Exploration Crews Testing Area North and West of Cisco

Some 20 employees of the Independent Exploration Company moved into Cisco during the past few days and are engaged in geological survey work on several thousand acres of land in this area under lease to the McElroy Ranch Company, according to information here Saturday. The company's leases are located in three or more counties around Cisco.

The 20 workers compose four crews — operating four separate pieces of geological testing equipment. They have offices over the Moore Drug Store and in the Crawford Building.

The Crawford Building office has been open for the past two months, while the Moore Building offices were opened last week. The new crews are under the direction of Mr. Johnson. This group came to Cisco from Breckenridge and according to reports, the shooting program in this area may require about two years for completion.

The Ranch Company was active in the Eastland County area for several months during the early days of the Kleiner pool. Through their representatives in Cisco, R. A. Bearman and Jim Flourney, they acquired leases on thousands of acres of land in this region.

New Lions Club Prexy Is Active In Club Affairs

Jay Garrett, who took over as president of the Cisco Lions Club at the meeting on July 7, has been active in Lions and civic affairs here since became a club member in 1943.

He has served on the board of directors for three years; he served one term as tail twister, one year as song leader and a year as vice president.

Garrett was transferred to Cisco on January 1, 1942, from Baytown by the West Texas Utilities Company and has been in the sales department since that time. At the present time he is assistant sales manager of the Cisco District. He has been with the company since 1939.

Garrett has been active in the civic affairs of the community and is an active member of the First Christian Church where he is choir director and past superintendent of the Sunday School.

A sports fan, he serves as announcer for most of the football games and some of the softball contests. He is always ready to be a part of any civic undertaking.

Garrett has been an active member of the Cisco Volunteer Fire Department since 1943, assists with all conventions and is frequently called upon to serve as master of ceremonies at banquets.

He lives at 408 West 7th Street with his attractive wife, Jane, and an eight year old son, Budgie, and a two year old daughter, Judy.

His hobby is fishing and he is one of the most successful of local nimrods. He mixes up his fishing — sometimes casting, sometimes "nigger fishing," and sometimes using trot-lines and nets.

Jay is enthusiastic about his job as the Lions' boss man. And Lions appear to be happy with their choice of a leader.

C. J. C. Night School Team Drubs Humble Oilers 7-6 Friday Night

Records and team standings toppled last night at Chesley Field when the Cisco Night Schoolers squeezed a 7-6 win from the Commercial League big boys, the Humble Oilers. A better than average crowd

saw the upset. In another game, the First Methodists felt the sting of the East Baptists as the latter ran up a 12-1 triumph.

Night Schooler Roy Cozart, first man up, started the scoring spree, and before their stand at the bat had closed out, the victors had banged in four tallies. Cozart singled, Goff doubled, both scored on a double by Bailey. Bailey then patted the platter after Davis doubled in left field. Tipton, sixth batter up, sacrificed and Davis tallied.

Walks by Don Johnson, Turner, Russell Johnson and Callahan, who later scored, brought the Oilers to a 4-4 tie. Burrows, on the hill for the Schoolers, was replaced by Delmer Childers before the first inning came to a close, and he put the next three batters down.

In the fourth, with two men gone, lanky J. V. Heyser got aboard on an error, took second and third on pass balls, and rushed to the plate for the Schoolers' tie-breaking run.

Another Schooler tally nudged the score when Ed Brown, left fielder, got on via the base on balls route and later scored. Action in the seventh grew fast and furious. Schooler Stormy Davis, who had been one of Cumba's strike-out victims earlier, leveled off and slammed a home-run knock against the 1st field fence. That put the score 7-4 for the winners.

The 7th inning, in its closing minutes, saw the Oilers shake up a much needed rally, paying off for two runs. But then Childers put a stop to further scoring and that was the game.

Check Artist Is Being Sought By Local Officers

An alleged check swindler was being sought this week after a local dry goods store reported that a check he had given was returned without being paid.

The check was issued on the Citizens National Bank, Abilene against the account of A. J. Harris Construction Co., of Abilene. It was made payable to Jim Masterson and endorsed by him. The returned check bore the notation: "no account."

A check with Abilene officials revealed that there was no Harris Construction Company in Abilene. The signature on the check and the endorsement appeared to be in the same handwriting. The check was written in ink and was in the amount of \$67.20.

No Business Recession In Prospect For Cisco, Local Merchants Believe

Cisco businessmen are not looking for any serious recession in business this year or any other year, but all will admit that better prospects for buyers were not expected before 1950, according to a recent survey.

In most cases business houses here experienced increased sales volume, above normal, over the three day Independence Day one year ago. And, businessmen pointed out, the Fourth came on Sunday of last year, giving merchants three days of steady pre-holiday sales.

