### The Gay Philosopher

ONE OF THE most delightful ffairs we've attended in a good ermelon feast last night at Cisco unior College. Just about all of the 450 night school students were on hand along with a nice rowd of business men and civic leaders. The party marked the eginning of summer vacation or the veterans.

SCHOOL BEGINS again out on the Hill on Sept. 5 and prospects are mighty bright for an prollment of 500. Enrolled for example. next semester's 454 tudents, and new faces are wing up daily. The growth of the school has been remarkable and the student body represents just about every town n this region of West Texas.

THE COLLEGE means a very reat deal to Cisco. In fact, it the city's largest payroll. For rample, next semester's 454 udents (if no more enroll) will draw subsistence checks totaling \$40,940 per month. You can add to that the school's payroll plus tuition fees of \$150 each per semester paid by the govrnment. A pretty big business, don't you think?

BEFORE THE watermelons were brought out Stanley Webb presided for a session by Ray udia's orchestra. And the muc was swell. Playing in the and were Judia, Al Anderson, Gerald Parks, Mrs. Stanley Webb, R. D. Weeks, and Gene

IT'S TIME TO plant your Thanksgiving pumpkins, reports Mrs. J. V. Heyser. And she brought us a jar full of a special kind of pumpkins she grows. She reports that one or two of the large pumpkins will make enough pie for a family of four for both Thanksgiving and the Christmas dinner plus a few Sunday dinners in between. We will plant them and report later on the results.

WHEELING AWAY-The "Anything On Wheels Derby," held in New York for the sity's young speed merchants, brought out an amazing collection of vehicles. This event, for scooters, was highlighted by several spills, such as the one the youth in the rear is taking. These contraptions are made from boxes and lengths of planks, with roller skate wheels supplying the locomotion. There were other events for other types of vehicles in the derby, which was sponsored by the Children's Aid Society of the city.

A warning that a socialized a "founder's day" program and medicine program that Congress will honor all living charter not is considering would be both members. expensive and disappointing in many ways was sounded by Dr. W. F. Cowan, Eastland, in a talk the weekly luncheon meeting of the Cisco Lions Club at noon

Dr. Cowan pointed out that the program as proposed by Truman appeared to have little liklihood of passing, but that legislators are endeavoring to make parts of it into law by adding amendments to important legislation.

Competent authorities have estimated that the cost of such a program would be from 3 to 10 per cent of every person's income. Dr. Cowan pointed out that in New Zealand, where the program has been underway for several years, the costs have reached 40 percent of the total gov-

"We would have another 1, 500,000 people on the federal payroll under socialized medicine," Dr. Cowan said.

Under the plan, everyone would be assigned to a doctor for medical care, leaving r choice of physicians to the individual. Dr. Cowan doubted if this would work out satisfactor iy, "as long as you and I want the privilege of choosing our own doctors."

He cautioned that the program would virtually halt important medical research. He predicted that many doctors would choose another profession rather than work under such a program.

Dr. Cowan was introduced by Dr. Erwin Addy. Visitors at the luncheon included Dick Anderson, Charles Knight of Fort Worth and L. A. Harrison, Tex-
