FILIBUSTER CONTINUES

Senator Allen J. Jumper, Democrat from Louisiana, mops his brow a few minutes as the two-week filibuster continues. — ACME.

Two Soil Conservation Buildings Are Dedicated At Rising Star Meeting

Two buildings which will house the offices of the two soil conservation districts which meet at Rising Star were officially dedicated at a joint meeting of representatives of the two areas there Friday.

The Army surplus buildings, which also serve as classrooms for the Rising Star School district and the Veterans Agricultural Classes, were obtained by the Chamber of Commerce and approximate cost of \$3,000. The buildings will house the offices of the conservation districts of Brown and Mills Counties and Upper Leon section of which Eastland County is a part.

The dedication services took the form of a testimonial meeting as farmers and business men of the area stood before the group and told how conservation of the soil had been the salvation of the two districts.

Cecil Shultz, president of the Rising Star Chamber of Commerce and said: "A few years ago I looked as if we were on the way out, but these soil conservation districts were organized and now we are just starting."

A. Z. Myrick of Cisco, one of the charter members and leaders of the movement in this area, told how trashy tillage had soiled the soil in his section of the tract.

Ross Newton of the Crosscut community told how farmers in the area were planning to restore the good grasses to their land reseeded.

W. B. Starr of Cisco, J. M. Greenwood of Crosscut and Bernal Aleman of Rising Star explained the value of the conservation program to their areas.

Walter S. Davis of League City, president of the Texas Association of Soil Conservation District Supervisors, told the group that conservation money was being in the pockets of the farmers.

Soil conservationists of the state are asking the Legislature appropriate ten million dollars for conservation now and believe that by so doing that amount will save ten times that much in ten years.

Funeral Services For Kin of Ciscoan To Be Held Thursday

Mr. and Mrs. James Havnin were to leave here Thursday for Brownwood to attend the funeral services of their nephew, Luther Carroll Havnin, who was killed by a Japanese suicide plane off Okinawa in 1945.

The services will be held in Brownwood at 3:30 p. m. Thursday.

Livestock Show Booster Trip Planned

Program Of Work Outlined At Chamber Of Commerce Meeting Tuesday Night

Two From Cisco Make Honor Roll At Texas Tech

Two students from Cisco were named to the fall honor roll at Texas Tech it was announced by school officials in Lubbock Tuesday.

Edwin E. Jackson, son of Mr. and Mrs. E. L. Jackson, and Betty L. Jones, daughter of Mr. and Mrs. Clinton Jones, were placed on the honor roll at the end of the fall term. Jackson is a second-year student at the school and is majoring in electrical engineering.

Miss Jones is in her senior year and has been near the top of her class four years.

BEING TRASH FIRE UNDER CONTROL

City Firemen brought a wind fanned trash fire under control late Tuesday night at the Heywood Foster residence in the Humboldt district, it was reported today. The blaze threatened nearby buildings.

Miss Billie Jean Hall, a teacher of Public School Music in Big Lake public schools, came in for a weekend visit with her parents, Mr. and Mrs. W. H. Hall. Mr. and Mrs. Hall and their daughter went to Cross Plains Sunday afternoon and visited with another daughter and her husband, Mr. and Mrs. Clifton Barron.

GOES TO TEMPLE

According to an announcement made by C. A. Shockey Tuesday, James Burrison, a former student of Mr. Shockey in telegraphy training, has been accepted by the Missouri, Kansas and Texas Railroad and will begin work at the Temple office. He left Cisco late yesterday afternoon.

CLASS MEET POSTPONED

The social and business meeting of the Alathan Class of the First Baptist Church Sunday School, to have been held Thursday evening in the home of Mrs. G. M. Stephenson, has been postponed due to the critical illness of P. M. Buckner, father of Mrs. A. F. Ashenburt, a class member.

Edward Lee Is Retiring As Mayor Of City After Six Successful Years

Cisco will have a new mayor after the city election April 5. Mayor Edward Lee, after six years in that office preceded by two years as a city commissioner, has had enough.

