Contract Awarded For National Guard Armory

Waters Bros. Construction Company To Erect \$36,000 Storage Building

A contract for the construction of a National Guard Armory building in Cisco to cost approximately \$36,000 was awarded by the Armory Board in Austin Wednesday to Waters Bros. Construction Company of Cisco.

This was the fourth building contract awarded Waters Bros. by the Armory Board in recent weeks, the other being for buildings in Breckenridge, Ranger and Olney. The four structures will cost in the neighborhood of \$125,000.

The Cisco armory will be started as soon as the Board allocates funds for it — expected within the next two months. According to the plans and specifications, the building will be 52 x 100 feet in size. A motor vehicle storage building, the structure will include offices, rest rooms and other features.

Waters Bros. will have 120 working days in which to complete the building once construction work starts. The firm now is erecting buildings at Breckenridge and Ranger and will begin the Olney armory when they get the "go ahead" signal from the Board.

The Cisco armory will house Battery A of the 648th Armored Field Artillery commanded by Captain O. O. Odom, Jr. The unit now is at Camp Hood on active duty for two weeks.

The building will be located on a 20 acre tract donated to the Armory Board by the City of Cisco for the purpose of erecting the structure. It is located on the old airport just east of Cisco Junior College. The battery has been meeting in the shop building at the college.

Final Rites For Mrs. D. Miller Held Thursday

Funeral services for Mrs. Donnie Mae Miller, 32 were to be held at 4 p.m. Thursday at Thomas Funeral Chapel with Rev. Ross Lowe of San Saba in charge, Rev. Paul Stephens, minister of the East Cisco Baptist Church was named to assist Mr. Lowe.

Mrs. Miller was killed in an automobile accident during a rainstorm near Waurika, Oklahoma, on June 28. She was the daughter of Mr. and Mrs. E. E. Harrelson of Cisco. Mrs. Miller was enroute from her home in Duncan, Oklahoma to Cisco when the accident occurred. She had lived in Duncan for two months and had been a resident of Cisco before moving to Oklahoma.

She was born in the Romney community on February 26, 1917 and was married to Donald Miller in 1941. Mrs. Miller had two children by a former marriage and one by her marriage to Mr. Miller.

She is survived by her parents, two sons, Norman and Tommy Burton; one daughter, Donna Lou Miller; two brothers, Buck Harrelson of Killen and William Harrelson of Cisco; and one sister, Miss Betty Lou Harrelson of Cisco. Burial was to be in the Nimrod Cemetery. Her body arrived in Cisco at 11:30 p. m. Wednesday. Thomas Funeral Home was in charge of the arrangements.

Humble Officials Visit In Cisco

H. V. Hanrahan of Houston, president of Humble Pipe Line Company, was a Cisco visitor Wednesday when he transacted business at the local offices of the company and attended the annual summer meeting of the West Central Texas Oil and Gas Association Wednesday night. Mr. Hanrahan was accompanied by J. A. Neath, vice president of Humble Oil and Refining Company, B. C. Low and Dave Carlton with the crude oil division of Humble Oil and Refining Company. All the men were from the Houston office.

FIRE ESCAPE INSTALLED

Workmen today completed the installation of a new fire escape at the Hotel Victor. It was announced by Victor Cornelius. The job required approximately two weeks to complete and will give the hotel added protection for the guests.

The contract was awarded to a Wichita Falls company who furnished the material and the labor.

JAY GARRETT INSTALLED AS HEAD OF LIONS CLUB

Jay Garrett, salesman for West Texas Utilities Company here, took over the gavel as president of the Cisco Lions Club at the annual Ladies Night installation banquet Wednesday night at the Victor Hotel dining room.

New officers of the club were installed in ceremonies directed by Sam Fuhr of Olney, new president of District 2-E, Zone 6, Lions International. In brief address, Fuhr reminded members of the club that Texas Lions are leading the nation in growth and that Zone 6 was "away ahead in Texas."

Fuhr pointed out that much can be accomplished for civic betterment by a good Lions Club. He was introduced by Zan Burroughs.

Other officers installed were Charlie Burke, vice-president; E. G. Damron, secretary; Gene Shockley, assistant; J. T. Eagan, treasurer; Stormy Davis, tail twister; Sterling Drumwright, assistant; Austin Flint Linton, tamer; and Norman Huston, song leader. New directors are Arlin Bint, Clyde Karkalits, Bill Mitchell, Simon Coplin and A. R. Westfall.

