M. F. Underwood Is Named President ABC Club; Summer Program Discussed

M. F. Underwood, active church and civic worker here, was named president of the ABC Club, an athletic organization, in an election held Tuesday evening in the directors' room of the Cisco Chamber of Commerce. He succeeds Charles Burke, retiring president.

Elected to serve with Underwood were Edward (Red) Lee, vice-president; Jack Lauderdale, secretary; Ronald Rhodes, treasurer, and three directors—Troy Powell, Ralph Glenn and Willard White. Holdover directors include E. L. Jackson, H. O. Andy Anderson, O. L. Stamey and Charles Burke, ex-officio.

Prior to the election, former secretary-treasurer Troy Powell presented the 1947-48 financial report for the fiscal year, listing the ABC Club was responsible for in the promotion of athletics in the city.

"In the first year of operation," said Powell, "the ABC Club took in a cash total of more than \$7,500 from dues, admissions to football games and concessions—a thousand dollars more than the directors of the Club anticipated.

"The ABC Club purchased, and completely paid for, the softball field costing over \$1,000, handed over to the athletic department of Cisco Junior College nearly \$3,000 for aid to the Cisco Junior College Athletic Department and paid an operation expense of nearly \$2,700 for equipment, nearly to park attendants and parking."

Powell said the club had an excess of \$400 in deposit for use in starting a second year of sponsored athletics in this city. He mentioned the equipment and training grounds already on hand and at the disposal of the new administration. Before a handful of members present, Coach Jack Ewert, formerly of the Cisco Junior College Wranglers, spoke and explained the benefits derived by the college from the program.

"Members," he began, "the ABC Club last year did more

for the promotion of athletics in Cisco than any other group. If it had not been for the assistance of the Club the College would have had difficult time maintaining a team."

Then he stressed the importance of maintaining the ABC Club for another year and year to come. "As I see it, Cisco cannot and must not let such an idea fade into obscurity."

Acting chairman of the nominating committee, Roy Westfall, Sr. announced the committee's selection of officers. They were approved. The newly elected officers will assume their respective offices this week, it was stated.

President Burke spoke briefly. Facing the new directors of the organization are the following plans: (1.) It has been proposed to employ a full time athletic director for the summer months to lead the various athletic projects; (2.) To organize a better and more complete softball league both in the churches and business; (3.) Maintain, at the expense of the ABC Club, an All-Star team to represent this city in the Texas softball league. Cisco, it was stated, has been invited to join the Texas League composed of Lubbock, San Angelo, Abilene, Abilene V. F. W. Stamford and others.

Lutherans To Have Special Services Friday Night

The Grace Lutheran Church located at D Ave. and Eighteenth Street will commemorate the death of Christ at special services at the Church Friday at 8 p. m. Rev. Naumann announced today.

Rev. Naumann will speak on "The Blessed Significance of Christ's Death." The public was invited to attend the services.

Mr. and Mrs. Carlos Turner and son were among the weekend visitors in Fort Worth who saw the icecapades.

The Gay Philosopher

Copyright New York Graphic Society By J. W. S.

WE GET AS worked up as Westbrook Pegler once in a while. Take this business the union railroad engineers are trying to pull. They are threatening a strike if the railroads don't put two engineers on the new diesel trains.

THE NEW TRAINS are so much simpler than the old steam models, we're told, that there's really not much work for a fireman to do. Much less, than carrying two engineers. Reason the brotherhoods want to put an extra man aboard is because the diesels pull a bigger load and faster.

SOMETIMES WE wonder if union labor is interested in anybody's welfare except their own. They don't seem to have a iota of loyalty for the hand that feeds them. Whether or not the company makes a profit seems to be aside from the point.

WE'VE BEEN getting a kick out of the printers union up in Chicago. They went on strike some 18 months ago. The publishers offered them a bigger pay check. But they wanted more. In fact, their demands, if accepted, would have violated the Taft-Hartley Law.

UTILIZING a new process of typesetting and engraving, the Chicago publisher continues to run fast newspapers. And the union printers all over the country give something like three per cent of their wages to finance the strike — that is still going on.

IT SEEMS TO us that the peak of unionism has been reached. In Texas during the past several months, strikes have been successfully broken. Newspapers at Beaumont, Abilene and Corpus Christi are operating without unions — having successfully beaten strikes.

