C. S. Surles Dies Suddenly Today While Returning From Fishing Trip

Word was received in Cisco at 11 a. m. today of the sudden death of C. S. Surles, local Real Estate and Insurance agent, who died after suffering a heart attack while returning to Cisco from a fishing trip to Possum Kingdom Lake.

Mr. Surles, accompanied by Joe Coats of Cisco, left the lake early today for home and as they neared Santo he was suddenly stricken. He was dead before aid could be reached. Thomas Funeral Home was called to transport the body to Cisco.

Mr. Surles, 62, was born near Putnam and had lived in the local area all his life. He moved to Cisco in 1922 and entered the Insurance and Real Estate business approximately six years ago.

He recently recovered from a serious illness and had been at work only a few days. Funeral arrangements were incomplete, awaiting arrival of relatives. It was believed services would be held sometime Thursday.

Survivors include his wife, two sons and two daughters. The sons are Wendel Surles of Dallas and Major Donald Surles of Topeka, Kansas. The daughters are Mrs. Adrian Allen and Mrs. Doris Cunningham.

Mr. Glen McNatt, Field Representative of the Abilene Office of the Social Security Administration, will be in Cisco at the Post Office at 2:00 p. m. on Thursday, August 25. Any persons wishing assistance with retirement or death claims under the Social Security Act are invited to call to see Mr. McNatt at that time.

In a statement made today, Mr. McNatt urged all workers to check at intervals on their social security accounts. If this is done, each worker will be sure that he receives credit for all wages he earns. The social Security Administration takes every precaution to insure the accuracy of the records, but faulty reporting by employers still gives some trouble. Most errors in reports are due to mistakes in the worker's name or account number, or the failure to show any number.

There is no charge for furnishing a statement of wages credited to the worker's social security account. Social Security offices stock a self-addressed postal card which can be used for making the request. Any person who wishes one of these postal cards should request it from the Social Security Administration, Abilene, Texas.

Mr. and Mrs. Lanham Bains and sons, Randolph and Walter Earl, of Odessa spent the week end here with her parents, Mr. and Mrs. W. C. Spoon.

East Cisco Church Cancels Midweek Prayer Services

The East Cisco Baptist Church will not hold the regular midweek services Wednesday night, it was announced today. The services were cancelled to allow members to attend revival meetings in other churches in Cisco.

Paul Stephens, minister, left Sunday for Borger where he will conduct a revival meeting which will last for one week. The revival which began at the East Cisco Church on Sept. 7 ended Sunday night. Mr. Stephens was the preacher during the first week of the services and Russell Dennis, former minister of the church, was in charge of the last week of the meeting. Mr. Dennis is minister of the Melwood Ave. Church in Brownwood.

The services ended Sunday night with baptismal services. There were 24 additions to the church during the two weeks meeting.

New Hope Seen For water In This Region

ABILENE, Aug. 23. — Thirsty West Texas today has a new hope for water in a program that may make the entire area a network of pipelines, supplying water from a half dozen multi-city dams on the major watersheds.

This prospect is seen in a letter from President John D. Mitchell of the West Texas Chamber of Commerce to Manager D. A. Bandeden, in which he pledges the organization's support of multi-city surveys.

"From our study of and activities on development of our municipal water supply, it appears that the solution is beyond the capacity of the individual cities and that the total solution of the problem must come from complete river basin development and the building of large dams serving several cities," Mitchell wrote.

"The fact is that dam sites are not available for each of our cities and that there are only a few dam sites with ample watersheds and potable water on each of our main streams. These few main basin dams must be promptly developed in West Texas to save the water originating in our territory and meet the critical water shortages now existing in all of our cities."

Immediately Bandeden set in motion a study of the formation of a West Texas water association with its main purpose of "extracting the optimum values of water originating in and available to West Texas in the common interest of the area."

This association would cooperate with existing authorities and might even assist in the formation of others, according to plan.

It was Bandeden who recently propounded a new formula for federal aid in dam building, which would make it possible for the Corps of Army Engineers and Bureau of Reclamation to build dams for municipal water as well as flood control.

Local Ranchers Purchase Famous Aberdeen Angus

Sutton Crofts and Jack Baker, local ranchers, returned Friday from a trip to Kansas City and Belton, Mo., where they attended the dispersion sale of the famous herd of Aberdeen Angus cattle which formerly belonged to the musician Paul Whitman, and had been purchased by Roy Johnson of Silvertop Farms, Belton.

Crofts and Baker were fortunate enough to purchase a registered cow and calf of the Bandolier breeding, a family which is rich in the blood of international grand champions. They are very much enthused over the purchase, believing that the bloodlines they secured in these animals will be of much benefit in the improvement of their herds, as well of those of others, in the future.

