Thousands Are Expected To Attend First Annual Ranger Homecoming

RANGER, July 5 — All the thousands who were in Ranger of during the wild boom days of 1917 - 21 were invited back for the homecoming, July 20-23. The homecoming, which will be an annual affair, is being held in connection with the Ranger Junior Chamber of Commerce rodeo. Besides the night performances of the rodeo, there will be a parade, old fiddlers contest, barbecue and other features.

30,000 — and never the same 30,000 for two days in succession as throngs came and went continuously. Just how big was the boom? It has been computed that if the value of all the gold produced in California in 1849 were added to the output of the Klondike in its best year and to the yield of Goldfield in its banner year, the total would be less than half the value of the oil produced in the Ranger district in 1919.

With Ranger as the center and with a radius of 40 miles, the area saw expenditures at the rate of \$250,000,000 annually, just for drilling, besides the cost of leases. At the peak, oil was bringing \$3.50 a barrel and much of it commanded a 65 cent premium. Pro ration had not been heard of and there was a market for every barrel that a well could produce, flowing wide open — and some of the gushers produced several thousand barrels a day.

Cowboy Band To Appear At Annual Ranger Rodeo

RANGER, July 5 — The Hardin-Simmons University Cowboy band will play for all performances of the Ranger Jaycees Fourth Annual World Championship Rodeo on July 20-23 at Ranger. This is the first time that this world famous band has played for the show.

The four night performances of the rodeo will get underway at 8:00 p. m. each evening and the Jaycees have arranged the best possible show for rodeo fans in this section of the state. Homer Todd of Fort Smith, Arkansas, will again furnish the stock. Last year Todd's Brahma bulls lived up to their reputation as the toughest, roughest, bulls in any rodeo by injuring four riders the opening night. Pete Adams of Tulsa, Oklahoma, will announce this year's show. John Lindsey, the clown who broke three ribs last year in Ranger during his first performance, will be back all four nights to present his trained bull, Iron Ore.

The Hardin-Simmons University band will lead a gala parade to open Rodeo Festivities on Wednesday, July 20th, at 4:00 p. m. They will appear in their colorful western regalia and perform their nationally known "cowstep," a zig-zag step which was originated by them. During the past year, this band has played in seven states, California, Texas, New Mexico, Colorado, Arkansas, and Utah, and will be in New York this summer for the Lions International Convention. Marion B. McClure, who has served more than 19 years with the colorful organization, is the director.

Other features of the rodeo this year will be a Cowgirl Sponsor Contest, Cutting Horse Contest, Trick and Fancy Riding and Roping, Saddle Bronc Riding, Calf Roping, Steer Wrestling and Bareback Riding.

Local National Guard Unit Returns From Summer Camp

Two weeks of sun baked training at North Camp Hood, five miles west of Gatesville, came to a close for local national guardsmen of the 49th Armored Division Sunday.

Cisco's unit, a part of the 648th Armored Field Artillery, returned here early Sunday morning after leaving the main convoy made up of units from San An-

gelo, Colorado City, Breckenridge and Ranger, in Hamilton. It was the local unit's first time to participate in summer national guard maneuvers since being organized last June.

Camp activities came to a climax with preliminary test firings of the self-propelled 155 mm. howitzers, a mock battle and an overnight bivouac. The

maneuvers put some 4,000 men into the field in make-believe combat.

Tanks, armored cars and other heavy equipment on loan to the National Guardsmen were returned to the 2nd Armored Division immediately after the overnight march Friday. Since it was impossible to move the guardsmen's own equipment over the highways to and from the camp, the 2nd Division, stationed at South Camp Hood, loaned the heavy equipment.

During the two week training period, only one Cisco Guardsman was injured. He was Sgt. Wayne Parsons who sustained two broken fingers when he attempted to extinguish a blaze which broke out in the kitchen of the mess hall. Injuries to other units, however, were heavy as the result of accidents while in the field.