One Cisco department store manager reported sales for the holiday period, with Saturday only, were as much as 37 per

cent more than the same last year. "Do I think we're going to have a slack in business?" he questioned. "Not if we continue working and using our heads."

Another merchant believes business will hold up under the pressure of unemployment, "and things should look better to us by 1950," he said. He reported a slight increase in sales, but only in varied departments.

As a whole, business in Cisco, despite decreasing oil activity in the immediate vicinity, is as good as before, many of the merchants said. Rains, which fell in May and June, aided business conditions in Eastland County, and merchants are anticipating a sharp jump in installment buying after peanuts and other crops are in.

Rev. Stuart Rohre To Speak At First Presbyterian

Rev. Stuart McC. Rohre will speak at the morning service of the First Presbyterian Church today, using as his subject: "Called to be Witnesses." He reminded members that a meeting would be held at the close of the morning worship services for the purpose of asking officers and members to concur with him in asking the Presbytery to dissolve the pastoral relationship.

Rev. Rohre also reminded local citizens to tune in to Radio Station WFAA, 820, at 7:30 a. m. Sunday to hear Rev. W. A. Alexander talk on the topic, "Walking in the Light." This is the Sunday morning worship service recorded at the 1949 general assembly in Montreat, North Carolina. Music for the program was furnished by the great congregation of delegates to the meeting and by the choir of Montreat College.

The union services which have been held on the lawn of the First Presbyterian Church each Sunday evening at 8 o'clock will be held in the air conditioned auditorium of the church building, it was announced. The move was made because of the insects. Dr. Claude P. Jones will make the talk at the union services.

SIX LOCAL MERCHANTS VICTIMIZED BY SLICK SWINDLER LATE FRIDAY

Mrs. Lucille Huffmyer, secretary-manager of the Merchants Credit Association, Saturday issued a warning against accepting checks from persons not known to merchants or without proper identification. The warning was issued after six local merchants found themselves the victim of a slick swindler Friday.

The man, described as about 30 years of age, six feet tall, heavy built, dark complexioned with big eyes, signed the checks as Lewis R. Whitt and said that he was an employee of Gray Drilling Company. He was registered at the Victor Hotel but left there at the request of the management, after paying his bill.

Former Scranton Man Is Buried Saturday

Funeral services were held in the Scranton Baptist Church at 3 p. m. Saturday for Ervin (D) Bandy, 77 year old retired farmer, who died at Abilene Friday.

Mr. Bandy had lived in Abilene at 1206 Plum for the past five years.

Rev. C. O. McIntyre and Rev. Orville Reese conducted the services which were under the direction of Thomas Funeral Home of Cisco. Burial was in the Scranton Cemetery.

He was born in 1876 and was a farmer in the Scranton community for many years. His wife died on February 2, 1944.

Mr. Bandy had few known relatives. He is survived by a nephew, Ervin Chandler of San Angelo and a step sister, whose residence is unknown.

Mrs. Bandy was a sister of Mrs. Ben Cozart of the Scranton community.

He was traced to the bus station where he purchased a ticket to Fort Worth where it was thought he had a sister. He left the bus in Eastland and attempted to sell a watch he had purchased from a local jeweler with a bad check.

The man was said to be wanted by Abilene police on charges of swindle.

He waited until most business houses were closed to begin his operations. He purchased a cup of coffee from one merchant who cashed his check.

Victims of the man included a jeweler, \$27.50; a drug store, \$33.90; a news stand, \$6.50; a dry goods and clothing store, \$25.00; one cafe, \$25.00; and another cafe a small amount.

West Brothers To Drill Wildcat Test

West Brothers and Associates of Putnam were drilling on their No. 1 Fry, located five miles south and a little west of Putnam. The well is in wildcat territory and much interest is being shown in the developments.

The well is located 2,000 feet west of the east line and 500 feet north of the south line of section 316 S. P. Railroad Survey.

Plans call for an attempt at the Swastika Sand which will be from 660 to 670 feet.

Good Buy - all around

FRIENDS gather, look over that long bonnet and wish they had as much Fireball life as you have here.

They size up the broad windshield and narrow corner posts—and don't have to be told how these things step up "see-power."

They appraise the smart styling, the roomy interiors, the usability of luggage space—and agree you've made a buy.

But don't stop, please, with letting them look. Invite them in and introduce them to some of the special pleasures you'll know as a Buick owner.

Show them, for instance, how completely different Dynaflo Drive is, with every mile cushioned by flowing oil and none of the rigid harshness of direct-drive cars.

Let them sample the matchless Buick ride, with all four wheels cradled on soft, coil springs and low-pressure tires made still easier-riding by extra-wide rims.

Standard on ROADMASTER, optional at extra cost on SUPER models.

Point out how solid this Buick feels. That's what you get from husky frames, low-sprung weight, and power delivered through a torque-tube instead of the rear springs.

