GOOD WELL INDICATED

A pumping test this week on the Bob Gilchrist No. 1 Brashar well, east of Eastland, showed 20 barrels of oil in eight hours, with only four barrels of water, it was disclosed here. Definitely indicated as a commercial well, officials estimated the well would produce 50 barrels per day at a depth of less than 1,500 feet.

Norman Huston Wins City Golf Crown In Win Over Claude Wilson

Norman C. Huston, local manager of West Texas Utilities Company, was crowned champion of the Cisco Country Club golf course Sunday by virtue of his victory over defending Champion Claude Wilson in the finals of the championship flight. Huston won, 4 and three.

Funeral Services For Mrs. Gregg Held

Funeral services were held at 4 p. m. Tuesday for Mrs. Iva Louise Gregg, 22, who died in a Temple hospital Monday after a short illness. Mrs. Gregg resided at 804 West 17th Street in Cisco. The services were held at the Cook Community Baptist Church with Rev. C. A. Warden in charge. He was assisted by Harry Grantz.

She was born in the Cook community on July 19, 1926, and had lived in and around Cisco all her life. She was married to M. L. Gregg in Rising Star on August 8, 1942. Interment was in the Wayside Cemetery with Thomas Funeral Home in charge of the arrangements. She is survived by her husband; one daughter, Linda Sue; and one son, Tommy Lee. Also surviving are her mother, Mrs. Julia Townsend of the Cook community; one brother, A. L. Townsend of Cisco; and three sisters, Mrs. T. D. Smith of Cisco, Miss Inez Townsend and Miss Virginia Townsend of the Cook community.

Townsend, 2 up, to enter the finals.

The final match was played Sunday afternoon. Despite high winds, both players turned in excellent games. Huston was one over par 36 for the first round, and Wilson was close behind.

At the end of the first nine holes, Huston had a two-hole advantage. He scored an eagle 3 on No. 4. Later, Wilson just missed a 12-foot putt for an eagle.

This was Huston's second time to win the title. He was the club champion in 1939. As the winner, he received six golf balls, while Wilson was presented with four.

Club officials were highly pleased with the turnout for the tournament, which attracted more players than ever before.

The first flight winner has not been determined as bad weather caused a postponement of the final match between Felton Underwood and Johnny Cousins. Chili Rice won over Charles Burke to take the second flight honors and Durwood Morris nosed out J. L. Stafford to win the third flight. Charles Adair, Cisco Junior College entry, won over John Preston to win the fourth flight.

Consolation winners were not announced as some of the matches have not been completed.

Clock Stops; Carolyn Edwards Wins Watch

The clock stopped and Miss Carolyn Edwards, 16, daughter of Mr. and Mrs. E. E. Edwards, was named winner of Hooker's Jewelry wrist watch gift to a member of the graduating class. The giant clock, faced with the names of some 70 or more of the 1949 senior class, stopped ticking, Hooker said, sometime Sunday night. The clock ran for approximately eleven days.

Mr. and Mrs. Gid Bowers and son spent the weekend with friends in Abilene.

Three And One Half Inches Of Rain Pours Four Feet Of Water Into Lake

TRUCK EXPLODES IN HOLLAND TUNNEL

Police and firemen examine debris of burned trucks in the blasted Holland Tunnel after a chemical truck caught fire, exploded, and set other trucks on fire. Several police and firemen were injured fighting the fire and a dock worker was overcome by smoke and fumes.

One of the heaviest rains in the past six years fell on Cisco and the surrounding area Monday and swollen creeks poured water into Lake Cisco and Lake Birnie placing the local water prospects in the best shape it has been in years. The downpour did extensive damage to the city streets and many of the rural roads.

Rain which began falling early Monday morning was gauged at 3.5 inches, the heaviest recorded since 1943. It brought the total for the month to 5.51 inches and for the year to 17.54 inches. The annual average for the first half of May is two inches and for the year, through May 15, is 8.44 inches.

