CISCO, TEXAS, THURSDAY, APRIL 20, 1950

NUMBER 108

The Gay Philosopher

By J. W. S.

FOUR CISCO Boy Scouts want to attend the annual Jamboree at Valley Forge, Penna., June 29 to July 7. And it will cost them \$175 each. They're not asking for donations. They want to earn the money and they're ready and willing to work.

The boys are: Eagle Scout Bill Wham, Eagle Scout Phillip Porch, Star Scout Buddy Deen and Scout Class Scout Wallace Cook. They can work after school and Saturdays until school is out May 29, after which they will be available for full time work. Scoutmaster Charlie Graham of the Motor Company will act as clearing house for the boys and people who want to employ them. If you have any odd jobs, call Charlie and you'll find willing workers.

The Jamboree is a pretty magnificent affair. Some 40,000 are expected from all parts of the world.

WISH SOMEBODY IN Cisco could see a Flying Saucer. Don't just about every city has reported somebody seeing one. If anybody hereabouts sees one, please call us. We'd like to look. Maybe we can get a camera man out to shoot it.

MR. CLAUDE Wilson, the Conman, has the right idea about being stingy. He has a gasoline powered mower out at his house. When following it around the farm afternoons. Wonder if he uses Conoco gas in it?

COUNTRY CLUB members are going to have another big family get together. And it's set for 7:30 p. m. All members are asked to bring a dish of something to eat. Everybody will have a lot of fun. There will be games afterwards. We understand that Mr. George Lee will be there to defend his crown as the club's champion ping pong player.

ROSES ARE in bloom up at Mr. R. Westfall's house. He took a bouquet to the Lions Club to decorate the table yesterday. Under the Westfalls are getting ready for a big remodeling project of the interior of their house.

ALL CISCO HAS an invitation to attend the Senior Play at the Stanton School Friday night. It's to be a good one and it'll get your money's worth. Let's all go out.

