A GROUP OF us Monday Quarterbacks — old football men who delight in acting in an advisory capacity to the coaches— was drinking coffee with Coach Stormy Davis the other morning.

And the Wrangler Boss made this statement: "I'm looking forward to a time when, for a whole week, I can turn the team over entirely to my Monday quarterbacks."

IN ALL SERIOUSNESS, it has been proposed that a group of fans organize themselves into Monday quarterbacks for the purpose of supporting both the college and high school teams like nobody's business.

SUCH A CLUB could do all kinds of good things. Like, for example, back the college in forming a group of girls into a kind of drum and bugle corps.

WERE TALKING mostly of the college, because they appear to need the most help. The high school has a splendid band and the Band Parents Club is well organized as a hard working, loyal group of people who do just about everything the band needs done.

A GOOD SIGN out at the high school, by the way, is the size of Coach Jack Everett's squad. More than 50 boys are in training — a near record.

THE WRANGLERS have one loyal fan, at least. A lady called The Press early Saturday and wanted the dates of all home games. "I may seem eager," she said, "but I want to arrange for a baby sitter early."

THEY'LL BE starting the season ticket sale for both teams Tuesday. Let's all buy one.

Shivers To Make Mexico Caravan

Virtually every section of Texas will be represented on the "Friendship Caravan" to Mexico City September 9-18, in which Gov. and Mrs. Allan Shivers will participate at Mexico's Independence Day celebrations.

Gov. Shivers accepted an invitation to join the goodwill tour which was sent by Gov. Casas Aleman, governor of the Mexico City Federal District. The governor and Mrs. Shivers will be honored guests in Mexico City.

Fort Worth Fliers Scheduled To Arrive In Cisco At 7 a.m.

All Cisco was ready early today to welcome members of the Air Activities Club from Fort Worth who were to begin arriving by private plane at the local airport at 7 a. m. The group numbering approximately 200, is composed of employees of Consolidated-Vultee Aircraft Corporation of Fort Worth.

Ciscoans who will transport them to the Victor Hotel where they will have breakfast. Immediately following the breakfast they will return to the airport and Lake Cisco where they will participate in the program that has been arranged by various committees appointed by Mayor Rosenthal.

Church services will be conducted at the lake by Rev. Eugene Crosier of Fort Worth. Rev. Crosier is an employee of Consolidated.

C. A. A. tower operators will direct the landings from a tower constructed atop one of the airport buildings. Local pilots

will act as "spot landing" judges and field men. Some of the visitors will engage in an aerial display at the field and two gliders will put on a soaring contest.

The group will be accompanied by a number of P-51 fighter planes piloted by Texas National Guard fliers. Also accompanying the Fort Worth delegation will be a B-36 bomber. The bomber will circle low over the city between the hours of 10 a. m. and 11 a. m.

All safety measures have been taken and an ambulance and fire equipment will be on hand

in case of emergencies. Radio and Radar equipment has been installed by the local unit of the Naval Reserve Electronic Warfare Organization and operators will be on hand to operate the sets.

Mayor Rosenthal joined Pete Clements in urging as many citizens as possible to be at the airport when the first plane lands at 7 a. m. Cars are needed to assist in getting the visitors to town for breakfast.

A program of games and sports have been arranged for the visitors and a WBAP-TV news cameraman and possibly

a Life Magazine photographer will accompany the visitors.

Among the local men who will aid in the entertainment are J. W. Sitton and Jack Farleigh, chess; James T. Moore and Y. J. Rylee, washer pitching; E. L. Jackson and Charles Burke, horse shoe pitching; Ralph Glenn and Glen Boyd, ping pong; Bill Mitchum and Sterling Drumwright, bridge; and Bill Benne and J. T. Elliott, checkers.

R. L. Ponsler will have charge of the landing, and arrangements for the religious service will be in the hands of B. A. Butler.

Leaflet Gives Highway Data

The Pan American Highway System is discussed in a leaflet prepared by the United States Department of Commerce Ray L. Miller, Dallas regional director, has announced.

The Pan American Highway System is being planned eventually to connect capitals of the Republics of South and Central America with each other and with the highway system of the United States.

Approximately two-thirds of the Pan American Highway System, as now designated, has been so improved that automobile travel at all seasons of the year is possible. At present travel is largely from farm market or between adjacent towns and cities. Across-the-border travel between several countries is possible, but impassable gaps and sections of the highway that can be traveled only in the dry season have prevented development of long-distance travel.

A copy of this leaflet may be obtained at a cost of 5 cents from the Department of Commerce Field Office located at 1114 Commerce Street, Miller said.

Loboes Show Marked Improvement In Second Week of Football Training

Although still needing polish, Coach Jack Everett's 53-man football squad was beginning to show marked signs of improvements as the second week of training came to a close Saturday.

From 45 to 53 aspirants have been reporting daily for workouts but Everett is still uncertain about the '49 team's possibilities in the district race.

During the past few days Everett and Overall have been in the squadroom through twilight drills at Chesley Field. While the Loboes are in the midst of scrimmages under the lights, stress has been placed on outright football.

