CISCO TEXAS, WEDNESDAY, JUNE 22, 1949

NUMBER 155

The Gay Philosopher

By J. W. S.

MUCH OF THE success of the 14th annual golf tournament at the Cisco Country Club last week-end can be attributed to the fine work of numerous club members who functioned in various capacities. Everyone agrees that the tournament was a splendid success from every standpoint.

Among those who served on various committees were Chairman W. C. McDaniel, Club President Charlie Burke, N. C. Burton, E. G. Damron, M. F. Underwood, Simon Coplin, Warren Waters, A. D. Anderson, Henry Drumwright, Jack Anderson, Albert Hansen, Nick Miller, Punk Thornton, O. J. Russell, George Fee, Zan Burroughs, Charlie Cofer, Bobby Dean, M. M. Tabor, Pete Nance, Lloyd Surles, George Boyd, G. Rosenthal, Gene Damron, Dr. Paul Woods, R. L. Ponsler, W. Hogue, Karl Armstrong and others.

THE COUNTRY CLUB is a very big asset to our community. Its membership is about 100. Its assets, as far as the members are concerned, are very good. The officers and directors are to be commended for their diligence in keeping the club properties in excellent condition.

MR. CHARLIE COFER, who came pretty near to winning the flight in the tournament (he is in the finals), is already at work on next year's tournament. He was out yesterday practicing. Understand the club is planning something to interest women golfers and to stimulate interest among the ladies to play golf. Drumwright's offered a Stetson hat to any and all who scored a hole-in-one during the tournament. Nobody scored same. This would probably be a good offer to make the year-round.

WAS UP GETTING Mr. A. Clark to than out our hair yesterday and got to looking at pictures of dogs on the wall in the back of his place. Mr. Clark is enjoying a fine hobby of raising Samoyede dogs (pronounced Sam-o-Yed). They are white dogs some 20 inches tall and have hair like Chows. He sells them for \$50 each. His Samoyedes have won numerous ribbons and honors in dog shows. He has been raising them four or five years and all raises Boston Bulldogs. We have never heard of Samoyedes before.