It is not that he has disliked serving the city where he has lived for the past 36 years. He just figures that six years in long enough to keep his automobile supply company playing "second fiddle" to politics, and he thinks the job of mayor is one that ought to be passed around.

Neither does it mean that Red, as he is called by his friends, and that includes all Cisco and a big part of West Texas—intends to retire.

"I'm going to sit on the sidelines awhile and cheer while the other fellow gets some experience," he said. "Believe me, he'll get it too."

Keep Red out of public affairs in a town where he was a high school boy who used to advertise the Big Dam Lobes of 1924-25, in a stripped down roadster with black and gold streamers!

You might as well try to keep the wild ducks off Lake Cisco. From the moment he hands over the mayor's gavel to his successor he will be up to his nape in a grin in Chamber of Commerce Rotary Club, Red

Entrants In High School Baseball Competition Jump

According to a survey made by the University Interscholastic League Monday, about 633 high schools over Texas are fielding baseball teams this year, a slight increase over last year's total of 599.

In District 7AA, Cisco, Breckenridge, Mineral Wells, Stephenville and Weatherford will field teams bidding for championship honors.

Plans for baseball for both girls and boys at Cisco High School will be disclosed later. Coach Jack Everett announced.

Life Is Dull Now

Life around the C. B. Midkiff home, 1004 West 8th St., has become a dull affair now that the family's pet dog, Tip, is missing. The Press learned today.

The Midkiffs have appealed to the readers of the Press for help in locating the pet for the sake of their two children, ages 4 and 6.

Tip was described as a short haired pounce with black and white spots. She is outstandingly marked with a white streak around the neck, stands about 15 inches in height and is comparatively fat.

RETURNS FROM DALLAS

Standlee McCracken, local grocer, who underwent major surgery in Dallas recently, returned to his home here today. He came on the noon train. He expects to remain at home for two or three weeks before returning to work.

CREW TO RETURN

The Bell Telephone Company crew working out of Colorado City was expected to return to Cisco sometime this week, it was learned today. The crew was sent to West Texas last month in order to assist in restoring communication lines downed in recent storms.

Born March 11 to Mr. and Mrs. R. B. Thames, former Ciscoans now living at Levelland a daughter — Alura Lee; weight 8 pounds and 2 ounces. The baby is a grand daughter of Mr. and Mrs. W. A. Thames of Cisco.

Street Improvement And Water Problems Are Given Priority

Emphasis will be placed upon two major projects in the program of work adopted by the Board of Directors of the Cisco Chamber of Commerce for 1949 at the meeting of the board last night. The plan was submitted to the board by a committee headed by E. L. Jackson after a canvass of member sentiment and two meetings in which the projects were considered at length.

The two main projects which the group hopes to realize during the next twelve months are:

- 1. Widening, improvement and beautification of D Avenue in connection with the city and State Highway Department, and
- 2. Removal of the Missouri-Kansas-Texas tracks from the upper reaches of Lake Cisco in order that the capacity of the lake may be fully utilized, and the enlargement of the watershed by diverting other drainage into it.

The latter project, the committee pointed out, is essential to the attraction of new industry to Cisco, and to the economic growth and security of the town, since water is the basis of industrial development and civilization.

Cisco, it was stated, has one of the best potential water situations in West Texas which, joined to the presence of an abundance of natural gas, good transportation facilities and favorable market relationships, makes it a focal point for future industrial development in the heart of West and Central Texas.

In order to realize the benefits from these opportunities to the fullest extent, the committee recommended that the city place its water supply in the best possible condition, and the board, in agreement, adopted the proposal as one of the major enterprises for the year ahead.

Supplementing the two foremost projects, the board adopted the committee's recommendation of six other projects for promotion during the year.

These are: Cooperation with the Eastland County Dairy Association in developing the dairy industry in this area;

Promotion of a program for paved roads, particularly the

designation and construction of a highway to Cross Plains, a paved road to the Manning Plant in southwest Stephens county, and the extension of the farm-to-market road system the Cisco area.

Development of the agricultural industry, particularly livestock and fruit and vegetable growing and marketing.