Doug Johnson, six foot back, has impressed both mentors with his improved ball handling from the man under spot. One of the squad's fastest sprinters, Johnson will possibly see much service during the coming season.

Giving impetus to the backfield is Rob (Stonewall) Jackson, now beginning his second year with the team. When the fireworks start, Jackson will probably alternate from half back to quarter back.

Another possible starting candidate for a backfield post is John Edward Farley, 140 pounder. A quick stepper, Farley should make Everett a reliable gridster this season. Neil Callarman, backfield candidate, has turned in impressive

Sister of Local Woman Dies In Dallas Hospital

Word was received in Cisco Saturday of the death of Miss Vivian Rogers of Abilene, who died at midnight Friday in a Dallas hospital. Miss Rogers was the sister of Mrs. L. G. Ball of Cisco. She had been ill for some time.

Funeral arrangements were incomplete, awaiting the arrival of relatives, but it was thought that the services would be held in Abilene either Sunday or Monday afternoon.

BOY IMPROVES

The condition of two-year-old Leopoldo Hernandez, son of Mr. and Mrs. G. Hernandez who is in Graham hospital with severe burns, was reported "some improved" Saturday morning.

The child sustained burns about the stomach, right arm and face when he accidentally set fire to his clothing, Wednesday while playing in the yard of the Huff Ranch northeast of Cisco. Hospital attendants, however, said his injuries were still critical.

See tables below for details.

COLORADO MINISTER ACCEPTS CALL OF FIRST CHRISTIAN CHURCH HERE

Rev. M. D. Swisher of Mead, Colorado, has accepted the call of the First Christian Church of Cisco and will become their minister about September 15, according to an announcement Saturday.

He will succeed Rev. Dick Crews, who moved to Denison several weeks ago.

The local pastorate was offered to Rev. Swisher after he came here on Sunday, Aug. 14, and preached at the church. The congregation approved the call at last Sunday's service.

Rev. Swisher is 36 years of age and is married. A former Army Chaplain, he has held pastorates in Louisiana, Iowa and Colorado. He is a graduate of Johnson Bible College and has had other university training.

Members of the church's governing board said "we consider

ourselves very fortunate to obtain Rev. Swisher. He made a wonderful impression on our entire congregation."

Members of the pulpit committee were: Dick Lauderdale, L. A. Warren, J. C. Fletcher and Mrs. Fannie Kimmel.

Man's Treatment Of Man Is Scored

AUSTIN, August 27 — Man's inhumanity toward man is pretty consistent in Texas according to the Texas Crime Report released today by Homer Garrison Jr., Director of the Texas Department of Public Safety. The report which covers the State's crime picture for the first six months of this year shows, however, that man's regard for his neighbor's property is on the wane.

Joe Ray Walker, 20, who has been stationed at Camp Gordon, Georgia for the past nine months with the Army Signal Corps, was among 378 students to grad-

Joe Ray Walker

uate as a full fledged wireless operator, his parents, Mr. and Mrs. Gil Walker, were notified recently.

Graduation ceremonies were held August 12.

The report here said Pvt. Walker, who is now home on leave, was rated as one of ten high speed operators in the Cononental Code. On September 2, he is to report to New Orleans, Louisiana, for permanent assignment. From there, the report stated, Pvt. Walker will be shipped to Rio de Janeiro, Brazil, attached to the American Caribbean Theater of Operations.

Once at his new post, Pvt. Walker will receive a promotion to technician sergeant, grade 3, and will be assigned to field and coastal operations with the Signal Corp. His assignment at the Brazilian capital is indefinite, the report disclosed.

Walker, who was born and reared in the Romney community near here, graduated from Cisco High School in 1946. The following year, he enrolled at Cisco Junior College, and while there took his first basic training for wireless and telegraphy operation. He was under the instruction of C. A. Shockey, former Army Signal Corp officer.

In August of last year, Walker enlisted with the Army Signal Corp. He was sent to Camp Ord, California, for field training, and within two weeks he was transferred to a Washington post for advance study in telegraphy.

From there, he was sent to Camp Gordon for completion of his course.

Mr. and Mrs. Reagan Nix of Brownwood are guests today in the home of his aunt, Mrs. John E. Elkins.

More than 100 property owners met in the city hall auditorium Friday night to hear a discussion of a proposed paving project for the City of Cisco. The plan was submitted by Mayor G. C. Rosenthal and the city commission, and was generally approved by those attending the meeting.

It was announced that the bid submitted by Royce L. Boyd Co. of Cisco was low and that his proposition would be acceptable to the city council.

Mr. Boyd, who was present at the meeting, said that his company would be ready to begin work in ten days or two weeks.

Under the plan, property owners would pay for paving in front of their property and the city would pave street intersections and in front of alleys. Paving would proceed as the property owners in various blocks agreed to cooperate. It was decided at the meeting that streets or blocks should appoint committees to make a canvass of their respective areas before another mass meeting is held at the city hall probably next Friday night. Some property owners signed contracts at the meeting.