Lion E. L. Jackson presented awards to Lions and their wives for perfect attendance during the past year, as follows: Charlie Burke, J. H. Denton, J. T. Eagan, E. G. Damron, H. R. Garrett, Clyde Karkalits, W.

A & P Grocery Has New Manager

O. C. Parham has been transferred from Stephenville to Cisco as manager of the A & P Grocery here, according to an announcement. Mr. Parham took over this week and has moved his family to Cisco — 400 Avenue G. The move here was a promotion for Mr. Parham, who has been with the A. & P. Grocery Company for about three years. He was produce manager and assistant store manager. He is a native Texan.

COMMUNITY GROWTH AND PROGRESS REFLECTED AS CISCO POST OFFICE GIVEN ADVANCEMENT IN RATING

Steady growth and improving business conditions were reflected for the Cisco area this week with the announcement that the Cisco Post Office will be advanced from second to first class rating by the Post Office Department on Thursday, July 1.

To achieve the class achievement, the Cisco Post Office's receipts from stamp sales rose above \$40,000 during the last year. Figures released by Postmaster L. H. McCrea reflected a steady growth for the local office.

Significant was the fact that receipts for the first two quarters of 1948 were running approximately 15 per cent ahead of those for the same period last year.

Virtually the only change that its patrons will see at the post office will be in the finance window section. First Class Post Office finance sections are open from 9 to 5 daily while second class offices are open from 8 to 6 o'clock each day. The general delivery window, however, will be open from 8 to 6.

Figures released by Mr. McCrea on receipts were as follows:

LOCAL ROTARY CLUB HAS HIGH ATTENDANCE RECORD

Crops Show Good Growth Over Most Of The State

Retiring President J. E. Proctor of the Cisco Rotary Club announced at the regular noon luncheon Thursday at the Victor Hotel dining room that the local club had made an enviable attendance record during the year which will close at midnight tonight. During the first eleven months of the fiscal year the Cisco club has had an average attendance of 99.27 per cent and has been in the upper ten in the district for the entire period. In addition to the district honors the club has been in the upper ten in its group of Rotary International. During the past five months only two have been absent, it was announced. Dick Lauderdale as program chairman, presented E. P. Crawford who introduced Rev. John R. Williams, minister of the Westminster Presbyterian Church of Fort Worth who made the talk. Rev. Williams is working with the young people at the Presbyterian Encampment this week. He admonished Rotarians and guests to "Keep God in your hearts." He pointed out that business men had lost faith in the Church and had become too busy to attend services as regularly as they did clubs and meetings. He urged a dependence upon God as the answer to the needs of the world. Visitors were Rotarians A. B. Youngblood, Abilene; Harold G. Neely, Fort Worth; J. C. Poe, Jack Frost and Bob Gilchrist of Eastland. A. H. White of Fort Worth was the guest Rotarian. John W. Spier and Dewey Jones of Cisco was the guest of Rotarian B. A. Butler. Bob Elliott will take over as president of the club at the next meeting.

De Leon To Play Oilers Friday

A snappy softball team from De Leon will invade the ABC Field here Friday night and engage the Humble Oilers in a return match after the Oilers dropped a 10-3 decision to the Independents from the Comanche County city last week. The game will start at 8 p. m. and will be followed by a game between the Gorman girls and the local girls. De Leon will bring to Cisco one of the fastest teams seen in action this year and the Oilers have revamped their lineup to meet the invaders. Manager Smallwood has not decided on his batting order and has not selected the pitcher for the game but will probably use Cumba or Brown. Brown, who is from Rising Star, is said to be one of the best pitchers in this section of the state. ABC Club officials promised fans a very interesting evening and urged local fans to see the game.

Reunion Held By Posey Family

Mr. and Mrs. T. K. Posey were hosts Saturday and Sunday at a family reunion at Lake Cisco which was attended by a brother and four sisters of Mr. Posey. Mr. Posey is local manager for Banner Milk and Ice Company.

Those attending were Mr. and Mrs. E. L. Posey and son, Edwin, of Lubbock; Mr. and Mrs. Robert Wheeler of Midland; Mr. and Mrs. Grogan Harrison and grandson, Michael Kirpatrick, of Dallas; Mrs. J. A. Reynolds of Birmingham, Alabama; Mrs. Alma DeFreese of Atlanta, Georgia, and Mrs. Roy Webb of Piedmont, Alabama, and the host and hostess. The time was spent in visiting, eating and sightseeing.

The Gay Philosopher

By J. W. S.