More rain has fallen in the 4 1/2 month period this year than fell in 1948 and prospects for a banner farm year were brighter than they had been in several years. Grain farmers needed at least two weeks of sunshine to develop and ripen grain. Some reports of rust were turned in to the county agent but many of the farmers had planted rust-proof seed and their crop was in good shape.

Lake custodians reported that the catch in Lake Cisco measured approximately four feet and water was still running in. Lake Birnie caught approximately the same amount and lacks just a little of running over the spillway. Almost six feet of water has been added to Lake Cisco during the month of May and water officials estimated that Cisco was assured of ample water for three to four years.

Extensive damage was done to graveled streets as drainage ditches were unable to handle the flow causing many streets to be flooded - some as much as 18 inches. Street officials estimated that weeks would be required to place the streets back in top condition. Water came dangerously close to entering houses in some low sections but no reports of actual flooding were received. Water stood for hours in some yards and some citizens were unable to leave their homes because of flooded streets.

Putnam, Baird, Moran, Albany and Rising Star reported heavy rains. In Putnam, and between Cisco and Putnam, water was over the highway for a short while. In Putnam and Baird the water reached the tracks of the Texas and Pacific Railway Company but little damage was done.

The forecast was for continued cloudy weather and additional thundershowers for the local area for the next 48 hours.

Former Sheriff Dies At Home In Eastland Monday

J. D. (Dug) Barton, former Eastland County sheriff, died Monday night at nine o'clock at his Eastland home following a lengthy illness. He was 82.

Funeral services will be conducted at the Eastland First Methodist Church at 2:30 p. m. Wednesday and burial will follow in the German Cemetery. Burial arrangements are being directed by an Eastland funeral home.

Barton, who served as constable of an Eastland precinct prior to his death, was born in an Arkansas community in July of 1867. He had been a resident of Eastland County for the past 50 years, it was stated.

He is survived by his wife, two sons, Lee Barton of Longview and Terrence Barton of Ft. Worth, and a brother, Tom Barton of Kokomo community.

2,000 Students Visit Lake Friday And Saturday

More than 2,000 students from schools near here were at Lake Cisco Friday and Saturday enjoying the facilities of the lake park, it was announced. The students were swimming, skating, golfing, fishing and boating. Schools in Abilene, Baird, Roscoe, Dublin, Throckmorton, Rising Star, Ranger and other towns were represented.

Lake officials reported that student visitors had set a record this year and that the popularity of the lake for school outings was increasing each year.

C. J. C. Ex - Students Plan Campaign To Surface Cisco College Hill Roads

Members of the Cisco Junior College Alumni Association, back for Ranch Day and Homecoming Friday voted without opposition to undertake a campaign for the paving of the college hill road. Cost of construction was estimated at between three and four thousand dollars.

"If such a project were put before the people of Cisco, it would be supported to the limits of their ability," said W. H. LaRoque, president of the Association. "All Cisco is interested in the growth of this college."

LaRoque, who introduced the proposal, said the campaign for funds would get underway within a week's time and urged Ciscoans and supporters of the college to send in donations. His proposal called for the topping of the road leading to the campus and the thoroughfares leading to the administration building, to the dormitory and then back to the veteran's housing project.

Meeting for the second time since the association was formed in 1947, LaRoque appointed Miss Minnie Hill, college faculty member, to head a committee for the purpose of executing the paving project. Included on the committee are H. R. (Pop) Garrett, Miss Maymie Estes, Norman Houston, Stanley Webb, Gene Abbott, Mrs. John Shertzer, Austin Holywood and Sam Gorman.

A proposal that Homecoming be separate from Ranch Day, beginning next October, was unanimously approved by the Association in Friday's session. A spokesman for the Association said that the date for Homecoming celebration had been tentatively set for November 11, the date of the Cisco - Navarro football game.

LaRoque called the Homecoming proposal "a step in the direction for growth of the college." He said the ex-students of Cisco Junior College should have a day during the nine-month term devoted to their interests.