Mayor Rosenthal pointed out that the city would furnish the plans and specifications and do the engineering work. Specifications call for the grading and filling of streets and a seal coat under a one and one half inch mat of asphalt mix.

Under the Boyd contract the prices of the paving were described as "unusually attractive." A 20-foot street would cost the property owner \$1.45 per foot if he already has curb, making a 50-foot cost \$72.20 for paving. The same 50-foot lot on a 30-foot street would cost \$2.17 per foot or \$108.29. The same street would cost the property owner \$3.42 for both pavement and a curb and gutter. The city street map shows that none of the paving will be over 30 feet. The width of streets runs from 20 to 30 feet.

It was understood that city officials would work out a plan under which property owners can have their streets paved by making a small down payment and paying the balance in ten or more monthly installments.

Visiting Minister To Speak Sunday

Rev. James C. Johnson of Bishopville, South Carolina, will speak at the morning services at the First Presbyterian Church Sunday, it was announced. Rev. Johnson, a native of Brownwood and former pastor at Ballinger, is on vacation with his family at Georgetown.

A visiting Methodist minister will speak at the union services at the Presbyterian Church at 8 p. m. Sunday, it was announced. The services will be held in the church auditorium.

Pictured above is Sgt. Charles J. Rice, son of Mr. and Mrs. J. O. Rice, 1206 W. 7th St., and grandson of Mr. and Mrs. C. L. Guinn, 1300 Ave. L., who now is stationed in Frankfurt, Germany. He is with the Post Engineer Section, in charge of the Insecticide Control, Sgt. Rice was selected "Soldier of the Day" out of 1350 men. He formally served twenty three months in combat in World War II with the First Engineers in the European Theater. He received five battle stars and one Presidential Unit Citation. He re-enlisted in 1947 and has one more year to serve before coming home.

Prayer Held Great Force

Prayer is the greatest force known for grappling with everyday problems and for achieving serenity of soul, declares Norman Vincent Peale, author of "A Guide to Confident Living," in The Readers Digest for September.

Not only does prayer have the power to calm our minds, Dr. Peale states, in an article condensed from Guideposts, but it can heal heartache and give us clear vision to act for ourselves. "If angry, anxious, vindictive or envious, you cannot

think or act wisely. But in prayer your emotions come under control and your intellect penetrates the essence of a problem for the right answer."

Many businessmen use prayer as a reliable aid in their affairs, the author states. One of

the nation's leading department store executives communes with God for 15 minutes each morning. An industrialist, who "uses his car as a chapel," states: "Driving to the plant, I talk over my problems with Him. Instead of desperately expecting a prayer to pull me out of a mess, I condition my mind in advance to make calm and rational decisions."

The value of prayer was demonstrated, Peale says, in a recent sit-down strike at a large automobile plant in Detroit. Management and unionists had reached an impasse. A union mass meeting, called for mid-afternoon in Cadillac Square despite the refusal of police to grant a permit, threatened violence and bloodshed. But at a conference preceding the mass meeting a preacher suggested prayer and, "to his astonishment," everyone joined. The resulting decision, a compromise by both sides, led to a meeting that was a "completely peaceful affair."

Conversation with God should be a constant habit, Peale urges, not a maddened plea when one is at wit's end. "It is to a Father and not a Santa Claus that we must learn to speak, in trust and obedience. The supreme model was given in the

Gethesmane prayer: 'Not my will but Thine be done.'

According to an Exchange, the number of Government employees — Federal, State and local — reached a three-year high of 6,219,000 in April, the Census

Bureau reports. The public payrolls also leaped to an all-time peak of \$1,375,000,000 that month.

MISS REBA HONEA BECOMES BRIDE OF JOHN HOWELL BISBEE AUGUST 20th

In a candle light church wedding held Saturday evening, August 20, at 9 o'clock in the First Presbyterian Church of Fort Worth, Miss Reba Honea, daughter of Mr. and Mrs. J. J. Honea of Cisco became the bride of John Howell Bisbee, son of Mr. and Mrs. Sam C. Bisbee, also of Cisco.

The ring ceremony was read by Dr. C. F. Cheverton head of the Department of Religion at Texas Christian University.

The bride, given in marriage by her father, wore a dress of steel blue slipper satin with white carnation corsage, and brown accessories. She wore a becoming off-face hat of tan trimmed with brown velvet and attached veil, splashed with brown velvet dots, falling to her shoulders.

Miss Nophlet Sheehan of Fort Worth was maid of honor. She wore a Cocoa brown dress with yellow accessories and corsage of white carnations. Donald Rhyme of Colorado City served the bridegroom as best man.

Miss Honea has been reared in Cisco and graduated from the Cisco High School with the 1948 Class. She attended classes at Cisco Junior College last school year.

Mr. Bisbee attended school at Scranton prior to enlisting in the Army Field Artillery in 1944 where he served two years, 18 months of which he spent overseas. He is now a vocational student at Cisco Junior College and is employed by the Tompkins Broom factory. After their marriage they will continue to make their home in Cisco.