LET US QUOTE a statement from a General Electric Company ad. It says: "Any company's incentive to make more goods, thus creating more jobs and to invest in research to find new, better products is limited only by the ability to do so at a profit."

AND WE'LL WIND up the day's work with a quote from an aviation magazine: "Women's tears were the first successful fluid drive." And all the time we thought the Chrysler Company pioneered this.

Motorcycles To Hold Hill Climb

As far as Texas motorcyclists are concerned, all roads will lead into this section next Sunday when 1,000 motorcycles are expected to converge for the first hill climb in almost 2 years — just off Highway 180 west of Metcalf Gap, between Breckenridge and Mineral Wells.

Freeman Matatall of Mineral Wells, in charge of arrangements, says that "motor bike" enthusiasts from all over Texas gather to see motorcycle races; and the novelty of the hill climb is counted on to prove even more of a magnet.

Camera Doesn't Bother The Prince

In a sitting room at Buckingham Palace in London, royal Prince Charles stares about as he and his smiling mother, Princess Elizabeth, face the photographer for their first informal pictures. — ACME.

Will Speak

HAROLD F. POTE National Director, Division of Personnel, Boy Scouts of America.

Harold F. Pote, National Director of the Division of Personnel, will be the principal speaker at the opening luncheon of the 1949 Annual Meeting of Region Nine, Boy Scouts of America which is being held at the Roosevelt Hotel in Waco, April 19-20.

W. Emmett Sampson of Houston, Regional Chairman, will preside at the business session which will open the two day conference on Tuesday morning, April 19. The two day meeting will be attended by several hundred top Scout Leaders from thirty-six (36) councils of Oklahoma, Texas, and New Mexico.

NTSC A Cappella Choir To Be In Eastland Thursday

The North Texas State Teachers College A Cappella Choir, which will appear in Eastland Thursday night, recently won high praise when it presented its spring concert to a hometown audience.

The program to be presented in Eastland will be the same as that which won the acclaim of the Denton audience. Tickets for the Thursday night concert are available from Pat Miller, Robert Clinton, George Lane, and all Eastland Rotarians. Tickets will also be sold at the door on the night of the concert. Prices are \$1.20 for adults, and 80c for students, tax included. The concert will begin at 8:15 o'clock in the Eastland High School auditorium.

The choir has been highly praised for its versatile program, which includes solo work in addition to a well rounded program.

TO FORT WORTH Austin Flint, department store manager here, was expected to leave Cisco sometime this week for Fort Worth where he is scheduled to undergo a physical check-up.

ACC Will Present Opera April 21

ABILENE, April 13 — Il Trovatore, the great opera by Verdi, will be presented by Abilene Christian College Thursday, April 21, at 8 p. m. in Sewell auditorium on the campus.

This will be the third annual opera presentation by the college's departments of music and speech. Joining in its direction are Leonard Burford, head of the music department; Robert Holland, director of bands and orchestra, and speech instructors.

Members of the famous A. C. C. A Cappella chorus will form the cast. Burford declares this year's chorus is the best of any group he has directed since he founded the organization 17 years ago.

Gas Industry's Aid To Economy Is Meet Theme

BILOXI, Miss., April 13. — The gas industry's contribution to the expanding economy of the South will be the theme of the forty-first annual convention of the Southern Gas Association to be held in Biloxi, Mississippi, April 20-22.

D. A. Huley, president of Lone Star Gas Company, and vice-president of the American Gas Association, will lead the Lone Star delegation to the conference. He will be among the eight representatives from his company who will have prominent parts on the speakers program.

Among the leading topics of discussion will be the improvements in the production, transmission and distribution of natural gas that have combined to make the "all-purpose" fuel available to greater numbers of customers.

The delegates will be told of the advancements in modern gas appliances to bring a "better quality of living for the American home." These appliances include automatic gas ranges, refrigerators, water heaters, vented heating equipment, clothes dryers, dish washers and the Servel gas air-conditioning unit that uses the same gas flame to produce either cooling or heating by the flick of a switch.

More than fifty authorities in the gas field, from universities and the industry, will address various sessions of the convention.