Boy Lane Will Ask Re-Election

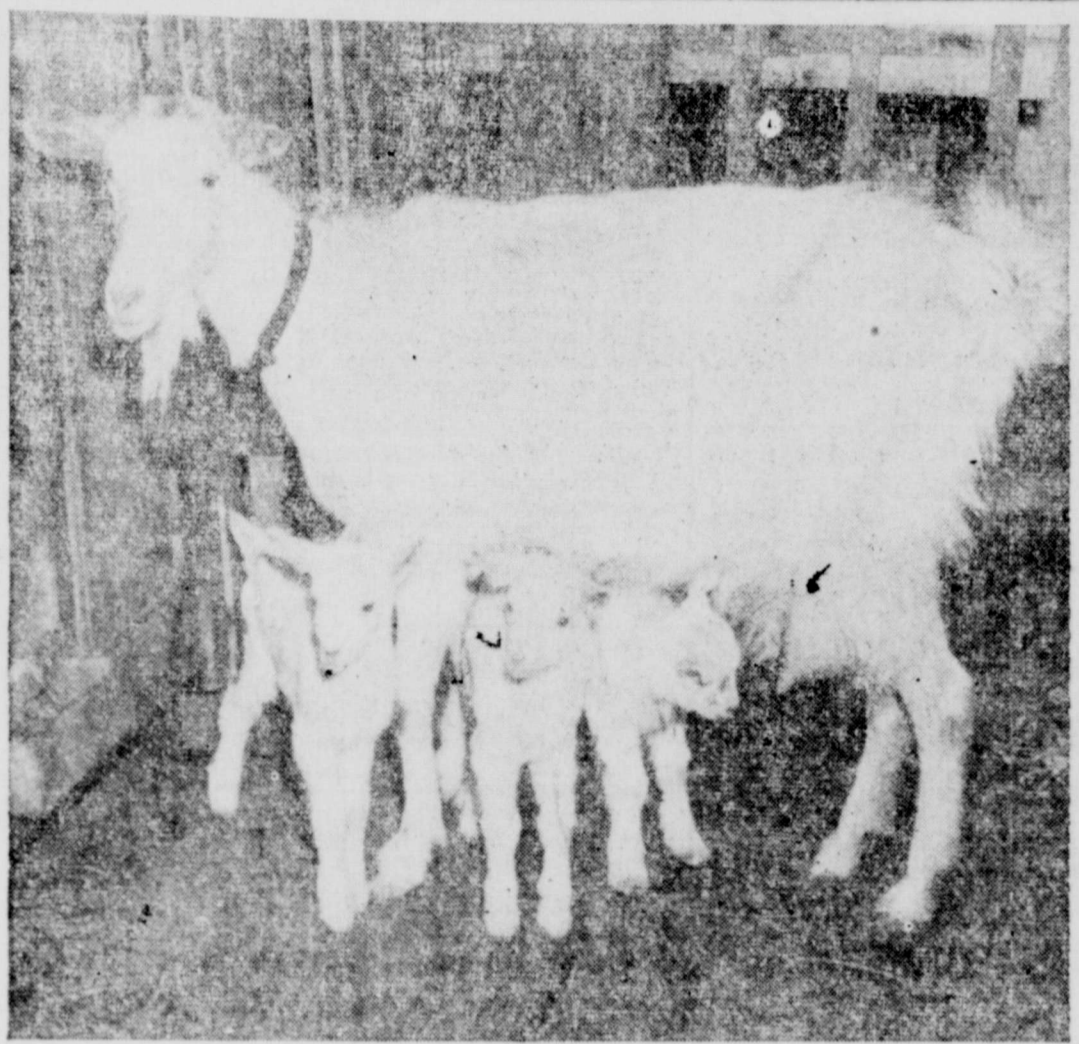

Ray L. Lane, district clerk, announced today that he will be a candidate for re-election in the primary for the office he now holds. Lane sincerely appreciates the cooperation and courtesies shown during his time in office by the citizens of Eastland County and promises to continue to render efficient and faithful service. He will make a formal statement at a later date, Mr. Lane said.

Local Men Plan To Attend Ranger Meet

President W. P. Guinn and Manager B. A. Butler of the Cisco Chamber of Commerce will head a delegation to Ranger to attend the annual Chamber of Commerce banquet there at 7:30 o'clock tonight. Ben Shepperd, secretary of Cisco, will be the principal speaker.

All City Hall Census Taker Didn't Count You

Have you and your family been interviewed by the census taker? It's very important that every resident of Cisco be counted in the census. The census takers are trying very hard not to miss anyone. And they'll appreciate being notified if you've been overlooked. Mayor G. C. Rosenthal asked anyone who has not been interviewed in the census to call the city hall and leave their name and address.

NO KIDDING!—Although it is unusual for goats to bear triplets, it happened twice recently on the farm of Francis H. Gray, near Grete, Betsy, shown here, was one of the two surprised mothers who received her threesome without any assistance, or any welcome from their new master. It seems that too many kids drink up all the profits in goat's milk.

Moran News... Rain Delays Work On Building Dam For Moran Water

The good rains that have meant so much to ranchers and everybody in Shackelford County delayed work on the dam on Deep Creek. Superintendent Smith told the Moran Luncheon Club in regular session yesterday.

Several local men employed on the project have returned to their work, Smith said. Waters impounded by the dam will be pumped into the city lake, which is up three inches because of the rains, according to Trope Brooks, city water superintendent.

Fifty-nine guests were present at the fried chicken dinner, served by Mrs. Ezra Weir and her assistants. Rev. Bell of the Baptist Church and Rev. W. R. Karakalis were present and made short talks. Four of Mr. Smith's engineering assistants on the dam project were present.

Also introduced at the luncheon were Manager Leonard of Shackelford County Hospital, Albany, formerly of Dallas, and Boy Scout executives of Moran and Stamford.

Mrs. Townsend, who will be club hostess at another chicken dinner next week, invited public attendance and assured another interesting program.

Mr. and Mrs. R. F. Thames went to Big Spring to attend Birthdays of their sons Earl and Jeral Lisenbee last weekend, and attended a family reunion there.

Mr. and Mrs. Floy Barnett and children Rebecca and June E. visited with their parents, Mr. and Mrs. W. O. Barnett, at Goree.