Also, in the second annual meeting held Friday, officers for the coming year were elected. W. H. LaRoque, former faculty member, was re-elected president. Other officers elected include the following: Sam Gorman of Baird, vice-president; Marie Lucke of Cisco, secretary, and Miss Maymie

IS VISITING PARENTS

Mrs. James R. Wright, Jr., of Fort Worth, arrived in Cisco Monday for a visit with her parents, Mr. and Mrs. A. Z. Myrick.

Mrs. Wright, the former Jeanette Myrick, recently underwent major surgery in a Fort Worth hospital and will stay with her parents here until she recuperates from her serious illness.

CYCA TO MEET

A special meeting of the CYCA Council has been announced for 7 p. m. today by Joe Stamey, president. The meeting will be held at the First Methodist Church. Council members were urged to attend.

Novel Ladies Night Banquet Is Planned By Local Rotary Club

Local Rotary Club members are receiving novel invitations to a Ladies' Night Banquet to be held on May 19 at 7 p. m. at the Victor Hotel.

Stellar attraction is an altogether-different entertainment, a humor-packed "Laugh Fiesta" promises something doing every minute, leading up to feature acts that will score new highs in fun making. Prince Nur-Al-Din, Oriental Mystic, with powers of divining the future, is the guest of honor. Members and their wives will be permitted to lift the curtain to see what the tomorrows have in store for them. Eight novelty acts and features will display the well known comic talents of the membership in a wide variety of surprise events.

President J. E. Proctor of the Rotary Club issues a friendly warning to all members not to miss this funfest, or there will be war when the missus hears other members tell what a frolicsome evening everyone had.

Former Resident Dies In Ranger Hospital Monday

Word was received in Cisco today of the death of Mrs. Margaret Elizabeth Clegg, former Cisco resident. She died at 11 a. m. Monday in a Ranger hospital after a lengthy illness. Funeral services will be held in the Hamner Funeral Chapel in Eastland at 2 p. m. Wednesday.

The services will be conducted by Rev. Nelson of Olden and Rev. Bond of Eastland. Mrs. Clegg was a member of the Methodist Church.

Burial will be in Oakwood Cemetery, Cisco, beside her husband who was killed several years ago in a mining accident in Arizona. A son is also buried in Oakwood.

Mrs. Clegg was born on Dec. 18, 1869 and spent most of her early life in Cisco. She was married to Walter Clegg when she was 19 years of age and the couple made their home here for many years. After the death of Mr. Clegg, she moved to Eastland.

Mr. Clegg, who operated a blacksmith shop just east of the fire station, was an uncle of John H. Garner, pioneer Cisco merchant.

Surviving Mrs. Clegg are one son, John, of Dallas, and three grandchildren, also of Dallas.

Prospect Of New Producing Formation Causes Excitement

Prospects for opening of a new formation for the Cisco area appeared bright today as Hickock Producing and Developing Company's No. 9 Wright and Harrell, located a mile north of Cisco, registered an excellent show in what was believed to be the Barnett formation.

Drilled to 3,899 feet - two feet into unidentified formation - the well showed some oil and three and a half million cubic feet of gas in a drill stem test. The well was shut in to be cemented to 3,899 feet, after which completion work will begin.

While the pay formation has not been positively identified, it was believed to be the Barnett, from which the Sam Killingsworth No. 1 George Fee is producing nearby. Completion as a good well in the Barnett would create considerable interest, oil men said.

The No. 9 Wright and Harrell is a direct offset to the Alsbrook - Kemp No. 1 L. H. McCrea et al. Hickock drillers stopped when they hit the gas pay, awaiting cementing before further testing. It had not encountered the Mississippi lime, which would come deeper, from which other wells in the field are producing.

WORD CLUB TO MEET

The Word Home Demonstration Club will meet with Mrs. Omar Finley on Thursday at 2 p. m., officials announced today. Members were asked to bring articles they plan to place in a box to be sent to Greece.

