## The Gay Philosopher

(Copyright New York Graphic Society)
By J. W. S.

CISCO DOGS ARE pretty well known, we've decided. A friend in New York City sends us a clipping from a newspaper there, as follows:

"Sam the Samoyede, a cold weather canine, runs a delivery service in Cisco, Texas for his master, Roy A. Fonville. The two-year-old white dog delivers the paper to Fonville in his office carries his lunch to him at noon, and will fetch some 10 objects from the house on demand."

Mr. J. B. F. Wright, who lives at 400 West 11th Street, has something very novel indeed for Mother's Day or special occasions. It's his own invention and doings. He writes splendid poems and illustrates them with appropriate pictures. Then he makes an attractive frame. His "poem pictures" are selling everywhere he shows them.

MR. WRIGHT'S idea is paying off. It takes initiative and ideas for success, sometimes.

WAS READING the other day about a fellow's reaction to the 15 per cent tax when it was placed on train and bus tickets. He postcarded people: "Having wonderful time, less 15 per cent."

WOMEN, according to some expert advice, take the best pictures during the middle of the day. Girls under 21 show up best through the camera's eye in the morning. And men, our informant says, aren't very fussy so nobody has figured out when they should see their cameraman.

## Local Woman Hurt In Abilene Auto Accident Monday

Mrs. G. M. Beene, 910 West 5th, was in an Abilene hospital Monday night after suffering serious injuries in an automobile accident at 6:20 p. m. Monday at the corner of Walnut and North 13th in Abilene.

Mrs. Beene, riding in a car driven by her son, Charles Edwin, 17, suffered a severe scalp injury and minor concussions when the car figured in a collission with one driven by Robert H. Mendoza, 27, of Abilene. She was thrown from the car by the impact.

Reports from the hospital said that her condition was not critical and she was expected to be brought home soon.

Also riding in the Beene car but not injured were Mrs. Fred Baumgardner, Zelda Sandler, Bette Wilcox, and Allen Thomas. Both cars were extensively damaged.

# *Rainfall For April Totals 3.34 Inches; More Showers Forecast*

The photo was taken in 1947 by the Osborn Studio here. They are; front row (left to right) - Red Padgett, C. R. Hightower, Arlin Agnew, L. E. Sublett; Second row, C. L. McCanlies, and city secretary Hal Lavery; third row Don Rupe, Howell Sledge, Ocie Livingston, Chief H. O. Anderson, Charles Huntington, E. S. Townsend, and former commissioner J. J. ## Total Fall For Year Reaches 12 Inches; Far Above Average

Rainfall Saturday, Sunday and Monday, which measured slightly more than one inch, brought the total for the past week up to 3.10 inches and the total for April to 3.34 inches. The forecast for Tuesday and Wednesday called for possible showers and continued mild temperatures over most of Texas.

The April rainfall brought the total for the year to approximately 12 inches, which is far above the average annual fall as tabulated by the Weather Bureau. The average fall for the first four months of the year for Cisco and vicinity is 6.44 inches. The average figure was given by the weather department and taken from the figures for the past 30 years.

The rain fell so slowly that little water was caught in Lake Cisco, it was reported. Less than a foot rise was measured by water department officals who reported that the fall on the water shed was heavier than in town.

Farmers were hailing the rain as a "million dollar fall" and were rejoicing over the best prospects for a good crop in recent years. Stock tanks were well filled and pastures were showing rapid growth.

Fruit trees were heavily loaded and prospects for a banner yield were good. Growers reported that if hail or insects did not hit the trees the local area was assured of plenty of peaches, plums and apricots.

Gardens in town were looking good and were highly benefitted by the moisture. Reports of heavy damage by cut worms were coming in but the rains were aiding in keeping up with the damage caused by the insects.

## New Individual Auto Phones Installed At Joy Drive - In

Some 300 auto-phones, an electrical listening device for individual cars, have been installed at the Joy Drive-In Theater, three miles east of Cisco, Wallace Smith, manager, has announced.

Completion was made last Thursday and tests were held the following evening.

The individual speakers, said to be the latest in out-of-doors theatrical equipment and the only ones of that type between Fort Worth and Abilene, can be adjusted according to desired tone. The device is similar to a radio dial, Smith explained.