Captain Olin O. Odom, unit commander here, praised the Cisco Guardsmen who participated in "their quick adaptability and keen teamwork." He said, in a report, that the Ciscoans proved one of the finest organizations in the division.

In addition to being a leading battery in the battalion, Cisco guardsmen took honors in the nightly sports contests. The divisional softball championship was won by the 648th, strongly supported by Cisco players.

Sgt. Frank Schaeffer, administrative assistant here, said Monday an all-out recruiting drive for additional members to the local unit was being planned for the latter part of this month.

Eastland County Girl Leads In Queen Contest

An Eastland County girl, Miss Johnnie Lou Hart, daughter of Mr. and Mrs. Johnnie Hart of Eastland, is a leading contender in a contest to select a queen to reign over Fort Worth's Fiesta-Cade celebration planned for this month.

Miss Hart, who is presently employed in Fort Worth, attained her lead through votes received from an advance ticket sale to the Fiesta-Cade, a report said. A candidate of the Business and Professional Women's Club, she is the recipient of a 21-jewel wrist watch for leading the race in the week ending Tuesday, June 28.

Quietest Fourth Of July Holiday Observed Here

Brilliant fire works displays, swimming and picnicking at Lake Cisco's recreational park, and family gatherings marked the Fourth of July holiday for most Ciscoans yesterday, in

what was described as the quietest in several years. Although hundreds of Ciscoans and out-of-town guests crowded the Lake Cisco picnic grounds, recently improved and

reconditioned, attendants said it was the smallest turn-out for the Independence holiday since the end of the war.

Clear skies, with the exception of a few puffy clouds, gave holiday celebrants a delightful day for fishing, motoring and picnicking, despite the summer heat. No rain was reported during the last 36 hours.

City police, who were put on the alert for the three day weekend, reported no traffic accidents within city limits, but complaints of exploding firecrackers in the residential sections were numerous. However, injuries and burns from fire works were light, they said.

M. L. Perdue, chief of police, praised motorists and holiday visitors for careful driving, thus making this city free from traffic deaths during the holiday.

Anglers at Lake Cisco this year were numerous as hundreds lined the shores in hopes of catching an ardent supply of fish, lake attendants reported. Many of the city's golfers turned out for a "work-out" at the sprawling Lake Cisco golf course. All in all, Ciscoans made a big day out of the holiday.

Besides recreational facilities at the lake park, which included swimming, boating and miniature golf, the Don Franklin Carnival spiced the holiday for most Ciscoans and visitors who spent the day at the park.

Family reunions held the center of attraction for a good number of Ciscoans over the holiday week-end, and a large percentage of the local townsmen spent the day visiting relatives out of town.

Most business stores, which included service stations and grocery stores, were closed all day in celebration of this country's 174th birthday as a free nation.

A spectacular fire works display across the swimming pool last night climaxed the Fourth.

UTILITIES COMPANY ADS CARRIED IN PRESS WIN NATIONAL CONTEST

The Cisco Daily Press was advised today that a series of advertisements which appeared in this newspaper had been awarded first place in a national advertising contest.

A series of West Texas Utilities Company ads promoting the use of electric service was selected the best in Class A competition in "The Annual Better Copy Contest" sponsored by the Public Utilities Advertising Association, a Department of the Advertising Federation of America.

"The Better Copy Contest" is

conducted for the purpose of stimulating finer advertising and to recognize work well done. This year more than 1,500 entries in 20 classifications were judged by nationally recognized authorities.

A certificate of award "for the best public utility advertising during the preceding year" was presented to the West Texas Utilities Company at the annual P. U. A. A. Convention in Cincinnati, Ohio, last week. Robert E. Kennedy, WTUCo advertising manager, accepted the award for the company.

All copy and layouts for the winning series of advertisements were written and prepared by the WTU advertising department.

Romney Resident To Be Buried In Eastland Thursday

Final rites for Mrs. Mania Gray, 67, resident of Romney for the past 10 years will be held in the Mountain Top Church in Romney Thursday at 4 p. m. Rev. H. N. Baldaree of Putnam will conduct the services. Mrs. Gray died at her home at 6 a. m. Tuesday after a serious illness of several days.

