

LET'S ALL HELP WORK OF RED CROSS IN AIDING STORM SUFFERERS IS PRAISED

BY BOB MOORE

Editor, Eastland Telegram

The disaster is always sudden, unexpected, and terrible in its consequences. Afterwards lies the tragedy, the heartbreak, the suffering. And so it was about noon on March 25, 1949, in the community of Desdemona, located south of Eastland.

It was like most any other day in Desdemona. The children were at school, the men were about their usual tasks to provide the family income, and the housewives doing their daily chores. Came noon and when lunch, out of the sky came appeared to be a giant

traveling at a rate of speed that would do justice to a jet airplane, and before the people had time to be alarmed, a giant whip commenced lashing the residential section on the outskirts of town.

Tornado — the West Texas grown variety — swept an area about eight miles long and a quarter wide in a hit and pattern. When it was over the twister had destroyed about 20 houses, injured 18 persons — several seriously — and damaged communications and did property damage of about \$100,000.

A deadly silence hovered over the stricken area — a scene of devastation — houses crumpled, matchboxes, trees uprooted, possessions destroyed, the remains of the injured. Help was needed — quickly and urgently. Where was this help to come from?

All of Eastland County has only one organization — the American Red Cross — to give prompt and competent aid. An organization dedicated to humanitarian service, regardless of creed and color, made possible by voluntary gifts of time, energy, and money the American Red Cross.

Within a brief period of time, the Eastland County Chapter of the American Red Cross was on its feet — going about its business of mercy. Jimmy Matthews of Ranger, disaster chairman.

Foreign Service Exams Slated By State Department

L. Miller, regional director of the Dallas Office of the U. S. Department of Commerce, has announced that the department of Foreign Service, will hold on September 5 to 8, 1950, a written examination for appointment as Foreign Service Officer, Class 6. The examination will be held at American diplomatic posts and consulates and at 17 civil service examination centers, including Dallas.

A little extra manpower this weekend would enable the Cisco Roundup Club to finish their rodeo and race track arena at the Eastland County Livestock Show grounds, club officials told The Press today.

Work was finished today on graveling the road to the arena and the areas around the stock pens. Bleacher seats have been completed by the FFA students on the north side of the arena.

Hanging gates, installing panels across the race track, work on the catch pen, and other finishing touches remain before the arena will be ready for use, officials said.

"We'll furnish all the nails anybody will help us hammer," the club said.

TOURNEY ANNOUNCED

The American Legion Auxiliary announced their regular game tournament for Saturday at 7:30 p. m. The tourney will be held in the Legion Hall.

Tournament play will include bridge, forty-two, and canasta.

Mr. and Mrs. H. D. Spain, accompanied by Mrs. James Lattin, Mrs. J. S. Stockard, and Mrs. Joe Wilson, made a trip to Fort Worth Thursday.

Taylor Services To Be Held In Rankin Saturday

Funeral services for W. A. Taylor, 71, retired oil field worker who resided at 906 West 9th, will be held at 10 a. m. Saturday in Rankin. Mr. Taylor died in Rankin at 3 p. m. Thursday following a heart attack.

Mrs. Taylor and son Billy were in Cisco when they received the news of his death. They left for Rankin Thursday night.

They had lived at the 9th St. address for a number of years. Billy Taylor is a senior in Cisco High School.

Butler Talks On Communism For Rotary Meeting

B. A. Butler explained the workings of Communism and the difference between Communism and Democracy to Rotarians and guests at their regular meeting at the Hotel Victor Thursday.

Mr. Butler explained the contents of parts of the Communist Manifesto and showed that the plan could only work through 100 per cent surrender of the people's freedom. He stated that Communism was more than just a political and economic system and that the movement did not foster political or religious ideals. He stated that the gulf between communism and democracy was so wide that there could be no possible meeting place.

"Communism does away with the honesty of man and leaves nothing to individual responsibility," Mr. Butler stated. "It works on the theory that man is a victim of his environment and fosters the idea of overthrow of Capitalism to do away with class distinction. It also works on the theory that to make socialism work man must be made worthless. It leaves no place for personal liberty in its plan."

