Lutherans Plan Busy Day Sunday

A full day of work has been planned for members of the Grace Lutheran Church Sunday, according to Pastor G. T. Naumann.

According to plan the day will begin with Sunday School and Bible classes at 10 a. m.

During the afternoon the voting members of the Church, which includes men above the age of 21, will meet to discuss the business of the Church.

At the evening services Pastor Naumann will continue his series of Lenten services with a sermon on the theme: "Christ Promises Eternal Life."

The evening service will begin at 7:30. The public was cordially invited to attend the services.

Texas Is Growing Executive Tells Cisco Rotarians Present Industrial Conditions

Texas is growing and will continue to grow if we of this state can keep getting more "job makers" — that is, industry — to minimize unemployment, said Ed C. Burris, executive vice president of the Texas Manufacturers Association, Thursday at the Cisco Rotary Club luncheon at the Victor Hotel.

"If Texas is to get industry we must keep a favorable climate within which it can operate," Burris pointed out at an informal luncheon. "In 1948, the industrial construction of Texas was 140 billions of dollars, equivalent to the total industrial construction in the 22 states west of the Mississippi, excluding California, Utah and Idaho."

Burris, who was introduced by Rotarian Anton White Boss, Glove plant manager here, declared that new industry coming to Texas has provided 75,000 new jobs for direct employment.

"As a result," the guest speaker reiterated, "Texas is growing — not only in population, but in wealth. The income of our people per capita is increasing far more rapidly than any other state in the south."

"Basically and fundamentally," he continued, "it can be traced to one thing — the fact that the people of Texas have kept our state government on a sound basis. Texas is truly competitive with other states for new dollars to be invested. If we keep our government favorable and attractive to investors, new industry will continue to come to Texas and, in return, Texas will continue to grow."

"In the future, Texas will receive about \$42 million dollars proposed industry — a sum, according to the Engineering News-Record, equivalent to approximately 24% of all the proposed industrial construction in the entire United States."

"This, of course," Burris said in conclusion, "is not by accident. If we keep our governmental attitude, as expressed through taxes, regulations, and so forth, in proper balance, most of the industry will come to Texas. But, on the other hand, should we, through unnecessary regulation and unessential tax measures that would penalize industry, then it is possible that a substantial portion of this investment may ultimately go elsewhere. Texas would lose these tremendous enterprises."

Jack Morris of Dallas was a visiting Rotarian.

Revival To Begin At Cisco Church Saturday Morning

Rev. John Wesley Ford of Stephenville will conduct a ten day revival beginning Saturday at the Wesley Methodist Church, 1105 Avenue A, it was announced today.

Services will be held twice daily with the morning services at 9 a. m. and the evening at 7:45 p. m. The public was cordially invited to attend.

HERE ON LEAVE

Pfc. Kenneth Boatman of the Army Air Corps, who is stationed at Lackland Air Base, arrived in Cisco Friday, for a three day visit with his mother, Mrs. J. M. Boatman.

Motorcycle Races Scheduled At Mineral Wells

MINERAL WELLS, April 1.—Travelers along the highway between Mineral Wells and Breckenridge, not far west of Metcalf Gap, for years used to wonder at a queer streak of ground which had been swept completely bare of vegetation along the side of a steep hill clear to the top.

The clearing was man-made, having been done along about 1880 to provide a location for one of the most exciting and dangerous of sports — a motorcycle hill-climb.

And now the spot has been cleared away again and will be the scene of another hill-climb by daring riders aboard snorting, roaring "motor-bikes" on Sunday, April 17, beginning at 2 p. m. There are expected to be so many entries that five hours of thrilling action will result. The Four-Star Motorcycle Hill Climb is sponsored by the Asphalt Aviators Club of Mineral Wells, Harvey W. Evans, president, with the cooperation of the Mineral Wells Chamber of Commerce.

There will be a 30-foot run which will enable a contestant to get a speed of 40 miles an 440 feet long and so steep it were impossible. But Freeman Matatall, in charge of arrangements, is confident one or more will succeed.