Burial will be in the Eastland Cemetery with Thomas Funeral Home in charge of the arrangements.

Mrs. Gray was born in Morristown, Tennessee, on June 30, 1882, and moved to Texas several years later.

She is survived by two sons, three daughters and four grandchildren. The sons are H. L. Gray of Romney and M. G. Gray of Hoobs, New Mexico. The daughters are Mrs. Homer Shahan and Mrs. Frank Whitten of Cisco, and Mrs. Carrie L. Gray of Romney.

Also surviving are two brothers, H. C. Vance of Borger and U. E. Vance of Abilene; and two sisters, Mrs. A. H. Simmons of Tulsa and Mrs. G. M. McKinney of Abilene.

Pallbearers will be Fred Walker of Grapevine, Stanley Webb of Cisco, Cecil Carter, Bruce William, Carl Johnson and Alfred McInreney of Romney.

Fourteen Scouts To Leave For Camp Friday

Approximately fourteen Boy Scouts, members of the Cisco troop 101, were making arrangements this week to attend the annual encampment at Camp Billy Gibbons. The group is to leave here Friday morning.

Making up the Cisco scouts will be veteran members with four or more years of service in the Cisco organization, in addition to several "first year terms," Charles Graham, scoutmaster, said.

A pick-up truck will carry the Cisco scouts and their equipment to the camp site and once at the Scout reservation, they will join scout troops from Breckenridge, Ranger, Eastland, the scenic camp, which is located near the San Saba River some sixteen miles south of Richland Springs, the scouts will indulge in swimming and boating contests, marksmanship, handicraft work and Indian lore study.

The Cisco Troop, under the direction of Charles Graham, is sponsored by the First Presbyterian Church here.

Rev. Rohre assumed the pastorate of the local church May 1, 1946, soon after he was separated from the service, having spent nearly five and a half years on active duty with the U. S. Army.

Rev. Rohre has requested the Presbytery of Mid-Texas to have called meeting of the Presbytery to meet in the local church Wednesday, July 13, for the purpose of acting on his request to dissolve the pastoral relationship between the local church and himself.

RETURNS FROM HOSPITAL

C. S. Surles who has been seriously ill in a local hospital was taken to his home this week end. Mr. Surles is much improved and is now able to have some company.

He will have to remain in bed for several days yet and will not be able to work for several weeks. Mr. and Mrs. Surles plan to visit their son, Major Donald Surles, and his family in Topeka, Kansas, as soon as Mr. Surles is able to make the trip.

LEAVES FOR ARIZONA Mrs. E. Mayer left today for Winslow, Arizona, to be with her daughter, Mrs. J. L. Daly, who is to undergo an operation in a Phoenix hospital this week. Mrs. Mayer has been visiting with Cisco relatives.

TESTING—Deciding to go on a week end schedule, a night club in Culver City, Calif., found the American Guild of Variety Artists ruled that the performers pay must be raised. Here Joel Smith, an employee, has a private review put on for him. The managers are testing the ruling by running the show three nights a week to an empty house.

GOVERNOR SIGNS BILL SETTING GAS MEASURING STANDARD

AUSTIN, July 3 — With the signing by Governor Beauford H. Jester Thursday of House Bill 159, a long and sometimes bitter struggle to provide Texas with a standard for the meas-

urement of natural gas was successfully concluded.

"I am convinced that Texas takes a step forward with the passage of this Standard Gas Measurement Law," said Governor Jester in signing the bill. "We have reason to hope," he said, "that this standard may be recognized soon in other oil and gas producing states and become the accepted standard over the nation."