Mr. and Mrs. Vernie Garrison of Edinburg visited her parents, Mr. and Mrs. Steve Drake, Easter Sunday. Both Mr. and Mrs. Garrison are teachers in Edinburg schools.

Mr. and Mrs. A. R. Midkiff of Breckenridge were Moran visitors Sunday and Monday.

Mrs. N. E. Paget returned home from All Saints Hospital, Fort Worth, after two weeks, much improved.

Mr. Smith, contractor and superintendent of the dam project one mile west of Moran on Deep Creek, has moved a trailer to the damsite to house a watchman to guard materials moved in for preliminary work. The first good rain since last October occasioned a delay of several days and caused Supt. Trope Brooks to start the pumps at the city lake. Brooks reported three inches rise in the lake level. Mr. and Mrs. James Terry of Van, Texas, attended the funeral here of their uncle Amri Ter-

SOIL CONSERVATION DISTRICTS CALLED EXAMPLE OF DEMOCRACY

BY WATERS S. DAVIS, JR.

President, Association of Texas Soil Conservation District Supervisors.

Soil conservation districts are democracy at the grass roots. That is why so many Texans are becoming more and more interested in them.

In these days of increasing governmental regulations, it is important for everyone — farmers, ranchers, and business men — to understand what these districts are, who runs them, and what they do. It is easy to confuse them with one of the other agencies of the Department of Agriculture.

Under Texas law, soil conservation districts were organized by vote of the local landowning farmers and ranchers. They are run by their supervisors, who must be local resident landowning farmers and ranchers elected to office by their neighbors.

With no powers of taxation nor eminent domain, the supervisors' responsibility is to coordinate all efforts, public and private, to the soil conservation task. This coordinated effort is first developed on a district-wide basis by the local people themselves.

In every one of Texas' now 156 districts, covering nearly 90% of the state, there are programs and plans of work, developed and written by the home folks. They serve as a guide to each district's operation.

The state and local organizations propose to sell only one thing — better health service, through a closer tie-up of the work of all agencies interested in health in each county. Mr. Jerome Crossman, president of the council which was chartered only last December, said after the first meeting of the Board of Governors in Dallas this week end, that the Council will act as a coordinating body and as a clearing house for health problems. "We expect to make an additional survey of each area in the near future to determine exactly what the health needs are, to study the experiences of existing community health councils, and to weld all the interested people together to solve problems which we feel can be conquered by the American principle of teamwork."

Leaders of the organization, who represent virtually every field of endeavor and practically every civic and business organization, prefer not to have their work labeled as "anti-social medicine," but at a positive approach to meeting the health problems in Texas. Their chief goal is to improve and extend the services of existing health services to voluntary and cooperative action in each community. They point out that if the plan can be successful in some sections as it is, then anything resembling government controlled service is unnecessary.

Soil Conservation District Week — May 15 to 21 — will give all Texans an opportunity to learn about this program of grass roots democracy that is going on in their midst.

T. C. WILLIAMS IS ELECTED AS PRESIDENT OF CISCO LIONS CLUB

T. C. Williams, retired school teacher, was elected president of the Cisco Lions Club at the regular luncheon meeting at noon Wednesday at the Victor Hotel Coffee Shop.

Austin Flint, manager of the J. C. Penney Company store here, was elected first vice presi-

dent and Rev. Chief Warden was named second vice president. J. T. Egan and E. G. Damron were re-elected treasurer and secretary, respectively.

Other officers named were: W. H. LaRoque, assistant secretary; Rev. Maurice Swisher, Lion Tamer; Dr. E. E. Addy, tail twister; Gene Abbott, assistant tail twister; Anita Carlin, Lions sweetheart, and Stanley Webb, song leader.

Zan Burroughs, A. G. Sander and Charles Clark were elected to the board of directors. The new officers will take over at the first meeting in July.

The officers, who were selected by a nominating committee of past presidents headed by A. R. Westfall, were elected by acclamation.

The election took the place of the regular program. Secretary Damron announced that the annual district convention will be held May 7-9 in Mineral Wells and that Cisco's seven delegates will be selected in the near future.

