PUTNAM WINS FROM BAPTISTS ON BIG SIXTH INNING HITTING SPREE

An improved Putnam softball nine took command of the game in the sixth inning and fastened a 7-5 defeat on the hit hungry First Baptists last night at ABC Park. A slim crowd saw the upset.

In the seventh, Putnam failed to produce a hitting spree and opposing pitcher James McGowan took his toll of the batters. With one batting remaining to clinch the win, good fielding on Putnam's part sent the Baptists reeling back. First up was Smith who grounded out to the

veteran's Readjustment Allowance Act Explained By Texas Commission.

A big question running around in the minds of some 880,000 Texas World War II veterans right now is "What happened to my readjustment allowance payments after July 25, 1949?" They ask themselves this question because at one time or another they have heard from various sources that the 52-20 Club is no more. This is not true in all instances.

Now let's take the case of the veteran who is discharged after July 25, 1947.

Veterans who enlisted or re-enlisted between October 6, 1945 and October 5, 1946, under the Armed Forces Voluntary Recruitment Act of 1945 are not eligible to receive allowances for any week beginning later than two years after the date of their discharge from that period of enlistment or re-enlistment. For example, take the case of a veteran who enlisted on October 10, 1945 for a three-year hitch and was discharged October 9, 1948. He would not be eligible to receive allowances for any week commencing later than October 9, 1950. It should be pointed out, however, that if the veteran was discharged on or after July 25, 1950, he still would be eligible to receive allowances for any week beginning not later than two years after the date of his discharge. This particular veteran would not be affected by the July 25, 1952 provision referred to later.

Veterans who were discharged after July 25, 1947, and did not enlist or re-enlist under the Voluntary Recruitment Act of 1945, are not eligible to receive allowances for any week which begins later than two years from the date of his discharge, or which begins after July 25, 1952 whichever occurs first.

Eastland Man Loses In Roping Contest

Breckenridge's Byrl Hittson snatched the win over Sig Faircloth of Eastland in a matched roping exhibition contest Wednesday at the Eastland County Roping Club grounds east of Eastland. More than 1000 persons attended.

Roping five calves each, Hittson had an average of 20.25 seconds and a total time of 100.01 seconds. Faircloth's average was 51 seconds, for a total time of 200.55 seconds. The Eastland contender lost out in several instances when his mount refused to perform suitably.

According to reports, two of Central Texas' best ropers will meet in contests slated Thursday night at the country club's roping grounds. Wednesday night marked the third time Faircloth and Hittson have met this summer in roping contests.

Eight Of Areas Leading Teams Have Entered

Officials of the ABC Club announced Saturday that everything was in readiness for the second annual Cisco Invitational Softball Tournament which is scheduled to get underway under the lights of the club's softball diamond at Chester Field at 7:45 p. m. Monday. The play will run through Saturday with no games being scheduled for Wednesday night.

Tournament chairman Glenn Boyd said Saturday that eight teams had entered to compete for three cash prize awards. A prize of \$150 will be presented to the first place winner in addition to a bronze trophy, \$100 will be given second place and \$50 to third place winners.

Since the tournament has been limited to one week, double-headers will be played on Monday and Tuesday nights, finishing with single bills Thursday and Friday, Boyd said. Semifinals will be staged Friday and finals Saturday.

Teams entering include the Cisco Night Schoolers, the Scranton Plowboys, Moran's Red Shirts, Eastland's King Ford and King Tractor, Rising Star, Baird, and Breckenridge.

An entrance fee of \$15 per team has been charged by the ABC Club Softball committee. Admission price for tournament spectators has been set at 25c, Boyd said. Proceeds from this tournament will be used to improve athletic programs in Cisco.

E. L. Jackson, umpire-in-chief, will head the umpire crews during the five day tournament. The umpire list will include Smitty Huestis, Bill Valentine, Chief Warden and others.

Already ground attendants, under the direction of chairman H. O. (Andy) Anderson, have been setting up additional seating facilities to accommodate an anticipated capacity audience. In addition to the two bleachers, benches will be lined along the protective wire netting.

The games will be played under 32 250-watt lights, supposedly the finest lighted field in this section of the state, according to Anderson. At the present, attendants are reworking the in-field playing field, and softball committee members said Saturday that the field, which covers an area of approximately 750 yards, would be in "extra fine shape for the games."

The importance of the tournament for Cisco athletics was stressed by club president M. F. Underwood.

