ASPHALT FIRE KILLS THREE—Three men were killed and eight others injured, some critically, in this fire at Perth Amboy, N.J. It resulted from the explosion of an asphalt storage tank and considerable damage was done to the \$500,000 refining company plant by the blaze which sent clouds of dense smoke over lower New York Bay.

Missionary To Brazil, Representing Cisco District, Will Speak Here

Rev. John Nelson Betts of Brazil will speak three times Sunday in the Cisco District of Methodist Churches, according to an announcement today by Rev. Oran Stephens, district superintendent.

Sunday at the regular morning services of the Methodist Church in Cross Plains, Rev. Betts will be the speaker and at 2:30 p. m. he will address a mass meeting of Methodists in the First Methodist Church in Cisco. Representatives from the

First Methodist Church and the Wesleyan Methodist Church of Cisco, and from Scranton, Rising Star, Putnam, Breckenridge, Eolian, Pisga, Gunsite, Caddo, Pecon, Eastland and Olden will be at the services here. Sunday night, Rev. Betts will speak at the First Methodist Church in Ranger.

Rev. Betts was selected by the Cisco District to represent them in the Brazilian mission field. He will be sponsored and supported by the district. He recently finished his education at SMU. His wife completed her education at the same time and will assist Mr. Betts with his work.

He was born in Brazil of missionary parents. He spent all his early life in Brazil and during World War II he served in the Brazilian Army. His brother served in the U. S. Navy. His wife is also of Methodist Missionary parents and is familiar with the work in Brazil.

On the night of August 9, Mr. Betts will be commissioned by Bishop W. C. Martin of Dallas. The ceremonies will be held in the First Methodist Church here and other cities in the district will send representatives to the services.

The public was cordially invited to attend the services of the church to hear Rev. Betts as he talks Sunday at 2:30 p. m. Dr. Claude P. Jones is the local minister.

Nathan Cliett Accepts Coleman Civic Position

Nathan Cliett, son of Mr. and Mrs. Oscar Cliett of Cisco, has accepted the office of secretary-manager of the Coleman Board of Community Development and has moved his family to Coleman from Abilene preparatory to assuming the duties of his office, it was reported here today.

Mr. Cliett is not new to Coleman, having lived there five years before being transferred to Abilene by the J. M. Radford Grocery Company. He was the manager of their Coleman office.

While in Coleman, Mr. Cliett was president of the Chamber of Commerce in 1946 and a director in 1947. He was secretary of the Kiwanis Club and was active in the affairs of the First Methodist Church.

He is a graduate of Cisco High School and the University of Texas. Mrs. Cliett was Miss Olene George of Brown County prior to her marriage to Mr. Cliett.

He will take over his new job on July 15 and will succeed N. T. Underwood who recently resigned to take over other duties.

Warning Issued On Check Swindler

City police today cautioned Cisco merchants and business establishments of the actions of a woman swindler, reported to have recently passed fraudulent checks in Seymour. Reports indicated she was headed for Eastland County and vicinity.

In a statewide bulletin, police described her as being a well dressed woman - between the ages of 30 and 35, 5 feet, 2 inches tall, and weighing about 125 pounds.

Police said she usually passes worthless checks, in the amount of \$30.00 or more, to grocery stores in her rounds and has used a number of aliases, never the same.

From past reports, police said she apparently had been familiar with merchants whom she gave the checks, usually signed "by her husband" payable to her order.

Threat of Severe Insect Damages Faces Cotton Men

MEMPHIS, Tenn., July 8. — Threat of severe damage faces the 1949 cotton crop in several major producing areas, the National Cotton Council warned today. At the same time, the Council advised farmers to institute effective insect control measures as soon as infestation became high enough to warrant poisoning.

A number of southern states have reported high boll weevil incidence, in many cases the highest on record, the Council observes.

The Cotton Council is advising farmers to contact their county agents or vocational agriculture instructors for the latest insect control recommendations.

Dairy Program In Johnson County Praised After Tour by Dairymen

"What has worked in Johnson County can work in Eastland County," said B. A. Butler, manager of the Cisco Chamber of Commerce, after returning from a tour of Johnson County with a group of Eastland County dairymen and business leaders Thursday. They made the tour to study that county's youth dairy program.

