THEY'RE IDEAL--Maria, on sofa, an orange Persian cat, and Pierre, a blue Persian, pose for their photo at the 21st International Cat Exhibition in Paris, France. They're participating in a contest from which will be chosen the ideal cat couple for 1949.

Five Loboos Given Positions On All-District 6-AA Teams

One member of the 1949 Lobo football team was named to the first all-district 6AA team this year, two were placed on the second team and two received honorable mention, according to a report received by Coaches Jack Everett and Buck Overall from the district committee.

The teams were selected by vote of all the coaches in the district and given to the committee for release. Doug Johnson, outstanding Lobo Sophomore tailback, was placed on the first team, Robert McMurry, guard, and Donald Watts, center, made the second team. Hub Harwell and James McGowan received honorable mention by the coaches.

Johnson received recognition because of his running, passing and punting ability and received the third highest number of votes in the first string backfield balloting. Jack Gunlock of the Breckenridge team received the largest number of votes and was trailed by Drennon Daves of Mineral Wells who wound up in the number two slot.

Fourteen men were placed on the first team when ties developed in tackle and backfield selections. Mineral Wells and Stephenville dominated the selections with four each. Breckenridge placed three, Weatherford two and Cisco one on the mythical eleven.

On the first team were: Ends, Jack Bedford of Weatherford and Bill Harrell of Mineral Wells; tackles, H. B. Garrett of Stephenville, Don Broyles of Breckenridge and Leon Smith of Mineral Wells; guards, Harold Thompson of Breckenridge and Earl Keller of Mineral Wells; center, Ike Newman of Stephenville; Backs, Jack Gunlock of Breckenridge, Drennon Daves of Mineral Wells, Douglas Johnson of Cisco, O. T. Cox of Weatherford, Billy Ross and Jim Everett of Breckenridge.

Those receiving honorable mention were: ends, Ronald Robbins of Breckenridge and James McGowan of Cisco; tackles, Roy Benskin of Weatherford, Keith Lackey of Stephenville; guards, Ernie Tullios of Weatherford and David Gray and Sammy Walker of Breckenridge; center, Lowery Hughes of Weatherford, and backs, Harwell of Cisco and Melvin Baldrige of Mineral Wells.

Texas American Legion Posts Sponsor 'Democracy Beats Communism Day'

Wednesday, December 7, has been proclaimed "Democracy Beats Communism Day" in Cisco by Mayor G. C. Rosenthal. The proclamation was issued in connection with a movement by the American Legion of Texas.

The Legion, through State Commander Joe Spurlock and Americanism Chairman John Ben Shepperd, is sponsoring the "day" for the purpose of having all Texans study Democracy vs. Communism and to have every man, woman and child study the advantages of Democracy.

Stanley Webb, post commander of the Cisco Legion, has asked the cooperation of all in the project and has invited churches who meet Wednesday night to devote their program in part to the theme.

Governor Allan Shivers has endorsed the program and will speak at a breakfast at Glade-water. His talk will be broadcast over several East Texas radio stations, beginning at 8 a. m. The Liberty Broadcasting Company will also carry a speech by the governor at 4:45 p. m. Commander Spurlock will talk over a network Wednesday beginning at 8:30 p. m. The Brownwood station will carry the address.

The local post plans no special activities for the day but urged all Ciscoans to pause and think of the advantages Americans have under Democracy that are not available to those under Communism.

Given under my hand and seal this 6th day of December, 1949.

A PROCLAMATION

Whereas the American Legion, Department of Texas, has designated a day to be set aside for all citizens of the state to dedicate themselves to a close appraisal of the advantages we enjoy under our democratic form of governments; and

Whereas, the Department Commander of the American Legion has called upon all of the 758 American Legion posts and each of the more than 100,000 members of the American Legion to give their whole-hearted support to this movement; and

Whereas, the governor of Texas has joined the Department Commander in urging each of the more than seven million citizens of this state to likewise give their cooperation; and

Whereas, the Commander of the American Legion and its members are dedicating all their time to make the program an outstanding success;

Therefore, I, G. C. Rosenthal, Mayor of Cisco, do hereby proclaim Wednesday, Dec. 7, 1949, as "Democracy Beats Communism Day" and urge all our citizens our churches, our schools and our civic organizations to join our American Legion Post to devote and dedicate said day to "Operation Democracy" and to put up a solid front against Communism.