Motorcycles with 45 cubic-inch piston displacement, or under, will meet in the first event; motorcycles of larger displacement in the second contest and then the three best of these two events will meet in the final event. The contests are under the sanction of the American Motorcycle Association. B. K. Pounds, Dallas, is Southwestern district A. M. A. referee. William Cameron, Mineral Wells, Index editor, will be local judge, with two others to be designated by the A. M. A. Prizes totaling \$550 will be offered and a large attendance on the part of the public is expected.

ASSIGNED TO GUAM

Seaman First Class Bob Townsend, son of Mr. and Mrs. Jack Townsend of Cisco, has been assigned to Guam for duty with the U. S. Navy electronics unit. It was announced today. He is scheduled to leave the West Coast sometime this week.

Mrs. J. M. Hooks of Abilene spent the past Sunday in Cisco with her sister, Mrs. C. B. Powell, and her husband's mother, Mrs. F. M. Hooks, and also visited with other relatives here.

School Girl Swallows Candy Sucker While Playing With 'Jacks'

Linda Benny, ten year old daughter of Mr. and Mrs. Bill Benny, 805 West 13th Street, was treated for shock at Graham Hospital Thursday after she accidentally swallowed a candy sucker while at play at school.

At the time of the mishap, Linda was playing "jacks" and was bumped by a running playmate, swallowing the sucker. She was rushed to the hospital.

After a preliminary examination, hospital attendants believed the sucker would not cause serious complications. She will remain at her parents' home for the rest of the week, it was stated.

Floyd C. Poole Named Moran's Leading Citizen

The introduction of Floyd C. Poole as the leading citizen of Moran was the highlight of the annual Moran Luncheon Club Banquet held in the Moran high school gymnasium here Thursday night. More than 100 Moran citizens and visitors from other Texas towns attended the dinner.

Boyce House of Fort Worth was the principal speaker, and he cited loyalty to the community as the first essential in building a great town.

B. A. (Cowboy) Elliott was toastmaster and Rev. H. W. Gaston, minister of the First Methodist Church, gave the invocation.

Musical entertainment was given by a quartet composed of Mrs. R. L. Martin, Mrs. Joe Allen, Mrs. Paul Harper and Mrs. Guen Cottle.

Reports of Chamber of Commerce work were given by L. L. Walker, retiring president. Officers for 1949 were introduced as follows: C. B. Chaney, president; vice-president, Morris Cottle; secretary-treasurer, Mrs. C. C. Cady, Directors, S. B. Barnett, L. L. Walker, Floyd C. Poole and Morris Cottle.

Visitors from Cisco, Albany, Abilene, Merkel, Breckenridge, Olney, Austin and Marshall attended the annual meeting.

PTA To Sponsor Art Exhibit Here Next Week

An opportunity for art education will be afforded local citizens in the West Ward PTA sponsored fine arts exhibit that will be held Tuesday and Wednesday at the Community Center building, it was announced today.

The showings will be held on Tuesday from 9 a. m. to 9 p. m. and Wednesday from 9 a. m. to 5 p. m.

The Colonial Arts Company of Oklahoma City will show some 150 large colored reproductions of the old and modern masters. Among the most famous artists represented will be Gainsborough, Titian, Van Dyck, Raphael and many others, including new masters such as Ernest Albert, George Innes, Bruce Crane and Wesley Amick.

An admission charge of 35c for adults and 15c for students has been set and the proceeds will be placed in a fund for class room paintings.

CITY WORKER HURT

Haywood Foster, about 32, a city water department employee was recovering Friday in a local hospital from head injuries sustained in a mishap Thursday. Witnesses said Foster had been operating an automatic rodding machine to flush out sewer lines when a slack rod rebounded, hitting him on the head. The extent of his injury was not known.

Cisco Area Voters Go To Polls Saturday To Elect School Trustees

High School Students Organize Crusade Against Use Of Intoxicants

A group of Cisco High School students met recently to organize what is known as the "Allied Youth" — an organization of teen-agers pledged to a crusade against the use of alcoholic beverages.