WE PREDICT FOR Mr. Jay Garrett a stormy regime as president of the Cisco Lions Club. This may sound unusual, but the signs indicate same. Jay took over the president's gavel at the banquet last night and his first official task was to recognize retiring Tail Twister J. H. Denton, who stood up to bring impeachment proceedings against Garrett.

Denton appointed a court to handle the charge. Ralph Glenn was the judge. Prosecutor Sterling Drumwright alleged that Garrett was having Hooker Jewelry make him a President's Pin that was six inches in diameter and that he was so eager to become president that he "snatched" the gavel from retiring President A. R. Westfall. Defense Attorney Austin Flint made a valiant plea but wound up by throwing in the towel for a guilty plea. Jurors voted "guilty," although Judge Glenn didn't really think it necessary to canvass them. The sentence was a box of Travis Club cigars to be passed around at the next meeting.

THE GAG WENT off well. Seriously, Garrett was applauded as having deserved the honor of being elected president. He has been a leader in the club since joining it. Retiring President A. R. Westfall has an enviable record. He has not missed a meeting of the club since he joined. The attendance record of the club, however, belongs to W. H. LaRoque, who hasn't missed a meeting in more than 25 years.

WALLY SMITH, the picture show manager, won a big hand for his contributions to the club and to Lionsism. He has enrolled 12 members and received a handsome plaque. . . . The Victor Hotel Coffee Shop served a very fine meal. Heard a lot of compliments.

WAS OUT AT the country Club last evening to look in on the oil men's meeting. . . . A very large crowd turned out. . . . Heard a lot of compliments on the club house and golf course. There was a large group of widely known oil men there.

County Equalization Board To Meet Soon

County Clerk W. V. Love announced Thursday that the Eastland County Board of Equalization would convene at 10 a. m., July 6, for the purpose of evaluating taxable property for 1949. The County Commissioners and the County Judge serve as members of the board. They are Judge Louis Crossley, and Commissioners Arch Bint, Cisco; T. E. Castleberry, Eastland; A. M. Thurman, Gorman; and Henry Carter, Carbon. Those interested in the proceedings of the board or those having business to discuss were asked to be present.

IMPORTS OF OIL ARE HURTING DOMESTIC OPERATORS, WEST CENTRAL GROUP TOLD

More than 300 members of the West Central Texas Oil and Gas Association, meeting at the Cisco Country Club Wednesday night, were warned by Fred W. Shield, of San Antonio, of the dangers of over production of oil in the world. Shield, president of the Independent Petroleum Association of America, said that the heavy imports of foreign oil were being felt by the oil operator of America. "The heavy imports of oil will be even more painful," Shield said, "unless some restrictions are placed upon the unlimited pouring in of oil produced in foreign countries." He emphasized that the flood of foreign oil was not a temporary thing. "It will probably

be a threat to our domestic production," he said. "And as facilities for many, many years to ities are added for the handling of this oil the threat will become more acute.

Shield said he believed all oil produced outside the United States, whether in Canada, Mexico, South America, or in the Middle East, should be classed as foreign oil, and that any restrictions should apply to all oil from any country outside the United States.

Mr. Shield's talk followed a barbecue which was served buffet style at the club house. Mayor Rosenthal spoke briefly, welcoming the members and guests. L. A. Warren, assisted

by R. L. Ponsler, Don Choate and members of the local chamber of Commerce, was in charge of the arrangements.

George P. Hill, of Fort Worth, asked the Association to endorse a plan to help install a first class oil and gas library at the University of Texas. A resolution was unanimously passed calling for the Association's aid in the library project.

A report on the legislative situation in Austin was given by E. I. Thompson, executive secretary of the Independent Producers and Royalty Owners Association; and French Robinson of Abilene reported on legislation affecting the gas industry which is now pending in Washington.

Mrs. Ellen Oldham has returned from Big Spring where she was called by the death of her youngest son, George Oldham who was only 50 years old. George will be remembered by local people as a good friend and neighbor and he has proven to be a successful business man in Big Spring. He grew up in Gorman and his many friends mourn his untimely passing.

Horace Oldham of Eureka Springs, Arkansas, came to spend the night with his mother after he attended the funeral of his brother, George Oldham, Big Spring.

AND NEWS OF INTEREST TO WOMEN

## Patterson-Harding Rites At Valley View

Rev. T. H. Harding, pastor of Bluff Branch Baptist Church and his bride, the former Miss Wanda Patterson of Ballinger, are spending the week in Bluff Branch community. The couple was married on Friday, June 24, at Valley View Church. Rev. L. L. Roloff of Corpus Christi officiated for the double-ring ceremony.