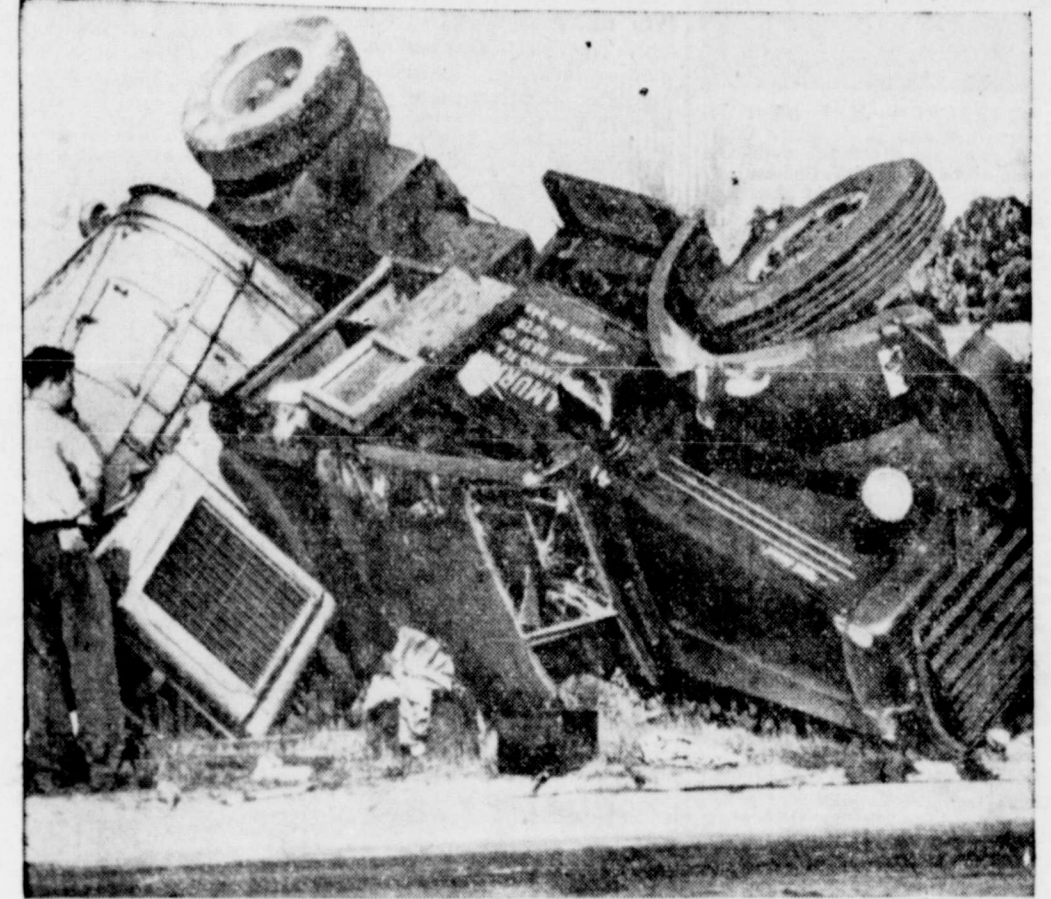

Mr. Clark wrote an article on dogs that appeared in the current issue of Kennel News, dog magazine. The Samoyedes are ideal companions, attractive, very smart and easy to train, and are growing in popularity. They're devoted to children. Mr. Clark has a genuinely interesting hobby.

Neal Agnew Is In Serious Condition Following Attack

Neal Agnew, 81, retired banker, was in a very serious condition Wednesday after suffering a paralytic stroke in a downtown service station early Tuesday. He was rushed to Graham hospital by a Thomas ambulance.

Mr. Agnew was seated in a car at the station located at Ave. and 3rd Street when the attack occurred. He was apparently feeling good just prior to the time the attack struck him. He was born in Eastland county near Rising Star and spent all his life in and near Cisco. He retired from his banking activities some three years ago, but was still very active until the time of his illness. His wife died 35 years ago.

DIDN'T TURN OUT TOO BADLY—Spectators gather around the wreck of a 14-wheel tractor-trailer which overturned at Griffin, Ga. The heavy vehicle was driven by H. L. Britt, of Orlando, Fla., and was loaded with 1800 cases of frozen orange concentrate. Britt's helper was slightly hurt.

Owners Of Vacant Lots Are Warned That Property Must Be Kept Cleaned

City sanitation department officials announced Wednesday that the response to the department plea for cleaning of vacant lots in the city limits was disappointing; and at the same time issued a warning that weed and debris covered property was a natural breeding place for disease carrying insects.

The sanitation department and the street department were cooperating in an effort to clean the lots and offered the services of the city in the project.

Property owners who are unable to do the job themselves or to find workmen to do the cleaning were asked to call the city secretary and mowing machines and men will be sent to do it. The charge will be small and can be added to the water bills.

Officials warned citizens that if the job was not done on a voluntary basis that the department would be forced to take steps to see that it was done.

The health department was working hard to keep down the threat of polio in Cisco and urged the cooperation of the entire town in the effort.

The new fog machine is working continually, spraying streets and alleys; and all breeding places for insects were being destroyed or treated with DDT solution.

Funeral Services For Walter Webb Held Wednesday

Funeral services were scheduled for 2 p. m. Wednesday for Walter B. Webb, Sr., 58, retired carpenter who was found dead in his bed early Tuesday. Rev. Leman Anderson conducted the services at Thomas Chapel.

He was born on October 18, 1890 and had lived in Cisco for the past 28 years. Mr. Webb had been in ill health for several years. He was found dead by his son Walter, Jr.

He is survived by his mother, Mrs. Mary Webb of Bertram; two daughters, Mrs. Barney Bernard of California and Mrs. J. T. Starkes of Tyler; and two sons, Walter, Jr. of Cisco and Jackie who is with the Army in Germany.

Also surviving are two sisters and one brother. The sisters are Mrs. Bessie Poyner of Colorado Springs, Colorado and Mrs. B. F. Warden of Bertram. The brother is Marvin Webb of Bertram.

Burial was in Oakwood with Thomas Funeral Home in charge of the arrangements. Pallbearers were Joe Clements, J. W. Slaughter, O. J. Tillinghast, A. L. Clark, Hershel Moore and Odie Kean.