Lion Cubs C. B. Midkiff and Claude McBeth were initiated as new members and presented pins in ceremonies directed by O. L. Stamey. C. E. Higginbotham was introduced as a new member of the club, transferring his membership here from Big Spring.

Guests included Rev. R. L. Hewgley, Rev. Paul Stephens, and R. J. Stevens of Cisco and Jack Crawford, T&P Railroad official, of Fort Worth.

Mineral Show Is Planned In Austin For This Weekend

The State Mineral Society of Texas, through their president, J. J. Brown, 302 Walton Bldg., Austin, has extended an invitation to all school children in the state to attend the mineralogical show which will be held in Austin April 21, 22, and 23 at the city coliseum.

The Smithsonian Institute in Washington, D. C., is sending a display of minerals from the four corners of the world. The Buffalo Museum of Natural History of New York is sending a wonderful display of minerals which should be of especial interest to the science classes and high school students all over the state of Texas. Alaska is sending a beautiful exhibit composed of jade mostly, and a beautiful exhibit from Idar-Oberstein, Germany, as well as an exhibit from Australia has already arrived for the show.

The entire mineralogical show has been planned to be of special interest to the school students of Texas, and President Brown is very anxious that every boy and girl in the state, particularly the graduating classes, be afforded an opportunity to visit the show which has been brought at quite an expense to the State Mineral Society of Texas.

There will be no admission charge to anyone, and all persons interested in rocks and minerals should avail themselves of this opportunity of seeing the world's choicest minerals.

Among the outstanding features of the mineralogical show are amethyst from Brazil, smoky quartz from Switzerland, rutile from Brazil, malachite from Russia, golden beryl, aquamarine, topaz, and tourmaline from Brazil, tourmaline from California, Smithsonite from Greece, and opals and zircons of Australia.

Osborn Studio Will Sponsor Contest For Area Babies

Shy Osborn of Osborn Studio today announced that his firm will sponsor a Baby Contest to be held from April 24 through May 6.

He invited mothers from the area to visit the studio to enter their children up to six years of age.

Nine prizes will be awarded to winners of three divisions. The groups will be divided into age groups with the first section being composed of children up to one year old. The second class will be those between the ages of one and three years and the third group will include those from three to six. Prizes will be awarded to first, second and third place winners in each group.

The babies will be judged from photographs by competent out-of-town judges and the pictures of all entrants will be carried in The Press.

An entry fee of \$2.50 will be required at the time of the sitting. The fee will entitle the baby to be entered in the contest and will give the parents an 8x10 artistic portrait.

Parents were urged not to wait until the last days of the contest to enter their children in order that the finishing of the photographs can be done as soon as possible.

Mrs. Lee Completes Beauty Course

Thomas Lee has returned from Fort Worth where he attended the graduation of his wife, Mrs. Thomas Lee, from Isbell University of Beauty Culture.

Mrs. Lee, owner of Broadway Beauty Shop, will specialize in hair styling and hair shaping when she returns and will bring to the women of Cisco something new in those lines.

She is taking a post-graduate course and will be at her work here within a few weeks.

Call The Doctor For Chickenpox, Warns Dr. Cox

AUSTIN, April 20 — Has the chickenpox come your way? If it has or if it does come your way in the future, the first thing to do is call your physician, says Dr. George W. Cox, state health officer.

Chickenpox is a common communicable disease caused by a virus. It occurs most frequently in the winter and spring among children less than 15 years of age. The virus is present in the discharges from the mouth and nose and from the small blisters which contain a watery fluid. Chickenpox is very contagious and is probably spread by direct contact with the patient.

Chickenpox begins from about 14 to 21 days after exposure, usually with feverishness and loss of appetite. Within about 24 hours the skin breaks out in small raised rose-pink spots which will change into blisters. The blisters quickly become encrusted with scabs which eventually fall off. The scabs are not contagious.

Each crop completes its course from rose-pink spots to crust in from two to four days. Scratching or picking at the blisters may cause serious sores and disfiguring scars. The doctor will probably suggest a remedy to relieve the itching, which may be severe. Usually the child is not very ill and begins to feel better in from one to three days.

