#### INCREASING VANDALISM CAUSES ISSUANCE OF POLICE WARNING HERE

Increasing vandalism in Cisco was causing local police officials much additional work as compaints from all over the cit were coming in with reg. Buys C. S. Surles ularity. The breaking of street lights was the principal cause of complaints - with marring of street markers and the breakings a close second.

The destruction of property resulted in the issuance of the following warning from the office of Mayor G. C. Rosenthal:

"Our attention has been called to continued and increasing vandalism in Cisco, especially in the breaking of street lights, and parties implicated in any vandalism will be prosecuted on street lights not only causes the inconvience of darkness - which weekend. ### Warm Springs Foundation Drive Under Way In Eastland County

ing necessary information, the Warm Springs Fiundation drive in Eastland County, Sept. 27 to Oct. 5, will be conducted by mail it was announced today by Bob Moore, county chairman.

Persons are requested to send contributions to the Foundation drive to Moore, Box 29,

Purpose of the statewide cam paign, headed by Gov. Allan Shivers, is to raise \$500,000 to enlarge the facilities of Texas' own treatment center for crippled children at Gonzales. Of this amount \$170,222.01 was raised recently by audience contributions in 814 Texas theaters.

Gov. Shivers, in accepting the general chairmanship, said "I hope you will join in this great undertaking for Texas. The need is great, with thousands of our children already crippled by polio and other dread diseases and with other victims being claimed daily. The Gonzales Warm Springs Foundation must continue and enlarge its program for the benefit of our physically handicapped little ones to the end they may become happy, useful citizens."

Moore pointed out that every cent collected in the drive remains in Texas for the treatment of Texas children. Polio knows no race, color, creed or circumstances. The 1949 epidemic has struck in almost every locality of the state. No person nor area is immune. To date, 1,749 Texans in 181 counties have been stricken with polio. While the National Foundation for Infantile Paralysis and its Texas chapters assist polio victims who need help in defraying cost of their treatment.

## m. starting time to report the New York Man Stresses Obligations Of Citizenship In Talk to Rotarians

E. C. House, sales training expert and nationally famous speaker of New York City, emphasized the obligations of every citizen enjoying the opportunities, cooperation, securty and freedom which are his through the efforts of his fellow citizen of the past and present genera-

His message was designed to inspire people to think more constructively and to arouse one to a better appreciation of his privileges and opportunities and to give a clearer concept of civic obligations.

In rapid first succession he presented a graphic array of tragedy enacted by prominent business and professional men in which they wrecked their own lives after seriously complicating their business and profesional affairs by violating of the 'rules of the game of life." He declared that this was the most complicated age in the history of the world for anyone who undertakes to play the game of life without a reasonable regard for the rules of the game.

He went on to say that America was suffering greatly from losses caused by the above but were suffering even greater because of the loss of men who rate high in the business world who rate high in moral character. Men who die from heart

intended for Bill Hurley, on his own 42 yard line. A pass from Lonnie Crosby, quarterback, to Leonard Grigsby, end, was good to the opponents 44. Here, Harold Sides took the ball from through the line to the Odessa 22. A pass from Crosby to Gorlyn Lee was completed to the Odessa nine vard line and Sides on his fourth attempt. Garner nissed the extra point.

Late in the same quarter, Cro by, punting from near the midfield stripe booted one out on the Odessa one. Odessa's attempt to ped by J. B. Milsap. It was pounced upon behind the goal line by Don Price, alert 235 pound Wrangler tackle, for the second touchdown. Again Garner's kick was wide.

Odessa threatened twice in the game. In the closing minutes of the first quarter they had worked the ball down to the sounded ending the quarter it tries the Wrangler forward wall Crosby ended the threat when he kicked from behind his own goal line to the enemy 45.

About the middle of the fourth quarter, Odessa threatened again when they took the ball bined six co.. reutive pass completions for a colal of 51 yards with some classy running by Mead and Shackelford. At this point the Wranglers worked the ball to mid field where they were held and forced to punt.

Outstanding on defense for the Wranglers was John Spencer 180 pound left end, who was playing his first game for the Blue and White. He was never carried out and played literally all over the field. Grigsby and Lee also did yoeman's work at end positions. Price, Kite, Moore and Flood were towers of strength in the center f the line and Gene Milsap and Spicer turned in fine jobs at backing up the line from their center positions.

Crosby, Garner, Varner and Sides all came in for their share of glory in the backfield. Crosby, with his accurate punting and pasing, kept Odessa in the hole on numerous occasions. The heads-up pass defensive work on the part of the entire backfield allowed Odessa only 7 completions in 18 attempts. GAME AT A GLANCE

Society has placed in the hands of its honored judges and police officers the power on which we all must lean for protection and for aid in the interest of security and peace and justice. Back of every man who represents law and order is the authority and the social idealism of the group as a whole. You and I and one hundred and corty million people speak in the voice of the Judge on the Benefit; we walk with the Guardian of the Peace as he covers his best along the city streets. as he covers his beat along the city streets.

The Strong Hand of the Law is a symbol of justice, assuring every woman and y man that he has rights before the Law and that he will be heard; he cannot be deprived of property or freedom or peace without due process of law.

The Strong Hand of the Law assures society that it will be protected from vicious and lawless men, that our homes shall be our castles and that we may walk at large without fear of being molested. Life, liberty, and the pursuit of happiness are our heritage in

The Strong Hand of the Law comes to our aid when we have failed to live up to our American privileges. When we become a menace to others, the Law saves us from doing the harm for which we should always be sorry. When we have failed to correct and discipline our children and they have gotten out of control, the Law comes to assist us in checking their wrong-doing. Our Courts are increasingly concerned to help us make improvement, rather than to punish us when we go wrong. It was because of this that the Great Apostle insisted that the Powers That Be are ordained of God. The Strong Hand of the Law is assistant to the Divine Ruler in making a good world of men. Shall we not teach our children respect and honor for the Law? Shall we help them to revere rather than to be afraid of these helpers toward the common good?