Promotion of a city-wide program of supervised recreation in cooperation with the city and other interested institutions, with special emphasis on the organization of a City Parks and Playgrounds Board as the agency for this development.

Cooperation in the promotion of the city educational system;

Cooperation with all other organizations in programs for growth and betterment of Cisco.

It was explained that the adoption of this program did not rule out other projects, but that the Chamber of Commerce will seize every opportunity to promote the growth and improvement of the community.

The quest for new industry was not specifically stated for the reason that it is a continuing project, and the goals adopted for the plan of work look definitely to a basis for the growth of payrolls and other features of the community prosperity and civic welfare, it was explained.

The adoption of a program of work gives the Chamber of Commerce a plan by which to guide its efforts and obtain the cooperation of the citizens, the board pointed out.

The two major projects adopted by the Chamber of Commerce for its plan of work last year were (1) promotion of more housing, and (2) a gymnasium-auditorium. Both of these projects were undertaken in response to a demand of members who submitted suggestions for the program, and both have been in a large measure accomplished.

Members of the committee which prepared the plan of work were, besides Mr. Jackson, Charles Burke, George Boyd, S. H. Nance and C. S. Surles. Commenting on the program, President W. P. Gunn asked the cooperation of the entire community in the efforts to realize its objectives during the year.

"It is one of the soundest and most comprehensive programs of work that the Chamber of Commerce has ever adopted and even a partial achievement will benefit every business and every citizen. I want to make

Tour Arranged To Include Most Of Nearby Towns

Plans for the Eastland County Livestock Show booster trip scheduled for March 23 were completed at a joint meeting of the Cisco Livestock Show Association directors and the trades trip committee of the Merchants Credit Association Tuesday night at the City Hall.

Plans call for a complete coverage of most of the towns in Eastland County plus Breckenridge in Stephens County, Moran and Albany in Shackelford County and Putnam, Baird and Cross Plains in Callahan County.

Plot Bared

A plot to assassinate Lt. General James A. Van Fleet, above head of the American Military Mission to Greece, has been discovered and thwarted. Minister of Public Order Constantine Rentsis has announced in Athens, Greece. The plot has been attributed to the Communists and a number of arrests have been made. — ACME.

DRIVE-IN TO OPEN SOON

The Joy Drive-In Theater will begin operations for the summer sometime this week. Manager Wallace Smith said today. The theater has been closed since last September.

It is clear that the Chamber of Commerce cannot accomplish its program alone, and does not seek to do so. It seeks, first of all, to enlist a common community front in the cause of a better and bigger Cisco. If we can do this, we will have accomplished much. We offer this program of work as the basis for progress during 1949."

FORM CITIZENS COMMITTEE

Former Supreme Court Justice Owen J. Roberts, right, and former Secretary of War Robert P. Patterson, as they announced at a Press Conference

in Washington, that they would form an American citizen's committee to work toward a federal union of the nations.—ACME

The cavalcade will be divided into two divisions. One unit will make Eastland, Ranger, Breckenridge, Albany and Moran while the other will be covering Putnam, Baird, Cross Plains, Pioneer, Rising Star, Gorman and Carbon.

The Cisco High School Lobo Band will accompany the group going east and north and a hill-billy band from Cisco Junior College will be with the group traveling west and south. E. L. Jackson will serve as chairman and master of ceremonies of the east-north group and L. A. Hooker and B. A. Butler will handle the activities of the west-south party.

The cavalcade will meet at the high school building at 8:30 a. m. on the day of the trip and be routed from there. Each person going on the trip will be furnished a hat and advertising the show and Cisco. Circulars, giving all the details of the show, will be distributed along the route and 30 minute stops will be made in each town. Wives and children of the trippers were invited to make the tour as were students of the college and public schools.

Public address systems will be used in the towns to add to the entertainment. At each stop, the bands will play and talks will be made. The trippers will distribute circulars and meet the business men of the towns and invite them to Cisco for the two day show.