Attached to a pole, the speakers can be connected to the dash board by the patrons, themselves. Until the customers have been educated in the operations, an attendant will snap the speakers onto the car, Smith said.

**AMATEUR NIGHT CONTESTANTS ARE NEEDED**

Contestants for the Cisco Junior College BIF Club's "Amateur Night," to be presented Friday night at the Cisco High School auditorium, are needed, so says Willis Black, production manager.

Persons interested in competing for cash prize awards were urged to contact members of the BIF Club or the manager.

## Fishing Enthusiast Surprised With Party At Lake

Something different in the way of birthday parties was carried out Monday when Mrs. J. L. Thornton was surprised by two of her fishing pals with a delicious dinner served between nibbles, at the Country Club boathouse.

Mrs. E. G. Damron and Mrs. Ray Judia surprised the ardent fisherman while she was tempting the fish at her favorite spot in the boathouse. They slipped in and spread a nice birthday dinner, including fresh home grown strawberries and cream.

After the lunch was eaten the three settled down to some serious fishing and Mrs. Damron caught a nice catfish which she presented to the honoree.

### CANDLELIGHT CEREMONY FRIDAY UNITES LOCAL COUPLE IN MARRIAGE

Miss Margie Forbes, only daughter of Mr. and Mrs. Gene Forbes of Cisco, became the bride of Don Johnson, son of Mr. and Mrs. Edgar Johnson also of Cisco in a candle light wedding held in the parlor of First Baptist church Friday evening April 22.

The double ring ceremony was performed by Rev. Otis Strickland, pastor of the church in the presence of immediate relatives and a few close friends. White gladioluses and snap draggons decorated the room and fern and lighted tapers formed the improvised altar before which the couple stood.

The bride was given in marriage by her father. She wore a becoming suit of Aqua gabardine with brown and white accessories. She carried a white Bible, a gift of the bridegroom, which was topped with a gardinia nosegay with white satin streamers attached. She carried out the traditional "Something Old. New, borrowed and blue with the penny in her shoe."

Miss Paula Gee of Brownwood attended the bride as maid of honor. She wore a beige color suit with a corsage of red carrnations and white accessories.

Russel Johnson of Cisco served his brother as best man.

Music was furnished by Mrs. Otis Strickland who played the traditional wedding marches and accompanied Mrs. Truman Taylor who sang "Because" as pre-nuptial music. As the party left the church Mrs. Strickland played Mendelsshon's wedding march as the recessional.

Following the wedding ceremony a reception was held in the home of the bride's parents. Geusts were received by Mr. and Mrs. Forbes and members of the wedding party: and were shown to the dining room for refreshments.

The brides chosen colors of blue and white were caried out in the floral decorations. The table, covered with lace cloth held a lovely arrangement of corn flowers, snapdraggons and gladiolus; and the pretty three tier wtdding cake, topped by a miniature bride and groom.

Miss Paula Gee served the guests with wedding cake after the first slice had been cut by the bridal couple and punch was ladeled by Miss Delores Johnson. Napkins bore the names Margie and Don, inscribed in blue. Mrs. Weldon Steel, aunt of the bride, was in charge of the bride's book.

Attending were immediate relatives of the two families of Cisco; and the following out of town guests: Mrs. J. F. Forbes and Mrs. J. B. Shirley of Monahans; Mr. and Mrs. Weldon Steele of Austin; Mr. and Mrs. Mittford Johnson of Waco; Mr. and Mrs. Joe Dan Johnson of Abilene; and Miss Paula Gee of Brownwood.

The bride couple was pleased to know that her brother, Truman Forbes, who is recovering from major surgery was able to be present.

The bride attended high school at Gladewater and was graduated from Cisco High School, later attending Cisco Junior College. The bridegroom graduated from Cisco High School and was also a student at Cisco Junior Colleg, where he played on the CJC football team.

Mr. and Mrs. Johnson left on a wedding trip to Galveston after which they will make their home in Cisco at 700 G avenue.

Mr. Johnson is employed by the Lone Star Gas Company of Cisco.

Out Here In the Great Southwest —

. . . . visitors from other states sometimes marvel at the bigness of our way of doing things. And, too, it is a constant source of pride to our own people when they look about them and witness, among other things the magnitude of some of our business institutions and their capacity to render service. Here in Eastland County we are proud of our title plant and along with a host of others we think it's the best in the Southwest.