Mr. Butler appeared on the program at the invitation of R. L. Ponsler.

Visitors at the Thursday meeting included Rotarians J. H. Hinton of Loving, New Mexico, William E. Wilson of Rochester, New York, C. A. Deuschle of Mineral Wells and J. B. Blunk of Eastland. Other visitors were E. R. McKinley of Grand Island, Nebraska, Jarrel Hale of Abilene and Joe Gains of Lubbock.

Help Needed To Complete Work On Club Rodeo Arena

The championship team of the tourney will be decided Saturday night when the winner of the Olden-Cisco "A" game will play the Scranton "A." In the consolation bracket, the Baptist R. A.'s will play the winner of the Cisco "B"-Scranton "B" tilt.

The admission to the last rounds of play will be the same as before — for adults, 25c, and children, 10c.

Man Is Held In Grocery Robbery

F. W. Powell, about 40, was charged Friday with burglary of the A & P store in Ranger, it was reported by Eastland County Sheriff J. B. Williams. The burglary occurred on the night of January 14.

Powell was in the Callahan County jail where he was charged with participation in the burglary of the W. T. Cox Grocery in Cross Plains. He was arrested on a bench warrant in Kaufman Tuesday and returned to Baird by the Callahan County sheriff.

Mr. and Mrs. O. G. Lawson were business visitors in Abilene Wednesday.

CHINESE OPERA—Players of a Chinese-American theatrical group go through their paces in San Francisco, Calif., in conjunction with the Chinese New Year's. The group, organized four years ago and completely amateur in nature, is attempting to perpetuate Oriental opera. This portrays a court scene with a dancing girl performing for the court sage, a king and a princess.

Two Men Injured In Auto Collision

Two persons were injured, one critically, in an automobile collision some five and one half miles east of Cisco on U. S. Highway 80 at 5:30 p. m. Thursday.

In hospitals Friday were Guy Brogdon of Cisco and W. G. Breckenridge of Fort Worth. Brogdon received a broken leg and severe bruises but his condition was reported as satisfactory. Breckenridge was reported

to be in a critical condition from multiple injuries.

The accident occurred when Breckenridge lost control of his car after negotiating a curve, it was reported by Highway Patrolman T. S. Barrett, who investigated the crash. Breckenridge was driving a 1949 Chevrolet and Brogdon was driving a '36 Ford. Both cars suffered extensive damage, Barrett reported.

Olden, Scranton And Cisco Take Tourney Openers

The Cisco Junior High School basketball tournament got underway at the Community Gym Thursday night with some mighty big scores for such small ball tossers.

The Olden five won honors over the Baptist R. A.'s with a score of 22-11.

Cisco "A" licked Scranton "B" by a large score of 47-5. The Scranton "A" team returned the compliment at the expense of the Cisco "B" lads, 28-8.

Tonight the Cisco "A" will meet Olden at 7 o'clock, and the "B" Ciscoans play Scranton "B" at 8 o'clock to determine the semi-finals winner.

The championship team of the tourney will be decided Saturday night when the winner of the Olden-Cisco "A" game will play the Scranton "A." In the consolation bracket, the Baptist R. A.'s will play the winner of the Cisco "B"-Scranton "B" tilt.

The admission to the last rounds of play will be the same as before — for adults, 25c, and children, 10c.

'Cancer School' Now Assured For Texas Citizens

HOUSTON, March 10.—A "cancer university" is now assured for Texas.

Beginning of construction this year, with completion probable in 1951, of the M. D. Anderson Hospital for Cancer Research will boost the Texas campaign against cancer on four fronts—prevention, treatment, research and teaching.

An appropriation of \$1,350,000 by the special session of the 51st Legislature, supplementing earlier appropriations of \$605,554, makes available assets of more than \$5,350,000 for constructing and equipping a new building for the cancer hospital, a unit of the University of Texas. From other sources \$3,394,446 is available.

The hospital, now functioning in temporary and scattered quarters in Houston, will become a part of the proposed Texas Medical Center. Its completion, said Dr. R. Lee Clark, Jr., director, will make available in Texas vastly improved facilities for a co-ordinated fight against cancer.