For the truth is, this Buick's a bargain on much, much more than you can see.

It's a big buy on the solid goodness a demonstration quickly makes plain. On increasingly favorable delivery dates. On attractive price. On the kind of "deal" your Buick dealer makes.

That's why we keep saying "Better see your Buick dealer—and get that order in promptly!"

BUICK alone has all these features

AND NEWS OF INTEREST TO WOMEN

MARY JO FAULKNER, CHARLES ELLIS MARRY IN KILGORE CHURCH JUNE 26

Miss Mary Jo Faulkner, daughter of Mr. and Mrs. J. Faulkner of Kilgore and Mr. Charles F. Ellis, son of Mr. and Mrs. C. W. Ellis, of Cisco, were united in marriage on June 26 in a double ring ceremony at a central Christian Church of Kilgore. Dr. Paul Wassenech, rector of the Christian Bible church at the University of Texas, assisted by Rev. Albert N. Jones, pastor of the church, officiated.

Preceding the ceremony, Miss Shirley Jo Ray, of Austin, played a program of pre-nuptial music and accompanied her sister, Miss Janice Ray, who sang "Love You Truly," "With This Ring" and "The Lord's Prayer." Tall white tapers placed at each side of the altar were lighted by Sara Ellis, sister of the groom, and Shirley Baker, cousin of the bride. They wore formal dresses in the bride's chosen colors of blue and pink.

The altar was banked with green and ivory gladioli. The wedding party stood before an arch entwined with lace fern and shasta daisies.

The bride, given in marriage by her father, wore an ivory satin gown designed by the maid of honor. The skirt was finished with a flat fold sash at the waist which was draped in the back to form a cathedral length train.

Long fitted sleeves terminated in points over the hands. The V-shaped neckline was edged with seed pearls. A matching band of pearls edged the halo of ivory satin, holding in place the finger tip illusion.

She wore a gold heirloom bracelet belonging to her mother and a strand of pearls, gift of the groom. She carried an ivory bouquet of calla lilies.

Miss Ruby May Faulkner, sister of the bride, was maid of honor, and Miss Louise Dozier of Mrs. Bill Gandy of Longview, were bridesmaids.

They wore identical satin dresses made similar to the bride's in the colors of pink and blue and yellow and were finished with illusion yokes and off the shoulder necklines. They wore hats of ruffled illusion and hand-crocheted mitts and carried matching baskets, filled with flowers matching their costumes.

The bride's mother was groomed in a lilac crepe formal corsage of gardenias. The

groom's mother wore a turquoise blue formal dress accented with sequins. Her accessories were pink and her corsage was pink carnations.

Cordon Cooper, of Eastland, was best man and Groomsman were James Reid and Wyndle Armstrong, also of Eastland. Ushers were Billy Kenney of Decatur and Jack Roper of Fort Worth.

Following the wedding a reception was held in the home of the bride's parents. Guests were received by the bridal party. Miss Sara Ellis presided at the bride's book.

The bride's table, laid with lace cloth, was centered with a four-tier wedding cake, decorated with white roses and wedding bells and topped with a miniature bride and groom. Miss Ruby Faulkner served the cake and Mrs. Grady ladled the frosted punch. Table decorations were white candles spiraled in crystal holders and an arrangement of daisies and gladioli.

For her wedding trip to Colorado Springs, Mrs. Ellis wore a pink light weight wool suit with blue accessories and a baby blue chrysanthemum corsage.

The bride was graduate from Kilgore High School, Kilgore College and the University of Texas, where she majored in sociology. She was formerly employe by the Business Department at the University.

Mr. Ellis graduated from Eastland High School and the University of Texas; where he majored in petroleum engineering. He is employed by the Continental Oil Company in Big Spring where he and his bride will be at home on July 7.

Among out-of-town guests there for the wedding were Mrs. G. D. Holbrook of Austin; Mrs. W. S. Poe and Mrs. Frances Cooper, Eastland; Roland McFarlane, Harold Justice of Eastland; Mr. and Mrs. B. C. Todd and James, Mrs. H. N. Roberts Mr. and Mrs. Billy Johnson, Jimmy Leake, Longview.

News received by Mrs. James Haynie Saturday from Mrs. Kenneth Hilburn, the former Miss Mary Elizabeth Wright, reported that her husband who is in a government hospital in Denver, Colo., is now much improved.

A PENNY-- for your thoughts

A bigger bargain you couldn't seek— A penny tells time for about a week!

Here's the answer to a housewife's wishes— One penny will wash six loads of dishes!

Four pennies a year for Father's shaving! Can you imagine a greater saving?

OF COURSE, IT'S Electric!

Yes, even the lowly penny can buy you a lot of convenience and service—when you spend it for electric service. For there's plenty of penny wisdom in living the electric way—easily, comfortably, healthfully. Though electric service is just about the smallest item in your family budget, what else does so much—for so little?