G. C. ROSENTHAL
Mayor, City of Cisco

Wright To Take Bar Exam in February

DALLAS, Dec. 6 — In a news release from the Southern Methodist University School of Law it was erroneously reported that Billy B. Wright, senior law student from Cisco, had taken the state bar examination given in Austin in October.

Wright did not take the October examination. He is candidate for graduation from the SMU School of Law at mid-February and is taking the bar exam in February.

BUILDS NEW HOUSE

J. L. Black, local builder, is nearing completion of a new house which is being built for sale in the 500 block on West 4th. He recently built a duplex on West 5th and plans other home building projects in the near future.

The couple face forgery charges in some dozen Texas cities and will face additional trials when final disposition has been made of the Haskell charges.

Plans Call For New Highway Between Cisco And Eastland

Air Force Reservists Warned To Advise of Changes of Residence

Air Force Reservists living in Arkansas, Oklahoma, or New Mexico who have changed their permanent address since becoming air force reservists are requested to notify Headquarters, 12th Air Force, Brooks Air Force Base, Texas, of the change, or of any future change that they make.

This notification is essential as the records of the US Air Force reserves are now undergoing a screening and consolidation according to information released by the 12th Air Force.

In the past AF reserve records have been kept by the various Air Force reserve installations throughout the United States. Under the new system reserve records will be consolidated and kept by the six numbered Air Forces under the Continental Air Command.

Records of AF reservists in Texas, Arkansas, Oklahoma, New Mexico, and Louisiana will be kept in 12th Air Force Hqs. at Brooks AFB, Texas. Similarly, the other five numbered Air Forces will keep reserve records in their headquarters of AF reservists living in their respective geographical areas.

Air Force reservists who have moved into the 12th's five state area should notify their former AF reserve unit or AF Hqs. which will automatically transfer their records to 12th AF Hqs.

This new system will provide both the Air Force and the AF reservist with an easily accessible source of information regarding pay, retirement, qualifications, and other pertinent data.

If an individual reservist fails to report a change of address, it will likely result in the existence of separate or incomplete files which can easily cause in-

Anson Xmas Ball Set For Dec. 21-24

The annual Cowboys' Christmas Ball is to be staged at Pioneer Hall in Anson Dec. 21-24, inclusive.

The Cowboys' Christmas Ball is commemorative of social life in a West Texas village and surrounding country in 1885. In the re-enactment of the historic and literary folk dance, all participants on Wednesday night, Dec. 21, and Friday night, Dec. 23, are to be dressed in the fashion of the 1880's and 1890's. Full length skirts, polonaise, bustles, ruffles, laces, hoops, overskirts, etc.—not so-called "western" attire—characterized women's dress at the social affairs of Anson and West Texas in and about 1885.

It is established that men and boys "ape" the Texas cowboy—even the earlier rodeo style of cowboy. Checked blouses, red bandanas, boots (not necessary) give colorful costume. However, at the original folk dance in '85 men wore high white collars and civilian suits which would be in order at the Cowboys' Christmas Ball.

The folk dances used at the original Ball were the square, the schottische, heel - and - toe polka, old waltz, and Virginia Reel. Several other folk dances, adopted by the Texas cowboys, have been incorporated in the Ball.

Resets, as of the original Ball, will have their callers with them on the floor.

Mrs. Charles Byrd, who resides at 1608 Ave. D, has gone to Wichita Falls for a week's visit with relatives.

Cycling Brings New Wealth To Texas Gas Areas

NEW ORLEANS, LA. Dec. 6—Cycling, a lusty young industry with nearly a quarter billion dollars plant investment located in Texas gas fields, was cited by Governor Allan Shivers here today as an example of new wealth born of conservation practices enforced by the state governments.

By maintaining pressure within certain type gas reservoirs, the cycling plants extract the major portion of the liquid hydrocarbons such as natural gasoline, butane and propane, and return the "dry" gas back to the producing sands where it is stored for future demand.

At the Interstate Oil Compact meeting which began here Monday, Governor Shivers pointed to cycling plants as an example of the increased recovery the states are enjoying from their natural resources as a result of state-sponsored conservation programs.