The couple stood before a background of woodwardia, fern and baskets of white gladioli flanked by seven branch canelabra holding lighted white tapers while exchanging marriage vows. Candles were lighted by John Harding, the groom's brother.

The bride was given in marriage by her father, Marvin

Patterson. She wore a traditional gown of white satin, fashioned with fitted bodice and sweetheart neckline. The moderately full skirt swept into a chapel length train and the closely fitted sleeves tapered into points over her wrists. Her head dress and finger tip veil were made of alencon lace and bridal illusion. Her attendants were Mrs. W. S. Caudle, Jr., Matron of honor, Mrs. C. O. Bailey, sister of the bridegroom, and Mrs. Chester Bryant, of Pleasanton, were bride's maids.

Alton Patterson, brother of the bride, served as best man. Ray Ellis of Banks and Billy Ralph Russell were groomsmen. Ushers were Raymond Harding, brother of the groom; and U. S. Caudle, Jr. Ted Boya of Miami, Florida, furnished the

A reception in the home of the bride's uncle and aunt,

Judge and Mrs. O. L. Parish, followed the ceremony, after which the couple left for a wedding trip to the Highland Lakes. Upon their return they will be at home at 815 Avenue A, Brownwood.

The bride is a graduate of Ballinger High School and a recent graduate of Howard-Payne College. The bridegroom graduated from Corpus Christi High School and is now a senior at Howard-Payne College. He is the full time pastor of the Bluff Branch Baptist Church.

## First Baptist WMS In General Session

Women's Missionary Society of the First Baptist Church met in a general meeting Tuesday afternoon at the church with Mrs. W. V. Gardenhire directing. The meeting opened with group singing of "Bringing in the Sheaves" led by Mrs. R. D. Guthrie with Mrs. Otis Strickland at the piano.

The Bible study was held first and the chapter explained was the thirty-fifth chapter of the book of Exodus. Rev. Otis Strickland, church pastor, conducted the study. Mrs. Gardenhire then took charge and conducted the business session. Minutes of the last meeting were read by Mrs. E. H. Cheves and were approved. Recom-

mendations from the Executive Board were read as follows: Members of the WMS are ready to can fruits and vegetables for the Buckner Orphans Home and anyone having fruit or vegetables to donate will please notify Mrs. Gardenhire. The Women's Missionary Society should give \$100.00 to the Educational Building Fund. Pay the amount due to the Old Minister's Retirement Fund. The WMS voted to accept the recommendations as read; and to carry them out.

The attendance count was made by Circles and each circle made report of work having been done the past month. The meeting was then adjourned with prayer.

Those present were: Mesdames G. M. Beene, A. B. Cooper, E. H. Cheves, M. P. Farnsworth, C. A. Farquhar, Eula Grantz, Harry Grantz, W. V. Gardenhire, W. P. Guina, R. D. Guthrie, E. L. Jackson, G. B. Langston, O. G. Lawson, O. L. Mason, W. J. Poe, O. J. Russell, W. W. Sawyer, Bebe Stone, Harry Schaefer, Otis Strickland, M. M. Tabor, W. F. Walker, F. D. Wright, M. F. Underwood.

Preceding the meeting a luncheon was held at the church at 1 o'clock by members of the WMS Executive Board; following which the business session was held and above recommendations were drafted.

## Methodist Society Meets At Church Tuesday Evening

Members of Women's Society of Christian Service of First Methodist Church met at the church Tuesday evening with all Circles of the Society represented. Mrs. J. T. Anderson brought the devotion which was followed by a sing-song of favorite hymns and songs. Work for the new fiscal year was outlined by Mrs. Shertzer and a pledge service was held.

A splendid program was given and incoming officers named the duties of her office. Those taking part included Mrs. J. T. Anderson, Mrs. S. H. Nance, Mrs. H. A. McCanlies, Mrs. Carrel Smith, and Mrs. James Moore.

At the close of the meeting punch was served to the following: Mesdames John Shertzer, J. T. Anderson, T. J. Dean, Fred Hayes, C. E. Hailey, D. P. King, Wm. Joyner, O. C. Lomax, Celia McCrea, H. A. McCanlies, H. W. Merket, James T. Moore, S. H. Nance, B. J. Osborn, Philip Pettit, G. P. Rainbolt, Carrel Smith and a visitor, Miss Esther Meyer of Brenham, a guest of her sister, Mrs. King.