The Johnson County plan to

further the dairy industry in the county was started in a small way two years ago and was designed to reach the farmer through the youths. A group of business men met and decided to insure the prosperity of the county by attempting to build up the dairy industry. They agreed to purchase a few registered Jerseys for distribution to club boys who were interest-

ed in dairying. "It has grown," said Butler, "until the group has given over 165 cows to club boys in the county."

"The seeds of the program have been sown among the boys and it has spread to their fathers. After two years the program has reached the goal set out by the original group. Under the plan a business man will give \$200 for a cow to be given a boy. The first heifer calf goes back into the pool to perpetuate the program and the original cow becomes the property of the boy. But to hold possession the boy must adhere to certain rules regarding breeding and so forth."

The program serves two purposes, Butler pointed out. First, it builds up the dairy industry as insurance against depression and, second, it builds better boys. It keeps them interested in a program that will keep them on the farm and off the streets. It makes better farmers of them because, through a well mapped out plan, they are taught responsibilities and better methods of farming.

Twelve business men and dairymen made the tour and all were impressed by the possibilities of the plan for Eastland County.

Homeruns Feature Of Softball Games Thursday Night

Wild excitement, four home runs and a battle for the lead headlined last night's City Commercial League tilt at Chesley Field. Nevertheless, the Moran Red Shirts throwing off several mean looking rallies by the losers, rolled up a 10-4 win over a fighting Putnam nine.

Slated to play last night were the First Methodists and the First Baptist Blue Sox but a last minute change cancelled the Sunday School League meet.

Tonight's doubleheader will afford softball fans one of those rare thrills in shifty ball handling and hitting when arches, the Humble Oilers and the Cisco Night Schoolers, meet. The Oiler-School slambang will precede a Church League between the East Baptists and the First Methodists. Game time is 7:45 p. m.

The Moran-Putnam squabble started off like a gentle breeze, with the first two and a half innings going scoreless. But as Moran came to bat in the bottom of the third frame, Lummax, Red Shirt fielder, fired for a home run slam, bringing in Bills, who had gotten on with a single. Before the teams retired another circuit clout, by Cogdell, and a double sent the winners into a 4-0 lead.

In the fifth, Putnam tied the Shirts, 4-4. Two home runs, one by Bill Everett and the other by White, featured the scoring.

Moran, taking the advantage of several errors, roared home with five runs in the sixth and seventh before the game came to a climax. Lummax led the hitting for the winners.

Guest Organist To Be At First Methodist Church

Miss Mary Nell Hanks of Texas Wesleyan College, Fort Worth, will be the guest organist and Miss Billie Jean Hall will be the violinist at the services of the First Methodist Church Sunday, it was announced by Dr. Claude P. Jones, local minister.

Dr. Jones will speak on "The Great Gifts" at the morning services which begin at 10:50 a'clock.

He will also speak at the union services in the air conditioned auditorium of the First Presbyterian Church at 8 p. m. Sunday. The services are being held jointly by the First Methodists and the First Presbyterians.

At 2:30 p. m. at the First Methodist Church there will be a special introductory service for Rev. John Nelson Betts of Brazil. Rev. Betts is representing the Cisco District in the mission field.

Salt Deficiency Causes Trouble

AUSTIN, July 8. — A deficiency of salt in the human system can cause serious consequences, and for this reason Dr. Geo. W. Cox, State Health Officer, advises every person whose work is such that it causes excessive perspiration to add a pinch of ordinary table salt to each drink of water taken during the day.

Farmers, mechanics, carpenters, construction men and all others whose work causes them to sweat profusely are in danger of having their body salt content seriously depleted, and as a result may suffer from heat cramps or heat fag. Salt is a prominent constituent of sweat, and when the thermometer hits the high register, the human body may lose as much as 40 or 50 grams of salt during a single day.

In many industrial plants, workmen are furnished with and urged to take a tablet of pure salt or a mixture of salt and dextrose with each drink of water. Many find this a pleasant way of taking extra salt, but others prefer to add the needed amount of extra salt to their food and drink.