Last Rites For Hennessee Held

Final rites for Neil Lloyd Hennessee, 48, who died of a heart attack in Hot Spring, New Mexico, Thursday, were held at Hamner Funeral Home Sunday afternoon at 3 o'clock. Reverend W. E. Moore, Church of Christ minister, officiated. Burial was in Eastland Cemetery with Hamner Funeral Home conducting.

Hennessee, who resided in Los Angeles, California, had only recently gone to Hot Springs for his health.

Survivors include one brother, A. W. Hennessee, chief of the Eastland Volunteer Fire Department; and a sister, Mrs. Richard Jones, also of Eastland.

Four Small High Schools In County To Operate Next Year

Published reports that small high schools in the county might be forced to close under the newly enacted education laws were denied today in a statement issued by County Superintendent Carl Elliott.

"Gordon Worley, head of the accrediting department of the State Department of Education, informed me that on Friday, June 17, the accrediting committee unanimously approved Olden, Morton Valley, Desdemona, and Scranton as fully accredited high schools for 1949-50," Mr. Elliott said.

He added that this action "means that the work of these schools will be acceptable anywhere."

The report published stated that the schools would operate next year but faced closing if scholastics did not increase.

4-H Club Members Meeting In Eastland Today

The Eastland County 4-H Club boys and girls were to meet in Eastland Wednesday for a day of entertainment and contests, it was announced by Assistant County Agent Ed Steel.

The group met at 3 p. m. in the county courtroom for an electrical contest in which contestants vie on questions pertaining to rural electricity. This was followed by a picnic lunch at 4:40 p. m. at the Eastland Park. Swimming and other recreational activities were offered.

The evening entertainment will consist of the showing of a movie at the Majestic Theater. The picture, "The Green Promise," depicts 4-H club activities and was produced by Glen McCarthy, Houston oil man.

The day's program was under the direction of Steel and Miss Resie McCoy, county home demonstration agent.

BASE HITS AND RUNS FEATURE SOFTBALL GAMES AT ABC FIELD

Base hits and runs galore have featured softball programs at ABC Field during the past few days.

One of the best games — from a scoring standpoint — was the meeting last Saturday night of two teams made up of fans — the "outsiders" captained by Bob Latson and the "insiders" bossed by Gene Abbott.

The scoreboard gave the "insiders" a 20-14 victory in the seven inning affair.

Players on the "insider" team included Ralph Glenn, E. L. (umpire) Jackson, Ronald Rhodes, Bill Kendall, Charlie Burke, Bob White, Dr. J. H. Denton, Bill Lee, Leslie Vann, Stormy Davis and Abbott.

Latson's team included Jones, Jack McCantles, Cy Cooper, Law son Kent, Wilson, J. L. Stafford, Gig Bowers and J. H. Latson Jr.

Monday night, the First Baptist Church team scored a 9 to 3 triumph over the First Methodist Club. In the second game of the twinbill, Scranton scored a 16 to 10 victory over West Texas Utilities Company.

Tuesday night, East Cisco Baptist won over the First Christians by a score of 16 to 2. The second game ended in a 15 to 3 victory for the Humble Oilers over the Cisco Independents.

Local Area Peach Crop To Be Sold In Eastern Centers

Cisco Students Enter McMurray

James E. Pollard, Paul Mosely, and Forrest C. Scott, all of Cisco, were among 249 to register last week for the annual summer session at McMurray College.

This is the smallest summer enrollment in McMurray College since the close of the recent war. Of this group approximately 90 will complete their degree requirements for graduation September 2. Many others are teachers taking various types of refresher courses.

Included in the summer curriculum of McMurray are fifty-three courses in the fields of art, education, science, religion, foreign language, business administration, English, math, history, and special music courses, both vocal and instrumental. Additional teachers have been added to the math, art and business administration staffs for the summer.

The second summer semester will begin at McMurray July 25, following a brief vacation.

Swindle Suspect To Be Returned

J. B. Williams, Eastland County sheriff, was notified that Jack M. Corder, wanted in Eastland County for check swindling, was in custody of Tarrant County authorities.

Corder will be returned to the county for possible Grand Jury action following the settlement of charges against him in Fort Worth.

The Eastland charge was filed in connection with the passing of a worthless check, under \$50.00 against an Eastland cafe.