Mrs. C. O. Weiser of Gladewater and daughter, Mrs. Jack Maxwell and two children of Robert Lee, stopped in Cisco for an overnight visit with Mrs. Weiser's sister and husband, Mr. and Mrs. Fred Stroebel recently.

New Eastland County Wildcat Test To Seek Ellenburger Pay

Lobo Band To Participate In Battle Of Flowers Festival In San Antonio

The Cisco High School Band will be included among the thirty musical organizations participating in the annual band festival sponsored by the Battle of Flowers Association in San Antonio on April 20, it was announced by school officials today. The annual event will begin at 6 p. m. at the Alamo stadium.

Secondary Oil Reserve Is Seen As Big Value

COLLEGE STATION, April 13. — Production of the known secondary oil reserve would mean an estimated monetary return to Texas of approximately two and a half billion dollars, Paul D. Torrey, president, Lyones Inc., Houston told the Petroleum Recovery Conference being held at Texas A & M College. An estimated partial secondary reserve in the state of 3,377.5 million barrels of oil, is equivalent to almost 30 per cent of the proven primary reserve of the state, Torrey pointed out.

"The secondary reserve is equivalent to 3.75 years of current oil production, which will be available, when the oil may be produced economically, over a much extended period," Torrey said.

The estimated monetary income is based on current price and tax schedules and shows a gross revenue of \$8,173,550,000; revenue from severance tax, \$337,158,937.50; revenue from gasoline tax, \$329,103,600; royalty to landowners \$1,021,693,750; production payroll, \$142,546,687.50; pipe line pay roll, \$126,196,875; refining pay roll, \$279,581,250; marketing pay roll, \$337,500,000.

"If it were possible to evaluate completely income and profit to dealers from the sale of oil field supplies overhead in the form of office and management payroll, drilling payroll, ad valorem taxes and many other tangible and intangible items," Torrey said, "and add the same to the figures listed in the estimated monetary return, it would appear reasonably certain that the government of Texas and the people of Texas can benefit from the production of the estimated secondary reserve by the amount of three billion dollars."

William J. Murray, Jr., chairman of the Texas Railroad Commission said that conservation of "our natural resources" is of paramount importance. He pointed out that under recent court decisions that the commission can step in with authority, as a last resort, and enforce the "application of secondary recovery methods." He urged the industry, the landowners and the royalty holders, to institute by and among themselves a co-operative program, to conserve the natural resources "for everyone's good and for their own betterment."

The research program, designed to assist in increasing the recovery of petroleum in Texas, is under the auspices of Texas A & M College and the University of Texas, with the co-operation of the Railroad Commission. The work is being carried on by the now designated Texas Petroleum Research Committee, which is sponsoring the conference at A & M College. Two hundred and fifty are in attendance. The conference lasts through Friday noon.

Dr. and Mrs. N. T. Mulloy went to Eastland Sunday to attend the singing convention held there.

Eastland County Wildcat Test To Seek Ellenburger Pay

Eastland County was scheduled for another wildcat oil test today, according to a report prepared by the Texas Railroad Commission. A drilling permit was issued for the well to be drilled two miles northeast of Rising Star.

The location was made by James H. Snowden et al of Fort Worth. It will be the No. 1 Sandie Brizendine, a 3,500 foot rotary test 990 feet from the north and 330 feet from the east lines of section 9, ETRR Survey, Blk 2.

Drilling operations were scheduled to start immediately. The Commission also released the official test figures on the W. G. Skelly No. B-1 A. L. Thomas well located in the Kleiner pool near Cisco. The well produced 63.48 barrels of 39.47 gravity oil on a 24 hour test.

The production was through a 16/64ths choke with 155 lbs. on the tubing and 325 pounds on the casing from 3,490 to 3,571 feet. The well had been drilled to 4,102 feet, then plugged back to 3,571 feet. It is located 330 feet from the south and east lines of the W. A. Wescott Survey.

It was originally scheduled as a Mississippi test but was finished in the Ranger and will possibly be the forerunner of similar wells in the area.

Easter Seal Sale Support Urged

DALLAS, April 13. — Texans who have not yet responded to the Easter Seal Sale are urged by Roscoe L. Thomas, president of the Texas Society for Crippled Children to send their contributions this week. Continuous support by generous Texans is the only way the Society can continue the crippled children's program which has put our state foremost in the nation, Thomas said.

