E. P. Crawford's Brother Dies In Fort Worth

Dr. R. W. Crawford of Arlington, brother of E. P. Crawford of Cisco, died at noon Monday en route to a hospital in Fort Worth.

Dr. Crawford, 84, a retired physician, was living with a daughter, Mrs. Joe Herr, in Arlington at the time of his death.

He came to Texas in 1891 from Mississippi. He was a graduate of Vanderbilt University.

Funeral services were to be held at 4 p. m. today with Rev. S. M. Bennett in charge of the rites at Moore Funeral Home in Arlington.

Survivors include two sons, two daughters, three brothers and a sister. The sons are J. T. of Arlington and R. W. Crawford of New Mexico; the daughters are Mrs. Joe Herr of Arlington and Mrs. William Herr of Pampa.

Girl Scouters of the Heart of Texas area will meet at the Hotel Victor from 10 a. m. until 2 p. m. Wednesday in a planning conference for all training chairmen, it was announced today.

The name of Rev. Otis Strickland was omitted from the list of members of the Citizens Traffic committee published in The Press Sunday.

Two Persons Hurt In Auto Crashes In City Monday

Two persons were injured in separate auto accidents in the city limits of Cisco Monday when a truck overturned on E. 5th Street early in the day and a motor scooter and an auto were in collision on 18th Street later in the evening.

Humble Prepares To Air Football

Texas' top football announcers are warming up in preparation this week as Humble Oil and Refining Company readies its crews for the kickoff of the 1949 football season.

At the same time the Humble Company announced plans for televising many of the conference games. Response to the reception of conference games which were telecast last season was so great that the company expects to add new stations and greatly expand its schedule this year.

The broadcast season will be initiated on September 17 with three broadcasts when conference teams play two inter-conference games and one inter-conference match.

Humble's broadcasting crew this year will feature the familiar voices of regular sportscasters Kern Tips, Ves Box, Charlie Jordan, Bill Michaels, Jerry Doggett, Fred Kincaid, Eddie Barker, Alec Chesser, and Bill Newkirk, plus several additions to the corps.

Miss Kay Wilson left Sunday with her mother, Mrs. Bess Wilson, for San Antonio where she will enter school. She has been staying with her grandmother, Mrs. W. C. Shelton, and other Cisco relatives and has been attending school here.

Lea Daniels, local attorney, is representing Waters in the suit.

James Lee Smith, 14, was in Graham Hospital Tuesday after suffering head injuries in a collision at 6:10 p. m. involving his scooter and an automobile driven by Byron Boyd, 28, of Cisco.

The accident occurred at the intersection of Avenue J and 18th Street while Smith was delivering his papers. Witnesses reported that the accident occurred at a corner where vision was obscured by trees and weeds.

Shivers Supports Proposed Law

Full support was promised today by Governor Allan Shivers for an amendment to the Texas Constitution which would give mentally ill persons admission to state hospitals without a mandatory jury trial.

"I am glad that this matter has at last come before the people," said Governor Shivers. "Every other state has revised its laws to permit jury trials to be waived in lunacy cases, and I think it is high time we removed the antiquated statute from our own books."

The amendment, passed by large majorities of both houses of the 51st Legislature, will be submitted to a statewide vote on November 8. It will permit the next Legislature to enact laws permitting a mentally ill person to be hospitalized without a courtroom jury trial unless a jury is demanded.

The Governor praised efforts of the Texas Society for Mental Hygiene and the Texas Council on Mental Health in working for improvements in the state mental health laws.

Miss Kay Wilson left Sunday with her mother, Mrs. Bess Wilson, for San Antonio where she will enter school.

Lea Daniels, local attorney, is representing Waters in the suit.

recovered by hospital attendants. Earlier in the day D. W. Hamrick of Brownwood was injured when a Chevrolet pickup truck he was driving was involved in an accident with a refrigerator truck driven by A. V. Kolenovsky of Dallas and leased by the Wicker Fish Market.

The accident occurred when the pickup made a left turn in front of the Dallas truck. After striking the pickup the truck overturned, almost hitting a service station at the intersection.

Reports from a Brownwood hospital stated that Hamrick was suffering from broken ribs and a punctured lung. The driver of the overturned truck was uninjured as was a woman companion of Hamrick.

Officers charged Hamrick with failure to render right of way and Kolenovsky with driving too fast under the conditions. All vehicles involved in the two accidents received extensive damages.

