

MOTHERS OF NATION TO BE PAID TRIBUTES ON MAY 14th

The Gay Philosopher

By J. W. S. TODAY'S COLUMN is being run over by the Journalism students of Cisco Junior College. The following paragraphs were written by various students:

THOUGHT FOR Friday: It is a heap of living to live a hundred years! By this we do not necessarily mean that one must live to be a hundred years old...

TEN YEARS ago the Cisco Swimming Pool had water wheels, fountains, swings, rafts, and fishing-boats. Today all that remains are three swings and two fishing-boats. What has happened to all the lovely equipment?

AS WE STROLL farther from the skating rink, we enter into the park. Ten years ago both the inside and outside were lighted. The history of the structure was written neatly above each door.

HAS ANYONE been down to the boathouse lately? Where there once were two well-kept boathouses, there is now one boathouse and one pile of boards, barrels, and other boathouse materials where the other boathouse once stood.

WHILE WE'RE on the subject of improvements, let's look at the zoo, or rather where the zoo used to be. If it cannot be replaced, why not make a flower garden here?

By WILLA HITCHCOCK

May 14 is Mother's Day. And it is one of America's most beautiful and deeply inspired holidays of the year. The traditional white or red carnation will be worn throughout the universe.

When Mother's Day comes each year, few of us realize how it originated and why. The honor of the origination of Mother's Day belongs to Miss Anna Jarvis whose mother died in 1906.

As a result of her efforts, Philadelphia observed May 10, 1908, as the first Mother's Day. Miss Jarvis then became a missionary to the idea. She wrote thousands of letters to influential men in all fields of work.

Presbyterians Will Dismiss Services

Officials of the First Presbyterian Church announced that there would be no worship services at the church on Sunday, May 14.

LARGE CROWD EXPECTED SUNDAY FOR OPENING OF RODEO ARENA

Advance ticket sales showed that the official opening of the Roundup Club's new rodeo arena scheduled for 2:30 p. m. Sunday, May 14, would be a success, it was reported by club officials Friday.

Club members were selling the tickets to the arena program and barbecue at a rapid rate and it was believed that the show would attract some 2,000 persons from all over the Southwest.

The program will open with the rodeo events in the new arena and will close with a barbecue at 5:30 p. m.

The rodeo events include roping contests, bronc riding, cutting horse exhibitions, races of various types and other interesting stunts.

It was reported by club officials that a rodeo promoter would attend the show and was interested in purchasing bucking stock. Those interested in selling out-law horses were urged to have them at the arena for the program and if they show well they can be sold.

CALLS have been coming in from all parts of Texas for tickets to the show and by contestants who desire to enter the various events.

CJC Students Edit The Press

Pictured are members of the journalism class of Cisco Junior College. Most of them assisted in the preparation of today's edition of The Press.

Air View Of Lake Cisco Dam

Pictured is an air view of the Lake Cisco dam and park area. This recreational area was a favorite topic for journalism students as they prepared the copy for today's edition of The Press.

Student Writers 'Have Their Day'

Most of the news and feature stories in today's edition of The Daily Press were written by members of the journalism class of Cisco Junior College.

Mrs. A. A. Sherred, journalism instructor at the college, was in charge of the students and assisted in directing the job of gathering the news.

Writing a newspaper was not new for the group. They have published The Brandin' Iron, student newspaper, all year. The group is pictured at the left.

The young journalists went to work at noon Thursday and completed their task at noon today. They plan to make it an annual event.

Bankline Plans To Drill Second Well

ROTARIANS ANNOUNCE LINEUP FOR CHARITY GAME WITH LIONS

Former Classmates Will Be Reunited Here On Saturday

Three former classmates will be re-united when Mrs. May Davis Moore of T. S. C. W. arrives in Cisco Saturday to present the dramatization of "Life With Mother."

Hospital News

The little son of Mr. and Mrs. Cecil Penn was admitted to the hospital Friday morning early.

Mrs. James M. Shelton of Abilene, who is a patient in the Graham Sanitarium is improving after her second operation last week.

Miss Katy Lou Atkins is a patient in the Graham Sanitarium.