There is nothing comparable to the hospital in the entire South, and the nearest similar institution is the huge Memorial Hospital in New York, Dr. Clark said.

Plans for the new hospital are being prepared by Mackie and Kamrath, Houston architects, and probably will be completed by June or July. Bids may be taken by September and ground broken soon thereafter.

The M. D. Anderson Hospital is the key institution for cancer control in Texas.

BOX IN WEATHERFORD

Six Cisco Junior College boxers will compete in an intercollegiate meet in Weatherford Friday and Saturday nights, athletic coaches said today.

Fighters from Ranger, Clifton, Howard County, Weatherford and perhaps other colleges will contend in the bouts.

Making the trip for Cisco will be Willie Block, Bill Tabor, Ross Fenley, Arkansas Allen, Bill Everett, and Sonny Bosworth. As the Ciscoans have considerable experience in Golden Gloves and inter-city matches, they are conceded a good chance of taking team honors although unrepresented in two weight divisions.

Mr. and Mrs. L. W. Tucker received word today that her aunt, Mrs. Willie Williams, had died in Austin Thursday night about 9 o'clock. Mrs. Williams had been an invalid for the past eight years. She is also survived by a sister here, Mrs. Sarah Lucas of 409 West 5th Street. The body of Mrs. Williams will be taken to Sylvester for interment. Her husband, Dee Williams, was buried there about two years ago.

Mr. and Mrs. Victor Lawson and small son of Moran spent Thursday afternoon here in the home of his parents, Mr. and Mrs. O. G. Lawson.

Lone Star Completes Dennison As Gasser; Ramsey Gets Water

CATTLEMEN READY FOR ANNUAL TOUR OF RANCHES IN COUNTY

A group of Eastland County cattlemen were ready today for the annual ranch and dairy tour of the county to begin early Saturday in Eastland. Schedule for the tour was worked out at a recent meeting of County Agt. J. M. Cooper, C. M. McCain, and A. V. Clark.

Leaving Eastland at 9 a. m., the group will go first to McCain's ranch to inspect his Holstein cattle and Suffolk sheep. Next stop will be at the C. C. Harris place near Eastland to see his

Johnston To Sink New Hole In Lake Area East Of City

Important oil test wells in the Cisco area were reported today to be turning out to be better gas prospects, a survey of drilling activities indicated.

Lone Star Producing Company's No. 1 J. W. Dennison, five miles southwest of Cisco, was completed as a small gasser, it was announced. Gas of more than 1,000,000 cubic feet was flowing from the Caddo lime.

It was understood that an official test would be run on the well Saturday to determine its gas potential. Following the test, it will be shut in to await instructions from company headquarters. To use the gas Lone Star would have to lay some four miles of pipe line.

McElroy Gets Water

Eight miles west of Cisco, the McElroy Ranch Company's No. 1 W. A. Ramsey recovered sulphur water in an Ellenburger drill stem test. No Mississippi line was encountered. A test in the Duffer showed considerable gas.

Considerable gas had been recorded in the Caddo lime with some distillate recovered. It was understood that officials were studying logs before determining the next step. Reportedly they had said they were not interested in a gas well. Whether the well will be plugged for a completion attempt made in the Caddo will be determined by a study of well logs, it was said.

Drilling at 1457 Feet

Some 10 miles north of Cisco, Lone Star was drilling at 1457 feet today in their No. 8 Callo-way, a Caddo pool well. If good production is not encountered in the Caddo, this well was expected to seek Ellenburger oil.

Johnston To Plug

Two miles southeast of Cisco, E. C. Johnston Drilling Co.'s Lake prospect, which got out of hand in completion work, will be plugged, it was understood. Equipment will be skidded and a new hole will be drilled.

Oil men said this was necessary after wedged tools in the original hole punctured the casing and efforts to repair the damage failed. Strong gas pressure was unexpectedly encountered in the Lake formation to cause the trouble.