The committee from the Merchants Credit Association, meeting with show officials, was composed of Charles Sandler, chairman, Charles Burke, A. D. Anderson, S. H. Nance, J. W. Sifton and L. A. Hooker. Nick Miller, president of the credit body attended the meeting with his committee.

General plans for the show and entertainment for the show were discussed and arrangements were made to build a starting gate for the matched horse races which will be held Friday afternoon, the opening day of the exposition. Silas Hill, Roy C. Davis and Pete Tindall were appointed to a committee to make arrangements for the races.

add to livestock show booster — It was decided to have two concession stands at the show to care for the crowd and they were awarded to the West War P. T. A. and the F. F. A. class at the high school. The stands will be located on the north and south sides of the show building.

President Myrick told of the growth of the show and pointed out the improvements that had been made this year. He said that the horse show facilities had been improved by covering the stalls and building gates and pens. He reported that tents had been secured to protect swine and other swine animals that could not be crowded into the main building and said that the automobile and implement display space would be roped off for the convenience of dealers.

Plans for making horse racing a permanent part of the show were completed, he reported, and said that arrangements had been made for the grading of the track and to take care of the permanent starting gate. The race program will be broadened each year to attract leading horsemen from the southwest.

Pete Tindall and Roy C. Davis announced that Luther Weeks, prominent West Texas horseman and judge, would judge horse show entries and reported that interest in the show was greater than ever before. Inquiries from as far away as Michigan have been received and some of the best horses in the state have been entered they reported.

George I. Lane of Eastland was named to a committee to assure club boys a fair price for their animals and plans were formulated to facilitate the selling, weighing and delivering of the animals.

B. A. Butler reported that the Chamber of Commerce was working on the entertainment for the show and that plans would be completed soon.

Those wishing to furnish cars for the booster trip were asked to contact Mrs. Lucille Huffman, secretary of the Merchants Credit Association.

MRS. H. R. GARRETT HOSTESS TO GROUP TWO

Mrs. H. R. Garrett was hostess Tuesday evening when Group Two of Women's Council met for the regular meeting in her suburban home.

The group was called to order with prayer by Mrs. J. S. Mobley following which Mrs. Fleming Waters brought an interesting devotion from the book of Isaiah. As the missionary lesson of the evening, Mrs. Mobley gave a splendid report of the Area meeting in Abilene and told of a missionary from China — Miss Margaret Lawrence being present who gave report of the mission work in

How To Relieve Bronchitis

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

Start Spading Garden as Soon as Soil Crumbles

If you want your garden plot to be well prepared, spade it yourself. Weeks may slip by waiting for a plowman to do a job which, by the proper approach, can be reduced to enjoyable and beneficial exercise.

When Soil Crumbles in the Hand, It Is Dry Enough to Work.

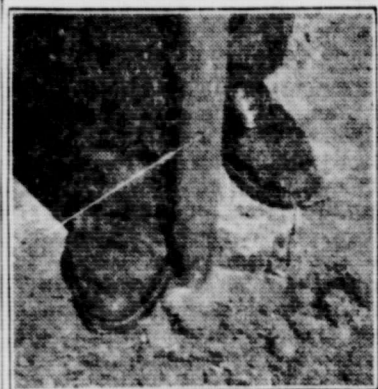

The secret is to take it easy. Spading is not hard work if done a little at a time. A space 30x50 feet can be spaded in a leisurely way in eight hours. One hour a day for eight days, and the job is done.

But first, be sure the soil is in condition to spade. Never work soil which is too wet; and if the soil is heavy, don't wait until it has become too dry. There is a point between extremes when even heavy clay can easily be lifted, and will crumble under a blow from the spade. You can tell this point by using the "mud pie" test.

Mould a ball of earth in your hand, and pat it to make a mud pie. If the pie holds together, the soil is too wet to spade. If it crumbles, then you can go ahead. Systematic spading makes the job easier, and more complete. Here is one way to do it: Set a definite task for your first day's work, say a strip six feet wide, running the shortest dimension of the garden. At one end dig a ditch, say one foot wide and the depth of the spade, removing all soil from it. Pile this soil near the opposite end of the strip.