Dr. John Lee of Wayne University, president of the National Society for Crippled Children, this week told Thomas that Texas is leading the way in the way in the treatment of Cerebral Palsy. No other state, according to Dr. Lee, can compete with the 16 cerebral palsy centers now in operation in Texas.

In addition to the cerebral palsy program, the Texas Society for Crippled Children continues its campaign for greater facilities, provides rehabilitation and direct aid in the form of crutches, wheelchairs and transportation.

Former Students To Hold Meetings

COLLEGE STATION, April 13. — More than 30,000 students and former students of Texas A & M College will gather at 349 meeting places in the United States and at many points throughout the world on the evening of April 21 for the 47th annual muster ceremonies. The muster is held to pay homage to the heroes of the fight for Texas independence and to all A & M men who have died.

The student body is in charge of the program at A & M which will be broadcast over the Texas Quality Network. The clubs and many special group gatherings of former cadets will have their own programs in conjunction with the student ceremonies. Marvin G. Rice, veteran student from San Antonio, is chairman of arrangements.

A solemn tradition of A & M men, the muster was born in 1903 on the college campus. It has been held annually since that first April 21 muster and has become a sacred activity of former student groups. One of the most momentous musters was the one held on embattled Corcoran under the long shore guns of the invading Jap army in 1942. Many A & M men were trapped on the tiny island fortress with the U. S. forces and were fighting a last ditch stand against the Philippine Island attackers.

Annual Eastland County Dairy Show To Be Held In Eastland Saturday

A total of \$200 will be distributed to owners of winning animals at the Annual Eastland County Dairy Show at Fireman's Field, Eastland, next Friday morning.

The program will get under way at 10 o'clock that morning with both a senior and a junior judging contest with cash prizes of \$88.00 going to the winners. Any boy under 21 years of age is eligible to enter the junior contest while adult farmers and ranchers may enter the senior contest.

L. R. Higginbottom, Gorman, and other veteran Agricultural teachers of the county will have charge of the judging contests.

A. M. Meekma dairy specialist of the A & M College Extension Service, will officially place the animals immediately after noon. There will be six classes of animals, all females according to the catalogue recently issued on the show. A. Z. Myrick, Cisco, president of the Eastland County Dairy Association will act as program chairman for the one day show.

E. R. Eudaly, former A & M dairy specialist and now with Fort Worth feed concern, will speak to the group during the day. Check entertainment features are planned.

Not only Jerseys but Holsteins and Guernseys are also eligible to show. There will be no bulls shown.

Anyone in the County who desires may show his animal with but prior entry or entry fees of any kind. All that is necessary is to have the animal on the grounds by 10:00 o'clock that morning. They may be taken home by 4:00 o'clock.

New Truck To Be Added To Fire Fighting Equipment

According to information from Fire Chief H. O. (Andy) Anderson, the Cisco Fire Department will receive within the next sixty to ninety days, a new 300 gallon combination booster-pumper mounted on a Chevrolet chassis.

Mrs. Griffith Is Given Trip To Visit Parents

Friends of Mrs. Ross Griffith, blind musician who has thrilled many Ciscoans in appearances on local programs, began a campaign Sunday for funds to allow her to visit her parents in Brooklyn, New York. C. A. Warden, minister of the Wesley Methodist Church reported that the trip was assured with the contribution of \$125.00 by her many friends here.

The gift was in appreciation for the loving manner in which she has contributed of her time to add to the cultural advancement of Cisco.

Mrs. Griffith expressed her thanks for the gift in the following letter: Dear Friends: Please accept my heart-felt thanks for your generosity. Words cannot express how much I appreciate your making my trip to New York a possibility. Mrs. Ross Griffith

Found Dead

This is a recent photo of Kathy Fiscus, 3 1/2-year-old child who was trapped 52 hours in an abandoned well shaft in San Marino, Calif. An all-out rescue operation brought her lifeless body to the surface after the family doctor had said the little girl had undoubtedly drowned within a few hours after her fall into the shaft. — ACME.

GIRL SCOUT TROOP MET WITH MRS. WYATT

The Girl Scout members of Mrs. L. D. Wyatt's troop met March 31 in the Wyatt home for regular meeting. Upon arrival from school the girls were served refreshments of punch and cookies.