L. L. Trapp, who is a patient in the Graham Sanitarium, will be able to go to his home this week end, after an operation last week.

C. F. Cobb will be able to go to his home in a few days after having surgery last week in the Graham Sanitarium.

Franklin Farnsworth, who had an appendectomy in the Graham Sanitarium last week, was able to go to his home Friday.

Mr. and Mrs. J. R. Briggs are the parents of a son born in the Graham Sanitarium Thursday.

Baird Students Are Spending Day At Lake

Approximately 125 8th graders and high school students from Baird were spending today at Lake Cisco Park. The group arrived shortly after noon and planned to stay until 6 p. m.

FINISH FIRE STUDY

The Fire Department has just finished a five-weeks training course sponsored by the State Fireman and Fire Marshall Training School of Texas A&M College.

Miss Mary Ball is here for a visit with her parents, Dr. and Mrs. D. Ball.

FOR GOOD USED CARS (Trade-ins on the new Olds) Osborne Motor Company, Eastland

Manager Edward Lee of the Rotary Club softball team, scheduled to meet the Lions club in a benefit game at Chesley Field Saturday night, Friday announced his players for the contest.

He announced his players as Lonnie Shockley, Charles Graham, Bob Elliott, Dick Lauderdale, W. H. McAnally, John Spier, Anton White, C. W. Henry, Jess Proctor, Ed Bradshaw, Elsworth Mayer and possibly others who are on the hold-out list.

The game is being played as a benefit for the Cisco Welfare Association and all the money taken in at the gate and from the concessions will go into a fund for operating the agency until a drive can be made in the fall.

Manager Lee said that his team was long on enthusiasm but short on substitutes, but they would be ready for the powerful Lions. He will field a team that has had no practice and little recent experience, but has a bag of tricks ready for his opponents.

The game will begin at 7:30 and will be followed by a regular league game. Lion E. L. Jackson will be the official umpire with Rotarian Bill Hogue on hand to keep him in line.

Fans were assured of an evening of fun and at least one good game.

Local Man Ready For Donkey Ball

"Take me out to the ball-game" This well known song is often heard by Otto Strother of Cisco, who is owner of twelve famous baseball playing donkeys.

Some of these donkey's names are Whiskey, Preacher, Easy - Does - It, Five - Minutes - Before - Midnight - And - Two - Minutes - After, and Genevieve.

Donkey baseball games are very popular with American baseball lovers. Mr. Strother, his team, and some capable employees go to New Mexico, Colorado, Utah, Washington and Texas each year.

In the winter, Mr. Strother takes his donkeys to many towns to play basketball, Baseball, however, seems to be the most popular game.

Cisco Grew Up From Beginning As 'Red Gap'

In 1879 the little town of Red Gap, which is now Cisco, consisted of a Post Office, a school house and one store. The Post Office was established by Reverend C. G. Stevens. The school house was a floorless log hut with one window in which Mrs. Collette Green taught. The store was owned by W. T. Caldwell, who sold dry goods and groceries.

In 1880 the Texas and Pacific Railway pushed its line on westward through Eastland county, but Red Gap continued its existence, even though the railroad located its depot at Delmar. Each day there would be new tents stretched, new covered wagons taking their stand, and new faces in the rapidly growing town.

At another time two veteran pilots encountered a saucer in the air and flew so close to it that they were able to look in side the cabin.

The March, 1950, issue of "True" featured an article by Commander Robert McLaughlin, USN. He reported that on a clear Sunday morning, in April, 1949, a detachment of Navy men and a group of scientists were observing a balloon which had been released over the White Sands, N. Mex., proving grounds. These observers were all trained scientists and were equipped with the best instruments.

Flying Saucers May Or May Not Be Real; But They Are Interesting

By ERWIN PRANGE

It all started back in 1947, when a private pilot named Kenneth Arnold spotted nine round, shiny, mysterious objects flipping and flashing along the sky over Mt. Rainier, Washington.

Since that time, there have been thousands of sightings in all parts of the globe, but chiefly in the U. S.