Warning — chickenpox is an entirely different disease from smallpox. But when a person has not been vaccinated, mild smallpox is sometimes mistaken for chickenpox, because their early symptoms are strikingly alike. Smallpox is a serious illness and spreads rapidly among unvaccinated persons.

At the first signs of what appears to be chickenpox, call a physician so that an early diagnosis can be made. Dr. Cox advises. If he finds that the patient has smallpox, prompt vaccination may save the other members of the family and outsiders, who have been exposed, from the attack of the dread disease.

Aggie Muster Is Set For Friday

Ross Rucker of Eastland, president of the Texas A & M College Ex-Students of this section, announced here today that the annual muster will begin with a barbecue at 2:30 p. m. Friday at the Ranger Country Club.

E. J. Howell, president of Tarleton State College, Stephenville, will be the day's program speaker. Some 150 former Aggies from Throckmorton, Shackelford, Eastland, Young and Stephens counties have been invited to attend.

Girl Scout Council Meeting Is Called

Mrs. Frank Clappitt, newly elected president of the local Girl Scout Council, announced a meeting of the council at 7:30 p. m. Thursday at the Chamber of Commerce building. Miss Jeanine Frazier of the Brownwood area office will talk to the group and outline the duties of council members.

Bids Expected To Be Called For In Latter Part May

Plans for replacing the Cisco Community Gym that was destroyed by fire last month were underway today as the result of a meeting here Wednesday of school trustees, a citizens advisory committee, and architects.

President G. R. Nance of the school board reported that Architect Pete Olds of Abilene was given the "go ahead" signal and that plans and specifications for a new gym will be ready next month.

Olds is a partner in the firm of Hughes and Olds, architects and engineers.

Mr. Nance said the specifications would call for a building of tilted-up concrete slabs with steel reinforcement and a wall-to-wall roof. No posts will be used inside the building.

The new gym proposal calls for more seating capacity. The floor plan of the old gym will be used in part with improvements. A stage will be provided.

Olds told the meeting that he estimated such a building could be erected here for about \$45,000. Mr. Nance pointed out that "we won't know what the cost will be until we call for bids."

He added that the committee would not know whether it would be necessary to conduct a public subscription campaign to raise money until the cost of the new building is determined. The old gym was covered by \$50,000 insurance.

The several insurance companies holding the policies on the community building have paid off the full amount of the loss, Mr. Nance said. After paying for athletic equipment lost in the fire and a small loan the board had obtained on the building, the school expected to have some \$40,000 in cash available for the new structure.

Mr. Nance reported that several members of the committee had inspected tilted-up concrete slab buildings erected during the past few years in Abilene and were of the opinion that this type of construction would be one of the best and cheapest methods of replacing the Cisco gym.

City Electric And Appliance Store Opens Saturday

Saturday will mark the official opening of Cisco's newest electric and appliance shop. The City Electric and Appliance Co. is the new firm and it is located at 1006 Avenue D.

Owners of the new business are Melvin Travis, Tom Smallwood and Theron Graves. The business is located in a new and modern building and it is equipped with the latest in electrical supplies.

Travis has had years of experience in appliance sales and service and will handle that end of the business. Smallwood will handle electric contracting work. He is a licensed electrician and has had much experience in wiring according to government specifications and for the past several months has been in the electrical department of the City of Fort Worth.

Many of the leading names in the appliance field will be sold through the new store. Something new in Cisco is being introduced by the firm, it was announced. Complete television service, including sales and service, will be one of the features. Everyone has been invited to the official opening Saturday.

National Guard Will Issue Summer Uniforms

Members of Battery A, 648th Armored Field Artillery Bn., local National Guard Unit, were asked to bring their clean winter uniforms to the meeting at the armory tonight and exchange them for summer service uniforms. All members were urged to attend the meeting and receive the summer clothing.

PERIODIC INSPECTION PAYS -

Thirteen states having periodic motor vehicle inspection programs have an average annual street and highway death rate which is more than 12 percent below the national average for the country...

