After reports from the critic and parliamentarian, the club was adjourned. Members present were: Mesdames Baugh, E. P. Crawford, J. E. Crawford, T. J. Dean, C. H. Fee, S. E. Hittson, Charles C. 48 lb. HEAVIER CALVES TO SELL...than on cake

The big difference was proved by Purina in a ranch feeding test. 50 cows winter-fed on Purina Range Breeder Checkers weaned 48-lb. heavier calves than 50 cows fed on cake. Both groups were fed exactly the same amount. The 48 lbs. difference in weight per calf meant about \$9.60 extra income per head.

Here's why Purina Checkers do the job—correct protein percent (not too high)... more carbohydrates... more calcium and other minerals... more vitamin A. See us now for your winter feeding needs.

MEDICAL MIRACLE
Today Your Pharmacist Drops A Few Facts About...
Diphtheria Antitoxin
On the night of Christmas, 1891, the first child, desperately ill with Diphtheria, was treated with the Antitoxin discovered by Emil Behring, a Berlin army doctor. The result was almost miraculous. After weeks of patient toil, with many discouragements, Behring had given a real Christmas gift to the children of the world — the means to overcome the killing power of Diphtheria.

If You Are 85, 45 or 3, Hadacol Helps All Ages

HADACOL is good for all ages, bringing five of nature's B vitamins and important minerals to the young and old alike. Recently the HADACOL folks received the good news that among the countless thousands who had been benefited by HADACOL were a lady of 85, a man of 45 who felt like he was 18, and a beautiful little girl only three years old.

Mrs. Edmond Doucet, of Church Point, La., is 85 years old, having thousands of friends in the picturesque Evangeline section of Louisiana where she was born and has spent all of her life. These friends are happy to know that Mrs. Doucet feels better now than at a any time in two years and gives the credit to HADACOL.

"I had been sick for almost two years and was suffering with gastric disturbances and bloating. I was run down, had lost weight and had to stay in bed most of the time. I lost courage and felt that there was no hope for me."

Mrs. Doucet had tried many preparations without apparent beneficial results when she heard the glorious news about HADACOL.

"After taking several bottles of HADACOL, I felt like a new person," said Mrs. Doucet. "I eat anything I want without ill effects and sleep well. I feel much stronger."

Neville Dugas, of Route 1, Box 101 B, Carencro, La., is a successful farmer who had worked early and late at all kinds of hard work and it wasn't so long ago that he wondered if he would ever be able to work that way again. He had tried many medicines, but felt no better.

"I had all kinds of stomach disturbances," said Mr. Dugas. "My stomach was so bloated that it felt like it would swell up and burst. I suffered with gastric disturbances, heartburn and was run down and nervous. I had no appetite and suffered with headaches and I couldn't sleep at night. I was so drawn and pale that my friends had difficulty in recognizing me. After the third bottle of

HADACOL I felt a real improvement and after the twelfth bottle of HADACOL I felt like I was 18 instead of 45. I am feeling perfectly well."

"My three year old daughter, Joan, had lost her appetite," said Mr. Dugas. "Her cheeks were pale and she cried often. I started giving her HADACOL and after three of the large economy size bottles she is now healthy, has an excellent appetite and her disposition is perfect."

All three of these people were suffering from a lack of B vitamins and the minerals which HADACOL contains. HADACOL comes to you in liquid form, easily assimilated in the blood stream so that it can go to work right away. It is easy to understand, therefore, why countless thousands have been benefited by this amazing tonic, HADACOL.

A lack of only a small amount of B vitamins and certain minerals will cause digestive disturbances... Your food will not agree with you... You will have an upset stomach... You will suffer from heartburn, gas pains and your food will sour on your stomach and you will not be able to eat the things you like for fear of being in misery afterwards. Many people also suffer from constipation. And while these symptoms may be the results of other causes, they are surely and certainly the symptoms and signs of lack of B vitamins and minerals which HADACOL contains. And if you suffer from such a deficiency disorder, there is no known cure except the administration of the vitamins and minerals which your system lacks.

It is easy to understand, therefore, why countless thousands have been benefited by this amazing tonic, HADACOL.

So it matters not how old you are or who you are... it matters not where you live or if you have tried all the medicines under the sun, give this wonderful preparation, HADACOL, a trial. Don't go on suffering. Don't continue to lead a miserable life. Many persons who have suffered and waited for 10 to 20 years or even longer, are able now to live happy, comfortable lives because HADACOL supplied the vitamins and minerals which their systems needed. Be fair to yourself. Temporary relief is not enough for you. Give HADACOL a trial!
