provisions.

Dr. Boswell who has been nominated as District Governor of Rotary International, was introduced by J. W. Slaughter, program chairman for the meeting.

Mr. Boswell was high in his praise for the writers of the Constitution and critical of those who oppose it. He gave special mention to those who had died to defend the rights and privileges granted under the "most important of all documents."

President J. E. Proctor asked Secretary Fewell to read a letter from the Abilene Chamber of Commerce with reference to the visit of the president of Rotary International and urged the members of the local club to attend.

Visiting Rotarians from Eastland and Big Spring met with the club in its first meeting at the hotel.

Doctors Believe Science Bill Is Fair For All

The Minimum Standards Law is not against any practitioner of healing, the Eastland-Callahan County Medical Society said in a statement Saturday.

The statement follows: "The sole purpose of the proposed law is to protect the health of every man, woman and child in Texas.

"No one who is now legally practicing a healing art would be affected by the Minimum Standards Law. It would require that anyone who intends to practice a healing art must pass an impartial examination given by a board of science educators, to prove that he possesses at least the fundamental knowledge in those sciences that are generally considered as basic to any form of healing.

Only after passing this minimum Standards examination would he be eligible to apply to the licensing board of his particular branch of the healing art.

"Regardless of whatever art or cult in the practice of which he is then engaged, the practitioner will have thus proven that he meets those minimum standards. He then will be generally acknowledged as possessing that important knowledge.

"Of prime importance, the patient would be guaranteed by the bill that the practitioner who treats his illness first shall have proven that he possesses that fundamental knowledge.

"The proposed law is similar to laws now existing in 18 other states. It is fair and impartial. It treats every branch of the healing arts alike. It is therefore against no one. Instead, it is for the health of all our people."

Guard officials reported that they were still accepting applications for guard posts and suggested that those who were interested contact a member of see B. A. Butler at the Chamber of Commerce.

Mrs. J. A. Moore and children Olga Joy and Jerry, of Grapevine, are visiting here over the weekend in the home of her mother, Mrs. M. W. Oldham.

Construction On \$50,000 Building To Begin Soon

Cisco has been selected as one of the three cities in Texas to receive a field artillery National Guard Armory during 1949 and local guard officials are expecting work to begin within a few months. The building will cost about \$50,000.

The appropriation has been made and all the requirements met on the proposed combination office and equipment warehouse, it was announced. City officials fulfilled local requirements by furnishing 20 acres of land for the site. It is to be located on the old city airport property just east of Cisco Junior College.

The building is designated as a temporary armory and when the full program of construction is completed and new buildings added it will serve as a storage place for tools and equipment.

It will be 52x110 feet and will be built of structural steel and sheet iron. The inside office will be of wood framing as will the supply room, strong room, bath and locker room. Each member will be furnished a locker in which to store his uniform and personal equipment.

The city gave the required land provided that the armory must be built within one year.

The local guard unit now consists of four officers and 50 men. Captain O. O. Odum is in command of the group. Lt. Robert H. Donovan is executive officer, Lt. Courtney J. Richey is Reconnaissance and Survey officer and Lt. Jack D. Lauderdale is Executive Assistant, Platoon leader and maintenance officer.

Battery A, 961st Field Artillery, is equipped with trucks, jeeps and large guns as well as carbines, machine guns and side arms. The unit recently received 50 carbines, 10 .45 caliber automatics, a .50 caliber machine gun and a .45 caliber Thompson sub-machine gun.

Capt. Odum reported that there was a possibility that a Battalion headquarters would be established in the area to serve all the guard units in nearby towns. The locating of the headquarters here or in the area would increase the activities to a great extent and be beneficial to the area.

Guard officials reported that they were still accepting applications for guard posts and suggested that those who were interested contact a member of see B. A. Butler at the Chamber of Commerce.

Mrs. J. A. Moore and children Olga Joy and Jerry, of Grapevine, are visiting here over the weekend in the home of her mother, Mrs. M. W. Oldham.

Edison Wins

Peter Edson, columnist for NEA Services, Inc. has been given the fifth annual Raymond Clapper Award for excellence in Washington reporting. The presentation was made by President Truman at a dinner given by the White House Correspondents Association. Edson announced he would keep the citation, but would use the \$500 award to set up five prizes of \$100 each for the five best stories written by Washington correspondents — ACME.

Diet Expert Talks On Final Day Of Cooking School

"War's Greatest Lesson," an academic study in nutritious diet balance was the theme used by Carl E. Palmon, president of the Palmon and Associates, in his address before nearly 300 homemakers at the climax of the Daily Press Cooking School Friday afternoon.