States which currently provide state owned and operated stations or private motor vehicle inspection stations appointed by the state include Colorado, Delaware, New Hampshire, New Jersey, New Mexico, Maine, Massachusetts, Mississippi, Pennsylvania, Utah, Vermont, Virginia, Washington and the District of Columbia.

Even though one may concede that periodic motor vehicle inspection is not solely responsible for the better traffic accident fatality record of states having such a program, the fact remains that these states are way out in front in reducing America's accident toll...

In 1948, the last year for which detailed figures are available, more than 12% of all automobile fatalities were attributed to unsafe vehicles. Experience over a period of years has shown that from 40 to 60% of all cars have defective brakes, for example...

Where we living in Utopia, our own car and every car we meet would be in safe mechanical operating condition. However, since that is not yet the case, legislation has been found the most satisfactory means of ensuring the maximum mechanical safety of motor vehicles on the streets and highways.

Some idea of how the general public regards regular car inspection was indicated by a recent survey in New Jersey, which was selected as a typical state having a periodic inspection law. Ninety percent of the men and women

1. It improves the general standard of motor vehicles. 2. It affords an opportunity to check motor and serial numbers actually on the vehicle, and in many ways to assist in the enforcement of motor vehicle laws. 3. It improves the quality of garage workmanship in making adjustments and repairs. 4. It provides an excellent opportunity for informing drivers about the condition of their cars and their responsibilities for driving safely 365 days in the year. More than 30,000 Americans are killed and over one million more injured each and every year on our streets and highways. Mr. Boate declared. "There is no question but that these figures would be rather higher were it not for motor vehicle inspection programs" Mr. and Mrs. Wyatt Jacobs of Ranger have been visiting here with their daughter and husband A.C.L. Mrs. Lucas Hostess Women's Council

Mrs. Ace Lucas was hostess to Group Three of the Women's

Council of the First Christian Church which met Tuesday afternoon in her home at 1606 Liggett. Mrs. Sam Kimmell presided and opened the meeting with prayer

by Mrs. J. F. Benedict after which Mrs. James Latimer gave the devotion, discussing Peter's Restoration.

Mrs. W. J. Armstrong brought the missionary lesson at which she told of "Japan's Family Life." A short business session was then conducted by Mrs. Kimmell and minutes of the last meeting, read by the hostess, were approved. Other business was discussed after which the meeting was adjourned.

Refreshments of ice cream and cookies were served to the following: Mesdames Sam Kimmell, Alex Ward, W. J. Armstrong, Howard D'Spain, J. R. DeArmond, C. M. Davidson, J. F. Benedict, James Latimer and Ace Lucas.

Baptist Circle Four Meets On Tuesday With Mrs. Fred Grist

Mrs. Leo Keelan presided when Circle Four of First Baptist Women's Missionary Union met Tuesday afternoon in the home of Mrs. Fred Grist at 1300 Ave. H. The meeting was opened with prayer by Mrs. O. G. Lawson. A box of groceries was packed for an aged member of the Mission, carrying out the assignment of the Circle.

Letter of appreciation from a young student of the Seminary — Miss Sawyers — was read, in which she expressed gratitude for the nice donation from the Circle.

The meeting was then turned to Mrs. A. R. Day, who presented the lesson from the book, "The Prophet of Little Cane Creek." The meeting was closed with prayer by Mrs. G. M. Beene. A social hour was enjoyed and refreshments were passed to Mrs. Leo Keelan, Mrs. A. R. Day, Mrs. G. M. Beene, Mrs. R. H. Williams, Mrs. W. M. Isenhower, Mrs. O. G. Lawson, and the hostess, Mrs. Grist.

Mrs. W. W. Sawyers Is Circle Hostess

Mrs. W. W. Sawyers was hostess when Circle One of the First Baptist Women's Missionary Union

met Tuesday afternoon in the home of Mrs. Algie Skiles. Mrs. W. L. Pippen was in charge and called the meeting to order with prayer. A short business session was held and minutes of the last meeting, read by Mrs. J. E. Burnam, were approved and the treasurer's report was given.

Mrs. Leon McPherson was in charge of the devotional period and told an interesting personal experience, which was timely and appropriate. Mrs. Ina Pyle Martin, teacher, gave a splendid discussion of the 13th chapter of the Book of Romans, after which the meeting was adjourned.

