In the outline of the Calenar, Miss Karkalits pointed out, there will be four quarters, with three months to each quarter, 13 weeks to each quarter. Each quarter will also be alike; each beginning with a month of 31 days, the other two months having 50 days. January, April, July, and October would each have 31 days, all other months, including February, would be of 30 days' duration.

The extra day during leap ear would be called "World's Holiday," and would be devoted o progress of unity and peace. Another World Holiday is planned to fall in January, and to symbolize the same purpose of nternational co-operation and

#### De Soto Announces Brand New Model

De Soto announces a brand new model that goes on display at De Soto-Plymouth dealers on Tuesday, January 10. Advance information disclosed that the new De Soto will introduce a long list of new style and performance features. The rear of the car is completely new with sweeping, peak-crowned fenders; a wider, lower window 33% larger; a deeper, lower, more protective bumper; and relocation of the combined tail lights, stop lights, and directional turn lights. | you drive without shifting."

The newly designed grille is lower and new combined circular parking lights and turn signals are set into it. The hood ornament is a new beautifully sculptured bust of De Soto. Interior styling is luxurious. In the forefront of mechanical advances are new and larger hydraulic brakes. No car in America will have larger brakes. The 112-horsepower, high-compression engine combines with Tip-Toe Hydraulic Shift and gyrol Fluid Drive to give excellent performance and "lets