"Take your extra salt in any manner that is agreeable to you," says Dr. Cox, "but take it. Heat cramps are very painful and exhausting. They are characterized by cramps in the abdominal region, headache, and in severe cases there may be nausea and vomiting. Body salt losses occur without the knowledge of the individual until a deficiency exists; then the abdominal muscles begin to cramp."

According to the State Health Officer, it is a wise precaution to keep the body supplied with salt, and thus avoid much suffering and loss of time from heat cramps.

Franzes Eddie Atwood is visiting relatives at El Reno, Okla., this week.

LOCAL FIRE DEPARTMENT TO SEND REPRESENTATIVE TO SCHOOL AT A&M

The Cisco Fire Department plans to send at least one representative to A & M College where special developments in fighting gasoline and oil fires will be displayed and studied at the twentieth annual Firemen's Training School to be held July 11-15.

Six hundred firemen, marshals, inspectors, industry safety directors, and Armed Forces representatives are expected to attend the five-day school.

The school will be conducted through demonstrations. There will be no speeches. The school is the only one spending full time outside on practical demonstrations. It is the third oldest school of its kind in the United States, Iowa and Illinois being the two older ones. Thirty-eight states are now conducting such schools.

The school will be held under the auspices of the State Firemen's and Fire Marshal's Association and will be conducted by the Industrial Extension Service of A & M College in cooperation with the State Board of Vocational Education. H. R. Brayton of the Industrial Extension Service is in charge of local arrangements. The school is divided into the

Church Of Christ To Begin Gospel Meeting July 15

Wilburn C. Hill, Church of Christ minister of Sweetwater, will begin a series of gospel meetings at the local Church of Christ on July 15. The meetings will close Sunday, July 24.

Mr. Hill was in a meeting in Cisco last year and was called again this summer. He was minister of the Brownwood church for a number of years prior to moving to Sweetwater.

Services will begin each evening at 8 o'clock, Brooks Terry, local minister, announced. Morning services will be held beginning Monday, July 18, but the time has not been announced. Sunday morning Bible classes begin at 10 o'clock and the worship service will begin at 10:15 a. m.

Mr. Hill will conduct special young people's classes each evening prior to the regular services. The public was invited to attend the series of meetings.

Shallow Oil Found Near Pioneer Field

T. C. Shields and Paul Walker are drilling a shallow oil test on the Mrs. W. P. Armstrong tract, three miles north of Pioneer. Permit is for 500 feet with cable tools.

Location is 450 feet from the south and 1,050 from the east line of the Armstrong tract in the Yeiser survey of Eastland County. The well, a report disclosed, is scheduled for completion sometime this month.

TO PLAY SATURDAY

Those two "let's make-believe" softball teams — the Cisco Dirty Necks and the White Collar Workers — will meet again at Chesley Field Saturday night, at 7:45 p. m. There'll be no records to upset, just purely to entertain the fans, team managers have promised.

Firecracker Cause Of Fatal Burns To Eastland Boy

Burns sustained in an Independence Day holiday accident proved fatal to eight year old John Dee Harrison of Eastland, nephew of Mr. and Mrs. Robert Laird, of Cisco. The boy died Thursday in a Ranger hospital.

Funeral services were to be conducted sometime Friday at the Hamner Funeral Chapel in Eastland.

According to witnesses, John Dee, son of Mr. and Mrs. R. L. Harrison, was burned while shooting fire crackers in the back yard of his parents' home. An ignited fire cracker, which he tossed near a bucket of gasoline, caused the flaming fluid to shower his clothing, setting it afire.

An attending physician, summoned to the scene by the boy's mother, said at least two-thirds of the boy's body was burned. He was taken to the Ranger hospital where he died.

His death was the only fatal holiday accident reported in the county.

Morton Valley Oil Discovery Causes Mild Excitement

A factor contributing to renewed oil activity in this area is the production being encountered a mile and a half south of Morton Valley.