Governor Shivers said the capacity of cycling plants in the United States has grown 38 percent in the past year. Thirty-five of the nation's 48 cycling plants are in Texas.

The Governor cited figures which demonstrate the conservation aspects of cycling. Some 65 billion cubic feet of gas are cycled in the Texas plants each month. After approximately 78-1-2 million gallons of natural gasoline and butane and propane is stripped from the gas each month, approximately 75 percent of the gas is put back in the sands for future use as fuel.

Producers, land and royalty owners, the general economy and the various local and state government agencies benefit from the enhanced value which the cycling plants give the gas, he said.

Large Hereford Show Seen For Southwest Event

FORT WORTH, Dec. 5 — Inquiries indicate that the Hereford breeding cattle division of the Southwestern Exposition and Fat Stock Show will be as strong as the 1949 show which attracted probably the largest number of Herefords in the Ft. Worth exposition's history. Dates are Jan. 27 through Feb. 5.

The grand total of awards for Hereford breeding cattle will be \$15,800.

An important feature will be carload and pen bulls, the premiums having been increased to \$2,000. The special importance of the carload and pen division is that it brings animals splendidly suited as sires for commercial ranches and these bulls are available for purchase.

Thorp Hereford Farms of Britton, S. D. in 1948 and 1949 displayed the champion Hereford bull, the winner at the last Stock Show being The Royal Domino 37th.

The first auction sale in the new auction pavilion, which is being built, will be that of the Hereford breeding cattle. The auction will be sponsored by the American Hereford Association, beginning at 2 p. m., Tuesday, Jan. 31.

Deadline for cattle, sheep and swine entries in the Stock Show is December 12.

Preliminary engineering work has been completed by the Texas Highway Department and plans are being completed on the proposed new four-lane highway between Cisco and Eastland, it was reported here today.

It was expected that all preliminary planning will be completed in time for the contract to be let prior to next summer, it was reported.

The proposed highway will replace the narrow winding highway now being used and will eliminate a bad section of Highway 80. Plans call for the new road to be built north of the present route extending from four-tenths of a mile east of the Cisco City limits to a point just west of Eastland.

A new approach to Eastland from the terminal of the new road will be built. Plans call for a 52-ft. wide highway from that point to the Eastland City limits. The entry into Cisco will not be changed since construction in recent years gave the approach sufficient width.

A number of curves will be eliminated by the new highway and it will afford a safer artery between the two cities. Future plans call for widening of the highway from Eastland to Ranger and from Ranger to connect with the new section at Ranger Hill.

Meanwhile, contractors were working in Callahan County on topping the four lane highway between Eastland County and Taylor County. The Eastland County section has been completed for several months. It was expected that the Callahan section would be finished within the next few months and the highway opened for traffic before spring.

Annual Christmas Ball to be Held December 16

Due to conflicting programs, the first annual Christmas Ball to be sponsored by the Cisco Roundup Club will be held on Friday night, Dec. 16, beginning at 8 o'clock, at the Lake Cisco Pavilion.

The dance had previously been announced for December 15.

The club changed the date due to a conflict with the Christmas program being sponsored by the music classes, choral clubs, and bands of the public schools, the high school and junior college.

The Ball will be held at Lake Cisco and the public has been invited to participate. The price has been set at \$1 per adult couple and 50 cents for student couples, with the money to be used in work planned by the club.

Crack square dance teams are to be here from all over West Texas for exhibitions. The area's best callers are being contacted and asked to attend and good music has been arranged. The dance will not be confined to squares, but will consist also of round dancing, it was reported.

Local Masons Go To Waco Meeting

At least four Cisco Masons were in Waco today for the 114th annual communication of the Grand Lodge of Texas. Roy Wilson and G. R. Kilpatrick left on Sunday and A. L. Clark and Frank Leach left today.

The program will include dedication of the Grand Lodge's new temple, which was erected during the past year at a cost of more than \$1,000,000.

C. B. Midkiff, teacher in the city schools, was a successful hunter during Thanksgiving week when he joined his father and brother, W. J. and Frank Midkiff of Moran on a trip to South Texas. He returned with a deer and two turkeys.

What'll it take to fill his cup 10 years from now?

MAYBE YOU THINK he's insistent now—banging that baby cup on his high chair, begging you to fill it up.

But wait until he's grown a bit!