Bill Granting Aid To Fish Hatcheries Passed By Senate

On Saturday, Aug. 27, the Dingell Bill passed the Senate with a few minor and strengthening amendments, thus ending a 10-year fight to secure a federal and program for state fishery restoration projects.

The bill earmarks the existing excise tax "on fishing rods, creels, reels, and artificial lures, baits and flies" to provide the necessary revenues to carry out the Federal aid to State programs.

The cool spell came as a welcome relief to Ciscoans who sweltered in 97 degree heat Monday.

Fund Raising Drive Is Planned By Committee For Friday of This Week

The plans of the Christmas decoration committee work out as expected. Cisco will be among the most beautifully decorated towns in the state this Christmas season. The program developed by a joint Chamber of Commerce - Merchants committee, and unanimously approved by the merchants in a recent meeting, calls for a return to the feature of overhead streamers of colored lights plus elaborate displays for the light standards which will make the decorations effective in daytime as well as at night.

The idea involved in the program on which committees have been working for two weeks is to feature the Christmas spirit and to minimize as much as possible the commercial angle. The decorations approved require an initial investment of many hundreds of dollars but they are so unique and attractive and they stress the Christmas ideal in such a way that all of the merchants who saw them were impressed and voted enthusiastically for the plan.

Season's First Norther Rushes In Early Today

The season's first noticeable norther blew into Cisco at 4:30 a. m. Tuesday and dropped the temperature from a high of 78 at that time to a low of 48 at 7:30 a. m.

The huge mass of cold air which had its origin in Canada dropped temperatures in most of the nation but failed to bring the moisture that had been promised the area by the weatherman. A lightning display accompanied the norther and a fine mist was evident in the early hours of the morning.

Weather observers said that the cold front was a herald of an expected early winter. It was accompanied by heavy snows in the high plains and torrential rains in some sections.

The slow moving front was expected to keep the temperatures in the 80s for the next few days.

Bantam Display To Be Held At Fort Worth Show

FORT WORTH, Sept. 13 — The Texas All Bantam Show will be held Feb. 1-5, in connection with the Southwestern Exposition and Fat Stock Show, it was announced today by W. A. King, livestock superintendent.

At least 1,500 entries are expected for the bantam show, not only from all parts of Texas but from all sections of the United States and even from Canada.

The Texas show is ranked as a major event of the year by the breeders because it is held near the end of the show season and therefore matches champions against champions. The event has been held in San Antonio the last two years.

Bob Elliott is chairman of the parade committee. Other members are A. R. Westfall and Alstin Flint. The Christmas street decorations committee is headed by E. L. Jackson with Charles Sandler, Charles Graham and Anton White as members.

S. H. Nance is chairman of the finance committee with Geo. Boyd, B. A. Butler and Mrs. Lucille Huffmyer as members.

The finance committee has set Friday of this week as the date for the drive to secure the necessary funds for purchasing the new decorations and financing the remainder of the program.

The appeal swift and complete so that there will be no delay in ordering the material. Assistance of the city and the Chamber of Commerce in the financing the program has been asked.

With the anticipated investment this year, a large expenditure will not be required in subsequent years except as the merchants may wish to enlarge their stock of permanent decorations and improve the program.

All funds raised in the campaign will be earmarked for the Christmas decorations and programs, and if there is a surplus fund it will be used exclusively for trade promotion, it was explained.

"We hope there will be an immediate and liberal response to this appeal, and I know that once the decorations are in place the merchants and citizens will be proud of them," said Mr. Nance.

Congressman Is Cisco Visitor

Congressman Omar Burleson, representative of the 17th Congressional District, was in Cisco Monday greeting friends and talking of pending legislation in Congress.

Mr. Burleson left Washington on August 26 and will return to his duties there Monday. He plans to visit all towns in the District before his return to Washington. His home is in Anson.

Congressman Burleson told friends in Cisco that he would be a candidate for reelection when his present term expires. He is young in Washington but has been named on important committees and has sponsored many important issues.

AFTER THE STORM—The Sun Beam, owned by Arthur Pearson of Greenwich, Conn., and a house boat are piled up on the rocks in Long Island Sound, near Greenwich, by the tail of a hurricane which first ripped through Florida. The storm shifted north and blasted parts of Long Island and New York City with windy gusts that blew in at close to 70 miles an hour.