Eye witnesses of these strange, unexplained craft include highly reliable men with scientific backgrounds. Saucers have been seen and described by professional observers using the latest scientific equipment. They have been repeatedly encountered by veteran pilots in the air.

Let us look at some of the reports: "True" Magazine, an extremely reliable publication, has twice in 1950 built its feature article around flying saucers. The first article was entitled, "The Flying Saucers Are Real," and appeared in the January 1950 issue. The author, Donald Keyhoe, soberly advanced the following conclusions:

1. For the past 175 years the planet Earth has been under systematic, close-range observation by living intelligent creatures from another planet. This observation has increased markedly during the past two years.

2. The vehicles used for this observation and for interplanetary travel have been seen and identified as follows: (a) A small 30-inch-in-diameter, non-pilot-carrying disk-shaped aircraft equipped with some form of tele-

vision or impulse transmitter. (b) A big metal disk-shaped aircraft some 250 feet or more in diameter. (c) A large dirigible-shaped wingless aircraft.

and would abandon the chase at 20,000 feet. Immediately after, Mantell's plane disintegrated in mid-air and the pieces were scattered for almost a mile.

At another time two veteran pilots encountered a saucer in the air and flew so close to it that they were able to look in side the cabin.

The March, 1950, issue of "True" featured an article by Commander Robert McLaughlin, USN. He reported that on a clear Sunday morning, in April, 1949, a detachment of Navy men and a group of scientists were observing a balloon which had been released over the White Sands, N. Mex., proving grounds. These observers were all trained scientists and were equipped with the best instruments.

Finally the day came and with the purchase of the first lot for \$175 the town of Cisco was under way. — Roy Trapp.

OIL BROUGHT FAME TO CISCO AFTER END OF WORLD WAR I

By WILLIS BLACK

Oil! This was the cry that set fire to the blood of thousands in 1918. This was the cry that made poor people rich overnight. This was the cry that made land almost priceless and men's labor high.

Oil was not found right in Cisco but was in the surrounding territory. Cisco became important because the oil workers brought their families here to live. Men paid any price for a room — just a place to sleep. Often, there was not enough rooms and men had to sleep on the jobs.

A large percentage of the workers who flocked to the oil fields were soldiers. Oil was struck just before the First World War was over. Therefore, immediately afterwards the men came looking for work. With the close of the war, the demand for oil continued to grow, for there had been an astonishing increase in numbers of automobiles in the United States. What, then, thousands and thousands of men thought, could be more alluring than to go to Cisco with a chance to share in the vast wealth through gushers, lease deals, and royalties or even through work at high wages.

Then they came — in wagons and on trains. They came, veterans and old men, gamblers, ne'er-do-wells, dance hall girls, and those who follow each oil strike. Curiosity-seekers and tourists came to see and to admire.

A man's stature may be judged by the size of his shadow; the tremendous sweep of a boom may be determined by the even more

gigantic dreams it inspires. There has been only one Cisco; there can never be another.

FLYING SAUCERS

From Page One

struments that modern science can produce. When an unidentified object flew across the sky, it was carefully observed through the instruments on hand. It was definitely established that the saucer-shaped craft was 105 feet in diameter and was flying at a speed of 18,000 miles an hour.

Since that time a number of saucers have been seen over the White Sands proving grounds. The whole thing is extremely embarrassing to the Army and Navy because of a three mile security zone maintained around the super secret testing grounds.

Perhaps the strangest story of all was reported by James A. Byron, WBAP newscaster, on January 1, 1950. He reported that in December of 1949 a strange piece of metal was found near Denver. This metal defied melting and Chemical analysis.

A similar story appeared in Hearst's Los Angeles Herald & Express in March 1950. This paper reported that the wreckage of a saucer had been found on a Mexican mountain-side. The craft was powered by two motors, was about 46 feet in diameter and was built of some strange material resembling aluminum.

There are literally thousands of other reports, many of them from Texas and some from near Cisco. A recent Ft. Worth paper carried a picture of three saucers flying above that city. Many of the reports are hoaxes, many others are no doubt, the result of mistaken identity, a too fertile imagination or too much beer. There remains however, a hard core of reports that cannot be explained or coughed away.