The movement is sponsored jointly by Miss Fern Gurney and Rev. K. W. Crews. It is a part of a national organization designed to help young people learn the facts about the use of alcohol and to help them face the social life of today.

"It is an organization that knows youth," Miss Gurney stated, "one that speaks youth's language, and wins youth's interest because it is positive and because it works."

Recently, a representative of Allied Youth from the Washington headquarters, spoke to the local high school assembly, explaining what AY was trying to do in the field of alcohol education. He spoke without attempting to stir up the emotional pitch to his listening audience — he spoke language that was "down to earth."

"As a result," Miss Gurney stated, "more than 50 students stayed after the assembly to learn more about Allied Youth's Crusade." In later meetings, officers and directors were elected; constitutions and by-laws were adopted; and programs for raising funds were mapped out by the enthusiastic group.

Elected to head the first "administration" was Stanley Sharpe as president; Jo Ann Scott, vice president; Betty Sue Wagley, secretary; corresponding secretary, Nolphet Sheehan; entertainment director, George Watts; and committee chairman: Moutiee Lisabee, Zella Sandler and Roy Trapp.

The Cisco Post as AY organizations are called, meets each Monday night in the basement of the First Christian Church at which time the members hear prominent city leaders and ministers discuss the seriousness of the alcoholic threat to American security.

"When a speaker is not available," said Miss Gurney, "round table discussions are held and an outlined program for some future date is proposed."

In the meantime, the Post can conduct quiz programs, parties, hayrides, cake sales and dances. In addition to the discussion meetings, business meetings are held frequently, it was stated.

Membership in the AY Post is not limited to a few, but is offered to youths, who are willing to strive toward the goal of clear vision, clear thinking and clear minds.

The Cisco Post is boasting a total enrollment of 41 members.

In view of the movement, Carlos Turner, principal of Cisco High, has this to say: "From what I understand, Allied Youth does not try to preach but teaches youths the disadvantages and harm of alcoholic drinking. It is a rapidly growing national movement in alcoholic education, seeking to provide for the physical, mental and moral welfare of the American youth."

Rev. Richard Crews, co-sponsor, believes "this AY movement will strengthen the American future by conducting a program of character education, teaching individual responsibility to the community and to society."

A charter ceremony, at which time Nada Wagley will receive the first AY pin for recruiting the greatest number of members, will be held this month.

Candidates who have filed for the posts now held by F. E. Shepard and W. R. Huestis are: Norman Huston, J. Wesley Smith, Dr. Alan Withee, L. A. Hooker and Stanley Webb. The two incumbents did not file for reelection.

School officials expected a comparatively large vote to be cast in the election, due to the interest shown in the race during the past few weeks.

College basketball players awarded letters Thursday. In a special assembly program held in the Cisco Junior College auditorium, Thursday morning, Coach Stormy Davis and Athletic Director Jack Everett presented jacket awards to 12 members of the 1949 Wrangler basketball team. Prior to the presentation, nine members of the girls basketball team were also awarded letters. Sam Gorman, president of the student council, was handed two trophies — the Ranger tournament and the Clifton tournament — to be placed in the college display case. Lettermen receiving jackets were Homer Tompkins, George Owens, Leon Parris, James Swanner, Harold Sides, Bon Travis, Glenn Johnston, J. C. Trammel, Don Whitaker, Garlyn Lee and Charles Adair. Members of the girls' team who were presented jackets included Francis Surlis, Jeanette Akers, Maxine Morris, Patsy Phippen, Sue Graham, Betty Conner, Betty Skinner, Ann Spenny and Marjorie Hinds. Glenn Johnston, forward, was voted the most valuable player on the 1949 Wrangler team.