## Mrs. Gilbert Kinsey, Who Is 94 Years Of Age, Advises "Faith In God" As Requisite For A Long And Happy Life

By JIM EWELL, JR.

"To achieve a long and happy life, one must have never ending faith in the sight of the Father above", so says Mrs. Gilbert Kinsey, who recently celebrated her 94th birthday last February 12.

Although she is virtually deaf and blind in the left eye, the tiny silver haired Mrs. Kinsey moves around her quaint five room frame house sprightly with the aid of a Hickory walkng cane she refers to as "horsey".

Stroking the back of apurring cat, Mrs. Kinsey, who lives with her son, R. B. Kinsey, 504 West 17th street, likes to recall this city's "diaper" days; like the time Highway 80 was nothing more than a ant trail, figuratively speaking.

"Why I can remember when Eastland was nothing more than a wide spot in the road; Cisco's lawless days and the whiskey", she recalled. "Those were the days when women dared not walk down main street."

Mr. and Mrs. Kinsey, and their six children, came to Cisco in 1901 in ox-drawn covered wagons from Trenton, Tenn. "I didn't want to come to Texas, but Gilbert just had Texas on his brain and there was nothing I could do to persuade him against it," she explained with a crackle in her voice.

Mrs. Kinsey, who can very easily remember the days of the Civil War and the aftermath of wide destruction to her native state, shuns the "Yankee" "Those Yankees", she snapped. I'll never forget the day, their horsemen rode in to our farm and forced my father to leave with them for service with the Northern forces."

Then she added, "If it hadn't been for his bad hearing, those Yanks would have conscripted him sure as I'm standing here. We (Mrs. Kinsey and her three brothers and two sisters) were very happy when they released him."

Mrs. Kinsey's mother died when she was five — in the fall of 1860.

She recalled the time Yankee troops stopped at her father's farm and stormed into the kitchen, taking all the food the family had saved.

Mrs. Kinsey was born Mary Thorn in Trenton, Tenn., the daughter of a farmer. She was the fourth child of seven. Today she is the last surviving member of her family, and has outlived three of her children.

She was married to H. C. Kinsey in January, 1872. He died in 1878 after the couple had moved to Denton, where he was engaged in wagon trading. To this union were born four children, of whom only one is living. He is her son who lives here.

After returning to her father's home, Mrs. Kinsey later married Gilbert Kinsey, her first husband's younger brother. That was ten years later. After farming around Trenton for nearly 13 years, the couple then set out for the Lone Star State.

During the 33 years Mr. Kinsey lived in Cisco he was engaged in the grocery business, establishing a small food store where Hailey's Garage now is located.

"Gilbert was a real Christian man," she said, "he was always giving groceries away to persons in need, and everyone used to say he had more friends than money. If we hadn't had a farm on the side, we would have been poor folks."

Failing health forced him to drop out of business in 1916.

Mrs. Kinsey, who can barely read the headlines, is a lover of small children and especially paper boys. And she insists that they come into her kitchen for a handout of cookies. Although her eyesight is failing she can recognize her friends who come to visit her by their voices.

Still showing signs of fair health, Mrs. Kinsey is a self-styled home missionary, and even today conducts evening prayer services in her home with close friends. "It's not the church that can save you," she said, "it is your trust in Him, with the will to carry out His commandments."

Until ten years ago, she faithfully attended the First Baptist Church.

In addition to her three living children who are R. B. Kinsey of Cisco, Mrs. Dellar Davidson of Trenton and H. C. Kinsey, Jr., of Trenton, the bespectacled Ciscoan has 17 grandchildren and 25 great grandchildren.

Asked if she would like to reach the 100th year, she replied: "That's up to the Father."

It has been nearly a year since Mrs. Kinsey has been outside to feed her chickens, spade the flower beds and look after the cows.

"That's the bad thing about old age," she remarked. "I miss the outdoor life."