Price Reductions Posted On Servel Gas Refrigerators

A drastic reduction in the price of Servel Gas Refrigerators ranging from \$10.00 to \$65 per model was announced today by Chester L. May, vice-president of Lone Star Gas Company, distributor and dealer in this area.

"These price reductions," Mr. May said, "will be effective immediately on both the eight cubic foot models, the two six cubic foot models, and the W-700 model. The only Servel refrigerator which is not affected by the price cut is the small four cubic foot apartment house refrigerator."

Servel, in making their part of the reductions on their wholesale prices stated - they are not a result of any reduction in current costs, but an anticipation of increased labor efficiency and greater sales volume resulting from the price reductions.

No discount on carrier-delivered yearly subscriptions when paid in advance.

DAIRYING IS BIG BUSINESS

The more we read of the success other communities are having with a healthy dairying industry the more we are sold on the Eastland Dairy Association's ambitious program.

The Dallas News recently carried a report on what the people of Anderson County are doing. The story from Palestine shows what dairying can mean, and we reprint it in full.

It was just plain selfishness that made Anderson County's Grade A dairying what it is today.

They will admit it to you — the chamber of commerce men, the banker and the dairyman.

But they are all right proud that now it is a \$600,000 a year matter.

Just a little more than a year ago Anderson County got together. That is, the chamber of commerce and businessmen of Palestine sat down and started talking the same language with farmers of eighteen rural communities.

The substance of it was: We, the businessmen, want a more steady income in Anderson County from agriculture. We want you, the rural folks, to tell us what you want. Then we'll knuckle down and see what we can do.

That, says F. W. (Jack) Stewart, chamber of commerce manager, was the secret of it all. "Everybody laid their cards on the table. We asked the farmers what to do. They came in and told us."

There were community meetings all over the county. Out of them came two things:

1. A somewhat unique community council system. Every community has its council. Its top three officers from the county council. It is an organization or forum for people who make their living by agriculture.

2. Farm people told the city fellows what they wanted — first, a market for dairy products; second, a food packing plant, and third, farm-to-market roads.

By that time the chamber had hired R. E. Barton of Cayuga, a successful retired farmer, as assistant manager for agriculture. There were fifteen dairies providing milk for the local market at unsatisfactory prices and profits.

The city folks got together. The chamber of commerce, early in 1948, negotiated a sales agreement with a concern in Houston. Then it drew up contract agreements with prospective dairy men. High quality was stressed.

And it took a longer look forward. It persuaded the Rotary Club to raise \$6,250 to buy the basic stock of fine dairy breed—twenty-five Brampton heifers from Brampton, Ontario, Canada. The chamber bought four bulls.

The heifers were distributed to people who gave promise of proper use — sixteen to dairymen and nine to FFA and 4-H Club boys. First calves are redistributed by the chamber of commerce to spread the registration.

Contract terms were strict. The businessmen, acting through the chamber of commerce, made sure the animals went to those who would use them to benefit.

That stimulated the dairymen to better operations. Immediately they began to switch from grade to registered cows. Production and quality went up.

With a new market outlet, money income rose, too.

Bankers don't like to talk about how much the dairymen are making, however. They don't want their county's good fortune to become known as a bonanza.

They loaned money only to those who were good risks, they say. But farmers who used to look at the price tag first now walk in to stores and buy quality. New model trucks, instead of ancient models, are the rule not the exception.

More than one has paid out his initial capital investment in a year. Some are pocketing a dollar a cow a day. Most are gutting their profits back into registered cattle to build for the future.

And that is what both businessmen and farmers alike want. They intend to lift Palestine out of the class of small cities limited by payrolls of one industry. In Palestine's case day by day, 1948, from three fourths of its current industrial payroll comes from the Missouri Pacific.

With the change, Anderson County's milk production rose from two hundred gallons a day by March, 1948, from three Grade A dairies to about two thousand five hundred now from forty dairies.

Unusual is the fact that every dairy in the county is now Grade A. Substandard dairies either improved or closed up.