The final program, held under the auspices of the Daily Press, featured new and simple methods of oven and open flame cook-academic study in nutritious diet Clyde Stephenson, home economist from Abilene. The school was held three days at the Texas Theater.

At the end of the final class Friday, B. A. Butler, acting spokesman for the Daily Press and the school, expressed the appreciations of Editor J. W. Sifton and the newspaper.

Prior to Palmon's 15-minute talk, Mrs. Stephenson and her assistants, Mrs. June Clark of Seymour and Miss Cassie Honaker of Brownwood, presented various kitchen tips and advice to the attending homemakers.

"It is for the civilian population that 'War's Greatest Lesson' should be driven home and that requires the understanding and cooperation of retail food dealers and the women they serve, as well as the scholastically trained persons who make a career of nutritional service," Palmon declared.

"In the last war, it showed, as compiled by War Department statistics, that two out of every three men turned down for army service was due to improper dieting and eating habits," he said.

"America's health," he added, "is far below the standard it should be, and it could be our downfall, eventually." Nutritional deficiencies are a curse, a thing to be dealt with through the housewives and the food industry."

In conclusion, Palmon said the Army today was feeding its men, basically better than they were before entering the service. There was no evidence of nutritional neglect in the Army.

Following Palmon's talk, a film was shown concerning operation of the new gas ranges. Door prizes were awarded to homemakers at the conclusion of the program. The following persons received gifts: Mrs. B. F. Smith, griddle; Mrs. W. M. Joyner, skillet; Mrs. Bob McCrary, skillet; and Mrs. Robert Paschall, a pressure cooker.

The gift awards were given through the courtesy of the McCauley Tire and Supply and the Glenn Furniture Company.

MIDWEST FACES SERIOUS FLOODS

The cottage business is not so good at Lake Shore Summer Resort at Sugar Lake, Missouri but there's plenty of use for boats and plenty of minnow-ers of the Missouri River as it close at hand. Buildings and grounds were caught in high water and overflowed into the lake. — ACME.

THE CISCO DAILY PRESS

Per year in advance (Cisco, by mail) \$5.50
Per week (by carrier) 15c
No discount on carrier-delivered yearly subscriptions when paid in advance.

To the Voters of Cisco:

In announcing my candidacy for City Commissioner, I do so with no political axe to grind. I am running as an independent candidate and not supporting any other candidates. I think that each commissioner should run his department with the cooperation of each commissioner and the mayor.

And if elected I promise the voters of Cisco to cooperate with mayor and all commissioners for the betterment of Cisco and this can be done if all will work together, with equal rights to all and special privileges to none.

Your vote will be appreciated.
C. M. Britain

February 27, my friends and I were under the impression that the final date for the filing of notice of candidacy in the forthcoming city election was 20 days prior to the election. It was later discovered that the final date was 30 days, according to state law, and my name was not placed on the official ballot as a candidate for commissioner.

Since I do not approve of the write-in campaign system, I wish to withdraw and to thank my many friends for their cooperation and promised support and to pledge my sincere cooperation with the choice of our citizenship.

C. A. Shokey

TEXAS PUBLISHER HONORED

William Prescott Allen, left, publisher of the Laredo, Texas Times, receives a gold medal award from Efrain S. Hidalgo, head of the Mexican Division of the United American Publishers. The presentation was made in Mexico City and cited Mr. Allen for his "outstanding work in bringing Mexican and American journalists closer together. Mrs. Allen, who was in Milwaukee at the time, listened to the presentation via telephone.—ACME

Pu rsuant to an order passed by the trustees of the Cisco Independent School District at a regular meeting held February 18, 1949, notice is hereby given of an election to be held at the City Hall in the City of Cisco Texas on Saturday, April 2nd, 1949 for the purpose of choosing two persons to serve as Trustees of the Cisco Independent School District for the next three years and that W. W. Fewell, Mrs. Fannie Kimmell, and O. W. Kean are hereby appointed to hold said election in accordance with the State law governing the holding of elections.

F. E. SHEPARD, Secretary of Board, Cisco Independent School District.

Englishman Expresses Interest In Texas

FORT WORTH, March 13.—TCU's 75th anniversary has aroused an Englishman's interest in Texas.

A letter just received by TCU President M. E. Sadler from "Mr. H. Crooks, 11 Pickets St., Belham, London," states, "Perhaps a member of your fraternity would be willing to tell a 'Cockney' more about Texas."