Then, the things he'll need will make today's problem of keeping that baby cup filled seem as simple as brushing the fuzz on his top.

For youngsters' needs grow as fast as their bodies.

And you're going to find it a lot easier to buy that bicycle for a teen-ager—a lot easier to pay for that college education he's going to need later—if you take this step right now:

Sign up for U. S. Savings Bonds under your firm's Payroll Savings Plan, if you're employed—or your bank's Bond-A-Month Plan, if you work for yourself.

That's the automatic way to make sure you're going to have the extra money you'll need to see your children through until they're able to go it alone.

Think of it! For every \$3 you invest in U. S. Savings Bonds now, you'll get back \$4 in ten years, when you're bound to need money more than you do right now.

But hurry and sign up. These youngsters grow fast!

Automatic saving is sure saving - U.S. SAVINGS BONDS

20th Century Club Has 'Child Welfare' Program Friday

The Twentieth Century club met Friday afternoon at the library club room with Mrs. H. N. Lyle, vice president, in charge in the absence of Mrs. Homer Slicker. Mrs. T. J. Dean was hostess and Miss Marie Winston was leader of the afternoon program.

A short business session was held and minutes of the last meeting were read by Mrs. C. R. Baugh, acting secretary. Roll call response was "Agencies Working for Child Welfare." The resignation of Mrs. Slicker as president was presented and accepted with regret. Report was made that a tuberculosis bond had been purchased. The meeting was then turned to Miss Marie Winston who announced the program of "Child Welfare." Mrs. F. E. Hays, president of the "Child Welfare Club" and Mrs. C. H. Egan spoke on "Child Welfare." Mrs. Charles C. Jones presided.

a talk on the "Progress Made in Child Labor Legislation." A round table discussion followed in which the child welfare program in Cisco was presented and discussed. The critic's report was heard after which the meeting adjourned.

Those present were: Mrs. C. R. Baugh, Mrs. E. P. Crawford, Miss Helen Crawford, Mrs. J. E. Crawford, Mrs. T. J. Dean, Mrs. C. H. Fee, Mrs. F. E. Harrell, Mrs. S. E. Hittson, Mrs. Charles C. Jones, Mrs. H. N. Lyle, Miss Effie Moore, Mrs. P. Petit, Mrs. Alex Spears, Mrs. J. E. Spencer, Mrs. C. R. West, Mrs. F. D. Wright, and Miss Marie Winston.

Legion Auxiliary Meets on Monday

The American Legion Auxiliary met Monday evening at 7:30 at the Legion Hall, with the president, Mrs. Gorum Pollard, in charge. Prayer was offered by the chaplain. A short business session followed. Report was made by the membership chairman that the Auxiliary now has a membership of 104, paid up for 1950. Mrs. Opal Blackstock was appointed chairman for the 42 tournaments of December and January. Time of future meetings was changed from 7:30 to 7 p. m.

Members were urged to attend chapel at High School Wednesday, Dec. 7 at 10 a. m. The program is being sponsored by the Legion and Auxiliary.

Motion was made that the Auxiliary co-operate with the

Legion in decorating a float for the parade Dec. 17. Plans were made to see that all veterans' families needing Christmas cheer be looked after and gifts provided.