Hickok at 2600 Feet

Northeast of Cisco, Hickok Producing Company's No. 3-A Wright and Harrell was drilling at 2600 feet with cable tools. Located in the J. B. Hoxie survey, this is a semi-wildcat. It is two miles north of Kleiner Field production.

Search Begins In West Texas For Estate Owners

CHICAGO, Ill., March 9.—Possible descendants but more likely brothers and sisters of nieces and nephews of Stephen A. Howard and his wife, Sarah, nee Stokes, are being sought in West Texas to claim an estate of \$5,200 of which they obviously never heard.

Walter C. Cox, probate generalist, who specializes in tracing missing relatives to settle estates, is directing the hunt but with few helpful clues.

"The estate was left," Mr. Cox said, "by a descendant of Mr. and Mrs. Howard, who died without issue, and inheritance therefore reverts back through their lineage to their next of kin."

"The Howard's were married in west or east Texas in about 1880, and there is reason to believe that the relatives sought are now living somewhere in Texas."

"Mr. and Mrs. Howard's children or grandchildren, if any, would have first claim to the tidy estate. However, since it appears doubtful that there are any such descendants, the couple's brothers and sisters or nieces and nephews successively, would be next in line."

Mr. Cox warned that persons believing themselves to be the heirs sought must submit proof of relationship acceptable to the estate.

Coffee Shop Will Be Open Every Day

The Victor Hotel Coffee Shop will be open seven days a week in the future, it was announced today. The coffee shop had been closing on Saturdays for the past several weeks.

Chamber Managers Study Highway 80 Advertising Plans

Chamber of Commerce Manager B. A. Butler, along with H. J. Tanner, Eastland manager, and Rip Galloway, Ranger manager, made plans for a meeting to be held within the next two weeks, exact date to be set, at Sweetwater of Chamber of Commerce managers along U. S. Highway 80, from Weatherford to El Paso.

The three Chamber managers visited with other Chamber men in Abilene, Sweetwater and Colorado City relative to calling the session for the purpose of discussing means to popularize and advertise the U. S. 80 route from Weatherford on west.

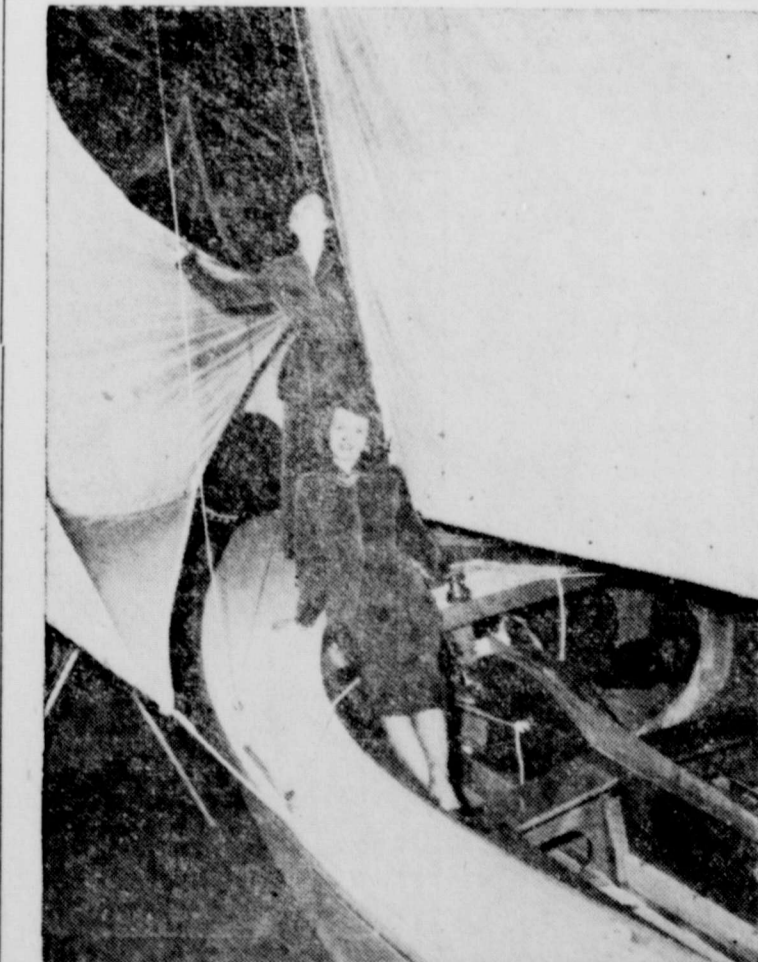

The problem at hand is to direct traffic on to highway 80 instead of 180.