"I have a large dinner plate which was given to me last year, and must admit that the beauty of the scene therson of TCU standing in its grounds and also the words to the college song around the edge have aroused my curiosity to the extent of writing this letter."

The plate is one of the Wedgewood TCU anniversary plates, which was designed a year ago

by Noel Keith, assistant to the president. The plates were made in England in commemoration of TCU's 75th year.

Phew Of Ciscons Beds Wichita Bride

Marriage vows were exchanged at Wichita Falls Saturday morning, March 5, by Miss Shiljean Rinear, daughter of Mr. Mrs. Lamont R. Rinear, son of Mr. Norman E. Luker, son of Mr. and Mrs. Martin Luker, now living in Wichita Falls, as they stood before an altar decorated with an arrangement of white gladioli interspersed with burning white candles. Floor standards in flaming positions held arrangements of the blossoms; and the approach to the altar was outflanked by tall candelabra holding taper tapers. Rev. H. R. Freerk, church pastor, officiated.

Mr. Rinear gave his daughter in marriage. She wore a wedding gown of white satin design with round neck line, long sleeves which came to points over her wrists; and fitted bodice with a full skirt which swept to a long train. Narrow bands of crystal beads and pearls in embroidered pattern trim the neckline and sleeves at hem line. The bride's veil flusion fe in cascades to fingertip length from a shirred ruffled halo-type head dress of the same material. She carried a fluffy muff of white satin and gold lace which served as a corsage for her flowers. She wore a gold wedding band which belonged to her grandmother, the late Mrs. H. D. Korth of Lawton, Oklahoma, and an heirloom handkerchief.

Miss Jeanette Rinear was her maid-of-honor. She wore a sleeveless gown of ice blue which was a near copy of the dress designed for the bride. Her dress was a shirred half of the same material; and she carried a matching muff ornamented with clusters of dark red carnations.

The groom's sister, Mrs. Stacy

Proctor of Houston participated as honor matron. Her costume half hat and flower bedecked muff were exact duplicates of the Maid-of-honor. Misses Dorothy Mills, Marilyn Hammon of Wichita Falls and Miss Lillian Streit of Vernon were bridesmaids; who also wore ice-blue satin gowns, with head dress of rolled halos of satin tied with huge bows of matching net. They, too, carried carnation studded blue satin muffs.

Little Misses Barbara Rinear and Doris Frerking were flower girls wearing formal gowns.

Martin Luker Jr., of Houston attended his brother as best man. Ushers were: Guinn Ferguson of Temple; Carl Degan of Dallas; Bob Noble and Bob O'Hara, both of Wichita Falls.

Music for the wedding was provided by E. A. Eickmann church organist and Miss Natallou Trotti, vocalist. The latter gave solo interpretations of "Oh Perfect Love," "The Twenty-Third Psalm" and "The Lord's Prayer." She was accompanied by the organist who gave a program of appropriate Pre-nuptial music and played Lohengrin's Processional and Mendelssohn's wedding March as the Recessional.

A lovely reception honoring the couple, followed the ceremony; and was held at the Woman's Forum Club - house. The reception was hosted by Mr. and Mrs. L. R. Rinear, parents of the bride. A large group of friends were in attendance at the nice affair.

When Lieutenant and Mrs. Luker departed for their wedding trip, the bride was wearing a smart two-toned gray suit complemented by green shoes and bag and other accessories of white. Her corsage was a single white orchid.

Relatives were present from Cisco, Houston, Coparas Cove, Pampa, Waco, College Station, Fort Worth and Dallas in Texas, and from Oklahoma City, Lawton, Tulsa and Duncan, Oklahoma.

Those attending from Cisco were: Mr. and Mrs. Fred Stroebel, and Anita; Mr. and Mrs. Paul Weiser and daughter, Virginia Lee; Mr. and Mrs. R. H. Dunning and children, Robert Don and Darleen; Mr. and Mrs. Carl Stroebel, Carl, Jr., and Christine; Mr. and Mrs. A. M. Stroebel, Nancy and Katherine Ann; Mr. and Mrs. Clarence Stroebel.

The bride is a graduate of Wichita Falls High School and attended Hardin College. She is a member of the National Honor Society of Wichita Falls High School and an affiliate of Quill and Scroll, the Girls Glee Club and the Secretarial Science Club. She was a staff member of the yearbook. Last spring she was presented as a debutante by the Junior Forum, serving as a princess in the court of the queen at that time.