Civil Service Needs Aircraft Foreman

"The Civil Service Commission announces an examination for the position of Foreman of Aircraft Shops, CAF-10, \$4855.80 per annum, for duty at Perrin Air Force Base, Sherman. Application forms may be obtained from the post office; the Executive Secretary, Board of U. S. Civil Service Examiners, Perrin Air Force Base, Sherman, Texas; or from the Regional Director, Fourteenth U. S. Civil Service Region, 210 South Harwood Street, Dallas 1, Texas."

Largest Crop In Recent Years Is Seen As Harvest About To Begin

Plans for marketing the Cisco area's bumper peach crop, which is expected to be the largest in many years, in eastern population centers were reported today by the Heart 'O Texas Fruit Growers Association.

The organization, formed here two years ago to take advantage of cooperative marketing, has reached a tentative agreement with a large produce commission company in Philadelphia, Pa., to sell Cisco area peaches throughout the east.

Under the agreement, peaches will be shipped from Cisco by refrigerator cars to Philadelphia. The packing shed on the M-K-T Railroad is being prepared to take care of the shipments. The peaches will be run through a grading machine and packed in baskets bearing the Heart 'O Texas label.

Refrigerator cars will be iced by the Cisco Ice Company for the 5-day haul to Philadelphia. The commission company, a large reputable concern, will pay freight and packing charges and sell the fruit on a commission basis, remitting to the association, for exclusive marketing of Cisco area peaches in eastern cities. The association, however, is free to market elsewhere in the state or nation.

A Representative of the commission company was here last week and worked out the agreement with the local association. He plans to return in a few days to be here when the first of some 50 cars are loaded. The packing shed, built two years ago, was not used during the past two years due to poor crops.

Peaches are currently worth about \$4 per bushel on the market.

The association was formed and incorporated some two years ago by peach and apple growers throughout this area. Cisco business men invested approximately \$2,600 in preferred stock, the growers holding the common stock.

J. E. Spencer of Cisco is president of the association. Other officers include Doss Alexander of Rising Star, vice president; Howard Stapp of Carbon, secretary-treasurer; and Homer Bible of Cisco and Dr. T. B. Blisker of Rising Star, directors.

The Cisco Chamber of Commerce has been working with the organization in recent weeks to complete the marketing agreement.

C. Of C. Votes To Help Entertain Visiting Oil Men

Directors of the Cisco Chamber of Commerce heard committee reports and made plans to assist in entertaining the convention of the West Central Texas Oil and Gas Association here next week at the regular semi-monthly meeting Tuesday night.

The convention will be held next Wednesday at the Cisco Country Club and local business leaders will assist with the entertainment program, which will include a barbecue.

The directors heard reports on fruit marketing plans. Highway 80 Association activities, the dairy association program and other projects.

TO VISIT PARENTS

Mrs. Jefferson D. Collier and sons, Tommy and Jake, left Cisco this week for Haynesville, Louisiana, where they will spend the remainder of the month with her parents, Dr. and Mrs. Waller, while Sgt. Collier, attached with the Cisco National Guard unit, is in Camp Hood.

VISIT IN CISCO

Mr. and Mrs. Howard Kemper and daughter, Dorothy Jean, of Abilene, spent the weekend with Mr. and Mrs. Ray Judia at Lake Cisco. Mrs. Kemper is the sister of Mr. Judia.

They spent much of their time fishing and reported nice catches.

Warning Against Excessive Use Of Water Thursday Issued By City

Water department officials announced Wednesday that work crews would begin tying in the 16 inch main from the Lake Cisco pump station into the new million gallon reservoir on College Hill early Thursday and warned local citizens against excessive use of water on that day.

It will require at least 24 hours to complete the job but officials have taken every precaution to assure a sufficient water supply for necessary purposes. The reservoir is full and the stand pipes will be completely filled before the water from the lake is shut off.

The warning against excessive use was issued in order to keep a reserve supply for use in case of fire or other emergency.

Plans call for the installation of a new gate valve at the lake at the same time the main is transferred to the reservoir.

The work will complete the College Hill project and will assure the town of ample water for the summer. Spring rains have added more than 10 feet of water to the lake and the situation is better than it has been in years.

Family Of Mrs. A. L. Hagar Enjoys Reunion At Lake

Mrs. A. L. Hagar was the honoree at a family reunion held at Lake Cisco Saturday and Sunday.