Grace Lutheran Services Planned

The mid-week Lenten Services at Grace Lutheran Church will be conducted tonight at 7:30 o'clock by Pastor Obenhause, retired Lutheran Pastor.

Pastor Obenhause, a veteran of the Lutheran ministry, is regularly serving as vacancy Pastor of Christ Lutheran Church, south of Cisco.

Lenten Services are conducted at Grace Lutheran Church each Friday evening at 7:30 o'clock for the entire Lenten season, or six weeks preceding Easter. The special theme of the Lenten Services is the "Passion History of Christ."

READY FOR USE—Peggy Erzinger, standing, and Peggy Harr are shown aboard a new racing sailboat introduced at the Outdoor Show in Chicago, Ill. Five feet had to be lopped off the boat's mast so it could be exhibited. Behind the girls billows the spinnaker which is filled out with an artificial breeze from a fan.

Doctors To Hold Clinic Meeting

Approximately 1,000 doctors from over the State are expected to gather in Dallas during the weekend for the opening Monday morning of the four-day annual session of the Dallas Southern Clinical Society conference.

Twelve outstanding physicians will speak to the convening doctors on general fields of medicine in which they have won prominence and discuss the latest developments in those fields at this refresher course of physicians of the State.

One of the high points of the assembly will be a meeting Monday evening at 8:00 p. m. in the Crystal Ball Room, Baker Hotel, which will be open to the public. Guest speaker will be Dr. Ernest E. Irons, President of the American Medical Association, who will speak on "Medicine and Freedom." Governor Allen Shivers has also been invited to speak at that time on the future of American Medicine.

Mr. and Mrs. M. E. Fry spent today at Colorado City where they visited his sister who is ill.

Mrs. J. V. Heyser has been ill the past two weeks in her home at 1006 Ave. N.

Witnesses Of Navejo Meteorite Tell Of Event And Interest It Created

Recent "meteorites" and "flying saucers" are actually believed by some experts in astronomy and on meteorites themselves to be "guided missiles from a northerly direction, probably from over the polar regions," it was revealed this week by Eugene Clyde Weafer of Gause, who with Mrs. Weafer was among the few witnesses of the Four Corners Area Meteorite that flashed across the northern end of the Navajo Reservation and apparently dropped into the Carrizozo Mountains, in August, 1949.

The Weafers and their five children were living in the trackless desert of the Navajo Reservation, when Mrs. Weafer in the dusk of one evening saw the developing smoke trail of some huge object in the sky. She called Mr. Weafer, who saw the object as a fiery ball apparently going in the other direction. Being without radio or newspapers, the Weafers did not know that they were witnesses to the important Navajo Meteorite, which was being given national newspaper attention (and was later described in The Saturday Evening Post).

The Weafers reported their unusual experience to persons who had been in civilization, and were told that it was the much talked of meteorite. Soon university scientists appeared and set up measuring and calculating devices at the point where Mrs. Weafer first saw the strange object.

"Internationally known experts," says Weafer, "who were present that day at our home, approached me and told me that it was no meteorite, but a guided object more than likely from the military establishment of a foreign power. There seemed considerable agreement among scientists and military authorities on this point, it was explained."

The Weafers, two years isolated in scenic Arizona in uranium mine country, returned to Texas last year, where the family has been active in the founding of The Milk Bowl, an annual Bowl game for peewee eleven's played at Cameron. Weafer, widely known throughout Texas for his

public relations activity for private schools and colleges, was recently a candidate for the State Board of Education from the Tenth District.