Miss Bobbie Jean Deen is spending two weeks in Fort Worth with her friend, Janet Hanrahan.

# FINER CIGARETTE

Lucky Strike maintains America's

# FINEST CIGARETTE LABORATORY

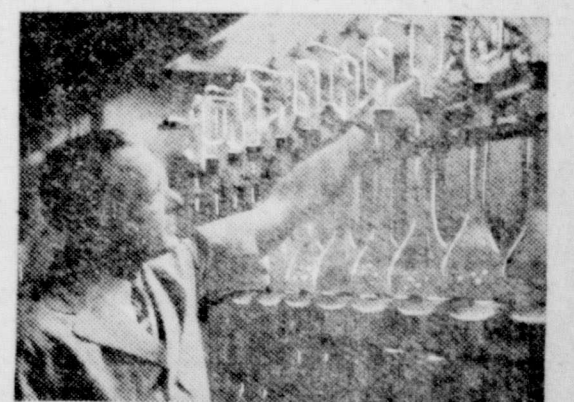

America's largest cigarette research laboratory is your guarantee that Luckies are a finer cigarette!

YOU SEE HERE the largest and most complete laboratory of its kind operated by any cigarette manufacturer in America.

For many years Lucky Strike scientists have delved into cigarette research on an extensive scale. Out of this has grown an elaborate system of quality control. Every step in the making of Luckies—from before the tobacco is bought until the finished cigarette reaches you—comes under the laboratory's watchful eye. Literally hundreds of precision tests are conducted daily to make certain that the Lucky Strike you smoke is a finer, milder, more enjoyable cigarette. As you read this,

a constant stream of tobacco . . . samples from every tobacco-growing area . . . is flowing into the laboratory in Richmond, Virginia. These samples are scientifically analyzed, and reports of their quality go to the men who buy at auction for the makers of Lucky Strike.

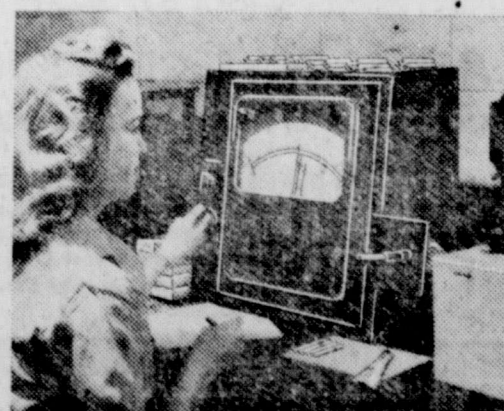

Armed with this confidential, scientific information—and their own sound judgment—these men go after finer, lighter, milder tobacco. This fine tobacco—together with scientifically controlled manufacturing methods—is your assurance that there is no finer cigarette in the world today than Lucky Strike!

**Testing tobacco.** Samples from every tobacco-growing area are analyzed before and after purchase. These extensive scientific analyses, along with the expert judgment of Lucky Strike buyers, assure you that the tobacco in Luckies is fine!

So round, so firm, so fully packed. Typical of many special devices designed to maintain highest standards of cigarette quality, this mechanism helps avoid loose ends . . . makes doubly sure your Lucky is so round, so firm, so fully packed.

So free and easy on the draw. This meter draws air through the cigarette, measures the draw. Samples are tested to see if they are properly filled. Tests like this one are your guarantee that Luckies are truly free and easy on the draw.

We know:

class and list your name with them. The poison to be used is 1080. This is a deadly poison to rats. The 1080 cannot be bought and is put out only by the U. S. Rodent Control Service. The service will train a member of the veteran's class to use the poison. This type of program was carried on in Baird several years ago and was very successful. Before the rodent control service will train a man to put out the poison there must be between 200 and 300 farmers signed up who want the rats

killed on their farms. So all farmers who want to get in on this program should sign up as soon as possible. The only cost will be a small fee to cover the cost of the poison and the labor of the man putting out the poison. The man putting out the poison can usually cover from eight to fifteen farms in a day's time, so the cost won't be very much. If merchants in the towns desire to have a drive to kill rats with the 1080, they too must have some organization to sponsor the program. For more information on this program contact the county agent.

### For the Men Who Succeed

... and for those who will some day succeed them, our suggestion is that they invest part of their earnings in real estate. Wise investments in real properties have yielded fortunes to many people. And those who succeed in this venture never gamble on the title. They buy only quality abstracts made by those who have themselves invested wisely — in their plant — in their personnel — and in their responsibility to the public.