# Record Operation Is Reflected In Humble Report

Humble Oil and Refining Company's 1948 annual report released recently shows record operations attained in all phases of the Company's business as a result of its part in the industry's expansion efforts to meet rapidly increasing demands. The company reported that its business was up 8 per cent over 1947, with net crude oil production of 140 million barrels, crude oil refined of 91 million barrels, pipe line deliveries of 277 million barrels. These high volumes resulted in a net income of $186,069,000, of which $114,166,000 or 61 per cent was retained in the business, primarily to finance heavy expenditures of $138,302,000.

One of the most significant figures in the report is the capital expenditure of $138,302,000, which is 50 per cent more than in 1947 and almost four times as much as in 1943. As a result of the Company's large capital expenditures in recent years, the stockholders investment at the end of the year was twice as much as at the end of 1942. Of the Company's new investment in 1948, nearly 80 per cent was in production properties and facilities, as the increased cost of developing new reserves required large expenditures to replace th oil produced. Total expenditures for drilling wells were $75 million with dry holes accounting for 35 per cent of that cost.

Humble's intensive exploration program resulted in the discovery of 44 new oil and gas reservoirs, including two wells on the continental shelff off the coast of Louisiana. Over $17 million was spent in the acquisiation of leases, about one-third of which was spent for leases on state lands.

Humble continued to be the principal domestic producer, purshaser and transporter of crude oil. Net production of crude oil amiunted to 368,300 barrels daily and purchases were 533,900 barrels a day. Humble Pipe Line Company transported 736,900 barrels of crude through its trunk lines daily. Humble's refineries processed 249,300 barrels daily of crude oil during 1948.

Humble moved from fourth to second place in gasoline sales in Texas, accounting for 14.3 per cent of the total. The Sales Department marketed 506 million gallons of all products.

By the end of 1948 there were 18,954 Humble employees at work in the various phases of the Company's operations.