WORK OF RED CROSS

Continued from Page 1)
man, and Harry Taylor, home service chairman, surveyed the damage, and reported by wire to the Midwest Area Office of the Red Cross in St. Louis, Mo. In a short period of time Mrs. Kenneth Jameson of Ranger, field worker with headquarters in Waco, and Rebekah Bond, nurse of Beaumont, arrived to assist.

On the afternoon of the tor-

nado, the Red Cross set up temporary offices and quarters in the Desdemona schoolhouse. Hot food was served in the canteen provided for those who had no place to go. Injured were admitted to a Gorman hospital for treatment. Clothing was distributed to those who had lost all of their family possessions in the terrible twist. Within a month the Red Cross had expended more than \$19,000 for the relief of the victims and relief is continuing to the present time to one woman undergoing plastic surgery for injuries sustained.

Besides the tangible material aid given by the Red Cross, there was the psychological uplift given the unfortunates in knowing there was someone who cared, who was ready to help. The calm, efficient, and trained manner in which the Red Cross workers went about their duties helped dispel the hysteria, the fear, and the shock. Out of the help of the Red Cross, despair was banished and new hope and courage born. Today, almost a year later, few visible signs remain of the havoc created by the tornado, but within the hearts of those who survived the tragedy lies gratitude to the Red Cross and the generosity of the people of America, who made it possible.

While disaster relief, such as in the Desdemona tornado, is, perhaps, typical of the aid Red Cross is ready and willing to give, it benefits through many other types of services. In Eastland County, alone, last year more than 400 cases of relief was made by the home service committee. All of these cases

were not of a monetary nature, as some received an emotional relief in finding a sympathetic person to which to pour out their troubles.

The annual campaign of the American Red Cross is currently underway, with a quota of \$5,500 set for Eastland County. Half of the funds raised remain in the county, while the remainder goes to the national organization. One of the few organizations not subsidized by the government or tied up in politics, the Red Cross funds are derived solely from gifts by the general public. You can help the Red Cross help the needy by doing your part to see that the Eastland County quota goes over the top.

Thought For Today

If I never do anything for the other person, how will he know that I'm a pretty good fellow?

NUMBER FOUR IN A SERIES

MEET YOUR MINISTER

THIS WEEK: REV. CECIL STOWE

REV. CECIL STOWE

Rev. Cecil Stowe of the Church of the Nazarene was born in Greer County, Oklahoma, June 1909. He was the fifth of ten children. His father was a farmer and his mother died when he was four years of age.

Brother Stowe received his elementary and high school education at Lone Wolf, Hobart, and Hydro, Oklahoma. In high school, he participated in athletics — principally baseball and wrestling.

His high school education was interrupted by a very serious illness. For three months, he was completely paralyzed. At a number of times during this illness, doctors gave him as much as 30 minutes to live.

Brother Stowe's face lights up with a smile as he tells of his miraculous healing. He tells of "old-fashioned" Methodist teaching in the community who came to see him and earnestly prayed to God in his behalf. From that time until the present, he has told his friends of the Great Physician who healed his paralyzed body in answer to the prayers of his humble preacher-friend.

He is a great believer in the Scripture, "The prayer of faith shall heal the sick," although he says he does not go in for public demonstrations that he feels are often used for the single purpose of drawing crowds.

Although Brother Stowe's father was a Baptist and his mother was a Methodist, he says he found the people who believed the Word of God as he did in the Church of the Nazarene and since his early twenties, he has served as a Nazarene minister.

It was in a Nazarene church in Hobart, Oklahoma, that the young preacher met Miss Georgia Epler, who was soon to become Mrs. Cecil Stowe. She has been his companion and co-worker for over twenty years and he still declares that a church is the best place for a young fellow to meet a wonderful girl. At present, Mrs. Stowe is teacher of the Ladies Sunday School Class at the Cisco Church of the Nazarene and also president of the Women's Missionary Union.

After the Nazarene minister was married, he got off four more years of school work. He finished his high school requirements and also studied at the Northwestern State Teachers College at Alva, Okla.

They have two daughters, Jean, 19, a second-year student

Oklahoma. In 1941 he came to Texas to accept an invitation to be pastor of the Abernathy Church of the Nazarene. He has served the Cisco congregation for four years and says that he really likes this community.