Nine of her eleven children were present. Bailey Hager of Weatherford and Frank Hagar, of Abilene, were unable to attend.

The group enjoyed a picnic supper at the Lake Saturday night and a dinner was served at noon Sunday.

Those enjoying the weekend together were: The honoree, Mrs. A. L. Hagar, Mr. and Mrs. T. J. Spindle, Richard and Joyce Ann of Ranger; Mr. and Mrs. O. L. Hagar, Bobby and Paul, Mr. and Mrs. O. L. Hagar Jr., and Beth Ellen; Mr. and Mrs. Arthur Hagar, Arthur Jr., Mr. and Mrs. Carroll Hagar; Mr. and Mrs. Durwood Hagar and Durwood Jr.; Mr. and Mrs. J. C. Hagar, Kay, Joan, and David; Mr. and Mrs. Bennie Johnson, all of Fort Worth; Mr. and Mrs. V. M. Hagar, Jr., and V. M. Hagar, III, of Dallas; Misses Barbara Ann and Dorothy Hagar of Weatherford; Mr. and Mrs. L. M. Cook and Betty and Dalton of Albany; Mrs. Ben Grose, and Lonnie, Mike, and Jimmy of Clyde.

Mrs. Al Hayden and Lana, Marsh and Gayle, of Breckenridge; Miss Mona Jean Hagar, Mr. and Mrs. C. L. Hagar, Rita, and Lota; Mr. and Mrs. T. E. Hagar and Robert, all of Abilene honor, Mr. and Mrs. H. V. Arvol Doyle Stuard, Mr. and Doyle, Mrs. L. V. Doyle, H. D. Doyle, Mrs. Bernice Seabourn, Mrs. A. L. Tarver, Karon, and Arvol Doyle steward, Mr. and Judy; Mr. and Mrs. N. J. Tarver, all from Cisco; Mr. and Mrs. Joe York of Wichita Falls, Mrs. Bill McCrary, and Billy Neil of Lubbock; and Donald Hagar of San Diego, Calif. Naval Base. Visiting in the afternoon were Mr. and Mrs. Frank Leas.

DIMES MARCH BACK

MARCH OF DIMES funds, emergency equipment and specially trained personnel are being rushed to the West Texas community of San Angelo where the nation's first major outbreak of polio this year has broken out. Here, at Shannon Hospital in San Angelo, Ed S. Stewart of Abilene, Texas, State March of Dimes chairman, presents a check for \$40,000, to Mrs. Bonnie Batts, chairman of the local chapter of the National Foundation for Infantile Paralysis, as 4-year-old Patsy Moya looks on from her iron lung. The money, sent from national headquarters of the Foundation, will provide medical treatment for victims of the epidemic.

Parking Meters To Be Installed At Early Date

Mayor Rosenthal announced Wednesday that a part of the parking meters, recently ordered by the city of Cisco for installation in the downtown area had arrived and that installation was awaiting the arrival of an engineer from the successful bidder.

It was expected that he would arrive soon and that the work would be started within a few days. Most of the posts have arrived and a large number of the meters. Full delivery was expected this week.

Plans call for the installing of some 300 meters in the downtown area in an effort to relieve the congested parking situation.

The action was taken at a meeting of the city commission several weeks ago and the order was placed after a careful study of the needs.

Funeral Services For Mrs. R. H. Hansford Held Tuesday

Rev. Cecil Ellis and Rev. Jasper C. Massegee conducted funeral services in Ranger Tuesday for Mrs. R. H. Hansford who died Monday in a Ranger hospital. She had been ill for several weeks.

She was born in Opelika, Alabama, on June 7, 1881, and had lived in Ranger for many years. She was married to Mr. Hansford in Tyler on March 18, 1913.

She is survived by her husband, one step-daughter and a step-son.

EAST TEXANS FAVOR ADOPTION OF HOOVER COMMISSION'S PROGRAM

Texasans are strongly in favor of the government at Washington adopting the Hoover Commission's report reflecting economy of administration's operations, according to a recent survey made by the East Texas Chamber of Commerce of its members, Hubert M. Harrison, general manager, announced here today.

