

W. HENRY NAMED PRESIDENT OF ROTARY CLUB FOR NEXT YEAR

C. W. Henry was named president of the Cisco Rotary Club for the year beginning July 1, 1950, at an election held during a regular meeting of the club at the Hotel Victor at noon Saturday.

C. W. HENRY

Mr. Henry has been a resident of Cisco since September, 1945, that time he moved here to own a feed and produce store on East 9th. He has been a member of the local club for three years and previously had served as a director and vice-president.

Credit Agency Will Celebrate 10th Birthday

The golden anniversary of the Retail Merchants Association of Cisco will be celebrated at the organization's convention in Fort Worth May 21-23. Mrs. Lucile Hymyer, secretary of Merchants Association, today was advised.

A large delegation from Cisco to the West Texas area is planning to attend the golden jubilee meeting, she said. Six affiliated chapters will meet with the Association at the Texas Retail Executives of Texas, Lone Star Council of Credit Women, Southwestern Petroleum Credit Association, Associated Credit Bureaus of Texas and the Collection Services Division of the RMA of Texas.

West Texas has been closely identified with the 50 years of progress achieved by the Retail Merchants Association of Texas. Huffmyer pointed out that Texas has been awarded a generous portion of the 47 conventions (no meetings held during two war years) that had been held since the organization's founding, and a number of West Texans have been honored by election to the presidency.

What was later to become the Retail Merchants Association of Texas was organized by the late William Capers of Dallas at the turn of the century. He served as first secretary. The late A. H. Thomson of Dallas was the first president, and the first convention held in Fort Worth, June 1901.

F. A. Thomson, formerly of Stephenville and now a grocer in Temple, is the oldest living ex-president. He served in 1910. He plans to attend the convention. All ex-presidents have been invited to attend.

Golden jubilee ceremonies are being arranged by J. E. R. Childers, Jr., of Dallas, a former president. In addition, there will be numerous addresses by recognized authorities in the various fields of collection and credit.

Census Figures Show Women To Be The Oldest

Statistically, according to the United States Bureau of the Census, Mrs. America on the average is several months older today than Mr. America. She is just over 30 years of age. His age is somewhat under that figure.

A capitation of ages reported for all persons in the 1940 census reveals that the median age of American males and females at that time was approximately the same - 29 years. More recently the Census Bureau estimated the median age of the fair sex as 30.2 years and the median age of the males as 29.3 years. The median age of all Americans was calculated at 29.8 years as of now. The median age is defined as that point in the age classification which divides the individual into two ages groups.

Returns of the 17th Decennial Census now being conducted are expected to confirm Census Bureau estimates of increases in the median age of the population. The median age of all Americans increased nearly five years from 24.1 years in 1910 to 29.0 years in 1940, the biggest change being noted in the 1930-'40 decade, 2 1/2 years, from 26.5 to 29.0. The median age in 1920 was 25.3 years for females. While the median age of males had increased 4.5 years by 1940, the median age of females rose 5.5 years.

Anton White was elected vice president and W. W. Fewell was re-named secretary for his third term.

New directors are Con Collins, A. E. McNally, and John W. Spiers. Bob Elliott is the retiring president and Henry has served this year as vice president.

Floyd Shepherd was in charge of the program for the day and gave a talk on local industry. He had a display of a number of articles manufactured in Cisco plants and described each article. He said that small industries in Cisco added more than a quarter million dollars annually to the local payroll. The physical plants are valued at near a million dollars and they do more than 3/4 million dollars business annually.

Visitors were Rotarians E. D. McDowell and Charlie Fox of Breckenridge and J. M. Bailey of Eastland. Other visitors included Guy Ward of Cisco, H. W. Dabney of Savannah, Georgia, Bill Wood of Dallas, and Joe Morrison of Dodson.

Testing operations continued today in the Bankline Oil Company's No. 1 Mrs. Briggs Owens, wildcat oil test five miles east of Cisco, after the Duffer lime formation was treated Thursday with 2,000 gallons of acid.

Swabbing work began after the casing was perforated and the formation treated with acid. It was reported that the Duffer "wasn't looking too good," and that completion work will soon begin at a higher formation.

It was understood that Bankline had four possible pay formations in the well, including the Lake sand and the Caddo lime.

Dennison Re-Acided

Lone Star Producing Company has shut in their J. W. Dennison No. 1, five miles southwest of Cisco, after treating the Caddo lime gasser with 2,000 gallons of acid this week. Tests were showing oil at the rate of eight barrels per day.

The well flowed in heads after being shut in 12 to 15 hours, making one to two barrels. Recent work killed off considerable gas.

Lone Star shut in the well to run bottom hole pressure tests and to decide on further activities.

Autos Damaged In Crash Here

Two cars were damaged extensively early Friday in a collision at the intersection of Ave. D and U. S. Highway 80.

The accident occurred at 6:05 a. m. when a car driven by S. D. Cooke of Cisco was hit in the left side by a 1948 Ford driven by James Willingham of Odessa. Cooke was driving a 1949 Chevrolet sedan and was alone. He was uninjured.

In the car with the Odessa man was an elderly man, two women and two children. None of them received more than bruises and shock. They are en route to Texas-arkana to attend the funeral of a relative. Cooke was traveling north on Ave. D when the accident occurred.

City Officer Weldon Page, who investigated the accident, said it occurred when Cooke entered the intersection mistakenly on a red blinker signal. Mr. Cooke stated that he thought the blinker signal was a caution light and did not stop.

Chief Perdue reminded local drivers that a red blinker signal was a stop light and not a caution sign. The caution signals are amber. He warned motorists to stop at the red blinker lights before entering the intersection.

INTRODUCTION
 Background of the book of 1 Corinthians.
 Who wrote the book of 1 Corinthians? PAUL.
 When did Paul write this book? 57 A.D. from Ephesus. (See 1 Cor. 16:10-12)
 Why did Paul write this letter?
 Apollas had gone from Ephesus to Corinth and had been so successful there (Acts 17:27-34); so much so that a serious schism arose in the church over Apollas and Paul (1 Cor. 1:12; 4:6-11).
 The Judaizers came also to Corinth and used the name of Apollas (Peter) to stir up opposition against Paul (1 Cor. 1:12).
 The household of Chloe brought fresh news about it all (1 Cor. 1:11).
 The church sent a formal letter to Paul about their trouble (1 Cor. 7:1).
 False teachings concerning resurrection had crept into Corinth (1 Cor. 15:29, 35).
PIETISMS — Denial of existence at all beyond death.
STOICISM — At death personality disappears.
PLATONISM — Denial of the resurrection of the body.

The Churches Of Cisco Welcome You

VISION OF THE CROSS

A great stone cross rises from the rugged peak of a lofty mountain, and pious people often journey there to pray.
 As some devout women prayed, the cross suddenly seemed to be transfigured, and a bleeding figure appeared stretched upon its stony surface.
 The suppliants stared in wonder, but the drooping figure lifted its head and said softly:
 "I suffered much for thee."
 The vision vanished and the devout women went away strengthened in mind and soul. They had seen a vision of the Christ.
 People who suffer for others are too often unappreciated. We do not see them in our visions and dreams. Yet millions of lives have been redeemed or have been blessed and strengthened because somebody loved them and suffered for them.
 The Cross—glorified by Jesus—is the symbol of this suffering too. For those who bear the burdens of others, and suffer for their sakes, are His brethren and partakers of His sacrifice.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH
 The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and financial support. Plan to go to church regularly and read your Bible daily.