The growth and progress of his church here is evidence that the community and the Nazarene congregation like Brother Stowe. Recently, the church building has undergone extensive improvements. The roof and the front of the auditorium have been remodeled and a large square tower has been built to serve as vestibule in front of the building which causes the rock-veneer structure to add much to the appearance of West 7th Street.

As for the future, Brother Stowe does not have any definite plans at this time. But this sincere preacher of the Word says with the familiar hymn, "I'll follow my Christ who loves me so, Wherever He leads I'll go."

at Cisco Junior College, and an employee of the J. C. Penney store here, and Gu-Ree, 16, a junior in Cisco High School.

Mrs. Stowe tells of a humorous incident that happened recently in a local drug store. Brother Stowe and his older daughter were having a cold drink at the fountain. A lady nearby was heard to whisper to her friend, "Isn't that the Nazarene preacher? Well! Who is that red-headed woman he is with?"

Rev. Stowe has pastored Nazarene churches in Lexington, Hydro, Dover, and Walters, Texas.

Baptist Association To Have Monthly Meet

The Workers Conference of the Cisco Baptist Association will convene at the First Baptist Church of Eastland Tuesday.

The program which will begin at 10 a. m., will pay tribute to the ladies of the Women's Missionary Union of the Baptist churches of this area, and will conclude with a sermon by Rev. H. D. Blair, associational missionary.

Members of the East Cisco Baptist Church and the First Baptist Church here were expected to attend the monthly meeting.

Catholic Church Here Exceeds Bishop's Quota

The Holy Rosary Catholic Church of Cisco was among five parishes of the Abilene District to exceed their quota in the Bishop's Jubilee Program, Don Gallagher, district chairman of the campaign announced today.

There is a total of 20 parishes in the Abilene District. The parishes reaching the 100% mark include: Sacred Heart, Abilene; St. Joachim, Clyde; Sta. Rita's, Ranger; Holy Rosary, Cisco; and St. Francis, Eastland.

Gallagher said that the quotas were based on an expected membership in the Bishop's House of Charity and were not based on the amount of money contributed to the campaign.

The program has been instituted as a tribute to Bishop Jos. P. Lynch, of Dallas, on the completion of his fiftieth year as a Priest of the Catholic Church. It has been inaugurated in an attempt to broaden and improve the work of the Catholic charities in North Texas.

Presbyterian Church To Have Special Offering

The Program of Progress of the Presbyterian churches throughout the world has united to make this next Sunday, Mar. 12, the day when an offering will be taken at the churches for overseas relief, both for Europe and Asia.

The goal is set for \$600,000. Last year a nationwide appeal helped raise \$3,000,000 through this Program of Progress.

One Great Hour of Sharing, a radio program, will be broadcast by four national networks Saturday evening.

All interested persons were urged to hear this broadcast and to come to the First Presbyterian Church Sunday prepared to give to this vital need of relief and rehabilitation work in Europe and Asia. A collection of clothing is also being taken by the church women, and anyone having items were asked to leave them at Mrs. P. R. Warwick's home.

Christian Church Services Announced

"God in Christ — Christ in You" will be the sermon topic Sunday morning of Rev. Maurice D. Swisher, at the First Christian Church.

Church School meets at 9:45 and worship services are conducted at 11 a. m. and 7:30 p. m. An all-church fellowship will follow the evening worship hour.

Women's Missionary Council meetings Wednesday will be as follows: Council No. 1 will meet at 3 p. m. in the home of Mrs. W. L. Harrell; Council No. 2, at 7:30 p. m. in the home of Mrs. Ethel Mae Wilson; Council No. 3 will meet at 3 p. m. in the home of Mrs. Carl Lamb; and Council No. 4, at 7:30 p. m. in the home of Mrs. James Denton.

Ladies of the church were urged to be present at these meetings.

Church Of Christ To Hear Elder

A. Z. Myrick, elder of the local Church of Christ, will speak to the congregation Sunday at both services.

The public was invited to attend. Church officials said that their new minister will move to Cisco April 1.