It is believed that they have the only two animals in the state of this well known herd.

HOT DOGS—Tommy Owens lets out with a slow whistle as he touches sole of his tired and bare foot, in St. Louis. Picked up by police after wandering 14 miles in the nude appendages, the seven-year-old boy was returned to his father, Fred Owens, of Chicago. The pair had been visiting friends, and Tommy decided on a little stroll.

FINAL RITES FOR BETTY BEARMAN ARE HELD AT METHODIST CHURCH

Betty Bearman, 15 year old daughter of Mr. and Mrs. R. A. Bearman, 1113 West 7th Street, was laid to rest shortly after 5 p. m. Monday in Oakwood Cemetery — a short distance from Chesley Field where she had spent three years cheering her beloved Lobos as a member of the Cisco High School band.

Betty died at 5 p. m. Saturday following an accident on a gravel road three miles south of Cisco. The car in which she and Richard Moore, son of Mr. and Mrs. James Moore of Hum-

bletown, were riding, overturned after striking loose gravel. She walked from the wreckage and while talking with a Mrs. Rich, she collapsed and died of internal injuries and shock before an ambulance arrived. The ambulance was summoned by young Moors, who ran two miles to the nearest phone.

Funeral services were held at 5 p. m. from the First Methodist Church. Rev. C. A. Warden, minister of the Wesley Methodist Church, was in charge of services. Thomas Funeral Home was in charge of the arrangements.

HELD IN COUNTY JAIL
A local man was being held in the county jail at Eastland Monday on charges of threatening with intent to murder. His bond was set at \$1,000 after his arrest here Sunday. He allegedly wrote a threatening letter to a relative here.

BUYS JERSEY COW
Lawrence Ingram of Nimrod has purchased a registered Jersey cow, Brampton Judy Mercury, from the M. A. Clayt herd of Eastland, according to information here.

EXPECTED HOME
Thad Brown, Texas Tech engineering student, was expected to arrive here Wednesday from Lubbock for several weeks stay with his mother, Mrs. Ann Brown. He recently completed summer session study.

Rev. and Mrs. H. N. Balderee of Putnam attended the revival service at Cisco Baptist church here Monday evening.

The Graduate School of Texas A. and M. College was established in 1924. Prior to that time graduate work was administered by the general faculty, acting through a committee on graduate studies.

Trip To Be Publicized in Magazine And Over Television Hook-up

The breakfast trip of the Con-voir Air Activities Association planned for Sunday, August 28, is gaining nationwide publicity, according to a report to Mayor G. C. Rosenthal, who will welcome the group when it arrives at the local airport at 8 a. m. on that day.

Life Magazine has announced that a photographer representing their magazine would be attached to the group and would take pictures for a story in a future issue. Officers of the association informed Mr. Rosenthal that a WBAP-TV cameraman would be with the group to take pictures for a television broadcast.

It was also announced that approximately 200 persons would be in the group that will make the trip to Cisco and that 60 planes, including two DC-3's would land here. It was also expected that a B-36 would fly low over Cisco during the morning activities.

The group will begin landing at 8 a. m. and as soon as all are on the ground they will be taken to the Hotel Victor dining room for breakfast. They will be guests of local citizens. After breakfast they will return to the airport and to Lake Cisco where they will swim and participate in various games. Mayor Rosenthal asked for chess players, bridge players, domino and "42" players, tennis players, golfers, horseshoe pitchers, washer pitchers, checker players to be on hand to entertain the group.

Some members of the party will engage in an aerial show over the airport. Two gliders will be towed to Cisco, and will put on soaring demonstrations.

Church services will be held under the trees at the lake park and will be conducted by a minister who will accompany the group. It was expected that they would begin leaving for their homes in Fort Worth at 11 a. m.

Arrangements for the landings have been made and were planned according to requests by the association and CAA officials who will be with the aerocade. Special radio and Radar equipment has been installed by the local Naval Reserve Electronic Warfare Organization unit. It will be used only in case of storms or other weather conditions judged to be dangerous to flying in the area.

An ambulance and fire equipment will be at the airport for use in case of accident. Every precaution is being taken to assure a safe landing for all the planes.

Mayor Rosenthal asked local business men to cooperate in entertaining and welcoming the group. Cars will be needed to carry visitors from the airport to town and then to the lake.

Spike Jones Is Booked For Run At State Fair

The Spike Jones Musical Depreciation Revue of 1950 has been booked for the State Fair of Texas, Oct. 8-23, after breaking box office records in 90 per cent of the huge civic auditoriums and theaters in which it has appeared this year. Julius Schepps, chairman of the Fair attractions committee, has announced.

The assault of Spike and his city slickers on Fair Park Auditorium in Dallas will be one of the most popular entertainment features ever presented by the exposition, Fair officials believe.