Chanute Air Base
Rantoul, Illinois

Dear Editor:

With football season at the point of breaking, naturally the main topic of conversation takes in who will be the greatest

player in the next couple of years.

With fellows like Doak Walker, Choo Choo Justice and many more in their last years of college football attention turns to those who will be most likely to make headlines in the coming years.

The question was asked in the barracks and was met with a

great many opinions, but the one that set me back on my heels was this:

With names and colleges coming from all directions, one fellow made mention of a fellow playing for Baylor University, Stan Williams.

"Cisco," he said, "you should know this fellow, being from Texas yourself."

I lay back on my bunk sorta causal like and said, "No, I don't know him — I just attended school with him for a couple of years."

The point is, whenever great football players are mentioned, Williams, somehow, manages to slip into the conversation. And he should. Sports writers in all popular magazines give him at least a mention. And most of them give the boy a pretty big build up.

Here at Chanute, Stan is followed by many a keen observer who is interested in seeing if he stacks up to heights of sports writer's articles.

It might be interesting to note that up here in Yankee territory it is quite hard to convince the football fans that SMU is going to give the team from South

Bend, Indiana, a little bit of trouble. In spite of the fact that writers compare the SMU backfield with the four horsemen of some years back, fans still think Notre Dame will take the game with little if any trouble. Believe it? I don't.

"but all I want is security!"

Okay, the Government Can Give It To You . . . But It Will Cost You Your Freedom!

Yes, the Government can give you security . . . all you have to swap for it is your freedom . . . your liberties . . . your personal rights . . . and your opportunities. **WANT TO SWAP?**

This may sound like a scare statement. IT IS . . . IT'S TIME TO GET SCARED WHEN YOUR FREEDOM IS IN JEOPARDY . . . WHEN SOMEONE TRIES TO TRADE YOU AN ARTIFICIAL BILL OF GOODS LABELED "SECURITY" FOR YOUR PERSONAL FREEDOM.

A trade like that is serious business, for there's no backing out, no turning back, once the trade is made.

There is constant pressure for the Government to provide security from want by the adoption of programs which call for more TVA's, an increase in minimum wages, bigger social benefits, socialized medical care, aids to education, more Government building of rent houses and bigger subsidies to farmers as well as to certain other forms of business.

The inmates of Alcatraz, and other penal institutions, have security . . . the COMPLETE KIND . . . where the government provides all the food, clothing, shelter and medical services . . . but it's at the price of freedom.

In some other countries the people have security, too . . . but they have no freedom of speech, no freedom of action, no

personal liberties, no personal rights, and no opportunities. Secret police, prisons and concentration camps are provided to enforce such a brand of security and to prohibit personal freedom. That's a terribly stiff price to pay for security.

Most of us don't want the synthetic brand of security we are being offered. If we knew its cost in dollars and in the sacrifice of personal freedom, we would not accept it. Many of us are being misled into believing that we can get security . . . the government kind . . . without cost . . . that we can get something for nothing. We are being duped into trading our priceless heritage of freedom for economic slavery.

It's time to decide how much of this government security we want . . . how much of our freedom we're willing to trade for it . . . for we can't have both government security and personal freedom at the same time.

Yes, it's time to get scared . . . time to open our eyes to what is happening in our country . . . time to realize that the answer to our problem is not more Government—but more individual initiative, more production of goods and services. It's time we stop looking to Government for security while we still have the freedom to do so. It's time to realize that FREEDOM NEEDS A SOAP BOX, TOO!

Automotive Industry Moves Ahead

Automotive production at record levels; more automotive jobs than ever before; motor vehicle travel sets new record! This is the story of progress just revealed in the automotive industry by the Automobile Manufacturers Association.

DETROIT—In the first six months of 1949, the automotive industry produced nearly 5,000,000 new cars, trucks and buses—almost as many units as were turned out in the full year of 1946. A steady increase has been registered since the industry surmounted its war reconversion problems. A 53% gain in production was made in 1947 over 1946, and a 10% gain was registered in 1948 over the preceding year. The half year of 1949 is up 20% from the first six months of 1948.

Industry jobs jumped from 6,700,000 in 1941 to 9,020,000 in 1948. This means one out of every seven job holders in the nation earns his wages in the highway transportation industry. These jobs cover manufacturing, road building, sales and service, trucking and miscellaneous work.