Income from dairying jumped from practically nothing to \$600,000 currently. By the end of the year, forecasts Stewart, it will be \$1,000,000 from production of ten thousand gallons a day. By then between sixty and seventy-five Grade A dairies are scheduled to be in operation.

More than that has been accomplished, though.

At the beginning of the program, businessmen had the rural folks in for a banquet to talk about it. Just last Friday night, the newly formed Jersey Cattle Club — every Grade A dairyman getting city help must belong to it — gave an appreciation barbecue in return for the help of the businessmen.

Strained relations between city and rural folks are gone.

There is an unusually formed bond of friendship among them — all born of selfishness. In their own interests they are making money for themselves and building a sound agricultural future for the county in which they have invested their future.

SOCIETY AND CLUBS

AND NEWS OF INTEREST TO WOMEN

WOMEN'S AUXILIARY MEETS WITH SPONSOR

The Girls Auxiliary of First Baptist Women's Missionary Union met Monday afternoon in the Cheves home in Humboldt for the regular meeting. Linda Bennie presiding. The meeting was opened with prayer by Linda Cheves. Minutes of the last meeting were read by Anna Jean Whitten and accepted as read. A short program followed with each member present participating. The meeting closed with group singing of several hymns.

A recreation period was held and refreshments of home-made ice cream and cookies were passed to Linda Benne, Annell Popalio, Anna Jean Whitten, Dorothy Collins, Linda Cheves, Miss Erlene Steele, assistant sponsor and Mrs. Cheves.

MUSIC STUDY CLUB HAD FINAL MEETING

Cisco Music Study club met Wednesday, May 11, at the Women's Clubhouse for the final meeting of the club year. Mrs. C. E. Paul, president of the club, was hostess. A short business session was held at which the program for next year's work discussed. Roll call response was a musical current event.

During the program hour, Mrs. Ernest Hittson gave an interesting talk on "Musical Highlights of the Past Year." Miss Anita Carlin, accompanied at the piano by Miss Lovell Paul, played "Siciliano" by Bach on the flute; Miss Carlin then played "Rondo

IF YOU WANT A GOOD PERMANENT, WHY DON'T YOU LET US GIVE IT TO YOU — YOU ARE ASSURED THE BEST FOR LESS

Capriccio" by Mendelssohn on the piano. Miss Lovell Paul closed the program by playing a "Prelude in Fugue in D flat major" by Bach.

NAUMANN FAMILY HONORED THURSDAY

The Grace Lutheran congregation entertained on Thursday evening May 5 at 8 o'clock in the home of Mr. and Mrs. O. J. Weiser, south of the city, honoring Rev. and Mrs. Naumann with a farewell party. Rev. Mr. Naumann has accepted the pastorate of a church in San Antonio. The entertainment rooms were made attractive with bouquets of beautiful red roses. Guests were met by Mr. and Mrs. Weiser and were seated for a short program. Special music was furnished by Mr. Bob Rutz; Miss Virginia Weiser, Anita Stroebel and Jerry Weiser. Group singing of favorite songs of the Naumann family followed.

John Gerhardt, chairman of the congregation, expressed the gratitude of the members to Rev. Naumann and his family for his faithful and untiring services with the help of his family while in Cisco; and presented them with a lovely gift of china, a service for eight. The retiring pastor accepted the gift graciously and expressed the thanks of himself and family.

The dining table was laid with a white linen cloth and was centered with a crystal bowl filled with red roses. Refreshments of ice cream and cake were served to approximately 90 people in attendance.

Wonderful New Comfort

The Beautiful Chrysler | Silver Anniversary Model

New Convenience! Easiest car ever made to get into and out of. Women enter and leave with dignity. Common sense engineering of wider doorways, and natural step-in entrances make it seem absurd ever to have to wrestle your way in and out of a car.

New Wider Chair-Height Seats! We don't fold you up like a "jackknife." You sit comfortably in seats the height of your easy chairs at home. We've more headroom, legroom, and shoulder room for you. And no other car has ever been so completely engineered from the fundamentals up for your comfort, your convenience, your peace of mind.