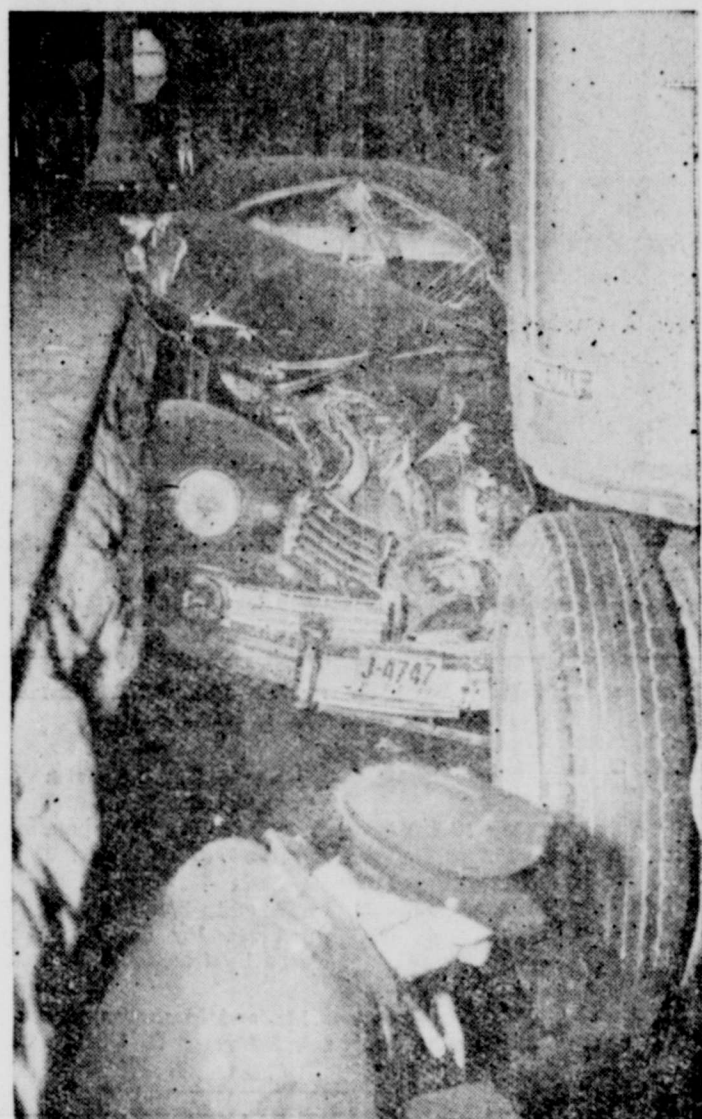

A program on rehabilitation was then heard, after which the meeting adjourned.

Those present were: Mmes. Gorum Pollard, H. N. Lyle, Barton Philpott, Charles Cofer, S. B. Parks, Opal Blackstock, Katherine Berry, Ethyle Berry, Myrtle Anderson, Tom Smith, Charles Roberts, Jay Warren

Fleming Waters, and Miss Lela Latch.

Exams Scheduled

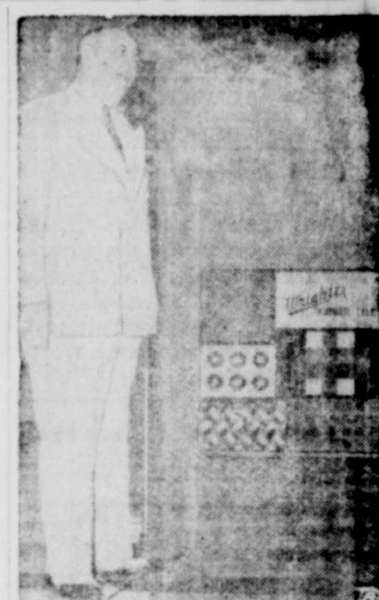

The Civil Service Commission announces an examination for filling vacancies in the position of Training Research Specialist (Helicopter) at the entrance salary rate of \$5400. per annum. Employment will be with various Federal agencies in the state of Texas. Application forms and additional information may be obtained from the local post office.

FATAL SQUEEZE—One person was killed and four injured when the driver of this car cut between the wall and a trailer truck in Washington, D.C., and got crushed between the two. The driver, Dan Wadsworth Lee, was charged with manslaughter.

ESSAY WINNER—Tilden R. Schofield, a Miami Springs, Fla., high school student, chats with M. Ernest G. Chauvet, UN delegate from Haiti during a session at Flushing Meadow, N.Y. The lad wrote an essay which won a contest sponsored by the United Nations Institute.

HOUSTON, TEXAS—Nobody is surprised at Tyrone Power's avalanche of fan mail, nor the bulky deliveries deposited on Boris Karloff's doorstep. But here is an amazing Texas, who gets fan mail daily that would make even the most prominent Hollywood actor envious. Yet, he has never appeared in pictures, nor is he a Hollywood producer.

Utterly sincere, the fan letters come mostly from housewives expressing gratitude because he has done something for their feet. Thomas F. Millane, president of Wright Manufacturing Company here, has produced two types of flooring that have spelled "emancipation" from foot trouble in the home and in the large industrial plants.