SHORT OF CHIPS?

Then There's Plenty To Do If You Want To Vacation At Home

BY JIM EWELL, JR.

Ciscoans, and there may be a few who find themselves unable to afford a summer vacation in the Colorado mountains or a sightseeing trip through Yellowstone National Park, should not be dismayed, for a survey of recreational facilities around Cisco are adequate enough for fine entertainment.

Lake, for instance, Cisco's dragon shaped lake, just beaming with sizeable fish (if you can catch them), the giant swimming pool and the picnic park, completely remodeled to afford vacationers with the best in out-of-doors accommodations.

Now, according to this survey, there are at least a half a dozen recreational spots in Cisco that these "stay at home" vacationers can enjoy. That is, so to speak, for the remainder of the summer months, and even then a great percentage of them are operated year around.

Among the summer day diversions are swimming, boating, fishing, picnicking, softball, skating, golfing movies and bowling, just to name a few.

Perhaps fishing at Lake Cisco is one of the top recreational pastimes in the city, where fish weighing as much as 65 pounds and more have been caught by local and visiting anglers. Hundreds of anglers, from as far away states as New York and Illinois, come to Cisco solely to spend a week's vacation fishing and basking in the sun. Besides Lake Cisco, there is Lake Bonnie, where good fishing is a certainty.

Among the amateur summer sports, under the sponsorship of the ABC Club, is softball, now being into its second year as an all-city recreational program. About one hundred and fifty players take part each year in

one of two leagues. In this summer feature, softball is at its best when the annual tournament is held at the beginning of August, or at the close of play between the leagues.

Swimming at Lake Cisco's spacious pool has long been a favorite recreational spot for thousands of West Texans as well as home folks. Now a top rate pool, complete swimming facilities are offered to "water fans" like, for instance, the 44-foot diving tower, two beach attached diving boards and healthful relaxation.

Whether many Ciscoans know it or not, this city has one of the finest golf course lay-outs in this section of the state which merits much praise for its well-kept greens and lawns. A 36-par course, much activity is carried on during the summer months by local golfers and the annual tournament draws much state-wide publicity. The golf course is situated near the lake.

Roller-skating enthusiasts can enjoy a good night's skating at the Lake Cisco Roller Rink which is opened to the public every night.

Last, but not least, is picnicking in the oak tree infested park near the swimming pool. Each year hundreds of picnickers can enjoy a wide range of recreational pastimes. The park has a small carnival for the kiddies and grown-ups are in for a real time playing miniature golf, which is located in the park area.

Honolulu claims its highest temperature in the past 56 years was ninety degrees Fahrenheit, reached in 1891, and its lowest was fifty-two degrees, which occurred in 1902.

First Gasoline Tractor

Once around and then to bed was the last "pull" for the first gasoline-driven tractor ever built in the United States. The 19,000 pound agricultural mechanical giant shown above, the Oliver-Hart-Parr, was recently presented to The Farmers' Museum of Cooperstown, New York. Built in the winter of 1902-03 by Hart and Parr at Charles City, Iowa, the tractor has two horizontal cylinders. Gasoline is ignited through a spark and break ignition system. Oil circulating through the huge slack acts as a coolant. Since no spark plugs are used, a 1,000 pound flywheel is used to keep pistons in motion during misfiring. After making the "final run" . . . pulling the ancient O-TE-SA-GA Omnibus carrying visiting 4H Club girls . . . the Oliver-Hart-Parr was assigned an honor spot in the Cooperstown Farmers' Museum Hall of Fame.

Coleman Busy On Rodeo Plans

COLEMAN, July 9. — This city in Central West Texas plays host to one of the year's top Rodeo crowds when the 12th annual Coleman Rodeo opens its gates Wednesday night, July 13th, for a four day day show. The show this year will feature the same rodeo stock as did the show last year that was furnished by the Triangle Bell Ranch. Last year's show caused lots of favorable comment from rodeo fans from all over the state. For four nights, July 13th, 14th, 15th and 16th, the \$65,000 Coleman Rodeo Association Ar-

ena will be packed with an audience of thrill hungry rodeo fans who are assured of a top flight show. Five big rodeo events, the colorful Girl's flag race which was originated in Coleman many years ago, specialty acts and a special match roping between two top ropers will make up the program for this show and which will be unsurpassed in the entire Southwest. The program this year will

open Wednesday afternoon with the traditional Rodeo parade at 5:30, lead by Sam Cobb, Rodeo president. This parade each year is truly a spectacle to behold as it is always about two miles long and features "West Texas cowboys, cowgirls and children by the score on their favorite mounts. This parade each afternoon with all of its color puts the crowd in the proper spirit to enjoy this rodeo in the evenings.