A social hour followed and refreshments were passed to Mesdames J. E. Burnam, R. D. Guthrie, Leon McPherson, W. L. Pippen, J. B. Popolio and baby Katherine, F. E. Shepard, Algie Skiles, W. F. Walker, and W. V. Sawyers.

Rising Star Man Buried Tuesday

Funeral services were held at the Church of Christ in Rising Star Tuesday afternoon for Jack Royce Montgomery, 23, who died early Sunday morning from injuries sustained when the car in which he was riding with the superintendent of the Clint High School went out of control and crashed into a concrete abutment near Ysleta. They were driving to their home at Clint from El Paso early Friday night.

Montgomery was married to Miss Alma Lee Farmer, of Cisco, on January 1, 1933, who passed away about two years later. He is survived by one son, Jimmy, 10 years of age, who is making his home with his aunt, Mrs. Clifford Hale of Big Spring;

day amounted to as much as two inches putting a fair season in the ground but did not make much water. The city lake only caught about two or three inches.

Putnam Receives Good Rain Saturday

Putnam received a good rain the past week. On Thursday night it began raining early in the morning and before it was through it had rained about one inch. Again Saturday it came another good rain bringing the fall about one half inches and possibly more. The News did not have the rain fall for Saturday night.

This rain was welcomed by everyone, the grain men, the cotton farmer, as well as stockmen, as it will furnish abundance of grass for livestock and moist for planting feed and will relieve the drought that was injuring grain. Most people think the greater

portion of the crop will be a fair crop yet with plenty throughout the balance season.

GOES TO SCRANTON

Rev. H. V. Falkner, pastor of the Scranton Church, is reported to be in Scranton, Pa. He will preach at 10:30 a. m. on Monday, April 23.

SPEAKS TO JAYCE

B. A. Butler, manager of the Junior Chamber of Commerce at Breckenridge, spoke on Communism at Breckenridge noon Monday.

Sweeping skirts in gaily printed cotton swing the Summer vote for Carole King. The prints, designed especially for us... in styles designed especially to compliment the trim junior figure!

by **Carole King JUNIOR** \$8.95

Bright mammoth butterflies against a block-printed background... a fashion favorite for juniors' days and nights. They'll love the extravagant fullness of the circle skirt... the adjustable waistline... the form deep pockets at either side.

ADJUSTABLE To fit any waistline

Life-like bouquets of multi-colored flowers against a spatter background... make this a sure charmer. A wonderfully full circle skirt with an adjustable waistline, that snaps over to form deep pockets. "Fit perfect" adjustable for any... and every waistline.

Huge sun flowers catch all eyes as they circle round this fabulously full skirt. Its bold, bright colors and spatter background give it a wonderful "hand painted" look... its adjustable waistline snaps over to form pockets.

Huge designs against an all over background of dark print make a dramatic combination in this "heart-stealer" for juniors. A bright design hi-lights each gore of this fabulously full skirt and is repeated in a wide border at hemline. A morning to midnight favorite... in junior 9-15.

Miss O'ga Fay Ford and nephew Bobby Ed McClaren went to Lubbock Friday for a weekend visit with relatives.

New York, April 20 — German central reserves were thrown into "the murderous battle at the gates of Berlin" today, the Nazi radio said, as Russian spearheads were threatening strongholds from 4 to

17 miles northeast and east of the smoking capital. The German high command said that Soviet forces had smashed six miles into Berlin's outer defenses to within 14 miles of the city's limits on the northeast and 15 on the east.

Mrs. J. E. Spencer and her daughter, Mrs. Billy Frost of Cisco, were special guests Thursday at a book review conducted by the Thursday Study Club of Eastland. The affair was held at the Women's Club house in that city.

TEN YEARS AGO

The starting of a new Caddo lime test on the south flank of the Ibex pool, six miles northeast of Moran, by J. E. Carson, Ft. Worth independent producer, on the R. A. Elliott ranch, and the encountering of favorable oil showing in Caddo lime in the Black ranch test of Georgian Oil Corp., eight miles northeast of Albany, were highlights of the week for Shackelford County.