ONE GREAT HOUR of SHARING

These are days of many and serious world problems, which America cannot ignore. Cold war, strikes, revolution, conflict are the phrases that make today's headlines.

Numerous are the theories advanced for solving these problems. Statesmen, economists, and diplomats have tried and failed to achieve their goal of world peace.

But there is another force at work that promises greater success. This is the power of love, fellowship, and understanding — and it takes its banner under the name of Christianity.

On Sunday, March 12, Christians the nation over will gather together to pool their wealth, talents, and faith in ONE GREAT HOUR OF SHARING. Only through such united efforts as this can the world come to know the peace that it desires.

Come to Church this Sunday morning and share with others the peace and security that you know will come from Christian living and Christian faith.

THE CHURCH FOR ALL ... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

SOCIETY AND CLUBS

AND NEWS OF INTEREST TO WOMEN

Mrs. A. F. Ashenhust Is Circle Hostess

Mrs. A. F. Ashenhust was hostess Tuesday afternoon when Circle Two of the Women's Missionary Union of First Baptist Church met for the regular session with Mrs. C. S. Suffles, chairman, presiding.

The meeting was opened with prayer by the hostess following which a short business session was held. Discussion of filling a box to be sent to needy people in Europe, was held. The assignment for the month - to conduct cottage prayer meetings in the homes of members - was also mentioned. Report was given of taking a potted plant to a member who is ill. The minutes were omitted, due to illness of the secretary.

Mrs. O. L. Mason brought a splendid devotion after which the meeting was turned to Mrs. C. P. Cole for the lesson from the mission book, "The prophet of Little Cane Creek" by Harold E. Dye.

A social hour was enjoyed following the meeting and refreshments were passed to Mrs. C. S. Suffles, Mrs. C. P. Cole, Mrs. W. H. Hall, Mrs. C. M. Hammett, Mrs. Anderson, Mrs. O. L. Mason, Mrs. W. J. Poe, Mrs. C. A. Farquhar, and the hostess, Mrs. Ashenhust.

Circle Four Meets Tuesday Afternoon In Langston Home

Circle Four of the Women's Missionary Union of the First Baptist Church met Tuesday afternoon in the home of Mrs. G. B. Langston at 401 West 3rd St. Mrs. Leo Keelan, chairman, was in charge and prayer, led by Mrs. A. R. Day, opened the meeting.

Minutes of the last meeting and membership roll were read by Mrs. Fred Grist. Roll Call response was a favorite verse of scripture. The assignment for the month - to do something for a

young woman student of Southwestern Seminary - was discussed, and plans were made to do this.

It was agreed to assist the exchanged department also.

The meeting was then given over to Mrs. A. R. Day who discussed the first two chapters of the mission book.

During the social hour which followed, refreshments of delicious cake and fruit punch were passed to Mrs. Leo Keelan, Mrs. A. R. Day, Mrs. O. G. Lawson, Mrs. Fred Grist, and Mrs. Langston.

Mrs. L. C. Burzenski Hostess To Group In Home Wednesday

Mrs. Winona Burzenski was hostess when Group Four of the Women's Council of the First Christian Church met Wednesday afternoon in her home for the regular meeting. Mrs. Myra Jean LaCasse presided in the absence of Mrs. Mabel Fletcher, who is ill. The meeting was opened with the Lord's Prayer, voiced in unison.

Mrs. Dureen McCracken gave an interesting devotion, "Makers of the Hebrew Nation," using a scripture basis from the second chapter from the Book of Judges.

A splendid article from Time Magazine entitled "This Is Your Hour," was read by Mrs. LaCasse following which a short business session was held. Minutes of the last meeting, read by Mrs. Jo Latson, were approved and the treasurer's report given. Business matters pertaining to the work of the Group were discussed and at the close a social hour was held.

Refreshments were passed to Mesdames Myra Jean LaCasse, Bobbette M. Smith, Billie Joe Clark, Nell Denton, Betty Dill, Dureen McCracken, Charlotte Overall, Gladys Swisher, Jo Latson, and the hostess, Winona Burzenski.