The bill, sponsored by Rep. representative William S. Fly of Victoria in the House and Senator Wardlow Lane of Center in the Senate, passed the House by a vote of 89 to 29 on April 22 and the Senate on June 24 by a vote of 29 to 0. A similar bill in the 50th Legislature passed the Senate, but was never voted out by the House. The most bitter opposition to this bill came in the Senate, where it failed three times to get the necessary two-thirds approval to be brought up out of regular order. Unanimous Senate support came after amendments were adopted. "This bill is so just and fair," said Senator Lane and Representative Fly in a joint statement Thursday, "that soon-

er or later it had to become the law of our State. It is particularly in the interest of the thousands of small royalty owners, many of whom are not aware of the numerous ways in which purchasers heretofore could manipulate measurement practices to conceal the true volume of gas received. It was clearly the duty of this state to provide this protection as well as to assure itself of its proper tax revenue from this source.

"Much of the credit for this progressive step, however, belongs to the Texas Independent Producers and Royalty Owners Association, whose officers and members have worked so hard for its passage."

Said the TIPRO president, Guy I. Warren of Corpus Christi, who was also present at the signing:

"It is extremely gratifying that the members of our Legislature saw fit to provide Texas with this badly needed standard for the measurement of natural gas. This safeguard has long been sought by the entire membership of this Association."

SOCIETY AND CLUBS

AND NEWS OF INTEREST TO WOMEN

McCarty-Cox Vows Read In Abilene Thursday, June 30

Miss Frances Katydoll McCarty, daughter of Mr. and Mrs. Paul McCarty, former Ciscoans now residing in Abilene, became the bride of E. Brady Cox, Jr., son of Mr. and Mrs. E. B. Cox of Abilene, on Thursday evening, June 30, in St. Paul's Methodist Church of that city.

The double ring ceremony was read by the Rev. Lawrence Menefee of St. Anthony, New Mexico, brother-in-law of the bridegroom. Dr. Earl G. Hamlett, church pastor, assisted.

The bridal couple repeated their vows from memory before a small arch of plumosa and gladioluses, banked with gladioluses and fern. A larger arch entwined with plumosa and salal covered the choir rail. The prayer rail was covered in white and garlanded with plumosa. White satin ribbons marked the pews.

Given in marriage by her father, the bride wore a dress of illusion and white bridal satin, fashioned with a full skirt and a berth of lace. The skirt swept into a chapel-length train. Mrs. Cox's veil of illusion was held by a coronet of satin and pearls. Her only ornament was a strand of pearls, a gift of the groom.

The bridal bouquet was the traditional type fashioned of gladiolus buds and maline and centered with gladiolias.

Ann Sewell, the bride's cousin. Bridesmaids were Thelma Court-

ney King and Nancy Wacile McKnight of Dallas, Gloria Beth Curtis of Fort Worth, Gay Hilburn of Big Spring, Alva Shirley of Avoca, Marie Woodard of Roscoe and Net Eplen of Abilene.

Their colonial dresses of pink taffeta were styled with hoop skirts and their headdresses were of pink shattered carnations and maline. They carried fanshaped arrangements of Esther Reed daises.

WHAT A MAN!—Marian Negaard, in Chicago, Ill., is sitting on the two-story-high figure of Paul Bunyan at the Northwestern Railroad Fair. The giant animated figure moves its arms and head, and the lions move as if talking while records are played.

LOVELY VIEW FROM HERE—Pat Hall, seated, and Georgia Clancey add a lot to the view at Zuma Beach, Calif. Pat's two-piece swim-suit is done in a colorful plaid, with a flattering apron skirt atop the shirred trunks. Georgia wears a one-piece wool challis suit with strapless bodice and shirring at the sides of the trunks. Both suits are in vivid colors.

INDOOR FIREWORKS—Standing at the control board, Eugene Braun watches the fireworks he designed for New York's Radio City Music Hall. The display took two years to finish and is now complete with skyrocket, aerial bomb and colored waterfall.

CITY FISHING—Tenor Joseph Laderoute doesn't take his family far from home to go fishing. In New York's Central Park he shows his three-year-old son, Peter, some fine points of the game. Christopher, the dog, helps, too, by carrying the bait.