Gossett To Give His Vote Ideas In A & M Speech

COLLEGE STATION, April 1.—Cong. Ed Gossett of Wichita Falls, sponsor of a proposed amendment to the constitution, which would change the method of electing presidents of the United States, will deliver an address at Texas A & M College the night of April 4. He will speak before the Class in Great Issues of the History Department, to which the public of Texas has been invited.

The proposed amendment to the constitution has created nationwide interest. The congressman's subject will be "The Proposal for Changing Our System of Electing the President of the U. S."

Plans are being readied to take care of a huge crowd from all parts of the state. The address will be given in Guion Hall at 8 p. m.

HERE'S YOUR CAT

"Here's your cat Marlene," says William Ray Hargrove, Texas and Pacific locomotive engineer, as he hands a black cat, Cinder II, to Marlene Wendt, 13 year old Oxford, La., girl. The event, one of the biggest in Oxford's history, was brought about by a letter which Marlene wrote the railroad, asking that they replace her cat, Cinder, after he was killed by a passing train. — ACME.

Social Security Benefits Cited

"Individual owners and partners in business concerns sometimes lose old-age insurance benefits because of their failure to file an application," R. T. Fisher, manager of the Abilene Social Security Administration said today. He said that in a recent claims case there was a loss of \$3,028.28 to a wage earner and his wife due to the failure to file an application. The wage earner and in this instance had been a full time employee for several years under social security. This employment was sufficient to give him a permanently insured status. Some time later he became a partner in the firm, and as such, became self employed, and exempt from coverage by social security. He continued in this capacity until age 70, five years past the time of his and his wife's eligibility to old age insurance benefits. During the five years, total benefits of over three thousand dollars could have been paid to this elderly couple.

Fisher emphasized that if all workers would contact the nearest social security office on attaining age 65, whether or not they intend to continue to work, such loss of benefits could be kept at a minimum.

The Abilene social security office is located at 308 Post Office Building, Abilene.

Back in the Early 20's

... we started out abstracting Eastland County land titles. Then as now, the abstract was a necessary part of every real estate or leasehold transaction. We learned early that an abstract was more than a bundle of pages with numbers on them. The lawyers knew, too, so did their clients. And we have built our business on the theory that if an abstract furnished complete, accurate and reliable information at reasonable cost, it met every requirement. In a nutshell, that's it!

High Blood Pressure

HARDENING OF ARTERIES, PAINS IN LEFT ARM AND SIDE-

Elmer G. Johnson, President of Harlingen State Bank, Harlingen, Texas, writes on Feb. 20, 1948:

"Please send another bottle of Liquid Garlic, also send a bottle to my sister-in-law, Mrs. Hulda C. Dutton, 45 Atwater Terrace, Springfield, Mass.

"I have some good reports to make on the effectiveness of garlic used. Mr. Turner, Texaco dealer here has taken two bottles and is much better, his blood pressure down about 60 points. Mrs. W. F. Nelson of San Benito, who was in bad shape, is also very much better and her blood pressure down considerably. This Garlic works, and you are doing a fine job of producing it for the benefit of those suffering from high blood pressure."

MRS. JACK LAUDERDALE
ESSAYS TO GROUP
Group Fours of Women's Council of First Christian Church met Wednesday afternoon in the home of Mrs. Jack Lauderdale for the regular meeting. Mrs. Charlotte Overall presided and opened the meeting with the devotion which was ably presented by the hostess.

Mrs. Jeanette Shockley gave the interesting missionary lesson discussing Kagawa, a most outstanding native Christian of Japan.

The business session followed and minutes of the last meeting were read by Mrs. Mabel Fletcher. Routine business was transacted after which the meeting closed by all repeating the missionary benediction.

A social hour was enjoyed and a nice salad plate with coffee was passed to two visitors, Mrs. Don Park of Milton, Ill. and Mrs. Warren Waters of Cisco; and the following members: Mesdames Myra Jean LaCasse, Mary Jean Crews, Charlotte Overall, Jeanette Shockley, Vautrice Echols, Barbara Winston, Mabel Fletcher, and Jack Lauderdale.