Main street is dotted with more businesses keyed to highway transportation, and over 90% of them are small enterprises, employing less than 20 employees each. Business accounts for 56% of all car trips, social and recreational driving is 16% of the total, shopping 12% and other purposes 16%. Rural travel climbed from 169 billion miles in 1941 to 197 billion in 1948. Urban travel increased from 163 billion miles in 1941 to 205 billion in 1948.

Governmental agencies are collecting an all-time high in automotive dollars. Special taxes alone now exceed \$3 billion annually, with motor trucks accounting for more than a third of the total. One of the largest tax items is the federal excise levy on new motor vehicles. First invoked as a temporary emergency measure in 1932, it has been increased twice since, instead of being repealed.

Most of the people
most of the time...

A few people from time to time get caught in rich-quick schemes like buying "gold bricks" at bargain prices.

A lot more fall for ideas like the doughnuts-and-coffee-and-a-dollar-bill Pyramid Clubs.

But most Americans realize that the only sound-and-certain way to accumulate money is by regular savings.

And it's a testimonial to their good sense that sales of U. S. Savings Bonds during the past year have reached a new high.

All you need to get started on your bond-buying program is your pen and the slip of paper you can get from your employer or bank.

Niece of Cisco Lady Weds At Rising Star

The home of Mr. and Mrs. Russell Dill at Rising Star was the scene of an impressive nuptial ceremony Sunday afternoon September 4 in which their daughter, Miss Elizabeth Lynn Dill, became the bride of Mr. Luther C. Love.

Pink and white gladioli with greenery formed the background for the improvised altar before which the couple exchanged the marriage vows. M. F. Manchester, minister of the Church of Christ, officiated in the ceremony. Mrs. J. S. Mobley of Cisco played as pre-nuptial music, "Liebestraum" and "I Love You Truly." She also played the traditional wedding march and during the reception rendered a medley of compositions appropriate to the occasion.

The bride, entering with her father, wore a lovely dress of white satin, designed with lace yoke, long sleeves, tapering to a point over the wrist, fitted bodice, and a full skirt which swept into a chanel length train. Her finery veil of illusion fell from a halo ornamented with

rhinestones. For something old she wore a 50-year old lavalier, belonging to her paternal grand mother. Her bouquet was of bouvardia tied with white satin ribbon. For "Luck" she wore a coin in her slipper.

Miss Shirley Brown of Eastland attended her cousin as maid of honor. She wore a gown of aqua net over taffeta with a waist corsage of pink asters. Aubrey L. Love of Ranger attended his brother as best man. A reception followed the wedding with Mrs. Dallas Dill of San Angelo and Mrs. Joe Bentley of Cisco presiding in the dining room. When the newly weds departed on a short wedding trip the bride was wearing a carnal brown frock with bronze accessories and a corsage of bronze gladioli.

The bride, a graduate of the Rising Star High School, is a grand daughter of a pioneer family of that city. The groom, son of Mr. and Mrs. J. W. Love of Ranger, is a graduate of Ranger High School, and served with the army in World War II. He is now employed in a department store at Rising Star.

The couple will make their home there upon their return from the wedding trip.

RECENT BRIDE

Pictured above is Mrs. Layden L. Stroud, Jr., who is the former Miss Gloria Graham, daughter of Dr. and Mrs. E. L. Graham of Cisco. The double ring ceremony was read at 8 p. m. Saturday in the First Presbyterian Church by Dr. N. J. Salyer of Brownwood. After a short wedding trip the couple will make their home in Dallas.

Former Cisco Couple Weds In Dallas

In a ceremony at the Carroll avenue Baptist Church, Dallas, Tex., Miss Jeanene Parkinson became the bride of Flournoy Cleveland Saturday evening Sept. 3, at 8 o'clock. Parents of

the couple are Mr. and Mrs. E. E. Parkinson of Dallas and Mr. and Mrs. Grover Cleveland of Cisco.

The Rev. W. Helwig officiated at the double ring ceremony. Attendants were Miss Dorothy Rippey of Dallas and Bill Dobbins of Cisco.