ERNIE PYLE'S RESTING PLACE—In this extinct volcano, near Honolulu, which was known to the ancient Hawaiians as the Hill of Sacrifice, the National Memorial Cemetery of the Pacific will be open to the public. On that occasion, the remains of beloved Ernie Pyle will be brought here for final resting place.

Gay Flower Beds Enhance Ranch House Appearance

Landscape planting about a house should be a decoration, carefully planned to enhance the beauty of the building, completing an attractive picture as it is viewed from the street.

When tall trees dwarf the house, and over-large shrubs and evergreens hide it, and prevent the occupants from seeing out of the windows, the planting has not achieved its purpose.

Examples of such failures are frequently given by modern one-story homes planted with the shrubs and evergreens.

Only low growing plants should be planted in front of low homes; and the brightly colored annuals of dwarf habit are widely accepted as the most suitable plants for this purpose.

Their color gives a welcome touch, and they leave the view from windows unobstructed. Seed may

be started early in seed-boxes indoors, and grown to a size suitable for transplanting by the time the soil can be prepared.

There are many varieties which will grow quickly from seed sown directly in the border where the plants are to grow, and they will bloom until freezing weather comes in the fall. Besides providing a decoration for the house, many annuals are suitable for cutting, to be used in the house.

Dwarf double French marigolds, for planting as shown in the illustration, come in tones of orange-yellow and maroon, with several two-tone blends of these colors.

Fragrant, dwarf nasturtiums, in various tones of red, orange and yellow, harmonize with the marigolds, and will make a striking frame of bright color to enhance the beauty of a ranch house of grey, blue, or brown.

Mr. and Mrs. W. E. Johnson, and baby, of Brownwood, visited here over the weekend with their parents, Mr. and Mrs. E. N. Strickland.

Mr. and Mrs. Sutton Crofts and the twins, Dot and Dash Crofts, have just returned from a delightful trip to Colorado along the Rio Grande River near Lake City; stopping at an ideal spot between Creede and Lake City. They were accompanied by four other families, one of which was the James Harvey family, of Lubbock, former Cisco residents. Friends will be glad to know that Mr.

Harvey has been promoted to the position of General Sales Manager for the J. M. Radford Grocery Company with headquarters in Abilene and will move his family there as soon as a residence can be secured.

Mrs. Homer Slicker and Mr. and Mrs. Joe Slicker had as visitors in their home over the weekend her daughters and sons-in-law, Mr. and Mrs. Coy Warren, and small daughter, Connie, of Midland, and Mr. and Mrs. Don Greaves, of Dallas.

Interior Modes... by René

Modern inventions bring modern problems—but all are quickly solved through the ingenuity of the nation's progressive engineers. The television alcove above provides the necessary soundproof retreat from favorite radio programs preferred by members of the family who won't desert airplane stars for the new home entertainment. Modernfold doors combine beauty and utility—folding like an accordion—yet meeting all building requirements with flame-proof coated fabric. Used both in remodeling and new home construction by leading interior decorators, the new folding doors or walls are available in 28 colors. This variety enables matching or harmonizing with all home furnishings or color schemes.

Bond Drive Theme—100 Years Transport

The prairie schooner, the airplane and that rugged servant of modern-day transport, the truck-trailer, are joined in today's Opportunity Savings Bond Drive, representing the century between the gold rush of 1849 and the Treasury Bond campaign of 1949. Prairie schooners took the '49'ers west to California when gold was found, but the airplane brought the old pioneer wagons to a network of cities where, mounted on Fruehauf trailers, powered by International truck-tractors, they are serving as a point-of-sale for Savings Bonds. Here is one of the 30 wagons mounted on a trailer with the plane in the background—another example of how air transport and motor transport are being linked to perform a multitude of hauling jobs requiring both utmost speed and utmost flexibility.

For the Men Who Succeed

... and for those who will some day succeed them, our suggestion is that they invest part of their earnings in real estate. Wise investments in real properties have yielded fortunes to many people. And those who succeed in this venture never gamble on the title. They buy only quality abstracts made by those who have themselves invested wisely—in their plant—in their personnel—and in their responsibility to the public.