As flying saucers, or shall we say unidentified aircraft, definitely do exist, they must be from somewhere. If they are from earth then they are either ours or belong to some other nation on earth. If they are from some other nation, say Russia, how could our

Many People Recall Robbery Of Bank Here On December 23, 1927

The toll was heavy. Police Chief Bedford and Officer Carmichael were fatally wounded in the battle. Several passers-by.

There are many people living in Cisco today who remember the 23rd of December, 1927. This was the date of the brazen daylight robbery of the First National Bank.

The day was bright and warm, almost too warm for December. The spirit of Christmas was everywhere in the gay tinsel and decorations. On the sidewalk was Santa Claus surrounded by a throng of happy children, eagerly telling him what they wanted to receive on Christmas morning. A lady asked the gaily costumed man what store he represented. He replied brusquely, "You'll find out soon enough."

He then turned and walked into the bank. Everyone — customers and employees — turned to stare in amazement at the figure. Then the order rang out, "Stick 'em up!" While the attention of everyone had been focused on Santa Claus, the armed men had entered the front door of the bank.

The robbers ordered money and negotiable securities placed in a sack they brought with them. While the bandits' attention was

air force stand calmly by as they flit and sail through American skies?

If they are a secret weapon of our Navy or Air Force, why has no one ever seen one land or take off? There are few if any spots in the U. S. where an absolutely secret air base could be successfully hidden from all eyes. Admiral Gallery speaking for the entire defense department said, quote "None of the three services or any other agency in the department of Defense is conducting experiments with disc-shaped flying objects which could be a basis for the reported phenomena. There has been no evidence to attribute them to the activity of any foreign nation."

The only possible remaining conclusion is a fantastic one, namely that the flying saucers are from another planet. Yet, scientists and much of the public believe that certain planets of ours and other solar systems could be inhabited. If this is true, their civilizations could easily be centuries ahead of our own. American scientists have flatly predicted interspace travel for us within the next fifty years.

In general it appears that not even the unparalleled progress of the past fifty years has conditioned our minds for this sort of thinking. There is, however, no adequate defense, except ignorance, against the impact of a new idea.

Interesting Facts About Cisco . . .

The Cisco Public Library was founded by Frank Vernon in 1894, with one volume of Ben Hur. Mr. Vernon wrote asking Mr. Carnegie for a contribution and received \$250.00.

The Texas Central Railway made its entry into Cisco May 20, 1881.

The first five churches in Cisco were the Baptist, Presbyterian, Christian and the Northern and Southern Methodist.

Cisco's population was between 7,000 and 8,000 in 1917. Cisco had the largest water reservoir in the entire south in the year 1922.

Cisco had Indian battles that were just as exciting as those in the movies. According to an old Eastland County history, a party of men had a battle with a group of Indians that had stolen horses from the settlers. The battle began on the hill west of the Methodist Church. The little band chasing the Indians fired as they ran. One white man was wounded and an Indian was thought to be killed.

A few years later a Mr. Sublett discovered the grave of an Indian near Cisco and judging from the headress he was a chief and no doubt the Indian that was killed in the battle.

occupied with the transfer of the loot, a woman slipped out the side door of the bank, ran up the alley, and reported the robbery at the city hall.

The police ran to the bank. A fierce gun battle took place in the narrow alley beside it. The robbers realized they must get out. Their situation was desperate. Finally they grabbed several innocent by-standers to use as shields. When they reached their car, the criminals forced two girls into the car as hostages. Bank employees and customers were slightly wounded by stray bullets.

The hostages were rescued safely, and all the loot was recovered when the robbers were apprehended within a few days after the crime.

Of the men involved in the robbery, one died of wounds received in the battle, another was executed in the electric chair, and the leader, Santa Claus, was lynched by a mob in Eastland.

LEGAL NOTICE

AN ORDINANCE REGULATING THE SETTING OF FIRES FOR THE PURPOSE OF BURNING RUBBISH, TRASH, GRASS, OR OTHER SUBSTANCES, IN THE CITY OF CISCO, AND PRESCRIBING A PENALTY FOR THE VIOLATION THEREOF.