The survey asked, "Are you in favor of the adoption of the Hoover Commission's report?" and "Do you favor a region wide meeting to discuss this report?" Better than 99 per cent of the 4,000 surveyed said they favored the administration adopting the report while less than one-half doubted if it would do any good to hold a region wide meeting on the subject.

The East Texas Chamber enclosed with survey an analysis of the report made by its Tax Department, and found upon tabulation of the results leaders of East Texas understood and were familiar with the majority of the Commission's recommendations. Eleven did not favor adopting the report.

Results of the survey are being passed on to Congressmen and Senators to give them the benefit of the thinking of East Texas leaders. Scores of letters from citizens are going to Washington urging adoption of the report, according to copies received by the regional chamber, officials here announced.

Giles Says Procedure For Acquiring Land Under Vet Program To Be Kept Simple

By BASCOM GILES
Commissioner of the General Land Office and Chairman of the Veterans' Land Board

(Editor's Note: This is the concluding article of a series of three by Bascom Giles explaining the newly created Veterans' Land Board Program.)

In keeping with the terms of the legislation creating the Texas Veterans' Land Board, its administration and operating policies will be kept as simple as the problems of this huge program will permit.

The fact that approximately 13,000 veterans have already contacted this office for information on the working details of the plan indicates the commendable desire of veterans to own a farm or ranch home under the idea originally conceived by the author five years ago.

Paper work involving application to participate has been cut to the minimum. Each successive step has been shorn of all encumbering delays.

For example, proof of the applicant's eligibility can be established by submitting a certified copy of his honorable discharge plus substantiation that the applicant was a resident of Texas at the time he entered military service and is still a legal resident at the time of application for land program benefits. For those taking advantage of the 90 day priority offered those who have a service-connected disability sustained in combat, certification of such must accompany the application.

Each veteran will be limited to one purchase not exceeding \$7,500 cost to the Board. He will be required to pay not less than five per cent down and execute an on-or-before note for 40 years at three per cent interest for the balance.

Should a purchaser desire to acquire a tract of land costing NOT more than \$10,000 he will be required to pay the difference between \$7,500 and the purchase price plus the five per cent down payment on the \$7,500 loan. He shall have served not less than 90 days on active duty in some branch of the armed service between September 16, 1940 and December 31, 1946, unless discharged so on or near for service-connected disabilities. A certified copy of the applicant's honorable discharge will be required to be filed with application. In addition, a veteran who leases his land for oil or gas must apply one-half of all bonus and rentals to the retirement of his debt.

The veterans will NOT be required to live upon the property but he will NOT be permitted to dispose of it for a period of three years.

Payments of principle on note with interest will be made on a semi-annual basis. Each veteran will receive a contract of sale from the state and upon final payment he or she will be granted absolute title.

Failure to make payments when due, permits the Board to revoke the contract of purchase and to forfeit the land which can then be offered for resale to other veterans.

A veteran may reinstate his land which has been forfeited, up to the announced date of resale by payment of a penalty and placing account in good standing.

The Board in its first meeting named Alvin Vandygriff as executive secretary.

Vandygriff, an attorney, who hails from Ennis, Texas, has been serving as Chief Clerk of the General Land Office. He is a veteran of World War II having served as a Major in the Army Air Force. He was selected by the Board to direct the administrative machinery of the new program on the basis of his long experience in the Land Office where the offices and records of the program will be maintained.

For additional information or proper application forms, write the Veterans' Land Board, Bascom Giles, Chairman, General Land Office, Austin, Texas.

PITTSBURGH—H. J. Heinz II, president of the H. J. Heinz Company, has been given the 1949 Red Feather Award from Community Chests and Councils of America for "distinguished national service" to the Community Chests of the country.

Mr. Heinz is credited with establishing the Red Feather as a nationwide symbol of the annual Chest campaigns and as a symbol of the 14,000 health and welfare services for which funds are raised. He also pressed for adoption of "Community Chest" as a uniform name.

In 1947, with Mr. Heinz as chairman of Community Chests of America, campaign results totaled \$180,000,000, the largest peacetime sum contributed up to that time for Red Feather health, welfare and recreation services in local communities.

Mr. Heinz is currently chairman of the United States Associates of the International Chamber of Commerce. In 1942 he was selected as one of the ten outstanding men under 35 in the United States by the U.S. Chamber of Commerce.