DON COWLEY HONORED
WITH TWO PARTIES

Don Cowley was entertained by his parents, Mr. and Mrs. E. J. Cowley, 312 East 22nd St., with a party Friday in celebration of his eighth birthday. The group spent the afternoon roasting weiners and playing games. Cake and punch was served by Leon and Randal Johnston, Pat Hussey, Milton Houston, Milton King, Sonny Presley, Philip Surles, Frank Aycock, Jr., Dick and Don Cowley.

The honoree was entertained Saturday in Abilene in the home of Mr. and Mrs. Lewis Harrison with a party, which also celebrated his birthday. The afternoon was spent picnicking and hunting Easter eggs.

Birthday cake and ice cream was served to Joe, Jackie, Jimmy and Jill Harrison, Ronny King, James Ray Roe, David Ahlgren, Ray Carlyle Tyer, and Jackie and Don Cowley.

Personals

Mr. and Mrs. I. H. Skiles have returned from Big Spring where they visited Mrs. Skiles' daughter and son-in-law, Mr. and Mrs. Ray Ervin and family. Otis Skiles and family.

Mrs. W. D. Hazel planned to join her niece, Mrs. Clark of Rising Star today on a trip to Levelland where they will visit Mrs. Mintie Frazier, mother of Mrs. Clark and sister of Mrs. Hazel.

Mr. and Mrs. Ed Huestis accompanied Mrs. J. W. Brandon and baby on their return to Alpine Thursday. Mrs. Brandon has been visiting here with her parents, Mr. and Mrs. Fred Erwin and family and her husband's uncle and aunt, Mr. and Mrs. Ed Huestis.

Miss Katy Lou Atkins is en route to Fort Worth to spend the week-end to arrive tonight from here with her mother, Mrs. George Atkins. Miss Atkins is a student at Texas Christian University.

When The CHURCH BELLS TOLL

MILLET has done us all rich service in painting The Angelus. A workman in the field, head bowed in reverent worship, has turned from his toil to remember the great God, because the distant church bell tolled, reminding him of his dependence on his Maker and Friend and Saviour. Gratitude, humility, and worship make this man worthy of our thought and honor. Man at worship is man at his best.

How much richer we should be as a people if not only once a week, but many times through the week the Church Bell should summon us to remember our Divine Creator! The people of Adano were right; community life is not complete without the Bell tolling men to prayer and to reverent living. It would be a noble act if every person in the community would join in providing the Bell for their common religious living. The man who puts a dollar into the Church Bell makes it in a very real sense his own voice calling him and all men to their knees. The Church which lifts the Bell again to its place of eminence in the Church Tower may again make religion the heart of the common life.

RELIGION must become again a matter of every day; the Church must call men more frequently to prayer, even when they cannot enter the church door; the beautiful chimes may send their music of Heaven and Eternity into our hearts and homes. Why not see to it that every town and hamlet shall have at least one Bell to speak for the interests of the soul in an age gone Power-mad? Above the sound of rushing train and speeding automobile let men hear the sweet music of the Church Bell tolling men to God. We are the eternal children of the Eternal Father. The Church Bell summons us to remember and to pray.

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religion into character. Statedmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you" — form a combination for good. Be a regular CHURCH-GOER and a daily BIBLE READER.

This is no way to bring home the BACON!

Good intentions don't make a good savings plan. What's the smart way to save? A way that's—

- 1. Regular
- 2. Convenient
- 3. Dependable
- 4. Automatic

You can get this foolproof combination by investing in U. S. Savings Bonds. Either of these two ways:

Join your company's Payroll Savings Plan . . . or join your bank's Bond-A-Month Plan.

Then sit back and watch your dollars make pigs of themselves, fattening up at the rate of four for every three you put in, every ten years.

That's one sure way to bring home the bacon some day. And by bacon we mean the things you dream about for the future: a home, a business, a college education, and freedom from worry.

Go reserve a slice of that for yourself . . . TODAY!