SECTION 1. No person shall, within the City limits of the City of Cisco, set fire to any rubbish, trash, grass, or other matter or substance, without first placing the same in a proper container, or using proper protective measures to prevent the spreading of any such fire.

SECTION 2. Any person who shall set any such fire, as mentioned in the preceding Section hereof, shall keep a proper watch over the same as long as such fire is burning, and shall use any and all such protective measures as may be necessary to prevent the spreading of any such fire as long as such rubbish, trash, grass, or other substances is burning and until the same is completely consumed and ceases to burn, and until such fire is completely extinguished.

SECTION 3. No person shall, within the City limits of the City of Cisco, set fire to any rubbish, trash, grass, or other matter or substance, after sundown, or before sunup, and any such fire that may have been set before Sundown, and which may be still alive or burning at Sundown, shall be wetdown and completely extinguished by the application of water thereto before Sundown.

SECTION 4. Any person violating any provision of this Ordinance shall be guilty of a misdemeanor, and shall, upon conviction, be punished by a fine not exceeding Two Hundred Dollars.

SECTION 5. The fact that there is no adequate authority of law regulating the setting and controlling of fires in yards and alleys and the fact that it is desirable and necessary to control same in the interest of the public creates an emergency and an imperative public necessity that the rule requiring ordinances to be read on several days suspended and this ordinance be passed on first reading and shall be in force from and after its passage, and is so enacted.

Passed, and adopted this 9th, day of May, 1950.

G. C. Rosenthal, Mayor

### INTERNATIONAL SUNDAY SCHOOL LESSON

#### MOSE REVEALS GOD'S FORGIVING LOVE

The Scripture Passages  
EVANGELICAL READING:  
Psalms 130, John 3:16, 1 John 1:9

THE LESSON TEXT: Hosea 11:1-4, 8-11; 14:4-9.

GOLDEN TEXT: I will heal their backsliding, I will love them freely. Hosea 14:4.

Introduction. To see, as revealed in the writing of Hosea, the forgiving love of God (eager and earnest), toward his own people. To see that the same God is willing to forgive his people today.

Review of Hosea.

1. The man. Hosea 1:1.

2. The marriage. 1:2-9.

3. The message. (Situation of Israel. Symbolism of Hosea's marriage.)

Introduction.

1. God's love shown in blessing his own.

A. Brought forth from Egypt.

B. Saved from idolatry at Sinai.

C. Brought forth from captivity.

D. Son sent to redeem.

E. God's love shown by chastisement.

A. Wilderness wanderings.

B. Allowed to go into captivity.

C. Allowed to go into idolatry. (Note: ALLOWED, not LED.)

Lesson for Today.

1. God's fatherly love for Israel.

rael. Hosea 11:1-4.

A. As a father.

(1) I called "son" out of Egypt. Hosea 11:1.

(2) I taught Ephraim to walk. 11:3.

B. As an owner of oxen. 11:4.

(1) I drew with cords of a man. 11:4.

(2) I laid food before them. 11:4.

2. God's yearning over His people. Hosea 11:8-11.

(Has been called the greatest passage in Hosea.)

A. Refusal to give them up. 11:8.

B. Refusal to destroy. 11:9.

(They shall walk after the Lord.)

C. Promise to restore. 11:10-11.

3. God's healing mercy. Hosea 14:4-9.

A. Heal backsliding. 14:4.

B. Refresh Israel. 14:5-6.

C. Revive Israel. 14:7.

D. Revitalize. 14:8. Send to serve. (Note: Matt. 7:17-20.)

E. Warning. 14:9.

IV. Conclusion.

1. God showed His forgiving love (mercy) to the children of Israel.

2. Since God forgave Israel, forgiving love to us today. How?

3. Since God forgave Israel, should we not have a forgiving spirit toward one another? (Eph. 4:32.)

Take your family to Sunday School every Sunday.

### Mother's Day Will Be Nazarene Theme

The Mother's Day theme will be emphasized in services at the Church of the Nazarene Sunday, Rev. Cecil Stowe, pastor, announced. The morning subject will be "What a Powerful Influence When Mothers Go Hand in Hand with God."