Now begin to spade with the blade not parallel to the trench, but at right angles to it. This enables you to lift the soil more easily, and deposit it in the trench. The spade should be driven down, not on a slant, but perpendicularly to its full depth. Take a small slice of the soil so your back is not strained. Lift it up, turn the spade over, so that the top soil falls underneath and bottom soil on top. In filling the first trench, you have opened a second.

If you wish to spade under manure, spread it evenly over the area, except for the top of your initial trench. When this first trench has been dug, clean the manure from the top of the next trench and throw it into the bottom of the

Drive the Spade Straight Down, Full Length, for Best Results.

first; then proceed with your spading, piling the soil on top of the manure.

When you have finished your day's quota, you will have an empty trench, which should be filled with the soil you removed from the initial trench.

that country. Miss Alice Bacon conducted the business meeting where report was made of sending card of cheer to the sick; and other routine business was transacted. Minutes of the last meeting were

read by Mrs. James Haynie, secretary. The meeting was adjourned with prayer by Mrs. Randolph Lee Clark.

During the social hour which followed a lovely refreshment plate, with drink, was passed

MRS. SURLS HOSTESS TO WMS CIRCLE FOUR

Mrs. C. S. Surlis was hostess when Circle Four of First Baptist Women's Missionary Society met in her home Tuesday afternoon with Mrs. C. A. Farquhar, vice chairman, presiding.

The meeting was opened with prayer by Mrs. Cecil Adams, a visitor, and the scripture devotion was brought by the hostess. Mrs. Farquhar conducted the short business session where routine affairs were looked after. Assignment for the month to visit new members of the church, was announced. The meeting was then turned to Mrs. J. R. Burnett, teacher who presented the lesson from the book, "Mighty Prevailing Prayer." The meeting was closed with prayer by Mrs. Eula Grantz.

A social hour followed and a

nice salad plate with dessert and drink, carrying a St. Patrick theme, was passed to Mesdames C. A. Farquhar, Cecil Adams, Henry Anderson, J. R. Burnett, W. F. Martin, Eula Grantz, O. T. Morton, W. F. Walker, and C. S. Surlis.

VISIT TO ABILENE ENJOYED BY GROUP

In response to an invitation from Abilene Assembly, Order of Rainbow for Girls, the following members of the Cisco Assembly, Dixie Hansen, Bobbie Reynolds, Barbara Anderson, Elizabeth Klinefelter, Joanna Chapman, Janet Ferguson, Pat Agnew, Carolyn Williams and their mother advisor, Mrs. Juel Browning, were escorted to Abilene by Advisory Board members Mr. and Mrs. Ray G. Chapman and Mrs. A. A. Hansen.

The occasion was an initiation

of eight girls and the officers of Abilene Assembly performed the duties very ably. Four visiting assemblies were present, also the Worthy Grand Advisor of the Grand Assembly of Texas, Miss RaOrtez Howington.

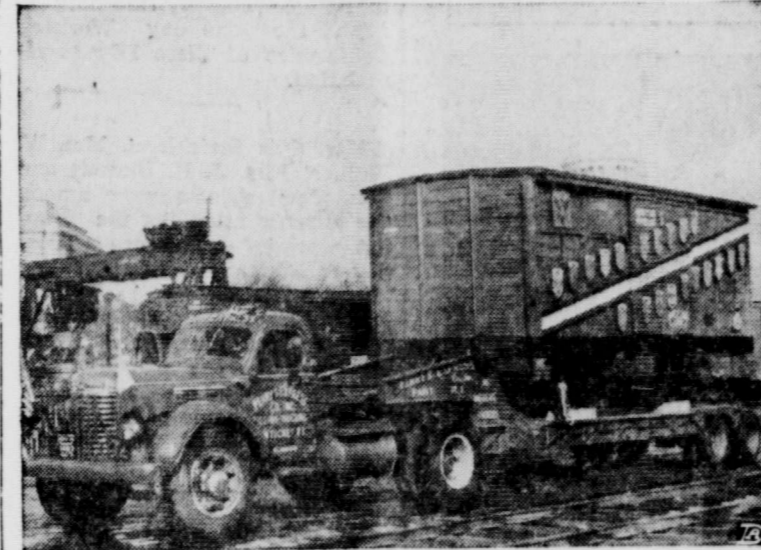

COUNCIL GROUP THREE MEETS WITH MRS. MOORE

Mrs. Rex Moore, group leader, was hostess when Group Three of the Women's Council of the First Christian Church met Tuesday afternoon in her home at 1900 Avenue H, for the regular meeting.