The bride and groom are both

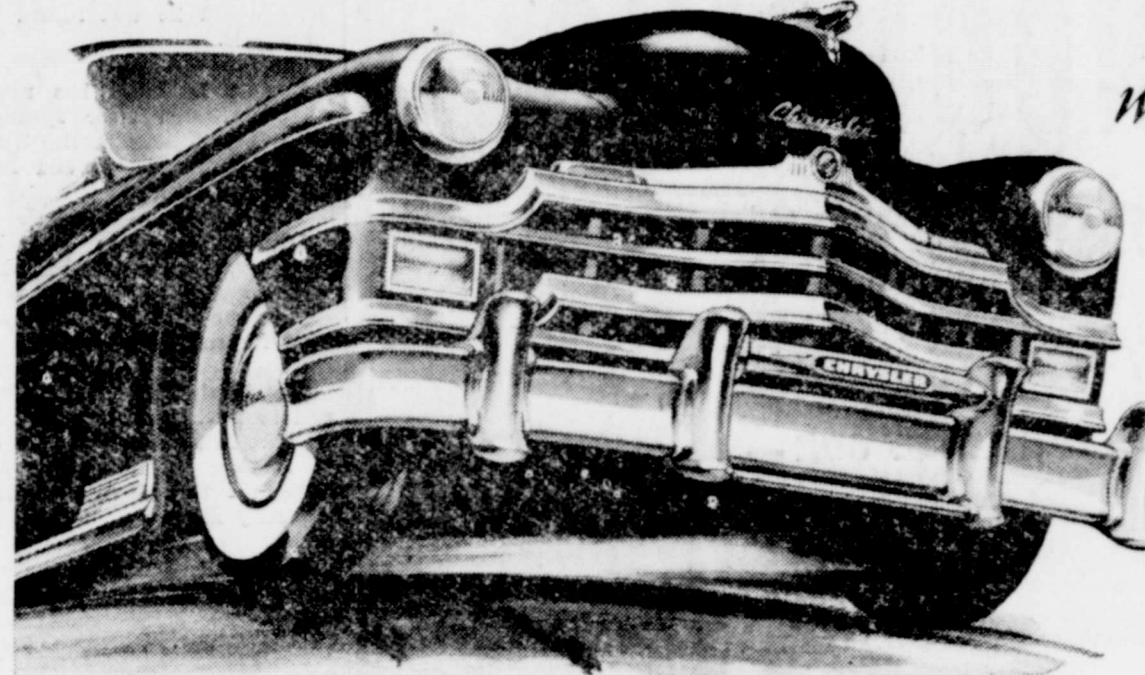

graduates of Cisco High School. Mr. Cleveland attended Cisco Junior College last school year.

Mr. and Mrs. Cleveland will make their residence in Dallas.

All of Kansas' 105 counties will be organized this fall for the 1949 drive of the Christian Rural Overseas program to send

food overseas. Last year, 145 carloads of food were sent from Kansas with contributions from virtually every county in the state. Individuals, farmers, business concerns, and families join efforts in Kansas to load the fruit train with supplies. — Christian Science Monitor.

siding at the business session which was opened with prayer by Mrs. Shobel Houston. Minutes of the previous meeting were read by Mrs. W. L. Hussey and were approved. The report of the nominating committee was heard and the following new officers were elected: president, Mrs. Underwood; first vice president, Mrs. Ben Kay; second vice, Mrs. E. H. Cheves; third, Mrs. R. H. Williams; fourth, Mrs. J. L. Ricker; secretary and treasurer, Mrs. W. L. Hussey; assistant, Mrs. T. G. Collins.

During the period of entertainment, refreshments of open face sandwiches, mints and punch were served by the hostess to the following: Mesdames Lawrence Alvey, E. H. Cheves, D. I. Graves, W. L. Hussey, Ben Kay, Harry P. Schaefer, W. W. Fewell, class teacher; two members in service, Mrs. Shobel Houston and Mrs. C. H. Hammond and Mrs. Underwood.

Mrs. T. E. Lisenbee Hostess To Class

The J. O. Y. Class of First Baptist Sunday school met Thursday evening, September 8, in the home of Mrs. T. E. Lisenbee at 805 west seventh for the monthly business meeting.

Mrs. J. R. Burnett, class teacher, led the opening prayer which was followed by a splendid devotion by Mrs. N. A. Hagan. A song, "Living for Jesus" was next sung by the class with Mrs. Hagen at the piano.

During the business session new group captains nominated are as follows: Miss LeClaire Harrison; Mrs. W. W. Sawyers, Mrs. L. E. Lancaster and Mrs. C. E. Moates. The meeting was closed with prayer by Mrs. Aus-

YOU CAN RELIEVE FUNCTIONAL PAIN