Lieutenant Luker was commissioned Jan. 20 upon graduating from Texas A&M College when he received a degree in mechanical engineering. He was a member of the student chapter American Society of Heating and Ventilating Engineers and affiliate of the Wichita Falls A & M Club. He was graduated from Wichita Falls high school as valedictorian in 1945; was a member of the National Honor Society and played on the Coyote basketball team.

Hogan Given Emergency Operation

Dr. Alton Ochsner, famous New Orleans surgeon, reassured Mrs. Ben Hogan on Ben's condition, following an emergency operation which he performed in El Paso where Ben is recuperating from an auto accident near Van Horn, Texas. — ACME.

Music Study Club Had Fine Program

Back in the Early 20's —

... we started out abstracting Eastland County land titles. Then as now, the abstract was a necessary part of every real-estate or leasehold transaction. We learned early that an abstract was more than a bundle of pages with numbers on them. The lawyers knew, too, so did their clients. And we have built our business on the theory that if an abstract furnished complete, accurate and reliable information at reasonable cost, it met every requirement. In a nutshell, that's it!

EARL BENDER & COMPANY

Eastland, (Abstracting Since 1923) Texas.

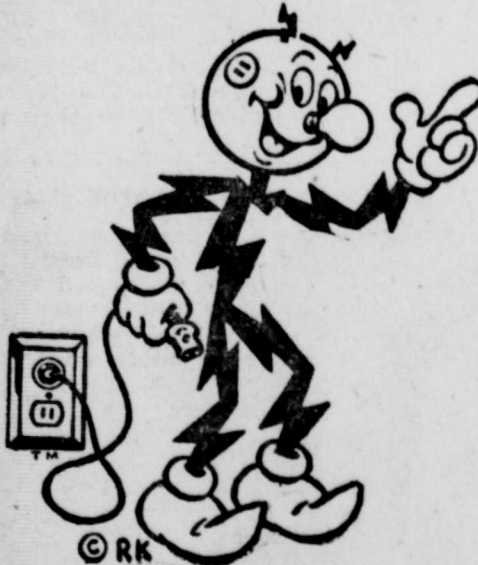

FORWARD, MARCH!

• March is here again, the month that heralds spring—and spring housecleaning.

• In Grandma's day, housecleaning—and housekeeping, too—meant endless rounds of back-breaking drudgery. But today, thousands of wise West Texas homemakers call on their low-cost electric servant, Reddy Kilowatt, to help take the work out of housework—to cook and clean, wash and iron, sweep and sew.

• For less than you'd pay for a daily pack of cigarettes, electric service makes life easier, healthier, more comfortable. What other item in your family budget gives you such great living value—at such little cost?

HOLLYWOOD FINISH

Just like the story book, Hollywood finish of any western train robbery. That's the story of the two Ohio youths who robbed a crack streamliner and then fought it out with Washington

D. C. police in a pawn shop. Here, one of the youths, seriously wounded, is removed from the shop by stretcher. The injured man is Luman Ramsdell, 23, of Youngstown, Ohio.

Cisco Country Club Ladies Entertained With Nice Luncheon

The ladies of Cisco Country Club entertained with a luncheon Wednesday in the ball room

of the club which was made gay for the occasion with floral decorations and potted plants.

Guests were met at the door by members of the committee and were directed to the place where the meal was served but-

ret style from a beautifully appointed table, carrying a St. Patrick theme, and covered with an imported linen cloth. Streamers of green ribbon from the centerpiece bore the words — St. Patrick — in silver letters. Silver trays held the food, consisting of creamed chickens in pastry shells; waffled potatoes, congealed salad, hot rolls and coffee with dessert of molded ice cream and cake.

The individual foursome tables at which the guests were seated while eating were centered with blossoms of forsythia and acacia. The tables were placed at one end of the room around the fire-place which radiated warmth and cheer.

Games of "42" and bridge were played during the early afternoon. Mrs. Charles C. Jones won high score in the "42" games, and Mrs. Earl Lee of Sundown, guest of Mrs. A. A. Hansen, was winner in the bridge tilt.

Kendrick Quartet To Appear In Concert March 17

The Wesley Methodist Church youth department will present the Kendrick Quartet in a concert at the high school auditorium March 17, Rev. C. A. Warden, minister, announced Saturday.

Members of the quartet who

will participate in the concert are Lois Walker, soprano; Sherry Kendrick, alto; Noel Graves, tenor; Pierre Kendrick, bass. Mrs. J. H. Kendrick, pianist and accompanist.

J. H. Kendrick will act as master of ceremonies.

Musical selections will include gospel, spiritual and Spanish numbers, Rev. Warden said. In addition, a special feature of the program will be a vocal solo by Mrs. Ross Griffith with Miss Betty Brogdon as accompanist.