Mrs. James Flournoy, devotion leader, brought as the scripture devotion the 18th chapter of the Book of Matthew. The missionary lesson was given by Mrs. Wilbur Troxell who brought a synopsis of the talk made by Miss Margaret Lawrence a returned missionary from China, at the Area meeting last week in Abilene. The business session was conducted by the hostess and minutes were read by Mrs. J. F. Benedict.

A social hour followed the

Six Million Frenchmen Can't Be Wrong

The gifts of six million Frenchmen to the United States in gratitude for the aid Americans have given France were included in the "Merci Train" which recently arrived in the United States. Here is one of the famed old World War I French freight cars, remembered by the Doughboys of a generation ago, resting on a Fruehauf carryall trailer, as it was presented to the state of Rhode Island loaded with gifts. The symbols of all French provinces are exhibited on both sides of the old car which gave the American Legion the name of its companion organization—The Forty and Eight.

meeting and refreshments of punch, ice cream and cake were served. Those present were: Mesdames Benedict, J. R. DeArmand, H. H. Davis, Fred Erwin, James Flournoy, Willirue Logan, G. W. Troxell, H. H. Tompkins, A. J. Ward and Mrs. Moore.

PRESBYTERIAN CIRCLE IN FINAL MEETING

Presbyterian Women's Circle Three met at the church Tuesday at 1 p. m. for covered dish luncheon and the final meeting of the church year. Due to the absence of Mrs. Olson, Mrs. W. W. Wallace, vice chairman, was in charge. Mrs. Stuart Rohre and Mrs. C. S. Williams were welcome guests. Luncheon was served buffet style with members seated at the dining table while eating.

After the meal had been enjoyed, Mrs. Wallace called the members to order for the business meeting and read a letter from the chairman, Mrs. Olson who is out of the city. Prayer by Mrs. W. F. Watson preceded the Bible lesson from the

Radio-Telephone Comes To The Farm

SEDALIA, MO. — Progressive farm equipment dealers have seized on the new radio-telephone service to speed up farm service calls and solve an old problem: how to keep contact between the service truck and the dealership sometimes many miles apart. Emergency calls for repair work on farm implements sometimes come at critical times during harvesting or planting season, when every lost day costs money. Service was slowed by sparse communications in the rural areas, so that service trucks burned up valuable time retracing steps. Some farm equipment dealers have installed radio-telephones in their service trucks. Now the home office can put the service truck on an emergency job almost immediately and maintain constant communication with the operator in the field. Above, Scudder Hall of the Engle Tractor and Implement Company here, puts in a call from a customer's farm to his office, using the radio-telephone in the service truck.

Book of Exodus which was ably presented by Mrs. A. E. Jamison. Mrs. Huey placed tents, representing the various dwellings of the tribes of Israel, on a table with a small replica of the tabernacle. The Book of Exodus was completed at the afternoon study. The thought brought out was that God ever fulfills His promises.

dolph Kamon, Mrs. W. Bogan Dunn, Mrs. A. E. Jamison, Miss Betty Baugh, Mrs. John Garrett, Mrs. W. F. Watson, Mrs. F. J. Borman, Mrs. J. A. Jen-

Mrs. C. S. Williams, a visitor, was presented in a vocal selection. A nice gift has been purchased for Mrs. A. J. Olson in appreciation of her work as chairman the past year. Prayer by Mrs. F. J. Borman adourned the meeting. Those present were Miss Willie Word, Mrs. C. S. Williams, Mrs. Stuart Rohre, Mrs. W. W. Wallace, Mrs. R-

Miss Lucile Piece of Wichita Falls came in Saturday for a weekend visit with her parents, Mr. and Mrs. F. D. Pierce.

