That would allow time for advertising and including on the ballot several other pending amendments that still may be approved by the Legislature. Among these was one to lift the \$35,000,000 ceiling on state pubic welfare payments.

The House would have to agree to the Senate resolution. It was held up there for an opinion on legality of changing the dates by resolution.

Since the Constitution was first written in 1875 and adopted in 1876, it has been amended around 100 times. Recurring efforts to do a complete rewrite have failed thus far.

Vital changes in the state's fundamental laws are recommended to the voters in several of the amendments on which they will say yes or no.

One amendment proposes annual sessions of the Legislature and annual salaries for its

This amendment, if adopted, would provide for regular ses sions of the Legislature every to approximately 40 barels per year instead of every two years and put members on a flat salary of \$3,600 a year instead of Lawliss recently purchased a \$10.00 a day for the first 120 days of a session and \$5.00 thereafter.

Authorizing the Legislature to create hospital districts with a supporting property tax, on a vote of the people in the proposed districts.

Permitting laws to establish retirement and disability pensions for appointive county officers and employees on a voluntary basis.

BAIRD BUYS FOG MACHINE

The city of Baird recently purchased a fogging machine to be used throughout the summer in spraying the streets and alleys of the town in a campaign to destroy insects.

The equipment was purchased at a cost of approximately

nual meetings. The Posey family has reserved three cabins for the occasion and the Nobles group has reserved two. The annual Allen family reunion is scheduled for early in July.

The lake is a popular spot for school groups all over Texas. Recently classes from the Plains area spent several days there. Next week approximately 150 boys - members of 4-H clubs in a five county area will hold their annual at Lake Cisco. They will meet Monday and the camp will break up Tuesday. Wednesday at the Country Club, the mempers of the West Central Texas Oil and Gas Association will hold their summer meeting.

The park, complete with the huge swimming pool, miniature golf course, skating rink and ride concessions, draws hundreds each week from Cisco and the surrounding territory.

The lake proper is known all over Texas as a fine fishing place and hundreds of vacationers each year spend their time there. This week Waddie Bennie is spending his vacation in the tourist cabins and fishing most of the day. Mr. and Mrs Webb of Dallas will arrive next week for their annual vacation.

Ray Judia, lake custodian, reported that the fish were biting good and that good catches were reported. Channel cat are giving most play at this time. He reported that the cabins were full most of the time and that reservations were still coming in. All visitors advertise the facilities of the lake.

Collegians Turn Back Scranton By 6-4 Score

The Cisco Junior College night school scored two runs in the sixth inning to break a 4-1 deadlock and triumph over Scranton in the feature game of Thursday night's program at ABC Field. In the other game, the East Cisco Baptist scored a 2-0 victory over the First Methodist team.

Scranton took an early lead when they jumped on Collegian Morris for three hits to score three runs in the opening inning. A hit and an error added the fourth run in the second. The night school came back in the second to score three runs and to tie the count in the fourth.

In the last of the sixth, the collegians took advantage of a walk and two solid hits to score the two runs. Scranton loaded the bases in the top of the seventh, but the threat ended with only one run crossing the plate. It was one of the best games of the season.

For the Men Who Succeed

and for those who will some day succeed them, our suggestion is that they invest part of their earnings in real estate. Wise investments in real properties have yielded fortunes to many people. And those who succeed in this venture never gamble on the title. They buy only quality abstracts made by those who have themselves invested wisely - in their plant - in their personnel - and in their responsibility to the public.

STOP! That means you, and it means now, and it means right where you are, How difficult to do it! We are all in such a rush; but where are we going? You've got to stop before you can either look or listen. To stop means to do a little thinking, perhaps even to meditate or to reflect. That is almost a lost art among us. "Be still and know that I am God"; that is, stop to discover where you stand with reference to God and with reference to what you are living for; that is, where you are bound for. Who are we? Animals that must be fed and given bodily care? Or are we eternal children of God on the way to Destiny, and a Destiny beyond the stars? There must be "rests" in music, in order for phrasing and color; there must be a "pause" for that which refreshes the soul. Stop, then, for careful looking and for listening.

LOOK! What are other people doing around you? Who is travelling the highway, and how fast? Is he doing wisely? Do you want to be caught in the same traffic jam that appears in the distance? Has it ever been true that "broad is the way that leads to destruction, and many there be who find it"? Is it a wise policy to let the crowd do your thinking for you? Where so many do so little thinking and that too late, ought I to be more thoughtful, especially about the more important things? Shall I learn by the experience of the race? Is the end of the way fairly clear to those who will look?

LISTEN! There are warnings aplenty for those who will listen. What does the alcoholic have to say about the first drink? He knows; listen! What does the embezzler have to say about the careless use of another's property? What does the killer have to say about hatred in the heart? Listen! Then, on the other side, the wise teachers of the race, who have chosen the straight and narrow path, where too few were travelling, they add their counsel. Christians are women and men and children who have decided to listen to Jesus of Nazareth. This is a good time to read the Sermon on the Mount, Hear Him! Then choose the path along which He will walk with you.