Bob Gilchrist of Wichita Falls, who drilled the first producer in that area, has completed a second well. Both producers are on the Durham and initial production of one was around 50 barrels with the other somewhat more. Possibilities are attractive in this area because of the shallow depth, the oil coming from the Strawn sand, which is noted for long-lived production.

Another sector active in this vicinity is near Frankell, likewise with two recent producers in the Strawn sand.

TO BEGIN OPERATIONS

Fifteen miles north of Cisco, Perdue & Hilgenberg of Breckenridge, are to drill to 1,700 feet for production in the No. 1 Myrtle J. Harrell. An outpost to production, it is 900 feet from the east and 165 from the south line of the south half of the southeast quarter of section 19, block H & TC survey. Permit is with rotary.

Sgt. Dennis D. King To Be Reburied In Oakwood Cemetery Here Sunday

Reburial services for Staff Sgt. Dennis D. King, 22, who was killed in action during a bombing mission over North Yugoslavia with the 15th Air Force in April, 1944, will be conducted at the Thomas Funeral Chapel at 4:30 p. m. on Sunday with Rev. Oran Stephens officiating. He will be assisted by Dr. Claude P. Jones. The funeral will be in the Oakwood cemetery.

Sgt. King's body was scheduled to arrive by train Saturday.

Farm-to-market Road Construction To Start

Construction work on a farm-to-market road from Cross Plains to Cottonwood has been tentatively scheduled to begin August 1, Texas Highway Department officials have advised Callahan County authorities.

All easements for right of way widening have been completed and approved" by the highway officials. The road will be built with the precinct paying 75 per cent of the cost. Engineering work will be furnished by the state at no cost to the precinct.

CRITICALLY ILL

A. M. Freeman, pioneer resident here, was reported in a critical condition at the home of his daughter, Mrs. Glenn Hedleston, of Eastland. He has been confined to bed for the past three months.

Council Group Four With Mrs. Betty Dill

Mrs. Betty Dill was hostess Wednesday afternoon, when Council Group Four of Women's Council of First Christian Church met in her home for the regular meeting. The meeting was opened with prayer by Mrs. Charlotte Overall, chairman.

The devotion "Why I Know There Is A God" was presented by the hostess, following which Mrs. Nell Denton told a true story of a boy in service in Japan paying the tuition of a Japanese boy who is attending school in America.

During the business session, membership roll and minutes of the previous meeting were read by Mrs. Mabel Fletcher. The treasurer's report was made by Mrs. Nell Denton and other routine affairs were looked after. The meeting was closed by all joining in the missionary benediction.

Refreshments were passed during the social hour which followed, to Mesdames: Charlotte Overall, Dureen McCracken, Alice Morrison, Nell Denton, Mabel Fletcher and the hostess, Betty Dill.

Reunion And Picnic Enjoyed By Group

Mr. and Mrs. Buddy Dolgener were hosts Saturday evening, July 2nd to a group of their friends who met in their home, on Avenue N, for a nice

picnic supper. The supper was spread on tables which were placed on the spacious, well-lighted lawn.

The occasion was a very happy one, especially for the ladies of the group, as it was the first gathering together in ten years. Some of them had gone from West Ward through high school together.

Those present were Mr. and Mrs. Max Anderson and daughters, De Anna, Dena, and Darlene of San Diego, California; Mrs. B. C. Peters and sons, Charles and Kenneth, of Hood Village; Mrs. Durward McClelland and children, Sharon and Jay Lynn, of Houston; Mrs. Stedman Strickland and son, Jerry Don, of Truscott Texas; Mr. and Mrs. C. L. Lewis of Fort Worth; Mrs. Ted Kiper and sons, Ted and James; Mrs. Marguerite Pittman and son, Garry, of Cisco; Rudolph Dolgener and the hosts, Mr. and Mrs. Buddy Dolgener, and son, Bobbie and Jimmie.

GETTING THE JOB DONE —

... is a good answer to the student's question, "What is success?" The same answer will serve for the rest of us who operate a business, engage in a profession, or those who work for others. The division line between success and failure is drawn at this point. This is what the banker the real estate broker or the lawyer does when he closes a real estate sale and sees that his client has a good title based on an abstract of title.