New Easier Steering! In one of the great advances since the war, we give you new "center control" steering. For the first time, tie rods of equal length give you balanced control. There's no wheel fight. There's greater road stability, easier handling, less road shock. Yes, and greater safety, too—for everything about this car is designed for safer driving.

New Smoother Driving! Chrysler's mighty Spitfire engine now has still higher compression for faster acceleration, smoother response. And along with its better all-around performance goes an amazing new Waterproof Ignition System that's exclusive with Chrysler. You can drive through high water but it won't stall. You get quicker starting, even in dampest weather, smoother idling, longer life.

wife for a week-end visit with their friends, Mr. and Mrs. Murray Ford, former Ciscoans.

Bill Eddleman, who is employed in the Jewelry and Watch Repairing department at Dean's Drug Store, is spending the weekend at Arlington with relatives.

Born to Mr. and Mrs. Kermit Pierce of the Nimrod Community on Friday, May 13, in a Rising Star hospital, a son, whose name and weight the writer failed to state. Mrs. Pierce and her infant are doing well and plan to return to their home tomorrow.

Mr. and Mrs. Guy Morris have returned from Odessa where they spent the week-end with her sister and brother-in-law, Mr. and Mrs. C. D. Phillips and her brother, Carradine Tickner, and family. While there they made a trip to Carlsbad Caverns.

Mrs. W. C. Clements has gone to Oklahoma City where she will be a guest of her daughter and family while attending the Southern Baptist convention.

Cart, Daniel and his sister, Miss Nannie Daniel, of near Cisco, visited Sunday in the home

of their sister, Mrs. Mattie Robinson. Robin Rominger, of Breckenridge, stopped by Monday for a visit with his grandmother, Mrs. Robinson; and her son, Aaron Robinson, of Rising Star, visited briefly with her today.

Mr. and Mrs. C. R. West returned Sunday afternoon from Dallas where they had been visiting their son, Dick West and family since Friday. While they were in Dallas they visited the magnificent new Dallas News building. Their son, C. R. West, Jr., is a member of the Editorial Staff of the News.

Mrs. Bob Anderson spent the weekend in Dallas with her mother, Mrs. Trevarros.

Rev. and Mrs. Otis Steickland and sons, Carlyle and Charles, left Monday for Oklahoma City where they will attend the Southern Baptist Convention which meets there the coming week in the First Baptist Church. Rev. Steickland and family will be guests of Mrs. Strickland's sister and brother-in-law, Mr. and Mrs. J. M. Kimbrough.

Mr. and Mrs. Earl W. Pyle of Cross Plains visited in Cisco Monday with their sisters, Miss Doris Joe Pyle and Mrs. Ina Pyle Martin.

Mr. and Mrs. Robert Paschall and small daughter, Pamela, have just returned from a pleasant vacation trip. They visited her parents, Rev. and Mrs. Allen A. Peacock, in Ft. Worth

Report Shows 605 Given Treatment

Six hundred and five crippled children of Texas received surgery and medical attention at the Texas Scottish Rite Hospital for Crippled Children in Dallas, according to the recent annual report released by Asher Mintz, secretary.

In addition to the 605 in-patients for the year, 5311 clinic treatments were given other crippled children, who came to the hospital from all corners of Texas. A large number of cases were orthopedic or bone pat-

ients, under the care of Dr. Brandon Carrell, chief surgeon. Approximately 100 of the permanent bed patients were oral cases under the treatment of Dr. A. L. Frew. There were 165 polio patients treated during the 1943 epidemic.

The annual Christmas fund raising campaign showed receipts sufficient to cover only one-third of the annual financial needs of the hospital, and that operating costs have doubled over the pre-war period, Mr. Mintz's report indicated.

A WEDDING EVERY DAY

No, indeed, you don't have a daughter getting married every day - that's something special. How about the decorating? May we help you make your home as beautiful as you'll want your daughter to remember it on her wedding day? Call 15.
