Annual Livestock Association Barbecue Draws More Than 500

Proving that the interest of Eastland County was swinging to livestock raising and dairy industry more than 500 persons attended the annual Eastland County Livestock Raisers Association barbecue at Eastland City Park Thursday night. The

county dairy association joined the livestock growers in the affair. The crowd heard E. R. Eudaly warn of "hidden shortages" in the feeding of cattle. He said that a lack of calcium, phosphate, iron, copper and certain

vitamins robbed the grower of some of the value of animals grown for the market. He stressed the importance of grass in the animals diet, saying that it was the cheapest of all feeds and that it supplied vitamins A and B which are needed

in bone and milk production. He stated that it was the most beneficial way to use surplus land. He advocated the investigation of the use of silage in the county, stating that the winter feed problem was almost solved by the use of silage, that the cow used 50 per cent of the water in silage for milk production where she used only 20 per cent of the water she drinks.

Line Play Features 'B' Game With Graham Thursday Night

The work of Herbert Coats and Billy Melton at guard positions and Leo Farmer at tackle was particularly outstanding as the three boys broke through on numerous occasions to spill Graham runners for losses.

## HIS TEMPLES of WORSHIP

PICTURED here are various types of churches, ranging in cost from a few hundred dollars to over a million. The imposing structure in center is one of the most beautiful in America. Its physical equipment consists of almost everything possible for man to build into "HIS Temple of Worship."

Elsewhere on this page are pictured other types of churches in different cost brackets. You'll find in every community in America a church suited to the likes of those it serves.

A community without a church would be a poor place to live indeed. In city or hamlet throughout this land you'll find the rich and the poor flocking to the church of their choice on Sunday with a common faith and a common purpose.

The church points the way to a fuller and more useful life. Resolve to attend your church every Sunday.

### YOU IN THE CHURCH THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a sterner democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you"—form a combination for good.