The Red Feather Award, a bronze medallion, is the highest recognition given annually to the nation's outstanding volunteer leader by the Chests of the country. It was given for the first time in 1947 to Gerard Swope of Ossining, N.Y., and last year to E. A. Roberts of Philadelphia.

pavement markings cover almost every situation that can be anticipated, yet the regularity with which they are ignored is appalling," Greer said. "A conscientious observance of traffic signs would help greatly to reduce traffic accidents."

Greer pointed out that traffic signs are easily recognized by their distinctive shapes, even at a distance that makes their lettering illegible. And he urged drivers to increase their own traffic protection by learning what these shapes are.

AND NEWS OF INTEREST TO WOMEN

INTERESTING PROGRAM AT AUXILIARY MEETING

American Legion Auxiliary met Monday evening at the Legion Hall with Mrs. H. N. Lyle presiding. The meeting opened with prayer by Miss Lela Latch following which the Pledge of Allegiance to the flag was led by Mrs. Gorum Pollard. The program was held and the meeting was turned to Mrs. Truly Carter, program chairman, who presented Girl Scout Troop No. 4, and their leader, Mrs. Austin Flint. They gave highlights of their work and presented an interesting program of things they are taught at the meetings; repeating their creed and stressing the fact that they are taught to consider other people and to treat them right; to be fair in their dealings and to be honest and truthful.

Anita Carlin, who won the trip to Girls' State, was then presented and made an interesting report of her week in Austin. She was "elected" to two offices—County School Trustee; and Reader in the Senate. She was invited to play piano selections

at the reception given for them reported by Mrs. Lyle, one of the Counselors of State Week, who also gave a splendid report.

Mrs. Beatrice Guthrie, Mrs. D. J. Gorman and Mrs. Charles Cofer gave very interesting reports of the recent district convention in Sweetwater. The reports were inspirational and well given; challenging to greater effort. Mrs. Lyle then conducted the business session. Minutes of the last meeting, read by Mrs. Guthrie, were approved. Mrs. Ethyle Berry mentioned that Admiralty and Bright and Early Coffee coupons are redeemable and the Auxiliary will be glad to get any number which members or others have to donate. The Auxiliary is wanting to get a coffee urn for the Legion kitchen. Anyone having coupons to donate, please call Norvell-Miller Grocery, Altman's Style Shop or any member of the Auxiliary; and someone will call for them.

The meeting was adjourned at the close of the business session. Those present were: Mesdames H. N. Lyle, Beatrice Guthrie, Gorum Pollard, D. J. Gorman,

MRS. MARION MIDDLETON HONORED BY A GIFT TEA FRIDAY AFTERNOON

Mrs. Marion Middleton, bride-elect of Mr. Bert T. Herridge, of Breckenridge, was complimented by Mrs. J. H. Rushing and daughters, Mrs. Darwin Miller and Miss Dot Rushing, at 312 South Oak Lawn Street at Eastland.

Mrs. Rushing greeted the guests and presented each to Mrs. Middleton, the honoree, and her mother, Mrs. F. F. Robinson.

The refreshment table was laid with a white maderia linen cloth and centered with an arrangement of deep red rosebuds arranged with white peonies, flanked by two large white candles.

Other decorations were a miniature bride and groom standing in an arrangement of sweet peas and trailing greenery, representing a garden spot, placed on the large coffee table in the living room.

Out-of-town guests who called were Miss Marian Chambliss, Mrs. Marge Frede, Mrs. Myrtle Anderson, Mrs. L. C. Pugh, Mrs. Lane Gilmore, Mrs. S. W. Altman and daughter, Miss Edith Altman, grandmother and aunt of the bride-elect, all of Cisco. Many beautiful and useful linens were received and displayed.

Mrs. Middleton and Mr. Herridge of Breckenridge, son of Mr. and Mrs. B. T. Herridge of Ballinger, will be married June 26 at 5:30 p. m. in the home of her mother at 103 Oak Lawn Street. Rev. L. M. Chapman, pastor of the First Baptist Church will officiate. The young couple will make their home in Breckenridge, where Mr. Herridge is employed by the Spartan Tool and Service Company.

About 74 guests called and were registered in the bride's book by Miss Rushing. Mrs. Middleton is a granddaughter of Mr. and Mrs. S. W. Altman of Cisco.