After the refreshments were enjoyed the business meeting was held and minutes of the last meeting were read by Jean White. Mabel Ann Barron, treasurer, received dues from the members. A hike to Lake Bernie was planned for the next meeting. The afternoon lesson on "History of Girl Scout Organization," the laws and Proper display of the flag

followed and at the close of the lesson, the meeting was adjourned.

Those present were: Mabel Ann Barron, Sammie Bell, Shirley Cearley, Tajuanna Clark, Louella Downie, Norma Schaefer, Carlene Holder, Neva Rederrick, Mary Ann Smith, Jean White, Vernell Carey, and Mrs. Wyatt.

Mr. and Mrs. Earl Owen and small daughter, Sharon, spent Sunday at Dublin where they enjoyed a family reunion in the home of her parents.

Mr. and Mrs. R. V. Rendall and daughter, Mary Jane, ac-

companied by Miss Lela Latch, visited Abilene Saturday with their brother and wife, Mr. and

High Blood Pressure

HARDENING OF ARTERIES, PAINS IN LEFT ARM AND SIDE

Elmer G. Johnson, President of Harlingen State Bank, Harlingen, Texas, writes on Feb. 20, 1948:

"Please send another bottle of Liquid Garlic, also send a bottle to my sister-in-law, Mrs. Hulda C. Dutton, 45 Atwater Terrace, Springfield, Mass.

"I have some good reports to make on the effectiveness of garlic used. Mr. Turner, Texas dealer here has taken two bottles and is much better, his blood pressure down about 60 points. Mrs. W. F. Nelson of San Benito, who was in bad shape, is also very much better and her blood pressure down considerably. This Garlic works, and you are doing a fine job of producing it for the benefit of those suffering from high blood pressure."

Out Here in the Great Southwest

... visitors from other states sometimes marvel at the bigness of our way of doing things. And, too, it is a constant source of pride to our own people when they look about them and witness, among other things the magnitude of some of our business institutions and their capacity to render service. Here in Eastland County we are proud of our title plant and along with a host of others we think it's the best in the Southwest.

Wanted: A MAN TO STEAL SOME MONEY!

We're looking for a man (don't care how old or young he is) who loves money.
A man who likes the feeling of having a little extra noney on hand, just in case something unexpected pops up.
A man who swears he's going to save some money, and yet never seems to get started, because—well, because he just never seems to get started.
We want this man to steal some money—from himself.
That's right, we want him to go down to his bank or into his boss (either one) and sign up for the Automatic Savings Plan.
Then he can sit back and watch his Savings Bonds pile up, like pennies in a kid's bank. Only there's none of the temptation of a piggy bank. No pain, when you save this automatic way.
It's just like getting extra money from yourself, except that you never know it's happening—you hardly miss it when it comes around to paying the bills or balancing the budget, because it's worked out so well. And you get every cent of it back, with a handsome interest—\$4 on every \$3 you put in.
The automatic Payroll Savings or Bond-A-Month Plans make saving money almost as easy as spending it. See about whichever of these two plans is best for you today.

SOCIETY AND CLUBS

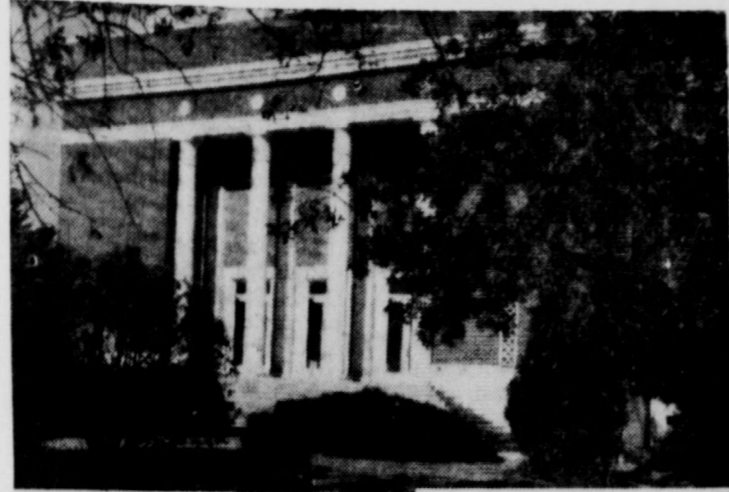

AND NEWS OF INTEREST TO WOMEN

FIRST BAPTIST WMS IN GENERAL MEETING

Women's Missionary Society of First Baptist Church met Tuesday afternoon at the church in a general meeting for Mission Study program. Mrs. W. V. Gardenhire turned the meeting to Mrs. A. B. Cooper, Mission Program chairman who in turn presented the Young Women's Night Circle who gave the program. The meeting opened

with group singing led by Mrs. C. A. Cowley with Mrs. McGuire at the piano; after which prayer was offered by Mrs. A. B. Cooper.