The mother with the largest number of children present will be presented a bouquet at the morning service. A pantomime on the life of Missionary Ann Judson will feature the evening service.

### Wesley Methodist To Honor Mothers

The mothers of the Wesley Methodist Church will be honored at special ceremonies during the morning worship hour following the Bible classes, Sunday it was announced by Rev. C. A. Warden, minister.

The ceremonies will consist of a special music and talks and the presentation of flowers to the mothers.

Rev. Warden will speak at the evening hour beginning at 7:30 p. m. The young people will meet at an earlier hour. The Bible classes begin at 9:45 a. m.

### Church of Christ To Have Bible School

Plans for the annual vacation Bible school of the Cisco Church of Christ were announced Friday by Charles M. Adams, local minister, and the officers of the congregation.

The plans call for the beginning of a week of classes on June 5. Classes for all age groups are being arranged and training course for instructors will begin next Monday.

The school will close with a program by the students Saturday night, June 10. The work will be under the direction of Mr. Adams.

### TO PLAY CANASTA

The American Legion Auxiliary will sponsor a canasta, bridge and forty-two tournament Saturday night at the Legion Hall, it was announced today.

## The Churches Of Cisco Welcome You

### LIGHT OF LIFE

The light that shines in a proud mother's eyes is more beautiful than the gleam of the rarest jewel or the radiance of the brightest star. It mirrors the mystery and glory of life, the hopes and faith and dreams of parenthood. It suffuses her face with the joy of possession and the consciousness of being part of the great unbroken chain of human existence.

All true parents want their children to make the best of life; to avoid its pitfalls, to master its obstacles, to achieve its successes. They want them to be good citizens and just and honorable men and women.

The little baby boy in the picture will be reared with the tenderest care, and will be taught knowledge and skills as he grows in years and in understanding.

But the great truths of religion and spiritual living must be made the groundwork of his training if he is to attain life's highest possibilities.

So this beautiful mother must turn to God and the Church and the Scriptures for guidance in training her child to live.

**THE CHURCH FOR ALL... ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## Dad Will Like It If You Pamper Him On His Day

By HOMER CLARK

It may not be possible to pamper Dad every day of the year; although, without doubt he would like it. But certainly the whole family can get together on Father's Day for a special celebration. Father's Day was first celebrated June 19, 1910. The idea originated with Mrs. John Bruce Dodd, and the holiday was launched by the Ministerial Association and the Y. M. C. A. of Spokane, Washington.

Father's Day is purely an American custom. It has failed to find a place on the British calendar, despite efforts to show that he is remembered. The British have an equivalent to Mother's Day, called "Mothering Sunday," but rejected both our Mother's Day and Father's Day, because they were not Christian festivals. The main thing is to let Dad know that he is remembered. If you show him special courtesies, on his day in particular, you will find that he grows softer as he grows older.

Remember, Father's Day is the day on which bachelors don't get presents. But their fathers do.

# SOCIETY AND CLUBS

## AND NEWS OF INTEREST TO WOMEN

### County HD Council Meets On May 10th

The Eastland County Home Demonstration Council met May 10 in the commissioner's courtroom. Mrs. M. W. Grieger called the meeting to order. The following clubs answered roll call: Bass Lake, Cheaney, Flatwoods, Lake Cisco, Morton Valley, North Star, Pioneer Gun, Sabanno, Salem Word.

Mrs. Bellar of Pioneer Gun Club led the recreation period with a quiz game. It was decided to start the "Queen for the Day" contest on May 20. Each club was asked to bring the name of its nominee for the State meeting to be held in Big Spring, August 23 to 25. It was reported that the 4-H Club girls will have a dress review in Eastland on Saturday, May 27.

### Circle 3 of WSCS For Covered Dish Luncheon Tuesday

Circle three of the W. S. C. S. of the Methodist Church met with Mrs. Joe Wilson on Tuesday May 9, at 1:00 p. m. A delicious covered dish luncheon was served. After invocation by Mrs. Pettit, a business meeting was held with the president, Mrs. Westfall, presiding.