"The success of this tournament may determine the outcome of athletics in Cisco. The directors feel assured of its success," he said.

Sound system for pre-game advertising will be furnished by the McCauley Tire and Supply Company.

LOOPHOLES In The Law

By WILL WILSON

District Attorney, Dallas County (Editor's Note: This is one of a series of short case histories, all taken from court records, showing how legal loopholes often enable criminals to escape punishment in Texas. Will Wilson, of Dallas, is chairman of a special steering committee of the State Bar, which is working for revision of the antiquated Criminal Code and Code of Criminal Procedure in order to eliminate these loopholes.)

Old John had a little money saved up and was a kindly old fellow. When Slicker Pete came along with a hard luck story, Old John lent him a hundred dollars. It would be for just a few days, Slicker Pete said. He promised to pay Old John back at the end of the week. Sure enough, when the week ended, Pete wrote out a check to the old gentleman.

But when Old John went to cash the check, he found that Pete not only did not have a hundred dollars in the bank — he didn't even have an account there. It was a worthless check, pure and simple, given willfully and intentionally.

But when Slicker Pete was arrested and then prosecuted for passing a worthless check, he was acquitted.

WHY? The laws of Texas require that for a person to be found guilty of passing a "hot check" he must have received something of value AT THE TIME the check was given.

Pete had received the "something of value" — that is, the hundred dollars — several days before he gave Old John the check.

ALL BUSINESS IS LOCAL--

That's a slogan adopted by a large organization of business men — men who are banded together for the purpose of promoting better business.

The more you look at it, the easier it is to see that all business really is local. And, if you consider all the angles, it is not difficult to see just how important it is to trade at home — to keep our own business local.

Your progress and prosperity depend to a very great extent on the welfare of your friends and neighbors. Trading at home keeps local money and business at home — where you will have a better chance to reap more benefits.

All business is local — don't ever forget it.

Mrs. O. C. Lomax, Mrs. Roy Huffmyer, Mrs. Nick Nicholas, Mrs. Oliver Thomas, Mrs. Rex Moore, Mrs. J. D. White, Mrs. E. L. Jackson and Mrs. J. D. Hall were hostesses for a miscellaneous shower Tuesday night given in the Lomax home honoring Miss Doris Thomas, bride-elect, whose engagement and approaching marriage to Robert Fred Hintz were recently announced by her parents.

## Mrs. Charles White Presented Surprise Shower Wednesday

in the background, composed of Mrs. O. C. Lomax, Mrs. Standlee McCracken, Mrs. Wm. Joyner, Miss Wanda Joyner and a number of telephone employes. The gifts had been brought by her friends for the pleasant high-noon shower. Approximately 40 nice gifts were presented to the honoree.

## Cotton Support Will Be 27.23 Cents Per Pound

WASHINGTON, August 4. — The Agriculture Department announced Friday that it will support grower prices of the 1947

cotton crop at a base rate of 27.23 cents per pound.

The rate is the average for 3/8 inch middling cotton, on a gross weight basis.

The rates for 15-16 inch middling, the grade and staple used by the cotton markets for determining price differentials, will average 29.43 cents per pound.

The department is required by law to support prices at 90 percent of the August 1 parity price of cotton. This parity price

was calculated to be 30.38 cents for 15-16 inch cotton, or the same as reported earlier in July. Last year's support price was 28.79 cents for 3/8 middling and 37.74 cents for 15-16 middling.

Cotton will be supported by loans to growers on supplies stored in acceptable warehouses.

## Taft Scores Heavy Deficit Spending

WASHINGTON, August 4. — Senator Taft gave out with the following on high taxes: "Taxes are now so high in the United States that the American people work on the average, of more than one day out of every four for their government."

The Ohio republican asserts that there is little doubt that Americans are becoming increasingly concerned over huge gov-

ernment spending and are asking for some form of tax relief. "Excessive taxation is as certain as any other evil he warns. Taft declares that national tax burden increases prices for all consumers, an incentive of individuals discourages those who want to start a new business and new jobs. "We have come to a point where we must determine the limit of our tax burden then cut our expenses to our income and pay some of our public debt."

## YOU WHO OWN PROPERTY —

... and have never filed the deed at the County Clerk's Office should do so at once for your own protection and safety. Especially is this true if you bought tax titles at sheriff's sale after June 23, 1947. On and after that date the redemption period does not start until the filing of the deed and the former owner in any event has two years to exercise his right of redemption. Any kind of recordable instruments should be filed promptly.