The program topic was "Home Missions in Rural Churches" and the scripture devotion from the book of Matthew was presented by Mrs. Cowley. Program parts were given by Mrs. McGuire, Mrs. Lucy Collier, Mrs. Cunningham, Mrs. Bess-

Synthetic of the "Growth through service" of John Tarleton Agricultural College at Stephenville is the Auditorium Building. It stands on the site of the original college building where fifty years ago, on Sept. 3, 1899, a group of 114 students were the first to enroll. Now with an annual enrollment of over 1,000, Tarleton will combine on April 30-May 1 the Annual Parents Day and Ex-Students Homecoming Reunion with a Semi-Centennial Celebration in a gala two-day festival. President E. J. Howell is the first president of Tarleton since it became a state school in 1917.

PRESIDENT HOWELL

WCS CIRCLE TWO WITH MRS. T. J. DEAN

Circle Two of First Methodist Women's Society of Christian Service met Tuesday afternoon in the home of Mrs. T. J. Dean for regular meeting. Mrs. Philip Pettit was co-hostess with Mrs. Mrs. Dean.

Group singing of "In The Garden" opened the meeting following which Mrs. John Shertzer brought the devotion with scripture basis from the Gospel of St. Luke. She also gave the meditation from the "Methodist Woman." Interesting articles were read as follows Mrs. C. A. Shockey told of "Easter Oddities;" Mrs. S. H. Nance read "The Call to Service from India;" and Mrs. J. T. Fields presented "Victorious Living and Victory over Self" closing with the Lord's Prayer in union.

The business session was next held and members were told they will be responsible for the third and fourth chapters of the book, "Studies of China" on May 3. Life memberships were presented to Mrs. S. H. McCanlies, a gift from Miss Ella Andres; and another to

Baby Rhondel Lewis, granddaughter of Mrs. C. A. Shockey, as a gift from the Circle. Plans were made for serving the banquet to the Men's Brotherhood of the church in May.

A social hour was enjoyed and a lovely salad plate with a cup of hot tea was passed to Mesdames H. A. Lewis and children, Howard and Rhondanel of Shertzer, R. S. Elliot, S. H. Nance, C. A. Shockey, Crigler San Antonio; J. T. Fields, John Paschall, W. W. Moore, S. H. McCanlies, W. E. Ricks, Rachel Smith and daughter Beth, Miss Eppler, Mrs. Philip Pettit and Mrs. Dean.

DOUBLES OUTPUT

Illu Rider, Mrs. Gid Bowers and Mrs. E. J. Poe who closed the program with prayer. Interesting reports of the YWA house party at Hardin-Simmons University were made by Miss Earlene Steele and Miss Jane Houston; following which the meeting was adjourned.

Those present were: Mesdames Gid Bowers, Lucy Collier, Collins, Cunningham, A. R. Day, M. P. Farnsworth, W. V. Gardenhire, Eula Grantz, R. D. Guthrie, W. D. Hazel, A. B. Cooper, C. A. Cowley, Leo Keelan, O.

CHICAGO—In the first production increase in the appliance industry this year, Hotpoint, Inc., one of the nation's largest appliance manufacturers, has doubled scheduled output of a new automatic washing machine introduced early this year, James J. Nance, president, announced. The boost to 2,000 machines a week was necessary to meet strong demand.

Nance said that the step-up, made now in the face of adjustments in the national economy, "reaffirms this company's faith in America's system of producing abundantly in order to continually lower prices. Our \$25 million expansion program completed last October was an investment of American savings in developing new manufacturing efficiencies to bring the benefits of electrical living to the greatest number of people in the history of this country."

"Only in America can we find this example of industry teamwork resulting in more new work saving devices priced within the reach of every one of the nation's homes," Nance added.