Since the Kendrick quartet was organized last year, the

group has participated in numerous out of town meets and gatherings, and is in demand for appearances throughout the state and Eastern Oklahoma.

Tickets for the coming concert were placed on sale at the Palace News Stand at 25 cents

for students and 50 cents for adults. Proceeds will be turned over to the Wesley Methodist young people's department.

How Important

is **KNOWLEDGE?**

THE active support of every citizen in Texas is needed to abolish ignorance from the sickroom—to guarantee that every practitioner—doctor of medicine, osteopath, chiropractor or naturopath—meets at least *minimum standards* of knowledge of the healing sciences.

In eighteen other states of the United States, minimum standards laws have been established to protect the public.

No such legal protection is afforded the people of Texas today.

There is now pending before the State Legislature a workable, fair and impartial Minimum Standards Bill, which would require proof of fundamental knowledge of anyone who intends to practice any branch of the healing art. He would be required to pass an examination in the six sciences common to all forms of healing.

The Minimum Standards Bill provides that anyone who would treat the sick must meet the same requirements. All branches of the healing art are treated alike. All would be examined by a qualified, impartial board of *science teachers*, chosen from the staffs of our leading accredited universities. No practitioner from any branch of healing may serve on the board.

The six sciences generally considered as "basic" to all forms of healing are: Anatomy, Physiology, Pathology, Bacteriology, Chemistry, and Hygiene and Public Health. In other words, every practitioner should be expected to know something of the human anatomy, disease, the effect of drugs and basic health rules.

No one who is now legally practicing a healing art in Texas would be affected by the Minimum Standards Law. But the law would demand that future practitioners must first meet these Minimum Standards.

We demand by law that plumbers, teachers, veterinarians and attorneys prove themselves qualified in their field before practicing in it. Yet we have no minimum standards for those who minister to our ill.

For your health's sake, urge your State Legislators to vote for the Minimum Standards Bill.

YOUR INQUIRIES ARE WELCOMED:
 If you would like to have additional information regarding the Minimum Standards Bill, consult your doctor, or contact the Secretary of this Society.

WHY OBSERVE LENT?

For centuries the Christian Church has set aside the six weeks before Easter as a period of special preparation. Beginning with Ash Wednesday and continuing through Good Friday, it has observed what tradition has called a "closed season."

But why observe Lent? Why a special period of preparation? That all depends upon what significance we attach to the great Christian festivals of Good Friday and Easter.

The Christian religion is built upon the rock bottom fact of Christ's atonement. It teaches that on Good Friday, some 1,900 years ago, the Son of God gave His life in payment for the sins of all mankind. As a result of this substitution of the Innocent for the guilty, the sins of the entire human race have been atoned.

The Bible is very clear on this point. "Christ suffered for our sins," it says, "the just for the unjust." And: "The blood of Jesus Christ, God's Son, cleanseth us from all sin."

This tremendous fact of the substitutionary death of Christ, which is the very heart and core of the Christian Gospel, is to be made the subject of special contemplation during the Lenten season. In private devotions, in family readings, and in special church services Christians are to intensify their meditation upon the tremendous price of their redemption.

If you have not yet come to know Christ as your personal Redeemer, set aside this Lenten season to study His Gospel offer. Write to us for special Lenten literature. Resolve to attend our special Lenten services. — "Come thou with us and we will do thee good."

GRACE LUTHERAN CHURCH

The PRICELESS INGREDIENT

IN THE CITY OF BAGDAD lived Hakeem, the Wise One, and many people went to him for counsel, which he gave freely to all asking nothing in return.

There came to him a young man, who had spent much but got little and said: "Tell me, Wise One, what shall I do to receive the most for which I spend?"

Hakeem answered: "A thing that is bought or sold has no value unless it contains that which cannot be bought or sold. Look for the Priceless ingredient."

"But what is the Priceless Ingredient?" asked the young man.

Spoke then the Wise One: "My son, the Priceless Ingredient of every product in the market place is the Honor and Integrity of him who makes it. Consider his name before you buy."

Copyright 1922 by E. R. Squibb & Sons

The House is builded on solid ground. The obligation, publicly stated, is the perpetual commitment to serve the medical profession and all the people faithfully and well.

We, too, are devoted to these principles and would strive to do as well and accomplish as much in gaining public good will and patronage.

The condition upon which the people will permit us to serve them increasingly well is eternal vigilance on our part and those who sell and serve our products.

Thank you.