Annual Flowers Best for Low Foundation Planting

For a one-story house set two steps above the ground level, a planting of flowers along the foundation line is an ideal solution of the front yard planting problem. Where shrubs or evergreens would soon grow so tall as to screen the windows, and make the house appear lower than it is, flowers will remain at a desirable height, and present a band of attractive color at the base of the house. The simply designed small homes now being built need an attractive frame, such as the flowers would provide. Its effect will be heightened if the colors of the flowers harmonize with the colors of the house and its trim. The planting suggested in the illustration uses white and blue flowers. This combination will harmonize with any other colors. It will be especially attractive with a buff or light yellow house, but will also be excellent with red brick, and gray. White petunias are in some ways the most desirable of their race, and may be depended upon to produce their flowers abundantly throughout the summer. Sweet alyssum is equally free blooming, as well as fragrant. If mer. it can be sheared like a hedge, and will soon be blooming again at a youthful rate. Myosotis is the true forget-me-not, growing just enough taller than the alyssum to register as a band of blue. A fashion for dooryard gardens, to take the place of trees and shrubbery in front yards, is spreading through the country. It is based on the feeling that too much shade has been the rule in the past. Modern architecture demands that sunshine be admitted freely, not only to the outside, but also to the inside of the house through the increased use of glass. Flowers in the front yard reveal in the sunshine, and cast no shade to the detriment of the house and lawn

TO THE PATRONS AND FRIENDS OF THE CISCO PUBLIC SCHOOLS

Some time ago an unsigned circular appeared on Cisco streets attacking the school administration. It was ignored because it mentioned no facts and its sponsor or sponsors were not honest enough to sign it.

But as the school board election next Saturday comes nearer and nearer certain statements and colorful charges are being made more and more boldly, causing a number of good people to wonder if there isn't some sort of a fire under the smoke

It is time, we believe, to tell the public where the fire is. While we know that some of the criticism of our school system is sincere and constructive, yet there is a great deal that is not sincere. It has a motive.

This is it:

Last year it became clear that if the Cisco public school system was to be properly run every department, every organization and every activity in the system would have to be governed by the school administration and coordinated with all other activities. No outside control or divided authority could be permitted. No one class, organization, unit or activity could be allowed special favors or treatment. All would have to be on equal footing. None could be any more important than another.

We ordered that policy put into effect. It is our judgment that it is the only way to run the system. We believe the people of Cisco want it run that way. We do not believe that the football team, the home economics department, the band, the library or any other one part of the school is more important than another.

It is hard to see how any school system can be successfully operated if the authority of the school administration over any part of it can be countermanded by an organization outside the system.

While we appreciate the interest and help of those groups which are organized to promote school activities, we cannot permit that interest to supersede the authority and responsibility of the school officials.

Unfortunately some of our friends do not seem to hold that opinion. They demand that certain activities of the school be given preferential treatment, and more freedom from control of the school authorities. They want to exalt one activity at the expense of all the others. It is the old formula of the tail wagging the dog.

That is what is at the bottom of much of this talk, rumor and prejudiced criticism. It is not admitted, of course. The tactics are the familiar method of using charges, suggestion and innuendo to create suspicion and confusion.

Traced down, each of these charges comes home to the fact that somebody has an axe to grind.

For instance, there has been some loose talk about the finances of the school. The persons responsible for this could very easily go to the school board office where the books are open and get the facts.

The accounts of the school system are audited by a professional, bonded firm of auditors every year. They are checked by the State Department of education, by the Public Junior College auditors and other agencies having to do with the financing or supervision of the public schools. There is no possible way for any irregularities to go undetected.

In a similar way many other charges are being whispered into the ears of the people in our streets by those who have no motive other than to take control of our school system and operate it in such a way that the welfare and rights of all the students are subordinated to the privileges of the few.

We do not believe that the patrons of the Cisco schools want their schools run that way. As your elected representatives we are endeavoring to administer the system for the good of all and the special privilege of none.

If you approve of that policy we ask you to support it at the polls next Saturday.