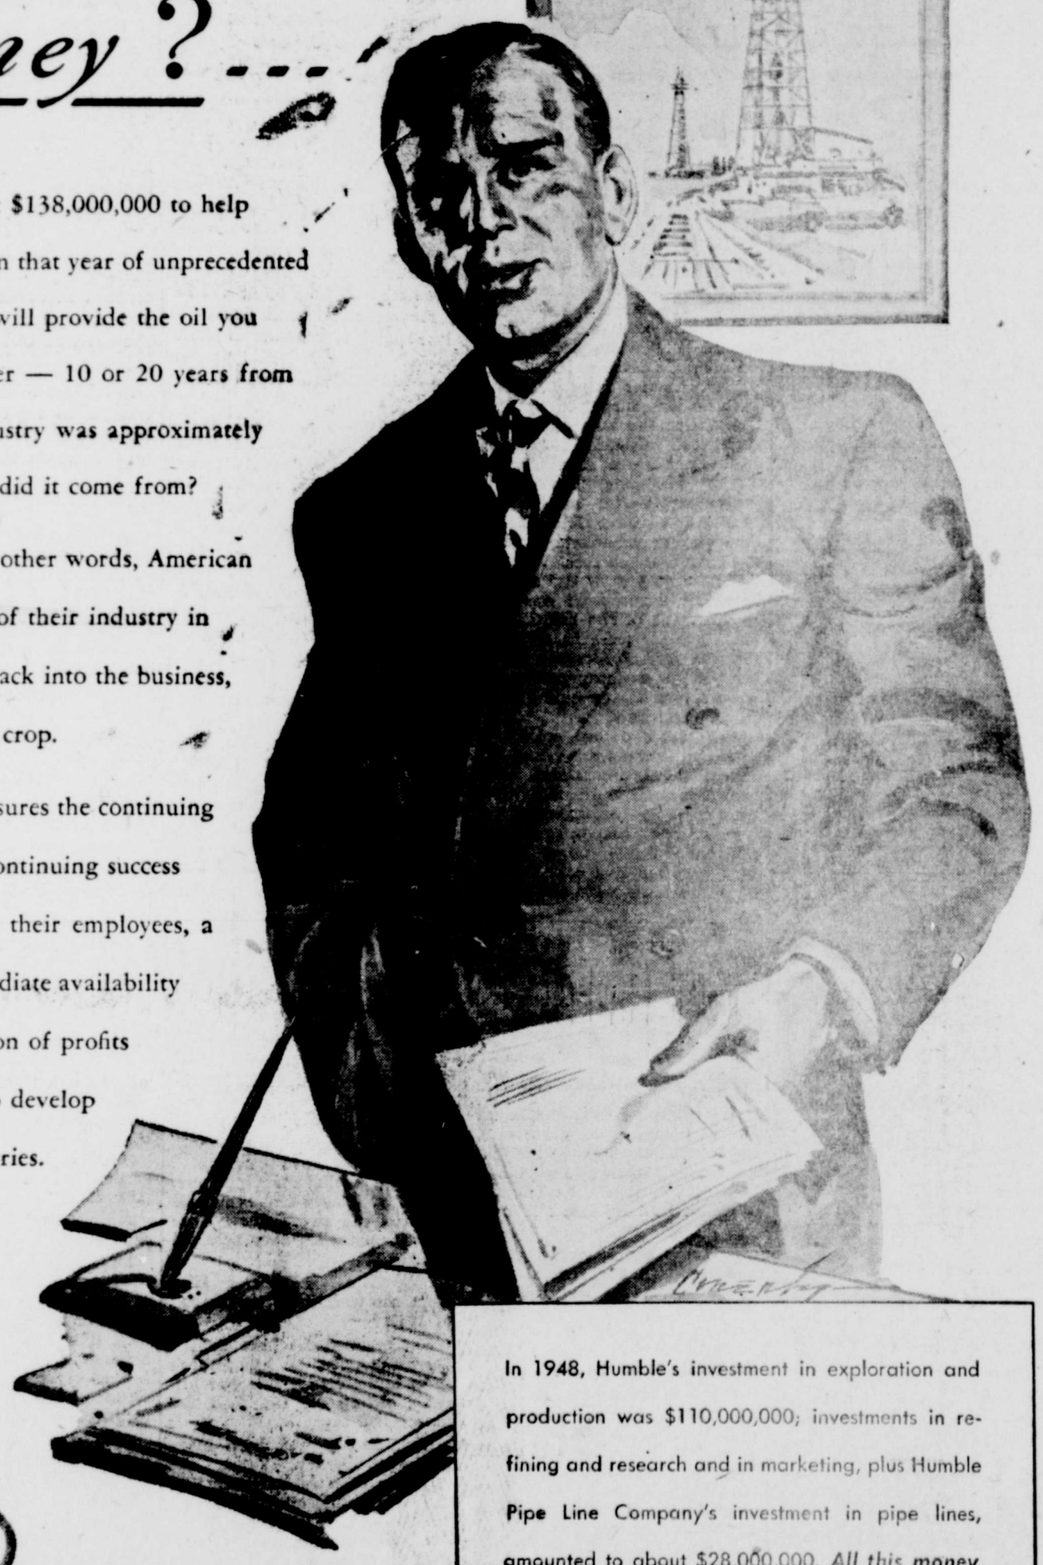
New Self-Drain Saucepan Saves Food and Scalded Hands!

Just twist the snug fitting cover to DRAIN when cooking is completed and safely strain off the boiling water without spilling food or using extra strainers and pot holders. Now being offered exclusively through local grocers for only $1.00 as soap box top premium. (Lever Brothers)

Where do we get the money?...



During 1948, the Humble Company spent about $138,000,000 to help provide the oil you and other Americans needed in that year of unprecedented demand, and to develop the oil resources which will provide the oil you need not only today, but next year, the year after — 10 or 20 years from now. The 1948 investment by the entire oil industry was approximately 2 billion dollars. That is a lot of money! Where did it come from?

*The larger part of it is reinvested profits.* In other words, American oil companies have such confidence in the future of their industry in this country that they have plowed their profits back into the business, just as a farmer plows under a good green cover crop.

And for the same reason: the farmer thus assures the continuing fertility of his soil; the oil companies assure the continuing success of their business . . . the security of the jobs of their employees, a continuing supply of oil for your needs, the immediate availability of oil for national emergencies. The major portion of profits made in the oil country stay in the oil country to develop its resources, and to supply a market for its industries.

*In the last 10 years, over half of all the profits of oil companies have been reinvested in the business.*

In 1948, Humble's investment in exploration and production was $110,000,000; investments in refining and research and in marketing, plus Humble Pipe Line Company's investment in pipe lines, amounted to about $28,000,000. *All this money came from earnings retained in the business.*