L. Lee, Leon McPherson, Jack McCanlies, McGuire, O. L. Mason, Wm. Norton, E. J. Poe, O. J. Russell, Bessilu Rider, W. W. Sawyers, S. E. Simmons, W. F. Walker, Ada Wheeler, F. Wright, and sunbeam workers, W. C. Clements, O. L. Lee, Miss Willie Frank Walker and Mrs. Mary Abbott of Cradle Roll Department.

Mr. and Mrs. M. P. Farnsworth and sons, Jim, Don and Frank visited in Fort Worth over the weekend with their son and daughter-in-law, Mr. and Mrs. M. P. Farnsworth Jr., and while there they attended the Ice Capades.

Mr. and Mrs. G. C. Rosenthal moved Monday from Humbletown to the new home which they recently purchased from M. and Mrs. Don LaChasse. Mr. and Mrs. A. F. Ashenurst will occupy the cottage at 2096 Humbletown.

Mr. and Mrs. E. H. Cheves and family moved today to Cottage 2574B, Humbletown, where they will reside. Mr. Cheves is a civil engineer employed by Humble Pipe Line Company.

Mrs. C. Harper of Moran was a business visitor in the city Monday.

Word from Robert Cone, chief C/S of the U. S. Navy, to his mother, Mrs. Ethel Cone, stated

SEES THREAT TO U.S.

War-essential American jeweled watch industry is threatened by heavy imports from Switzerland which discourage healthy growth of domestic manufacture and thus endanger national security in case of another conflict. James G. Shennan (inset), president of Elgin National Watch Co., tells U.S. Senate committee at hearing on extension of trade agreements act. Asking "realistic duties" to equalize difference in movement costs resulting from Swiss labor rates which are 60 per cent lower than U.S. rates. Shennan cites figures for past 10 years (above). They show that imports captured bulk of U.S. market while the three exclusively American manufacturers of jeweled movements were engaged in vital war production.

PREPARES FOR HIS FIRST EASTER

Preparing for his first Easter baby Prince Charles, future ruler of Britain, plays with a toy rabbit in Buckingham Palace.

that he had just enjoyed a visit with Seaman Donald Swartz, a former Cisco High School boy. The two young men met on

Guam where Cone is now stationed.

Mr. and Mrs. R. D. Donham and three children of Rising Star visited in Cisco Sunday in the home of Mrs. Donham's parents, Mr. and Mrs. Guyle Grenolds.

A Change is in Order...

Change to OIL-PLATING!

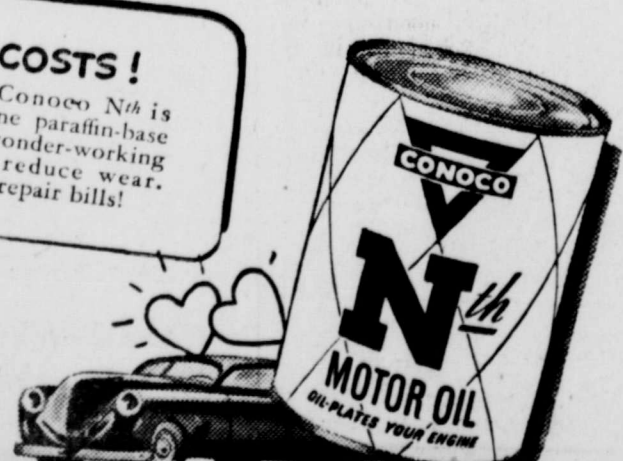

QUIET! There's an added ingredient in husky Conoco Nth Motor Oil that fastens a shield of lubricant right to your engine's working parts . . . protects them from wear. So change to Nth motor oil . . . and an OIL-PLATED engine.

READY TO GO!
... because Conoco Nth's OIL-PLATING can't all drain down, even overnight. Cylinders are lubricated, ready to go, at the touch of the starter!

RUNS SMOOTH!
... because another exclusive additive in Conoco Nth combats combustion acids and power-robbing sludge and carbon due to wear.

CUT COSTS!
... because Conoco Nth is made from fine paraffin-base crude — has wonder-working additives to reduce wear. You'll save on repair bills!

Oil-Plate today at your Conoco Mileage Merchant's!