Millane, an imposing man with a well-adapted radio voice is in constant demand as a speaker. His Wrightfloor hard surface rubber tile has cut down employees foot trouble and increased industrial efficiency. Wrightex, a soft rubber tile for the home, has brought the deluge of letters from American housewives. "A typical fan letter reads 'Thank you Mr. Millane for introducing me a rubber tile. My old floors were so hard on my feet, I was becoming so irritable that I actually heard my own child call me 'Old Vinegar Bottle!' I was hard to get along with, I'll admit. But I wish I could explain to you how wonderful it feels to stand and walk on this new rubber tile. Even jobs that require a whole day's standing, I finish more quickly and in a much happier frame of mind than ever before. My husband thanks you too for a nicer 'me.'"

"Chiropractors explain basis reasons for these seemingly-miraculous changes," Millane said, "They describe rubber tile as a 'recoil pad'—which absorbs the body weight each time a step is taken. The foot ordinarily has to do this—and that's what tires it out."

DOWNTOWN QUARTERBACK

Downtown Quarterback is acclaimed by everyone who has seen it to be the finest and best football game ever to be placed on the market. The game is played by two quarterbacks who represent the opposing teams. The quarterback selects the play he believes best for his position on the field and spins the disk for the result of the play selected. Downtown Quarterback is activated entirely by a coil spring. A pressure

on the lever at the front of the game revolves the disk for the result of each play. The disk has 610 results of plays and two indicators identify the exact result of each play. These results are 99.2% accurate as compared with percentage averages of actual plays of intercollegiate football.

The "minutes to play" clock is automatic permitting 40 plays per quarter. Quarter indicator automatically records quarters.

DOWNTOWN QUARTERBACK accurately reproduces the realistic "tightening up" of the defense inside its 20 yard line. Here is a new game with field, ball, 10 yard chain, downs decoder, minutes to play clock, quarter indicator, all the plays, play indicator and results of plays numbering 610 on the revolving disk. It has everything football has but the exercise.

It Is Easy To Play, Yet Is As Comprehensive As The Real Football Game

RARE MODEL—The Tucan is being painted on the bathing suit of pretty Juanita Wintermute at a rare bird farm in Miami, Fla. The bird also acted as an unofficial critic and croaked some sounds of approval at both the girl and the painting.

Name Texas Youth 4-H Sectional Winner in Soil Conservation

Carroll Fowler

BEING chosen one of 16 sectional winners in the 1949 National 4-H Soil Conservation program was the honor bestowed upon Carroll Fowler, 29, of Lakeview. His splendid record showed that the need of a farm stock water reservoir first brought soil conservation to his attention. He soon realized the need of more terraces, soil tests, contouring and strip croppings. Some of these practices are already under way. Baby beef, swine and poultry, are among his chief projects, all of which depend for maximum feed production upon good soil. Carroll declared his goal is "to have all fields terraced, planted to the proper crop, establish good crop rotation, cultivate correctly, and have adequate supply of pasture and water." His award was an all-expense trip to the National 4-H Club Congress in Chicago, provided by Firestone Tire & Rubber Co.

This activity is conducted under the direction of the Extension Service of the State Agricultural College and USDA cooperating.

SHE'S ALL SET—Mrs. Peter Miller puts her horse, Indroff, through some paces as a warming-up exercise for the opening pageant of the International Horse Show in Chicago, Ill. Mrs. Miller is publisher of a Washington, D.C., newspaper.

SPRITELY—Actress Vera-Ellen stays fit for the strenuous dancing in her movies by romping on the beach at Santa Monica, Calif. A well-planned program of relaxation helps her keep that famous figure.

Toys for Christmas 1949 will produce in detailed miniature every phase of peace-loving America's arts, industries and sciences, according to the American Toy Institute. Playthings are designed to determine aptitudes and build careers in homemaking, architecture, fashion design, transportation, agriculture and chemistry. Cowboys and cowgirls are in high form. Here a happy little girl makes tea for Amosandra, the new doll inspired by a famous radio show. The tea set is a new design decorated with circus scenes.

LOOK WHAT HE WILL LOSE —

... if the buyer fails to get an abstract when he buys real estate. What will happen when he gets ready to sell or get a loan? Chances are he will be stuck for the price of an abstract and if the title proves to be faulty, an additional expense for legal services. It is customary for the seller to furnish the abstract and convey a merchantable title. It is the buyer's hard luck if he don't get both, without cost to him.

EARL BENDER & COMPANY Eastland, (Abstracting Since 1923) Texas.