Mr. and Mrs. James A. Reagen have returned from South Texas where they spent the past winter months. They live at 2392 Beaumont Avenue.

Mrs. N. A. Brown and daughter, Mrs. Alan R. Winsee and children, Emma Gaye and Alan Jr., have gone to Georgia for a visit with relatives. While away they plan to make the scenic Azalea trail over the Gulf states.

Mrs. C. C. Newton returned last week from Childress where she spent the winter with her son-in-law and daughter. She then went to Houston where she

Hotter Water Makes A Cleaner Whiter Wash

Without the hot water supplied by the automatic gas water heater in this well-planned laundry, the washing the housewife is doing could not be thoroughly clean and white. Fresh hot water is needed for soaking, for each load in the washer, for rinsing three times at temperatures from 100 to 160 degrees Fahrenheit to get a cleaner and whiter wash.

was present at the beautiful church wedding of her niece, Miss Lois Fays Newton, and Mr. Barney Hunter. She reports a nice time.

Mrs. F. D. Wright and Miss Mary Jane Butts went to Fort Worth Friday where they were present at a tea honoring a

Back in the Early 20's —
... we started out abstracting Eastland County land titles. Then as now, the abstract was a necessary part of every real estate or household transaction. We learned early that an abstract was more than a bundle of pages with numbers on them. The lawyers knew, too, so did their clients. And we have built our business on the theory that if an abstract furnished complete, accurate and reliable information at reasonable cost, it met every requirement. In a nutshell, that's it!

"We get faster handling of larger payloads ...with our new 145-horsepower Ford Model F-7 BIG JOBS!"

Ford Model F-7 Big Job shown has Gross Vehicle Weight rating of 19,000 lbs.; Gross Combination Weight rating of 35,000 lbs. as a tractor.

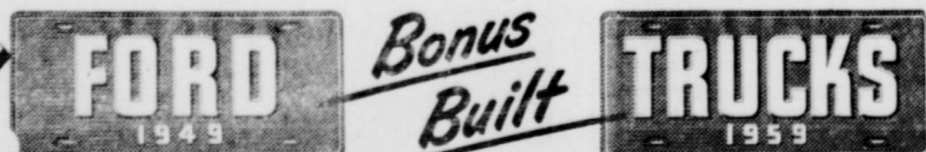

"THE ACTUAL operation cost for our fleet of Ford F-7 Big Jobs is the same as the two-ton trucks they replaced, but we get faster handling of larger payloads," reports Mr. H. B. McCuiston of Beaumont, Texas. "We find our new 145-horsepower Ford Model F-7 Big Jobs are more versatile, more capable. They are far superior to the two-ton trucks."

Sensational reports on the new F-7 and F-8, Ford Big Jobs are coming in from everywhere. Men who know trucks claim 6,000 miles per month, for months on end, with no time out... gross loads of 50,000 lbs... power that leaves other trucks eating dust... passenger-car type of driving ease and comfort... gasoline economy that even smaller two-ton trucks cannot excel on comparable runs. Come in and let us give you more facts on the Mr. Big of big-time trucking—the Ford Big Job.

- ★ Brand New 145-Horsepower Ford V-8 Truck Engine
 - ★ New Heavy Duty Quadrax Axles; Single-Speed and Two-Speed
 - ★ Big Tires; up to 10.00-20 on F-8, up to 9.00-20 on F-7
 - ★ New Heavy Duty Five-Speed Transmissions
 - ★ Big Rear Brakes, Power Actuated, 16-in. by 5-in. on F-8
 - ★ Built and Warranted for the following ratings:
- | | Gross Vehicle Weight | Gross Train Weight |
|--------------|----------------------|--------------------|
| '49 FORD F-7 | 19,000 lbs. | 35,000 lbs. |
| '49 FORD F-8 | 21,500 lbs. | 39,000 lbs. |
- ★ Nationwide Service From Over 6400 Ford Dealers