The show starts out with 44 people on the stage, each trying to be nuttier than the other, and bit by bit new instruments appear on which the Slickers and Spike create Bedlamic music (you should pardon the expression.)

There are pistols, gongs, washboards, tin cans of all sizes and battered water buckets. There is a "pianotherity" for student musicians not expert to play the pianoforte, and the "juketele" which plays Hawaii music when Spike drops a nickle into it. (Ideal for musicians with broken hands.)

Funeral services were held at 5 p. m. from the First Methodist Church. Rev. C. A. Warden, minister of the Wesley Methodist Church, was in charge of services. Thomas Funeral Home was in charge of the arrangements.

RELEASED ON BOND
A Cisco man was released from the Eastland County jail Sunday afternoon after posting a \$1,000 bond on charges of assault to murder. The complaint was filed in the office of Justice of the Peace W. E. Brown Friday. The man allegedly threatened a Cisco resident.

MISS GRETA KAY BECOMES BRIDE OF J. C. TRAMEL IN SATURDAY CEREMONY

A beautiful church wedding was held Saturday evening in the parlor of the First Baptist Church of Cisco. Ushers Jim Ewell and Joe Younger.

The bride, Miss Greta Kay, daughter of Mr. and Mrs. Ben Kay, was given away by her father, J. C. Trammel, son of Mr. and Mrs. J. H. Trammel of Eads, Colorado. The double ring ceremony was read at 5 o'clock Saturday evening in the parlor of the First Baptist Church of Cisco by the Rev. Otis Strickland, church pastor. White and greenery decorated the room and lighted white tapers in wedding candelabra flanked the sides of the altar at which the couple stood exchanging the marriage vows. Candles were lighter by

Music was furnished by Miss Betty Brogdon who played the traditional wedding marches and accompanied Miss Mary Jeanette Poe of Denton as she sang "Because."

The bride elect entered with her father who gave her in marriage. She wore a street length dress of steel blue slipper satin made with round neck, basque bodice, fastened down the front with tiny covered buttons, and long sleeves which came to points over her hands. She wore an off face grey hat, trimmed with satin, from which her veil fell to her waist line. Her jewelry was a strand of pearls and she carried a white Bible, a gift of the bridegroom on which was placed a single orchid.

The Maid-of-honor, Miss Dolores Johnson, was dressed in a light brown satin street dress trimmed with wide lace. She wore a strand of pearls and a corsage of pink carnations centered with a very light pink. Her accessories were of dark

STRANGE BEDFELLOWS—The fox terrier mother turns around with a look of bewilderment at the spotted fellow having his dinner. The stranger is a newborn jaguar from the Milwaukee, Wis., Zoo. The baby was taken from its mother, who has a habit of destroying offspring, and the dog adopted it.

ant evening: Mesdames T. M. Moore, Mack Stephens, Barton Philpott, Harry Schaefer, W. F. Walker, Truly Carter, O. J. Russell, E. L. Pugh; C. S. Surles; Van Gardenhire, W. D. Hazel, Myrtle Anderson, F. E. Shepard and Miss Willie Frank Walker.

The Cushing Memorial building library at Texas A. and M. College was erected in 1930. It numbers more than 130,000 volumes.

The Ross Volunteers at Texas A. and M. College, crack military unit, was organized in 1887.

Fascinatin' Fashions By Judy Seaton

Fresh as a summer flower is the short, shorn coiffure worn by Mary Jane Higby, star of NBC's "When A Girl Marries." As regularly as she trims her garden, Mary snips her wavy locks and shudders as people cry, "How lucky you are to have naturally curly hair!"

"True," admits Mary Jane, "it does have its advantages and may be they outweigh the disadvantages, but I know the difficulty that I had with my curly hair!"

For unruly locks only! It took practice, but now Radio actress Mary Jane Higby manages her naturally curly hair like an expert!

Take time to fit good grooming into your busy schedule. The little extra attention you give your overall appearance will reward you.

PRACTICAL TRAINING—German light-heavyweight boxer, Conny Rux, spurns the open country for training. He chose the battle-scarred Berlin skyline, gets exercise clearing the rubble from the roof top of the Bendler Bunker—air raid shelter which once housed the German Army staff.

NATURE'S FURY—Water several feet deep cascades down Liberty Street in Harrisburg, Va., after heavy rainfall brought on a flash flood. Autos were washed along and one department store collapsed. No casualties were reported, but 20 families were left homeless.

TIGHTENING UP—With one out of four Berliners out of work, skyrocketing unemployment is jeopardizing the shaking economic stability of the Allied sectors. Eight firms are out of existence in British sector as seen by blank spots where name plates were once tacked up on poster. Another firm falls by the wayside as this workman takes down the name plate.