An unusual program will be presented at the high school auditorium Wednesday evening, at 7:30, according to Carlos Turner, principal of the grammar school of which the P-TA is sponsoring the affair.

The program will consist of numbers by the Miller accordion band of Breckenridge, accordion and other musical selections by Mr. Miller's pupils in Caddo, and by his Cisco pupils. Admission prices are 5c and 10c and all proceeds will be given to the P-TA to buy books for the grammar school library.

Miss Billie Cole, high school senior and former voice pupil of Hjalmar Bergh, was awarded a music scholarship to H-SU last week at the meeting of the Music Educators of Texas. She is the daughter of Mr. and Mrs. C. P. Cole.

FRED HOUSMAN DIES

Funeral of Fred Housman was

conducted at the Church of Christ here Wednesday, April 19 at 2 p. m., with interment under direction of Wylie Funeral Home. Mr. Housman died in Fort Worth at 7 a. m. April 18. He was well known here, having been one of Moran's pioneers. He was 80 at the time of his demise, and is survived by the following relatives, who were here for the funeral: Mr. and Mrs. J. A. Housman, Lola Housman, Mr. and Mrs. George Bodner, and Mrs. W. E. Lattimore, all of Ft. Worth. Mrs. Iva Housman and sons Lew- and Charles of Amarillo; and Ora Strausel of Cisco. Mr. Housman was a bricklayer and cement contractor, and cisterns and storm cellars built by him remain as his memorial all over the county.

Tras Martin of Marshall is visiting her grandparents, Mr. and Mrs. Mrs. Lawrence Martin. The five-year-old miss will remain here two or three weeks, having arrived Monday.

Trox Perry and children, Lynda and Marge, were guests of Mr. and Mrs. Glen Cottle Easter Sunday and the following week. Mrs. Perry, the former Mary N. Snider, taught school here three years in the home economics department. The Perrys live in San Angelo, but Mr. Perry will be attending classes for five weeks at SMU, Dallas.

Mr. and Mrs. Jack Taylor attended the wedding of their son, Laury, at a Fort Worth Methodist chapel at 8 o'clock Saturday evening.

Mr. and Mrs. Carl Hamilton of Odessa visited in Moran last week with his brother Floyd and family. They went to Fort Worth Monday where Carl will be fitted with an artificial leg, having had the left leg amputated at the knee due to a blood clot last November. They will return to Moran in a few days.

Mrs. Clarence Gay visited relatives in Lamesa last week. Her mother, Mrs. William Wright,

and sister, Miss Ima Wright, returned with them to Moran for a weekend visit.

Mrs. Lillie Baker and Mrs. Smith, sisters of Albert McClendon, who live in Dallas, visited their brother and wife in Moran Sunday.

Mr. and Mrs. C. A. Churchill of Midland spent Easter weekend with their parents, Mr. and Mrs. Will Brewster.

Mr. and Mrs. Harold Stokes and family of Albany, Mr. and Mrs. Charles Newsome, and Loren Williams of Dallas were the guests of their parents, Mr. and Mrs. Wylie Williams, over the Easter holidays.

LIGHTNING KILLS DOG

Mr. and Mrs. Fletcher Bratton report severe lightning Sunday night about 8:30 at the Dean Lease, Sedwick, kill Dick Holland's dog Butch. The animal was in the back yard when the bolt, accompanied by a tremendous crash of thunder, struck during an electrical storm. No other damage was reported.

Are you one of the 10,000 customers who have written to Customers' Corner during the past year?
If not, we invite you to join the ranks of those who are helping us make their A&P stores better places to shop.
Have you any complaints about the food or service you get in your A&P? Have you any suggestions as to how we can do a better job for you in your store? We know that letter writing is a chore, but we are honestly anxious to know what our customers think of us.

A&P's Big Values Every Day Make a Big Difference in Your Total Food Bill!

Buy all your foods at A&P for just one week. Then compare your total bill with what you've been paying elsewhere. You'll get a surprise that will open your eyes and prove to you that A&P hasn't forgotten its founder's formula, "Give the people the most food you can for their money."