### 1893 Storm Left Destruction In City Of Cisco

By CAROLYN EDWARDS

On April 28, 1893, Cisco, then a town of twelve or fifteen hundred people, was badly damaged by a tornado which formed in the northwest and struck about 9:30 o'clock in the evening. Even today the mention of this tornado strikes fear in the hearts of the people who witnessed it. The storm lasted not more than five minutes, but in that small length of time, thirty people were killed and many injured. Three or four buildings in town were flattened and the top story of the bank was blown away. Papers out of the bank were found in Breckenridge — thirty miles away. All the churches were demolished; the east side of town was the hardest hit. Fire broke out and all water works were ruined. A partition of the school house was blown out and up on top of the building to balance at a forty-five degree angle.

### Mr. and Mrs. Charles E. Bourne and son of Fort Worth are expected to spend Mother's Day with his parents, Mr. and Mrs. Zed Kilbourne.

Miss Jane Huestis, Cisco School Junior, is ill at the home of her parents, Mr. and Mrs. Smitty Huestis, with the First Methodist Church and Art Club Sweetheart.

Mr. and Mrs. Charles E. Bourne and son of Fort Worth are expected to spend Mother's Day with his parents, Mr. and Mrs. Zed Kilbourne.

Miss Jane Huestis, Cisco School Junior, is ill at the home of her parents, Mr. and Mrs. Smitty Huestis, with the First Methodist Church and Art Club Sweetheart.

Long caravan trails in the mountains of Tibet and neighboring regions, a common sight is the caravan crew, patiently waiting for travelers to be killed on the steep rocky trails.

One family of three were all killed; in another family five children were killed. In this instance it was the family who had witnessed this disaster-filled incident.

Homes were opened to help feed, clothe, and comfort all who were among the unfortunate. A fast-aid station was set up where Dean Drug now stands; men and women worked all night. By morning, word had reached the surrounding towns and Dublin sent a crew of men who stayed a week or ten days helping clear streets and in every way needed. The morning afterwards a church service was held on what

It's None Of Our Business — . . . but we can't help noticing that the customer who is particular about the kind of abstract he wants usually gets his money's worth. Since there are as many different kinds of abstracts as there are companies producing them it stands to reason that some may be better than others. Main points to consider are: Plant equipment, experienced personnel and the degree of responsibility behind the abstractor's certificate. A combination of these factors will give the customer reasonable assurance that he will get a dependable abstract.

### AUTOPINIONS

BRAKES OR FLOWERS

At best, too much trouble is riding our traffic infested highways these days. Will you send flowers or will you send him to A-G Motor Co. for brake service; That is the sixty-four dollar question. You'll find the happiest answer here. Come in any time for free brake inspection. The safety of our customers is always our first consideration. That, we never forget.

### RECIPE OF THE WEEK

By Mary Lee Taylor

#### Raisin Tapioca Pudding

Broadcast: May 13, 1950

1 egg, separated      1/2 cup Fat Milk  
4 1/2 cup brown sugar      1/4 cup seedless raisins  
2 tablespoons quick-cooking tapioca      1 teaspoon vanilla  
few grains salt      2 marshmallows, halved  
3/4 cup water      2 teaspoons jelly

Beat egg white until stiff, but not dry. Beat in 1/4 cup brown sugar. Mix in saucenpan the tapioca, 1/4 cup brown sugar, the salt and water. Boil over low heat 5 min., or until tapioca is clear and thick. Stir in slowly a mixture of slightly beaten egg yolk, milk and raisins. Stir to a boil over low heat, then boil and stir 30 seconds longer. Take off heat; add vanilla. Fold in egg-white mixture. Put into 4 dessert dishes. Chill. At serving halve. Top each marshmallow with equal parts of jelly.

You will need:  
Pet Milk, Seedless Raisins, Tapioca, Eggs, Brown Sugar, Marshmallows and Jelly.

No. RO1-19

Of Course "mom" should have the best — Not just on Mother's day, but every day of the year; That's why we try to make her shopping easier with extra service extra quality — at lower prices — every time she shops here.