Charles Cofer, Opal Blackstock and granddaughter, Jan Blackstock, Miss Lela Latch and her friend, Mrs. D. A. Hollis of Indianapolis, Indiana, and above mentioned visitors.

Have Your Fireworks and Eat Them Too

Snow in winter and sun in summer usually spell playtime for week ends. Since Fourth of July falls on a Monday this year the holiday will be lasting from Friday night through Monday night. Holiday, that is, for most workers but not for Mom unless the family plans to "eat out."

Chances are that at least one picnic supper will be held in the backyard, on the terrace, or under cover should the day be wet or chilly.

How does this menu sound for such a supper, served buffet style?

Fireworks Fiesta Food
Tomato juice cocktail
Firecracker rolls
Pinwheel pie Potato chips
Grilled Hamburgers
Radish Torpedoes Punk Sticks
Watermelon Coffee

Tomato Juice Cocktail
Chill well flavored tomato juice. Pour some of it into the ice cube tray. At serving time add a cube or two to each glass of cold juice. Serve with firecracker rolls. To make these, slice fresh bread. Cut off the crusts. Butter the slices generously. Spread with mustard or horseradish. Roll and hold in shape by inserting a toothpick. Wrap and keep cold. At serving time remove the picks and insert a slender strip of pimiento for fuse.

Pinwheel Pie
Buy the largest round loaf of rye bread you can find. Cut off the bottom crust. Cut two round slices, about 1/2 inch thick. Remove crusts. Butter each slice. Spread a thick layer of deviled ham on the bottom slice. Top with second slice of bread. Spread three bands of colorful food on the top slice. First

devotion from the eleventh chapter of the Book of John.

The business session was then held where routine business was transacted after which the meeting was turned to Mrs. Ina Pyle Martin teacher who presented the first chapter of the book, "The Larger Stewardship." The meeting closed with prayer by Mrs. Roy Pippen.

For the meeting next week the society will convene at the church for Bible study and general business meeting.

IN NICK OF TIME—Sally Castle, 18, of Buffalo, N.Y., feeds goat's milk to a one-day-old deer which was born after its mother died instantly while leaping an iron picket fence. Two radio police officers noticed movement in the carcass and, applying novice surgery, delivered the little fellow.

Roses and Ruffles for the Pigtail Crowd

Even the youngest guest will be charmed into model behavior by a table setting where roses bloom on the Lenox china and riot behind a white picket fence. Junior flatware and footed tumblers assist party manners.

WHAT small child, or grown-up for that matter, could fail to thrill at this dainty party setting? The airy grace of a white wrought iron glass top garden table is the background for novel place mats—pretty ruffles of pale blue organdy, just large enough to frame the flower-decorated Lenox Rose plates. For centerpiece, a plateau of Sweetheart roses surrounded by a wee picket fence is a child's dream garden come true. Mistress Mary figurines smile enchantingly on the garden and each little girl's place card is held by an adorable pigtailed Lenox figurine that might be a replica of her own self. Appropriate for the setting and adding comfort to the festivities are the short junior sized flatware and footed tumblers. A prettily arranged table setting such as this will take the old familiar dread out of giving a children's party, for influenced by ruffles and roses, gleaming silver and fine translucent china, the most mischievous imp miraculously becomes a demure and proper little miss. Junior size flatware is a compliment small company will be quick to appreciate, while footed tumblers' slim enough for little fingers to grasp firmly will prevent mishaps. Don't tremble at the possible fate of your fine Lenox china on the children's party table, because actually fine china, with its superior materials and long fringes, will take more knocks and hard wear than less costly dishes. Children, too, are wonderfully responsive to beauty, and more easily beguiled than bearded into good manners.

Ruptured ?
THE DOBBS TRUSS IS DIFFERENT
BULBLESS — BELTLESS — STRAPLESS
Is your rupture getting larger each year? Then you must be wearing the wrong type of truss, perhaps one with a knob that presses in to the opening. Reason should teach you not to place a ball or wedge type of pad in to already weakened muscles by doing so keeps making rupture larger each year.
The DOBBS TRUSS holds like the palm of your hand with a concave pad, not a round pad. For Comfort and Relief Try a DOBBS Truss next time.
